Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

[Navel Orange Reg. 21]

PART 914—NAVEL ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

LIMITATION OF HANDLING

§ 914.321 *Navel Orange Regulation 21*—(a) *Findings.* (1) Pursuant to the marketing agreement and Order No. 14 (18 F. R. 5638), regulating the handling of navel oranges grown in Arizona and designated part of California, effective September 22, 1953, under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendation and information submitted by the Navel Orange Administrative Committee, established under the said marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such navel oranges, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions of this section effective as hereinafter set forth. The Navel Orange Administrative Committee held an open meeting on March 4, 1954, after giving due notice thereof, to consider supply and market conditions for navel oranges and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein was promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such navel oranges; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed on or before the effective date of this section.

(b) *Order.* (1) The quantity of navel oranges grown in Arizona and designated part of California which may be handled during the period beginning at 12:01 a. m., P. s. t., March 7, 1954, and ending at 12:01 a. m., P. s. t., March 14, 1954, is hereby fixed as follows:

(i) District 1: 115,500 boxes;
(ii) District 2: 311,850 boxes;
(iii) District 3: Unlimited movement;
(iv) District 4: Unlimited movement.

(2) The prorate base of each handler who has made application therefor, as provided in the said marketing agreement and order, is hereby fixed in accordance with the prorate base schedule which is set forth below and made a part hereof by this reference.

(3) Navel oranges handled pursuant to the provisions of this section shall be subject to any size restrictions applicable thereto which have heretofore been issued on the handling of such oranges and which are effective during the period specified herein.

(4) As used in this section, "handled," "handler," "boxes," "prorate base," "District 1," "District 2," "District 3," and "District 4" shall have the same meaning as when used in said marketing agreement and order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 5th day of March 1954.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Division, Agricultural Marketing Service.

[Lemon Reg. 527]

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 953.634 *Lemon Regulation 527*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR Part 953; 18 F. R. 6767), regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions of this section effective as hereinafter set forth. Shipments of lemons, grown in the State of California or in the State of Arizona, are currently subject to regulation pursuant to said amended marketing agreement and order; the recommendation and supporting information for regulation during the period specified in this section was promptly submitted to the Department after an open meeting of the Lemon Administrative Committee on March 3, 1954, such meeting was held, after giving due notice thereof to consider recommendations for regulation, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter specified; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed by the effective time of this section.

(b) *Order.* (1) The quantity of lemons grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., March 7, 1954, and ending at 12:01 a. m., P. s. t., March 14, 1954, is hereby fixed as follows:

(i) District 1: 25 carloads;

(ii) District 2: 250 carloads;

(iii) District 3: Unlimited movement.

(2) The prorate base of each handler who has made application therefor, as provided in the said amended marketing agreement and order, is hereby fixed in accordance with the prorate base schedule which is set forth below and made a part hereof by this reference.

(3) As used in this section, "handled," "handler," "carloads," "prorate base," "District 1," "District 2," and "District 3," shall have the same meaning as when used in the said amended marketing agreement and order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 4th day of March 1954.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Division, Agricultural Marketing Service.

Chapter XI—Agricultural Conservation Program Service, Department of Agriculture

[ACP-1954, Supp. 5]

PART 1101—NATIONAL AGRICULTURAL CONSERVATION

SUBPART—1954

INITIAL ESTABLISHMENT IN CROPPING SYSTEM OF SUMMER ANNUAL LEGUMES AND ADAPTED NONLEGUMES FOR SUMMER PROTECTION FROM EROSION

Pursuant to the authority vested in the Secretary of Agriculture under sections 7-17 of the Soil Conservation and Domestic Allotment Act, as amended, and the Department of Agriculture Appropriation Act, 1954, the 1954 National Agricultural Conservation Program, issued August 3, 1953 (18 F. R. 4643), as amended August 3, 1953 (18 F. R. 4761), November 4, 1953 (18 F. R. 7024), January 6, 1954 (19 F. R. 160), and February 15, 1954 (19 F. R. 972), is further amended as follows:

Section 1101.559 is amended by adding the following as the last sentence preceding "Maximum Federal cost-share":

§ 1101.559 *Practice D-2: Initial establishment in the cropping system of summer annual legumes and adapted nonlegumes for summer protection from erosion.* * * * Notwithstanding any limitations in this practice as to the acreage on a farm on which Federal cost-sharing may be authorized, Federal cost-sharing may be authorized for an acreage equal to the net reduction in 1954 in allotment crops from the acreage of those crops in 1953.

(Sec. 4, 49 Stat. 164; 16 U. S. C. 590d. Interprets or applies secs. 7-17, 49 Stat. 1148, as amended, Pub. Law 156, 83d Cong.; 16 U. S. C. 590g-590q)

Done at Washington, D. C., this 3d day of March 1954.

[SEAL] J. EARL COKE,
Assistant Secretary of Agriculture.

TITLE 15—COMMERCE AND FOREIGN TRADE

Chapter III—Bureau of Foreign Commerce, Department of Commerce

Subchapter B—Export Regulations

[6th Gen. Rev. of Export Regs., Amdt. P. L. 69 [1]]

PART 399—POSITIVE LIST OF COMMODITIES AND RELATED MATTERS

MISCELLANEOUS AMENDMENTS

Section 399.1 *Appendix A—Positive List of Commodities* is amended in the following particulars:

1. The following commodities are added to the Positive List. These commodities were formerly licensed by the Department of State. All outstanding licenses for these commodities issued by the Department of State prior to January 1, 1954, remain valid until they expire or are revoked.

Dept. of Commerce Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar value limits	Validated license required
900238	Photomicrographic, oscillograph and similar cameras [1]...	No.	FILM	None	RO

[1] These commodities are subject to the IC/DV procedure (see § 371.2 of this subchapter), effective April 12, 1954, and may be exported under the Foreign Distribution licensing procedure (see Part 376 of this subchapter)

This part of the amendment shall become effective as of 12:01 a. m., January 1, 1954.

2. The following commodities are deleted from the Positive List:

Dept. of Commerce Schedule B No.	Commodity
630300	Acids and anhydrides: Organic Adipic acid (formerly 802490).

This part of the amendment shall become effective as of 12:01 a. m., February 25, 1954.

[1] This amendment was published in Current Export Bulletin No. 725, dated February 25, 1954.

3 The revised entries set forth below are substituted for entries presently on the Positive List. Where the Positive List contains more than one entry under a Schedule B number, the entry to be superseded is identified by a numerical reference enclosed in parentheses following the commodity description in the revised entry.

[1] The GLV dollar-value limit is increased.
[2] The GLV dollar-value limit is decreased, effective March 4, 1954.
[4] The letter "A" is added in the column headed "Commodity Lists," indicating that the commodity is subject to the IC/DV procedure (see § 373.2 of this subchapter), effective April 12, 1954.
[9] The letter "F" is added in the column headed "Commodity Lists," indicating that the commodity may be exported under the Foreign Distribution licensing procedure (see Part 378 of this subchapter).
[14] The letter "G" is added in the column headed "Commodity Lists," indicating that the commodity may be exported under general license GLV to R and O destinations, only within the dollar value limit specified on the Positive List (see § 371.10 (c) of this subchapter), effective March 27, 1954.
[15] The destination control is changed from R to RO, effective March 4, 1954.
[17] The destination control is changed from RO to R.
[18] The commodity description is revised without substantive change.
[21] Titanium metal powder is presently included in the last entry on the Positive List under Schedule B No. 619159.
[24] The destination control is changed from RO to R for the specially fabricated parts included in the first entry presently on the Positive List under Schedule B No. 721540.
[25] "off the-road haulage vehicles of 10 cu. yd. struck load capacity, and specially fabricated parts therefor, are no longer subject to the IC/DV procedure (see § 373.2 of this subchapter).
[26] The destination control is changed from RO to R for the specially fabricated parts included in the first entry presently on the Positive List under Schedule B No. 723080.

This part of the amendment shall become effective as of February 25, 1954, unless otherwise indicated in the footnotes.

Shipments of any commodities removed from General License to Country Group R or Country Group O destinations as a result of changes set forth in Part 3 of this Amendment, which were on dock, on lighter, laden aboard an exporting carrier, or in transit to a port of exit pursuant to actual orders for export prior to 12:01 a. m., March 4, 1954, may be exported under the previous general license provisions up to and including March 27, 1954. Any such shipment not laden aboard the exporting carrier on or before March 27, 1954, requires a validated license for export.

Chapter I—Commodity Exchange Authority (Including Commodity Exchange Commission), Department of Agriculture

PART 2—SPECIAL PROVISIONS APPLICABLE TO GRAINS, FLAXSEED, AND SOYBEANS

PART 3—SPECIAL PROVISIONS APPLICABLE TO COTTON

PART 4—SPECIAL PROVISIONS APPLICABLE TO BUTTER

PART 5—SPECIAL PROVISIONS APPLICABLE TO EGGS

PART 6—SPECIAL PROVISIONS APPLICABLE TO POTATOES

PART 7—SPECIAL PROVISIONS APPLICABLE TO MILLFEEDS

PART 8—SPECIAL PROVISIONS APPLICABLE TO WOOL TOPS

PART 9—SPECIAL PROVISIONS APPLICABLE TO FATS

PART 10—SPECIAL PROVISIONS APPLICABLE TO OILS

PART 11—SPECIAL PROVISIONS APPLICABLE TO COTTONSEED MEAL AND SOYBEAN MEAL

REPORT FORMS FOR IDENTIFYING "SPECIAL ACCOUNTS"

By virtue of the authority vested in the Secretary of Agriculture under the Commodity Exchange Act, as amended (7 U. S. C. 1–17a), Parts 2 through 11, Chapter I, Title 17, Code of Federal Regulations (17 CFR, Parts 2–11), are hereby amended as follows:

1. By deleting the numerals "202", "302", "402", "502", "602", "702", "802", "902", "1002", and "1102", wherever they appear in Parts 2 through 11, and inserting the numeral "102" in lieu thereof.

2. By deleting the word "spreading," in §§ 2.09, 4.09, 5.09, 6.09, and 7.09 of Parts 2, 4, 5, 6, and 7, respectively.

3. By deleting the word "straddling" in §§ 3.09 and 8.09 of Parts 3 and 8, respectively.

4. By deleting the words "spreading (straddling)" in §§ 9.09, 10.09, and 11.09, of Parts 9, 10, and 11, respectively.

The amendments reflect the discontinuance of Forms 202, 302, 402, 502, 602, 702, 802, 902, 1002, and 1102 and the substitution therefor of a single form for the identification of "special accounts", designated as Form 102, and in connection therewith eliminate reference to the spreading or straddling classification in identifying accounts on the identification report form.

The amendments either relate to matters of form or relieve restrictions and will not adversely affect the public. Accordingly, under section 4 of the Administrative Procedure Act (5 U. S. C. 1003), it is hereby found that notice and other public procedure are unnecessary, and that the amendments should be made effective within less than thirty days after publication in the FEDERAL REGISTER.

The amendments shall become effective upon publication in the FEDERAL REGISTER.

(Sec. 5, 42 Stat. 1000, sec. 4g, as added by sec. 5, 49 Stat. 1496; 7 U. S. C. 7, 6g)

Issued this 2d day of March 1954.

[SEAL] TRUE D. MORSE,
Acting Secretary.

TITLE 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

[Docket 6125]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

I. Z. HARRIS ET AL.

Subpart—*Advertising falsely or misleadingly:* § 3.30 *Composition of goods;* § 3.135 *Nature;* Product or Service; § 3.170 *Qualities or properties of product or services.* Subpart—*Neglecting, unfairly or deceptively, to make material disclosure:* § 3.1895 *Scientific or relevant facts.* In connection with the offering for sale, sale and distribution of a drug preparation known and designated as "The New Improved V–T Preparation" or any other similar drug in commerce, disseminating, etc., any advertisements by means of the United States mails, or in commerce, or by any means to induce, etc., directly or indirectly, the purchase of said preparation in commerce, which advertisements represent directly or by implication: (a) That said preparation is of any therapeutic value in the treatment of aches, pains, weakness, tiredness, loss of pep, nervousness, sleeplessness, nausea, headache or gas pains, unless it is revealed with equal conspicuousness and in immediate connection with any reference to the aforesaid symptoms or conditions, that said preparation is of value for such symptoms or conditions only when they are caused by deficiencies of Vitamins B_1, B_2, niacinamide or iron; (b) that said preparation gives fast relief from any of the symptoms or conditions enumerated in prohibition (a); (c) that said preparation is an adequate vitamin or mineral supplement, or provides all the essential vitamins or minerals; (d) that the quantities of yeast or liver extract contained in said preparation are sufficient to be of substantial therapeutic value; and (e) that the formation of red blood, or red blood cells, will be stimulated by said preparation, unless the representation be expressly limited to cases where a deficiency of such blood or blood cells has resulted solely from iron deficiency anemia; or which advertisements fail to comply with the affirmative requirements of prohibitions (a) and (e) above; prohibited.

(Sec. 6, 38 Stat. 722; 15 U. S. C. 46. Interpret or apply sec. 5, 38 Stat. 719; 15 U. S. C. 45) [Cease and desist order, I. Z. Harris et al. d. b. a. Veltex Company, Birmingham, Ala., Docket 6125, February 7, 1954]

In the Matter of I. Z. Harris and Pauline D. Harris, Individually and as Copartners Trading and Doing Business Under the Name of Veltex Company

This proceeding was heard by Everett F. Haycraft, Hearing Examiner, upon the complaint of the Commission and respondents' answer in which they admitted all the material allegations of fact charged in the complaint, reserved the right to submit full findings and conclusions of fact or law and the right to appeal, and stated that they had ceased from using the advertisements described in the complaint, some for a period of three years and others for 18 months.

Thereafter the proceeding regularly came on for final consideration by said examiner, theretofore duly designated by the Commission, upon said complaint and answer, proposed findings and conclusion submitted by counsel in support of the complaint, no such findings and conclusions having been filed by respondents although given opportunity to do so, and said examiner, having duly considered the record in the matter, and having found that the proceeding was in the interest of the public, made his initial decision, comprising certain findings as to the facts,[1] and conclusion[1] drawn therefrom, and order to cease and desist.

No appeal having been filed from said initial decision of said hearing examiner, as provided for in Rule XXII, nor any other action taken as thereby provided to prevent said initial decision becoming the decision of the Commission thirty days from service thereof upon the parties, said initial decision, including said order to cease and desist, accordingly, under the provisions of said Rule XXII became the decision of the Commission on February 7, 1954.

Said order to cease and desist is as follows:

It is ordered, That the respondents I. Z. Harris and Pauline D. Harris, individually and as copartners, trading and doing business under the name of Veltex Company, their officers, representatives, agents and employees, directly or through any corporate or other device in connection with the offering for sale, sale and distribution of a drug preparation known and designated as "The New Improved V–T Preparation" or any other similar drug in commerce as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

I. Disseminating or causing to be disseminated any advertisement by means of the United States mails, or by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, which advertisement represents directly or by implication:

(a) That said preparation is of any therapeutic value in the treatment of aches, pains, weakness, tiredness, loss of pep, nervousness, sleeplessness, nausea, headache or gas pains, unless it is revealed with equal conspicuousness and in immediate connection with any reference to the aforesaid symptoms or conditions, that said preparation is of value for such symptoms or conditions only when they are caused by deficiencies of Vitamins B_1, B_2, niacinamide or iron;

(b) That said preparation gives fast relief from any of the symptoms or conditions enumerated in subparagraph (a) hereof;

(c) That said preparation is an adequate vitamin or mineral supplement, or provides all the essential vitamins or minerals;

(d) That the quantities of yeast or liver extract contained in said preparation are sufficient to be of substantial therapeutic value;

(e) That the formation of red blood, or red blood cells, will be stimulated by said preparation, unless the representation be expressly limited to cases where a deficiency of such blood or blood cells has resulted solely from iron deficiency anemia;

II. Disseminating or causing to be disseminated, by any means, for the purpose of inducing, or which is likely to induce, directly or indirectly, the purchase of said preparation, in commerce, as "commerce" is defined in the Federal Trade Commission Act, any advertisement which contains any of the representations prohibited in Paragraph I above, or which fails to comply with the affirmative requirements set forth in subparagraphs (a) and (e) of Paragraph I above.

By "Decision of the Commission and Order to File Report of Compliance", Docket 6125, February 5, 1954, which announced and decreed fruition of said initial decision, report of compliance was required as follows:

It is ordered, That the respondents herein shall within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with the order to cease and desist.

Issued: February 5, 1954.

By the Commission.

[SEAL] ALEX. AKERMAN, JR.,
Secretary.

TITLE 29—LABOR

Chapter V—Wage and Hour Division, Department of Labor

PART 526—INDUSTRIES OF A SEASONAL NATURE

DETERMINATION INCLUDING HANDLING AND RECEIVING OF SOYBEANS FOR STORAGE BY COTTONSEED CRUSHING MILLS AS AN INDUSTRY OF A SEASONAL NATURE

On October 5, 1950, it was found that the receiving of soybeans for storage in

cottonseed crushing mills is an industry of a seasonal nature within the meaning of section 7 (b) (3) of the Fair Labor Standards Act (15 F. R. 6696). Notice was published in the FEDERAL REGISTER on January 26, 1954 (19 F. R. 431), that a prima facie case had been shown for amending the aforesaid determination to include the handling of soybeans. Interested persons were given 15 days from such date to file objection and request for hearing on this preliminary determination.

No objection and request for hearing has been received within the said 15 days.

Accordingly, pursuant to § 526.6 (b) (2) of the regulations contained in this part, the determination made on October 5, 1950, is amended to include the handling of soybeans. As amended, the determination will apply to the unloading, weighing, placing into storage, storing, and handling of soybeans in cottonseed crushing mills and any operations or services necessary or incident to the foregoing, including incidental selling and shipping, during the period or periods when soybeans are being received for storage or handling.

NOTE: This determination affects tabulation in § 526.101.

(52 Stat. 1060; 29 U. S. C. 210 et seq.)

This determination shall become effective 30 days after publication in the FEDERAL REGISTER.

Signed at Washington, D. C., this 2d day of March 1954.

WM. R. MCCOMB,
Administrator,
Wage and Hour Division.

[F. R. Doc. 54-1593; Filed, Mar. 5, 1954; 8:45 a. m.]

TITLE 31—MONEY AND FINANCE: TREASURY

Chapter V—Foreign Assets Control, Department of the Treasury

PART 500—FOREIGN ASSETS CONTROL REGULATIONS

AMENDMENTS

The Foreign Assets Control Regulations, 31 CFR 500.101 to 500.808, are hereby amended by the amendment of § 500.204. The principal effect of this amendment is to add bristle paint brushes valued at more than twenty-four dollars per dozen to the lists of commodities dealings in which are prohibited except under license. Other items added to the prohibited lists are: Yak hair, Castor bean, and Castor oil.

§ 500.204 *Importation of and dealings in certain merchandise.* (a) Except as specifically authorized by the Secretary of the Treasury (or any person, agency, or instrumentality designated by him) by means of regulations, or rulings, instructions, licenses, or otherwise, no person subject to the jurisdiction of the United States may purchase, transport, import, or otherwise deal in or engage in any transaction with respect to any merchandise outside the United States if such merchandise is:

• • • • • •

(2) Merchandise specified in this subparagraph, however processed, unless such merchandise is imported directly from a country named as excepted for that type of merchandise:

Type of merchandise:	*Exceptions*
(i) All merchandise, not elsewhere specified in this paragraph, if prior to Dec. 17, 1950, imports thereof into the United States were chiefly of Chinese origin within the meaning of this chapter, and	None
(ii) All of the following specified types of merchandise:	
• • • • •	
Brushes, paint (containing hog bristles) valued at more than twenty four dollars ($24.00) per dozen	None
• • • • •	
Yak hair	None

(3) Merchandise specified in this subparagraph, howsoever processed, if such merchandise is or has been located in or transported from or through Hong Kong, Macao, or any country not in the authorized trade territory.

Type of merchandise:
• • • • •
Castor bean
Castor oil
• • • • •

(Sec. 5, 40 Stat. 415, as amended; 50 U. S. C. App. 5; E. O. 9193, July 6, 1942, 7 F. R. 5205; 3 CFR, 1943 Cum. Supp. E. O. 9989, Aug. 20, 1948, 13 F. R. 4891; 3 CFR, 1948 Supp.)

[SEAL] A. N. OVERBY,
Acting Secretary of the Treasury.

[F. R. Doc. 54-1537; Filed, Mar. 5, 1954; 8:45 a. m.]

TITLE 32—NATIONAL DEFENSE

Chapter VII—Department of the Air Force

Subchapter J—Procurement Procedures

PART 1005—FOREIGN PURCHASES

POLICY REGARDING MILITARY PURCHASES FROM SOURCES WITHIN SOVIET-CONTROLLED COUNTRIES OR AREAS

Section 1005.108 is changed to read as follows:

§ 1005.108 *Policy regarding military purchases from sources within Soviet-controlled countries or areas.* (a) Effective on and after February 1, 1954, the general policy of the Department of Defense is that contracts for the procurement of supplies or manufactured products originating from sources within Soviet-controlled countries or areas will not be awarded notwithstanding the provisions of Subpart A, Part 405 of this title, or Subpart A of this part. Soviet-controlled areas shall consist of those countries or areas included in Subgroup A, of Country Group R, of the Comprehensive Export Schedule issued by the Office of International Trade, Department of Commerce, listed below:

Albania, Bulgaria, China, including the provinces of Suiyuan, Chahar, Ningsia, and Jehol (sometimes referred to as Inner Mongolia); the provinces of Chinghai (Tsinghai) and Sikang; Sinkiang; Tibet; and Outer Mongolia; but excluding Manchuria, and excluding Taiwan (Formosa), Czechoslovakia, Estonia, Germany (Russian-Occupied Zone only), Hungary, Latvia, Lithuania, Manchuria, including the former Kwangtung Leased Territory (the present Port Arthur Naval Base Area and the Liaoning Province), North Korea, Poland and Danzig, Rumania, Union of Soviet Socialist Republics.

(b) Departures from this general policy will be made only in the most exceptional situations, such as in cases of emergency or where supplies or manufactured products are not available from any other source. In the case of purchases of $1,000 or less, contracting officers are authorized to make the determination as to the need for departure from the general policy and to effect such purchases. Purchases in excess of $1,000 may be made only after specific approval by the Secretary of the Air Force.

(c) Nothing in this section shall be construed to authorize purchases in violation of the provisions of § 500.204 (a) (1), (2), or (3), of the Foreign Assets Control Regulations issued by the Treasury Department (31 CFR 500.204). These regulations prohibit persons subject to the jurisdiction of the United States from purchasing or otherwise dealing in any merchandise:

(1) Known or believed to be of Communist Chinese (including Manchuria) or North Korean origin as specified in § 500.204 (a) (1) (31 CFR 500.204), except pursuant to a specific Foreign Assets Control license, or,

(2) Listed in § 500.204 (a) (2) (31 CFR 500.204), unless such merchandise is imported direct from a country named in § 500.204 (a) (2) (31 CFR 500.204) as excepted for that type of merchandise, or

(3) Listed in § 500.204 (a) (3) (31 CFR 500.204), if such merchandise is imported from or through Hong Kong, Macao, or Albania, Bulgaria, Czechoslovakia, Eastern Zone of Germany, Eastern Section of Berlin, Estonia, Hungary, Latvia, Lithuania, Poland, Rumania, or the U. S. S. R., unless such merchandise under subparagraph (2) of this paragraph, and this subparagraph, is covered by an appropriate license or certificate of origin.

(d) Prior to making a determination to depart from this general policy, or forwarding a request for an exception from the policy, an opinion shall be obtained from the staff judge advocate that such departure or exception will not violate the provisions of § 500.204 (a) (1), (2), or (3) of the Treasury Department Foreign Assets Control Regulation (31 CFR 500.204). The request for exception shall specifically state that such an opinion has been obtained.

(e) Requests for exceptions to this general policy, in the case of purchases in excess of $1,000, shall be submitted to the Director of Procurement and Production Engineering, Headquarters USAF, Washington 25, D. C.

(AFL 70-102J) (R. S. 161, sec. 202, 61 Stat. 500, as amended; 5 U. S. C. 22, 171a. Interprets or applies 62 Stat. 21; 41 U. S. C. 151-161)

PART 1007—TERMINATION OF CONTRACTS

PART 1012—GOVERNMENT PROPERTY

MISCELLANEOUS AMENDMENTS

1. Section 1007.705 is changed to read as follows:

§ 1007.705 *Termination clause for fixed-price contracts for personal services.* The following clause shall be used in any fixed-price contract for personal services:

Termination:

(a) The clause appearing in ASPR-7-503.7.

(b) After receipt of a Notice of Termination, or subsequent to the written consent of the Contracting Officer as hereinabove provided, the Contractor shall (1) discontinue all work to the extent and on the date specified in such Notice, and (2) transfer title and deliver to the Government, in the manner, to the extent and at the times directed by the Contracting Officer, the completed and partially completed work, material, plans, drawings, data, information, reports, and other property produced as a part of, or acquired in connection with the performance of, the work terminated in such Notice.

(c) Upon termination of work as provided in this clause, the Contractor shall be paid that part of the fixed-price set forth in the clause of this contract entitled "Payments" which has accrued for services rendered hereunder up to the effective date of such Notice and any other amounts properly owing to the Contractor under the said "Payments" clause which are theretofore unpaid. Settlement of the termination of the contract under the provisions of this paragraph (c) shall be evidenced by a Supplemental Agreement to the contract. In the event of the failure of the Contractor and the Contracting Officer to agree upon the whole amount to be paid to the Contractor by reason of the termination of work pursuant to this clause, the Contracting Officer shall determine, on the basis of information available to him, the amount, if any, due to the Contractor by reason of the termination and shall pay to the Contractor the amount so determined.

(d) Any dispute arising out of the termination of the contract under this clause shall be decided in accordance with the procedure prescribed in the "Disputes" clause hereof.

NOTE: Provisions of the reference "ASPR-7-503.7" in the foregoing clause are contained in § 406.503-7 of this title (18 F. R. 1227).

(R. S. 161, sec. 202, 61 Stat. 500, as amended; 5 U. S. C. 22, 171a. Interpret or apply 62 Stat. 21; 41 U. S. C. 151-161)

2. Paragraph (f) is added to § 1012.802 as follows:

§ 1012.802 *Applicability.* [103] • • •

(f) The provisions of the Manual do not apply to local purchase contracts for construction, repair, rehabilitation, alteration, and maintenance of structures, ground facilities or utilities at an Air Force activity. Government property furnished to contractors under such local purchase contracts shall be controlled and accounted for as provided in current directives.

3. Subpart I, comprising §§ 1012.901 to 1012.912, is added to Part 1012, as follows:

SOURCE: AFL 70-102I.

INTRODUCTION

§ 1012.901 *Scope.* [100] This subpart implements the Manual for Control of Government Property in the Possession of Non-profit Research and Development Contractors (Appendix C, Part 413, Subchapter A of this title) hereinafter referred to as the Manual. The number in parentheses after each section title and after certain paragraphs in the text indicates the number of the paragraph in the Manual which is being implemented.

§ 1012.902 *Applicability.* [102] (a) Contracts which provide that records of Government property be maintained in accordance with the requirements of WD Memo 35-6520-1 may be amended to provide that Government property shall be controlled in accordance with the provisions of the Manual.

(b) Compliance with the provisions of the Manual and this subchapter is mandatory on the part of the contractors and Air Force personnel, in connection with contracts, wherein the terms specifically provide for the application of the provisions of the Manual.

(c) The policy of the Department of the Air Force is that maximum efficiency and economy of operation shall be obtained by the utilization of the contractor's property records as the official Government records in connection with those contracts executed prior to the effective date of Part 412 of this title, which required the Government to maintain property control records in accordance with WD Memo 35-6520-1. With respect to those contracts requiring compliance with WD Memo 35-6520-1, in the control of Government property, Government personnel are not required to comply with such provisions above and beyond the requirements of the Manual, although the contractor has a continuing obligation of compliance with the directive required and specified by its contract.

(d) The prime contractor is responsible for insuring, in all sub-contracts, that Government property provided to such subcontractors shall be protected, preserved, and maintained in accordance with sound industrial practice.

GOVERNMENT ADMINISTRATIVE PROVISIONS

§ 1012.903 *Designation of property administrator.* [202] (a) Property administrators serve in the capacity of an authorized representative of the contracting officer, and will be designated in accordance with § 1000.406 of this subchapter.

(b) The contract administrator will not perform the duties of the property administrator without prior approval of the head of the procuring activity or his duly designated representative.

(c) Assistant property administrators may be appointed in accordance with § 1000.406 of this subchapter.

(d) Property administrators may be either civilian or military personnel, and shall be appointed on the basis of experience and qualification for the position.

(e) The property administrator shall not be required to post a bond unless Government property is in his care and custody and he is responsible for such property.

§ 1012.904 *Duties and responsibilities of the property administrator.* [203] (a) The property administrator shall be familiar with the functions of other Air Force personnel who have a duty or responsibility in connection with Government property. These other Air Force activities include, but are not limited to, plant clearance (property disposal), quality control, and Auditor General.

(b) The property administrator shall advise the contract administrator in regard to any act of noncompliance by the contractor with regard to the contract requirements and all obligations imposed by the Manual. The contract administrator is responsible for directing the contractor to comply with the contract requirements and the provisions of the Manual.

(c) In maintaining surveillance over the contractor's system of property controls, the property administrator shall give due consideration to the contractor's system of internal controls, and he shall conduct such examinations as shall be necessary to determine the accuracy and completeness of the contractor's records, and adequately protect the interests of the Government. Exhaustive verification and time-consuming analysis shall not be performed in connection with those operations which are considered to be commercially sound. The property administrator shall confer with the resident auditor, or other responsible audit office of the Auditor General, on accounting and audit matters, and he shall ascertain the extent to which the records, data, and reports of such audit activities can be utilized in determining the adequacy of the contractor's prop-

erty controls. Ordinarily, it shall not be necessary for the property administrator to duplicate any examination or examinations made by the staff of the Auditor General.

(d) The property administrator shall utilize and rely on the assistance of Air Force personnel, such as plant clearance (property disposal), quality control, and Auditor General personnel, to ascertain whether the contractor is using property for the purposes authorized by the contract, and whether the contractor is exercising the necessary degree of care in the handling of the Government property.

(e) The property administrator shall perform only those examinations necessary to determine reasonableness of usage. Records of the contractor and records of other Air Force personnel, including, but not limited to, plant clearance (property disposal), quality control, and Auditor General personnel, shall be used at all times to the extent that the property administrator shall not prepare or maintain any records which are obtainable from the contractor or other Air Force personnel indicated above. Work papers shall be kept to a minimum.

(f) The property administrator shall perform his examination of the property records through the evaluation of the contractor's internal controls, and he shall conduct tests to determine whether the contractor's records properly reflect the status of Government property. In this connection, the property administrator will confer with Auditor General personnel to obtain information of any known deficiencies in the contractor's property control system. The property administrator shall review and consider the information and examinations of other Government personnel, and if he determines that such information and examination are adequate to comply with the requirements of the Manual and this subchapter, he shall not duplicate such examinations and the like, but will make appropriate reference thereto in his work papers.

§ 1012.905 *Sources from which Government property may be furnished or acquired.* [205] In accordance with the policy contained in Part 412 of this title, and the Manual, Government property shall be furnished to a contractor only when specifically provided for by the terms of a written contract. Any deviation from this policy shall be granted only by the prior written approval of the Director of Procurement and Production Engineering, Office, Deputy Chief of Staff, Materiel, Headquarters USAF. When the fact is disclosed that Government property is in the possession of the contractor without contractual coverage, the property administrator shall take immediate action to return the property to the shipping organization or obtain appropriate contractual coverage.

§ 1012.906 *Contractor's records.* [207] (a) The contractor is obligated by virtue of the provisions of the contract to maintain adequate property control records, which are designated and utilized as the official contract records. Air Force property personnel shall not maintain duplications of the official contract records or any part thereof. [207.1]

(b) The authority to grant exceptions to the policy that the contractor's records shall be designated and used as the official contract records is delegated to the Commander, Air Research and Development Command, or his duly authorized representative: *Provided, however,* That such representative shall not be an individual below the level of Director or Deputy Director of Procurement, Office, Deputy Chief of Staff, Materiel, Air Research and Development Command. Such exceptions, however, may be authorized, in writing, only in unusual circumstances. Class or group exceptions are not authorized. Each exception authorized must relate to a specific contract, a specific invitation for bid, or specific request for proposals, and must be covered by an adequate provision in the contract clause. [207.1]

(c) Generally, contractors have established procedures, methods, and controls which may be described and set forth in various manuals, documents, memoranda, and the like, or which may be in the form of a written statement prepared by the contractor all of which serve to prescribe the techniques of property control. These procedures, methods, controls, and techniques comprise the contractor's property control system. If such property control system fulfills the basic requirements of the Manual, it shall be approved in accordance with the provisions of the Manual, and the contractor shall not be required to prepare an additional composite manual solely to obtain the requisite approval. [207.2]

(d) When a contractor has an established property audit unit, whose operations are considered to be adequate for safeguarding the interest of the Government, the contract administrator may advise the property administrator that the selective examination program of the property control system shall be reduced to a minimum.

(e) Individual item records of plant equipment, in accordance with paragraph 207.5 of the Manual, when priced at $100 or under, are not required.

(f) Separate unit prices shall be applied to items of special tooling fabricated by the contractor: *Provided, however,* That when the costs of establishing or maintaining detailed itemized records for individual items of special tooling are considered to be excessive and not practicable in the light of all the circumstances, then it may be permissible to utilize "group pricing" for special tooling. Group pricing may be utilized for "work-in-process."

§ 1012.907 *Identification and marking.* [209] Plant equipment, other than that included within the Industrial Mobilization Program, shall be assigned an identification number and marked in accordance with a system of identification and marking as agreed to by the contractor and the contract administrator: *Provided,* That such system conforms to the requirements of the Manual. Numbers and tags will be permanent and will not be changed as long as the equipment remains under the control of the Air Force. When plant equipment is provided to contractors, and is marked and identified in substantial compliance with the requirements of the Manual, it shall not be required that such markings be changed or altered.

§ 1012.908 *Physical inventories.* [211] The contract administrator shall utilize, to the extent possible, the services of other technical Air Force personnel, such as plant clearance (property disposal) personnel, in connection with physical inventories.

§ 1012.909 *Records to be maintained by Government personnel.* [213] (a) The property administrator shall not be required to duplicate records maintained by other Government personnel but will rely on such records: *Provided,* That, in connection with those records maintained by other Government personnel, the property administrator has determined that such records comply with the provisions of the Manual, and the personnel responsible for maintaining the records have been informed by the property administrator, in writing, of the requirements of the Manual.

(b) Deviations shall be processed and approved in accordance with § 1000.109 of this subchapter. [213.1 (b) (xi)]

(c) The property administrator shall maintain for each contract a file containing copies of such determinations as are made under the circumstances set forth in paragraph 304 of the Manual, whereby the contract administrator has rendered a determination regarding the liability of the contractor. The property administrator shall not be required to maintain duplicate copies of such instrument or instruments as the contract administrator may issue under the provisions of paragraph 303 of the Manual, or such other instrument or instruments that are readily available in the files of the contractor or other Government personnel, such as plant clearance, quality control, and Auditor General personnel.

§ 1012.910 *Numbering property accounts.* [214] Property accounts shall be assigned the same number as that of the prime contract. However, to expedite and insure proper distribution of documents, each property account assigned to a single property administrator shall be assigned the identification number of the property administrator as a prefix to the contract number.

CONTRACTOR'S OBLIGATIONS

§ 1012.911 *Contractor's responsibility* [303] See § 1012.902 (d) concerning the responsibility of the prime contractor with respect to provisions in subcontracts.

§ 1012.912 *Identification and marking.* [307] (a) The method of marking and identifying Government-owned special tooling shall be agreed to by the contractor and the contract administrator. The contractor will be responsible for determining whether the marking will damage the tooling or is otherwise impracticable. The contractor shall advise the contract administrator, in writing, of any such determination.

(b) Plant equipment, other than that included within the Industrial Mobilization Program, shall be assigned an identification number and marked in accordance with a system of identification and marking as agreed to by the contractor and the contract administrator; *Provided,* That such system conforms to the requirements of the Manual. Numbers and tags will be permanent and will not be changed as long as the equipment remains under the control of the Air Force. When plant equipment is provided to contractors, and is marked and identified in substantial compliance with the requirements of the Manual, it shall not be required that such markings be changed or altered.

Chapter XIV—The Renegotiation Board

PART 1470—PRELIMINARY INFORMATION REQUIRED OF CONTRACTORS

EXTENSION OF TIME FOR FILING FINANCIAL STATEMENTS UNDER RENEGOTIATION ACT OF 1951 [1]

Every person having a fiscal year which ended during the month of December 1953 is hereby granted an extension of time, until not later than May 1, 1954, to file the financial statement for such year required of such person by section 105 (e) (1) of the Renegotiation Act of 1951.

(Sec. 109, 65 Stat. 22; 50 U. S. C. App. 1219)

Dated: March 2, 1954.

By order of The Renegotiation Board.

GEORGE C. MCCONNAUGHEY,
Chairman.

[1] This affects § 1470.3 (d).

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

Chapter II—Corps of Engineers, Department of the Army

PART 207—NAVIGATION REGULATIONS

ST. MARYS FALLS CANAL AND LOCKS, MICHIGAN

Pursuant to the provisions of section 7 of the River and Harbor Act of August 8, 1917 (40 Stat. 266; 33 U. S. C. 1), § 207.441 governing the security of St. Marys Falls Canal and Locks, Michigan, is hereby amended by the elimination of paragraph (b) relating to photography and modification of paragraph (e) on inspection of vessels and other minor revisions in the wording of the section, as follows:

§ 207.441 *St. Marys Falls Canal and Locks, Mich.; security*—(a) *Purpose and scope of the regulations.* The regulations in this section are prescribed as protective measures during the present emergency. They supplement the general regulations contained in § 207.440 the provisions of which shall remain in full force and effect except as modified by this section.

(b) *Restrictions on transit of vessels.* The following classes of vessels will not be permitted to transit the United States locks or enter any of the United States approach canals:

(1) All foreign vessels except those of Canadian registry.

(2) All vessels commercially engaged in carrying passengers, including those of United States registry.

(3) All pleasure craft.

(4) All work craft and plant other than United States Government craft and local harbor tugs regularly engaged in assisting vessels in transit and tugs regularly engaged in interlake towing of commercial freight barges.

(5) All oil tankers having draft and beam permitting transit through the Canadian lock; those having too great a draft or beam to transit the Canadian lock may continue to use the United States locks. Tankers using the United States locks will not be transited through the MacArthur Lock unless their drafts make it necessary. All tanker transits shall be in single lockages. While in the lock area, smoking by personnel aboard tankers is prohibited in any part of the vessel regardless of locations.

(6) All vessels carrying explosives.

(c) *Personnel restrictions.* The following procedures are established for the control of persons embarking or debarking from vessels while transiting the locks.

(1) The master or mate and not more than three deckhands will be permitted to go ashore from transiting vessels and then only for normal operations and business incident to the transit. A maximum of four men will be permitted ashore at any one time from any one ship.

(2) Vessel personnel:

(i) *Embarking.* Personnel will be permitted to embark at the locks if they are in possession of a letter addressed to the Area Engineer, St. Marys Falls Canal, Sault Ste. Marie, Michigan, from the vessel master, the operators of the vessel, or the Lake Carriers' Association, requesting that the individual named therein be permitted to embark on a particular vessel. Vessel personnel must also be in possession of a specially validated seaman's document issued by the United States Coast Guard. These papers will be presented to the civilian guard on duty at the main gate on Portage Avenue who will arrange escort from the gate to the vessel. Hand luggage will be subject to inspection.

(ii) *Debarking.* The vessel's captain will furnish prior notification to the Chief Lockmaster at St. Marys Falls Canal Tower (Radio call WUD-31) that he has personnel aboard who are authorized to debark or whom he desires to debark by reason of medical emergency. Personnel will not debark until they have been properly identified by a licensed officer of the vessel to the escort provided from the civilian guard detail at the lock who will escort personnel to the gate. Vessel personnel requesting permission to debark for medical attention at Sault Ste. Marie should be furnished a letter authorizing them to re-embark at that point if such procedure is planned. In the event a person debarking is a litter case, notification will be made sufficiently in advance to permit the Chief Lockmaster to route the vessel into the MacArthur Lock in order that the long carry over the lock gates can be avoided. The Area Engineer will make necessary arrangements for clearance of ambulances and medical personnel into the lock area.

(3) All persons, other than those enumerated in subparagraphs (1) and (2) of this paragraph, including technicians, repairmen and company officials who desire to embark or debark within the lock area must direct written requests therefor to the Area Engineer, St. Marys Falls Canal, Sault Ste Marie, Michigan, sufficiently in advance so that written authority for the action, if approved, may be delivered to the person or persons affected prior to their arrival at the canal. Any such person embarking shall present his letter of authority to the civilian guard at the main gate on Portage Avenue who will arrange escort from the gate to the vessel. Any such person debarking will proceed in accordance with subparagraph (2) (ii) of this paragraph, and in addition shall also present his letter of authority to the civilian guard meeting his vessel when in the lock chamber.

(4) Letters cited in subparagraphs (2) and (3) of this paragraph are valid only for a single passage through the lock area. In the event frequent access to the area is required, a request for extended access with reasons therefor will be submitted to the Area Engineer, St. Marys Falls Canal, Sault Ste. Marie, Michigan, who will arrange for the necessary clearance.

(5) Emergency needs to embark or debark which develop with insufficient time to follow the procedure outlined in this paragraph will be approved or disapproved by the Area Engineer, St. Marys Falls Canal, Sault Ste. Marie, Michigan, according to the circumstances of the individual case, and requests therefor should be promptly directed to him.

(d) *Inspection of vessels.* (1) Immediately prior to arrival at the canal the master shall make or cause to be made by a licensed officer a special inspection of the ship. Such inspection shall include a check of the ship's officers on duty in accordance with paragraph (e) of the general regulations contained in § 207.440 and an examination of openings to all closed compartments, the forepeak and afterpeak, blind hold, dunnage room, windlass room and chain locker and examination of bolt fastenings for signs of any tampering. Masters of oil tankers shall, in addition to the preceding examinations, make or cause to be made by a licensed officer,

a complete inspection of the tanker's fire fighting equipment to determine their being in proper operating condition, with particular emphasis on detection of any indication of sabotage or other tampering. Separate entry of such inspection shall be made in the ship's log.

(2) After making the inspection, a yellow flag three feet square showing a black ball in the center (International Signal Code "1") shall be displayed from the forward part of the ship to notify canal officials that the required inspection has been made. The privileges of passing through the canal will be granted only when the flag is flown.

(3) Ships complying with the regulations and displaying the flag may be permitted to enter the canal at the discretion of the United States Coast Guard. The Coast Guard has authority to board vessels at any time for the purpose of making investigations or examinations.

TITLE 49—TRANSPORTATION

Chapter I—Interstate Commerce Commission

[Order 13; Docket No. 3666]

PARTS 71–78—EXPLOSIVES AND OTHER DANGEROUS ARTICLES

MISCELLANEOUS AMENDMENTS

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 12th day of February 1954.

It appearing, that pursuant to the Transportation of Explosives Act of March 4, 1921 (41 Stat. 1444), sections 831–835 of Title 18 of the United States Code approved June 25, 1948, and Part II of the Interstate Commerce Act, as amended, the Commission has heretofore formulated and published certain regulations for the transportation of explosives and other dangerous articles.

It further appearing, that in application received we are asked to amend the aforesaid regulations as set forth in provisions made a part thereof.

It is ordered, That the aforesaid regulations for the transportation of explosives and other dangerous articles be, and they are hereby, amended as follows:

PART 72—COMMODITY LIST OF EXPLOSIVES AND OTHER DANGEROUS ARTICLES CONTAINING THE SHIPPING NAME OR DESCRIPTION OF ALL ARTICLES SUBJECT TO PARTS 71–78 OF THIS CHAPTER

Amend § 72.5 Commodity List (15 F. R. 8263, 8264, 8265, 8267, 8268, 8269, 8270, 8271, 8272, 8273, Dec. 2, 1950) (18 F. R. 3133, June 2, 1953) (18 F. R. 6776, Oct. 27, 1953) (49 CFR 1950 Rev., 1953 Supp., 72.5) as follows:

§ 72.5 *List of explosives and other dangerous articles.* (a) • • •

Article	Classed as	Exemptions and packing (see sec.)	Label required if not exempt	Maximum quantity in 1 outside container by rail express
(*Change*)				
*Aluminum, metallic, powdered	F.S.	73.153, 73.154	Yellow	100 pounds.
Aluminum nitrate	Oxy. M.	73.153, 73.182	do	Do.
*Aluminum scrap (borings, chunks, clippings, shavings, sheets, or turnings).	F.S.	73.153, 73.220	do	Do.
Ammonium nitrate	Oxy. M.	73.153, 73.182	do	Do.
Ammonium nitrate fertilizer	Oxy. M.	73.153, 73.182	do	Do.
Barium nitrate	Oxy. M.	73.153, 73.182	do	Do.
Calcium nitrate	Oxy. M.	73.153, 73.182	do	Do.
‡Carbon dioxide, liquefied	Nonf. G.	73.302, 73.308, 73.314, 73.315	Green	300 pounds.
Guanidine nitrate	Oxy. M.	73.153, 73.182	Yellow	100 pounds.
Lead nitrate	Oxy. M.	73.153, 73.182	do	Do.
‡Liquefied carbon dioxide. *See* Carbon dioxide, liquefied				
Magnesium nitrate	Oxy. M.	73.153, 73.182	do	Do.
Nitrates, n. o. s.	Oxy. M.	73.153, 73.182	do	Do.
Nitrate of soda and potash	Oxy. M.	73.153, 73.182	do	Do.
Nitor carbo nitrate	Oxy. M.	73.153, 73.182	do	Do.
Potassium nitrate	Oxy. M.	73.153, 73.182	do	Do.
Potassium nitrate mixed (fused) with sodium nitrate	Oxy. M.	73.153, 73.183	do	Do.

Sodium nitrite	Oxy. M.	73.153, 73.154, 73.234	do	Do.
Sodium nitrite mixed (fused) with potassium nitrate	Oxy. M.	73.153, 73.183	do	Do.
Strontium nitrate. See Nitrates, n. o. s.				
Zinc nitrate. See Nitrates, n. o. s.				
(*Add*)				
Ammonium nitrate limestone	Oxy. M.	73.153, 73.182	do	Do.
Calcium ammonium nitrate	Oxy. M.	73.153, 73.182	do	Do.
4 Chloro-o-toluidine hydrochloride	Pois. B.	No exemption, 73.302.	Poison	1 quart.
Guided missiles with war heads. See Explosive projectile.				
Guided missiles without war heads. See Propellant explosive, class B.				
*Nitrate fertilizer mixture	Oxy. M.	73.153, 73.182	Yellow	100 pounds.
Rocket heads. See Explosive projectiles.				
Ship distress signals. See Special fireworks.				
Silver nitrate	Oxy. M.	73.153, 73.182	do	Do.
War heads. See Explosive projectiles.				

PART 73—SHIPPERS

SUBPART A—PREPARATION OF ARTICLES FOR TRANSPORTATION BY CARRIERS BY RAIL FREIGHT, RAIL EXPRESS, HIGHWAY, OR WATER

1. Add paragraph (e) to § 73.22 (15 F. R. 8277, Dec. 2, 1950) (49 CFR 73.22, 1950 Rev.) to read as follows:

§ 73.22 *Specification containers prescribed.* • • •

(e) Spec. 5G metal drums manufactured prior to May 12, 1954, may be continued in service until further order of the Commission.

2. Amend § 73.33 paragraphs (k) (3), (m) (6), and (o) (3) (15 F. R. 8281, 8282, Dec. 2, 1950) (17 F. R. 7280, Aug. 9, 1952) (49 CFR 1950 Rev., 1953 Supp., 73.33) to read as follows:

§ 73.33 *Qualification, maintenance, and use of cargo tanks.* • • •

(k) • • •

(3) The tank shall be inspected for corroded areas, bad dents, or other conditions, including leakage under test pressure, which indicate weakness that might render the tank unsafe for transportation service, and shall be rejected if evidence of any such unsafe condition is discovered.

• • • • •

(m) • • •

(6) All piping, valves, and fittings on every tank motor vehicle shall be proved free from leaks at not less than the design working pressure for the tank. This condition will be considered to have been met when such piping, valves, and fittings have been tested for leakage with gas or air after installation and proved tight at not less than the design working pressure marked on the cargo tank with which they are used. In the event of replacement, all such piping, valves, or fittings so replaced shall be tested in accordance with the requirements of this section before the tank is returned to transportation service. The requirements of this section shall apply with equal force to all hose used on such tanks, except that such hose may be so tested either before or after installation on the tank.

• • • • •

(o) • • •

(3) Filling and discharge lines shall be provided with a shut-off valve located as close to the tank as is practicable, except where an automatic quick-closing internal valve or an automatic shut-off valve is used, in which case a manually operated shut-off valve shall be located anywhere in the line ahead of the hose connection.

NOTE 1: The use of so-called "Stop-Check" or excess flow valves to satisfy with one valve the requirements of this rule and of paragraph (o) of this section is forbidden.

• • • • •

3. Amend § 73.34 introductory text of paragraph (k) (17 F. R. 4293, May 10, 1952) (49 CFR 1950 Rev., 1953 Supp., 73.34) to read as follows:

§ 73.34 *Qualification, maintenance, and use of cylinders.* • • •

(k) The tests prescribed by paragraph (j) of this section must be (for exceptions see subparagraphs (1) to (12) of this paragraph):

• • • • •

SUBPART B—EXPLOSIVES; DEFINITIONS AND PREPARATION

1. Amend § 73.53 paragraphs (g) and (k) (15 F. R. 8285, Dec. 2, 1950) (18 F. R. 6777, Oct. 27, 1953) (49 CFR 1950 Rev., 1953 Supp., 73.53) to read as follows:

§ 73.53 *Definition of class A explosives.* • • •

(g) *Type 7.* Blasting caps (see Note 5) are small tubes, usually made of an alloy of either copper or aluminum, or of molded plastic, closed at one end and loaded with a charge of initiating or priming explosives, class A—Type 4, either with or without other suitable explosives. The total weight of explosives per unit shall not exceed 150 grains. Blasting caps (see Note 5) which have been provided with a means for firing by an electric current, and sealed, are known as electric blasting caps.

• • • • •

(k) *Explosive projectiles.* Explosive projectiles are shells, projectiles, guided missiles with war heads, war heads, or rocket heads, loaded with explosives or bursting charges, with or without other materials, for use in cannons, guns, tubes, mortars or other firing or launching devices.

• • • • •

2. Amend § 73.55 paragraph (a) (15 F. R. 8286, Dec. 2, 1950) (49 CFR 73.55 1950 Rev.) to read as follows:

§ 73.55 *Ammunition, nonexplosive.* (a) Nonexplosive ammunition is devices containing no explosives, or other dangerous article, such as cartridge cases, dummy or drill cartridges; empty, sand-loaded or solid projectiles with or without tracers (containing not in excess of 1 ounce of tracer composition), empty mines, empty bombs, solid projectiles, or empty torpedoes, and is exempt from Parts 71–78 of this chapter. Rotating bands should be protected against deformation by method of packing or loading.

3. Amend § 73.88 paragraph (e) (1) (18 F. R. 6777, Oct. 27, 1953) (49 CFR 1950 Rev., 1953 Supp., 73.88) to read as follows:

§ 73.88 *Definition of class B explosives.* • • •

(e) • • •

(1) Igniters, jet thrust, are devices consisting of an electrically operated or remotely controlled igniting element and a fast-burning composition assembled in a unit for use in igniting the propelling charge of jet thrust units.

• • • • •

4. Amend § 73.93 heading and introductory text of paragraph (a); add paragraphs (a) (11) and (a) (12) (17 F. R. 1560, Feb. 20, 1952) (49 CFR 1950 Rev., 1953 Supp., 73.93) to read as follows:

§ 73.93 *Propellant explosives for cannon, small arms, rockets, guided missiles, or other devices.* (a) Propellant explosives for cannon, small arms, rockets, guided missiles, or other devices, when offered for transportation by carriers by rail freight, highway, or water must be packed in containers complying with the following specifications (see paragraph (f) (1) and (2) of this section and § 75.675 of this chapter for shipments by rail express):

• • • • •

(11) Spec. 14, 15A, or 16A (§§ 78.165, 78.168, or 78.185 of this chapter). Wooden boxes, not lined, authorized only for grains not less than 1-inch in diameter or 3 inches in length, provided such grains are tightly packed and are coated with a protective material. Gross weight not to exceed 200 pounds.

(12) Propellant explosives packed in any manner other than as specifically provided for in this paragraph must be in containers approved by the Bureau of Explosives.

• • • • •

5. Amend § 73.105 paragraphs (a) and (b) (15 F. R. 8296, Dec. 2, 1950) (49 CFR 73.105, 1950 Rev.) to read as follows:

§ 73.105 *Percussion, tracer, combination, time fuzes and tracers.* (a) Percussion, tracer, combination, time fuzes and tracers must be packed in strong, tight, outside wooden boxes or spec. 23F (§ 78.214 of this chapter) fiberboard boxes, with special provision for securing individual packages of fuzes or tracers against movement in the box.

(b) The gross weight of one outside wooden box must not exceed 150 pounds, and the gross weight of one outside fiberboard box must not exceed 65 pounds.

• • • • •

SUBPART C—FLAMMABLE LIQUIDS; DEFINITION AND PREPARATION

1. Amend § 73.119 paragraphs (a) (2), (8) and (m) (4) (15 F. R. 8298, 8300, Dec. 2, 1950) (18 F. R. 5271, 5272, Sept. 1, 1953) (49 CFR 1950 Rev., 1953 Supp., 73.119) to read as follows:

§ 73.119 *Flammable liquids not specifically provided for.* (a) • • •

(2) Spec. 5, 5A, 5B, 5C, or 5M (§§ 78.80, 78.81, 78.82, 78.83, or 78.90 of this chapter). Metal barrels or drums, with openings not exceeding 2.3 inches in diameter.

• • • • •

(8) Spec. 15A, 15B, 15C, 16A, 19A, or 19B (§§ 78.168, 78.169, 78.170, 78.185, 78.190, or 78.191 of this chapter). Wooden boxes with inside containers which must be metal pails, kits, or cans, not over 10 gallons each or inside glass or earthenware containers not over 1 gallon each, except that glass or earthenware containers up to 3 gallons each are authorized when only one inside container is packed in each outside container.

• • • • •

(m) • • •

(4) Spec. 5, 5A, 5B, 5C, 17C (single-trip), or 17E (single-trip) (§§ 78.80, 78.81, 78.82, 78.83, 78.115, or 78.116 of this chapter). Metal barrels or drums not over 15 gallons capacity. Authorized only for materials which will not react dangerously with the drum metal, or be decomposed by contact with it.

2. Amend § 73.127 paragraph (a) (1) (15 F. R. 8301, Dec. 2, 1950) (49 CFR 73.127, 1950 Rev.) to read as follows:

§ 73.127 *Nitrocellulose or collodion cotton, fibrous, or nitrostarch, wet; colloided nitrocellulose, granular or flake, and lacquer base or lacquer chips, wet.* (a) • • •

(1) Containers, except cargo tanks or tank cars, as prescribed in § 73.119.

• • • • •

SUBPART D—FLAMMABLE SOLIDS AND OXIDIZING MATERIALS; DEFINITION AND PREPARATION

1. Amend § 73.153 paragraph (b) (15 F. R. 8303, Dec. 2, 1950) (49 CFR 73.153, 1950 Rev.) to read as follows:

§ 73.153 *Exemptions for flammable solids and oxidizing materials.* • • •

(b) Liquid or solid organic peroxides, (see § 73.244 (a)), acetyl benzoyl peroxide, solid, and benzoyl peroxide in strong outside containers having not over 1 pint or 1 pound net weight of the material in any one such package, having inside containers securely packed and cushioned with incombustible cushioning, are exempt from specification packaging, marking, and labeling requirements, unless otherwise provided, for transportation by rail freight, rail express, or highway. When for transportation by carrier by water they are exempt from specification packaging, marking other than name of contents, and labeling requirements.

• • • • •

2. Amend § 73.163 paragraph (a) (7) (16 F. R. 9374, Sept. 15, 1951) (49 CFR 1950 Rev., 1953 Supp., 73.163) to read as follows:

§ 73.163 *Chlorate of soda, chlorate of potash, and other chlorates.* (a) • • •

(7) Chlorate of soda is authorized for shipment in tank cars, spec. 103 or 103W (§§ 78.265 or 78.280 of this chapter), or in tight sift-proof covered hopper cars. Cars must be thoroughly cleaned before loading.

3. Amend entire § 73.182 (15 F. R. 8307, 8308, Dec. 2, 1950) (49 CFR 73.182, 1950 Rev.) to read as follows:

§ 73.182 *Nitrates.* (a) Aluminum nitrate, ammonium nitrate, ammonium nitrate fertilizer, barium nitrate, calcium ammonium nitrate, calcium nitrate, guanidine nitrate, lead nitrate, magnesium nitrate, nitrates, n. o. s., nitrate fertilizer mixture,[1] nitrate of soda and potash, nitro carbo nitrate, potassium nitrate, silver nitrate, and sodium nitrate, when offered for transportation by rail freight, rail express, highway, or carriers by water shall be packed in containers as follows:

(1) Wooden or fiberboard boxes with glass, metal, or other strong inside containers; in metal or fiber drums; in kegs or barrels; or in strong metal cans. When so packed, they are exempt from specification packaging and labeling requirements.

(b) Aluminum nitrate, ammonium nitrate, ammonium nitrate fertilizer, barium nitrate, calcium ammonium nitrate, calcium nitrate, guanidine nitrate, nitrate fertilizer mixture,[1] nitrate of soda and potash, potassium nitrate, and sodium nitrate, when offered for transportation by rail freight, rail express, highway, or carriers by water, in addition to containers prescribed in paragraph (a) of this section, may be packed as follows:

[1] Applies only to materials classed as dangerous under definition in § 73.150.

(1) In bulk in tight closed freight cars which shall be free of loose boards, cracks, holes, or exposed decayed spots; interior of cars must be swept clean, doors of cars must have tight closure; journals and boxes must be in good condition; and ammonium nitrate, ammonium nitrate fertilizer, or guanidine nitrate must not be shipped in all-metal cars.

(2) In bulk in siftproof closed or open type motor vehicles which must be swept clean.

(3) In bulk on cargo vessels subject to the Regulations for Explosives or Other Dangerous Articles on Board Vessels prescribed by the Commandant United States Coast Guard (46 CFR Part 146).

(4) In bags not exceeding 200 pounds net weight, moisture-proof, made tight against sifting, and of strength not less than bags made of 8 ounce burlap. Ammonium nitrate limestone, calcium ammonium nitrate, calcium nitrate, sodium nitrate, or nitrate of soda and potash when so packed are exempt from labeling requirements. Rail shipments must be in clean closed cars which shall be free of loose boards, cracks, holes, or exposed decayed spots; interior of cars must be swept clean and be free of any projections capable of injuring bags; doors of cars must have tight closures; journals and boxes must be in good condition; and ammonium nitrate, ammonium nitrate fertilizer, or guanidine nitrate must not be shipped in all-metal cars (see also § 74.541 (a) (1) of this chapter). Highway shipments must be in closed or open type motor vehicles which must be swept clean and be free of any projections capable of injuring bags; and when shipped in open type motor vehicles the lading shall be suitably covered (see also § 77.823 (a) (4) and (a) (5) of this chapter). Water shipments are also subject to Regulations for Explosives or Other Dangerous Articles on Board Vessels prescribed by the Commandant United States Coast Guard (46 CFR Part 146).

4. Amend entire § 73.183 (15 F. R. 8308, Dec. 2, 1950) (18 F. R. 3135, June 2, 1953) (49 CFR 1950 Rev., 1953 Supp., 73.183) to read as follows:

§ 73.183 *Potassium nitrate mixed (fused) with sodium nitrite.* (a) Potassium nitrate mixed (fused) with sodium nitrite must be packed in containers as follows:

(1) In containers as prescribed in § 73.182 (a).

(2) Spec. 103–W (§ 78.280 of this chapter). Tank cars specially designed, equipped and approved for this service without bottom discharge outlet and with heavier plate thicknesses than the minimum prescribed for cars built under this specification. For specification 103–W tank cars made of plates having the minimum prescribed thicknesses, internal reinforcement of the upper sheets of tank in the region of the dome and reinforcing plates attached to the bottom sheet of the tank which rests on bolsters is required, and these tanks must be equipped with baffle plates. Heater pipes must be of welded construction designed for a test pressure of 500 pounds per square inch. A 1-inch woven asbestos lining must be placed between bolster slabbing and bottom of tank to prevent heat transmission. Safety vents of the frangible disc type may be used and if used the frangible discs must be perforated with ⅛ inch hole. If safety valves are used, a vacuum relief valve must be installed on the dome. Tanks must be stenciled on both sides "Fused Potassium Nitrate and Sodium Nitrite Only".

5. Amend § 73.201 heading and introductory text of paragraph (a), (a) (8) and amend entire paragraph (b) (16 F. R. 5324, June 6, 1951) (49 CFR 1950 Rev., 1953 Supp., 73.201) to read as follows:

§ 73.201 *Rubber scrap, rubber buffings, reclaimed rubber, or regenerated rubber.* (a) Rubber scrap, if ground, powdered, or pulverized, and the rubber content of which exceeds 45 percent, as determined by subtracting the sum of the percentage of ash and the percentage of acetone extract from 100; rubber buffings from any grade of rubber, irrespective of the percentage of rubber content; and reclaimed rubber or regenerated rubber, must be packed in specification containers as follows (see paragraph (b) of this section):

• • • • •

(8) Spec. 36A, 36B, 36C, 44B, or 44E (§§ 78.230, 78.233, 78.234, 78.236, or 78.239 of this chapter). Bags.

(b) Rubber scrap, reclaimed rubber, or regenerated rubber are not subject to Parts 71–78 of this chapter if shipped in the following forms:

(1) Rubber scrap, not ground or ground with cord or fabric insertion, or ground without cord or fabric insertion the particles of which pass over a screen of not less than 5-mesh.

(2) Reclaimed rubber or regenerated rubber when in the form of dense homogeneous nonporous sheets or rolls, the sheets of thickness of ⅛ inch or greater, packed flat or in rolls, or in pelletized form if not less than ¼ inch in diameter, or ground, the particles of which pass over a screen of not less than 5-mesh, all properly cooled before shipment.

(3) Rubber scrap, reclaimed rubber, or regenerated rubber in any form when shipped in covered steel hopper cars, tank cars, or tank or hopper trucks.

6. Amend § 73.206 heading and introductory text of paragraph (a) (18 F. R. 6778, Oct. 27, 1953) (49 CFR 1950 Rev., 1953 Supp., 73.206) to read as follows:

§ 73.206 *Sodium or potassium, metallic, sodium amide, sodium potassium alloys, lithium metal, lithium silicon, lithium hydride, and lithium aluminum hydride.* (a) Sodium or potassium, metallic, sodium amide, sodium potassium alloys, lithium metal, lithium silicon, lithium hydride, and lithium aluminum hydride, must be packed in specification containers as follows:

• • • • •

7. Amend § 73.217 paragraph (b) (17 F. R. 1561, Feb. 20, 1952) (49 CFR 1950 Rev., 1953 Supp., 73.217) to read as follows:

§ 73.217 *Calcium hypochlorite compounds, dry, and lithium hypochlorite compounds, dry.* • • •

(b) Strong outside wooden or fiberboard packages containing inside containers of glass or metal not over five pounds capacity each, except that metal inside containers not over seven and one-half pounds capacity each are authorized for material in tablet form only, are exempt from specification packaging, marking, and labeling requirements for transportation by rail freight, rail express, or highway. When for transportation by water, strong wooden or fiberboard packages containing inside containers of metal not over five pounds capacity each are exempt from specification packaging only.

8. Add § 73.234 (15 F. R. 8312, Dec. 2, 1950) (49 CFR 73.234, 1950 Rev.) to read as follows:

§ 73.234 *Sodium nitrite.* (a) Sodium nitrite must be packed in specification containers as follows:

(1) In containers as prescribed in § 73.154.

(2) Spec. 44C (§ 78.237 of this chapter). Multi-wall paper bags constructed of at least 5 thicknesses of heavy duty shipping sack Kraft paper, or equivalent, with a minimum total basis weight of 320 pounds including a polyethylene, or other suitable pliable plastic material, inner sheet having a minimum basis weight of 20 pounds. All closures must be of such design as to provide a moisture-resistant package when closed for shipment. Net weight not over 100 pounds each. Authorized for carload or truckload shipments only.

SUBPART E—ACIDS AND OTHER CORROSIVE LIQUIDS; DEFINITION AND PREPARATION

1. Amend § 73.244 paragraph (a) (15 F. R. 8313, Dec. 2, 1950) (49 CFR 73.244, 1950 Rev.) to read as follows:

§ 73.244 *Exemptions for acids and other corrosive liquids.* (a) Acids and other corrosive liquids, except those enumerated in paragraph (c) of this section, in inside bottles having a capacity not over 1 pound or 16 ounces by volume each inclosed in a metal can in the outside container are exempt from specification packaging, marking, and labeling requirements unless otherwise provided, for transportation by rail freight or highway. When for transportation by carrier by water they are exempt from specification packaging, marking other than name of contents, and labeling requirements, unless otherwise provided.

• • • • •

2. Add paragraph (a) (14) to § 73.245 (15 F. R. 8313, Dec. 2, 1950) (49 CFR 73.245, 1950 Rev.) to read as follows:

§ 73.245 *Acids or other corrosive liquids not specifically provided for.* (a) • • •

(14) Spec. 17C, 17E, or 17F (§§ 78.115, 78.116, or 78.117 of this chapter). Metal drums (single-trip) with openings not exceeding 2.3 inches in diameter.

3. Amend § 73.249 paragraphs (a) (4) and (b) (3) (15 F. R. 8314, Dec. 2, 1950) (18 F. R. 803, Feb. 7, 1953) (49 CFR 1950 Rev., 1953 Supp., 73.249) to read as follows:

§ 73.249 *Alkaline corrosive liquids, n. o. s., alkaline caustic liquids, n. o. s., and alkaline battery fluids.* (a) • • •

(4) Spec. 17H (§ 78.118 of this chapter). Metal drums (single-trip). Authorized only for liquid boiler compounds or liquid water treatment compounds.

• • • • •

(b) • • •

(3) Spec. 15A, 15B, 15C, 16A, or 19A (§§ 78.168, 78.169, 78.170, 78.185, or 78.190 of this chapter). Wooden boxes with glass or earthenware inside containers not over 1 gallon each, or with metal cans not over 5 gallons each.

• • • • •

4. Amend § 73.276 paragraph (a) (3) (15 F. R. 8322, Dec. 2, 1950) (49 CFR 73.276, 1950 Rev.) to read as follows:

§ 73.276 *Anhydrous hydrazine and hydrazine solution.* (a) • • •

(3) Spec. 5, 5A, 5C, or 17E (single-trip) (§§ 78.80, 78.81, 78.83, or 78.116 of this chapter). Metal barrels or drums which shall be of type 304 or 347 stainless steel, with openings not exceeding 2.3 inches in diameter.

5. Amend § 73.279 paragraph (a) (2) (15 F. R. 8322, Dec. 2, 1950) (49 CFR 73.279, 1950 Rev.) to read as follows:

§ 73.279 *Anisoyl chloride.* (a) • • •

(2) Spec. 5 (§ 78.80 of this chapter). Metal barrels or drums of stainless steel only, with flanges for closures welded in place and having no opening exceeding 2.3 inches in diameter.

• • • • •

6. Amend § 73.289 paragraph (a) (6) (16 F. R. 11779, Nov. 21, 1951) (49 CFR 1950 Rev., 1953 Supp., 73.289) to read as follows:

§ 73.289 *Formic acid and formic acid solutions.* (a) • • •

(6) Spec. 5 (§ 78.80 of this chapter). Metal barrels or drums of stainless steel only, with flanges for closures welded in place and having no opening exceeding 2.3 inches in diameter.

• • • • •

SUBPART F—COMPRESSED GASES; DEFINITION AND PREPARATION

1. Amend § 73.302 paragraph (a) (5) (15 F. R. 8325, Dec. 2, 1950) (49 CFR 73.302, 1950 Rev.) to read as follows:

§ 73.302 *Exemptions for compressed gases.* (a) • • •

(5) Foodstuffs or soaps in metal cans with soluble or emulsified compressed gas, provided the pressure in the container does not exceed 105 pounds per square inch absolute at 70° F. or 140 pounds per square inch absolute at 130° F. The metal container must be capable of withstanding without bursting a pressure of two times the pressure of contents at 70° F. or one and one-half times the pressure of the contents at 130° F., whichever is greater.

• • • • •

2. Amend § 73.304 Note 1 to paragraph (c) (15 F. R. 8325, Dec. 2, 1950) (49 CFR 73.304, 1950 Rev.) to read as follows:

§ 73.304 *Filling limits.* • • •

(c) • • •

NOTE 1: Because of the present emergency and until July 1, 1954, or until further order of the Commission, the requirements of paragraph (d) of this section are waived and ICC-3A and 3AA (§§ 78.36 and 78.37 of this chapter) cylinders may be charged with compressed gases, other than liquefied or dissolved gases, to a pressure 10 percent in excess of their marked service pressures.

• • • • • •

3. Amend § 73.306 heading and introductory text of paragraph (a) and add paragraph (d) (15 F. R. 8325, 8326, Dec. 2, 1950) (49 CFR 73.306, 1950 Rev.) to read as follows:

§ 73.306 *Liquefied gases, except acetylene in solution.* (a) Liquefied gases, except acetylene in solution, for which charging requirements are not definitely prescribed in §§ 73.308 or 73.312, must be shipped subject to §§ 73.301 (a), (b), (c), (d), (e), (h), 73.303 (a), 73.304, 73.305, and 73.308 Note 12 in cylinders made under specification containers as follows:

• • • • • •

(d) Mixtures containing compressed gas or gases which are nonpoisonous but which are flammable as determined by Bureau of Explosives' flammability test, as provided in § 73.300 (b) (2), (3), and (4), except that the material shall not have a flame flashback in the prescribed test, nor shall the flame be sustained at any degree of the valve opening, must be shipped in cylinders as prescribed in paragraph (a) of this section or in specification containers as follows:

(1) Spec. 12B (§ 78.205 of this chapter) fiberboard boxes or spec. 15A, 15B, 15C, 16A, or 19A (§§ 78.168, 78.169, 78.170, 78.185, or 78.190 of this chapter) wooden boxes, with inside metal containers not over 30 cubic inches (16.6 fluid ounces) capacity each. Pressure in inside containers shall not exceed 55 pounds per square inch absolute at 70° F. and the liquid content of the mixture must not completely fill the container at 130° F. Each completed container filled for shipment must have been heated until contents reached a minimum temperature of 130° F., without evidence of leakage, distortion, or other defect.

(2) Spec. 2P (§ 78.33 of this chapter). Inside metal containers packed in strong wooden or fiberboard boxes of such design as to protect valves from injury or accidental functioning under conditions incident to transportation. Pressure in the container must not exceed 75 pounds per square inch absolute at 70° F. Each completed metal container filled for shipment must be heated until contents reach a minimum temperature of 130° F., without evidence of leakage, distortion, or other defect. Each outside shipping container must be plainly marked "Inside containers comply with prescribed specifications".

4. In § 73.308 paragraph (a) Table, amend the entry "Anhydrous ammonia" (17 F. R. 9837, Nov. 1, 1952) (49 CFR 1950 Rev., 1953 Supp., 73.308) to read as follows:

§ 73.308 *Compressed gases in cylinders.* (a) • • •

Kind of gas	Maximum permitted filling density (see Note 12)	Cylinders (see Note 11) marked as shown in this column must be used except as provided in Note 1 and § 73.34 (a) to (e)
	Percent	
Anhydrous ammonia	54	ICC-4; ICC-3A480; ICC-3AA480; ICC-3A480X; ICC-4A480; ICC-4AA480, ICC-3.

• • • • • • •

5. Amend § 73.312 paragraph (c) (15 F. R. 8327, Dec. 2, 1950) (49 CFR 73.312, 1950 Rev.) to read as follows:

§ 73.312 *Liquefied petroleum gas.* • • •

(c) Subject to § 73.304 (e), any filling density percentage prescribed in this section is authorized to be increased by 2 for liquefied petroleum gas in spec. 26[1] or 3[1] cylinders or in spec. 3A (§ 78.36 of this chapter) marked for 1800 pounds, or higher, service pressure.

6. In § 73.314 paragraph (a) Table, add the entry "Carbon dioxide, liquefied" and cancel the entry "Liquid carbon dioxide"; amend the entry "Liquid hydrocarbon gas" by inserting in its place the six related entries listed below. (17 F. R. 9838, Nov. 1, 1952) (49 CFR 1950 Rev., 1953 Supp., 73.314) to read as follows:

§ 73.314 *Compressed gases in tank cars.* (a) • • •

Kind of gas	Maximum permitted filling density, Note 1	Required type of tank car, Note 2
	Percent	
Carbon dioxide, liquefied	Note 10	ICC-105A500, 105A500W, 105A600, 105A600W, Note 11.
Liquid hydrocarbon gas (pressure not exceeding 75 pounds per square inch at 105° F.).	Note 6	ICC-104A, 104A-W, Note 9.
Liquid hydrocarbon gas (pressure not exceeding 225 pounds per square inch at 105° F.).	do	ICC-105A300, 105A300W, Note 9.
Liquid hydrocarbon gas (pressure not exceeding 300 pounds per square inch at 105° F.).	do	ICC-105A400, 105A400W, Note 9.
Liquid hydrocarbon gas (pressure not exceeding 375 pounds per square inch at 105° F.).	do	ICC-105A500, 105A500W, Note 9.
Liquid hydrocarbon gas (pressure not exceeding 375 pounds per square inch at 120° F.).	do	ICC-106A500, 106A500X.
Liquid hydrocarbon gas (pressure not exceeding 450 pounds per square inch at 105° F.).	do	ICC-105A600, 105A600W, Note 9.

• • • • • • •

7. In § 73.315 paragraph (a) (1) Table amend the entry "Carbon dioxide"; amend the entry "Anhydrous ammonia" in paragraph (h) Table; amend paragraph (i) (9) and paragraph (j) (1) (15 F. R. 8331, Dec. 2, 1950) (17 F. R. 9839, Nov. 1, 1952) (49 CFR 1950 Rev., 1953 Supp., 73.315) to read as follows:

§ 73.315 *Compressed gases in cargo tanks and portable tank containers.*

(a) • • •

(1) • • •

Kind of gas	Maximum permitted filling density		Specification container required	
	Percent by weight (see Note 1)	Percent by volume (see par. (f) of this section)	Type (see Note 2)	Minimum design working pressure (psig)
Carbon dioxide, liquefied	See par. (c) of this section.	95	ICC-51, MC-330	200; see Note 3.

• • • • •

(h) • • •

Kind of gas	Permitted gauging device
Anhydrous ammonia.	Rotary tube; adjustable slip tube; fixed length dip tube.

• • • • •

(i) • • •

(9) Additional restrictions as specified in Notes 1, 2, and 3 of this subparagraph apply to safety relief devices on tanks for carbon dioxide or nitrous oxide.

[No change in Notes 1, 2, and 3.]

• • • • •

(j) • • •

(1) The containers shall comply with the construction requirements of one of the following pressure vessel codes and shall be marked to indicate compliance as specified in the code:

The 1952 Edition of the Unfired Pressure Vessel Code of the A. S. M. E., no revisions.

The 1950 Edition of the Unfired Pressure Vessel Code of the A. S. M. E., no revisions.

The 1949 Edition of the Unfired Pressure Vessel Code of the A. S. M. E.

The 1951 Edition of the joint Unfired Pressure Vessel Code of the A. P. I. and A. S. M. E., no revisions.

The 1943 Edition of the joint Unfired Pressure Vessel Code of the A. P. I. and A. S. M. E.

• • • • •

SUBPART C—POISONOUS ARTICLES; DEFINITION AND PREPARATION

1. Amend § 73.329 paragraph (b) (1) (16 F. R. 9378, Sept. 15, 1951) (49 CFR 1950 Rev., 1953 Supp., 73.329) to read as follows:

§ 73.329 *Bromacetone; chlorpicrin and methyl chloride mixtures.* • • •

(b) *Chlorpicrin and methyl chloride mixtures.* • • •

(1) Spec. 3A, 3AA, 3B, 3C, 3E, 4A, 4B, 4BA, or 4C (§§ 78.36, 78.37, 78.38, 78.40, 78.42, 78.49, 78.50, 78.51, or 78.52 of this chapter) not over 250 pounds water capacity (nominal). Valves or other closing devices must be protected, to prevent injury in transit, by screw-on metal caps or by packing the cylinders in strong boxes or crates. Cylinders having a wall thickness of less than 0.10 inch must be packed in boxes or crates (see § 73.25).

2. Amend § 73.345 introductory text of paragraph (a); amend paragraphs (b) (9), (10), (11), (12) and (13); add paragraph (b) (14) (15 F. R. 8334, Dec. 2, 1950) (16 F. R. 11779, Nov. 21, 1951) (17 F. R. 4295, May 10, 1952) (49 CFR 1950 Rev., 1953 Supp., 73.345) to read as follows:

§ 73.345 *Exemptions for poisonous liquids, class B.* (a) Poisonous liquids, class B, as defined in § 73.343, except those as enumerated in paragraph (b) of this section, or as provided for in § 73.359 (c), in tightly closed inside containers, securely cushioned when necessary to prevent breakage and packed as follows, are exempt from specification packaging, marking, and labeling requirements for transportation by rail freight, rail express, or highway, but when for transportation by carrier by water are exempt from specification packaging, marking other than name of contents, and labeling requirements:

• • • • •

(b) • • •

(9) Parathion and parathion mixtures containing more than 25 percent parathion by weight.

(10) Hexaethyl tetraphosphate and hexaethyl tetraphosphate mixtures containing more than 25 percent hexaethyl tetraphosphate by weight.

(11) Methyl parathion and methyl parathion mixtures containing more than 25 percent methyl parathion by weight.

(12) Tetraethyl dithio pyrophosphate and tetraethyl dithio pyrophosphate mixtures containing more than 25 percent tetraethyl dithio pyrophosphate by weight.

(13) Tetraethyl pyrophosphate and tetraethyl pyrophosphate mixtures containing more than 25 percent tetraethyl pyrophosphate by weight.

(14) 4 Chloro-o-toluidine hydrochloride.

3. Add paragraph (a) (14) to § 73.346 (15 F. R. 8335, Dec. 2, 1950) (49 CFR 73.346, 1950 Rev.) to read as follows:

§ 73.346 *Poisonous liquids not specifically provided for.* (a) • • •

(14) Spec. 12B (§ 78.205 of this chapter). Fiberboard boxes with not more than one inside glass container of not over 1 gallon capacity, securely cushioned. Completed package, with glass container filled with water, when closed for shipment, must be capable of withstanding six four-foot drops onto solid concrete in the order bottom, four sides, and top without breakage.

4. Add paragraph (a) (8) to § 73.358 (17 F. R. 4295, May 10, 1952) (49 CFR 1950 Rev., 1953 Supp., 73.358) to read as follows:

§ 73.358 *Hexaethyl tetraphosphate, methyl parathion, parathion, tetraethyl dithio pyrophosphate, and tetraethyl pyrophosphate, liquid.* (a) • • •

(8) Spec. 12B (§ 78.205 of this chapter). Fiberboard boxes with not more than one inside glass container of not over 1 gallon capacity, securely cushioned. Completed package, with glass container filled with water, when closed for shipment, must be capable of withstanding six four-foot drops onto solid concrete in the order bottom, four sides, and top without breakage.

5. Add paragraphs (a) (9) and (b) (7) to § 73.359 (17 F. R. 4295, May 10, 1952) (49 CFR 1950 Rev., 1953 Supp., 73.359) to read as follows:

§ 73.359 *Hexaethyl tetraphosphate mixtures, methyl parathion mixtures, parathion mixtures, tetraethyl dithio pyrophosphate mixtures, and tetraethyl pyrophosphate mixtures, liquid.* (a) • • •

(9) Spec. 12B (§ 78.205 of this chapter). Fiberboard boxes with not more than one inside glass container of not over 1 gallon capacity, securely cushioned. Completed package, with glass container filled with water, when closed for shipment, must be capable of withstanding six four-foot drops onto solid concrete in the order bottom, four sides, and top without breakage.

(b) • • •

(7) Spec. 12B (§ 78.205 of this chapter). Fiberboard boxes with not more than one inside glass container of not over 1 gallon capacity securely cushioned. Completed package, with glass container filled with water, when closed for shipment, must be capable of withstanding six four-foot drops onto solid concrete in the order bottom, four sides, and top without breakage.

• • • • •

6. Add § 73.362 (15 F. R. 8336, Dec. 2, 1950) (49 CFR 73.362, 1950 Rev.) to read as follows:

§ 73.362 *4 Chloro-o-toluidine hydrochloride.* (a) 4 Chloro-o-toluidine hydrochloride must be shipped in specification containers as follows:

(1) Spec. 12B (§ 78.205 of this chapter). Fiberboard boxes with glass polyethylene, or equally efficient inside containers not over 1 quart capacity each, securely packed in a tightly closed metal container.

(2) Spec. 15A or 15B (§§ 78.168 or 78.169 of this chapter). Wooden boxes with glass, polyethylene, or equally efficient inside containers not over 1 quart capacity each. Glass containers must be securely packed in tightly closed metal containers.

(3) Spec. 17C or 17H (§§ 78.115 or 78.118 of this chapter). Metal drums (single-trip).

(4) Spec. 6A, 6B, or 6C (§§ 78.97, 78.98, or 78.99 of this chapter). Metal barrels or drums.

7. Amend 73.364 introductory text of paragraph (a) (18 F. R. 804, Feb. 7, 1953) (49 CFR 1950 Rev., 1953 Supp., 73.364) to read as follows:

§ 73.364 *Exemptions for poisonous solids, class B.* (a) Poisonous solids, class B, except beryllium metal powder; cyanides, other than as specified in § 73.370 (b) and (d); hexaethyl tetraphosphate mixtures, methyl parathion mixtures, parathion mixtures, tetraethyl dithio pyrophosphate mixtures, and tetraethyl pyrophosphate mixtures, other than as specified in § 73.377 (e); in tightly closed inside containers, securely cushioned when necessary to prevent breakage and packed as follows, are exempt from specification packaging, marking, and labeling requirements for transportation by rail freight, rail express, or highway, but when for transportation by carrier by water they are exempt from specification packaging, marking other than name of contents, and labeling requirements.

• • • • •

8. Amend § 73.377 paragraph (a) (1) (16 F. R. 11780, Nov. 21, 1951) (49 CFR 1950 Rev., 1953 Supp., 73.377) to read as follows:

§ 73.377 *Hexaethyl tetraphosphate mixtures, methyl parathion mixtures, parathion mixtures, tetraethyl dithio pyrophosphate mixtures, and tetraethyl pyrophosphate mixtures, dry.* (a) • • •

(1) Spec. 12B or 12C (§§ 78.205 or 78.206 of this chapter). Fiberboard boxes, with inside containers which must be metal or fiber cans not over 12 pounds capacity each, or paper bags, spec. 2D (§ 78.23 of this chapter), not over 12 pounds capacity each. Inside containers and the completed package must be capable of withstanding the tests prescribed in paragraphs (b), (c), and (d) of this section.

• • • • •

SUBPART H—MARKING AND LABELING EXPLOSIVES AND OTHER DANGEROUS ARTICLES

Amend entire § 73.426 (15 F. R. 8343, Dec. 2, 1950) (49 CFR 73.426, 1950 Rev.) to read as follows:

§ 73.426 *Cars containing lading which has been fumigated or treated with flammable liquids, flammable gases, poisonous liquids or solids, or poisonous gases.* (a) Delivery to carrier of cars containing lading fumigated or treated with flammable liquid or flammable gas is prohibited until 48 hours have elapsed after such fumigation or treatment, or until car has been ventilated so as to remove danger of fire or explosion due to the presence of flammable vapors.

(b) Cars containing lading which has been fumigated or treated with poisonous liquid, solid, or gas, such as carbolic acid, liquid or solid, chlorpicrin, hydrocyanic acid, methyl bromide, etc., must be placarded on each door or near thereto with placard reading as follows (for cleaning cars, see § 74.566 of this chapter):

(Reduced size)
(Red lettering on white cardboard)

10 inches

DANGER

The lading of this car has been FUMIGATED or TREATED with

(Name of poisonous liquid, solid, or gas)

BEFORE UNLOADING, open both doors and DO NOT ENTER until car is free of gas. REMOVE ALL POISONOUS MATERIAL before release of empty car.

8 inches

PART 74—CARRIERS BY RAIL FREIGHT

SUBPART A—LOADING, UNLOADING, PLACARDING AND HANDLING CAR; LOADING PACKAGES INTO CARS

1. Amend § 74.532 paragraph (k) (15 F. R. 8348, Dec. 2, 1950) (49 CFR 74.532, 1950 Rev.) to read as follows:

§ 74.532 *Loading other dangerous articles.* • • •

(k) Ammonium nitrate, ammonium nitrate fertilizer, and guanidine nitrate in bags must be loaded in all wood box cars, or wooden box cars with steel roofs, or steel box cars with wooden floors. Only clean cars must be used and must be free of any projections that would injure bags.

• • • • •

2. Amend § 74.533 paragraph (a) (18 F. R. 3138, June 2, 1953) (49 CFR 1950 Rev., 1953 Supp., 74.533) to read as follows:

§ 74.533 *Truck bodies or trailers on flat cars.* (a) Truck bodies or trailers containing explosives, class B, explosives, class C, or other dangerous articles as provided in Parts 71–78 of this chapter must be of such design and loaded so that they will not rupture or become permanently distorted under conditions normally incident to transportation and must be so braced and stayed on the flat car that they cannot change position during transit. Packages of explosives and dangerous articles contained therein must be loaded and braced as provided by §§ 74.529, 74.530, and 74.532. Placards must be applied when prescribed by §§ 74.541 and 74.542.

• • • • •

SUBPART B—LOADING AND STORAGE CHART OF EXPLOSIVES AND OTHER DANGEROUS ARTICLES

Amend § 74.538 paragraph (a) Chart, item (b) and item (11) vertical and horizontal columns by inserting the footnote "e" at the respective intersections; add footnote "e" to paragraph (a) Chart (15 F. R. 8349, Dec. 2, 1950) (49 CFR 74.538, 1950 Rev.) to read as follows:

§ 74.538 *Loading and storage chart of explosives and other dangerous articles.* (a) • • •

• Does not include nitro carbo nitrate which may be loaded, transported or stored with high explosives.

• • • • •

SUBPART E—HANDLING BY CARRIERS BY RAIL FREIGHT

Amend § 74.585 paragraph (a) (15 F. R. 8355, Dec. 2, 1950) (49 CFR 74.585, 1950 Rev.) to read as follows:

§ 74.585 *Nonagency shipments.* (a) If shipments of explosives are accepted at nonagency stations, provisions must be made for the proper certification and placarding of cars, examination of shipments, and loading and staying of packages in cars.

PART 77—SHIPMENTS MADE BY WAY OF COMMON, CONTRACT, OR PRIVATE CARRIERS BY PUBLIC HIGHWAY

SUBPART C—LOADING AND STORAGE CHART OF EXPLOSIVES AND OTHER DANGEROUS ARTICLES

Amend § 77.848 paragraph (a) Chart, item (b) and item (11) vertical and horizontal columns by inserting the footnote "e" at the respective intersections; add footnote "e" to paragraph (a) Chart (15 F. R. 8369, Dec. 2, 1950) (49 CFR 77.848, 1950 Rev.) to read as follows:

§ 77.848 *Loading and storage chart of explosives and other dangerous articles.* (a) • • •

• Does not include nitro carbo nitrate which may be loaded, transported or stored with high explosives.

• • • • •

PART 78—SHIPPING CONTAINER SPECIFICATIONS

SUBPART A—SPECIFICATIONS FOR CARBOYS, JUGS IN TUBS, AND RUBBER DRUMS

Add paragraph (d) to § 78.11–3 and add Note 1 to paragraph (a) in § 78.11–4 (18 F. R. 805, Feb. 7, 1953) (49 CFR 1950 Rev., 1953 Supp., 78.11–3, 78.11–4) to read as follows:

§ 78.11 *Specification 1G; polyethylene carboys in wooden or glued plywood boxes.*

• • • • •

§ 78.11–3 *Polyethylene carboys.* • • •

(d) Polyethylene carboys formed by blow-molded process must comply with the requirements of § 78.10–3 and are not required to be tested as prescribed in paragraph (c) of this section.

§ 78.11–4 *Outside containers.* (a) • • •

NOTE 1: Vertical openings not exceeding 3/8 inch in width and extending to within 3 inches of top or bottom on 2 opposite sides of box are permitted.

• • • • •

SUBPART C—SPECIFICATIONS FOR CYLINDERS

Add § 78.56 (15 F. R. 8419, Dec. 2, 1950) (49 CFR 78.56, 1950 Rev.) to read as follows:

§ 78.56 *Specification 4AA480; welded steel cylinders made of definitely prescribed steels.*

§ 78.56–1 *Compliance.* (a) Required in all details.

§ 78.56–2 *Type, size, and service pressure.* (a) Must be welded type, having not over 278 pounds nominal water capacity. Closures welded by spinning process not permitted.

(b) Service pressure 480 pounds per square inch.

§ 78.56–3 *Inspection by whom and where.* (a) By competent inspector; chemical analyses and tests, as specified, to be made within limits of the United States. Interested inspectors are authorized.

§ 78.56–4 *Duties of inspector.* (a) Inspect all material and reject any not complying with requirements of this specification. For cylinders made by the billet piercing process, billets to be inspected after nick and cold break.

(b) Verify chemical analysis of each heat of material by analysis or by obtaining certified analysis: *Provided*, That a certificate from the manufacturer thereof, giving sufficient data to indicate compliance with requirements, is acceptable when verified by check analyses of samples taken from one cylinder out of each lot of 200 or less.

(c) Verify compliance of cylinders with specification requirements including markings, condition of inside, tests, threads, heat treatment. Obtain samples for all tests; check chemical analyses; witness all tests; report volumetric capacity, tare weight (see report form), and minimum thickness of wall noted.

(d) Render complete report (§ 78.56–21) to purchaser, cylinder maker, and the Bureau of Explosives.

§ 78.56–5 *Steel.* (a) The limiting chemical composition of steel authorized by this specification shall be as shown in § 78.56–20, table I.

§ 78.56–6 *Identification of material.* (a) Required; any suitable method except that plates and billets for hot-drawn cylinders shall be marked with the heat number.

§ 78.56–7 *Defects.* (a) Material with seams, cracks, laminations, or other injurious defects, not authorized.

§ 78.56–8 *Manufacture.* (a) By best appliances and methods; dirt and scale to be removed as necessary to afford proper inspection; no defect acceptable that is likely to weaken the finished cylinder appreciably; reasonably smooth and uniform surface finish required. Exposed bottom welds on cylinders over 18 inches long must be protected by footrings. Minimum thickness of heads and bottoms shall be not less than 90 percent of the required thickness of the side wall. Seams must be made as follows:

(b) Circumferential seams: By welding. Brazing is not authorized.

(c) Longitudinal seams: Not permitted.

§ 78.56–9 *Welding.* (a) The attachment to the tops and bottoms only of cylinders by welding of neckrings, footrings, bosses, pads, and valve protection rings is authorized provided that such attachments are made of weldable steel, the carbon content of which does not exceed 0.25 percent.

§ 78.56–10 *Wall thickness.* (a) For outside diameters over 5 inches the minimum wall thickness shall be 0.078 inch. In any case the minimum wall thickness shall be such that the calculated wall stress at minimum test pressure (§ 78.56–14) shall not exceed the lesser value of either of the following:

(1) One-half of the minimum tensile strength of the material determined as required in § 78.56–15, or,

(2) 35,000 pounds per square inch.

(b) Calculation must be made by the formula:

$$S=\frac{P\ (1.3D^2+0.4d^2)}{D^2-d^2}$$

where

S = wall stress in pounds per square inch;
P = minimum test pressure prescribed for water jacket test;
D = outside diameter in inches;
d = inside diameter in inches.

(c) Cylinders with wall thickness less than 0.100 inch, the ratio of tangential length to outside diameter shall not exceed 4.0.

§ 78.56–11 *Heat treatment.* (a) Each cylinder must be uniformly and properly heat treated prior to test. Any suitable heat treatment in excess of 1100° F., is authorized, except that liquid quenching is not permitted. Heat treatment must be accomplished after all forming and welding operations.

(b) Heat treatment is not required after welding weldable low carbon parts to attachments of similar material which have been previously welded to the top or bottom of cylinders and properly heat treated, provided such subsequent welding does not produce a temperature in excess of 400° F., in any part of the top or bottom material.

§ 78.56–12 *Openings in cylinders.* (a) All openings must be in the heads or bases.

(b) Each opening in cylinders, except those for safety devices, must be provided with a fitting, boss, or pad, securely attached to cylinder by welding or by threads. If threads are used they must comply with the following:

(1) Threads must be clean-cut, even, without checks and cut to gauge.

(2) Taper threads to be of length not less than as specified for American Standard taper pipe threads.

(3) Straight threads having at least 6 engaged threads, to have tight fit and calculated shear strength at least 10 times the test pressure of the cylinder; gaskets required, adequate to prevent leakage.

(c) Closure of fitting, boss or pad must be adequate to prevent leakage.

§ 78.56–13 *Safety devices and protection for valves, safety devices, and other connections, if applied.* (a) Must be as required by the Interstate Commerce Commission's Regulations that apply (see §§ 73.34 (f), 73.124 (a), and 73.301 (f) of this chapter).

§ 78.56–14 *Hydrostatic test.* (a) By water jacket, or other suitable method, operated so as to obtain accurate data. Pressure gauge must permit reading to accuracy of 1 percent. Expansion gauge must permit reading of total expansion to accuracy of either 1 percent or 0.1 cubic centimeter.

(b) Pressure must be maintained for 30 seconds and sufficiently longer to insure complete expansion. Any internal pressure applied after heat treatment and previous to the official test must not exceed 90 percent of the test pressure.

(c) Permanent volumetric expansion must not exceed 10 percent of the total volumetric expansion at test pressure.

(d) Cylinders must be tested as follows:

(1) Each cylinder, to at least 2 times service pressure.

(2) Or, 1 cylinder out of each lot of 200 or less; to at least 3 times service pressure. Others must be examined under pressure of 2 times service pressure and show no defect.

§ 78.56–15 *Physical test.* (a) To determine yield strength, tensile strength, elongation, and reduction of area of material. Required on 2 specimens cut from one cylinder having passed the hydrostatic test, or part thereof heat-treated as required, taken at random out of each lot of 200 or less.

(b) Specimens must be: Gauge length 8 inches with width not over 1½ inches; or, gauge length 2 inches with width not over 1½ inches, provided, that gauge length at least 24 times thickness with width not over 6 times thickness is authorized when cylinder wall is not over 3/16 inch thick. The specimen, exclusive of grip ends, must not be flattened Grip ends may be flattened to within one inch of each end of the reduced section When size of cylinder does not permit securing straight specimens, the specimens may be taken in any location or direction and may be straightened or flattened cold, by pressure only, not by blows; when specimens are so taken and prepared, the inspector's report must show in connection with record of physical tests detailed information in regard to such specimens. Heating of specimen for any purpose is not authorized.

(c) The yield strength in tension shall be the stress corresponding to a permanent strain of 0.2 percent of the gauge length.

(1) The yield strength shall be determined by either the "offset" method or the "extension under load" method as prescribed in ASTM Standard E8–46.

(2) In using the "extension under load" method, the total strain (or "extension under load"), corresponding to the stress at which the 0.2 percent permanent strain occurs may be determined with sufficient accuracy by calculating the elastic extension of the gauge length under appropriate load and adding thereto 0.2 percent of the gauge length. Elastic extension calculations shall be based on an elastic modulus of 30,000,000. In the event of controversy, the entire stress-strain diagram shall be plotted and the yield strength determined from the 0.2 percent offset.

(3) For the purpose of strain measurement, the initial strain reference shall be set while the specimen is under a stress of 12,000 pounds per square inch, the strain indicator reading being set at the calculated corresponding strain.

(4) Cross-head speed of the testing machine shall not exceed ⅛ inch per minute during yield strength determination.

§ 78.56–16 *Elongation.* (a) Physical test specimens must show at least 40 percent for 2-inch gauge length or at least 20 percent in other cases, except that these elongation percentages may be reduced numerically by 2 for 2-inch specimens and by 1 in other cases for each 7,500 pounds per square inch increment of tensile strength above 50,000 pounds per square inch to a maximum of four such increments.

§ 78.56–17 *Weld tests*—(a) *Reduced section tensile test.* A specimen shall be cut from the cylinder used for the physical tests specified in § 78.56–15 Specimen shall be taken across the seam edges shall be parallel for a distance of approximately 2 inches on either side of the weld. The specimen must be fractured in tension. The breaking stress calculated on the parent metal area must be at least equal to two (2) times the stress calculated under § 78.56–10 (b). Should this specimen fail to meet the requirements, specimen may be taken from two additional cylinders from the same lot and tested. If either of the latter specimens fails to meet requirements, the entire lot represented shall be rejected.

(b) *Guided bend test.* A bend test specimen shall be cut from the cylinder used for the physical tests specified in § 78.56–15. Specimen shall be taken across the seam, shall be 1½ inches wide, edges shall be parallel and rounded with a file, and back-up strip, if used, shall be removed by machining. The specimen shall be bent to refusal in the guided bend test jig illustrated in § 78.56–22. The root of the weld (inside surface of the cylinder), shall be located away from the ram of the jig. No specimen shall show a crack or other open defect exceeding ⅛ inch in any direction upon completion of the test. Should this specimen fail to meet the requirements, specimens may be taken from each of two additional cylinders from the same lot and tested. If either of the latter specimens fails to meet requirements, the entire lot represented shall be rejected.

(c) *Alternate guided bend test.* An alternate guided bend test jig, as illustrated in § 78.56–23 (a) and (b), may be used for testing the soundness of fillet welded lap joints and joggle butt joints. The test specimen shall be bent across the weld as illustrated in sketch A or B for fillet welded lap joints and as illustrated in sketch C or D for joggle butt joints. The specimen shall be bent until the elongation at the outer surface, adjacent to the root of the weld, between the lightly scribed gauge lines—a to b, shall be at least 20 percent; except that this percentage may be reduced for steels having a tensile strength in excess of 50,000 pounds per square inch, as provided in § 78.56–16. No tested specimens shall show a crack, or other defect, as specified in paragraph (b) of this section. The gauge lines shall be lightly scribed before bending. The amount of elongation may be conveniently determined with a Brinell microscope or any other suitable method may be employed.

§ 78.56–18 *Rejected cylinders.* (a) Reheat treatment authorized; subsequent thereto, acceptable cylinders must pass all prescribed tests. Repair of welded seams by welding is authorized.

§ 78.56–19 *Marking.* (a) Marking on each cylinder stamped as follows:

(1) ICC 4AA480.

(2) A serial number and an identifying symbol, both to be of the purchaser, user, or maker. The symbol must be registered with the Bureau of Explosives. Duplications unauthorized.

(3) Inspector's official mark.

(4) Date of test (such as 1–54 for January 1954).

(5) Additional markings are permitted.

(b) Sequence of marks. Number shall be just below the ICC marking; identifying symbol shall be just below the number; inspector's official mark shall be near the serial number. Date of test shall be so placed that dates of subsequent test can easily be added. Symbol in front of or following the number with space between, or symbol and serial number stamped into welded valve spud directly above the ICC mark located on head of cylinder are also authorized. Other variations in sequence of marks authorized only when necessitated by lack of space.

(c) Location of markings. Markings may be stamped plainly and permanently in the following locations on the cylinder:

(1) On shoulders and top heads not less than 0.087 inch thick.

(2) On neck, valve boss, valve protection sleeve, or similar part permanently attached to top end of cylinder.

(3) On a plate attached to the top of the cylinder or permanent part thereof; sufficient space must be left on the plate to provide for stamping at least six retest dates; the plate must be at least 1/16 inch thick and must be attached by welding, or by brazing at a temperature of at least 1,100° F., throughout all edges of the plate.

(4) Variations in location of markings authorized only when necessitated by lack of space.

(d) Size of marks. Space permitting, at least ¼ inch high.

§ 78.56–20 *Authorized steel.* (a) Open hearth or electric steel of uniform quality and of the following chemical analyses is authorized (see footnote 1):

TABLE I—AUTHORIZED MATERIALS

Designation	Chemical analysis—limits in percent			
	1315 [2]	NAX [2]	SCX [2]	4017 [2]
Carbon	0.10/0.20	0.20 max	0.20 max	0.13/0.20
Manganese	1.10/1.65	0.45/0.75	0.60/1.00	0.75/1.10
Phosphorus	0.045 max	0.045 max	0.045 max	0.04 max.
Sulfur	0.05 max	[illegible]	[illegible]	[illegible]
Silicon	0.15/0.35	0.20/0.80	0.15/0.40	[illegible]
Chromium		0.45/0.70	0.15/0.50	
Molybdenum			0.15/0.35	0.25/0.35.
Zirconium		0.05/0.25		
Copper	0.40 max		0.20/0.50	

[1] Heat of steel made under the above specification, chemical [illegible] of which [illegible] of the specified range, is acceptable, if satisfactory in all other respects, provided the standard permissible variations from specified chemical ranges and limits [illegible] Specifications, Tariff No. [illegible] Explosives Regulations, Explosives and Other Dangerous Articles, Including Radioactive Materials, Explosives and Other Dangerous Articles Products Manual, section 10, dated June 1, 1945 are not exceeded in the aggregate. This [illegible] test.

[2] Addition of other elements to obtain [illegible] is permitted.

[3] This designation shall not be restrictive and the commercial steel is limited in analysis shown in the table.

§ 78.56–21 *Inspector's report.* (a) Required to be clear, legible and in following form:

(Place) _____
(Date) _____

Steel gas cylinders

Manufactured for _____
Location at _____
Manufactured by _____
Location at _____
Consigned to _____
Location at _____
Quantity _____ Size _____ inches outside diameter by _____ inches long.
Marks stamped into the _____
_____
(Location of marking)
of the cylinder are:
Specification ICC _____
Serial numbers _____ to _____ inclusive.
Inspector's mark _____
Identifying symbol (registered) _____
Test date _____
Tare weights (yes or no) _____
Other marks _____

These cylinders were made by process of _____

The material used was type _____ authorized in table I of Spec. No. 4AA480.

The material used was identified by the following _____
(Heat-purchase order)
numbers _____

The material used was verified as to chemical analysis and record thereof is attached hereto. The heat numbers _____
_____
(Were—were not)
marked on the material.

All material was inspected and all that was accepted was found free from seams, cracks, laminations and other injurious defects.

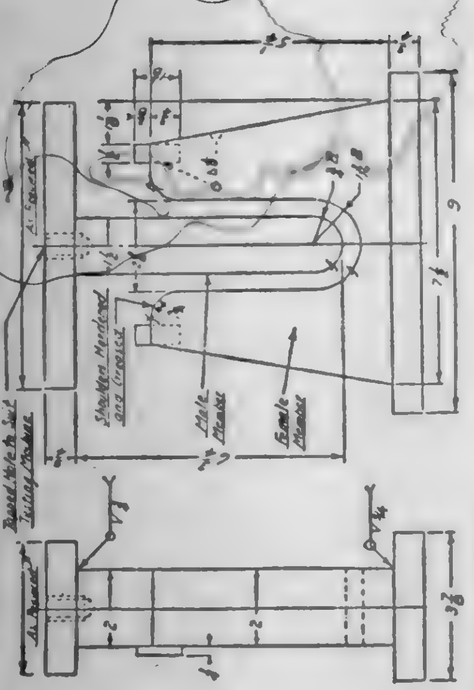
The compliance of cylinders with specification requirements was verified including markings, condition of inside, tests, threads, etc. All cylinders with defects which might prove injurious were rejected. The processes of manufacture and heat treatment were supervised and found to be efficient and satisfactory.

The cylinder walls were measured and the minimum thickness noted was _____ inch. The outside diameter was determined by a close approximation to be _____ inches. The wall stress was calculated to be _____ pounds per square inch under an internal pressure of _____ pounds per square inch.

Hydrostatic tests, tensile tests of material, and other tests as prescribed in specification ICC 4AA480 were made in the presence of the inspector and all cylinders accepted were found to be in compliance with the requirements of that specification. Records thereof are attached hereto.

Each cylinder _____ been equipped
(Has—has not)
with safety devices as follows: _____
_____

I hereby certify that all of those cylinders proved satisfactory in every way and comply with the requirements of Interstate Commerce Commission specification No. 4AA480 except as follows:



Exceptions _____
_____
(Manufacturer's name)

(b) Adhesive between paper and burlap to be asphalt, any desirable type, at a minimum rate of 110 pounds per ream.

§ 78.234–6 *Stretch of paper lining.* (a) At least equal to that of burlap in direction of warp and fill and equal to 10 percent in diagonal direction.

§ 78.234–7 *Seams.* (a) By cementing or taping to give seam strength at least equal to that of bag material and prevent sifting.

§ 78.234–8 *Test.* (a) The finished container, filled and closed as for shipment, must be capable of withstanding drop test of 4 feet on the butt without sifting or rupture of burlap liners.

§ 78.234–9 *Marking.* (a) Marking on each container by marks at least 1" high as follows:

(1) ICC–36C; this mark shall be understood to certify that the container complies with all specification requirements.

(2) Name and address of maker; located above or below the mark specified in subparagraph (1) of this paragraph; symbol (letters) authorized if registered with the Bureau of Explosives.

§ 78.234–10 *Closing for shipment.* (a) As specified for seams, § 78.234–7; or, by tying with 2 steel wires of at least No. 16 Birmingham wire gauge, or any other type of equal efficiency that will be sift-proof and insure equal strength to body of bag.

2. Add § 78.239 (15 F. R. 8483, Dec. 2, 1950) (49 CFR 78.239, 1950 Rev.) to read as follows:

§ 78.239 *Specification 44E; multiwall paper bags.*

§ 78.239–1 *Construction and capacity.* (a) Bags must be at least 3 thicknesses of paper; this must be heavy duty shipping sack Kraft paper No. 1, or equivalent, with a minimum total basis weight of 130 pounds of paper (500 sheets, 24" x 36"). Outer sheet must be of water-resistant stock and at least 50 pounds basis weight, inner sheets not less than 40 pounds basis weight. Bags to be of sewn and taped, cemented, taped, satchel bottom or other construction of equal efficiency to form a sift-proof and reasonably air-tight container. Authorized for not over 50 pounds net weight, except that bags having a minimum total basis weight of 160 pounds of paper (500 sheets, 24" x 36") with outer sheet of water-resistant stock and at least 60 pounds basis weight, inner sheets not less than 50 pounds basis weight, are authorized for not to exceed 100 pounds net weight of contents.

§ 78.239–2 *Mullen or Cady test.* (a) Mullen or Cady test of all Kraft paper used must be not less than 90 percent of basis weight. Laminated sheets of paper are to be considered as one thickness of paper.

§ 78.239–3 *Adhesive.* (a) Moisture resistant adhesive must be used on all seams, joints, and bottom patch, if any.

§ 78.239–4 *Closure.* (a) For all bags: Any closure for the top which is equal in efficiency to that of the bottom, is authorized.

§ 78.239–5 *Tests for shipment.* (a) Bags as prepared for shipment must be able to withstand four 4-foot drops, one on each end and one each on opposite sides, without sifting or rupture.

§ 78.239–6 *Marking.* (a) On each bag with letters and figures at least ½ inch high in rectangle as follows:

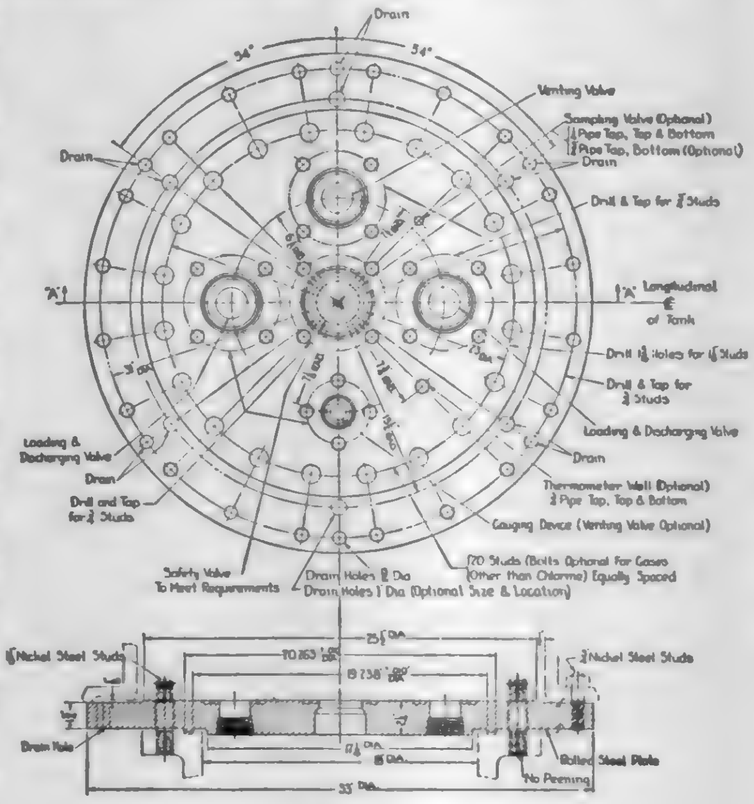
ICC–44E

(1) This mark shall be understood to certify bag complies with all specification requirements.

(2) Name and address of maker located just above or below the mark specified in this paragraph; symbol (letters) authorized if registered with the Bureau of Explosives.

SUBPART H—SPECIFICATIONS FOR PORTABLE TANKS

Amend § 78.245–1 paragraph (a) (15 F. R. 8483, Dec. 2, 1950) (49 CFR 78.245–1, 1950 Rev.) to read as follows:



§ 78.245 *Specification 51; steel portable tanks.*

§ 78.245–1 *Requirements for design and construction.* (a) Tanks shall be of seamless or welded steel construction or combination of both and shall have in excess of 1,000 pounds water capacity. Fusion-welded tanks shall be fully radiographed and stress-relieved. Tanks shall be designed and constructed in accordance with and fulfill the requirements of (1) Par. U–68 or U–200 of Section VIII of the Code for Unfired Pressure Vessels of the American Society of Mechanical Engineers, 1949 Edition; or (2) Section VIII of the Code for Unfired Pressure Vessels of the American Society of Mechanical Engineers, 1950 Edition; or (3) Section VIII of the Code for Unfired Pressure Vessels of the American Society of Mechanical Engineers, 1952 Edition; or (4) the A. P. I.-A. S. M. E. Code for Unfired Pressure Vessels for Petroleum Liquids and Gases, 1943 Edition; or (5) the A. P. I.-A. S. M. E. Code for Unfired Pressure Vessels for Petroleum Liquids and Gases, 1951 Edition; no revisions (any or all of which hereinafter referred to as "the Code").

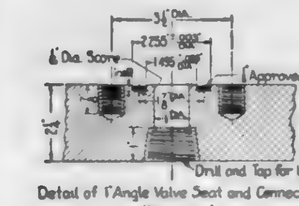
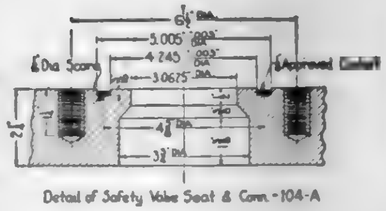
SUBPART I—SPECIFICATIONS FOR TANK CARS



Amend Figure 8 in Appendix C (15 F. R. 8533, 8534, Dec. 2, 1950) (49 CFR Figure 8, Appendix C, 1950 Rev.) as follows:



MANHOLE COVER FOR ICC 104A, ICC 104A-W, ICC 105-A SERIES AND ICC 105-A-W SERIES TANK CARS

Standard Dimensions and Tolerances

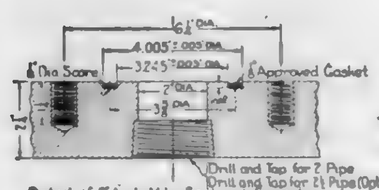


FIG-8 - REV. 1953

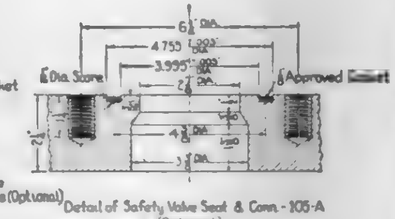
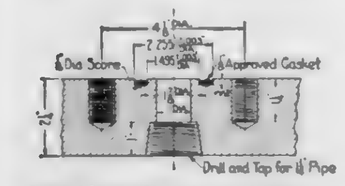
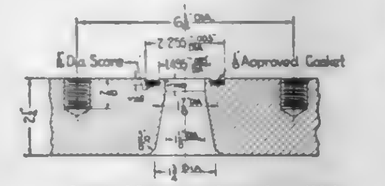


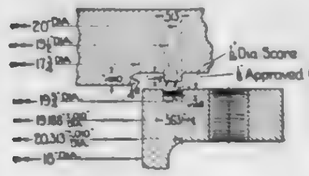
Detail of 1" Angle Valve Seat and Connection (Optional)



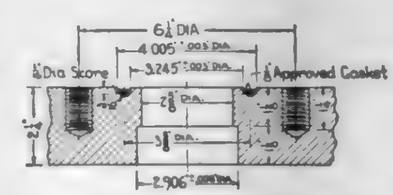
Detail of Safety Valve Seat & Conn.-104-A



Detail of 2" Angle Valve Seat and Connection (Optional)



Detail of Safety Valve Seat & Conn.-105-A (Optional)



Detail of Gauging Device Seat and Connection (Optional)

Detail of Safety Valve Seat & Conn.-105-A (Optional)

Detail Of Cover and Nozzle Joint

Detail of 2" Angle Valve Seat and Connection (Optional)

STUD AND BOLT MATERIAL
MINIMUM PHYSICAL PROPERTIES

Tensile Strength--110,000psi Elongation in 2 inches----16 %
Yield Point-----100,000psi Reduction in Area-----50 %

Impact Values at Minus 50°F:

Impact specimens shall be prepared and tested in accordance with ASTM Specification E-23 (current issue). The specimens & handling tongs shall be uniformly cooled to the test temperature for at least 30 minutes. The test shall be made within 8 seconds after removal from the cooling medium.

Charpy Keyhole Notch Test: Minimum impact value required for each one of set of three specimens------15 ft. lbs.

SUBPART J—SPECIFICATION FOR CONTAINERS FOR MOTOR VEHICLE TRANSPORTATION

Amend § 78.336–1 paragraph (a) (15 F. R. 8556, Dec. 2, 1950) (49 CFR 78.336–1, 1950 Rev.) to read as follows:

§ 78.336 *Specification MC 330; steel cargo tanks.*

§ 78.336–1 *Requirements for design and construction.* (a) Tanks shall be of seamless or welded steel construction or combination of both and shall be designed and constructed in accordance with and fulfill the requirements of (1) Section VIII of the Code for Unfired Pressure Vessels of the American Society of Mechanical Engineers, 1949 Edition, except that construction under Par. U-70 is not authorized; or (2) Section VIII of the Code for Unfired Pressure Vessels of the American Society of Mechanical Engineers, 1950 Edition; or (3) Section VIII of the Code for Unfired Pressure Vessels of the American Society of Mechanical Engineers, 1952 Edition; or (4) the A. P. I.-A. S. M. E. Code for Unfired Pressure Vessels for Petroleum Liquids and Gases, 1943 Edition; or (5) the A. P. I.-A. S. M. E. Code for Unfired Pressure Vessels for Petroleum Liquids and Gases, 1951 Edition; no revisions (any or all of which hereinafter referred to as "the Code").

• • • • •

It is further ordered, That the foregoing amendments to the aforesaid regulations shall have full force and effect on May 12, 1954, and that such regulations as herein amended shall thereafter be observed until further order of the Commission.

It is further ordered, That compliance with the aforesaid regulations as herein amended is hereby authorized on and after the date of service of this order.

And it is further ordered, That copies of this order be served upon all parties of record herein, and that notice shall be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of Federal Register.

(Sec. 204, 49 Stat. 546, as amended, sec. 835, 62 Stat. 739; 49 U. S. C. 304, 18 U. S. C. Sup. 835)

By the Commission, Division 3.

[SEAL] GEORGE W. LAIRD, *Secretary.*

TITLE 39—POSTAL SERVICE

Chapter I—Post Office Department

PART 127—INTERNATIONAL POSTAL SERVICE: POSTAGE RATES, SERVICE AVAILABLE AND INSTRUCTIONS FOR MAILING

MISCELLANEOUS AMENDMENTS

In Part 127, International Postal Service: Postage Rates, Service Available and Instructions for Mailing, make the following changes:

a. In § 127.131 *Preparation for mailing; declaration of value* add new paragraphs (f) and (g) to read as follows:

(f) Valuable registered mail for other countries shall be identified by a blue check mark at least 1 inch long directly above the name of the addressee as in the case of valuable domestic registered mail.

(g) When valuable registered mail is presented on firm mailing sheets, the mailer shall indicate the values opposite the respective entries.

b. In § 127.276 *Indonesia* amend paragraph (a) (5) to read as follows:

(5) *Air mail service.* Postage rates: Letters, letter packages and post cards, 25 cents per half ounce. Air letter sheets, 10 cents each. Other Postal Union articles, 85 cents for the first 2 ounces and 65 cents for each additional 2 ounces. (See § 127.20.)

c. In § 127.305 *Mexico* amend the last sentence of subdivision (xiii) of paragraph (b) (8) to read as follows: "Information as to Mexican import duties

applicable to specific items and their status under Mexican import control may be obtained from the American Republics Division, Bureau of Foreign Commerce, Department of Commerce, Washington 25, D. C., or from any field office of that Department."

(R. S. 161, 396, 398; secs. 304, 309, 42 Stat. 24, 25, 48 Stat. 943; 5 U. S. C. 22, 369, 372)

[SEAL] ABE MCGREGOR GOFF, *Solicitor.*

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 51]

UNITED STATES STANDARDS FOR TOPPED CARROTS[1]

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given that the United States Department of Agriculture is considering the revision of United States Standards for Topped Carrots pursuant to the authority contained in the Agricultural Marketing Act of 1946 (60 Stat. 1087 et seq., 7 U. S. C. 1621 et seq.) and the Department of Agriculture Appropriation Act, 1954 (Pub. Law 156, 83d Cong., approved July 28, 1953).

All persons who desire to submit written data, views or arguments for consideration in connection with the proposed standards should file the same with the Chief, Fresh Products Standardization and Inspection Branch, Fruit and Vegetable Division, Agricultural Marketing Service, United States Department of Agriculture, South Building, Washington 25, D. C., not later than 30 days after publication hereof in the FEDERAL REGISTER.

The proposed standards are as follows:

[redacted]

51.2360 U. S. Extra No. 1.
51.2361 U. S. No. 1.
51.2362 U. S. No. 2.

[redacted]

51.2363 Unclassified.

APPLICATION OF TOLERANCES

51.2364 Application of tolerances.
51.2365 Basis for calculating percentages.

[redacted]

51.[redacted] Standard sizing.

DEFINITIONS

51.[redacted] Similar varietal characteristics.
51.[redacted] Well trimmed.
51.2369 Firm.
51.[redacted] Clean.
51.2371 Fairly well colored.
51.[redacted] Fairly well formed.
51.[redacted] Fairly smooth.
51.2374 Damage.
51.[redacted] Diameter.
51.[redacted] Length.
51.2377 Badly misshapen.
51.[redacted] Excessively rough.
51.[redacted] Seriously misshapen.
51.2380 Serious damage.

[1] Packing of the product in conformity with the requirements of these standards shall not excuse failure to comply with the provisions of the Federal Food, Drug, and Cosmetic Act.

AUTHORITY: §§ 51.2360 to 51.2380 issued under sec. 205, 60 Stat. 1090, 7 U. S. C. 1624; Pub. Law 156, 83d Cong.

GRADES

§ 51.2360 *U. S. Extra No. 1.* U. S. Extra No. 1 consists of carrots of similar varietal characteristics which are well trimmed, firm, clean, fairly well colored, fairly well formed, fairly smooth, and which are free from soft rot, and free from damage caused by freezing, growth cracks, sunburn, pithiness, woodiness, internal discoloration, oil spray, dry rot, other disease, insects or mechanical or other means.

(a) *Minimum size.* Unless otherwise specified, the diameter of each carrot shall be not less than three-fourths inch nor more than 1½ inches, and the length shall be not less than 5 inches.

(b) *Tolerances.* In order to allow for variations incident to proper grading and handling the following tolerances (see § 51.2365) shall be permitted:

(1) 10 percent for carrots which are larger than the specified maximum diameter;

(2) 5 percent for carrots which are smaller than the specified minimum diameter or minimum length; and,

(3) 10 percent for carrots which fail to meet the remaining requirements of this grade: *Provided*, That not more than one-half of this amount, or 5 percent, shall be allowed for defects causing serious damage, including therein not more than 1 percent for carrots affected by soft rot.

§ 51.2361 *U. S. No. 1:* U. S. No. 1 consists of carrots of similar varietal characteristics which are well trimmed, firm, fairly smooth, and not badly misshapen, and which are free from soft rot, and free from damage caused by dirt or other foreign matter, freezing, growth cracks, sunburn, pithiness, woodiness, internal discoloration, oil spray, dry rot, other disease, insects or mechanical or other means.

(a) *Minimum size.* Unless otherwise specified, the diameter of each carrot shall be not less than 1 inch nor more than 3 inches, and the length shall be not less than 3 inches.

(b) *Tolerances.* In order to allow for variations incident to proper grading and handling the following tolerances (see § 51.2365) shall be permitted:

(1) 10 percent for carrots which are larger than the specified maximum diameter;

(2) 5 percent for carrots which are smaller than the specified minimum diameter or minimum length; and,

(3) 10 percent for carrots which fail to meet the remaining requirements of this grade: *Provided*, That not more than one-half of this amount, or 5 percent, shall be allowed for defects causing serious damage, including therein not more than 2 percent for carrots affected by soft rot.

§ 51.2362 *U. S. No. 2.* U. S. No. 2 consists of carrots of similar varietal characteristic which are well trimmed, firm, not excessively rough, not seriously misshapen, and which are free from soft rot and free from serious damage caused by dirt, freezing, growth cracks, sunburn, pithiness, woodiness, internal discoloration, oil spray, dry rot, other disease, insects or mechanical or other means.

(a) *Minimum size.* Unless otherwise specified, the diameter of each carrot shall be not less than 1 inch nor more than 3 inches, and the length shall be not less than 3 inches.

(b) *Tolerances.* In order to allow for variations incident to proper grading and handling the following tolerances (see § 51.2365) shall be permitted:

(1) 10 percent for carrots which are larger than the specified maximum diameter;

(2) 5 percent for carrots which are smaller than the specified minimum diameter or minimum length; and,

(3) 10 percent for carrots which fail to meet the remaining requirements of this grade: *Provided*, That not more than one-half of this amount, or 5 percent, shall be allowed for defects causing serious damage, including therein not more than 2 percent for carrots affected by soft rot.

UNCLASSIFIED

§ 51.2363 *Unclassified.* Unclassified consists of carrots which have not been classified in accordance with any of the foregoing grades. The term "unclassified" is not a grade within the meaning of these standards, but is provided as a designation to show that no grade has been applied to the lot.

APLICATION OF TOLERANCES

§ 51.2364 *Application of tolerances.* (a) The contents of individual packages in the lot, based on sample inspection, are subject to the following limitations, provided the averages for the entire lot are within the tolerances specified for the grade:

(1) For packages which contain more than 5 pounds and a tolerance of 10 percent, or more, is provided, individual packages in any lot shall have not more than one and one-half times the tolerance specified. For packages which contain more than 5 pounds and a tolerance of less than 10 percent is provided, individual packages in any lot shall have not more than double the tolerance specified except that at least one defective specimen shall be permitted in a package; and,

(2) For packages which contain 5 pounds or less, individual packages in any lot are not restricted as to the percentage of defects: *Provided*, That not more than one carrot which is frozen or affected by soft rot may be permitted in any package.

§ 51.2365 *Basis for calculating percentages.* Percentages shall be calculated on the basis of weight for packages containing more than 2 pounds and on the basis of count for packages containing 2 pounds or less.

STANDARD SIZING

§ 51.2366 *Standard sizing.* (a) Carrots in packages of 2 pounds or less may be certified as "Standard Sizing", provided the variation in diameter of the carrots in such packages is not more than ⅜ inch and the variation in length is not more than 2½ inches.

(b) Not more than 20 percent of the packages in any lot may contain carrots which fail to meet the requirements for "Standard Sizing".

DEFINITIONS

§ 51.2367 *Similar varietal characteristics.* "Similar varietal characteristics" means that the carrots in any lot are of the same general type. For example, carrots with a short, but blunt growth like the Oxheart variety, shall not be mixed with long or half-long carrots like the Imperator or Danvers varieties.

§ 51.2368 *Well trimmed.* "Well trimmed" means that the tops shall be cut back to not more than 1 inch in length, except that occasional uncut leaves or leafstems or new top growth exceeding this length which do not materially affect the appearance of the carrots in the container shall be permitted. Carrots may have tips of roots cut or broken off: *Provided*, That these cuts or breaks are small and fairly smooth and do not materially affect the appearance of carrots in the container.

§ 51.2369 *Firm.* "Firm" means that the carrot is not soft, flabby or shriveled.

§ 51.2370 *Clean.* "Clean" means that the individual carrot is practically free from dirt or other foreign matter.

§ 51.2371 *Fairly well colored.* "Fairly well colored" means that the carrot has an orange, orange red, or orange scarlet color, but not a pale orange or distinct yellow color.

§ 51.2372 *Fairly well formed.* "Fairly well formed" means that the carrot is not so forked or misshapen as to materially affect its appearance or cause a loss of more than 5 percent, by weight, in the ordinary preparation for use.

§ 51.2373 *Fairly smooth.* "Fairly smooth" means that the carrot is not rough, ridged, or covered with secondary rootlets to an extent which materially affects its appearance or causes a loss of more than 5 percent, by weight, in the ordinary preparation for use.

§ 51.2374 *Damage.* "Damage" means any defect which materially affects the appearance or the edible or shipping quality of the individual carrot or the general appearance of the carrots in the container, or causes a loss of more than 5 percent, by weight, in the ordinary preparation for use. Any one of the following defects, or any combination of defects, the seriousness of which exceeds the maximum allowed for any one defect, shall be considered as damage:

(a) Growth cracks which are unhealed, or healed growth cracks which are not shallow and not smooth, or which materially affect the appearance of the carrot;

(b) Sunburn which causes a loss of more than 5 percent, by weight, in the ordinary preparation for use, except that superficial light green color at the stem end, which does not materially affect the appearance of the root shall be permitted; and,

(c) Dirt or other foreign matter when the general appearance of the carrots in the lot is materially affected, or when individual carrots are badly caked with dirt or badly stained.

§ 51.2375 *Diameter* "Diameter" means the greatest dimension of the root measured at right angles to the longitudinal axis.

§ 51.2376 *Length.* "Length" means the greatest dimension of the root measured from the crown to the lowest point which is not less than one-fourth inch in diameter.

§ 51.2377 *Badly misshapen.* "Badly misshapen" means that the carrot is so forked or misshapen as to materially affect its appearance, or cause a loss of more than 5 percent, by weight, in the ordinary preparation for use.

§ 51.2378 *Excessively rough.* "Excessively rough" means that the carrot is so rough or ridged as to seriously affect its appearance or cause a loss of more than 20 percent, by weight, in the ordinary preparation for use.

§ 51.2379 *Seriously misshapen.* "Seriously misshapen" means that the carrot is so forked or misshapen as to seriously affect its appearance or cause a loss of more than 20 percent, by weight, in the ordinary preparation for use.

§ 51.2380 *Serious damage.* "Serious damage" means any defect which seriously affects the appearance or the edible or shipping quality of the individual carrot or the general appearance of the carrots in the container, or causes a loss of more than 20 percent, by weight, in the ordinary preparation for use.

Dated: March 3, 1954.

NOTICES

DEPARTMENT OF JUSTICE

Office of Alien Property

RACHEL LEQUET AND COLETTE MICHELE DEVAUCHELLE

NOTICE OF INTENTION TO RETURN VESTED PROPERTY

Pursuant to section 32 (f) of the Trading With the Enemy Act, as amended, notice is hereby given of intention to return, on or after 30 days from the date of publication hereof, the following property located in Washington, D. C., including all royalties accrued thereunder and all damages and profits recoverable for past infringement thereof, after adequate provision for taxes and conservatory expenses:

Claimant, Claim No., and Property

Mme. Rachel Lequet (widow of Henri L. Bourdin), 52, Boulevard de Bellevue a Dravell (Seine & Oise), France, $82.31 in the Treasury of the United States; Mme. Colette Michele Devauchelle (nee Bourdin), 52, Boulevard Bellevue a Dravell (Seine & Oise), France, $44.03 in the Treasury of the United States; Claim No. 6507; all right, title, interest and claim of whatsoever kind or nature in and to every copyright, claim of copyright, license, agreement, privilege, power and every right of whatsoever nature, including but not limited to all monies and amounts, by way of royalties, share of profits or other emolument, and all causes of action accrued or to accrue, relating to the works entitled "Erckmann-Chatrian's Waterloo" and "French Reader for Beginners," as listed in Exhibit A to Vesting Order 3430 (9 F. R. 6464, June 13, 1944), to the extent owned by Mrs. Rachel Bourdin immediately prior to the vesting thereof by Vesting Order 3430.

Executed at Washington, D. C., on March 1, 1954.

For the Attorney General.

[SEAL] PAUL V. MYRON, *Deputy Director, Office of Alien Property.*

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[F. P. No. 7]

WISCONSIN

NOTICE OF FILING OF PLAT OF SURVEY

MARCH 1, 1954.

Notice is given that the plat accepted June 29, 1953, of certain omitted lands in T. 39 N., R. 9E., which represents a retracement and reestablishment of the boundaries of Secs. 32 and 33, designed to restore the corners in their original location according to the best available evidence, and the survey of public lands which were erroneously omitted from the original survey and not shown upon the plat approved June 9, 1864, will be officially filed in the Bureau of Land Management, Department of the Interior, Washington 25, D. C., effective at 10:00 a. m., on the 35th day after the date of this notice as to the following described lands:

4TH PRINCIPAL MERIDIAN, WISCONSIN

T. 39 N., R. 9 E.,
Section 32, lots 8 and 9.
Section 33, lots 6, 7, 8, 9, 10.

The area described aggregates 123.42 [illegible].

Available information indicates that the lands are rolling upland, gently rolling upland, and level swamp land; that the upland reaches approximately 40 feet above the water level of Echo Lake; that the soil is sandy loam with gravel and some stone; that the upland supports a coverage crop of poplar, birch, maple, and oak, ranging from 4 to 8 inches in diameter with several groves of norway pine; that balsam, spruce, and ash are found in and near the swamp [illegible].

According to the field notes and as shown by the plat, lot 8, sec. 33, is principally swamp in character and appears to be swamp and overflowed within the meaning of the act of September 28, 1850 (9 Stat. 519). Should the land finally be determined to be swamp and overflowed in character, it must be held to have inured to the State, and any application adverse to the State in conflict with swamp land claim will be governed by § 271.2 of Title 43 of the Code of Federal Regulations.

No application for the described lands may be allowed under the homestead or the small tract laws unless the lands have already been classified as valuable or suitable for such application, or shall be so classified upon consideration of an application.

At the hour and date specified above the said lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, or selection as follows:

(a) *Ninety-one-day period for preference-right filings.* For a period of 91 days, commencing at the hour and on the day specified above, the public lands affected by this notice shall be subject only to (1) application under the homestead laws or the Small Tract Act of June 1, 1938, 52 Stat. 609 (43 U. S. C. 682a), as amended, by qualified veterans of World War II and other qualified persons entitled to preference under the act of September 27, 1944, 58 Stat. 747 (43 U. S. C. 279–284), as amended, subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications under subdivision (1) of this paragraph shall be subject to applications and claims of the classes described in subdivision (2) of this paragraph. All applications filed under this paragraph either at or before 10:00 a. m. on the 35th day after the date of this notice shall be treated as though filed simultaneously at that time. All applications filed under this paragraph after 10:00 a. m. on the said 35th day shall be considered in the order of filing.

(b) *Date for non-preference-right filings.* Commencing at 10:00 a. m. on the 126th day after the date of this notice, any lands remaining unappropriated shall become subject to such application, petition, location, selection, or other appropriation by the public generally as may be authorized by the public-land laws. All such applications filed either at or before 10:00 a. m. on the 126th day after the date of this notice, shall be treated as though filed simultaneously at the hour specified on such 126th day. All applications filed thereafter shall be considered in the order of filing.

A veteran shall accompany his application with a complete photostatic, or other copy (both sides), of his certificate of honorable discharge, or of an official document of his branch of the service which shows clearly his honorable discharge as defined in § 181.36 of Title 43 of the Code of Federal Regulations, or constitutes evidence of other facts upon which the claim for preference is based and which shows clearly the period of service. Other persons claiming credit for service of veterans must furnish like proof in support of their claims. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated statements in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the Bureau of Land Management, Washington 25, D. C., shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Parts 166 to 170, inclusive, of Title 43 of the Code of Federal Regulations, and applications under the said Small Tract Act of June 1, 1938, shall be governed by the regulations contained in Part 257 of that title.

Inquiries concerning these lands shall be addressed to Regional Administrator, Region VI, Bureau of Land Management, Department of the Interior, Washington 25, D. C.

For the Director.

R. J. MCCORMICK,
Acting Regional Administrator,
Region VI.

[F. R. Doc. 54–1616; Filed, Mar. 5, 1954; 8:50 a. m.]

Bureau of Reclamation

[Public Announcement 18]

COLUMBIA BASIN PROJECT, WASHINGTON, EAST-COLUMBIA BASIN IRRIGATION DISTRICT

SALE OF FULL-TIME FARM UNITS

FEBRUARY 15, 1954.

Columbia Basin Project, Washington, East-Columbia Basin Irrigation District; public announcement of the sale of full-time farm units.

LANDS COVERED

SECTION 1. *Offer of farm units for sale.* It is hereby announced that certain farm units in the East-Columbia Basin Irrigation District, Columbia Basin Project, Washington, will be sold to qualified applicants in accordance with the provisions of this announcement. Applications to purchase farm units may be submitted beginning at 2 p. m., March 5, 1954.

In order to permit the continued orderly development and settlement of project lands this public announcement is issued irrespective of there being pending applications for exchange pursuant to the act of August 13, 1953 (67 Stat. 566) and regulations for the administration thereof.

a. *Farm units presently owned.* The farm units which are presently owned by the United States, and hereby offered for sale, are described as follows:

Irrigation block No.	Farm unit No.	Total acreage	Tentative irrigable acreage				Nonirrigable	Price
			Total	Class I	Class II	Class III		
44	2	61.1	50.2	33.2	16.8	0.2	10.9	$1,[illegible]
	3	76.5	69.7	51.0	12.5	6.2	6.8	1,[illegible]
	81	140.6	86.7		81.8	4.9	53.9	1,[illegible]
	86	82.5	62.7	45.6	10.5	6.6	19.8	3,[illegible]
	87	71.0	66.5	37.7	26.0	2.8	4.5	3,[illegible]
	89	67.8	66.6	35.6	30.3	0.7	1.2	3,[illegible]
	90	64.6	63.3	3.3	53.7	6.3	1.3	2,[illegible]
	91	86.5	81.1	39.3	37.8	4.0	5.4	2,[illegible]
	92	98.1	91.6	9.7	66.1	20.8	6.5	2,[illegible]
	93	72.5	70.8	32.3	[illegible]	1.9	1.7	2,121 [illegible]
	94	70.4	67.5	14.5	46.2	6.8	2.9	3,[illegible]
	95	74.4	67.6	39.7	27.9	[illegible]	6.8	1,[illegible]
	99	75.3	72.7	40.5	17.9	14.3	2.6	1,[illegible]
	101	118.1	89.6	30.1	31.1	28.4	28.5	2,[illegible]
	102	115.4	83.2	31.1	35.5	16.6	32.2	1,[illegible]
	112	69.3	58.1	46.1	8.4	3.6	11.2	3,641 [illegible]
	113	91.6	75.2	13.1	29.3	32.8	16.4	3,[illegible]
	138	68.8	61.5	55.5	4.6	1.4	7.3	3,731 [illegible]
	139	81.8	61.1	36.8	12.7	11.6	20.7	3,[illegible]
	167	111.6	85.8	27.1	54.9	3.8	25.7	2,[illegible]
	168	146.4	81.4	2.1	68.4	10.9	65.0	1,[illegible]
	169	142.9	97.7	16.1	30.0	11.6	85.2	1,[illegible]
	170	121.3	89.2	14.2	61.3	13.7	32.1	2,[illegible]
	171	121.0	78.2	0.8	55.9	21.8	42.8	2,[illegible]
	180	98.0	[illegible]	58.4	3.8	0.7	5.1	4,[illegible]
	187	120.0	65.4	...	22.4	43.0	54.7	1,[illegible]
	211	164.1	100.3	...	25.6	74.7	63.8	2,[illegible]
	212	163.6	84.8	...	27.8	[illegible]	78.8	1,[illegible]
	213	161.2	130.9	...	66.7	64.2	30.3	2,[illegible]
	214	135.9	98.0	...	80.3	17.7	37.9	1,[illegible]
	215	146.6	118.9	35.7	69.6	13.6	27.7	2,[illegible]
	216	144.8	111.5	23.0	76.3	12.2	33.3	3,[illegible]

b. *Additional farm units.* It is expected that, through the operation of its land acquisition program the United States may, within twelve (12) months following the date of this announcement, own additional farm units in Irrigation Block 44 and in other irrigation blocks in the East-Columbia Basin Irrigation District which are scheduled to receive water before the close of the 1955 irrigation season. Such farm units may be offered for sale under the provisions of this announcement.

The official plats of these irrigation blocks are on file in the office of the County Auditors of Grant County and Adams County at Ephrata, and Ritzville, Washington, and copies are on file in the offices of the Bureau of Reclamation at Ephrata, Washington, and Boise, Idaho.

SEC. 2. *Limit of acreage which may be purchased.* The lands covered by this announcement have been divided into farm units. Each of the farm units represents the acreage which, in the opinion of the Regional Director, Region I, Bureau of Reclamation, will support an average-size family at a suitable level of living. The law provides that with certain minor exceptions not more than one farm unit in the entire project may be held by any one owner or family. A family is defined as comprising husband or wife, or both, together with their children under 18 years of age, or all of such children if both parents are dead.

PREFERENCE OF APPLICANTS

SEC. 3. *Nature of preference.* Except for a prior preference given applicants for exchange under the provisions of the act of August 13, 1953 (67 Stat. 566), preference right to purchase the farm units described above will be given to veterans (and in some cases to their husbands or wives or guardians of minor children) who submit applications during a 45-day period beginning at 2 p. m., March 5, 1954, and ending at 2 p. m., April 19, 1954, and who, at the time of making application, are in one of the following five classes:

a. Persons, including those under 21 years of age, who have served in the Army, Navy, Marine Corps, Air Force, or Coast Guard of the United States for a period of at least (90) days at any time between September 16, 1940, and July 3, 1952, inclusive, and have been honorably discharged.

b. Persons, including those under 21 years of age, who have served in the Army, Navy, Marine Corps, Air Force, or Coast Guard of the United States during the period prescribed in subsection a. of this section regardless of length of service, and who have been discharged on account of wounds received or disability incurred during such period in the line of duty, or subsequent to a regular discharge, have been furnished hospitalization or awarded compensation by the Government on account of such wounds or disability.

c. The spouse of any person in either of the first two classes listed in this section, if the spouse has the consent of such person to exercise his or her preference right. (See subsection 7. c. of this announcement regarding the provision that a married woman must be head of a family.)

d. The surviving spouse of any person in either of the first two classes listed in this section, or in the case of the death or marriage of such spouse, the minor child or children of such person by guardian duly appointed and qualified and who furnishes to the examining board acceptable evidence of such appointment and qualification.

e. The surviving spouse of any person whose death has resulted from wounds received or disability incurred in the line of duty while serving in the Army, Navy, Marine Corps, Air Force, or Coast Guard during the period described in subsection a. of this section, or in the case of death or marriage of such spouse, the minor child or children of such person by a guardian duly appointed and qualified and who furnishes to the examining board acceptable evidence of such appointment and qualification.

SEC. 4. *Definition of honorable discharge.* An honorable discharge means:

a. Separation from the service by means of an honorable discharge or by the acceptance of resignation or a discharge under honorable conditions.

b. Release from active duty under honorable conditions to an inactive status, whether or not in a reserve component or retirement.

Any person who obtains an honorable discharge as herein defined shall be entitled to veterans preference even though such person thereafter resumes active military duty.

QUALIFICATIONS REQUIRED OF PURCHASERS

SEC. 5. *Examining board.* An examining board of three members has been appointed by the Regional Director, Region I, Bureau of Reclamation, to determine the qualifications and fitness of applicants to undertake the purchase, development, and operation of a farm on the Columbia Basin Project. The board will make careful investigations to verify the statements and representations made by applicants. Any false statements may constitute grounds for rejection of an application, and cancellation of the applicant's right to purchase a farm unit.

SEC. 6. *Minimum qualifications.* Certain minimum qualifications have been established which are considered necessary for the successful development of farm units. Applicants must meet these qualifications in order to be eligible for the purchase of farm units. Failure to meet them in any single respect will be sufficient cause for rejection of an application. No added credit will be given for qualifications in excess of the required minimum. The minimum qualifications are as follows:

a. *Character and industry.* An applicant must be possessed of honesty, temperate habits, thrift, industry, seriousness of purpose, record of good moral conduct, and a bona fide intent to engage in farming as an occupation.

b. *Farm experience.* Except as otherwise provided in this subsection, an applicant must have had a minimum of two years (24 months) of full-time farm experience, which shall consist of participation in actual farming operations, after attaining the age of 15 years. Time spent in agricultural courses in an accredited agricultural college or time spent in work closely associated with farming, such as teaching vocational agriculture, agricultural extension work, or field work in the production or marketing of farm products, which, in the opinion of the board will be of value to an applicant in operating a farm, may be substituted for full-time farm experience. Such substitution shall be on the basis of one year (academic year of at least nine months) of agricultural college courses or one year (twelve months) of work closely associated with farming for six months of full-time farm experience. Not more than one year of full-time farm experience of this type will be allowed. A farm youth who actually resided and worked on a farm after attaining the age of 15 and while attending school may credit such experience as full-time experience.

Applicants who have acquired their experience on an irrigated farm will not be given preference over those whose experience was acquired on a nonirrigated farm, but all applicants must have had farm experience of such nature as in the judgment of the examining board will qualify the applicant to undertake the development and operation of an irrigated farm by modern methods.

c. *Health.* An applicant must be in such physical condition as will enable him to engage in normal farm labor.

d. *Capital.* An applicant must possess assets worth at least $4,500 in excess of liabilities. Assets must consist of cash, property readily convertible into cash or property such as livestock, farm machinery and equipment, which, in the opinion of the board, will be useful in the development and operation of a new, irrigated farm. In considering the practical value of property which will be useful in the development of a farm, the board will not value household goods at more than $500 or a passenger car at more than $500. Assets not useful in the development of a farm will be considered if the applicant furnishes, at the Board's request, evidence of the value of the property and proof of its conversion into useful form before execution of a purchase contract.

SEC. 7. *Other qualifications required.* Each applicant (except guardian) must meet the following requirements:

a. Be a citizen of the United States or have declared an intention to become a citizen of the United States.

b. Not own outright, or control under a contract to purchase, more than ten acres of crop land or a total of 160 acres of land at the time of execution of a purchase contract for a farm unit.

c. If a married woman, or a person under 21 years of age who is not eligible for veterans preference, be the head of a family. The head of a family is ordinarily the husband, but a wife or a minor child who is obliged to assume major responsibility for the support of a family may be the head of a family.

WHERE AND HOW TO SUBMIT AN APPLICATION

SEC. 8. *Filing application blanks.* Any person desiring to purchase a farm

unit offered for sale by this announcement must fill out the attached application blank and file it with the Land Settlement Branch, Bureau of Reclamation, Ephrata, Washington, in person or by mail. Additional application blanks may be obtained from the office of the Bureau of Reclamation at Ephrata, Washington, Post Office Box 937, Boise, Idaho; or Washington, D. C. No advantage will accrue to an applicant who presents an application in person. Each application submitted, including the evidence of qualification to be submitted following the public drawing, will become a part of the records of the Bureau of Reclamation and cannot be returned to the applicant.

SELECTION OF QUALIFIED APPLICANTS

SEC. 9. *Priority of applications.* All applications except those received from qualified exchange applicants prior to 2 p. m., April 19, 1954, which shall be given prior preference, will be classified for priority purposes as follows:

a. *First Priority Group.* All complete applications filed prior to 2 p. m., April 19, 1954, by applicants who claim veterans preference. All such applications will be treated as simultaneously filed.

b. *Second Priority Group.* All complete applications filed prior to 2 p. m., April 19, 1954, by applicants who do not claim veterans preference. All such applications will be treated as simultaneously filed.

c. *Third Group.* All complete applications filed after 2 p. m., April 19, 1954. Such applications will be considered in the order in which they are filed if any farm units are available for sale to applicants within this group.

SEC. 10. *Public drawing.* After the priority classification, the board will conduct a public drawing of the names of the applicants in the First Priority Group as defined in subsection 9.a. of this announcement. Applicants need not be present at the drawing to participate therein. The names of a sufficient number of applicants (not less than four times the number of farm units to be offered for sale) shall be drawn and numbered consecutively in the order drawn for the purpose of establishing the order in which the applications drawn will be examined by the board to determine whether the applicants meet the minimum qualifications prescribed in this announcement, and to establish the priority of qualified applicants for the selection of farm units. After such drawing, the Board shall notify each applicant of his respective standing as a result of the drawing.

SEC. 11. *Submission of evidence of qualification.* After the drawing, a sufficient number of applicants, in the order of their priority as established by the drawing, will be supplied with forms on which to submit evidence of qualification, showing that they meet the qualifications set forth in sections 6 and 7 of this announcement and, in case veterans preference is claimed, establishing proof of such preference, as set forth in section 3 of this announcement. Full and accurate answers must be made to all questions. The completed form must be mailed or delivered to the Land Settlement Branch, Bureau of Reclamation, Ephrata, Washington, within 20 days of the date the form is mailed to the last address furnished by the applicant. Failure of an applicant to furnish all of the information requested or to see that information is furnished by his references within the time period specified will subject his application to rejection.

SEC. 12. *Examination and interview.* After the information outlined in section 11 of this announcement has been received or the time for submitting such statements has expired, the Board shall examine in the order drawn a sufficient number of applications together with the evidence of qualification submitted to determine the applicants who will be permitted to purchase farm units. This examination will determine the sufficiency, authenticity, and reliability of the information and evidence submitted by the applicants.

If the applicant fails to supply any of the information required or the Board finds that the applicant's qualifications do not meet the requirements prescribed in this announcement, the applicant shall be disqualified and shall be notified by the Board, by registered mail, of such disqualification and the reasons therefor and of the right to appeal to the Regional Director, Region 1, Bureau of Reclamation. All appeals must be received in the office of the Land Settlement Branch, Bureau of Reclamation, Ephrata, Washington, within 15 days of the applicant's receipt of such notice or, in any event, within 30 days from the date when the notice is mailed to the last address furnished by the applicant. The Land Settlement Branch will promptly forward the appeal to the Regional Director.

If the examination indicates that an applicant is qualified, the applicant may be required to appear for a personal interview with the Board for the purpose of: (a) Affording the Board any additional information it may desire relative to his qualifications; (b) affording the applicant any information desired relative to conditions in the area and the problems and obligations relative to development of a farm unit; and (c) affording the applicant an opportunity to examine the farm units.

If an applicant fails to appear before the Board for a personal interview on the date requested, he will thereby forfeit his priority position as determined by the drawing.

If the Board finds that an applicant's qualifications fulfill the requirements prescribed in this announcement, such applicant shall be notified, in person or by registered mail, that he is a qualified applicant and shall be given an opportunity to select one of the farm units available then for purchase. Such notice will require the applicant to make a field examination of the farm units available to him and in which he is interested, to select a farm unit, and to notify the Board of such selection within the time specified in the notice.

SELECTION OF FARM UNITS

SEC. 13. *Order of selection.* The applicants who have been notified of their qualification for the purchase of a farm unit will successively exercise the right to select a farm unit in accordance with the priority established by the drawing. If a farm unit becomes available through failure of a qualified applicant to exercise his right of selection or failure to complete his purchase, it will be offered to the next qualified applicant who has not made a selection at the time the unit is again available. An applicant who is considered to be disqualified as a result of the personal interview will be permitted to exercise his right to select, notwithstanding his disqualification, unless he voluntarily surrenders this right in writing. If, on appeal, the action of the Board in disqualifying an applicant as a result of the personal interview is reversed by the Regional Director, the applicant's selection shall be effective, but if such action of the Board is upheld by the Regional Director, the farm unit selected by this applicant will become available for selection by qualified applicants who have not exercised their right to select.

If any of the farm units listed in this announcement remain unselected after all qualified applicants whose names were selected in the drawing have had an opportunity to select a farm unit, and if additional applicants remain in the First Priority Group, the Board will follow the same procedure outlined in section 10 of this announcement in the selection of additional applicants from this group.

If any of the farm units remain unselected after all qualified applicants in the First Priority Group have had an opportunity to select a farm unit, the Board will follow the same procedure to select applicants from the Second Priority Group, and they will be permitted to exercise their right to select a farm unit in the manner prescribed for the qualified applicants from the First Priority Group.

Any farm units remaining unselected after all qualified applicants in the Second Priority Group have had an opportunity to select a farm unit will be offered to applicants in the Third Group in the order in which their applications were filed, subject to the determination of the Board, made in accordance with the procedure prescribed herein, that such applicants meet the minimum qualifications prescribed in this announcement.

If any farm units offered by or under this announcement remain unsold for a period of two years following the date of this announcement, the Project Manager, Columbia Basin Project, Bureau of Reclamation, may sell, lease or otherwise dispose of such units to qualified applicants without regard to the provisions of section 10 of this announcement.

SEC. 14. *Failure to select.* If any applicant refuses to select a farm unit or fails to do so within the time specified by the Board, such applicant shall forfeit his position in his priority group and his name shall be placed last in that group.

PURCHASE OF SELECTED UNIT

SEC. 15. *Execution of purchase contract.* When a farm unit is selected by an applicant as provided in section 13 of this announcement, the Project Manager will promptly give the applicant a written notice confirming the availability to him of the unit selected and will furnish the necessary purchase contract, together with instructions concerning its execution and return. In that notice the Project Manager will also inform the applicant of the amount of the irrigation charges assessed by the East-Columbia Basin Irrigation District or, if such charges have not been assessed, of an estimate of the amount of the charges for the first year of the development period, to be deposited with the Project Manager.

If the purchase is made subsequent to April 1 of any year following the first year of the development period, a deposit will be required to cover the payment of water charges for the next full irrigation season following the purchase.

SEC. 16. *Terms of sale.* Contracts for the sale of farm units pursuant to this announcement will contain among others, the following principal provisions:

a. *Down payment.* An initial or down payment of not less than 20 percent of the purchase price of the lands being purchased from the United States will be required. Larger proportions, or the entire amount of the price, may be paid initially at the purchaser's option.

b. *Schedule for payment of balance; interest rate.* If only a portion of the purchase price is paid initially, the remainder will be payable within a period of 20 years following the date of the contract. No payments on the principal, except the down payment, will be required during the first three years and the Project Manager may postpone such payments for as long as the first five years of the contract. Interest on the unpaid balance at the rate of 3 percent per annum, however, will be payable annually. When payments on the principal are resumed, they will be payable each year. The schedule of principal payments, which will be established by the Project Manager, will provide for relatively small payments during the first years and larger payments during the later years of the contract period. Payment of any or all installments, or any portion thereof, may be made before their due dates at the purchaser's option.

c. *Development requirements.* In order that the irrigable area of the entire farm unit shall be developed with reasonable dispatch, each purchaser will be required, as a minimum, to clear, level, irrigate, and plant to crops by the end of each of the calendar years indicated below, and to maintain in crops thereafter, the following percentages of irrigable land as tentatively or finally classified:

Size of farm unit in irrigable acres	Percentage of land classified tentatively or finally as irrigable to be developed by end of each year. (Period will begin with year of purchase if contract is executed and water is available on or before May 1 of that year; otherwise period will begin with the next calendar year.)			
	2d year	3d year	4th year	5th year
10 to 40	75	.....	.....	.....
41 to 60	50	75	.....	.....
61 to 80	50	65	75	.....
81 to 100	40	60	70	75
101 to 160	35	50	65	75

d. *Residence requirements.* A major objective of the settlement program for the Columbia Basin Project is to assist and encourage the permanent settlement of farm families. In keeping with this objective, each purchaser will be required to do the following with respect to residence: (1) within one year from the date of his contract, or within one year from the date that water is available to the irrigation block in which the farm unit is located, whichever is later, to initiate residence by actually moving onto the unit, such residence to be maintained by living thereon for not less than 12 months within an 18-month period following the initial date of residence, and (2) before receiving title to the unit under the purchase contract, to establish a permanent and habitable dwelling on the unit. The time for compliance with the initiation of residence may be extended by the Project Manager for periods of as long as six months, upon his determination that an extension is necessary to avoid undue hardship to the purchaser and that it will not be detrimental to the orderly development of the irrigation block. The latest permissible date for initiating residence, however, will not be extended for more than one year in addition to the one-year period specified above. In extraordinary situations, the requirements under (1) and (2) above may be waived entirely upon the determination by the Regional Director, after recommendation by the Project Manager, that such waiver will be in the interest of orderly development of the block. Any such waiver, however, shall be conditioned on the requirement that the purchaser reside close enough to his unit to permit him to develop it through his own efforts.

e. *Speculation and landholding limitations.* Purchase contracts and deeds covering farm units offered by this announcement will include provisions governing (1) maximum permissible sizes of holdings of irrigable land; (2) continued conformance of land to the area and boundaries of the farm unit plat for the block; (3) prices at which land can be resold during a period of five years following the date on which water is made available to the irrigation block; (4) disposal of land should it become excess at any time; and (5) limitations as to total area that may be operated on the project whether as lessee or as owner or both.

f. *Copies of contract form.* The terms listed above, and all other standard contract provisions, are contained in the purchase contract form, copies of which may be obtained by writing to the Bureau of Reclamation, Ephrata, Washington.

IRRIGATION CHARGES

SEC. 17. *Water rental charges.* During the irrigation season of 1955, while some construction activities will be continuing and the system is being tested, it is expected that water will be furnished on a temporary rental basis to those desiring it. The terms of payment, which will be at a fixed rate per acre-foot of water used, will be announced by the Regional Director before the beginning of the irrigation season.

SEC. 18. *Development period charges.* Pursuant to the provisions of the repayment contract of October 9, 1945, between the United States and the East-Columbia Basin Irrigation District in the Columbia Basin Project, the Secretary of the Interior will announce a development period of ten years during which time payment of construction charge installments will not be required. This period probably will commence with the calendar year 1956. During the development period, water rental charges will average an estimated $5.50 per year for each irrigable acre as tentatively or finally classified. This figure is preliminary and subject to change because all the data needed to fix the charges are not available nor can they be obtained now. In any event, there will be a minimum charge per farm unit each year whether or not water is used. A notice establishing the details of the plan to be followed and announcing charges and governing provisions for the first year of the development period will be issued prior to January 1 of that year, by the Regional Director, who has the responsibility for fixing charges.

The present plans of the Regional Director are (a) to vary the minimum charge according to the anticipated relative repayment ability of the various land classes; (b) to provide for a small minimum charge for the first year and to increase it each year thereafter so that the charge for the tenth year will be approximately equal to the combined construction and operation and maintenance charge for the following year; and (c) to charge for water in excess of the amount furnished for the minimum charge on an acre-foot basis. The minimum charge will entitle each user to a quantity of water to be specified by the Regional Director, varying with the water requirement, classification of the land and the size of the farm unit.

In addition to the water rental charges, the Irrigation District will levy an additional charge to cover administrative costs and probable delinquencies in collections.

SEC. 19. *Construction period repayment charges—a. Operation and maintenance charges.* After the development period has ended, water users will pay a charge for operation and maintenance of the project irrigation system which will be uniform for the irrigation blocks throughout the project. These charges may or may not be graduated among land classes. Assessment procedure will

be left for the Irrigation District Board of Directors to determine, but, in any case, there will be an annual minimum charge per acre. In order to encourage careful use of water, this annual minimum charge will entitle the water user to one-half acre-foot of water per acre less than the amount of water normally required. The normal requirements for the various classes of land will be determined and announced as provided in the repayment contract with the East-Columbia Basin Irrigation District. Water in excess of the quantity covered by the minimum charge will be paid for on an acre-foot basis in accordance with an ascending, graduated scale.

b. *Construction charges.* The contract between the United States and the East-Columbia Basin Irrigation District requires the payment of construction charges for the project irrigation system during the forty years following the development period. The average construction charge per irrigable acre for the entire project will be $2.12 per year. Thus, the total construction charge payment will average $85 per irrigable acre, but that amount was predicated on an estimated total direct irrigation cost of not to exceed $280,782,180 as indicated by Article 6 of the repayment contract, an amount that it now appears is likely to be exceeded. The contract further provides that construction charges shall be graduated according to the relative repayment ability of the land; consequently, the charge per irrigable acre will be larger for the better lands than for the poorer lands. This allocation of construction charges by classes of land will be made as soon as practicable.

FRED G. AANDAHL,
Assistant Secretary of the Interior.

FEDERAL POWER COMMISSION

[Docket No. E 6549]

MINNESOTA POWER & LIGHT CO.

NOTICE OF APPLICATION

MARCH 2, 1954.

Take notice that on March 2, 1954, an application was filed with the Federal Power Commission, pursuant to section 204 of the Federal Power Act, by Minnesota Power & Light Company, a corporation organized under the laws of the state of Minnesota and doing business in said state with its principal business office at Duluth, Minnesota, seeking an order authorizing the issuance of $4,100,000 principal amount of promissory notes. Applicant proposes to issue, from time to time, on various dates prior to April 1, 1956, and in various amounts, and to deliver to Mellon National Bank and Trust Company, Pittsburgh, Pennsylvania, notes in amounts not to exceed $7,000,000 principal amount. The notes will bear interest at the prime commercial bank rate in effect at the time of issue, will be dated as and when funds are required by applicant, may be prepaid at any time on ten days' notice and will mature not later than one year from date of issue. From the proceeds to be derived from issue of such notes, applicant proposes to pay off $2,900,000 of borrowings which will be outstanding after March 15, 1954; all as more fully appears in the application on file with the Commission.

Any person desiring to be heard, or to make any protest with reference to said application should, on or before the 15th day of March 1954, file with the Federal Power Commission, Washington 25, D. C., a petition or protest in accordance with the Commission's rules of practice and procedure. The application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY,
Secretary.

CIVIL AERONAUTICS BOARD

[Docket No. 5779]

AERO FINANCE CORP; ENFORCEMENT PROCEEDING

NOTICE OF POSTPONEMENT OF HEARING

In the matter of Aero Finance Corporation enforcement proceeding.

Notice is hereby given that hearing in the above-entitled proceeding, previously assigned to be held on March 16, 1954, is postponed to April 13, 1954, at 10:00 a. m., e. s. t., in Room 5132, Commerce Building, Fourteenth Street and Constitution Avenue NW., Washington, D. C., before Examiner Ferdinand D. Moran.

Dated at Washington, D. C., March 3, 1954.

[SEAL] FRANCIS W. BROWN,
Chief Examiner.

[Docket No. 6432]

NORTH CENTRAL AIRLINES, INC.; SEGMENT 5; RENEWAL CASE

NOTICE OF HEARING

In the matter of an investigation to determine whether the public convenience and necessity require that North Central's amended temporary certificate for route No. 86 be renewed, altered, amended, or modified insofar as said certificate authorizes service by North Central over segment 5 of the above route.

Notice is hereby given pursuant to the Civil Aeronautics Act of 1938, as amended, that public hearing in the above-entitled proceeding is assigned to be held on March 23, 1954 at 10:00 a. m., c. s. t., in Rooms 1, 2 and 3, Second Floor, 1022 Nicollet Avenue, Minneapolis, Minnesota, before Examiner Joseph L. Fitzmaurice.

Without limiting the scope of the issues presented by the applications in this proceeding, particular attention will be directed to the following questions:

1. Do the public convenience and necessity require that North Central's amended temporary certificate of public convenience and necessity for route No. 86 be altered, amended, or modified insofar as said certificate authorizes service by North Central over segment 5 of said route?

2. Is North Central fit, willing and able to perform the transportation in question properly, and to conform to the provisions of the act and the rules, regulations, and requirements thereunder?

For further details of the issues involved in this proceeding interested persons are referred to the Board's order instituting the investigation (Order No. E-7943), the report of the prehearing conference, and other documents of record in this proceeding on file in the Docket Section of the Civil Aeronautics Board.

Notice is further given that any person desiring to be heard in this proceeding must file with the Board, on or before March 23, 1954, a statement setting forth the issues of fact or law raised by the investigation which he desires to controvert.

Dated at Washington, D. C., March 2, 1954.

GENERAL SERVICES ADMINISTRATION

Office of the Administrator

ASSISTANT ADMINISTRATOR

DELEGATION OF AUTHORITY TO PERFORM CERTAIN FUNCTIONS FROM MARCH 5, 1954, TO MARCH 12, 1954

1. Pursuant to the authority vested in me by section 205 (d) of the Federal Property and Administrative Services Act of 1949 (Public Law 152, 81st Congress), as amended, I hereby delegate to the Assistant Administrator full authority to exercise from March 5, 1954, to March 12, 1954, all of the powers, authorities, and functions vested in me as Administrator of General Services by the Federal Property and Administrative Services Act, 1949, and any other law, except those powers, authorities, and functions which can only be exercised by the Administrator or the Deputy Administrator of General Services pursuant to the provisions of section 101 (c) and 205 (d) of the Federal Property and Administrative Services Act, 1949, or pursuant to the provisions of other law.

2. The authority contained herein may not be redelegated and shall be exercised in accordance with such administrative procedures and controls as are in force on or after the effective date hereof.

3. This delegation of authority shall be effective March 5, 1954, to March 12, 1954.

Dated: March 2, 1954.

SECURITIES AND EXCHANGE COMMISSION

[File No. 30-68]

DERBY GAS AND ELECTRIC CORP.

NOTICE OF FILING OF APPLICATION FOR ORDER DECLARING REGISTERED HOLDING COMPANY HAS CEASED TO BE A HOLDING COMPANY

MARCH 2, 1954.

Notice is hereby given that The Housatonic Public Service Company ("Housatonic"), a public-utility company and the successor of Derby Gas & Electric Corporation ("Derby"), a registered holding company, has filed an application on behalf of Derby for an order pursuant to section 5 (d) of the Public Utility Holding Company Act of 1935 ("act") declaring that such company has ceased to be a holding company.

All interested persons are referred to said application which is on file in the offices of the Commission for a statement of the facts contained therein, which are summarized as follows:

Derby was organized under the laws of the State of Delaware as a holding company and registered with the Commission as such on November 5, 1936. Prior to December 31, 1953, Derby owned all of the outstanding voting securities, except directors' qualifying shares, of The Derby Gas and Electric Company, The Danbury and Bethel Gas and Electric Company and The Wallingford Gas Light Company, all of which were public-utility companies, and The Derby Gas and Electric Corporation of Connecticut, an inactive company.

In March 1953, Derby and its subsidiaries filed a plan with this Commission under section 11 (e) of the act under which Derby and its subsidiaries (other than The Derby Gas and Electric Corporation of Connecticut) proposed to merge into and with said The Derby Gas and Electric Corporation of Connecticut and, as a part of said merger, to change the name of the surviving corporation to The Housatonic Public Service Company which would continue the business of the Derby system as a single operating utility company. Such plan was approved by the Commission on October 9, 1953 (Holding Company Act Release No. 12165) and said plan and merger became effective at the close of business on December 31, 1953. On February 10, 1954, a Certificate of Notification was filed with the Commission stating that the merger has been carried out in accordance with the terms of the plan as approved by the Commission.

Pursuant to the provisions of the Joint Agreement of Merger between Derby and its subsidiaries and section 259 of the Delaware Corporation Law, it is represented that Derby ceased to be a holding company on December 31, 1953 since (a) it ceased to be a corporate entity and (b) it ceased to hold any voting securities of its former subsidiary companies.

Housatonic has requested that the Commission issue an order declaring that Derby has ceased to be a holding company and that its registration as such under the act unconditionally ceased to be in effect as of the close of business on December 31, 1953, subject, however, to the continuation of the reservations of jurisdiction with respect to the allowance and payment of fees and expenses incurred in connection with the foregoing plan and merger and the proceedings had with respect thereto contained in the Commission's order of October 9, 1953.

Notice is further given that any interested person may, not later than March 17, 1954, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on said application, stating the nature of his interest, the reason or reasons for such request, and the issues of fact or law raised by such matter which he proposes to controvert, or he may request to be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. Said application, as filed or amended, may be granted at any time after said date.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[F. R. Doc. 54-1599; Filed, Mar. 5, 1954; 8:46 a. m.]

[File No. 70-3188]

EASTERN UTILITIES ASSOCIATES

ORDER AUTHORIZING ISSUANCE AND SALE OF BONDS BY NEGOTIATION AND GRANTING REQUEST FOR AN EXCEPTION

MARCH 2, 1954.

Eastern Utilities Associates ("EUA"), a registered holding company, has filed with this Commission an application-declaration and amendments thereto, pursuant to section 7 of the Public Utility Holding Company Act of 1935 ("act") and Rules U-23, U-42 (b) (2), U-44 and U-50 thereunder, with respect to the following proposed transactions:

EUA presently has outstanding a $9,000,000 bank note, due April 19, 1954. As a means of retiring $7,000,000 of such bank note and in accordance with its recent reorganization plan, EUA proposes to issues and sell to institutional investors $7,000,000 principal amount of Collateral Trust Bonds, 4⅜ Percent Series, due 1978, at 100 percent of their principal amount. The application-declaration indicates that the remaining $2,000,000 of bank indebtedness will be paid from the proceeds of the sale of EUA common stock which it is stated "will take place at the earliest practicable date but not later than October 1, 1954, market conditions for the EUA shares being favorable."

The bonds will be secured by an Indenture and Deed of Trust, dated October 1, 1953, which provides for the pledging by EUA of all of the voting stock, now held or hereafter acquired, of its present public-utility subsidiaries and for an annual sinking fund of 1 percent for the first three years, 2 percent for the second three years, 3 percent for the third three years, 4 percent for the fourth three years and 5 percent thereafter.

EUA has agreed that so long as any of the bonds remain outstanding, if at the end of any calendar year the consolidated common equity ratio of EUA and its subsidiaries applicable to its common shares is less than 30 percent of total consolidated capitalization, or if at the end of any calendar year the consolidated funded debt ratio is in excess of 60 percent of such total capitalization, EUA will initiate, within 90 days after the year-end figures have been determined, appropriate proceedings, to be approved by this Commission, designed to bring such equity ratio above 30 percent or such debt ratio below 60 percent as the case may be. EUA reserves the right to request the Commission for modification of such agreement if future circumstances make such action desirable.

EUA considers Rule U-50 applicable to the proposed sale of bonds but has requested an exception from the competitive requirements of said rule. In support thereof, EUA states that in his opinion a material saving in financing costs and expenses will be effected through a private sale of its bonds, because, among other reasons, EUA has never issued any senior securities and because of the changes in its structure which occurred as a result of its recent reorganization. EUA further states that after first securing permission from this Commission, officers of EUA negotiated with various institutions but were unable to place the bonds and, again with the permission of this Commission, selected Kidder, Peabody & Co. as EUA's agent to sell the bonds. Thereafter, the bonds were placed with sixteen institutional investors, subject to the Commission's approval of the terms of the sale. EUA represents that the proposed sale will be in accordance with its aforesaid plan which provides, among other things, for the sale "to the public" of $7,000,000 of debentures or collateral trust bonds because the purpose of this language, according to EUA, was to indicate that the sale of such securities would be to purchasers other than companies within the EUA system.

The fees and expenses in connection with the issue and sale of the proposed bonds, including a finder's fee of $30,000 to Kidder, Peabody & Co. and legal fees of $26,615, are estimated to amount to $77,240.

It is stated that no State or Federal commission, other than this Commission, has jurisdiction over the proposed issue and sale of said bonds.

EUA requests that the Commission's order herein became effective upon the issuance thereof.

Due notice having been given of the filing of the application-declaration, as amended, and a hearing not having been requested of or ordered by the Commission; and

The Commission finding that the proposed sale of bonds by EUA is not inconsistent with the provisions of the aforesaid reorganization plan and that compliance with the competitive bidding requirements of Rule U-50 is not appropriate to aid the Commission in carrying out the provisions of section 7 of the act and it appearing to the Commission that EUA's request for an exception from the provisions of Rule U-50 with respect to the proposed sale of bonds should be granted; and

The Commission further finding that the applicable provisions of the act and rules promulgated thereunder are satisfied, and that no adverse findings are necessary, and deeming it appropriate in the public interest and the interest of investors and consumers that said application-declaration, as amended, should be granted and permitted to become effective forthwith, except that jurisdiction should be reserved over the payment of all fees and expenses of counsel as to which the record has not been completed:

It is ordered, That EUA's application for an exception from the competitive bidding requirements of Rule U-50 with respect to the proposed sale of bonds, be, and the same hereby is, granted forthwith.

It is further ordered, Pursuant to Rule U-23 and the applicable provisions of said act, that said declaration, as amended, with respect to the proposed issue and sale of bonds, be, and the same hereby is, permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24.

It is further ordered, That jurisdiction be, and the same hereby is, reserved with respect to the payment of fees and expenses of counsel.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F. R. Doc. 54-1597; Filed, Mar. 5, 1954; 8:46 a. m.]

[File No. 70-3192]

CENTRAL AND SOUTH WEST CORP. ET AL.

ORDER GRANTING APPLICATION AND PERMITTING DECLARATION TO BECOME EFFECTIVE FOR ISSUANCE AND SALE OF COMMON STOCK BY SUBSIDIARIES AND FOR ACQUISITION THEREOF BY PARENT

MARCH 2, 1954.

In the matter of Central and South West Corporation, Central Power and Light Company, Southwestern Gas and Electric Company; File No. 70-3192.

Central and South West Corporation ("Central"), a registered holding company, and its public-utility subsidiaries, Central Power and Light Company ("Power and Light") and Southwestern Gas and Electric Company ("Southwestern"), all of whose common stocks are owned by Central, having filed with the Commission a joint application-declaration pursuant to sections 6 (a), 7, 9 (a), 10 and 12 (f) of the Public Utility Holding Company Act of 1935 ("act") and Rules U-43 and U-50 (a) (3) of the rules and regulations promulgated thereunder with respect to the following transactions:

A. Power and Light proposes:

(1) To amend its Charter to increase the total number of authorized shares of its common stock, par value $10 per share, from 2,697,300 shares to 3,197,300 shares.

(2) To issue and sell 500,000 shares of its common stock, par value $10 per share, to Central for the sum of $5,000,000 cash.

B. Southwestern proposes to issue and sell 200,000 shares of its common stock, par value $10 per share, to Central for the sum of $2,000,000 cash.

C. Central proposes to purchase and pay for the 500,000 shares of common stock of Power and Light and the 200,000 shares of common stock of Southwestern, upon the terms stated in the foregoing paragraphs A (2) and B, respectively, except that said purchases are not interdependent. It is contemplated that the proposed transactions will be consummated on or about March 10, 1954, or within thirty days thereafter.

Applicants-declarants state that the proposed issue and sale of said shares of common stock by Power and Light and Southwestern to Central are necessary to finance, in part, the cost of the construction programs of the respective subsidiary companies.

The proposed purchase of the said shares of stock of Power and Light and Southwestern by Central will be financed with the proceeds of one or more borrowings, aggregating not to exceed $7,000,000 in principal amount, proposed to be made by Central from The First National Bank of Chicago, Bankers Trust Company, The Chase National Bank of the City of New York, Harris Trust and Savings Bank and Equitable Security Trust Company pursuant to the terms of a Loan Agreement dated as of December 17, 1953, between Central and said Banks, and in accordance with the Commission's order dated December 18, 1953 (File No. 70-3150).

Applicants-declarants state that no State commission or Federal commission, other than this Commission, has jurisdiction with respect to any of the proposed transactions.

No fees, commissions or other remuneration will be paid in connection with the proposed transactions. The estimated expenses of Central in connection with its proposed acquisition of securities will be nominal. The estimated expenses of Power and Light and Southwestern will amount to $6,500 and $3,000, respectively, and will consist primarily of the Federal stamp tax on the original issue of said shares (in the total amount of $7,700) and incidental expenses.

Applicants-declarants having requested that the Commission's order herein become effective upon issuance; and

Due notice having been given of the filing of said joint application-declaration, and a hearing not having been requested of or ordered by the Commission; and the Commission finding that the applicable provisions of the act and rules promulgated thereunder are satisfied, and that the expenses as estimated are not unreasonable; and the Commission deeming it appropriate in the public interest and in the interest of investors and consumers that said application-declaration should be granted and permitted to become effective forthwith:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that said application-declaration be, and it hereby is, granted and permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[File No. 70-3200]

BERKSHIRE GAS CO.

ORDER AUTHORIZING ISSUE AND SALE OF PROMISSORY NOTES

MARCH 1, 1954.

Berkshire Gas Company ("Berkshire"), a gas utility subsidiary of New England Electric System ("NEES"), a registered holding company, has filed a declaration pursuant to section 7 of the Public Utility Holding Company Act of 1935 ("act") and Rule U-42 (b) (2) promulgated thereunder with respect to the following proposed transactions:

Berkshire proposes to issue to five banks, from time to time but not later than April 26, 1954, unsecured promissory notes in the aggregate principal amount of $680,000. Each of said notes will mature six months after its date of issuance, and will bear interest at the prime rate of interest at the time of issuance plus ¼ of 1 percent. It is stated that said prime interest rate at the present time is 3¼ percent per annum. The purpose of said borrowing is to repay notes payable to banks aggregating $680,000, bearing interest at 3½ percent per annum, the last of which is due April 26, 1954.

Berkshire's expenses in connection with the issuance of said notes are estimated at $500. It is stated that no State commission or Federal commission, other than this Commission, has jurisdiction over the proposed transactions.

It is requested that the Commission's order be made effective upon issuance.

Due notice having been given of the filing of the declaration, and a hearing not having been requested of or ordered by the Commission; and the Commission finding that the applicable provisions of the act and the rules promulgated thereunder are satisfied and that no adverse findings are necessary, and deeming it appropriate in the public interest and in the interest of investors and consumers that said declaration be permitted to become effective forthwith:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that said declaration be, and it hereby is, permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24.

By the Commission.

[File No. 70-3204]

LOUISIANA POWER & LIGHT CO

NOTICE OF FILING REGARDING AUTHORIZATION AND ISSUE AND SALE OF NEW SERIES OF PREFERRED STOCK BY PUBLIC-UTILITY COMPANY

MARCH 2, 1954.

Notice is hereby given that Louisiana Power & Light Company ("Louisiana"), a public-utility company and a subsidiary of Middle South Utilities, Inc., a registered holding company, has filed a declaration with this Commission under the Public Utility Holding Company Act of 1935 ("act"), regarding its proposal to amend its charter to authorize 70,000 shares of a new series of preferred stock and to issue and sell such stock to the public. Declarant has designated sections 6 (a) and 7 of the act and Rule U-50 thereunder as applicable to the proposed transactions.

All interested persons are referred to said declaration which is on file in the offices of the Commission for a statement of the proposed transactions and the facts contained therein which are summarized as follows:

Louisiana now has outstanding 60,000 shares of 4.96 percent cumulative preferred stock, par value $100 per share, the entire amount of preferred stock authorized by its charter. Louisiana proposes to amend its charter so as to authorize 70,000 shares of an additional series of preferred stock to be known as Second Series Preferred Stock (its presently outstanding preferred stock to become known as First Series Preferred Stock), par value $100 per share. Each series of Louisiana's preferred stock will rank pari passu and have identical characteristics, except as to the number of shares of each series, the distinctive designation, dividend rate, date of payment of dividends, the date from which such dividends shall commence to accumulate, and the amount or amounts payable upon redemption thereof.

The Certificate of Amendment of Louisiana's charter will contain certain protective provisions regarding its preferred stock including the right, voting as a class, to elect a majority of the board of directors upon default in the payment of dividends in an amount equal to four full quarterly payments or more per share.

Louisiana proposes to obtain the consent of Middle South Utilities, Inc., the holder of all of its common stock, the only class of stock entitled to vote thereon, for authorization of the proposed new series of preferred stock.

Louisiana proposes to issue and sell, pursuant to Rule U-50, the proposed 70,000 shares of Second Series Preferred Stock in order to provide a portion of the funds needed for its 1954 construction program, estimated at approximately $19,000,000, and for other corporate purposes. The dividend rate, to be a multiple of 1/20 of 1 percent, and the price to be paid to the company for the new series of preferred stock, to be not less than $100 or more than $102.75 per share, plus accrued dividends, will be fixed by proposals to be publicly invited by the company.

Louisiana estimates that the fees and expenses to be incurred in connection with the foregoing transactions will amount to $52,000, including legal fees of $14,000, printing and engraving of $15,700 and Federal stamp taxes of $7,700.

Declarant has advised that no State, or Federal commission, other than this Commission, has jurisdiction over any of the proposed transactions.

Louisiana requests that the Commission's order herein be issued on March 16, 1954 pursuant to Rule U-23 of the rules and regulations under the act and that the Commission's order herein become effective upon issuance.

Notice is further given that any interested person may, on or before March 15, 1954, request the Commission in writing that a hearing be held on this matter, stating the nature of his interest, the reason or reasons for such request and the issues of fact or law raised by such declaration which he proposes to controvert, or he may request that he be notified if this Commission orders a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after March 15, 1954, the Commission may permit such declaration, as filed or as amended, to become effective forthwith as provided in Rule U-23 under the act, or may exempt such proposals from the provisions of the act as provided in Rules U-20 (a) and U-100 thereof.

By the Commission.

INTERSTATE COMMERCE COMMISSION

[4th Sec. Application 28963]

PLASTER, GYPSUM WALLBOARD, AND RELATED ARTICLES BETWEEN POINTS IN OFFICIAL TERRITORY

APPLICATION FOR RELIEF

MARCH 3, 1954.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: H. R. Hinsch, Alternate Agent, for carriers parties to schedule listed below.

Commodities involved: Plaster, gypsum wallboard, and related articles, carloads.

Between: Points in official territory.

Grounds for relief: Competition with rail carriers, motor carriers, circuity, and to apply rates on short-line distance formula.

Schedules filed containing proposed rates: H. R. Hinsch, Alternate Agent, I. C. C. No. 4577, Supplement 4.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

[4th Sec. Application 28964]

SODA ASH AND CAUSTIC SODA FROM LAKE CHARLES AND WEST LAKE CHARLES, LA., TO ST. LOUIS, MO. DISTRICT

APPLICATION FOR RELIEF

MARCH 3, 1954.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: F. C. Kratzmeir, Agent, for and on behalf of the Kansas City Southern Railway Company and Gulf, Mobile and Ohio Railroad Company.

Commodities involved: Soda ash and caustic soda.

From: Lake Charles and West Lake Charles, La.

To: St. Louis, Mo., East St. Louis, Alton, Federal, Roxana and Wood River, Ill.

Grounds for relief: Competition with rail carriers, circuity, additional route.

Schedules filed containing proposed rates: F. C. Kratzmeir, Agent, I. C. C. No. 4087, supplement 9.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

[4th Sec. Application 28965]

SAND FROM MARION, KY., TO OFFICIAL AND ILLINOIS TERRITORIES INCLUDING OLIVE HILL AND ASHLAND, KY.

APPLICATION FOR RELIEF

MARCH 3, 1954.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: R. E. Boyle, Jr., Agent, for carriers parties to schedule listed below.

Commodities involved: Sand, carloads.

From: Marion, Ky.

To: Specified points in official and Illinois territories including Olive Hill and Ashland, Ky.

Grounds for relief: Competition with rail carriers, circuity, and to apply rates on short-line distance formula.

Schedules filed containing proposed rates: C. A. Spaninger, Agent, I. C. C. No. 1315, supplement 44.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. FEDERAL REGISTER

VOLUME 19 NUMBER 46

Washington, Tuesday, March 9, 1954

TITLE 7—AGRICULTURE

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

[Lemon Reg. 526, Amdt. 1]

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

Findings. 1. Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR Part 953; 18 F. R. 6767), regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice and engage in public rule-making procedure, and postpone the effective date of this amendment until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient, and this amendment relieves restriction on the handling of lemons grown in the State of California or in the State of Arizona.

Order, as amended. The provisions in paragraph (b) (1) (ii) of § 953.633 (Lemon Reg. 526, 19 F. R. 1111) are hereby amended to read as follows:

(ii) District 2, 250 carloads.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 4th day of March 1954.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Division, Agricultural Marketing Service.

GRADE AND SIZE REGULATIONS

Sec.
993.48 Receiving of natural condition prunes by handlers.
993.49 Regulation of the handling of prunes subsequent to their receipt by handlers.
993.50 Regulation of the handling of prunes during any crop year when the estimated seasonal average price is in excess of parity.

SALABLE AND SURPLUS TONNAGE REGULATIONS

993.59 Salable and surplus percentages.
993.60 Salable tonnage.
993.61 Surplus tonnage.
993.62 Diversion privileges.
993.63 Disposition of surplus tonnage.

REPORTS AND BOOKS AND OTHER RECORDS

993.71 Confidential information.
993.72 Reports of acquisitions, sales, uses, and shipments.
993.73 Reports of prices.
993.74 Reports of surplus tonnage.
993.75 Other reports.
993.76 Records.
993.77 Verification of reports.

EXPENSES AND ASSESSMENTS

993.80 Expenses.
993.81 Assessments.
993.82 Funds.

MISCELLANEOUS PROVISIONS

993.84 Personal liability.
993.85 Separability.
993.86 Derogation.
993.87 Duration of immunities.
993.88 Agents.
993.89 Effective time.
993.90 Termination or suspension.
993.91 Procedure upon termination.
993.92 Effect of termination or amendment.
993.93 Amendments.
993.97 Exhibit A, minimum standards.

AUTHORITY: §§ 993.1 to 993.97 issued under sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c.

§ 993.0 *Findings and determinations*—(a) *Findings upon the basis of the hearing record.* (1) The findings hereinafter set forth are supplementary and in addition to the findings and determinations which were made in connection with the original issuance of (14 F. R. 5254) of the marketing agreement and order, as supplemented by the findings and determinations which were made in connection with the issuance (16 F. R. 8437) of the amendment of such marketing agreement and order which was issued on August 17, 1951, and all of said previous findings and determinations, except the findings as to the base period for the parity computation, are hereby ratified and confirmed except insofar as such findings and determinations may be in conflict with the findings set forth herein; (2) the amended order, as hereinafter set forth, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act; (3) said amended order will be applicable only to persons in the respective classes of industrial and commercial activities specified or necessarily included, in the proposals upon which the amendment hearing has been held; and (4) there are no differences in the production and marketing of dried prunes in the production area covered by said amended order, which make necessary different terms applicable to different parts of such area.

(b) *Additional findings.* It is hereby further found that it is impracticable and contrary to the public interest to postpone the effective date of this further amended order until 30 days after publication in the FEDERAL REGISTER (see 5 U. S. C. 1001 et seq.). Included in the further amended order is a provision relating to the election of independent producer member and alternate member nominees which requires that prior to March 1 of each election year (of which 1954 is one) the committee shall cause a meeting to be held in each of the seven election districts for the purpose of obtaining names of proposed candidates for nomination to the Secretary for selection as members and alternate members for the respective districts. Provisions also are made for balloting by mail for the independent producer nominees subsequent to such meetings. Heretofore, nominees were elected directly in meetings held for that purpose prior to March 31 of each election year. In order to insure operations in conformity with the new provisions relating to nominations of committee members and alternate members and to effectuate the declared policy of the act, it is necessary that this further amended order be made effective as soon as practicable. The provisions of the further amended order are well known to the handlers of dried prunes since the public hearing on the proposed amendments was held in April 1953, and the recommended decision and the final decision were published in the FEDERAL REGISTER on September 2, 1953 (18 F. R. 5304), and January 1, 1954 (19 F. R. 17), respectively; and copies of the regulatory provisions of said regulation have been made available to all known interested persons.

In view of such advance information, compliance with the provisions of the further amended order by handlers will not require any advance preparation. In these circumstances, the provisions of this further amended order are hereby made effective as of the date of the publication of this document in the FEDERAL REGISTER.

(c) *Determinations.* It is hereby determined that: (1) The marketing agreement, as further amended, regulating the handling of dried prunes produced in California, which includes amendments upon which the aforesaid public hearing was held, has been executed by handlers (excluding cooperative associations of producers who are not engaged in processing, distributing, or shipping dried prunes covered by this amended order) who handled not less than 50 percent of the volume of such dried prunes covered by this amended order;

(2) The issuance of this further amended order is favored or approved by at least two-thirds of the producers who participated in a referendum on the question of its approval and who, during the determined representative period (August 1, 1952 through July 31, 1953), were engaged, within the State of California, in the production for market of prune plums for drying or dehydrating into prunes; and

(3) The issuance of this further amended order is favored or approved by producers who participated in a referendum on the question of its approval and who, during the aforesaid representative period, produced for market at least two-thirds of the volume of prune plums for drying or dehydrating into prunes represented in such referendum and produced within the State of California for market.

Order relative to handling. It is, therefore, ordered, that the handling of dried prunes produced in California shall, from the effective time of this amended order, be in conformity to, and in compliance with, the terms and conditions of this amended order.

DEFINITIONS

§ 993.1 *Secretary.* "Secretary" means the Secretary of Agriculture of the United States, or any other officer or employee of the United States Department of Agriculture who is, or who may hereafter be, authorized to exercise the powers and to perform the duties of the Secretary under the act.

§ 993.2 *Act.* "Act" means Public Act No. 10, 73d Congress, as amended and reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.).

§ 993.3 *Person.* "Person" means an individual, partnership, corporation, association, or any other business unit.

§ 993.4 *Prunes.* "Prunes" means and includes all sun-dried or artificially dehydrated plums, of any type or variety, produced from plums grown in the State of California, except: (a) Sulfur-bleached prunes which are produced from yellow varieties of plums and are commonly known as silver prunes; (b) plums which have not been dried or dehydrated to a point where they are capable of being stored prior to packaging, without deterioration or spoilage, unless refrigeration or other artificial means of preservation are used, and so long as they are treated by a process which is in conformity with, or generally similar to, the processes for treatment of plums of that type which have been developed or recommended by the Food Technology Division, College of Agriculture, University of California, for the specialty pack known as "high moisture content prunes," but this exception shall not apply if and when such plums are dried to the point where they are capable of being stored, without deterioration or spoilage, unrefrigerated or not otherwise artificially preserved; and (c) prunes as used in § 993.62.

§ 993.5 *Natural condition prunes.* "Natural condition prunes" means prunes which have not been processed.

§ 993.6 *Processed prunes.* "Processed prunes" means prunes which have been cleaned, or treated with water or steam: *Provided*, That prunes shall not become processed prunes at the time they are cleaned by a producer or a dehydrator in the course of preparing them for delivery to a producer, dehydrator, or handler.

§ 993.7 *Standard prunes.* "Standard prunes" means any lot of natural condition prunes meeting the applicable grade and size standards prescribed pursuant to § 993.48.

§ 993.8 *Standard processed prunes.* "Standard processed prunes" means any lot of processed prunes meeting the applicable grade and size standards prescribed pursuant to § 993.49.

§ 993.9 *Substandard prunes.* "Substandard prunes" means any lot of processed or natural condition prunes failing to meet the applicable grade and size standards prescribed pursuant to §§ 993.48 and 993.49.

§ 993.10 *Handle.* "Handle" means to receive, process, package, sell, consign, transport, or ship or in any other way to place prunes in the current of commerce (except as a carrier of prunes owned by another person), whatever may be the ultimate destination or end use of the prunes: *Provided*, That this term shall not include: (a) The selling or delivering of prunes by a producer or dehydrator to a producer, dehydrator, or handler within the State of California; (b) the receiving of prunes by a producer or dehydrator from a producer or dehydrator; and (c) the buying, receiving, selling, or otherwise dealing by a person with prunes which have already been handled within the meaning of this definition by another person, but this exclusion shall be of no effect for the purpose of applying the applicable restrictions of § 993.49 or § 993.50 to the subsequent handling of prunes in the event a handler's prunes are excepted from restrictions in the manner specified in § 993.49 (e) (1) or § 993.50 (c).

§ 993.11 *Handler.* "Handler" means any person who handles prunes.

§ 993.12 *Dehydrator.* "Dehydrator" means any person who produces prunes by drying or dehydrating plums by means of sun-drying or artificial heat.

§ 993.13 *Producer.* "Producer" means any person who is engaged, in a proprietary capacity, in growing plums for drying or dehydrating into prunes.

§ 993.14 *Ton.* "Ton" means a short ton of 2,000 pounds.

§ 993.15 *Grade.* "Grade" means the classification of prunes for quality and condition according to the grading specifications established pursuant to the provisions of this subpart.

§ 993.16 *Size.* "Size" means the number of prunes contained in a pound or the classification of prunes into their various count groups in accordance with the usual practice of the industry.

§ 993.17 *Crop year.* "Crop year" means the 12-month period beginning August 1 of any year and ending July 31 of the following year.

§ 993.18 *Domestic.* "Domestic" means the continental United States, Alaska, Canal Zone, Hawaii, Puerto Rico, Virgin Islands, and Canada.

§ 993.19 *Proper storage.* "Proper storage" means storage of such character as will maintain prunes in the same condition as when received by the handler, except for normal and natural deterioration and shrinkage.

§ 993.20 *Part and subpart.* "Part" means the order regulating the handling of dried prunes produced in California, and all rules, regulations, and supplementary orders issued thereunder. This order regulating the handling of dried prunes produced in California shall be a "subpart" of such part.

PRUNE ADMINISTRATIVE COMMITTEE

§ 993.24 *Establishment of Prune Administrative Committee.* A Prune Administrative Committee (hereinafter referred to as the "committee"), consisting of 21 members, with an alternate member for each such member, is hereby established to administer the terms and provisions of this part, of whom, with their respective alternates, 14 shall represent producers and 7 shall represent handlers.

§ 993.25 *Term of office.* The term of office of members, and their respective alternates, shall be two years, ending on May 31 of even numbered years, and any later date which may be necessary for the selection and qualification of their respective successors.

§ 993.26 *Selection.* Selection of members of the committee, and their respective alternates, shall be made by the Secretary, for the producer and handler groups from the nominations submitted for that purpose by the respective groups except as otherwise provided in § 993.32, or from among other qualified persons, in the discretion of the Secretary, but such selections shall be made by the Secretary from the classes within each group and in the proportions set forth in § 993.28.

§ 993.27 *Eligibility.* Each producer member and alternate member of the committee selected to represent a district described in § 993.28 (a) (1) shall be, at the time of his selection and during his term of office, a producer in the district for which he is selected, and shall not be engaged in the handling of prunes, either in a proprietary capacity or as a director, officer, or employee. Each producer member and alternate member of the committee selected to represent producers-at-large in the manner contemplated in §§ 993.26 and 993.28 (a) (3) may be, at the time of his selection and during his term of office, a producer in any district, but he shall not be engaged in the handling of prunes, either in a proprietary capacity or as a director, officer, or employee. Each handler member and alternate member of the committee shall be either a handler of prunes, or an employee, or agent of a handler of prunes, actually engaged in the handling of prunes while he is such member or alternate member.

§ 993.28 *Nominees*—(a) *Producer nominees*—(1) *Independent producers.* Prior to March 1 of each election year, the committee shall cause to be held, in each of the seven election districts which are described below in this subparagraph, a meeting for the purpose of obtaining names of proposed candidates for nomination to the Secretary for selection as members and alternate members for the respective districts. Each such candidate must be a producer in the district for which he is proposed. Prior to March 15 of that election year, the committee shall prepare for each district and mail to each producer of record in that district who is not a member of a cooperative marketing association a ballot containing the names of such proposed candidates for that district, and the ballot shall also contain blank spaces for use by the voters in writing in the names of any other eligible producers for whom they may wish to vote in lieu of any of those listed. However, the committee may, if it should deem such action to be desirable, use such a ballot for two or more districts jointly: *Provided*, That the returns shall be considered in the light of the voting by each district separately, and subject to the terms and conditions specified herein which are applicable to voting in the individual districts. Each voter shall be entitled to cast only one vote for a member nominee and only one vote for an alternate member nominee in a district in which he is a producer, and no voter shall vote for candidates in more than one district. In case he is a producer in more than one district, he shall elect in which of such districts he will vote and notify the committee as to his choice. In order to be counted, such a mail ballot must be executed and returned to the committee postmarked not later than the following March 31. One nominee for member and one nominee for alternate member for each district shall be submitted to the Secretary by the committee on the basis of those receiving the plurality of the mail ballots cast for the respective positions in the particular district. The seven districts which are referred to above are described as follows:

District No. 1. The counties of Modoc, Lassen, Plumas, Sierra, Butte, Sutter, Yuba, Nevada, and Placer.

District No. 2. The counties of Napa and Solano.

District No. 3. The counties of Mendocino, Lake, Sonoma, Marin, Del Norte, and Humboldt.

District No. 4. The counties of San Francisco, San Mateo, and Santa Cruz, and all that portion of the territory in Santa Clara County west of a line described as follows: Beginning at the intersection of Alviso Road and San Francisco Bay in Alviso; thence south via Alviso Road to First Street in San Jose; thence south on said First Street to San Carlos Street in San Jose; thence west on San Carlos Street to Meridian Road; thence south on Meridian Road to Dry Creek Road; thence west on Dry Creek Road to the San Jose-Los Gatos Highway; thence southwesterly on the San Jose-Los Gatos Highway to Union Avenue, also known as Ware Avenue; thence south on Union Avenue, also known as Ware Avenue, along a straight line continuing to the Santa Cruz County line.

District No. 5. All of Alameda County and that part of Santa Clara County east and south of District No. 4, extending in a southerly direction to a straight line extending from along the main portion of the Cochran Road, northeasterly to the Stanislaus County line and southwesterly to the Santa Cruz County line.

District No. 6. The counties of San Benito, Monterey, and San Luis Obispo, and all of that portion of Santa Clara County not included in Districts No. 4 and No. 5.

District No. 7. All of the counties in the State of California not included in Districts No. 1 to No. 6, inclusive.

At any time the Secretary concludes that the respective areas covered by the aforementioned seven districts, as delineated above, no longer represent approximately equal segments from the standpoints of numbers of producers of prunes or productions of prune tonnages, he may change such areas with a view to reestablishing such equalization on the basis of the existing situations.

(2) *Cooperative producers.* Prior to March 1 of each election year, the committee shall report to the Secretary the total tonnage of prunes handled by all handlers as the first handlers thereof and the total tonnage of prunes handled by cooperative marketing associations as the first handlers thereof during the crop year preceding such election year. Prior to March 15 of each election year, the Secretary shall determine and announce the number of producer member nominees and producer alternate member nominees which shall be nominated by cooperative marketing associations handling prunes on behalf of their members. Such number of nominees shall bear, as far as practicable, the same percentage compared to the total of 14 producer members and their alternates as the prune tonnage handled by cooperative marketing associations as the first handlers thereof bears to the total tonnage handled by all handlers as the first handlers thereof during the crop year preceding such election year. Prior to March 31 of each election year the cooperative marketing associations handling prunes shall nominate to the Secretary on behalf of their members such number of producer nominees and their respective alternates.

(3) *Producers-at-large.* The number of nominees and their respective alternates then required to make up the total of 14 producer member nominees and their alternates shall be nominated to the Secretary by the seven independent producer nominees nominated for members on the committee pursuant to the provisions of this section. Such nominations shall be made prior to April 15 and shall be by majority vote.

(b) *Handler nominees.* Prior to March 15 of each election year, the Secretary shall determine and announce the number of handler member nominees and handler alternate member nominees which shall be nominated by cooperative marketing associations handling prunes, on the same basis as his determination of the number of cooperative producer nominees, as set forth in paragraph (a) (2) of this section, and at the same time he shall determine and announce, for those handlers who are not cooperative marketing associations (referred to in this subpart as "independent handlers"), the number of handler member nominees and handler alternate member nominees to be nominated by large handlers, the number to be nominated by medium handlers, and the number to be nominated by small handlers. Large handlers shall be deemed to be those who during the preceding crop year individually handled as the first handlers thereof, 17 or more percent of the total tonnage handled by independent handlers as the first handlers thereof; medium handlers, those who during the preceding crop year individually handled as the first handlers thereof, eight or more percent but less than 17 percent of the total tonnage handled by independent handlers as the first handlers thereof; and small handlers, those who during the preceding crop year individually handled as the first handlers thereof, less than eight percent of the total tonnage handled by independent handlers as the first handlers thereof. The Secretary shall, in his discretion and insofar as it is possible to do so, apportion 40 percent of the independent handler nominees to large handlers, 20 percent of the independent handler nominees to medium handlers, and 40 percent of the independent handler nominees to small handlers, but in the event that these proportions cannot be followed, there shall be at least one independent handler member nominee and handler alternate member nominee apportioned to each of the three classes of independent handlers, and the nominees for any remaining member positions, including the respective alternates, shall be apportioned to the size class or classes as determined at a general meeting of independent handlers which shall be called for that purpose by the committee, such determination to be made on the basis of a majority vote of all independent handlers who are present at such meeting and participate in the voting, and on the further basis of one vote for each such handler in each balloting. Prior to March 31 of each election year, the cooperative marketing associations handling prunes shall nominate to the Secretary such number of handler member nominees and their respective alternates as the Secretary has determined and announced for cooperative marketing associations. Prior to March 31, at a meeting called for that purpose by the committee, each class of independent handlers shall nominate the number of handler member nominees and their respective alternates as determined and announced by the Secretary for each class, respectively. At such meeting, nominations shall be made by each class of independent handlers for nominees of that class, on the basis of a majority vote of all handler members of that class present and participating in the voting and on the further basis of one vote for each handler in each class in each balloting for nominees of that class.

§ 993.29 *Alternates.* An alternate for a member of the committee shall act in the place and stead of such member (a) during his absence, and (b) in the event of his removal, resignation, disqualification, or death, until a successor for such member's unexpired term has been selected and has qualified.

§ 993.30 *Failure to nominate.* In the event nominations for any positions on the committee are not received within the prescribed periods, the Secretary may select such members or their alternates, without regard to nominations, but each such selection shall be on the bases prescribed in § 993.28.

§ 993.31 *Acceptance.* Each person selected as a member or alternate member of the committee shall, prior to serving on the committee, qualify by filing with the Secretary a written acceptance within 15 days after receiving notice of his selection.

§ 993.32 *Vacancies.* In the event of any vacancy occasioned by the failure of any person selected as a member or alternate member of the committee to qualify, or, by the removal, resignation, disqualification, or death of any member or alternate member, a successor for such person's unexpired term shall be nominated within 60 calendar days after such vacancy occurs. Such nomination shall be made in the manner provided for in this subpart, insofar as applicable, except that nominations for independent producer member and alternate member positions may, at the discretion of the committee, be made to the committee by the incumbents of the remaining independent producer member positions.

§ 993.33 *Obligations.* Upon the removal, resignation, disqualification, or expiration of the term of office of any member or alternate member of the committee, such member or alternate member shall account for all receipts and disbursements and deliver to his successor, to the committee, or to a designee of the Secretary all property (including, but not limited to, all books and records) in his possession or under his control as member or alternate member, and he shall execute such assignments and other instruments as may be necessary or appropriate to vest in such successor, committee, or designee full title to such property and funds, and all claims vested in such member or alternate member. Upon the death of any member or alternate member of the committee, full title to such property, funds, and claims vested in such member or alternate member shall be vested in his successor or, until such successor has been selected and has qualified, in the committee.

§ 993.34 *Voting procedure and verbatim record.* Except as specifically otherwise provided in this section, all decisions of the committee shall be by majority vote of the members present and voting and a quorum must be present. A quorum shall consist of at least 12 members of whom at least eight must be producer members and at least four must be handler members. Except in case of emergency, a minimum of five days' advance notice must be given with respect to any meeting of the committee. In case of an emergency, to be determined within the discretion of the chairman of the committee, as much advance notice of a meeting as is practicable in the circumstances shall be given. The committee may vote by mail or telegram upon due notice to all members, but any proposition to be so voted upon first shall be explained accurately, fully, and identically by mail or telegram to all members. When any proposition is submitted for voting by such method, one dissenting vote shall prevent its adoption. Any recommenda-

tion submitted to the Secretary by the committee, pursuant to the requirements of §§ 993.41 through 993.45, §§ 993.48 through 993.50, or §§ 993.59 through 993.63, shall be on the basis of an affirmative vote by at least 75 percent of the members present (in case of fractional numbers, expressed in terms of the next highest whole number): *Provided*, That, at least 11 members vote affirmatively on any such recommendation. The committee shall file with the Secretary, along with recommendations submitted to the Secretary pursuant to the requirements of §§ 993.41 through 993.45, §§ 993.48 through 993.50, or §§ 993.59 through 993.61, a verbatim record of those portions of its meetings relative to such requirements. Whenever the committee votes on any matter involving a recommendation or proposal to the Secretary, it shall report promptly to the Secretary the individual votes cast in connection therewith, and, in addition, the committee shall report to the Secretary the individual votes cast in connection with any other matter on which there is a roll call.

§ 993.35 *Compensation and expenses.* The members of the committee, and their alternates when acting as members, shall receive $10.00 per day for each day devoted to performing their duties hereunder, plus their reasonably necessary expenses.

§ 993.36 *Powers.* The committee shall have the following powers:

(a) To administer the terms and provisions of this subpart;

(b) To make rules and regulations to effectuate the terms and provisions of this subpart;

(c) To receive, investigate, and report to the Secretary complaints of violations of this subpart; and

(d) To recommend to the Secretary amendments to this subpart.

§ 993.37 *Duties.* The committee shall have, among others, the following duties:

(a) To act as intermediary between the Secretary and any producer, dehydrator, or handler;

(b) To keep minutes, books, and other records which shall clearly reflect all of its acts and transactions, and such minutes, books, and other records shall be subject to examination by the Secretary at any time;

(c) To make, subject to the prior approval of the Secretary, scientific and other studies, and assemble data on the producing, handling, shipping, and marketing conditions relative to prunes, which are necessary in connection with the performance of its official duties;

(d) To select, from among its members, a chairman and other appropriate officers, and to adopt such rules and regulations for the conduct of the business of the committee as it may deem advisable;

(e) To appoint or employ such other persons as it may deem necessary, and to determine the salaries and define the duties of such persons;

(f) To submit to the Secretary not later than the fourth Tuesday of July of each year, a budget of its anticipated expenditures and the recommended rate of assessment for the ensuing crop year, and the supporting data therefor;

(g) To submit to the Secretary such available information with respect to prunes as the committee may deem appropriate, or as the Secretary may request;

(h) To prepare and submit to the Secretary monthly statements of the financial operations of the committee, exclusive of surplus tonnage operations, and to make such statements, together with the minutes of the meetings of said committee, available for inspection at the offices of the committee, by producers, dehydrators, and handlers;

(i) To prepare and submit to the Secretary annually, as soon as practicable after the end of each crop year and at such other times as the committee may deem appropriate or the Secretary may request, a statement of the financial operations of the committee with respect to the surplus tonnage for such crop year and to make such statement available at the offices of the committee, for inspection by producers, dehydrators, and handlers;

(j) To cause the books of the committee to be audited by a certified public accountant at least once each crop year, and at such other times as the committee may deem necessary or as the Secretary may request. Such report shall show, among other things, the receipt and expenditures of funds. At least two copies of such audit report shall be submitted to the Secretary; a copy of each such report shall be available, at the offices of the committee, for inspection by producers, dehydrators, and handlers;

(k) To give the Secretary the same notice of meetings of the committee as is given to the members of the committee;

(l) To give producers, dehydrators, and handlers reasonable advance notice of meetings of the committee, and to maintain all such meetings open to such persons;

(m) To investigate compliance with the provisions of this subpart and with any rules and regulations established pursuant to such provisions; and

(n) To establish, with the approval of the Secretary, such rules and procedures relative to administration of this subpart as may be consistent with the provisions contained in this subpart and as may be necessary to accomplish the purposes of the act and the efficient administration of this subpart.

MARKETING POLICY

§ 993.41 *Report of marketing policy.* Prior to the beginning of each crop year, the committee shall prepare and submit to the Secretary a report setting forth its marketing policy for the regulation of the handling of prunes in such crop year, pursuant to §§ 993.48 through 993.63. Such report shall include the data and information used by the committee in the formulation of such marketing policy. In developing the marketing policy, the committee shall give consideration to the following factors:

(a) The estimated tonnage of prunes from preceding crop years held by handlers;

(b) The estimated tonnage of prunes from preceding crop years held by producers and dehydrators;

(c) The estimated production of prunes in such crop year;

(d) An appraisal of the quality and size of prunes of the crop to be produced in such crop year;

(e) The estimated tonnage of prunes marketed in recent crop years in domestic commerce, segregated by uses;

(f) The estimated tonnage of prunes marketed in recent crop years in foreign commerce, segregated by countries or groups of countries in such a way as to indicate the variables, if any, in the tonnages marketed in each such country or groups of countries under different pricing conditions;

(g) The current prices being received for prunes by producers, dehydrators, and handlers;

(h) The trend and level of consumer income;

(i) The estimated probable market requirements for prunes in such crop year in domestic commerce, segregated by uses;

(j) The estimated probable market requirements for prunes in such crop year in foreign commerce, segregated by countries or groups of countries in such a way as to reflect the apparent variables, if any, in such requirements under different pricing conditions;

(k) Such factors, in supplying foreign commerce, as may tend to directly affect, burden, and obstruct the normal channels of domestic commerce;

(l) Such other factors as may have a bearing on the marketing of prunes; and

(m) In the event that the committee contemplates that it will recommend to the Secretary that the salable and surplus percentages for a particular crop year should be established pursuant to the provisions of § 993.59 (b), it shall also consider, formulate, and include in its marketing policy its recommendations as to terms and conditions, including pricing formulae, for the sale of surplus tonnage that may be disposed of pursuant to the provisions of § 993.63 (b) (2), and a compensating payment calculated to move the desired quantity of prunes in export in accordance with said § 993.63 (b) (2).

§ 993.42 *Policy meeting.* The committee shall hold its initial policy meeting for the purpose of formulating and adopting the marketing policy for any crop year not later than the third Tuesday in June preceding the beginning of such crop year. It shall hold another meeting in this connection not later than the following July 12 (except that, if such date should fall on a legal holiday, a Saturday, or a Sunday, not later than the following work day) for the purpose of reconsidering its original marketing policy for the ensuing crop year, including the consideration of the Secretary's tentative views in respect thereto, submitted pursuant to § 993.43. The committee shall submit to the Secretary, as promptly as practicable after the conclusion of this second policy meeting, a report showing any revisions or changes it desires to make in its marketing policy for the ensuing crop year as formulated at its first meeting, together with the supporting data and reasons therefor. In the event the committee has recommended that the salable and surplus percentages for the ensuing crop year should be established pursuant to the provisions of § 993.59 (b), the Secretary shall have the right to disapprove any terms and conditions, including pricing formulae and compensating payment, submitted by the committee pursuant to the provisions of § 993.41 (m), within seven calendar days after he receives in Washington, D. C., the committee's policy report developed at said second marketing policy meeting.

§ 993.43 *Time of submission and Secretary's tentative views.* The original marketing policy report, together with any committee recommendation pursuant to § 993.41 (m), for any crop year shall be submitted to the Secretary within ten days after the policy meeting specified in § 993.42. The Secretary shall notify the committee of his tentative views in respect to the committee's marketing policy as soon as reasonably practicable after he receives the report thereon.

§ 993.44 *Subsequent modifications or changes.* In the event the committee subsequently determines that the marketing policy developed pursuant to § 993.42 should be modified or changed by reason of changes in economic or other conditions, it shall make such modification or change in the manner provided for above for the original formulation of a marketing policy, insofar as applicable, and shall submit promptly a report of such modified or changed marketing policy to the Secretary, along with the data which it considered in connection with the making of such modification or change: *Provided*, That, in case the salable and surplus percentages for the particular crop year were established pursuant to the provisions of § 993.59 (b), the Secretary shall notify the committee promptly of his views in regard to such modifications or changes, including any disapproval thereof.

§ 993.45 *Notice.* The committee shall promptly give reasonable publicity to producers, dehydrators, and handlers of the contents of each marketing policy report submitted to the Secretary and of each report modifying or changing a marketing policy. Such publicity may be given through newspapers having general circulation in the area or through other channels, but the committee may use any or all of such media. Copies of all such reports shall be maintained in the offices of the committee where they shall be available for examination by producers, dehydrators, and handlers.

GRADE AND SIZE REGULATIONS

§ 993.48 *Receiving of natural condition prunes by handlers*—(a) *General.* In order to effectuate the declared policy of the act, no handler shall receive prunes from producers or dehydrators, except in accordance with the terms and conditions with respect to grades and sizes set forth in this section: *Provided*, That no handler shall receive any prunes (either as standard prunes or as substandard prunes) from producers or dehydrators, unless such prunes have been properly dried and cured in original natural condition, without the addition of water, and free from active insect infestation, so that they are capable of being received, stored, and packed without deterioration or spoilage. Any high moisture content prunes, as described in the exception in § 993.4 (b), in the possession of a handler, shall be held separate and apart from any surplus prunes (including both standard and substandard prunes) held by him. If, and so long as, a handler commingles his salable prunes with any surplus prunes, this prohibition as to storage shall apply to the entire mass. In the event such high moisture content prunes are dried or dehydrated to a point where they are capable of being stored, without deterioration or spoilage, unrefrigerated or not otherwise artificially preserved, they shall be deemed, at that time, to have been received by such handler as prunes, and to be subject to all of the conditions and restrictions of this subpart.

(b) *Regulation.* Continuing until such regulation is superseded by other regulations prescribed by the Secretary, no handler shall receive prunes from producers or dehydrators, other than as substandard prunes, unless they meet the minimum standards for natural condition prunes as set forth in § 993.97 (Exhibit A).

(c) *Superseding regulation.* In case the committee should recommend to the Secretary that the minimum standards as to grade, as provided for in paragraph (b) of this section, should be superseded by other minimum standards as to grades and sizes, it shall submit its recommendation to the Secretary, together with the data and information upon which it acted in making such recommendation, including information as to factors affecting the supply of, and demand for, prunes by grades and sizes, and such other information as the Secretary may request. The Secretary shall issue such superseding regulation if he finds, upon the basis of the recommendation and supporting data submitted to him by the committee, or from other pertinent information available to him, that to do so would tend to effectuate the declared policy of the act. Any such superseding regulation, insofar as it applies to grades, shall not be below the applicable minimum standards for grades of natural condition prunes as set forth in § 993.97 (Exhibit A), and any such minimum standards for grades shall provide a maximum tolerance for total defects, and may provide a maximum tolerance for single defects or classes of defects. Any superseding regulations issued by the Secretary shall subsequently be modified, suspended, or terminated, in case he finds that the pertinent facts and circumstances so warrant; and the committee, in submitting any recommendation therefor to the Secretary, shall, in each instance, submit to him the information and data on the basis of which such recommendation is made. The committee shall promptly give reasonable publicity to producers, dehydrators, and handlers of each recommendation submitted by it to the Secretary and of each superseding regulation issued by the Secretary. Such publicity may be given through newspapers having general circulation in the area or through other channels, but the committee may use any or all of such media. In addition, the committee shall give written notice by registered mail of each superseding regulation issued by the Secretary to all handlers of whom the committee has a record.

(d) *Inspection.* Each handler shall, at his own expense, cause an inspection to be made of prunes tendered to him by any producer or dehydrator. Prior to accepting any such tender of prunes as prunes meeting the applicable minimum standards for grades and sizes, each such handler shall obtain a certificate that the prunes meet the aforementioned requirements for standard prunes as established pursuant to the provisions of paragraphs (b) or (c) of this section, and said handler shall submit such certificate, or cause it to be submitted, together with such other instruments and records as the committee may require, to the committee. Such certificates shall be issued by inspectors of the Dried Fruit Association of California, No. 1 Drumm Street, San Francisco, California. The Secretary may designate another inspection agency in the event the services of the Dried Fruit Association of California prove unsatisfactory. Any prunes so certified as meeting the applicable requirements shall be known and referred to as standard prunes.

(e) *Substandard natural condition prunes*—(1) *Producer's or dehydrator's options.* Any natural condition prunes tendered to a handler by a producer or dehydrator which fail to meet the applicable minimum standards as to grades and sizes, may: (i) At the producer's or dehydrator's option, be returned to such producer or dehydrator for sorting; or, (ii) by agreement between such producer and handler or dehydrator and handler, be received pursuant to the provisions of subparagraph (2) of this paragraph; or, (iii) be turned over to the handler unsorted to be held by him, as substandard natural condition prunes, for the account of the committee. Any such substandard prunes, except as otherwise specifically provided, shall be treated the same as, and be subject to, the same provisions respecting surplus prunes, as contained in §§ 993.59 through 993.63, and, except those referred to in subparagraph (2) of this paragraph, shall be held by a handler separate and apart from any standard prunes held by him.

(2) *Equivalent quantity basis.* In the event a producer or dehydrator should elect to arrange with a handler for the receiving of substandard prunes tendered by him to such handler for sorting or disposing of such prunes unsorted in conformity with the provisions of this subpart, the inspection agency designated to make inspections of prunes shall issue, at the handler's expense, a certificate of appraisal on such prunes so tendered, which shall show the percentage thereof comprising offgrade prunes necessary to be removed therefrom for the remainder to be standard prunes. A quantity of prunes equivalent to the weight of such offgrade prunes represented by the application of such

percentage to the total tonnage so appraised and certified shall be treated as substandard prunes and held as such for the account of the committee: *Provided*, That any prunes so treated as substandard prunes shall be in conformity with the applicable requirements as set forth in subparagraph (3) of this paragraph and § 993.63 (f). No certificate of inspection on such substandard natural condition prunes so tendered shall be required pursuant to this section after a certificate of appraisal has been issued applicable to such prunes.

(3) *Comparable size requirement of prunes treated as surplus substandard prunes.* The weighted average size count of substandard prunes of a size count of 121 or less prunes per pound which are held for the account of the committee by a handler on the equivalent quantity basis prescribed in subparagraph (2) of this paragraph shall not exceed by more than five prunes per pound, when delivered to the committee the weighted average size count of such offgrade prunes in appraisal lots as shown on the applicable certificates of appraisal issued to the handler for that crop year. The weighted average size count of substandard prunes of a size count of 121 or less prunes per pound, which are turned over to a handler unsorted to be held by him as substandard prunes, for the account of the committee, shall be no greater when delivered to the committee than the weighted average size count of such offgrade prunes as shown on the applicable certificates of inspection issued to the handler for that crop year, except for such tolerance allowances in connection with shrinkage in weight as the committee may establish. Any substandard prunes of a size count of 122 or more prunes per pound, whether received as such or in appraisal lots, which are held for the account of the committee by a handler shall have no limitation with respect to the weighted average size count thereof when delivered to the committee: *Provided*, That such substandard prunes shall be treated as a size category separate and apart from any other substandard prunes held by the handler, and when delivered to the committee, the weighted average size count thereof shall not be averaged in with nor affect the weighted average size count of any other substandard prunes which the handler delivers to the committee.

§ 993.49 *Regulation of the handling of prunes subsequent to their receipt by handlers*—(a) *General.* In order to effectuate the declared policy of the act, no handler shall ship or otherwise make final disposition of natural condition prunes or of processed prunes, except in accordance with the terms and conditions of this section.

(b) *Regulation.* Continuing until such regulation is superseded by other regulations prescribed by the Secretary, except as otherwise specifically provided, no handler shall ship or otherwise make final disposition of natural condition prunes or of processed prunes, which fail to meet the applicable minimum standards set forth in § 993.97 (Exhibit A) for standard prunes or standard processed prunes.

(c) *Superseding regulation.* In case the committee should recommend to the Secretary that the minimum standards as to grade, as provided for in paragraph (b) of this section, should be superseded by other minimum standards as to grades and sizes, it shall submit its recommendation to the Secretary together with the data and information upon which it acted in making such recommendation, including information as to factors affecting the supply of, and demand for, prunes by grades and sizes, and such other information as the Secretary may request. The Secretary shall issue such superseding regulation if he finds, upon the basis of the recommendation and supporting data submitted to him by the committee, or from other pertinent information available to him, that to do so would tend to effectuate the declared policy of the act. Any such superseding regulation, insofar as it applies to grades, shall not be below the applicable minimum standards for grades of standard prunes or standard processed prunes, as set forth in § 993.97 (Exhibit A), and any such minimum standards for grades shall provide a maximum tolerance for total defects, and may provide a maximum tolerance for single defects or classes of defects. Any superseding regulation issued by the Secretary may subsequently be modified, suspended, or terminated in case he finds that the pertinent facts and circumstances so warrant, and the committee, in submitting any recommendation therefor to the Secretary shall, in each instance, submit to him the information and data on the basis of which such recommendation is made: *Provided*, That, at all times, the regulation shall be comparable so far as practicable, to the then current regulation in effect with respect to the receiving of natural condition prunes by handlers from producers or dehydrators. The committee shall promptly give reasonable publicity to producers, dehydrators, and handlers of each recommendation submitted by it to the Secretary and of each superseding regulation issued by the Secretary. Such publicity may be given through newspapers having general circulation in the area or through other channels, but the committee may use any or all of such media. In addition, the committee shall give written notice by registered mail of each superseding regulation issued by the Secretary to all handlers of whom the committee has a record.

(d) *Inspection.* Each handler shall, at his own expense, before shipping or otherwise making final disposition of prunes, unless they are specifically excepted in this section, cause an inspection to be made of such prunes to determine whether they meet the then applicable grade and size standards for standard prunes or standard processed prunes. Each such handler shall not ship or otherwise make final disposition of such prunes, for any use unless they are specifically excepted in this section, if they do not meet such minimum standards. Such handler shall obtain a certificate that such prunes meet the aforementioned minimum standards and such handler shall submit such certificate, or cause it to be submitted, together with such other instruments and records as the committee may require, to the committee. Such certificates shall be issued by inspectors of the Dried Fruit Association of California, No. 1 Drumm Street, San Francisco, California. The Secretary may designate another inspection agency in the event the services of the Dried Fruit Association of California prove unsatisfactory.

(e) *Exceptions to restrictions*—(1) *Inter-plant and inter-handler transfers.* Notwithstanding the restrictions contained in paragraphs (b) or (c) of this section, any handler may transfer prunes from one plant owned by him to another plant owned by him within the State of California without having any inspection made as provided for in paragraph (d) of this section, and any handler may ship prunes from his plant to another handler's plant within the State of California without having an inspection made as provided for in paragraph (d) of this section. A report of such inter-handler transfer shall be made promptly by the transferring handler to the committee. The receiving handler shall, before shipping or otherwise making final disposition of such prunes, comply with the requirements of this section.

(2) *Defective prunes accumulated from standard prunes and prunes received by a handler for his own account which fail to meet the quality standards for disposition.* Any defective prunes which may be accumulated by a handler by removing them from his standard prunes and any prunes received by a handler for his own account which fail to meet the quality standards for the disposition of prunes, may be disposed of, or marketed for disposition, as animal feed, pitted prunes, or as other prune products in which they lose their form and character as prunes by conversion prior to consumption: *Provided*, That any such prunes which are disposed of, or marketed for disposition, for human consumption shall meet those minimum standards prescribed in § 993.97 (Exhibit A) as relate to the defects of mold, imbedded dirt, insect infestation, and decay. The committee shall issue any such rules and regulations as may be necessary to insure such uses. Each handler shall, at his own expense, before shipping or otherwise making final disposition of prunes under this subparagraph, cause an inspection to be made of such prunes by the inspection agency. Such handler shall obtain from the inspection agency a certificate that such prunes meet the applicable conditions contained in this subparagraph, and submit it, or cause it to be submitted together with such other instruments and records as the committee may require, to the committee. Otherwise, such prunes may be shipped or disposed of for the purposes specified in this subparagraph without regard to the restrictions contained in paragraphs (b), (c), and (d) of this section.

§ 993.50 *Regulation of the handling of prunes during any crop year when the estimated seasonal average price is in excess of parity*—(a) *Determination.* If the Secretary should find that the estimated seasonal average price for prunes for any crop year will be in excess of the price level contemplated by the provisions of section 2 (1) of the act, he shall issue an order in which such finding is set forth, and, in such order, he may provide that, for such crop year, the handling of prunes shall be in accordance with the provisions set forth in this section.

(b) *Receiving of prunes by handlers.* In lieu of the provisions set forth in § 993.48, a handler may receive any tender of prunes from a producer or dehydrator: *Provided*, That such prunes have been properly dried and cured in original natural condition, without the addition of water, and free from active insect infestation, so that they are capable of being received, stored, and packed without deterioration or spoilage. For the assistance of the committee in its supervision of operations under this section, each handler shall, at his own expense, cause an inspection to be made by the inspection agency for the purpose of ascertaining the net weight of the delivery and the percentage of defective prunes in such delivery which is in excess of the maximum tolerances specified in § 993.97 (Exhibit A, paragraph C of subdivision I), and whether the prunes in the delivery meet the requirements of paragraph D of said subdivision I. In the case of each such inspection, the handler shall obtain from the inspection agency a certificate showing the results of the inspection including the percentage of such excess by defects or groups of defects, as the committee may require, and he shall submit such certificate, or cause it to be submitted, together with such other instruments and records as the committee may require, to the committee.

(c) *Disposition of prunes by handlers.* In lieu of the requirements set forth in § 993.49, no handler shall ship or otherwise make final disposition of prunes (regardless of whether natural condition or processed prunes), for human consumption as prunes, which fail to meet the applicable minimum standards set forth in § 993.97 (Exhibit A) for natural condition prunes or processed prunes, as the case may be. Also, no handler shall ship or otherwise make final disposition of natural condition prunes or of processed prunes for use in the manufacture of any prune product for human consumption as food, which fail to meet the applicable minimum standards set forth in § 993.97 (Exhibit A) for natural condition prunes or processed prunes, as the case may be, which relate to the defects of mold, insect infestation, imbedded dirt, and decay. Any handler may ship or otherwise make final disposition of any natural condition prunes or of any processed prunes, as the case may be, for any use other than those referred to in the two preceding sentences. Such disposition without regard to the quality of prunes shall include, but is not limited to, disposition for animal feed, botanicals, and distillation. Each handler shall, at his own expense, before shipping or otherwise making final disposition of prunes, cause an inspection to be made by the inspection agency to determine whether they meet the applicable grade standards, as set forth in this paragraph, and he shall obtain from the inspection agency a certificate that such prunes meet the aforementioned applicable minimum standards and submit such certificate, or cause it to be submitted, together with such other instruments and records as the committee may require, to the committee. Notwithstanding the aforesaid restrictions, any handler may transfer prunes from one plant owned by him to another plant owned by him within the State of California, and any handler may ship prunes from his plant to another handler's plant within the State of California, without having such inspection made and certificate issued. A report of each inter-handler transfer shall be made promptly by the transferring handler to the committee, and the receiving handler shall, before shipping or otherwise making final disposition of such prunes, comply with the requirements of this paragraph. The committee is hereby authorized to exercise such supervision as may be reasonably necessary to insure that prunes are disposed of for the respective uses for which they were intended, and that the prunes used for each particular purpose meet the applicable minimum grade standards prescribed in this paragraph.

(d) *Inspection agency.* The inspection agency referred to in this section shall be the same as the inspection agency which is provided for in §§ 993.48 and 993.49.

(e) *Assessments.* In lieu of the payment of assessments pursuant to the computation method prescribed in § 993.81 (a), each handler shall pay to the committee, upon demand, with respect to all prunes received by him as the first handler thereof, his pro rata share of such expenses which the Secretary finds will be incurred pursuant to the provisions of § 993.80 by the committee during such crop year. Also, in such an event, each handler's pro rata share of such expenses shall be equal to the ratio between the total tonnage received by him as the first handler thereof during such crop year and the total tonnage received by all handlers as the first handlers thereof during the same crop year. The Secretary shall fix the rate of assessment to be paid by such handlers on the basis of a specified rate per ton. At any time during or after a crop year the Secretary may increase the rate of assessment to apply to all prunes received by handlers as the first handlers thereof during such crop year to obtain sufficient funds to cover any finding by the Secretary relative to the expenses of the committee. Each handler shall pay such additional assessment to the committee upon demand. The Secretary shall reduce the assessment rate applicable to all such tonnage during the particular crop year if he finds that when thus reduced it will provide funds sufficient to enable the committee properly to perform its authorized functions. In all other respects, the provisions of §§ 993.80 through 993.82 shall remain in full force and effect.

(f) *Effective provisions.* In any crop year while the provisions of this section are in effect, the provisions of §§ 993.1 through 993.45, §§ 993.71 through 993.77 and §§ 993.84 through 993.93 shall remain in full force and effect, except to the extent that they may be in conflict with the provisions of this section or of the act.

SALABLE AND SURPLUS TONNAGE REGULATIONS

§ 993.59 *Salable and surplus percentages*—(a) *Method of establishment.* (1) After considering all available information and factors used in formulating the marketing policy, the committee, not later than the third Tuesday of June in any crop year, shall recommend to the Secretary the establishment of a salable percentage and a surplus percentage during the crop year for which the marketing policy is developed. The committee shall submit such recommendation to the Secretary within ten days after the initial policy meeting specified in § 993.42. The Secretary shall notify the committee promptly of his tentative views in respect to the committee's initial recommendation as to such percentages. The committee shall hold another meeting in this connection not later than the following July 12 (except that, if such date should fall on a legal holiday, a Saturday, or a Sunday, not later than the following work day) to reconsider its initial recommendations in the matter, including the Secretary's tentative views in respect to such initial recommendations. The committee shall submit to the Secretary, as soon as practicable after the conclusion of this second meeting, a report showing any revisions or changes it desires to make in its initial recommendations on the matter, together with the supporting data and reasons therefor. Whenever the Secretary finds from the recommendation and information submitted by the committee, or from other available information, that to establish a salable percentage and surplus percentage of prunes for any crop year would tend to effectuate the declared policy of the act, he shall so establish such percentages. The total of the salable and surplus percentages fixed each crop year shall equal 100 percent. The salable and surplus percentages fixed for any crop year shall remain in full force and effect throughout the remainder of that crop year and during the following crop year until such percentages are fixed for the following crop year.

(2) The committee shall promptly give reasonable publicity to producers, dehydrators, and handlers of each recommendation submitted by it to the Secretary and of any such percentages made effective by the Secretary. Such publicity may be given through newspapers having general circulation in the area or through other channels, but the committee may use any or all of such media.

(3) In addition, the committee shall give written notice by registered mail of the percentages made effective by the Secretary to all handlers of whom the committee has a record.

(b) *Special conditions under which probable market requirements for prunes in foreign commerce may be excluded, in whole or in part, from the estimates upon which the salable percentage is based.* In the event the committee determines that, based upon then existing conditions,

the total estimated supply of prunes in any crop year will exceed the total probable market requirements in domestic and foreign commerce for such crop year, to such an extent that to include all of such probable market requirements in the estimates upon which the salable percentage is based would not tend adequately to effectuate the declared policy of the act, the committee may recommend a salable percentage which excludes the estimated market requirements for prunes of any foreign country, or any group of foreign countries, designated by the committee in its recommendation: *Provided*, That the committee, in formulating its marketing policy, has determined that the market requirements for prunes of such country or group of countries, based on the factors expressed in paragraphs (f), (j), and (k) of § 993.41 and the projections derived therefrom, can be increased, to an extent sufficient to effectuate the declared policy of the act more adequately if such market requirements are supplied pursuant to the provisions of §§ 993.41 (m) and 993.63 (b) (2).

§ 993.60 *Salable tonnage.* The salable tonnage of prunes of a handler shall be the sum of the salable tonnage portions of the prunes delivered to the handler by individual producers and dehydrators. The salable tonnage portion of prunes delivered to the handler by an individual producer or dehydrator shall be the tonnage resulting from the application of the salable percentage to the quantity of prunes (including standard and substandard prunes) so delivered, plus any tonnage of standard prunes delivered by such producer or dehydrator to the handler and covered by a diversion certificate; however, if the salable tonnage portion so computed exceeds the quantity of standard prunes delivered to the handler by the individual producer or dehydrator, it shall be reduced to the quantity of standard prunes so delivered. The handler may sell such salable tonnage in any manner he deems advisable subject to the applicable requirements specified in §§ 993.48 and 993.49. No handler shall handle any quantity of prunes in excess of his salable tonnage, except such prunes as may be obtained from surplus tonnage as specified in § 993.63, and except as provided in paragraph (g) of § 993.61. In no event, however, shall a handler be prevented from handling salable tonnage acquired by him from another handler who has received such tonnage from producers, dehydrators, or other handlers in accordance with all the provisions of this subpart.

§ 993.61 *Surplus tonnage*—(a) *Computation.* The surplus tonnage of prunes of a handler shall be the sum of the surplus tonnage portions of the prunes delivered to the handler by individual producers and dehydrators. The surplus tonnage portion of prunes delivered to the handler by an individual producer or dehydrator shall be the tonnage resulting from the application of the surplus percentage to the quantity of prunes (including standard and substandard prunes) so delivered, less any tonnage of standard prunes delivered by such producer or dehydrator to the handler and covered by a diversion certificate; however, if the surplus tonnage portion so computed is less than the quantity of substandard prunes delivered to the handler by the individual producer or dehydrator, it shall be increased to the quantity of substandard prunes so delivered. The committee shall authorize and permit a nonprofit cooperative agricultural marketing association, which has contractual authority to so pool the tonnage of its members, to concentrate the tonnage of its producer members before applying the surplus tonnage provision of this subpart.

(b) *Holding and delivery.* Each handler shall hold for the committee in proper storage, all surplus tonnage received by him until relieved of such obligation by the committee. The committee may, at any time, require a handler to deliver to it, or to anyone designated by it, at such handler's warehouse or at such other place as the prunes may be stored by the handler, surplus tonnage held by him. The committee may require that such delivery consist of natural condition prunes or it may arrange for such delivery to consist of processed prunes.

(c) *Substandard surplus prunes.* Substandard prunes, except defective prunes referred to in § 993.49 (e) (2), shall be held separate from other prunes held by any handler. The committee shall dispose of substandard prunes as expeditiously as it is practicable to do so, in any manner designated by the committee which is not contrary to any provisions of this subpart for the disposition of substandard prunes.

(d) *Storage facilities.* The committee may rent and operate, or arrange for the use of, facilities for storage and handling of surplus tonnage.

(e) *Exchange.* The committee may establish methods and procedures, including compensating payments, for the exchange by handlers of salable tonnage prunes for surplus standard prunes held by or for the committee, of the various grades and sizes of prunes: *Provided, however,* That no such exchange shall be permitted of substandard prunes. Such transfers shall be on a negotiated basis.

(f) *Payment for services.* Handlers shall be paid for necessary services rendered by them in connection with surplus tonnage, including, but not limited to, receiving, storing, grading, and fumigating, in accordance with a schedule of payments established by the committee and approved by the Secretary. If any handler, prior to December 1 of the crop year, demands removal of such surplus tonnage by the committee, such handler automatically waives payment for any and all charges that may have accrued for storing such surplus tonnage, including in and out charges. When any demand for removal is made, the committee shall remove such surplus tonnage from said handler's possession as expeditiously as practicable, and in any event within 30 days following receipt of written notice.

(g) *Deferment of obligation.* The committee may defer, upon the written request of any handler and for good and sufficient cause, the fulfilling by such handler of his surplus tonnage obligation for a specified period ending not later than November 15 of the then current crop year: *Provided*, That no handler shall dispose of any tonnage of standard prunes during such deferment period in excess of the tonnage he is authorized to handle as specified in § 993.60 plus the tonnage for which such handler holds purchase contracts with producers and dehydrators. As a condition to the granting of any such deferment, the committee shall require the handler to obtain and file with it a written undertaking that by the end of the deferment period he will have fully satisfied his obligation with respect to the holding or control by him of the surplus tonnage applicable to his receipts of prunes from producers and dehydrators. Such undertaking shall be secured by a bond or bonds to be filed with, and acceptable to, the committee, with surety or sureties satisfactory to the committee, running in favor of the committee and the Secretary, and for an amount computed on the basis of the then current market value of the prunes in the quantity for which the deferment is granted. The cost of such bond shall be borne by the handler filing same. Any sums collected through default of a handler on his bond shall, after reimbursement of the committee for any expenses incurred by it in effecting collection, be deposited with the funds obtained by it from the disposition of the surplus tonnage and disbursed by it to persons as set forth in § 993.63 (i) (2). In addition to the foregoing, the committee may establish other reasonable terms and conditions upon which such deferments may be granted.

§ 993.62 *Diversion privileges.* The word "prunes" as used in this section means plums of a variety used in the production of prunes. No producer shall be required to divert all or any portion of these prunes. Any producer may, if he chooses, participate to the extent set forth in this section, by diverting all or a portion of his production of prunes to nonhuman uses or may divert such prunes by leaving them unharvested, or may divert them to such other uses as may be approved by the committee, subject to the following terms and conditions:

(a) The producer shall first make application in writing to the committee for permission to divert prunes, disclosing in such application whether such prunes are to be diverted to nonhuman use, whether they are to be left unharvested, or to what other use they are to be diverted, and describing in detail the location of such prunes or portion thereof.

(b) If the committee approves such application, it shall estimate the amount of the production to be so diverted, on a dried weight basis, and shall advise the applicant, in writing, of its estimate of such dried production and of its approval of the application to divert, subject to satisfactory proof by the applicant that such prunes have actually been diverted as stated in his application.

(c) After receipt by the committee of satisfactory proof of such diversion, the committee shall issue to the applicant and made out in his name, a certificate of salable tonnage or diversion certificate for the dried weight of such prunes equal to the salable percentage as applied to the estimated dried production.

(d) Such diversion certificate shall not be transferable to another producer, or a handler, or any other person, except with the approval of the committee, evidenced by its endorsement of approval on the certificate.

(e) A certificate of salable tonnage or diversion certificate, so issued, shall entitle a producer to deliver to a handler, and a handler to receive, the specified dried weight of prunes free from all surplus set aside requirements in addition to the portion of all of such producer's delivery which would otherwise constitute salable tonnage, and shall entitle a handler, upon presentation of such certificate to the committee to satisfy his surplus tonnage requirements to the extent of the dried weight of prunes specified in such certificate.

(f) Any producer who diverts prunes pursuant to the provisions of this section and any other holder of diversion certificate, shall not be entitled to participate in the proceeds of the surplus tonnage for any prunes so diverted.

(g) Prior to the delivery of the diversion certificate to the producer, he shall pay to the committee the reasonable expense assessed by the committee for examining, estimating, weighing, or otherwise supervising the diversion.

§ 993.63 *Disposition of surplus tonnage*—(a) *Sales to United States Government and foreign governments.* (1) The committee is authorized to sell direct, or to sell to handlers for resale, surplus tonnage to the United States Government or to any agency thereof (including, but not limited to, sales for domestic or foreign relief purposes, school lunch and institutional feeding, or for foreign economic assistance), or to any foreign government. Such sales may be at negotiated prices with adequate consideration to probable processing costs.

(2) The committee shall file with the Secretary, by telegram or air mail letter, seven calendar days prior to making any offer to sell to any foreign government, surplus prunes pursuant to this paragraph, complete information with respect thereto, including the basis therefor. The Secretary shall have the right to disapprove, within such seven-day period, the making of such an offer or any term or condition thereof.

(b) *Sales for export*—(1) *Countries included in estimate of salable percentage.* In the event it appears that the total salable tonnage is not, or will not be, sufficient to meet the estimated domestic and foreign requirements due to the expansion of foreign markets in countries which were included in the estimates upon which the salable percentage was based, to a greater extent than was anticipated at the time the salable percentage was recommended to the Secretary, the committee may offer to sell, and sell, to handlers for resale, surplus standard prunes sufficient to meet such deficiency in the salable tonnage. The quantity of prunes included in any offer to sell to individual handlers shall be in such proportion as the committee determines will effect equity among all handlers. Prior to making any offer, the committee shall determine the price at which the prunes included in such offer shall be sold, taking into consideration factors and conditions affecting the marketing of prunes at the time of such offer and establishing a price consistent with such factors and conditions.

(2) *Countries not included in estimate of salable percentage.* In any crop year in which the estimated market requirements of a foreign country or group of foreign countries are excluded from the estimates upon which the salable percentage is based, the committee shall offer to sell, and sell, to handlers, a quantity of surplus standard prunes not greater than the aggregate quantity of standard prunes, and standard processed prunes calculated on the basis of natural condition weight, sold and shipped by all handlers for use in or shipment to such country or group of countries during such crop year. At the end of each month, or at the end of any period shorter than a month that the committee may establish, to the extent that surplus standard prunes are available and uncommitted, the committee shall offer a quantity thereof equivalent to the aggregate quantity of standard prunes, and standard processed prunes calculated on the basis of natural condition weight, sold by all handlers for use in or shipment to such foreign country or group of foreign countries during the period just ended. Any cancellation of a sale in or for shipment to such foreign country or group of foreign countries shall be adjusted in the period in which such cancellation occurs, or as soon thereafter as is reasonably practicable, by reducing the quantity of prunes subsequently offered by the quantity of prunes included in such cancelled sale. In any offer by the committee to sell surplus standard prunes to handlers pursuant to this subparagraph, each handler shall be given the first opportunity to purchase his share of the offer, which share shall be determined as the same proportion that the respective surplus tonnage held by him is of the total surplus tonnage held by all handlers. In the event that any handler declines or fails to purchase any or all of his share of such offer, the remaining portion thereof shall be reoffered by the committee to all handlers who purchased all of their respective shares of such offer, in proportion to their respective shares: *Provided*, That unless otherwise authorized by the committee the total quantity of prunes that may be offered hereunder to an individual handler shall not exceed the total quantity of uncommitted surplus standard prunes held by him for the account of the committee at the time of the offer. Any such sales to handlers shall be made in accordance with the established terms and conditions, including pricing formulae, which are in effect at the time of the sale. The committee shall withhold from the proceeds from each pound of prunes it sells hereunder to handlers for each period an amount equal to that established by the committee as the compensating payment calculated for that period to be paid to handlers for supplying the market requirements of a foreign country or group of foreign countries excluded from the estimates upon which the salable percentage for such crop year was based. The total amount of money distributed among handlers as compensating payments for such period shall be limited to the funds so withheld from the proceeds of the surplus standard prunes sold hereunder to handlers for such period. Such funds shall be allocated equitably among handlers in accordance with terms and conditions established by the committee. Handlers who have purchased their full shares of the surplus standard prunes offered for such period shall have priority in such allocation over handlers who shall have failed to purchase their full shares of such offer. No handler shall be compensated at a rate greater than that established as the compensating payment for such period. In the event the rate of such compensation to any handler is less than that established as the compensating payment for such period, the committee shall release to such handler, in lieu of money and for use as salable tonnage, a quantity of surplus standard prunes held by him for the account of the committee sufficient to rectify the deficiency in the rate paid to such handler, the value of the surplus standard prunes so released to be established on the basis of the price at which such prunes were offered during such period. The compensating payments, applicable to any prunes sold by any handler for shipment to or use in a foreign country or group of foreign countries excluded from the estimates upon which the salable percentage was based, shall not be made until satisfactory proof of the shipment of such prunes has been furnished to the committee. The committee shall establish for each period a final date before which the shipment of prunes so sold during such period shall be made in order for the handler making the sale thereof to qualify for the compensating payment applicable thereto: *Provided*, That the committee shall not establish any such date for any period during a crop year that will permit a handler to ship any such prunes later than July 31 of such crop year and to qualify for the compensating payment for such period. The maximum quantity of prunes for which a handler shall be entitled to receive compensating payments hereunder during any crop year shall be limited to the total quantity of surplus standard prunes, received from producers and dehydrators during such crop year and held by him for the account of the committee, uncommitted to anyone other than to him: *Provided*, That in the event that the committee shall have given such handler specific authority to sell, for shipment during such crop year to a foreign country or group of foreign countries excluded from the estimates upon which the salable percentage was based, a quantity of

standard prunes, or standard processed prunes, in excess of such uncommitted surplus standard prunes so received and held by him, he shall be entitled to receive compensating payments applicable thereto after qualifying hereunder for such compensating payments.

(3) *Countries estimated to have no probable market requirements.* In case a handler, during any crop year, sells a quantity of prunes for shipment to and for use in a foreign country which, at the time the salable and surplus percentages for such crop year were recommended, the committee estimated would have no probable market requirement, the committee may, upon adequate proof of such sale, offer to sell, and sell, to such handler a quantity of surplus standard prunes, held by him for the account of the committee, and uncommitted, equivalent to the quantity so sold for use in such foreign country calculated on the basis of natural condition weight. Prior to making any offer, the committee shall determine the price at which the prunes included in such offer shall be sold, taking into consideration the price received for the quantity of salable tonnage prunes sold for use in such country by the handler, together with other factors and conditions affecting the marketing of prunes at the time of such offer. The committee may also sell direct to such a foreign market surplus standard prunes or surplus standard processed prunes for use in the foreign country in which such market develops if it determines that the sale cannot reasonably be made by handlers from salable tonnage. Any such direct sale by the committee may be made at a negotiated price.

(4) *Notice to Secretary of proposed sales for export.* The committee shall file with the Secretary, by telegram or air mail letter, seven calendar days prior to making any offer to sell under either subparagraph (1) or subparagraph (3) of this paragraph, surplus standard prunes or surplus standard processed prunes pursuant to this paragraph, complete information with respect thereto, including the basis for such proposal. The Secretary shall have the right to disapprove, within such seven-day period the making of such an offer or any term or condition thereof. No such notice of individual offers under subparagraph (2) of this paragraph shall be required, but the committee shall keep the Secretary currently informed in respect thereto.

(c) *Sales for animal feed and certain manufacturing uses.* The committee may sell any surplus prunes for animal feed, botanicals, distillation, or for any manufacturing uses which were not provided for in estimating the salable quantity of standard prunes for the then current crop year. Such sales may be made at negotiated prices. The committee is hereby authorized to exercise such supervision as may be reasonably necessary to insure that such prunes are disposed of for the respective uses for which they are sold.

(d) *Sales to handlers*—(1) *Authorization under specified supply conditions.* If the committee finds that total contracted sales by all handlers during the crop year exceeds 80 percent of the total salable tonnage received by all handlers plus 80 percent of the estimated tonnage held unsold by producers and dehydrators which would become salable tonnage; or, if the committee finds that more than 20 percent of the uncontracted salable tonnage is being held so tightly by relatively few handlers, dehydrators, or producers as seriously to restrict commerce in prunes, and if 75 percent of all handlers have made a written request therefor and such requesting handlers have purchased over 65 percent of the salable tonnage purchased from producers and dehydrators, the committee may, in either event, sell to handlers standard prunes from the surplus tonnage for use as salable tonnage, subject to the additional conditions set forth in subparagraphs (2), (3), (4), (5) and (6) of this paragraph.

(2) *Authorized commencement date.* No such sale shall be made prior to December 15 of the crop year.

(3) *Quantity limitation.* No single sales offer of surplus tonnage to handlers shall exceed 20 percent of the original estimated salable tonnage.

(4) *Prices.* If any such sale is made for manufacturing purposes in which the prunes will lose their form and character as prunes by conversion prior to consumption, it may be made by the committee at a negotiated price; otherwise, such sales shall not be made by the committee at a price below that which reflects the average price received by producers for salable tonnage during the then current crop year to a date as near as practicable to the date of the offer, as shown by the reports required to be filed under the provisions of § 993.73, plus accrued charges for receiving and storing of surplus tonnage.

(5) *Pro rata shares and termination of offers.* In any offer by the committee to sell surplus tonnage to handlers pursuant to this paragraph, each handler shall be given the first opportunity to purchase his share of the offer, which share shall be determined as the same proportion that the respective surplus tonnage held by him is of the surplus tonnage held by all handlers. In the event that any handler declines or fails to purchase any or all of his share of any such offer, the remaining portion thereof shall be re-offered by the committee to all handlers who purchased all of their respective shares of such offer, in proportion to their respective shares. Any balance remaining unsold after such re-offer shall be withdrawn from the particular offer. Any offer outstanding as of July 5 of any crop year shall be withdrawn and the committee shall not make any further offer to sell surplus tonnage to handlers after that date, except that if the committee determines, with the approval of the Secretary, that a major change in conditions has occurred, such as the involvement of the United States in war or a crop failure in the following year, or any other significant development, which indicates a shortage of supply, the said July 5 limitation shall no longer apply.

(6) *Notice to Secretary of proposed sales to handlers.* The committee shall file with the Secretary, by telegram or air mail letter, seven calendar days prior to making any offer to sell surplus prunes pursuant to this paragraph, complete information with respect thereto, including the basis therefor. The Secretary shall have the right to disapprove, within such seven-day period, the making of such an offer or any term or condition thereof.

(e) *Sales of standard prunes for manufacturing purposes*—(1) *Manufacturing outlets included in estimate of salable percentage.* In the event it appears that the total salable tonnage is not sufficient to meet the estimated domestic and foreign requirements due to the expansion of manufacturing outlets, which outlets were provided for in estimating the salable percentage, to a greater extent than was anticipated at the time of estimating the salable percentage, the committee may offer to sell, and sell, surplus standard prunes to handlers for resale or use for such manufacturing purposes in which such prunes will lose their form and character as prunes by conversion prior to consumption, in such quantities as are necessary to meet the increased demand. The quantity of prunes offered to individual handlers to meet such deficiency shall be in the proportion that the respective handler's sales or uses for manufacturing bears to sales or uses for manufacturing by all handlers. No such sale shall be made by the committee at a price below that which reflects the average price received by producers for salable tonnage during the then current crop year to a date as near as practicable to the date of the offer, as shown by the reports required to be filed under the provisions of § 993.73, plus accrued charges for receiving and storing of surplus tonnage.

(2) *Manufacturing outlets not included in estimate of salable percentage.* The committee may offer to sell, and sell, to any handler, a quantity of surplus standard prunes for any manufacturing use, which manufacturing use was not included in the estimates upon which the salable percentage was based either because it was considered to have no probable market requirement or because it was not considered in any way by the committee, in the event of proof of demand for such quantity for such purpose. Such sale may be made at a negotiated price. The committee shall require proof that any standard prunes so sold were used for the purpose for which they were sold.

(3) *Notice to Secretary of proposed sales of standard prunes for manufacturing purposes.* The committee shall file with the Secretary, by telegram or air mail letter, seven calendar days prior to making any offer to sell under either subparagraph (1) or subparagraph (2) of this paragraph surplus standard prunes to handlers pursuant to this paragraph, complete information with respect thereto including the basis for such proposal. The Secretary shall have the right to disapprove, within such seven-day period, the making of such offer or any term or condition thereof.

(f) *Sales of substandard prunes for animal feed and for manufacturing purposes.* Except as provided in the next two succeeding sentences of this paragraph, the committee may sell direct, or sell to handlers for resale, substandard prunes for animal feed, and for any manufacturing purpose in which such prunes will lose their form and character as prunes by conversion prior to consumption: *Provided*, That any such prunes which are sold for disposition for manufacturing purposes for human consumption, either directly to handlers, or for resale by handlers, shall, at the time of such disposition or use, meet those minimum standards prescribed in § 993.97 (Exhibit A) as relate to the defects of mold, imbedded dirt, insect infestation, and decay, and any such prunes so sold by the committee to a person who is not a handler shall meet those quality standards at the time of disposition by the committee. Whenever a certificate of inspection applicable to prunes turned over to a handler unsorted by a producer or dehydrator to be held by such handler as substandard natural condition prunes for the account of the committee pursuant to the provisions of § 993.48 (e) (1) (iii) shows that such prunes fail to meet the applicable minimum standards set forth in § 993.97 (Exhibit A), when considered in terms of the entire lot, as they relate to the defects of mold, imbedded dirt, insect infestation, and decay, such prunes shall be sold or disposed of by the committee only to persons who are not handlers of prunes and only for disposition as animal feed, for distillation, or for any use other than for human consumption. Whenever a certificate of appraisal issued pursuant to the provisions of § 993.48 (e) (2) shows that if the quantity of substandard prunes to which such certificate applies were to have all offgrade prunes removed therefrom such offgrade prunes would fail to meet the applicable minimum standards set forth in § 993.97 (Exhibit A) as they relate to the defects of mold, imbedded dirt, insect infestation, and decay, a quantity of prunes equivalent to the weight of such offgrade prunes necessary to be removed from the total tonnage shown on the applicable certificate in order for the remainder to be standard prunes shall be sold or disposed of by the committee only to persons who are not handlers of prunes and only for disposition as animal feed, for distillation, or for any use other than for human consumption. No sales of substandard prunes for manufacturing purposes for human consumption shall be made while standard prunes are available in the surplus tonnage. The committee is hereby authorized to exercise such supervision as may be reasonably necessary to insure that substandard prunes are disposed of for the respective uses for which they were sold. All such sales may be made at negotiated prices.

(g) *Donations of surplus prunes.* The committee may donate limited quantities of surplus prunes for use in research or promotional activities.

(h) *Unsold surplus tonnage.* The committee shall endeavor to sell all prunes in the surplus tonnage at a rate so as to achieve, as nearly as may be practicable, the complete disposition of the surplus tonnage not later than July 31 of the crop year. Any surplus tonnage remaining unsold as of July 31 shall be disposed of as soon as practicable for animal feed, distillation, or in any other outlets which are not competitive with the sale of prunes in normal marketing channels, not otherwise provided for in this paragraph, unless determination with respect to a shortage of supply has been made as provided for in paragraph (d) (5) of this section. The committee may dispose of unsold surplus prunes after July 31 at negotiated prices.

(i) *Proceeds of sales of surplus tonnage*—(1) *Charges against proceeds.* Expenses incurred by the committee for the receiving, handling, holding, or disposing of any quantity of surplus tonnage shall be charged against the proceeds of sales of surplus tonnage.

(2) *Distribution of net proceeds.* Net proceeds from the disposition of surplus tonnage shall be distributed by the committee either directly, or through handlers as agents of the committee, under safeguards to be established by the committee, to persons in proportion to their contributions thereto, or to assignees of such interests, with appropriate grade and size differentials as established by the committee. Progress payments may be made by the committee in the same manner, as sufficient funds accumulate. Distribution of the proceeds in connection with the surplus tonnage contributed by a nonprofit cooperative agricultural marketing association which has authority to market prunes of its members and to allocate the proceeds therefrom to such members shall be made to such association, if it so requests. Prior to making any such distribution, the committee shall submit to the Secretary a report including all pertinent details with respect thereto.

(j) *Prohibition against the hypothecation of surplus.* In no event shall the committee hypothecate surplus tonnage.

(k) *Hypothecation of binding written contracts for the sales of surplus prunes.* The committee may hypothecate binding written contracts for the sale of surplus prunes, for the purpose of obtaining funds for the distribution of proceeds of the sales of surplus tonnage prunes in accordance with the provisions of subparagraph (2) of paragraph (i) of this section: *Provided*, There are included in, and made a part of, the loan agreement in connection with each such loan the following terms and conditions: (1) The recourse of the lender shall be confined to the particular sale contract, or the proceeds which are derived therefrom; (2) neither the Secretary, the committee, any of the committee's members, alternate members, officers, employees, and agents, nor any distributees as such (including their respective officers and employees) of the loan proceeds, shall be liable for the repayment, either in whole or in part, of the particular loan; and (3) the lender waives any right which he might otherwise have, in case of default in repayment, to obtain either possession or control of the surplus prunes involved.

REPORTS AND BOOKS AND OTHER RECORDS

§ 993.71 *Confidential information.* All reports and records furnished or submitted by handlers to the committee which include data or information constituting a trade secret or disclosing of the trade position, financial condition, or business operations of the particular handler from whom received shall be received by, and at all times kept in the custody and under the control of one or more employees of the committee, who shall disclose such information to no person except the Secretary. Notwithstanding the above provisions of this section, information may be disclosed to the committee when reasonably necessary to enable the committee to carry out its functions under this subpart.

§ 993.72 *Reports of acquisitions, sales, uses, and shipments.* Each handler shall file such reports of his acquisitions, sales, uses, and shipments of prunes, as may be requested by the committee.

§ 993.73 *Reports of prices.* Each handler shall file with the committee such price reports as may be requested by the committee, showing the weighted average price paid by such handlers to producers and dehydrators for each size of prunes and the quantity purchased at each such price, to enable the committee to determine the average price received by producers for the purposes set forth in § 993.63.

§ 993.74 *Reports of surplus tonnage.* Each handler shall file with the committee such reports of the total substandard prunes and other surplus tonnage by grade and size classifications thereof, held in his warehouses or under his control and the location thereof, as may be requested by the committee.

§ 993.75 *Other reports.* Upon the request of the committee, each handler shall furnish such other reports and information as are needed to enable the committee to perform its functions under this subpart.

§ 993.76 *Records.* Each handler shall maintain such records of prunes received, held, and disposed of by him as are prescribed by the committee and needed by it to perform its functions under this subpart.

§ 993.77 *Verification of reports.* For the purpose of checking and verifying reports filed by handlers or the operation of handlers under the provisions of this subpart, the committee, through its duly authorized agents, shall have access to any premises where prunes may be held by any handler and at any time during reasonable business hours, shall be permitted to inspect any prunes so held by such handler and any and all records of such handler with respect to the holding or disposition of all prunes which may be held or which may have been disposed of by him.

EXPENSES AND ASSESSMENTS

§ 993.80 *Expenses.* The committee is authorized to incur such expenses (exclusive of expenses for the receiving, handling, holding, or disposing of any quantity of surplus tonnage) as the Secretary finds are reasonable and likely to be incurred by it during each crop year for the maintenance and functioning of the committee and for such other purposes as the Secretary may, pursuant

to the provisions of this subpart, determine to be appropriate. The recommendation of the committee as to these expenses and the recommended rate of assessment for each crop year, together with all data supporting such recommendations, shall be filed with the Secretary not later than the fourth Tuesday of July preceding the crop year in connection with which such recommendations are made.

§ 993.81 *Assessments*—(a) *Requirement for payment and rate of assessment.* The funds to cover the expenses of the committee (exclusive of expenses for the receiving, handling, holding, or disposing of any quantity of surplus tonnage) shall be acquired by levying assessments. Each handler shall pay to the committee, upon demand, with respect to all salable tonnage prunes handled by him as the first handler thereof and on all prunes sold to him from surplus tonnage for resale to other than Federal governmental agencies, his pro rata share of such expenses which the Secretary finds will be incurred as aforesaid, by the committee during each crop year. Each handler's pro rata share of such expenses shall be equal to the ratio between the total salable tonnage handled by him as the first handler thereof plus the tonnage sold to him from surplus tonnage for resale to other than Federal governmental agencies, during the applicable crop year, and the total salable tonnage prunes handled by all handlers as the first handlers thereof plus tonnage sold to such handlers from surplus tonnage for resale to other than Federal governmental agencies, during the same crop year. The Secretary shall fix the rate of assessment to be paid by such handlers on the basis of a specified rate per ton. At any time during or after a crop year the Secretary may increase the rate of assessment to apply to all salable tonnage prunes handled by handlers as the first handlers thereof and on all tonnage sold to handlers from surplus tonnage for resale to others than Federal governmental agencies during such crop year to obtain sufficient funds to cover any finding by the Secretary relative to the expenses of the committee. Each handler shall pay such additional assessment to the committee upon demand. The Secretary shall reduce the assessment rate applicable to all such tonnage during the particular crop year if he finds that when thus reduced it will provide funds sufficient to enable the committee properly to perform its functions under this subpart.

(b) *Advance payments.* In order to provide funds to carry out the functions of the committee, the committee may accept advance payments from any handler to be credited toward such assessments as may be levied pursuant to this section against the respective handler.

(c) *Use and refund of excess funds from assessments.* Any money collected as assessments during any crop year and not expended in connection with the respective crop year's operations hereunder may be used and shall be refunded by the committee in accordance with the provisions hereof. Such excess funds may be used by the committee during the period of five months subsequent to such crop year in paying the expenses of the committee incurred in connection with the new crop year. The committee shall, however, from funds on hand, including assessments collected during the new crop year, distribute or otherwise make available, within six months after the beginning of the new crop year, the aforesaid excess, as verified by audit, to each handler from whom an assessment was collected, as aforesaid, in the proportion that the amount of the assessment paid by the respective handler bears to the total amount of the assessments paid by all handlers during said previous crop year. Any money collected from assessments hereunder and remaining unexpended in the possession of the committee upon the termination hereof shall be distributed in such manner as the Secretary may direct.

(d) *Suits for collection.* The committee may, with the approval of the Secretary, maintain in its own name, or in the name of its members, a suit against any handler for the collection of such handler's assessment.

§ 993.82 *Funds.* All funds received by the committee pursuant to the provisions of this subpart shall be used solely for the purposes authorized in this subpart and shall be accounted for in the manner provided for in this subpart. The Secretary may, at any time, require the committee or its members and alternate members to account for all receipts and disbursements.

MISCELLANEOUS PROVISIONS

§ 993.84 *Personal liability.* No member or alternate member of the committee, or any employee, representative, or agent thereof shall be held personally responsible, either individually or jointly with others, in any way whatsoever, to any person, for errors in judgment, mistakes, or other acts, either of commission or omission, as such member, alternate member, employee, representative, or agent, except for acts of dishonesty.

§ 993.85 *Separability.* If any provision of this subpart is declared invalid, or the applicability thereof to any person, circumstance, or thing is held invalid, the validity of the remainder of this subpart or the applicability thereof to any other person, circumstance, or thing shall not be affected thereby.

§ 993.86 *Derogation.* Nothing contained in this subpart is, or shall be construed to be, in derogation or in modification of the rights of the Secretary or of the United States to exercise any powers granted by the act or otherwise, or, in accordance with such powers, to act in the premises whenever such action is deemed advisable.

§ 993.87 *Duration of immunities.* The benefits, privileges, and immunities conferred upon any person by virtue of this subpart shall cease upon the termination of this subpart, except with respect to acts done under and during the existence of this subpart.

§ 993.88 *Agents*—(a) *Authorization by Secretary.* The Secretary may, by a designation in writing, name any person, including any officer or employee of the United States Government, or name any bureau or division in the United States Department of Agriculture, to act as his agent or representative in connection with any of the provisions of this subpart.

(b) *Authorization by committee.* The committee may authorize any person or persons or agency to act as its agent or representative in connection with the provisions of this subpart.

§ 993.89 *Effective time.* The provisions of this subpart, as well as any amendments to this subpart, shall become effective at such time as the Secretary may declare, and shall continue in force until terminated, or during suspension, in one of the ways specified in § 993.90.

§ 993.90 *Termination or suspension*—(a) *Failure to effectuate policy of act.* The Secretary may, at any time, terminate the provisions of this subpart, by giving at least one day's notice by means of a press release or in any other manner which he may determine. The Secretary shall terminate or suspend the operation of any or all of the provisions of this subpart, whenever he finds that such provisions do not tend to effectuate the declared policy of the act.

(b) *Referendum.* The Secretary shall terminate the provisions of this subpart on or before the fifteenth day of July of any crop year, to be effective at the end of such crop year, whenever he is required to do so by the provisions of section 8c (16) (B) of the act. The Secretary may, at any time he deems it desirable, hold a referendum of producers to determine whether they favor termination of this subpart. However, beginning with 1951, if the Secretary receives a recommendation, adopted by at least a majority vote of the producer members of the committee, requesting the holding of such a referendum, the Secretary shall hold such a referendum: *Provided*, That the Secretary shall not be required to hold such a referendum upon the basis of such a request more than once every two years.

(c) *Termination of act.* The provisions of this subpart shall terminate, in any event, upon the termination of the act.

§ 993.91 *Procedure upon termination.* Upon the termination of this subpart, the members of the committee then functioning shall continue as joint trustees, for the purpose of liquidating the affairs of the committee. Action by such trustee shall require the concurrence of a majority of the said trustees. Such trustees shall continue in such capacity until discharged by the Secretary, and shall, from time to time, account for all receipts and disbursements and deliver all property on hand, together with all books and records of the committee and the joint trustees, to such person as the Secretary may direct; and shall, upon the request of the Secretary, execute such assignments or other instruments necessary or appropriate to vest in such person full title and right to all the funds, properties, and claims vested in the committee or the joint trustees, pursuant to this subpart. Any person to whom funds, property, or claims have been transferred or delivered by the committee or the joint trustees, pursuant to this section, shall be subject to the same obligations imposed upon the members of the said committee and upon said joint trustees.

§ 993.92 *Effect of termination or amendment.* Unless otherwise expressly provided by the Secretary, the termination of this subpart or of any regulation issued pursuant to this subpart, or the issuance of any amendment to either thereof, shall not (a) affect or waive any right, duty, obligation, or liability which shall have arisen or which may thereafter arise in connection with any provision of this subpart or any regulation issued under this subpart, or (b) release or extinguish any violation of this subpart or any regulation issued under this subpart, or (c) affect or impair any rights or remedies of the Secretary, or of any other person, with respect to such violation.

§ 993.93 *Amendments.* Amendments to this subpart may be proposed from time to time, by any person or by the committee, and may be made a part of this subpart by the procedures provided under the act.

§ 993.97 *Exhibit A; minimum standards.*

I. Minimum standards for natural condition prunes:

A. *Defects.* Defects are: (1) Off-color; (2) inferior meat condition; (3) end cracks; (4) fermentation; (5) skin or flesh damage; (6) scab; (7) burned; (8) mold; (9) imbedded dirt; (10) insect infestation; (11) decay.

B. *Explanation of terms.* (1) "Off-color" means a dull color or skin differing noticeably in appearance from that which is characteristic of mature, properly handled fruit of a given variety or type.

(2) "Inferior meat condition" means flesh which is fibrous, woody or otherwise inferior due to immaturity to the extent that the characteristic texture of the meat is substantially affected.

(3) "End cracks" means callous growth cracks, at the blossom end of prunes, aggregating more than three-eighths of one inch (⅜") but not more than one-half of one inch (½") in length.

(4) "Fermentation" means damage to the flesh by fermentation to the extent that the characteristic appearance or flavor is substantially affected.

(5) "Skin or flesh damage" means growth cracks, splits, breaks in skin or flesh of the following descriptions:

(a) Callous growth cracks, except end cracks as defined in this section, aggregating more than three-eighths of one inch (⅜") in length;

(b) Splits or skin breaks exposing flesh and affecting materially the normal appearance of the prunes;

(c) Any cracks, splits or breaks open to the pit;

(d) Healed or unhealed surface or flesh blemishes caused by insect injury and which materially affect appearance, edibility or keeping quality;

(e) Skin damage caused by rain or overdipping to the extent that the prunes cannot be processed normally without material sloughing of the skin.

(6) "Scab" means tough or thick scab exceeding in the aggregate the area of a circle three-eighths of one inch (⅜") in diameter or by unsightly scab of another character exceeding in the aggregate the area of a circle three-fourths of one inch (¾") in diameter.

(7) "Burned" means injury by sunburn or excessive heat in dehydration to the extent that the characteristic appearance, flavor or edibility of the fruit is noticeably affected.

(8) "Mold" means a characteristic fungus growth and is self-explanatory.

(9) "Imbedded dirt" means the presence of dirt or other extraneous material so imbedded in, or adhering to, the prune that it cannot be removed in normal processing.

(10) "Insect infestation" means the presence of insects, insect fragments or insect remains.

C. *Maximum tolerances.* Tolerance allowances shall be on a weight basis and shall not exceed the following:

(1) The tolerance allowance for decay shall not exceed one percent (1%).

(2) The combined tolerance allowance for mold, imbedded dirt, insect infestation, and decay shall not exceed five percent (5%).

(3) The combined tolerance allowance for fermentation, skin or flesh damage, scab, burned, mold, imbedded dirt, insect infestation, and decay shall not exceed eight percent (8%).

(4) The combined tolerance allowance for end cracks, fermentation, skin or flesh damage, scab, burned, mold, imbedded dirt, insect infestation, and decay shall not exceed ten percent (10%), except that the first eight percent (8%) of end cracks shall be given one-half value and any additional percentage of end cracks shall be given full value.

(5) The combined tolerance allowance for off-color, inferior meat condition, end cracks, fermentation, skin or flesh damage, scab, burned, mold, imbedded dirt, insect infestation, and decay shall not exceed twenty percent (20%), except that the first eight percent (8%) of end cracks shall be given one-half value and any additional percentage of end cracks shall be given full value.

(6) Prunes showing obvious live insect infestation shall be fumigated prior to acceptance.

D. Natural condition prunes must be properly dried and cured in original natural condition, without the addition of water, and free from active infestation, so that they are capable of being received, stored and packed without deterioration or spoilage.

II. Minimum standards for processed prunes:

A. *Defects.* Defects are: (1) Off-color; (2) inferior meat condition; (3) end cracks; (4) fermentation; (5) skin or flesh damage; (6) scab; (7) burned; (8) mold; (9) imbedded dirt; (10) insect infestation; (11) decay.

B. *Explanation of terms.* (1) "Off-color" means a dull color or skin differing noticeably in appearance from that which is characteristic of mature, properly handled fruit of a given variety or type.

(2) "Inferior meat condition" means flesh which is fibrous, woody or otherwise inferior due to immaturity to the extent that the characteristic texture of the meat is substantially affected.

(3) "End cracks" means callous growth cracks, at the blossom end of prunes, aggregating more than three-eighths of one inch (⅜") but not more than one-half of one inch (½") in length.

(4) "Fermentation" means damage to the flesh by fermentation to the extent that the characteristic appearance or flavor is substantially affected.

(5) "Skin or flesh damage" means growth cracks, splits, breaks in skin or flesh of the following descriptions:

(a) Callous growth cracks, except end cracks as defined in this section, aggregating more than three-eighths of one inch (⅜") in length;

(b) Splits or skin breaks exposing flesh and materially affecting the normal appearance of French prunes; or markedly affecting the normal appearance of varieties other than the French variety;

(c) Any cracks, splits or breaks open to the pit;

(d) Healed or unhealed surface or flesh blemishes caused by insect injury and which materially affect appearance, edibility or keeping quality.

(6) "Scab" means tough or thick scab exceeding in the aggregate the area of a circle three-eighths of one inch (⅜") in diameter or by unsightly scab of another character exceeding in the aggregate the area of a circle three-fourths of one inch (¾") in diameter.

(7) "Burned" means injury by sunburn or excessive heat in dehydration to the extent that the characteristic appearance, flavor or edibility of the fruit is noticeably affected.

(8) "Mold" means a characteristic fungus growth and is self-explanatory.

(9) "Imbedded dirt" means the presence of dirt or other extraneous material so imbedded in, or adhering to, the prune that it cannot be readily removed in washing the fruit.

(10) "Insect infestation" means the presence of insects, insect fragments or insect remains.

C. *Maximum tolerances.* Tolerance allowances shall be on a weight basis and shall not exceed the following:

(1) There shall be no tolerance allowance for live insect infestation.

(2) The tolerance allowance for decay shall not exceed one percent (1%).

(3) The combined tolerance allowance for mold, imbedded dirt, insect infestation, and decay shall not exceed five percent (5%).

(4) The combined tolerance allowance for fermentation, skin or flesh damage, scab, burned, mold, imbedded dirt, insect infestation, and decay shall not exceed eight percent (8%).

(5) The combined tolerance allowance for end cracks, fermentation, skin or flesh damage, scab, burned, mold, imbedded dirt, insect infestation, and decay shall not exceed ten percent (10%), except that the first eight percent (8%) of end cracks shall be given one-half value and any additional percentage of end cracks shall be given full value.

(6) The combined tolerance allowance for off-color, inferior meat condition, end cracks, fermentation, skin or flesh damage, scab, burned, mold, imbedded dirt, insect infestation, and decay shall not exceed twenty percent (20%), except that the first eight percent (8%) of end cracks shall be given one-half value and any additional percentage of end cracks shall be given full value.

Issued at Washington, D. C., this 3d day of March 1954, to be, and become, effective as of the date of the publication hereof in the FEDERAL REGISTER.

[SEAL] TRUE D. MORSE,
Acting Secretary of Agriculture.

[F. R. Doc. 54-1658; Filed, Mar. 8, 1954; 8:51 a. m.]

PART 993—DRIED PRUNES PRODUCED IN CALIFORNIA

AMENDMENT OF AMENDED ADMINISTRATIVE RULES AND PROCEDURES

Pursuant to the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and of Marketing Agreement No. 110, as amended, and Order

No. 93, as amended (7 CFR, 1952 Rev., Part 993), regulating the handling of dried prunes produced in California, § 993.148 (d) of the amended administrative rules and procedures (7 CFR, 1952 Rev., § 993.148 (d)) issued pursuant to the applicable provisions of the said marketing agreement and order, as amended, is hereby amended by deleting the same, effective as of the time of the publication of this document in the FEDERAL REGISTER.

Said § 993.148 (d) contains provisions as to comparable size requirements of prunes which are treated as substandard prunes and which are delivered as such by prune handlers to the Prune Administrative Committee, the administrative agency for the operation of this program. Said provisions are now obsolete in that comparable, but modified, provisions in that connection are set forth in § 993.48 (e) (3) of a further amended marketing agreement and order[1] which is being issued and made effective concurrently herewith. This matter was discussed (see 18 F. R. 5307) in the Recommended Decision which was issued in connection with such amended regulation, and it was specifically stated in such discussion that the present action would be taken in the event said § 993.48 (e) (3) should be put into effect. While a reasonable time was afforded interested parties to file an exception in that connection, no such exception was filed. Therefore, the circumstances are such that the further continuance in effect of the provisions of said § 993.148 (d) would not be appropriate, but they would, to the extent of the indicated modifications, conflict with the provisions of § 993.48 (e) (3).

Notice of proposed rule making, public procedure thereon, and publication or service of this order 30 days prior to its effective date (see 5 U. S. C. 1001 et seq.), are impracticable, unnecessary, and contrary to the public interest in that (1) as indicated above, rule making actions and public participation therein were previously had in connection with the issuance of the further amended marketing agreement and order, (2) the circumstances are such that the continuance in effect of the provisions of § 993.148 (d) would not be appropriate and would conflict, to some extent, with the substitute provisions now contained in § 993.48 (e) (3), and (3) handlers will need no advance notice of this action.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Issued at Washington, D. C., this 2d day of March 1954.

[SEAL] ROY W. LENNARTSON,
Deputy Administrator.

[F. R. Doc. 54-1657; Filed, Mar. 8, 1954; 8:50 a. m.]

[1] See F. R. Doc. 54-1658, *supra*.

PART 993—DRIED PRUNES PRODUCED IN CALIFORNIA

ORDER TERMINATING SUSPENSION OF CERTAIN PROVISIONS

Pursuant to the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and of then existing Marketing Agreement No. 110, as amended, and Order No. 93, as amended (7 CFR, 1952 Rev., Part 993), regulating the handling of dried prunes produced in California, an order (17 F. R. 5209) was issued on June 5, 1952, effective on and after the time of its execution, suspending the following provisions: The words "to handlers" appearing in the first sentence of § 993.63 (b) (1) of the order, and the last two sentences of § 993.63 (b) (1) of the said order.

The reasons for the aforementioned action in connection with the then existing § 993.63 (b) (1) were set forth in such suspension order. However, said § 993.63 (b) (1) is revised concurrently herewith in a further amended marketing agreement and order[1] which has just been issued and made effective, and such revised § 993.63 (b) (1) eliminates or avoids the objectionable aspects which made it desirable to suspend the indicated provisions in previous § 993.63 (b) (1). This matter was discussed (see 18 F. R. 5312) in the Recommended Decision which was issued in connection with such amended regulation, and, while interested parties were afforded a reasonable time to file exceptions thereto, no such exceptions were filed. These suspensions are not applicable or appropriate to present § 993.63 (b) (1), and such present section is believed to be adequate in the present connection.

It is therefore ordered, That the aforementioned suspension order is terminated as of the date of the publication of this document in the FEDERAL REGISTER.

Notice of proposed rule making, public procedure thereon, and publication or service of this termination order 30 days prior to its effective date (see 5 U. S. C. 1001 et seq.), are impracticable, unnecessary, and contrary to the public interest in that (1) as indicated above, rule-making actions and public participation therein were previously had in connection with the issuance of the further amended marketing agreement and order, (2) the circumstances are such that the continuance in effect of the suspension action would not only serve no useful purpose, but would not be appropriate, and (3) handlers will need no advance notice of this action.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Issued at Washington, D. C., this 3d day of March 1954.

[SEAL] TRUE D. MORSE,
Acting Secretary of Agriculture.

TITLE 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

[Docket 6144]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

JOE FRIED WOOLEN CORP. AND JOSEPH FRIED

Subpart—*Concealing or obliterating law required and informative marking:* § 3.525 *Wool products tags or identification.* Subpart—*Misbranding or mislabeling:* § 3.1190 *Composition: Wool Products Labeling Act.* Subpart—*Neglecting, unfairly or deceptively, to make material disclosure:* § 3.1845 *Composition:* Wool Products Labeling Act. I. In connection with the introduction or manufacture for introduction into commerce, or the offering for sale, sale, transportation or distribution in commerce, of woolen fabrics or other "wool products" as such products are defined in and subject to the Wool Products Labeling Act of 1939; which products contain, purport to contain, or in any way are represented as containing "wool", "reprocessed wool", or "reused wool", as those terms are defined in said act, misbranding such products by: (1) Falsely or deceptively stamping, tagging, labeling or otherwise falsely identifying such products as to the character or amount of the constituent fibers contained therein; and, II, in connection with the purchase, offering for sale, sale, or distribution of "wool products" as such products are defined in and subject to the Wool Products Labeling Act of 1939, causing or participating in the removal of any stamp, tag, label, or other means of identification affixed to any such "wool product" pursuant to said act, with intent to violate the provisions thereof, and which stamp, tag, label, or other means of identification purports to contain all or any part of the information required thereby; prohibited, subject to the proviso, however, that the foregoing provisions concerning misbranding shall not be construed to prohibit acts permitted by paragraphs (a) and (b) of section 3 of the Wool Products Labeling Act of 1939; and to the further provision that nothing contained in the order shall be construed as limiting any applicable provisions of said act or the rules and regulations promulgated thereunder.

(Sec. 6, 38 Stat. 722, sec. 6, 54 Stat. 1131; 15 U. S. C. 46, 68d. Interpret or apply sec. 5, 38 Stat. 719, as amended, secs. 2-5, 54 Stat. 1128-1130; 15 U. S. C. 45, 68-68 (c)) [Cease and desist order, Joe Fried Woolen Corporation et al., New York, N. Y., Docket 6144, Feb. 9, 1954]

In the Matter of Joe Fried Woolen Corporation, a Corporation, and Joseph Fried, Individually

This proceeding was intituted by complaint which charged respondents with the use of unfair and deceptive acts and practices in violation of the provisions of the Federal Trade Commission Act and the Wool Products Labeling Act of 1939.

It was disposed of, as announced by the Commission's "Notice", dated February 16, 1954, through the consent settlement procedure provided in Rule V of the Commission's rules of practice as follows:

The consent settlement tendered by the parties in this proceeding, a copy of which is served herewith, was accepted by the Commission on February 9, 1954, and ordered entered of record as the Commission's findings as to the facts, conclusion, and order in disposition of this proceeding.

Said order to cease and desist, thus entered of record, following the findings as to the facts[1] and conclusion,[1] reads as follows:

It is ordered, That the respondent Joe Fried Woolen Corporation, a corporation, and its officers, and respondent Joseph Fried, individually, and respondents' respective agents, representatives and employees, directly or through any corporate or other device, in connection with the introduction or manufacture for introduction into commerce, or the offering for sale, sale, transportation or distribution in commerce, as "commerce" is defined in the Federal Trade Commission Act and the Wool Products Labeling Act of 1939, of woolen fabrics or other "wool products" as such products are defined in and subject to the Wool Products Labeling Act of 1939; which products contain, purport to contain, or in any way are represented as containing "wool," "reprocessed wool" or "reused wool," as those terms are defined in said act, do forthwith cease and desist from misbranding such products by:

1. Falsely or deceptively stamping, tagging, labeling or otherwise falsely identifying such products as to the character or amount of the constituent fibers contained therein;

Provided, That the foregoing provisions concerning misbranding shall not be construed to prohibit acts permitted by paragraph (a) and (b) of section 3 of the Wool Products Labeling Act of 1939: *And provided further*, That nothing contained in this order shall be construed as limiting any applicable provisions of said act or the rules and regulations promulgated thereunder.

It is further ordered, That said respondent Joe Fried Woolen Corporation, a corporation, and its officers, and respondent Joseph Fried, individually, and respondents' respective agents, representatives and employees, directly or through any corporate or other device, in connection with the purchase, offering for sale, sale or distribution of "wool products" as such products are defined in and subject to the Wool Products Labeling Act of 1939, do forthwith cease and desist from causing or participating in the removal of any stamp, tag, label, or other means of identification affixed to any such "wool product" pursuant to the Wool Products Labeling Act of 1939, with intent to violate the provisions of said act, and which stamp, tag, label or other means of identification purports to contain all or any part of the information required by said act.

It is further ordered, That the respondents herein shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with the order to cease and desist.

Issued: February 16, 1954.

By direction of the Commission.

[SEAL] ALEX. AKERMAN, Jr.,
Secretary.

TITLE 17—COMMODITY AND SECURITIES EXCHANGES

Chapter II—Securities and Exchange Commission

PART 240—GENERAL RULES AND REGULATIONS UNDER THE SECURITIES EXCHANGE ACT OF 1934

DECLARING EFFECTIVE AMENDED EXCHANGE DISTRIBUTION PLAN OF THE NEW YORK STOCK EXCHANGE

The Securities and Exchange Commission has declared effective for a period of six months, expiring at the close of business on August 27, 1954, an amended Exchange Distribution Plan filed by the New York Stock Exchange. This amended Plan is substantially the same as the Exchange Distribution Plan previously declared effective until February 26, 1954.

The amended Plan, as did the previous Plan, permits members, member firms and member corporations (hereinafter referred to as participating members) to make a distribution of a block of securities at the market on the Exchange when the regular market on the Exchange cannot otherwise absorb the block of securities within a reasonable time and at a reasonable price or prices. The Plan contains certain anti-manipulative controls and also requires participating members to make certain disclosures to persons whose orders are solicited. The amended Plan differs from the Plan previously declared effective in the two following minor respects: (1) The provision prohibiting participating members and others from bidding for or purchasing the security during the distribution has been modified to permit the purchases required solely in connection with the "crossing" of orders on the floor of the Exchange (this "crossing" procedure was provided for under the Plan before it was amended) and (2) there is a specific provision in the amended Plan that transactions effected when orders are "crossed" on the floor shall be printed on the ticker tape.

The text of the Commission's action follows:

The Securities and Exchange Commission, acting pursuant to the provisions of the Securities Exchange Act of 1934, particularly sections 10 (b) and 23 (a) thereof and § 240.10b-2 (d) (Rule X-10B-2 (d)) thereunder, deeming it necessary for the exercise of the functions vested in it, and having due regard for the public interest and for the protection of investors, does hereby declare effective the amended Exchange Distribution Plan of the New York Stock Exchange until the close of business on August 27, 1954, on condition that if at any time it appears to the Commission necessary or appropriate in the public interest or for the protection of investors so to do the Commission may suspend or terminate the effectiveness of said Plan by sending at least ten days' written notice to the New York Stock Exchange.

The Commission for good cause finds that the notice and public procedure specified in paragraphs 4 (a) and (b) of the Administrative Procedure Act are unnecessary since the amended Exchange Distribution Plan is substantially the same as that heretofore declared effective for such Exchange; and the Commission further finds, in accordance with the provisions of section 4 (c) of the Administrative Procedure Act, that paragraph (d) of § 240.10b-2 and this action have the effect of granting exemption and relieving restriction, and that, therefore, this action may be and is hereby declared effective March 1, 1954.

(Sec. 23, 48 Stat. 901, as amended; 15 U. S. C. 78w)

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

FEBRUARY 26, 1954.

TITLE 24—HOUSING AND HOUSING CREDIT

Chapter IV—Federal National Mortgage Association, Housing and Home Finance Agency

PART 400—MORTGAGE PURCHASES, SERVICING AND SALES

Correction

The following changes should be made in F. R. Doc. 54-1563, appearing at page 1240 of the issue for Friday, March 5, 1954:

1. In the 16th line of paragraph (a) of § 400.107, "agains et" should read "against."

2. In the 10th line of § 400.303, "4½ percent" should read "4¼ percent."

TITLE 29—LABOR

Chapter V—Wage and Hour Division, Department of Labor

PART 779—RETAIL OR SERVICE ESTABLISHMENT AND RELATED EXEMPTIONS

COMMERCIAL STATIONERS AND SCHOOL SUPPLY DISTRIBUTORS

Pursuant to authority under the Fair Labor Standards Act of 1938, as amended (52 Stat. 1060, as amended, 29 U. S. C. 201 et seq.), Part 779 (CFR, Part 779) is hereby amended by the addition of §§ 779.33 and 779.34 to read as follows:

§ 779.33 *Application of the 13 (a) (2) and 13 (a) (4) exemptions to commerical stationers.* (a) It is the purpose of this section to show generally how the principles governing the application of the 13 (a) (2) exemption apply to commercial stationers' establishments and how the principles governing the application of the 13 (a) (4) exemption apply to such establishments that are also engaged in printing and engraving.

(b) In order to qualify for exemption under section 13 (a) (2) an establishment must show that more than 50 percent of its total annual dollar volume of sales of goods or services, or both, is made within the state in which the establishment is located and that at least 75 percent of its total annual dollar volume of sales is derived from sales of goods or services which are both (1) recognized as retail sales or services in the particular industry and (2) not for resale. (See § 779.6.) Paragraphs (c) to (e) of this section deal only with the question of what sales are recognized as retail in the commercial stationers' establishments.

(c) The commercial stationer ordinarily has a store on the street level located in the shopping section of the community where other stores are located and many people pass by. He has store clerks who sell over the counter to the consuming public and may have outside salesmen who sell to offices. He makes very few, if any, sales to other dealers for resale. He keeps in stock and displays the various items sold over the counter and by outside salesmen. The number of items in stock typically ranges from 5,000 to 15,000. Primarily, items sold are stationery, pens, pencils, blotters, brief cases, calendars, clocks, greeting cards, thumb tacks, typewriter ribbons, carbon paper, paper clips, ink, commercial envelopes and typewriter paper, filing supplies and similar items. In addition they may also sell filing cabinets, office desks and chairs, other items of office furniture and supplies and equipment generally, as well as standard and portable typewriters and certain other small office machines.

(d) With respect to the status, under section 13 (a) (2) of the act, of sales made by commercial stationery establishments which in general operate as described in paragraph (c) of this section, the following position is adopted for enforcement purposes: All sales of stationery, office supplies and equipment, office furniture and office machinery commonly stocked by commercial stationers, including typewriters, adding machines, small duplicating machines, checkwriters, and the like, will be considered to be retail except for the sales set out below:

(1) Sales made on a competitive bid basis. This term covers sales made pursuant to an invitation to bid, particularly sales to Federal, state and local governments; sales made in a like manner to commercial and industrial concerns and institutions are also included.

(2) Sales made pursuant to a requirements contract or other contractual arrangement involving the sale of a large quantity of goods over a period of time with a substantially lower price structure for the individual deliveries than would prevail for the usual sales of the quantities delivered.

(3) Sales made at a quantity discount of 30 percent or more from the price of the ordinary unit of sale.

(4) Sales of school supplies to municipalities, boards of education, or schools in the same manner as the sales of school supply distributors described in § 779.34.

(5) Sales of job printing and engraving other than (i) sales of social printing and engraving and (ii) sales of printing and engraving of business envelops, letterheads and calling cards.

(6) Sales of specialized machinery and equipment.

(e) Where the establishment meets the tests of the 13 (a) (2) exemption (see § 779.6) all employees employed by the establishment will be exempt, except any employees who are engaged in the making or processing of goods, such as printing and engraving.

(f) An establishment which is engaged in printing and engraving is not recognized as a retail establishment for purposes of section 13 (a) (4). Therefore, employees of a stationery establishment engaged in printing or engraving do not come within the exemption. This fact will not affect the exemption under section 13 (a) (2) of employees of stationery establishments who are not engaged in printing or engraving.

(g) In a combined stationery and printing or engraving establishment there are employees who operate the machines in the printing or engraving department and there may be other employees who also perform work primarily or exclusively for that department. There are in addition various employees in such combined establishments whose work relates to the stationery portion of the business but who also perform some work for the printing department. For example, office workers may keep records of both the printing plant and stationery department, maintenance workers may clean up in both departments; and warehousemen, messengers and stock clerks may handle material for both departments. In some establishments these workers spend relatively little time in the work of the printing department. As an enforcement policy an auxiliary employee will not be considered to be engaged in the making or processing of goods for purposes of the exemption under section 13 (a) (2) in any workweek in which an insubstantial amount of his time (20 percent or less) is allocable to the clerical, messenger, or custodial work of the printing department.

§ 779.34 *Application of the 13 (a) (2) exemption to school supply distributors.* (a) School supply distributors are dealers who specialize in the sale of school supplies and equipment to educational institutions and municipal boards of education. They handle all types of school supplies, other than text books, such as pencils, chalk, paper, maps and globes, as well as blackboards, school furniture, laboratory and playground equipment. They generally buy direct from the manufacturer. On the larger and more expensive items, such as classroom seating and audio-visual equipment, they are usually granted exclusive franchises. They operate almost exclusively through outside salesmen who regularly call on all the schools and school boards within their assigned area.

(b) School supply distributors do not, generally, operate stores with stocks of merchandise from which over-the-counter sales are made, nor do they attempt to sell to the general consuming public. Where they do maintain stores, they are operated in effect as showrooms for displaying their merchandise to school officials. The distributors warehouse most of the supplies. However, heavy equipment, such as classroom seating and laboratory equipment, are shipped directly from the manufacturer to the school. The distributor is responsible for the delivery of this equipment and also arranges for and supervises its installation.

(c) The supplies and equipment are specially designed for school use. Nearly all of the sales are made to schools or school systems. Their price lists are established for the purpose of dealing with schools. Their occasional sales to dealers for resale are made at small discounts from these school prices. Many of the sales to schools are made on a contract basis as a result of competitive bidding.

(d) On the basis of all available information, it is the Divisions' position that school supply distributors do not qualify for exemption under section 13 (a) (2) of the Fair Labor Standards Act because their sales are not recognized as retail in the particular industry.

Signed at Washington, D. C., this 3d day of March 1954.

WM. R. MCCOMB,
Administrator,
Wage and Hour Division.

TITLE 14—CIVIL AVIATION

Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 59]

PART 610—MINIMUM EN ROUTE IFR ALTITUDES

The minimum en route IFR altitudes appearing hereinafter have been coordinated with interested members of the industry in the regions concerned insofar as practicable. The altitudes are adopted without delay in order to provide for safety in air commerce. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to the public interest, and therefore is not required.

Part 610 is amended as follows:

1. Section 610.13 *Green civil airway No. 3* is amended to read in part:

From—	To—	Minimum altitude
Sinclair, Wyo. (LFR) [1]	Medicine Bow (INT), Wyo.	11,000

[1] 11,000'—Minimum crossing altitude at Sinclair (LFR), eastbound.

2. Section 610.102 *Amber civil airway No. 2* is amended to read in part:

From—	To—	Minimum altitude
Chena (INT), Alaska	Fairbanks, Alaska (LFR).	2,400

3. Section 610.108 *Amber civil airway No. 8* is amended to read in part:

From—	To—	Minimum altitude
Los Angeles, Calif. (LFR)	Malibu (INT), Calif [1]	2,000
Malibu (INT), Calif [1]	Camarillo, Calif. (LFR).	5,000

[1] 3,500'—Minimum crossing altitude at Malibu (INT), northwest-bound.

4. Section 610.260 *Red civil airway No. 60* is amended to read in part:

From—	To—	Minimum altitude
Stockton, Calif. (LFR)	Copper (INT), Calif.	2,000

PROPOSED RULE MAKING

DEPARTMENT OF LABOR

Wage and Hour Division

[29 CFR Part 526]

INDUSTRIES OF A SEASONAL NATURE

NOTICE OF PRELIMINARY DETERMINATION REGARDING PELLETING OF DEHYDRATED ALFALFA

On December 2, 1940, the Administrator found that the artificial drying of alfalfa hay and the subsequent manufacture of meal therefrom is an industry of a seasonal nature within the meaning of section 7 (b) (3) of the Fair Labor Standards Act. An application has been filed by the American Dehydrators Association for amendment of that determination. The applicant asks that pelleting of dehydrated alfalfa be included within the determination.

It appears from the application that:

1. Pelleting of dehydrated alfalfa has become a part of the dehydrated alfalfa industry since the original determination was issued.

2. Nearly all pelleting of dehydrated alfalfa is done in the same plants that do the dehydrating. The pelleting is generally done as a part of a connected and continuous series of operations; i. e., the operations continue in an unbroken series from dehydrating to grinding to pelleting. In some instances small amounts of molasses, oil seed meal or grain are added to the pellets. Pelleting done in a continuous series of operations takes place during the same period as the dehydrating and consequently does not lengthen the operating season.

3. An insubstantial amount of pelleting in these plants is performed on dehydrated alfalfa shipped in from other plants. Practically all of this pelleting is done during the dehydrating period by the same employees who are engaged in the other operations at the plant, and appears to be a minor and incidental part of the operations. Such pelleting when done in insubstantial amounts during the dehydrating period does not alter the operating season nor the characteristics of the industry.

4. To an insignificant extent, pelleting operations are performed on a year-round basis in plants which blend and pellet alfalfa dehydrated in other plants. Such pelleting is done in only a limited number of plants, and in a limited amount. So long as it remains insignificant, it seems appropriate to disregard this activity for purposes of this determination.

Accordingly, upon consideration of the facts stated in the application, the Administrator hereby determines, pursuant to § 526.6 (b) (2) of the regulations applicable to industries of a seasonal nature, that a prima facie case has been shown for amendment of the determination made on December 2, 1940 (5 F. R. 4801), to include the making of dehydrated alfalfa pellets which contain not more than 20 percent of ingredients other than alfalfa, during the period when dehydrating operations are carried on, when performed in a continuous series of operations with the dehydrating operations. A prima facie case has also been shown for including within the determination similar pelleting by dehydrating plants of an insubstantial amount of alfalfa which has been dehydrated at other plants, when such pelleting is done while the dehydrating is in process.

As amended, the determination will apply to the dehydrating of alfalfa and the subsequent manufacture of meal therefrom, and the following operations when performed at dehydrating plants during the period or periods when dehydrating operations are carried on: the making of dehydrated alfalfa pellets containing not more than 20 percent of ingredients other than alfalfa, including the pelleting of alfalfa dehydrated at other plants in any workweek when such pelleting constitutes no more than 20 percent of the pelleting volume; and any operations necessary or incident to the foregoing.

If no objection and request for hearing is received within 15 days following the publication of this preliminary determination, the Administrator pursuant to § 526.6 (b) (2) of the regulations, will make a finding upon the prima facie case. Objections and requests for hearing from any interested person should be submitted in writing to the Wage and Hour and Public Contracts Divisions, Department of Labor Building, Fourteenth Street and Constitution Avenue NW., Washington 25, D. C. The application for exemption may be examined in Room 5137 at this address.

Signed at Washington, D. C. this 4th day of March 1954.

WM. R. MCCOMB,
Administrator,
Wage and Hour Division.

[F. R. Doc. 54-1648; Filed, Mar. 8, 1954; 8:48 a. m.]

[29 CFR Part 541]

DEFINING AND DELIMITING THE TERMS "ANY EMPLOYEE EMPLOYED IN A BONA FIDE EXECUTIVE, ADMINISTRATIVE, PROFESSIONAL OR LOCAL RETAILING CAPACITY, OR IN THE CAPACITY OF AN OUTSIDE SALESMAN"

COMPENSATION "ON A SALARY BASIS"

Notice is hereby given that the Administrator of the Wage and Hour Division of the United States Department of Labor, proposes to amend § 541.118 of Part 541, Subpart B (29 CFR Part 541), as follows:

§ 541.118 *Salary basis.* (a) (1) An employee will be considered to be paid "on a salary basis" within the meaning of the regulations in Subpart A of this part if under his employment agreement he regularly receives each pay period on a weekly, or less frequent basis, a predetermined amount constituting all or part of his compensation, which amount is not subject to reduction because of variations in the quality or quantity of the work performed. Subject to the exceptions provided below, the employee must receive his full salary for any week in which he performs any work without regard to the number of days or hours worked. This policy is also subject to the general rule that an employee need not be paid for any workweek in which he performs no work.

(2) An employee will not be considered to be "on a salary basis" if deductions from his predetermined compensation are made for absences occasioned by the employer or by the operating requirements of the business. Accordingly, if the employee is ready, willing and able to work, deductions may not be made for time when work is not available.

(3) Deductions may be made, however, when the employee absents himself from work for a day or more for personal reasons, other than sickness or accident. Thus, if an employee is absent for a day or longer to handle personal affairs, his salaried status will not be affected if deductions are made from his salary for such absences.

(4) Deductions may also be made for absences of a day or more occasioned by sickness or disability (including industrial accidents), if the deduction is made in accordance with a bona fide plan, policy or practice of providing compensation for loss of salary occasioned by both sickness and disability. Thus, if the employer's particular plan, policy or practice provides compensation for such absences, deductions for absences of a day or longer because of sickness or disability may be made before an employee has qualified under such plan, policy or practice, and after he has exhausted his leave allowance thereunder. It is not required that the employee be paid any portion of his salary for any day for which he receives compensation for leave under such plan, policy or practice. Similarly, if the employer operates under a State sickness and disability insurance law, or a private sickness and disability insurance plan, deductions may be made for absences of a working day or longer if benefits are provided in accordance with

the particular law or plan. In the case of an industrial accident, the "salary basis" requirement will be met if the employee is compensated for loss of salary in accordance with the applicable compensation law or the plan adopted by the employer, provided the employer also has some plan, policy or practice of providing compensation for sickness and disability other than that relating to industrial accidents.

(5) Deductions may not be made for absences of an employee caused by jury duty, attendance as a witness, or temporary military leave. The employer may, however, offset any amounts received by an employee as jury or witness fees or military pay for a particular week against the salary due for that particular week without loss of the exemption. Penalties imposed in good faith for infractions of safety rules, or for other major disciplinary reasons, will not affect the employee's salaried status.

(6) The effect of making a deduction which is not permitted under these interpretations will depend upon the facts in the particular case. Where deductions are generally made when there is no work available, it indicates that there was no intention to pay the employee on a salary basis. In such a case the exemption would not be applicable to him during the entire period when such deductions were being made. On the other hand, where a deduction not permitted by these interpretations is inadvertent, or is made for reasons other than lack of work, the exemption will not be considered to have been lost if the employer reimburses the employee for such deductions and promises to comply in the future.

(b) *Minimum guarantee plus extras.* It should be noted that the salary may consist of a predetermined amount constituting all or part of the employee's compensation. In other words, additional compensation besides the salary is not inconsistent with the salary basis of payment. The requirement will be met, for example, by a branch manager who receives a salary of $55 or more per week and, in addition, a commission of 1 percent of the branch sales. The requirement will also be met by a branch manager who receives a percentage of the sales or profits of his branch if the employment arrangement also includes a guarantee of at least the minimum weekly salary (or the equivalent for a monthly or other period) required by the regulations. Another type of situation in which the requirement will be met is that of an employee paid on a daily or shift basis, if the employment arrangement includes a provision that he will receive not less than the amount specified in the regulations in any week in which he performs any work. Such arrangements are subject to the exceptions in paragraph (a) of this section. The test of payment on a salary basis will not be met, however, if the salary is divided into two parts for the purpose of circumventing the requirement of payment "on a salary basis." For example, a salary of of $100 a week may not arbitrarily be divided into a guaranteed minimum of $55 paid in each week in which any work is performed, and an additional $45 which is made subject to deductions which are not permitted under paragraph (a) of this section.

(c) *Initial and terminal weeks.* Failure to pay the full salary in the initial or terminal week of employment is not considered inconsistent with the salary basis of payment. In such weeks the payment of a proportionate part of the employee's salary for the time actually worked will meet the requirement. However, this should not be construed to mean that an employee is on a salary basis within the meaning of the regulations if he is employed occassionally for a few days and is paid a proportionate part of the weekly salary when so employed. Moreover, even payment of the full weekly salary under such circumstances would not meet the requirement, since casual or occasional employment for a few days at a time is inconsistent with employment on a salary basis within the meaning of the regulations.

Prior to the final adoption of the proposed amendment set forth above, consideration will be given to any views, arguments or data pertaining thereto which are submitted in writing to the Administrator of the Wage and Hour Division, United States Department of Labor, Washington 25, D. C., within 30 days from the date of publication of this notice in the FEDERAL REGISTER. (52 Stat. 1060, as amended, 29 U. S. C. 201 et seq.)

Signed at Washington, D. C. this 3d day of March 1954.

WM. R. MCCOMB,
Administrator,
Wage and hour Division.

Wage and Hour and Public Contracts Divisions

[29 CFR Part 522]

EMPLOYMENT OF LEARNERS

HOSIERY INDUSTRY

Pursuant to section 14 of the Fair Labor Standards Act of 1938, as amended, (section 14, 52 Stat. 1068, as amended; 29 U. S. C. 214) the Administrator has heretofore issued regulations (§§ 522.40 through 522.51) providing for the employment of learners in the hosiery industry at wages lower than the minimum wage applicable under section 6 of the act.

Such regulations have been re-examined in the light of recent changes in wage levels, administrative experience in the operation of the regulations, and after consultation with interested parties in the industry. All relevant information available indicates that it is necessary to amend the learner regulations for this industry by increasing the subminimum learner wage rates from 63 cents and 68 cents per hour to 67½ cents and 72½ cents per hour in the seamless hosiery branch, and from 65 cents and 70 cents to 70 cents and 72½ cents per hour in the full-fashioned hosiery branch, and by eliminating knitting and looping as occupations in which learners may be authorized to be employed at subminimum wage rates in the full-fashioned hosiery branch. In addition, certain other provisions of these regulations have been clarified.

Accordingly, notice is hereby given pursuant to the Administrative Procedure Act (60 Stat. 237; 5 U. S. C. 1001), that under the authority provided in section 14 of the Fair Labor Standards Act of 1938, as amended (section 14, 52 Stat. 1068; 29 U. S. C. 214), the Administrator of the Wage and Hour Division, United States Department of Labor, proposes to revise §§ 522.40 through 522.51 as hereinafter set forth. Prior to adoption of the revised regulations, consideration will be given to any data, views or arguments pertaining thereto which are submitted in writing to the Administrator of the Wage and Hour Division, United States Department of Labor, Washington 25, D. C., within 15 days from publication of this notice in the FEDERAL REGISTER.

Sec.
522.40 Issuance of learner certificates in the hosiery industry.
522.41 Number or proportion of learners.
522.42 Learner occupations, learning periods, and subminimum rates.
522.43 Effective period of certificates.
522.44 Cancellation of special learner certificates.
522.45 Applicability of §§ 522.40 to 522.44.
522.46 Applicability of general learner regulations (§§ 522.1 to 522.14).

AUTHORITY: §§ 522.40 to 522.46 issued under sec. 14, 52 Stat. 1068; 29 U. S. C. 214.

§ 522.40 *Issuance of special learner certificates in the hosiery industry.* (a) When necessary in order to prevent the curtailment of opportunities for employment, special certificates authorizing the employment of learners in the occupations and subject to the terms set forth in §§ 522.40 to 522.46 shall be issued to any plant in the hosiery industry making application therefor on forms furnished by the Wage and Hour Division, providing that,

(1) Experienced workers in the occupations named in §§ 522.40 to 522.46 are not available for such employment, except as provided in § 522.42 (d), and that

(2) The issuance of a special certificate will not create unfair competitive labor cost advantages or impair or depress working standards established for experienced workers for work of a like or comparable character in the industry.

(b) Application must be made on the official form furnished by these Divisions and must contain all information required by the form, including among other things, information concerning efforts made by the applicant to obtain experienced workers, the occupations in which learners are to be employed, the number of learners previously hired, the number of learners requested, their proposed hourly rates and learning periods in number of hours, the number of experienced workers in such occupations and their straight-time average hourly earnings during the last payroll period, the number of plant workers employed during previous periods, and the type of equipment to be used by learners.

§ 522.41 *Number or proportion of learners.* (a) The number of learners which any employer may be authorized to employ by any special certificate issued to meet normal labor turnover needs shall not exceed on any one workday five percent of the total number of productive factory workers in the plant; provided that, in plants employing less than 100 workers, a maximum of 5 learners may be authorized.

(b) Special certificates may be issued to new or expanding plants authorizing the employment of learners in authorized occupations to the extent of need. A "new plant" means a plant which is newly established and is being operated for the first time, or which has not been operated more than 8 months and in which a substantial number of workers must be trained for the manufacture of the products of the plant. An "expanding plant" means a plant which is being expanded by the installation of additional mechanical equipment or other production facilities, by again placing into operation machinery which has been idle for an appreciable period, or by adding an additional shift.

§ 522.42 *Learner occupations, learning periods and subminimum rates.* (a) A person who has had no previous experience in any of the following occupations in the hosiery industry may be employed as a learner in any one of the following occupations for the number of hours and at the subminimum rates set forth below:

(1) *Seamless Branch:*

Learner occupations, learning periods, and subminimum rates

Knitting, transfer top only, 960 hours; looping, 960 hours; pairing, women's nylon only, 960 hours; mending,[1] women's nylon only, 960 hours; 67½ cents, first 480 hours; 72½ cents, remaining 480 hours.

Topping, 480 hours; boarding, 480 hours; folding, women's nylon and rayon, 480 hours; welting, 480 hours; mending, other than women's nylon, 480 hours; pairing, other than women's nylon, 480 hours; 67½ cents per hour.

Knitting, except transfer top, 240 hours; seaming, 240 hours; examining and inspecting, 240 hours; folding, other than women's nylon and rayon, 240 hours; 67½ cents per hour.

(2) *Full-fashioned Branch:*

Pairing, 960 hours; mending,[1] 960 hours; seaming, 960 hours; 70 cents, first 480 hours; 72½ cents, remaining 480 hours.

Folding, 480 hours; 70 cents per hour.

Boarding, examining and inspecting, 240 hours; 70 cents per hour.

(b) If experienced workers are paid on a piece rate basis, learners shall be paid at least the same piece rates as experienced workers employed on similar work in the plant and shall receive earnings based on such piece rates whenever such earnings exceed the subminimum wage rates permitted in the certificate.

(c) A person who has had previous experience or training in the hosiery industry at any time in any authorized learner occupation for less than the authorized learning period may be employed as a learner in the same occupation at the applicable subminimum rates until the number of hours authorized for that occupation are completed.

(d) A worker who has had full training in any authorized learner occupation may be transferred to any other learner occupation for a period not to exceed one-half of the learning period authorized for that occupation at not less than 72½ cents an hour. A worker who has had partial training in any authorized learner occupation may be transferred to any other learner occupation or either: (1) A period not to exceed one-half of the learning period authorized for that occupation, at not less than 72½ cents an hour; or (2) the balance of the number of hours permitted as a learning period for the occupation to which he or she is being transferred, at the applicable subminimum rates set forth in § 522.42 (a): *Provided however*, That (i) no worker may be employed as a learner at learner rates in more than two authorized occupations; (ii) no worker who has completed the authorized learning period in the occupation of pairing may be employed as a learner at learner rates in the occupations of folding or inspecting; and (iii) no worker who has completed the authorized learning period may be employed as a learner at learner rates when transferring from the seamless branch of the hosiery industry to the full-fashioned or from the full-fashioned branch to the seamless, if the worker is employed in the same occupation as that in which he or she has been previously employed.

§ 522.43 *Effective period of certificates.* (a) Special certificates issued to meet labor turnover needs shall be effective for a period not longer than one year.

(b) Special certificates issued to new or expanding plants shall be effective for a period not longer than six months.

§ 522.44 *Cancellation of special learner certificates.* (a) The Administrator or his authorized representative may cancel any certificate for cause. A certificate may be canceled (1) as of the date of issuance, if it is found that the applicant set forth any fact or facts in the application which he knew or had reasonable cause to believe to be false; (2) as of the date of violation, if it is found that any of its terms have been violated; or (3) prospectively, if it is found that the conditions of employment of the learner have changed or that the purposes for which the certificate was originally issued no longer obtain.

(b) Except in cases of wilfulness or those in which the public interest requires otherwise, before any special certificate for the employment of a learner will be canceled, facts or conduct which may warrant such action will be called to the attention of the employer in writing and he shall be afforded an opportunity to demonstrate or achieve compliance with all lawful requirements.

§ 522.45 *Applicability of §§ 522.40 to 522.44.* (a) For purposes of §§ 522.40 to 522.44, the "hosiery industry" is defined as follows: The manufacture or processing of hosiery including, among other processes, the knitting, dyeing, clocking, and all phases of finishing hosiery, but not including the manufacture or processing of yarn or thread.

(b) Sections 522.40 to 522.44 do not apply to Puerto Rico or the Virgin Islands.

§ 522.46 *Applicability of general learner regulations* (§§ 522.1 to 522.14). The employment of learners pursuant to the provisions of §§ 522.40 through 522.45 shall be subject to all provisions of the general regulations governing the employment of learners (§§ 522.1 to 522.14), except to the extent to which any provision of such general regulations is inconsistent with any provision of §§ 522.40 through 522.45.

Signed at Washington, D. C., this 4th day of March 1954.

WM. R. MCCOMB,
Administrator, Wage and Hour and Public Contracts Divisions.

[F. R. Doc. 54-1646; Filed, Mar. 8, 1954; 8:48 a. m.]

[1] For purposes of §§ 522.40 to 522.46, this occupation is defined as the process of hand-mending hosiery, either in the greige or finished condition, excluding snagging or scratching performed as a full-time and continuous process, and excluding the operation of various types of mending machines, such as Vitos, Vanitas, Stelos or Marvel, except where the operation of such machines is incidental to the hand-mending operation and the use of such machinery is an adjunct to the hand-mending process.

Agricultural Marketing Service

[7 CFR Part 24]

U. S. STANDARDS FOR GRADES OF BUTTER[1]

NOTICE OF PROPOSED RULE MAKING

On February 8, 1952, notice was published in the FEDERAL REGISTER (F. R. Doc. 52-1577; 17 F. R. 1224-1226) regarding the issuance of United States Standards for Grades of Butter to supersede "Official United States Standards for Grades of Creamery Butter" that have been in effect since February 1, 1943.

In view of the widespread interest in the aforesaid standards, the final issuance of the standards was delayed. All views have now been received and based upon those views the revised standards are set forth again as proposed standards pursuant to the authority contained in the Agricultural Marketing Act, 1946 (60 Stat. 1087; 7 U. S. C. 1621 et seq.).

The revised standards are substantially the same as those proposed in 1952 except that the grade nomenclature of U. S. Grade AA or U. S. 93 Score, U. S. Grade A or U. S. 92 Score, U. S. Grade B or U. S. 90 Score, and U. S. Grade C or U. S. 89 Score has been used; the flavor of wild onion or garlic has been

[1] Compliance with these standards does not excuse failure to comply with the provisions of the Federal Food, Drug, and Cosmetic Act.

permitted to a slight degree in Grade C or 89 Score butter; the flavor of neutralizer has been changed from "definite" to "slight" for Grade B or 90 Score butter; and other minor revisions have been made. Both the letter nomenclature of AA, A, B, and C and the numerical nomenclature of 93, 92, 90, and 89 are part of the 1943 standards. All major provisions of the revised standards are the same as those previously proposed and general agreement has been reached among interested parties on the changes proposed.

All persons who desire to submit written data, views, or arguments for consideration in connection with the proposed standards should file the same, in duplicate, with the Director, Dairy Division, Agricultural Marketing Service, United States Department of Agriculture, Washington 25, D. C., not later than the close of business on the 15th day after publication of this notice in the FEDERAL REGISTER.

In view of the fact that a new marketing years begins on April 1, 1954, it is contemplated that the new standards will be made effective April 1, so as to eliminate the confusion of change of standards after the new program has been placed in operation.

The proposed standards are as follows:

UNITED STATES STANDARDS FOR GRADES OF BUTTER

DEFINITIONS

§ 24.10 *Butter.* Butter is the food product made from milk or cream, or both, with or without common salt or additional coloring matter, and containing not less than 80 percent by weight of milk fat, all tolerance having been allowed for.

(a) *Cream.* The term "cream" when used in this subpart means cream separated from milk produced by healthy cows. The cream shall be pasteurized at a temperature of not less than 165° F. and held continuously at such temperature for at least 30 min.; or by any other method of pasteurization which gives equivalent results in the destruction of the phosphatase enzyme.

U. S. GRADES

§ 24.2 *Nomenclature of U. S. grades.* (a) The nomenclature of U. S. grades is as follows: (1) U. S. Grade AA or U. S. 93 Score; (2) U. S. Grade A or U. S. 92 Score; (3) U. S. Grade B or U. S. 90 Score; and (4) U. S. Grade C or U. S. 89 Score.

§ 24.3 *Basis for determination of U. S. grades.* (a) The basis for the determination of U. S. grades of butter shall be as follows: (1) The flavor shall be classified in accordance with § 24.4; (2) The defects in body, color, and salt shall be classified in accordance with § 24.5; (3) The relation of the U. S. grade of the butter to the flavor classification of it, as affected by total defects in body, color, and salt shall be determined in accordance with § 24.6.

§ 24.4 *Classification of flavors in butter.* (a) Various identified flavors in butter shall be classified as follows:

TABLE I

Identified flavors[1]	Flavor classification			
	AA[2]	A[3]	B	C
Feed	Slight	Definite		
Cooked (fine)	Definite			
Acid		Slight	Definite	
Bitter		do	do	
Coarse acid		do	do	
Flat		do		
Smothered		do	Definite	
Storage		do	do	
Cooked (coarse)		Definite		
Musty			Slight	Definite.
Neutralizer			do	Do.
Scorched			do	Do.
Utensil			do	Do.
Weed			do	Do.
Whey			do	Do.
Woody[2]			do	Do.
Old cream			Definite	
Barny				Slight.
Cheesy				Do.
Fruity				Do.
Metallic				Do.
Oily				Do.
Sour				Do.
Wild onion or garlic				Do.
Yeasty				Do.
Stale				Definite.

[1] When more than one flavor is discernible in a sample of butter, the flavor classification of the sample shall be established on the basis of the flavor that carries the lowest classification.
[2] Shall be fine, highly pleasing.
[3] Shall be pleasing and desirable.

§ 24.5 *Classification of defects in body, color, and salt.* The classification of defects in body, color, and salt shall be established in accordance with the following:

TABLE II

Defect:	Rating
BODY	
Slight crumbly	½
Slight gummy	½
Slight leaky	½
Slight mealy	½
Slight short	½
Slight spongy or weak	½
Slight sticky	½
Slight ragged boring	1
Slight grainy	1
Definite crumbly	1
Definite gummy	1
Definite leaky	1
Definite mealy	1
Definite short	1
Definite spongy or weak	1
Definite sticky	1
Definite ragged boring	2
Definite grainy	2
COLOR	
Slight wavy	½
Slight mottled	1
Slight streaked	1
Slight color specks	1
Definite high color	1
Definite wavy	1
Definite color specks	2
Definite mottled	2
Definite streaked	2

TABLE II—Continued

Defect:	Rating
SALT	
Slight sharp salt	½
Slight gritty salt	1
Definite sharp salt	1
Definite gritty salt	2

§ 24.6 *Relation of U. S. grade of butter to the flavor classification as affected by total defects in body, color, and salt.* (a) The flavor classification and maximum defects in body, color, and salt permitted for each U. S. grade are as follows:

TABLE III

Flavor classification	Maximum defects permitted	U. S. grade
AA	½	AA or 93
AA	1	A or 92
A	½	A or 92
AA	2	B or 90
A	1½	B or 90
B	1	B or 90
A	2½	C or 89
B	1½	C or 89
C	1½	C or 89

(b) Examples of the relation of U. S. grades to flavor classification and total defects in body, color, and salt are as follows:

TABLE IV

Example No.	Flavor classification	Defects			Total defects	Permitted total defects	Defects in excess of those permitted	U. S. grade
		Body	Color	Salt				
1	AA	½	0	0	½	½	0	AA or 93
2	AA	0	1	0	1	½	½	A or 92
3	AA	1	0	½	1½	½	1	B or 90
4	AA	1	1	0	2	½	1½	B or 90
5	AA	1	1	½	2½	½	2	B or 90
6	A	½	0	0	½	½	0	A or 92
7	A	0	1	0	1	½	½	B or 90
8	A	1	0	½	1½	½	1	B or 90
9	A	1	1	0	2	½	1½	C or 89
10	A	1	1	½	2½	½	2	C or 89
11	B	½	0	0	½	½	0	B or 90
12	B	0	1	0	1	½	½	C or 89
13	B	1	0	½	1½	½	1	C or 89
14	C	1	0	0	1	1½	0	C or 89
15	C	1	½	0	1½	1½	0	C or 89

§ 24.7 *Specifications for U. S. grades of butter.* (a) The specifications for the U. S. grades of butter are as follows:

(1) *General.* Butter of all U. S. grades shall be free of visible mold, and foreign materials.

(2) *U. S. Grade AA or U. S. 93 Score.* U. S. Grade AA or U. S. 93 Score butter conforms to the following: Possesses a fine highly pleasing flavor. May possess a slight food and a definite cooked (fine) flavor. It is made from sweet cream or cream of low natural acid to which a culture (starter) may or may not have been added. The permitted total defects in body, color, and salt are limited to one-half (½) in accordance with Table II.

(3) *U. S. Grade A or U. S. 92 Score.* U. S. Grade A or U. S 92 Score butter conforms to the following: Possesses a pleasing and desirable flavor. May possess any of the following flavors to a slight degree: Aged, bitter, coarse-acid, flat, smothered, and storage. May possess feed and cooked (coarse) flavors to a definite degree. The permitted total defects in body, color, and salt are limited to one-half (½) in accordance with Table II unless the flavor classification permits these defects to exceed one-half. Butter that has a flavor classification of AA and total defects in body, color, and salt which exceed one-half (½) but do not exceed one (1) in accordance with Table II shall be U. S. Grade A or U. S. 92 Score.

(4) *U. S. Grade B or U. S. 90 Score.* U. S. Grade B or U. S 90 Score butter conforms to the following: May possess any of the following flavors to a slight degree: Musty, neutralizer, scorched, woody, weed, whey, and utensil. May possess any of the following flavors to a definite degree: Aged, bitter, coarse-acid, old cream, smothered, and storage. The permitted total defects in body, color, and salt are limited to a total of one-half (½) unless the flavor classification permits these defects to exceed one-half (½) in accordance with Table II. Butter that has a flavor classification of AA and total defects in body, color, and salt which exceed one (1) but do not exceed two-and-one-half (2½) in accordance with Table II shall be U. S. Grade B or U. S. 90 Score. Butter that has a flavor classification of A and total defects in body, color, and salt which exceed one-half (½) but do not exceed one-and-one-half (1½) in accordance with Table II shall be U. S. Grade B or U. S. 90 Score.

(5) *U. S. Grade C or U. S. 89 Score.* U. S. Grade C or U. S. 89 Score butter conforms to the following: May possess any of the following flavors to a slight degree: Barny, cheesy, fruity, metallic, oily, sour, wild onion or garlic, and yeasty. May possess any of the following flavors to a definite degree: Musty, neutralizer, scorched, stale, weed, whey, woody, and utensil. The permitted defects in body, color, and salt are limited to a total of one-and-one-half (1½) unless the flavor classification permits these defects to exceed one-and-one-half (1½) in accordance with Table II. Butter that has a flavor classification of A and total defects in body, color, and salt which exceed one-and-one-half (1½) but do not exceed two-and-one-half (2½) in accordance with Table II shall be U. S. Grade C or U. S. 89 Score. Butter that has a flavor classification of B and total defects in body, color, and salt which exceed one-half (½) but do not exceed one-and-one-half (1½) in accordance with Table II shall be U. S. Grade C or U. S. 89 Score.

EXPLANATION OF TERMS

§ 24.8 *Explanation of terms.*—(a) *With respect to flavor.*—(1) *Slight.* Detected only upon critical examination.

(2) *Definite.* Not intense but readily detectable.

(3) *Aged.* Characterized by lack of freshness. Attributable to short or extended storage periods of the butter above freezer temperatures.

(4) *Barny.* Associated with cow or stable odors. Attributable to odor absorption or bacterial action.

(5) *Bitter.* Puckery, astringent taste.

(6) *Cheesy.* Suggestive of cheese.

(7) *Coarse acid.* Lacks fine flavor, but has no definite acid flavor.

(8) *Cooked (fine).* Resulting from heat application to the cream, but not an intense flavor.

(9) *Cooked (coarse).* An intense flavor resulting from heat application to the cream.

(10) *Feed.* Feed flavors (from normal feeds, such as alfalfa, sweet clover, silage, or similar feed) in milk carried through into the butter.

(11) *Flat.* Lacks definite natural butter flavor.

(12) *Fruity.* A sweetish fruit flavor.

(13) *Metallic.* Suggestive of metal. Attributable to contact with metal surfaces or bacterial action.

(14) *Musty.* Suggestive of storage in damp cellar or cave.

(15) *Neutralizer.* Flavor characteristic of neutralizing agents.

(16) *Oily.* Suggestive of oil; characterized by an oily-like taste with an accompanying suggestion of oxidation of the fat.

(17) *Old cream.* Aged cream characterized by lack of freshness.

(18) *Sour.* Acid flavor and aroma.

(19) *Scorched.* A more intensified flavor than cooked (coarse).

(20) *Smothered.* Suggestive of improperly cooled milk or cream; containers exposed to hot sun.

(21) *Stale.* Characterized by aged cream of poor quality.

(22) *Storage.* Characterized by lack of freshness. Attributable to extended storage periods of the butter.

(23) *Utensil.* Suggestive of improper or inadequate washing and sanitizing of milking machines, separators, utensils, or factory equipment; or of poorly tinned equipment.

(24) *Weed.* Weed flavors from common weeds, that may be present in butter derived from milk or cream of cows that have eaten weedy hay or have grazed on weed-infested pastures. Free from offensive weed flavors (such as, pepper grass or french weed).

(25) *Whey.* Mildly acid flavor and aroma characteristic of whey. Resulting from use of whey cream.

(26) *Wild onion or garlic.* May be present in butter derived from milk or cream of cows that have eaten wild onion or garlic.

(27) *Woody.* Suggestive of wood. Attributable to absorption from wood equipment.

(28) *Yeasty.* Indicating yeast fermentation.

(b) *With respect to body.*—(1) *Crumbly.* Particles lack cohesion.

(2) *Gummy.* Does not melt readily.

(3) *Grainy.* Granular consistency; more intense granular condition than mealy.

(4) *Mealy.* Coarse granular consistency.

(5) *Leaky.* Free water appearing as beads on the surface of the butter.

(6) *Ragged boring.* Sticky-crumbly condition preventing drawing of a full trier.

(7) *Short.* Excessively tight, fine texture.

(8) *Spongy or weak.* Lacks compactness or firmness.

(9) *Sticky.* Adheres to trier as a smear.

(c) *With respect to color.*—(1) *High color.* Excessive coloring; unnatural.

(2) *Mottled.* Light-colored areas giving a marbled appearance.

(3) *Specks.* Color specks appearing in the butter.

(4) *Streaked.* Long streaks of light-colored portions.

(5) *Wavy.* Uneveness of color appearing as waves of different shades of yellow.

(d) *With respect to salt.*—(1) *Sharp.* Characterized by taste suggestive of excessive salt.

(2) *Gritty.* Coarse, or sandlike particles.

(60 Stat. 1090; 7 U. S. C. 1624 et seq.)

Done at Washington, D. C., this 4th day of March 1954.

[SEAL] ROY W. LENNARTSON,
Deputy Administrator,
Agricultural Marketing Service.

[Docket No. AO-250]

HANDLING OF VALENCIA ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

DECISION WITH RESPECT TO PROPOSED MARKETING AGREEMENT AND ORDER

EDITORIAL NOTE: The material set forth below should have been published as the introductory text and order in connection with Federal Register Document 54-1499, appearing at page 1177 of the issue for Wednesday, March 3, 1954.

Pursuant to the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900; 19 F. R. 57), a public hearing

was held at Los Angeles, California, from December 7 to December 10, 1953, both dates inclusive, after notice thereof published in the FEDERAL REGISTER (18 F. R. 7358), on a proposed marketing agreement and order regulating the handling of Valencia oranges grown in Arizona and designated part of California, to be made effective pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.).

On the basis of the evidence introduced at the hearing, and the record thereof, the Deputy Administrator, Agricultural Marketing Service, on February 2, 1954, filed with the Hearing Clerk, United States Department of Agriculture, his recommended decision in this proceeding. The notice of the filing of such recommended decision, affording opportunity to file written exceptions thereto, was published in the FEDERAL REGISTER (F. R. Doc. 54-841; 19 F. R. 695; 801). No exception to said recommended decision was filed.

Findings and conclusions. The material issues and the findings and conclusions of the aforesaid recommended decision are hereby approved and adopted as the material issues and the findings and conclusions of this decision as if set forth in full herein, except for the correction set forth below which is made for the purpose of clarification.

Delete the penultimate sentence in subparagraph (i) of paragraph (5) (19 F. R. 706) which reads: "Similarly, while the exporting of oranges should not be subject to regulation, all prior handling of such oranges should be regulated."

and insert, in lieu thereof, the following: "Similarly, the person who handles oranges directly to an exporter for export purposes, or who exports them himself, should be exempt."

In § 922.67 (19 F. R. 712) delete paragraph (e) reading "export oranges;" and insert, in lieu thereof "(e) export or handle oranges to exporters for export purposes."

General findings. The general findings of the said recommended decision are hereby approved and adopted as the general findings of this decision as if set forth in full herein.

Marketing agreement and order. Annexed hereto and made a part hereof are two documents entitled, respectively, "Marketing Agreement Regulating the Handling of Valencia Oranges Grown in Arizona and Designated Part of California" and "Order Regulating the Handling of Valencia Oranges Grown in Arizona and Designated Part of California" which have been decided upon as the appropriate and detailed means of effecting the foregoing conclusions. The aforesaid marketing agreement and order shall not become effective unless and until the requirements of § 900.14 of the aforesaid rules of practice and procedure, governing proceedings to formulate marketing agreements and marketing orders, have been met.

It is hereby ordered, That all of this decision, except the annexed agreement, be published in the FEDERAL REGISTER. The regulatory provisions of the said agreement are identical with those contained in the annexed order which will be published with this decision.

Agricultural Research Service

[9 CFR Parts 1, 40]

MEAT INSPECTION REGULATIONS

NOTICE OF PROPOSED AMENDMENTS

Notice of proposed identification and marketing service for certain meats, meat byproducts, and meat food products.

Notice is hereby given under section 4 of the Administrative Procedure Act (5 U. S. C. 1003) that the Department of Agriculture is considering the issuance of regulations providing for the furnishing of a service for the identification and marketing, as federally inspected and passed, of divided portions of meats, meat byproducts, and meat food products which have been federally inspected and passed and so marked, but all divided portions of which do not bear the marks of Federal meat inspection, and the collection of fees for such service, under the authority of sections 203 and 205 of the Agricultural Marketing Act of 1946, as amended (7 U. S. C. 1622 and 1624), section 520 of the Revised Statutes (5 U. S. C. 511) and provisions in the item for Marketing Services in the Department of Agriculture Appropriation Act, 1954 (67 Stat. 205; 7 U. S. C. Supp. 414). It is proposed to issue such regulations as new Part 40 of Title 9, Code of Federal Regulations, to read as follows:

PART 40—IDENTIFICATION SERVICE FOR MEAT AND OTHER PRODUCT

Sec.
40.1 Meaning of words.
40.2 Definitions.
40.3 Kind of service.
40.4 Availability of service.
40.5 Application for service.
40.6 Denial or withdrawal of service.
40.7 Fees and charges.

§ 40.1 *Meaning of words.* Words used in this part in the singular form shall be deemed to import the plural, and vice versa, as the case may demand.

§ 40.2 *Definitions.* For the purposes of the regulations in this part, unless the context otherwise requires, the following terms shall be construed, respectively, to mean:

(a) *Department.* The United States Department of Agriculture.

(b) *Service.* The Agricultural Research Service of the Department.

(c) *Administrator.* The Administrator of the Service or any officer or employee of the Department to whom authority has heretofore been delegated, or to whom authority may hereafter be delegated, to act in his stead.

(d) *Chief.* The Chief, Meat Inspection Branch of the Service, or any officer or employee of the Department, to whom authority has heretofore been delegated, or to whom authority may hereafter be delegated, to act in his stead.

(e) *Inspector.* Any officer or employee of the Department authorized to perform any duties under the regulations in this part.

(f) *Person.* Any individual, corporation, company, association, firm, partnership, society, or joint stock company, or other organized group of any of the foregoing.

(g) *Federally inspected and passed.* Inspected and passed under the Meat Inspection Act, as amended (21 U. S. C. 71 et seq.) or under the provisions in paragraphs 306 (b) and (c) of the Tariff Act of 1930 (19 U. S. C. 1306 (b) and (c)).

(h) *Official establishment.* An establishment operated under Federal meat inspection pursuant to the Meat Inspection Act, as amended (21 U. S. C. 71 et seq.).

§ 40.3 *Kind of service.* Meat or other product that is federally inspected and passed at an official establishment or upon importation is officially marked at such establishment or the port of entry with sufficient marks of Federal meat inspection to identify, as federally inspected and passed, the carcass, tank carload, or other basic unit constituting the product when it leaves such establishment or is allowed importation. In order to facilitate the division of such carcass, tank carload, or other unit into smaller portions and to maintain the identity of such portions as federally inspected and passed, service may be furnished, upon application, under the regulations in this part to identify such portions as part of a unit which was federally inspected and passed and so marked and to mark such portions with the marks of Federal meat inspection.

§ 40.4 *Availability of service.* Service under the regulations in this part will be available only with respect to meat or other product which is on premises other than those of an official establishment; which is sound, healthful, wholesome, and fit for human food at the time the service would be furnished; and which can be identified as a portion of a carcass, tank carload, or other basic unit which was federally inspected and passed and so marked.

§ 40.5 *Application for service.* Any person who desires to receive service under the regulations in this part for meat or other product eligible therefor under such regulations may make application for service to the Chief, upon an application form which will be furnished by the Chief upon request.

§ 40.6 *Denial or withdrawal of service.* (a) If any person has applied for service for meat or other product not eligible therefor under the regulations in this part, or has failed to make proper application for service or to pay fees and charges due for service furnished or to be furnished to him under the regulations in this part, or if the service cannot be furnished to any person applying therefor because of lack of available inspectors or other administrative reasons, the service may be denied to such person by the Chief until the condition justifying such denial is corrected.

(b) Service under the regulations in this part may also be denied to any person by the Administrator for such period as he may deem proper, if it is determined, after opportunity for hearing before a proper official in the Department, that such person has been responsible for any willful misrepresentation to the Department concerning any meat or other product for which service has been requested under the regulations, in this part, or that such person has been responsible for the use without authority, or the imitation, of any marks or certificates of Federal meat inspection on or with respect to any meat or other product, or has otherwise been responsible for any fraudulent or deceptive practice with respect to such service, or that such person has interfered with or obstructed any inspector in the performance of his duties under the regulations in this part, or attempted to do so. Pending final determination of the matter, the Chief may deny or withdraw service without hearing in those cases where the public interests so require. In other cases prior to the institution of proceedings for denial of service under this paragraph, the facts or conduct which may warrant such action shall be called to the attention of the person involved, in writing, and he shall be given an opportunity to demonstrate or achieve compliance with all applicable requirements.

§ 40.7 *Fees and charges.* (a) Fees and charges for service under the regulations in this part shall be paid by the applicant for the service in accordance with this section, and, if required by the Administrator, the fees and charges shall be paid in advance.

(b) The fees and charges provided for in this section shall be paid by check, draft, or money order payable to the Treasurer of the United States and shall be remitted promptly to the Administrator upon furnishing to the applicant of a statement as to the amount due.

(c) The fees to be charged and collected for service under the regulations in this part shall be based on the time required to render such service, including but not limited to the time required for the travel of the inspector or inspectors in connection therewith, at a rate to be determined by the Chief, which shall be not more than $3.20 per hour for each hour for each inspector for the time required.

(d) Charges may also be made to cover the cost of travel and other expenses incurred by the Service in connection with the furnishing of the service.

Section 1.1 of Title 9, Code of Federal Regulations, would be amended by deleting from the introductory phrase the term "this subchapter" and substituting therefor the term "Parts 1 through 29".

Any person who wishes to submit written data, views, or arguments concerning the proposed regulations may do so by filing them with the Chief, Meat Inspection Branch, Agricultural Research Service, United States Department of Agriculture, Washington 25, D. C., within 30 days after the date of publication of this notice in the FEDERAL REGISTER.

Done at Washington, D. C., this 4th day of March 1954.

[SEAL] M. R. CLARKSON,
Acting Administrator.

[Docket No. F. D. C. 60]

CERTIFICATION OF COAL TAR COLORS

EXTENSION OF TIME FOR FILING WRITTEN BRIEFS IN HEARING

On January 19, 1954, a hearing was held for the purpose of receiving evidence concerning the proposal of the Secretary of Health, Education, and Welfare to amend the regulations for the certification of coal-tar colors (21 CFR 135, as amended, 21 CFR, 1952 Supp.). Upon completion of the hearing, Mr. Leonard D. Hardy, presiding officer, granted interested parties until March 1, 1954, for filing briefs.

The Secretary of the Department of Health, Education, and Welfare, having been petitioned by interested parties to extend the time within which such briefs may be filed, and good cause therefor appearing: *It is ordered*, That the time for filing briefs be extended until March 31, 1954, and that said extension shall apply to all interested persons whose appearances were filed at the hearing.

Dated: March 3, 1954.

[SEAL] OVETA CULP HOBBY,
Secretary.

NOTICES

DEPARTMENT OF THE TREASURY

Bureau of Customs

[T. D. 53443]

COAL, COKE, AND BRIQUETTES IMPORTED FROM CERTAIN COUNTRIES

TAXABLE STATUS

MARCH 4, 1954.

Coal, coke made from coal, and coal or coke briquettes imported from the following countries and entered for consumption or withdrawn from warehouse for consumption during the period from January 1 to December 31, 1954, inclusive, will not be subject to the tax of 10 cents per 100 pounds prescribed in the Internal Revenue Code, section 3423:

Canada.	Italy.
France.	Netherlands.
French Morocco.	Netherlands Antilles.

Coal, coke made from coal, and coal or coke briquettes produced in the United Kingdom, imported into the United States directly or indirectly therefrom, and entered for consumption or withdrawn from warehouse for consumption during the calendar year 1954 will be exempt from the tax by virtue of the Internal Revenue Code, section 3420.

Certain countries from which there have been no importations of coal or allied fuels since January 1, 1952, are not included in the above list. Further information concerning the taxable status of coal or allied fuels imported during the calendar year 1954 from countries not listed above will be furnished upon application therefor to the Bureau.

[SEAL] C. A. EMERICK,
Acting Commissioner of Customs.

Office of the Secretary

[Order No. 2640, Amdt. 6]

NATIONAL PARK SERVICE

DELEGATIONS OF AUTHORITY

MARCH 2, 1954.

Order No. 2640, as amended (16 F. R. 5846, 11934; 17 F. R. 482, 964; 18 F. R. 2832, 6789), as further amended as follows:

1. A new section, numbered 36 and reading as follows, is added:

SEC. 36. *Authority under the act of August 8, 1953.* The Director is authorized to exercise all of the authority vested in the Secretary of the Interior by the act of August 8, 1953 (67 Stat. 495; Pub. Law 230, 83d Cong.), which pertains to the transportation of employees of Carlsbad Caverns National Park, to the furnishing of services and facilities, and to other matters relating to the National Park System and miscellaneous areas as defined in the act.

2. Section 99 is amended to read as follows:

SEC. 99. *Redelegation.* The Director may, in writing, redelegate to any officer or employee of the Service the authority vested in him by this order, and he may authorize written redelegations of such authority. Each redelegation shall be published in the FEDERAL REGISTER.

(Sec. 2, Reorganization Plan No. 3 of 1950; 5 U. S. C., 1946 ed., Supp. V, sec. 133z-15, note)

DOUGLAS MCKAY,
Secretary of the Interior.

DEPARTMENT OF COMMERCE

Bureau of Foreign Commerce

[Case No. 167]

CHING SEN LEE AND AMERICAN INDUSTRIAL PRODUCTS CO.

ORDER DENYING EXPORT PRIVILEGES

In the matter of Ching Sen Lee (sometimes known as Lee Ching Sen), individually and d/b/a under firm name and style of American Industrial Products Company, 111 Broadway, New York 6, New York, respondent.

The respondent, Ching Sen Lee, having been charged by the Director, Investigation Staff, Bureau of Foreign Commerce (formerly the Office of International Trade), Department of Commerce, with having violated the Export Control Act of 1949, and the regulations promulgated thereunder, and having been duly served with the charging letter dated March 19, 1952, duly appeared herein by acknowledging in person receipt of the charging letter, retaining an attorney to represent him herein and by such attorney demanded an oral hearing. Due notice of hearing to be held April 2, 1953, was given to respondent's attorney but neither respondent nor his attorney appeared at the time and place set for said hearing and, after noting the failure of respondent to so appear, the Compliance Commissioner proceeded to hear and receive the evidence in support of the charges contained in the charging letter on April 2 and 3, 1953, and the presentation of proof not having been completed, the hearing was continued to August 7, 1953, on which day the case was submitted for report and recommendation.

The Compliance Commissioner, in his report, has set forth all the facts found by him together with his recommendation, and has transmitted the entire record to the undersigned Director, Office of Export Supply.

Now, upon considering the facts of this case, after reviewing the entire record and the report of the Compliance Commissioner, I hereby make the following

FINDINGS OF FACT

(1) At all times hereinafter mentioned, Ching Sen Lee was engaged in the export business in the City of New York under the firm name and style of American Industrial Products Company. Lee also has done and is doing business through the medium of corporations known as American Industrial Products Co., Inc., American Industrial Products Co., Ltd., and other similar names. Lee is the respondent herein.

(2) On the 24th day of May 1949, respondent caused to be submitted to the Office of International Trade, now the Bureau of Foreign Commerce, an application for a license to export fifty long tons of steel strapping to a company in Hong Kong as ultimate purchaser and consignee, falsely representing that Hong Kong was the country of ultimate destination. Such a license was granted on June 30, 1949.

(3) For the purpose of effectuating the exportation of approximately 100,000 pounds of steel strapping from the United States under said license, respondent on or about July 18, 1949, caused a shipper's export declaration to be authenticated by the Collector of Customs in which he represented that the country of ultimate destination was Hong Kong, although he knew at that time that said steel strapping was ultimately destined for Tientsin, China. He thereupon exported the steel strapping on July 22, 1949.

(4) Prior to May 1949, respondent had obtained from the Office of International Trade three export licenses authorizing the exportation of tinplate from the United States to Shanghai, China, in which licenses two different Shanghai firms were named as intermediate and ultimate consignees. In May 1949, a third firm in Hong Kong contracted to purchase from respondent 100 long tons of tinplate and in June 1949, respondent learned that the said tinplate was destined ultimately for Tientsin, China. On June 16, 1949, respondent caused to be requested and obtained from the Office of International Trade an amendment of the three licenses granted prior to May 1949 whereby the addresses of the two firms therein mentioned were changed from Shanghai to Hong Kong but he failed to request an amendment changing the name of either the intermediate or ultimate consignee to that of the third firm to which he had contracted to sell the 100 long tons of tinplate.

(5) Thereafter, on July 22, 1949, for the purpose of effectuating the exportation from the United States of 222,340 pounds of tinplate to said third purchaser for ultimate shipment to Tientsin, he caused to be authenticated by the Collector of Customs a shipper's export declaration, based on said three export licenses, in which he represented and stated that the purchaser and ultimate consignee was one of the two firms mentioned in the license (not the third firm, the actual purchaser), and Hong Kong as the country of ultimate destination, not mentioning Tientsin, China, which he then knew was the place of ultimate destination. The said tinplate was thereupon exported from the United States.

(6) On or about July 20, 1949, respondent caused to be submitted to the Office of International Trade an application for license to export 4,000 pieces of crucibles to a named purchaser in Hong Kong as ultimate consignee, naming Hong Kong as the country of ultimate destination. Shortly thereafter, the named purchaser informed respondent that the ultimate destination of the crucibles was Tientsin, China, and reduced the order to 1,000 pieces. Respondent, having this knowledge, at no time prior to the rejection of this application notified the Office of International Trade of the true ultimate destination or of the reduction in quantity.

(7) Thereafter, on or about July 28, 1949, for the purpose of obtaining an export license to export said 1,000 pieces of crucibles known by him to be ultimately destined for Tientsin, China, respondent caused to be submitted to the Office of International Trade an application to export 1,000 pieces of crucibles to Hong Kong, as the country of ultimate destination and named therein as the purchaser and ultimate consignee, his own company, American Industrial Products Company, with Hong Kong as its address. As part of the said application he caused to be represented to the Office of International Trade that he had a contract with American Industrial Products Company to sell it 1,000 pieces of crucibles for "Hong Kong, Br. Crn. Colony," as the country of ultimate destination. He did this knowing he had no such contract and that the 1,000 pieces were the reduced portion of the order which had been the subject of the first application.

From the foregoing, I conclude (A) that the respondent falsely stated and caused to be stated falsely the country of ultimate destination and the name of the ultimate consignee and purchaser on export license applications and export declarations, and made exportations under validated licenses with the knowledge that the commodities so exported were to be reexported to a country other than the country named therein as the country of ultimate destination, in violation of the regulations then cited as 15 CFR 372.12 (a), §§ 381.1 (b) (1), (2), 3 (i), (ii), 381.3 (a); 14 F. R. 3013, 3032; (B) that respondent without authorization used validated export licenses to effectuate an exportation different from that in such licenses authorized and contrary to the authority thereof, in violation of the regulation then cited as 15 CFR 381.3 (a) and § 372.2 (a), 14 F. R. 3032 and 3008; and (C) knowingly made false representations to and concealed material facts from the Office of International Trade (now the Bureau of Foreign Commerce), in violation of regulations then cited as 15 CFR 381.1 (b) (1), (2), and (3) (i), (ii), (iv), 14 F. R. 3032.

In his report the Compliance Commissioner has recommended that the respondent be suspended from all export privileges for a period of five years from the date of this order or for the duration of export controls, whichever occurs first. This respondent was suspended from export privileges relating to commodities on the Positive List in another proceeding, Case No. 106, from August 8, 1951, until February 7, 1953, and he has been temporarily suspended from validated export license privileges since that time pursuant to an order entered in this proceeding on January 30, 1953. Respondent is presently under indictment in the Federal Court for the Southern District of New York for criminal violations of the export control law, and he is a fugitive from justice in such proceedings.

After careful consideration of the report and recommendation, and taking into consideration the fact that respondent has been suspended from export privileges, as stated, from August 8, 1951, until now, I have concluded that the terms of the recommended order are reasonable, necessary, and proper to achieve effective enforcement of the law and they are accordingly adopted. Now, therefore, it is ordered, as follows:

I. Respondent Ching Sen Lee, sometimes known as Lee Ching Sen, trading as American Industrial Products Company, American Industrial Products Co., Inc., Brussels, Belgium, American Industrial Products Co., Ltd., London, England, and American Industrial Products Co., G. m. b. H. (Aminprocom), Hamburg, Germany, their successors or assigns, directors, officers, stockholders, partners, representatives, agents, and employees be and they hereby are denied and declared ineligible to exercise any privileges of participation directly or indirectly in any manner or capacity in the exportation of any commodity from the United States to any foreign destination, including Canada, for a period of five (5) years from the date hereof or for the duration of export controls, whichever shall be the shorter period. Without limitation of the generality of the foregoing denial of export privileges, participation in an exportation is deemed to include and prohibit respondents' participation, directly or indirectly in any manner or capacity, (a) as a party or as a representative of a party to any validated export license application, (b) in the obtaining or using of any validated or general export license or other export control documents, (c) in the receiving, ordering, buying, selling, using, or disposing in any foreign country of any commodities in whole or in part exported or to be exported from the United States, and (d) in storing, financing, forwarding, transporting, or other servicing of such exports from the United States.

II. Such denial of export privileges shall extend not only to the persons and companies mentioned in and within the scope of Part I hereof, but also to any person, firm, corporation, or business organization with which such persons and companies may be now or hereafter related by ownership, control, position of responsibility, or other connection in the conduct of trade involving exports from the United States or services connected therewith.

III. No Person, firm, corporation, or other business organization shall, without prior disclosure to, and specific authorization from, the Bureau of Foreign Commerce, directly or indirectly in any manner or capacity, (a) apply for, obtain, or use any license, shipper's export declaration, bill of lading, or other export control document relating to any exportation of commodities from the United States, or (b) order, receive, buy, use, dispose of, finance, transport, forward, or otherwise service or participate in, any exportation from the United States, or in a reexportation of any commodity exported from the United States, with respect to which any of the persons or companies within the scope of Parts I and II hereof have any interest of any kind or nature, direct or indirect.

Dated: March 3, 1954.

JOHN C. BORTON,
Director,
Office of Export Supply.

Federal Maritime Board

MEMBER LINES OF WEST COAST OF ITALY, SICILIAN AND ADRIATIC PORTS/NORTH ATLANTIC RANGE CONFERENCE ET AL.

NOTICE OF AGREEMENTS FILED FOR APPROVAL

Notice is hereby given that the following described agreements have been filed with the Board for approval pursuant to section 15 of the Shipping Act, 1916, as amended; 39 Stat. 733, 46 U. S. C. section 814.

(1) Agreement No. 2846-5, between the Member Lines of the West Coast of Italy, Sicilian and Adriatic Ports/North Atlantic Range Conference (W. I. N. A. C.) modifies the basic agreement of that conference (No. 2846) to provide that the presence of at least six representatives of member lines shall constitute a quorum at meetings of the Rate Committee, and that such meetings shall be held as and when required. The agreement presently provides that three fourths of the representatives of member lines shall constitute a quorum at meetings of the Rate Committee, and that such meetings will be held every week, if there are items on the agenda, and that special meetings may be called at any time upon agreement of three-fourths of the committee.

(2) Agreement No. 7860-6, between the Member Lines of the Swiss/North Atlantic Freight Conference, modifies the basic agreement of that conference (No. 7860) to provide that new conference members will automatically become a party to, and members withdrawing from the conference will automatically cease to be a party to any agreement entered into between the members and any other carrier or other person subject to the Shipping Act, 1916, as amended.

(3) Agreement No. 7636-1, between N. V. Stoomvaart Maatschappij "Nederland" and Koninklijke Rotterdamsche Lloyd, N. V., modifies the basic agreement of the Java Pacific Line Joint Service (No. 7636) to limit the scope of the agreement to the trades (a) between U. S. and Canadian Pacific Coast ports and the Hawaiian Islands, on the one hand, and ports in the Philippine Islands, Indo-China, Siam, Indonesia, Colony of Singapore, Malayan Union, Ceylon, Pakistan, Burma, India and the Territory of the Persian Gulf, on the other hand, and (b) from ports in India, Pakistan, Ceylon, Burma, Colony of Singapore, Malayan Union, Netherland East Indies and Philippine Islands to United States Gulf ports.

(4) Agreement No. 7838-1, between the Carriers Comprising the Java Pacific & Hoegh Lines Joint Service, modifies the basic Joint Service Agreement (No. 7838) to limit the scope of the agreement to the trades (a) between U. S. and Canadian Pacific Coast ports and the Hawaiian Islands, on the one hand, and ports in the Philippine Islands, Indo-China, Siam, Indonesia, Colony of Singapore, Federation of Malaya, Ceylon, India, Pakistan, Burma, and the Territory of the Persion Gulf, on the other hand, and (b) from ports in India, Pakistan, Ceylon, Burma, Colony of Singapore, Federation of Malaya, Indonesia, Indo-China, Siam and Philippine Islands to United States Gulf ports.

Interested parties may inspect these agreements and obtain copies thereof at the Regulation Office, Federal Maritime Board, Washington, D. C., and may submit, within 20 days after publication of this notice in the FEDERAL REGISTER, written statements with reference to any of the agreements and their position as to approval, disapproval, or modification, together witn request for hearing should such hearing be desired.

Dated: March 3, 1954.

By order of the Federal Maritime Board.

[SEAL] A. J. WILLIAMS,
Secretary.

DEPARTMENT OF LABOR

Wage and Hour Division

LEARNER EMPLOYMENT CERTIFICATES

ISSUANCE TO VARIOUS INDUSTRIES

Notice is hereby given that pursuant to section 14 of the Fair Labor Standards Act of 1938, as amended (52 Stat. 1068, as amended; 29 U. S. C. and Sup. 214) and Part 522 of the regulations issued thereunder (29 CFR Part 522), special certificates authorizing the employment of learners at hourly wage rates lower than the minimum wage rates applicable under section 6 of the act have been issued to the firms listed below. The employment of learners under these certificates is limited to the terms and conditions therein contained and is subject to the provisions of Part 522. The effective and expiration dates, occupations, wage rates, number or proportion of learners, and learning period for certificates issued under the general learner regulations (§§ 522.1 to 522.14) are as indicated below; conditions provided in certificates issued under special industry regulations are as established in these regulations.

Single Pants, Shirts and Allied Garments, Women's Apparel, Sportswear and Other Odd Outerwear, Rainwear, Robes and Leather and Sheep-Lined Garments Divisions of the Apparel Industry Learner Regulations (29 CFR 522.160 to 522.168, as amended June 2, 1952, 17 F. R. 3818).

Barad Lingerie Co., Salem, Mo., effective 2-25-54 to 2-24-55; 10 learners for normal labor turnover purposes (ladies' underwear).

Barrow Manufacturing Co., Statham, Ga., effective 2-26-54 to 2-25-55; 10 learners for normal labor turnover purposes (sport shirts).

Blue Bell, Inc., Arab, Ala., effective 3-2-54 to 3-1-55; 10 percent of the total number of factory production workers for normal labor turnover purposes (dungarees).

Blue Bell, Inc., Oneonta, Ala., effective 3-2-54 to 3-1-55; 10 percent of the total number of factory production workers for normal labor turnover purposes (overalls).

Brooks Uniform Co., Clarksville, Tex., effective 2-26-54 to 2-25-55; 10 learners for normal labor turnover purposes (women's uniforms).

"Bundle O' Joy" Baby Wear Co., 43 South Pennsylvania Avenue, Wilkes-Barre, Pa., ef-

fective 2-24-54 to 2-23-55; 10 learners for normal labor turnover purposes (infant's gowns, etc.).

Cluett, Peabody & Co., Inc., Buchanan, Ga., effective 3-1-54 to 2-28-55; 10 percent of the total number of factory production workers for normal labor turnover purposes (men's shirts).

Cowden Mfg. Co., East Main Street, Stanford, Ky., effective 3-15-54 to 3-14-55; 10 percent of the total number of factory production workers for normal labor turnover purposes (overalls).

Dublin Garment Co., Dublin, Ga., effective 2-26-54 to 2-25-55; 10 percent of the total number of factory production workers for normal labor turnover purposes (sport shirts).

Fruhauf Southwest Garment Co., Inc., 146 East Sixth Street, Pawhuska, Okla., effective 3-1-54 to 2-28-55; 10 percent of the total number of factory production workers for normal labor turnover purposes (shell field jackets).

Gort Girls' Frocks, Inc., 75 Stark Street NE., Wilkes-Barre, Pa., effective 3-17-54 to 3-16-55; 10 percent of the total number of factory production workers for normal labor turnover purposes (children's dresses).

W. Koury Co., 633 Chatham Street, Sanford, N. C., effective 2-23-54 to 2-22-55; 10 percent of the total number of factory production workers for normal labor turnover purposes (boys' pants, men's work pants and shirts).

Lady Ester Lingerie Corp., Tenth and Walnut Streets, Berwick, Pa., effective 3-16-54 to 3-15-55; 10 percent of the total number of factory production workers for normal labor turnover purposes (ladies' and children's slips).

Plains Manufacturing Co., Inc., 61 Hudson Road, Plains, Pa., effective 2-25-54 to 2-24-55; 10 percent of the total number of factory production workers for normal labor turnover purposes (brassieres).

Sandye Shirt Corp., Portland, Tenn., effective 2-24-54 to 8-15-54; 100 learners for plant expansion purposes (sport shirts) (supplemental certificate).

Spring Hope Manufacturing Co., Spring Hope, N. C., effective 3-2-54 to 3-1-55; 10 learners for normal labor turnover purposes (ladies' and children's dungarees, etc.).

Walls Manufacturing Co., Inc., Cleburne, Tex., effective 3-1-54 to 2-28-55; 10 percent of the total number of factory production workers for normal labor turnover purposes (coveralls, jeans, etc.).

Knitted Wear Industry Learner Regulations (29 CFR 522.68 to 522.79, as amended January 21, 1952, 16 F. R. 12866).

Louis Gallet Knitting Mills, Inc., Uniontown, Pa., effective 3-15-54 to 4-30-54; 40 learners for expansion purposes (men's and ladies' full fashioned sweaters) (replacement certificate).

Louis Gallet Knitting Mills, Inc., Uniontown, Pa., effective 3-15-54 to 4-30-54; 5 percent of the total number of factory production workers for normal labor turnover purposes (men's and ladies' full fashioned sweaters), (replacement certificate).

Nescopeck Knitting Mills, Inc., 213 West Third Street, Nescopeck, Pa., effective 2-26-54 to 2-25-55; 5 learners for normal labor turnover purposes (sport shirts and coat sweaters).

The following special learner certificate was issued in Puerto Rico to the company hereinafter named. The effective and expiration dates, the number of learners, the learner occupations, the length of the learning period and the learner wage rates are indicated, respectively.

The Carib Co., Inc., Aibonito, P. R., effective 2-23-54 to 8-22-54; 10 learners; machine stitching woven and knitted fabric gloves, 240 hours at 32 cents an hour, 240 hours at 40 cents an hour (fabric gloves).

Each certificate has been issued upon the employer's representation that employment of learners at subminimum rates is necessary in order to prevent curtailment of opportunities for employment, and that experienced workers for the learner occupations are not available. The certificates may be cancelled in the manner provided in the regulations and as indicated in the certificates. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof within fifteen days after publication of this notice in the FEDERAL REGISTER, pursuant to the provisions of Part 522.

Signed at Washington, D. C., this 1st day of March 1954.

MILTON BROOKE,
Authorized Representative of the Administrator.

GENERAL SERVICES ADMINISTRATION

SECRETARY OF DEFENSE

DELEGATION OF AUTHORITY WITH RESPECT TO DISPOSAL OF CHEMICAL CORPS CHLORINE PLANT

MARCH 3, 1954.

1. Pursuant to authority vested in me by the Federal Property and Administrative Services Act of 1949 (63 Stat. 377), as amended, (hereinafter referred to as "the act") authority is hereby delegated to the Secretary of Defense to determine that the property known as the Chemical Corps Chlorine Plant, located at Muscle Shoals, Alabama is not required for the needs and responsibilities of Federal agencies; and thereafter to dispose of such property by sale or lease as the interest of the Government may require.

2. Prior to such determination and disposal of the property, the Secretary of Defense shall take such steps as may be appropriate to determine whether any Federal agency has need therefor, and if so, shall transfer the property to such agency upon such terms as to reimbursement as may be prescribed in accordance with section 202 (a) of the act, as amended.

3. The authority conferred herein shall be exercised in accordance with the act and regulations issued pursuant thereto, and in particular section 203 (e) of the act, as amended by section 1 (i) of Public Law 522, 82d Congress requiring that an explanatory statement shall be prepared and submitted to the appropriate committees of Congress and a copy preserved in the file of all cases where negotiated disposal occurs. Such statements shall be submitted to the committees at least thirty (30) days prior to consummation of any negotiated disposal, and a copy of each such statement shall be furnished this Administration.

4. The authority herein delegated may be redelegated to any officer, official, or employee of the Department of Defense.

5. This delegation of authority shall be effective as of the date hereof.

Dated: March 3, 1954.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-3203]

WISCONSIN ELECTRIC POWER CO. AND MILWAUKEE ELECTRIC RAILWAY & TRANSPORT CO.

NOTICE OF PROPOSED RETIREMENT BY SUBSIDIARY OF SHARES OF ITS CAPITAL STOCK

MARCH 2, 1954.

Notice is hereby given that Wisconsin Electric Power Company ("Wisconsin Electric"), a registered holding company, and its wholly owned subsidiary the Milwaukee Electric Railway & Transport Company ("Transport Company") have filed with this Commission a joint declaration pursuant to the Public Utility Holding Company Act of 1935 ("act"), designating sections 12 (c) and 12 (f) of the act and Rules U-42 and U-43 promulgated thereunder as applicable to the proposed transaction, which is summarized as follows:

Wisconsin Electric proposes to sell, and Transport Company proposes to buy, for $700,000 in cash, 7,000 shares of Transport Company's common stock, of the par value of $100 per share. Transport Company proposes to retire and cancel such stock, and to amend its Articles of Incorporation to reflect a corresponding reduction in its authorized capital stock.

It is stated that Wisconsin Electric holds all of Transport Company's outstanding securities, consisting of 58,350 common shares; that in December 1952 Transport Company sold all of its passenger transportation properties, since which time its business operations have been greatly curtailed; that it has reduced to cash certain assets reserved from such sale, principally $659,366 in tax refunds; that the funds which it will use in retiring the 7,000 shares of its capital stock are not needed for its continuing operations; that Wisconsin Electric needs and will use the funds for its current construction of new utility plant.

Wisconsin Electric has applied to the Public Service Commission of Wisconsin for approval of its proposed sale of the 7,000 shares of Transport Company's stock.

No fees, commissions or other remuneration will be paid in connection with the transaction.

It is requested that the Commission's order be made effective upon issuance.

Notice is further given that any interested person may, not later than March 18, 1954, at 5:30 p. m., e. s. t., request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law, if any, raised by said declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after said date said declaration, as filed or as amended, may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transaction as provided in Rule U-20 (a) and Rule U-100 thereof.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

INTERSTATE COMMERCE COMMISSION

[4th Sec. Application 28971]

LIQUEFIED PETROLEUM GAS FROM TUSCOLA, ILL., TO POINTS IN WISCONSIN AND UPPER PENINSULA OF MICHIGAN

APPLICATION FOR RELIEF

MARCH, 4, 1954.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: W. J. Prueter, Agent, for carriers parties to schedule listed below.

Commodities involved: Liquefied petroleum gas, in tank-car loads.

From: Tuscola, Ill.

To: Points in Wisconsin and upper peninsula of Michigan.

Grounds for relief: Competition with rail carriers, circuity and to maintain grouping.

Schedules filed containing proposed rates; W. J. Prueter, Agent, I. C. C. No. A-3976, supp. 13.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

[SEAL] GEORGE W. LAIRD,
Secretary.

[4th Sec. Application 28973]

PROPORTIONAL GRAIN RATES FROM MISSISSIPPI RIVER CROSSINGS TO SOUTH

APPLICATION FOR RELIEF

MARCH 4, 1954.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: R. E. Boyle, Jr., Agent, for carriers parties to schedules listed below.

Commodities involved: Grain and grain products, carloads and less-than-carloads.

From: Memphis, Tenn., Vicksburg, Miss., and New Orleans, La.

To: Points in southern territory.

Grounds for relief: Rail competition, circuity, market competition, to maintain grouping, and to establish rates prescribed in Docket No. 29777.

Schedules filed containing proposed rates; C. A. Spaninger, Agent, I. C. C. No. 1325, supp. 34; C. A. Spaninger, Agent, I. C. C. No. 1353, supp. 22.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is

found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

DRIED EDIBLE BEANS FROM MICHIGAN AND NEW YORK TO BATON ROUGE AND NEW ORLEANS, LA.

APPLICATION FOR RELIEF

MARCH 4, 1954.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: F. C. Kratzmeir, Agent, for carriers parties to Agent C. W. Boin's tariff I. C. C. No. A-968 and Agent H. R. Hinsch's tariff I. C. C. No. 4367, pursuant to fourth-section order No. 16101.

Commodities involved: Dried edible beans, carloads.

From: Michigan and New York.

To: Baton Rouge and New Orleans, La.

Grounds for relief: Rail competition, circuity and operation through higher-rated territory.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. CARBON DIOXIDE FROM NEW MEXICO TO TEXAS AND LOUISIANA

APPLICATION FOR RELIEF

MARCH 4, 1954.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: F. C. Kratzmeir, Agent, for carriers parties to his tariff I. C. C. No. 4046, pursuant to fourth-section order No. 17220.

Commodities involved: Carbon dioxide, solidified, carloads.

From: Dioxice and Mosquero, New Mexico.

To: Shreveport, La., Amarillo, Dallas, El Paso and Houston, Texas.

Grounds for relief: Competition with rail carriers and circuitous routes.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. FEDERAL REGISTER

VOLUME 19 NUMBER 47

Washington, Wednesday, March 10, 1954

TITLE 3—THE PRESIDENT

EXECUTIVE ORDER 10519

SPECIFICATION OF LAWS FROM WHICH FUNCTIONS AUTHORIZED BY MUTUAL SECURITY ACT OF 1951, AS AMENDED, SHALL BE EXEMPT

By virtue of the authority vested in me by section 532 of the Mutual Security Act of 1951, as added by section 7 (m) of the Mutual Security Act of 1952 (Public Law 400, approved June 20, 1952, 66 Stat. 146), it is hereby determined that, to the extent hereinafter indicated, the performance of functions authorized by the said Mutual Security Act of 1951, as amended (including, except as hereinafter otherwise specified, the performance of functions authorized by the Act for International Development, as amended, the Institute of Inter-American Affairs Act, as amended, and the Mutual Defense Assistance Act of 1949, as amended), without regard to the laws specified in the lettered subdivisions of sections 1 and 2 of this order will further the purposes of the said Mutual Security Act of 1951, as amended.

SECTION 1. With respect to functions authorized by the Mutual Security Act of 1951, as amended, except those exercised by the Department of Defense under authority of section 506 of said Act or the Mutual Defense Assistance Act of 1949, as amended:

(a) The act of March 26, 1934, c. 90, 48 Stat. 500, as amended (15 U. S. C. 616a).

(b) Section 3648 of the Revised Statutes, as amended, 60 Stat. 809 (31 U. S. C. 529).

(c) Section 305 of the act of June 30, 1949 (the Federal Property and Administrative Services Act of 1949), c. 288, 63 Stat. 396 (41 U. S. C. 255).

(d) Section 3709 of the Revised Statutes, as amended (41 U. S. C. 5).

(e) Section 3710 of the Revised Statutes (41 U. S. C. 8).

(f) Section 2 of the act of March 3, 1933, c. 212, 47 Stat. 1520 (41 U. S. C. 10a).

(g) Section 3735 of the Revised Statutes (41 U. S. C. 13).

(h) Section 901 of the act of June 29, 1936, c. 858, 49 Stat. 2015 (46 U. S. C. 1241).

SEC. 2. With respect to purchases authorized to be made outside the continental limits of the United States under the Mutual Security Act of 1951, as amended.

(a) Section 10 (1) of the act of July 2, 1926, c. 721, 44 Stat. 787, as amended (10 U. S. C. 310 (1)).

(b) Section 4 (c) of the act of February 19, 1948 (the Armed Services Procurement Act of 1947), c. 65, 62 Stat. 23, as amended, 65 Stat. 700 (41 U. S. C. 153 (c)).

(c) Section 304 (c) of the act of June 30, 1949 (the Federal Property and Administrative Services Act of 1949), c. 288, 63 Stat. 395, as amended, 65 Stat. 700 (41 U. S. C. 254 (c)).

(d) The last proviso of section 201 of the act of December 18, 1941 (the First War Powers Act, 1941), c. 593, 55 Stat. 839, as amended, 64 Stat. 1257 (50 U. S. C. App. 611).

(e) Section 1301 of the act of March 27, 1942 (the Second War Powers Act, 1942), c. 199, 56 Stat. 185 (50 U. S. C. App. 643).

This order supersedes Executive Order No. 10387 of August 25, 1952, 17 F. R. 7799, entitled "Specification of Laws from Which Certain Functions Authorized by the Mutual Security Act of 1951, as amended, shall be Exempt," and Executive Order No. 10446 of April 17, 1953, 18 F. R. 2209, entitled "Specification of Laws from Which the Escapee Program Administered by the Department of State shall be Exempt."

(Sec. 6, 38 Stat. 722; 15 U. S. C. 46. Interpret or apply sec. 5, 38 Stat. 719; 15 U. S. C. 45) [Modified cease and desist order, Progress Tailoring Company et al., Chicago, Ill., Docket 3747, February 16, 1954]

In the Matter of Progress Tailoring Company, Also Trading as J. C. Field & Son; Stone-Field Corporation, W. Z. Gibson, Inc., Pioneer Tailoring Company, and Certified Tailoring Company

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, answer of the respondents, testimony and other evidence in support of and in opposition to the allegations of said complaint taken before trial examiners of the Commission theretofore duly designated by it, report of the trial examiners upon the evidence, briefs filed in support of the complaint and in opposition thereto, and oral argument of counsel; and the Commission having made its findings as to the facts and its conclusion that said respondents had violated the provisions of the Federal Trade Commission Act, and on July 20, 1943, issued an order to cease and desist against respondents Progress Tailoring Company, a corporation, trading under its own name and also as J. C. Field & Son; Stone-Field Corporation, a corporation; W. Z. Gibson, Inc., a corporation; Pioneer Tailoring Company, a corporation; and Certified Tailoring Company, a corporation; and their respective officers, representatives, agents and employees; and

The aforesaid respondents, having filed in the United States Court of Appeals for the Seventh Circuit their petition to review and set aside said order to cease and desist; and that Court having heard the matter on briefs and oral argument and having thereafter, on January 28, 1946, affirmed said order and on February 21, 1946, entered its final decree enforcing said order; and

Respondents Progress Tailoring Company, Stone-Field Corporation, W. Z. Gibson, Inc., and Pioneer Tailoring Company, respondent Certified Tailoring Company having been dissolved, and the Commission having, on December 4, 1953, jointly moved the Court to modify said final decree to accord with the change in the Commission's interpretation of the application of section 5 of the Federal Trade Commission Act to the use of such terms as "free" in advertising or other offers to the public, as announced in its decision of the proceeding in Docket No. 5571, "In the Matter of Walter J. Black, Inc.," and the Court having, on December 9, 1953, entered an order modifying its final decree in the manner requested by the parties as aforesaid; and

The Commission being of the opinion that its order should be modified so as to accord with the aforesaid change in its interpretation of section 5 of the Federal Trade Commission Act and to conform to the aforesaid order of the United States Court of Appeals for the Seventh Circuit:

It is ordered, therefore, That respondents Progress Tailoring Company, a corporation, trading under its own name and also as J. C. Field & Son; Stone-Field Corporation, a corporation; W. Z. Gibson, Inc., a corporation; and Pioneer Tailoring Company, a corporation; and their respective officers, representatives, agents, and employees, directly or through any corporate or other device in connection with the offering for sale, sale, and distribution of wearing apparel and other similar items of merchandise in commerce as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Using the term "free" or any other term of similar import or meaning to designate, describe, or refer to wearing apparel or other items of merchandise which are furnished as compensation for services rendered, unless in close connection therewith all of the conditions, obligations, or other prerequisites to the receipt and retention of said wearing apparel or other items of merchandise are clearly and conspicuously set forth.

2. Using the term "free" or any other term of similar import or meaning to describe or refer to linings, trimmings, or other portions of garments which constitute a part of any garment, and the price of which is included in the price of the entire garment.

3. Using a pictorial representation of a building, in advertising or in any other manner, which inaccurately portrays or misrepresents the size or extent of respondents' business or the comparative volume of business transacted by the respondents.

4. Representing directly or by implication that respondents are selling their garments at manufacturers' prices or at prices which save the purchaser the cost or profit of the retailer or middleman.

5. Representing that respondents are wholesale tailors or that their garments are supplied to purchasers at wholesale prices or that respondents are engaged in any business other than the sale of garments at retail.

6. The use of reproductions of any fictitious affidavit in advertising material or in any other manner.

It is further ordered, That, within sixty days after service upon them of this order, said respondents shall file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

It appearing that respondent Certified Tailoring Company, a corporation, has been dissolved since issuance of the original order to cease and desist herein: *It is further ordered,* That the complaint herein be, and it hereby is, dismissed as to said former respondent.

Issued: February 16, 1954.

By the Commission.

[SEAL] ALEX. AKERMAN, Jr., *Secretary.*

PRODUCT SPECIFICATIONS

1. Section 517.424 (a) (2) is hereby amended to read as follows:

§ 517.424 *Product specifications.* • • •

(a) *Fresh fruit.* • • •

(2) Fresh oranges produced in Florida and Texas shall meet the requirements for Standard Pack provided that such fruit shall be individually wrapped, or packed in boxes treated with diphenyl or lined with diphenyl paper. When wrapped, each fruit shall be fairly well enclosed in its individual wrapper. Also, except for discoloration, not less than 85 percent of the oranges in any lot shall meet the requirements for U. S. No. 1 Grade and the remainder U. S. No. 2 Grade. The oranges shall meet the requirements for U. S. No. 1 Bronze Grade for discoloration, and shall also meet the following standards for export: Not more than a total of 10 percent, by count, of the fruit in any container shall be soft, affected by decay, damaged by skin breakdown, have broken skins which are not healed, growth cracks, damage by creasing, or serious damage by dryness or mushy condition, except that for any lot:

Not more than 5 percent of the fruit shall be soft;

Not more than ½ of one percent of the fruit shall be affected by decay;

Not more than 5 percent of the fruit shall be damaged by skin breakdown;

Not more than 3 percent of the fruit shall have broken skins which are not healed;

Not more than 3 percent of the fruit shall have growth cracks;

Not more than 5 percent of the fruit shall be damaged by creasing; and

Not more than 5 percent of the fruit shall be seriously damaged by dryness or mushy condition.

Any lot of fruit shall be considered as meeting the standards for export if the entire lot averages within the requirements specified: *Provided*, That no sample from the containers in any lot shall have more than double the percentage specified for any one defect, and that not more than a total of 10 percent, by count, of the fruit in any container has any of the defects enumerated in the standards for export. "Standard Pack," "U. S. No. 1," "U. S. No. 2," and "U. S. No. 1 Bronze" shall have the same meanings as defined in "U. S. Standards for Florida Oranges," effective September 28, 1952, and "U. S. Standards for Oranges," effective November 15, 1949, for Texas oranges.

2. Section 517.424 (b) (8) is hereby amended to read as follows:

(b) *Processed products.* • • •

(8) Canned or frozen grapefruit sections shall meet the requirements of U. S. Grade A as defined in "United States Standards for Grades of Canned Grapefruit," effective November 25, 1952, and as amended January 19, 1954, or as defined in "United States Standards for Grades of Frozen Grapefruit" effective February 20, 1948, whichever is applicable.

(Sec. 32, 49 Stat. 774, as amended; 7 U. S. C. Sup. 612c)

Effective date. This amendment shall become effective at 12:01 a. m., e. s. t., March 9, 1954.

Dated this 5th day of March 1954.

[SEAL] S. R. SMITH,
Authorized Representative of the Secretary of Agriculture.

[F. R. Doc. 54-1713; Filed, Mar. 9, 1954; 8:55 a. m.]

TITLE 7—AGRICULTURE

Chapter VII—Commodity Stabilization Service (Farm Marketing Quotas), Department of Agriculture

PART 728—WHEAT

SUBPART—1954–55 MARKETING YEAR

Basis and purpose. The amendments herein are issued pursuant to the Agricultural Adjustment Act of 1938, as amended, and govern the establishment of increased 1954 farm wheat acreage allotments to provide additional production of Class II Durum Wheat in 1954 to meet indicated market demands and carry-over requirements for the 1953–54 and 1954–55 marketing years. A proclamation by the Secretary of Agriculture issued February 26, 1954, pursuant to Public Law 290, 83d Congress, announced that farm acreage allotments for the 1954 crop of wheat would be increased to the extent necessary to meet the indicated shortage of Class II Durum Wheat.

In order that producers may proceed with plans for seeding Class II Durum and other classes of wheat as expeditiously as possible, it is hereby found that compliance with the public notice, procedure, and 30-day effective date provisions of section 4 of the Administrative Procedure Act is impracticable and contrary to the public interest. Therefore, the amendments herein shall become effective upon filing of this document with the Director, Division of the Federal Register.

1. Section 728.411 is amended by adding a new paragraph (n) to read as follows:

(n) "Class II Durum Wheat" means the three sub-classes of Durum Wheat (Class II) specified in the "Handbook of Official Grain Standards of the United States," which are: Sub-class (A) Hard Amber Durum, Sub-class (B) Amber Durum, and Sub-class (C) Durum.

2. A new § 728.425 is added to read as follows:

§ 728.425 *Conditional increases in acreage allotments for production of Class II Durum Wheat.* (a) The acreage allotment established under the provisions of §§ 728.410 to 728.424 for any farm on which Class II Durum Wheat was seeded for one or more of the years 1951, 1952, and 1953 shall be increased upon application filed by or on behalf of the operator on Form GR–371–Wheat (1954). Such application shall include information certified to by or for the operator relative to the acreage seeded for the production of Class II Durum Wheat for each of the years 1951, 1952, and 1953. The 1954 wheat acreage allotment for each such eligible farm for which an application is filed shall be determined as follows:

(1) The proportion of the base acreage for the farm seeded to Class II Durum Wheat shall be computed by applying to such base acreage that percentage of the average acreage of wheat in 1952 and 1953 which was seeded to Class II Durum Wheat.

(2) The proportion of the acreage allotment determined under §§ 728.410 to 728.424 applicable to wheat other than Class II Durum Wheat shall be computed by first applying the percentage determined under subparagraph (1) of this paragraph to such allotment and subtracting the product from such allotment.

(3) The allotment for such farm shall be the sum of the proportion of the base acreage seeded to Class II Durum Wheat as computed under subparagraph (1) of this paragraph, plus 50 percent thereof, plus the proportion of the acreage allotment applicable to wheat other than Class II Durum Wheat as computed under subparagraph (2) of this paragraph: *Provided*, That the farm acreage allotment established in accordance with the provisions of this section:

(i) Shall be upon the condition that the acreage seeded to wheat other than Class II Durum will not exceed the proportion of the acreage allotment applicable to such wheat as computed under subparagraph (2) of this paragraph;

(ii) Shall represent an increase of not less than 20 acres over the proportion of the acreage allotment applicable to wheat other than Class II Durum as computed under subparagraph (2) of this paragraph; and

(iii) Notwithstanding the minimum requirement of subdivision (ii), of this subparagraph, shall not exceed the cropland well suited for wheat as established for the farm for which an application is filed as provided in this section.

(b) In the event the acreage seeded to wheat other than Class II Durum exceeds the acreage as computed under paragraph (a) (2) of this section, the farm acreage allotment shall be redetermined by adding to the allotment established under §§ 728.410 to 728.424 the smaller of (1) the acres seeded to Class II Durum Wheat in excess of the proportion of such allotment applicable to Class II Durum Wheat, determined by applying the percentage computed under paragraph (a) (1) of this section to such allotment; or (2) the increase in such allotment as computed under paragraph (a) (3) of this section.

(c) The increases in farm acreage allotments under this section shall be determined by the county committee and notifications of such conditional allotments shall be issued by the county committee on Forms GR–308–Wheat (1954) Supplement. The provisions of § 728.422 and the last sentence of § 728.420 shall not be applicable to farm acreage allotments determined under this section, but § 728.423 shall apply thereto.

(d) The additional acreage required by this section shall be in addition to the national wheat acreage allotment and such acreage shall not be considered in establishing future State, county, and farm acreage allotments.

(Sec. 375, 52 Stat. 66, as amended; 7 U. S. C. 1375. Interpret or apply sec. 334, 52 Stat. 53, as amended, Pub. Law 290, 83d Cong.; 7 U. S. C. 1334)

Done at Washington, D. C., this 4th day of March 1954. Witness my hand and the seal of the Department of Agriculture.

[SEAL] TRUE D. MORSE,
Acting Secretary.

[F. R. Doc. 54-1671; Filed, Mar. 9, 1954; 8:47 a. m.]

Chapter VIII—Commodity Stabilization Service (Sugar), Department of Agriculture

Subchapter B—Sugar Requirements and Quotas

[Sugar Reg. 814.21, Amdt. 1]

PART 814—ALLOTMENT OF SUGAR QUOTAS

MAINLAND CANE SUGAR AREA, 1954

Basis and purpose. This amendment is issued under section 205 (a) of the Sugar Act of 1948, as amended (hereinafter called the "act"), for the purpose of revising Sugar Regulation 814.21 (18 F. R. 8886) which established preliminary allotments of the 1954 sugar quota for the Mainland Cane Sugar area.

Omission of recommended decision and effective date. Allotments established by this order are in some cases smaller and in others larger than the preliminary allotments established in Sugar Regulation 814.21. To afford those receiving increased allotments adequate opportunities to market the additional quantities of sugar in an orderly manner, it is imperative that this order be effective as soon as possible. Accordingly, it is found that due and timely execution of the functions imposed upon the Secretary under the act imperatively and unavoidably requires the omission of a recommended decision in this proceeding. It is further found that compliance with the 30-day effective date requirement of the Administrative Procedure Act (60 Stat. 237) is impracticable and contrary to the public interest and consequently this order shall be effective when published in the FEDERAL REGISTER.

Preliminary statement. Section 205 (a) of the act requires the Secretary to allot a quota whenever he finds that the allotment is necessary, among other things to (1) prevent disorderly marketing of sugar or liquid sugar and (2) afford all interested persons an equitable opportunity to market sugar or liquid sugar. Section 205 (a) also requires that such allotment be made after such hearing and upon such notice as the Secretary may prescribe.

To avoid the possibility of some allottees marketing shortly after January 1, 1954, a quantity of sugar larger than their eventual allotment, the Department requested and received from each allottee a stipulation which enabled the Secretary to issue a preliminary allotment order (S. R. 814.21) effective January 1, 1954, establishing a 1954 allotment for each allottee equal to 80 percent of the 1953 allotment for such allottee as established in Sugar Regulation 814.20 (18 F. R. 5289) effective September 2, 1953.

Pursuant to the applicable rules of practice and procedure (7 CFR 801.1 et seq.) a notice was issued on December 8, 1953, of a public hearing to be held at New Orleans, Louisiana, on January 6, 1954, for the purpose of receiving evidence to enable the Secretary to make a fair, efficient and equitable distribution of the 1954 sugar quota for the mainland cane sugar area.

As stated above the act requires a preliminary finding of necessity for allotment of a quota as a condition precedent to the calling of a hearing. Accordingly, the notice of hearing issued by the Secretary provided in part as follows:

Pursuant to the authority contained in the Sugar Act of 1948, as amended (61 Stat. 922, as amended by 65 Stat. 316; 7 U. S. C. Sup. 1100), and in accordance with the applicable rules of practice and procedure (12 F. R. 8225, 13 F. R. 127, 2063; 7 CFR 801, et seq), and on the basis of information before me, I do hereby find that the allotment of the 1954 sugar quota for the Mainland Cane Sugar area is necessary to prevent disorderly marketing and to afford all interested persons an equitable opportunity to market sugar, and hereby give notice that a public hearing will be held at the Hotel Monteleone, New Orleans, Louisiana, on January 6, 1954, beginning at 10:00 a. m., e. s. t.

Summary of testimony. With respect to the necessity for allotment of the 1954 sugar quota for the mainland cane sugar area, the government witness testified that sugar from the 1953-crop cane available for marketing in 1954 totalled about 290,000 short tons, raw value, leaving 210,000 short tons, raw value, of quota for new-crop sugar marketings. The lowest new-crop marketing for any of the last six years was about 282,000 short tons, raw value, and the highest was about 432,000 tons. Thus, in the absence of some device to prevent exceeding the quota, marketings in 1954 would range upward from 572,000 short tons, raw value, possibly as high as 642,000 tons. No change in crop prospects within the range of recent experience could bring the quantity available for marketing safely within the statutory quota (R. 9). This testimony on the necessity for allotments was not controverted by any witness.

With respect to the manner in which the allotments should be made, the government witness proposed that the factors to be considered in allotting the 1954 sugar quota for the Mainland and Cane Sugar Area be measured and weighted as follows: (1) Processings from proportionate shares, to be measured by each processor's production from 1953-crop cane and given a weight of 40 percent; (2) past marketings, to be measured by each processor's annual average marketings for the years 1948–53, inclusive, and given a weight of 20 percent; and (3) ability to market, to be measured by each processor's sum of (a) production from 1953-crop cane, and (b) stocks on hand January 1, 1954, in excess of the 1948–53 average, and given a weight of 40 percent (R. 14).

The applicable weighting would be applied to the absolute data used as the measurement of each of the factors and a total of the three measures so weighted would be computed for each of the allottees. The cumulation of these totals for all allottees would exceed the total quota. Thus, the totals for the individual allottees would have to be adjusted downward by multiplying them by the proportion that the quota is to the total of the weighted measures for all allottees (R. 17).

The government witness testified that use of revised data in place of that used in demonstrating the government proposal was contemplated in developing the allotment order regardless of the allotment method followed (R. 18). In demonstrating the effect of the proposed allotment formula the government witness stated that production from 1953-crop cane was based on late November estimates provided by the individual processors, and the allotments established in Amendment 1 to Sugar Regulation 814.20 (18 F. R. 7842) were used as estimates of 1953 marketings in computing 1948–53 average marketings and January 1, 1954, effective inventory. The 1948–52 average marketings data were taken from official records of the Department of Agriculture and, therefore, no changes in such data appear necessary for use in the allotment order (R. 12). The substitution of final data as proposed by the government witness was agreed to by all allottees in the stipulation set out below.

The government witness proposed that since use of preliminary and estimated data is anticipated in the initial allotment order and final data may result in reduction of some allotments, either allotments or marketings under allotments be restricted to 80 to 90 percent of the quota pending issuance of an allotment

order based on final data (R. 29). No witness took exception to this proposal.

A written statement was submitted at the time of the hearing by one allottee urging a minimum allotment of 1,000 tons for each allottee (R. 28). One witness, representing 45 allottees, testified that after carefully considering the government proposal as well as other alternatives in the light of existing circumstances the processors he represented had concluded not to offer another basic allotment formula (R. 46). He emphasized, however, that without alteration the allotment formula proposed by the government witness would cause undue hardship to a few processors who have greater than average stocks of sugar (R. 39–44). To alleviate this condition, the witness proposed that a processor's allotment should be in no event less than the sum of such processor's January 1, 1954, stock of sugar on hand plus 25 percent of the amount of sugar produced by such processor from the 1953-crop sugarcane (R. 40). This proposal was made a part of the stipulation, the complete text of which is set out below, which was agreed to by all allottees.

The incorporation in the 1954 allotment order of provisions similar to paragraphs (b) and (c) of S. R. 814.20 relating to transfer of allotments and exchange of sugar between allottees was recommended by a representative of 45 allottees (R. 46–47). There was no testimony in opposition to the inclusion of such provisions.

A representative of 45 allottees recommended that some action be taken by the Department to require each allottee to report his estimated 1954 calendar year production and estimated 1954 marketings no later than December 10, 1954, and to report in writing his inability to market a portion of his allotment and to tender such deficit for reallotment immediately on such factors becoming apparent (R. 48). In this regard the government witness testified that in light of present stocks held by the allottees the likelihood of deficits was rather remote (R. 50).

All of the 51 allottees stipulated for the record at the hearing (R. 72–76) or subsequently in writing as follows:

1. To the extent that 1953 marketings are concerned in measuring "past marketings" or computing January 1, 1954 inventories, the initial order allotting the 1954 sugar quota for the mainland cane sugar area issued after public hearing shall be based on the final 1953 allotments to all allottees. Further, to the extent that processings of sugar from 1953-crop cane are concerned the best estimates thereof shall be used in the basis of such initial allotment order. Without further hearing and without change in the formula adopted therein, such initial allotment order shall be revised to substitute actual 1953-crop processings and 1953 marketings as shown by official records of the Sugar Division after submission of such figures to the respective processors and opportunity afforded to make any necessary corrections therein.

2. To give effect to any change in the 1954 sugar quota for the mainland cane area made after the issuance of the initial allotment order, the order in effect at that time shall be revised without further hearing, using the same allotment formula used in the initial order issued after the January 6, 1954 hearing.

3. That there be alloted to the Louisiana State University for its experimental Sugar Factory at Baton Rouge, Louisiana, 125 tons of quota regardless of the allotment to which it would be entitled under the allotment formula.

4. If any allottee notifies the Department in writing that it will be unable to fill its 1954 allotment, an amount of sugar equal to such deficit shall be allotted, without further hearing and without change in the original allotment formula, to other allottees able to supply the additional sugar.

5. That the determination specifically provide that in no event shall the allotment to any processor be an amount less than the sum of such processor's January 1, 1954 actual stock of sugar on hand plus 25% of the amount of sugar produced by such processor from the 1953 crop, provided, however, that no allottee's allotment shall be reduced by virtue of this paragraph 5 more than 1.5% of the amount of such allotment computed without the adjustment necessitated by this paragraph.

6. Each allottee waives its (his) right to object to the validity of the 1954 allotment order by reason of any action taken by the Secretary of Agriculture in conformity with the provisions of this stipulation hereinabove set out in paragraphs one to five, inclusive; provided however, such waiver shall not preclude any allottee from contesting the validity of any other feature or provisions of said allotment order, or any other action taken by the Secretary of Agriculture thereunder or with respect thereto.

Basis of allotment. Section 205 (a) of the act reads in pertinent part as follows:

• • • Allotments shall be made in such manner and in such amounts as to provide a fair, efficient, and equitable distribution of such quota or proration thereof, by taking into consideration the processings of sugar or liquid sugar from sugar beets or sugarcane to which proportionate shares, determined pursuant to the provisions of subsection (b) of section 302, pertained; the past marketings or importations of each such person; and the ability of such person to market or import that portion of such quota or proration thereof allotted to him. • • •

The three factors cited above are measured and weighted as proposed in the testimony of the government witness. However, higher allotments are established for 4 allottees. Pursuant to paragraph 3 of the stipulation, an allotment of 125 short tons, raw value, was established for the Louisiana State University and, pursuant to paragraph 5 of the stipulation, allotments for Burton-Sutton Oil Co., Inc., Columbia Sugar Company and Southdown Sugars, Inc., were established equal to the sum of the January 1, 1954, stocks and 25 percent of sugar produced from the 1953 crop for each of the three processors. To offset the increases in these four allotments, allotments for the remaining 47 allottees are reduced about 1.42 percent.

The data used are as provided for in paragraph 1 of the stipulation. Since allotments established by this order are based upon estimates of both production from 1953-crop cane and 1953 marketings, and final production and marketing data are to be substituted when available, the amount of each allotment which may be marketed prior to September 1, 1954, is limited to 85 percent of such allotment. This limitation is necessary to prevent any processor from marketing more than the share of the quota to which it will ultimately be entitled on the basis of its actual marketings in 1953 and production from 1953-crop cane.

Provision is made for the transfer of allotments under circumstances deemed necessary to insure the processing of all sugarcane to which proportionate shares pertain. The geographical distribution of sugarcane acreage and mills, differences in the operating conditions of various mills and marketing practices for sugarcane in some parts of the area, appear to make such a provision necessary. It was proposed on behalf of many processors and no testimony appears in opposition to it.

The substance of the provision of § 816.3 (14 F. R. 2163) is included in § 814.21 (c) so that this section continues its applicability in the Mainland Cane Sugar Area if deleted from Part 816 as has been proposed. Assurance that this provision would continue to apply to this area was requested by various processors at the hearing and no evidence was presented against it.

Findings and conclusions. On the basis of the record of the hearing, I hereby find and conclude that:

(1) For the calendar year 1954 Mainland Cane sugar processors will have available for marketing from 1953-crop cane about 290,000 short tons, raw value, and if marketing of sugar from 1954-crop cane is equal to or exceeds the lowest new-crop marketing for any of the last six years, the quota of 500,000 short tons, raw value, would be exceeded by 72,000 tons or more.

(2) The allotment of the 1954 mainland cane sugar area quota is necessary to prevent disorderly marketing and to afford all interested persons equitable opportunities to market sugar processed from sugarcane produced in that area.

(3) To assure a fair, efficient and equitable distribution of the Mainland Cane Sugar Area quota the three statutory standards should be weighted as follows: "Processings • • • from • • • proportionate shares," 40 percent; "past marketings," 20 percent; and "ability to market," 40 percent.

(4) Each allottee's production from 1953-crop cane constitutes a fair and equitable measure of "processings • • • from • • • proportionate shares," and this revised order should be based on the allottee's estimates of 1953-crop production which were made a part of the record of the hearing.

(5) A fair and equitable measure of past marketings for each allottee is the average of such marketing for the period 1948–53 with 1953 marketing estimated to be equal to the allotments established in Sugar Regulation 814.20, Amendment 2 (18 F. R. 8818).

(6) The sum of each allottee's production from 1953-crop cane plus stocks of sugar on hand January 1, 1954, in excess of the average of January 1, 1948–53 stocks is a fair and equitable measure of ability to market.

(7) The quantities of sugar referred to in (4), (5) and (6) above are as set forth in the following table:

[Short tons, raw value]

Processor	[illegible] produced from 1953 crop cane (1)	Average annual marketings 1948–53 (2)	Sugar produced from 1953 crop cane plus stocks of sugar on hand 1–1–54 in excess of average 1–1–48–53 stocks (3)

(8) When available, final data on production of sugar from 1953-crop cane and marketings of sugar in the calendar year 1953 should be substituted for the estimates of such data which are used in this order.

(9) The quota should be allotted by applying the weightings specified in paragraph (3) above to the measures of the three factors listed for each allottee in paragraph (7) above; and by making appropriate adjustments (a) to allot 125 short tons, raw value, to the Louisiana State University, (b) to allot to no allottee less than the sum of its inventory of sugar on January 1, 1954, plus 25 percent of the sugar produced by it from 1953-crop cane and (c) to bring the total of all allotments within the area quota.

(10) In order to prevent any allottee from marketing a quantity of sugar in excess of the allotments established therefor on the basis of final data relating to production of sugar from 1953-crop cane and quantities of sugar marketed in 1953, allotments under this order should be limited to 85 percent of the quota.

(11) An efficient distribution of the quota requires a provision permitting the transfer of allotments deemed necessary to assure the processing of all proportionate shares sugarcane.

(12) Allotments established in the foregoing manner and in the amounts set forth in the order provide a fair, efficient and equitable distribution of the quota as required by section 205 (a) of the act.

Order. Pursuant to the authority vested in the Secretary of Agriculture by section 205 (a) of the act, it is hereby ordered that § 814.21 be revised to read as follows:

§ 814.21 *Allotment of the 1954 sugar quota for the Mainland Cane Sugar Area*—(a) *Allotments.* The 1954 sugar quota for the Mainland Cane Sugar Area is hereby allotted to the following processors in amounts which appear in column (1) opposite their respective names:

(b) *Restrictions on shipment and marketing.* Prior to September 1, 1954, each person named in paragraph (a) of this section, is hereby prohibited from shipping, transporting or marketing in interstate commerce or in competition with sugar or liquid sugar in interstate commerce, any sugar or liquid sugar produced from sugarcane grown in the mainland cane sugar area in excess of 85 percent of the allotments established in paragraph (a) of this section.

(c) *Transfer of allotment.* When approved in writing by the Director, Sugar Division, Commodity Stabilization Service, of the Department, allotments made in paragraph (a) of this section may be transferred, in whole or in part, to another allottee thereunder upon a showing that the transferee has processed or will process 1954-crop sugarcane because of inability of the transferor, arising subsequently to the processing of the 1953-crop, to process the tonnage of sugarcane which otherwise would be processed by him.

(d) *Exchanges of sugar between allottees.* When approved in writing by the Director of the Sugar Division, or the Chief of the Quota and Allotment Branch thereof, Commodity Stabilization Service of the Department, any allottee holding sugar or liquid sugar acquired by him within the allotment of another person established in paragraph (a) of this section, may ship, transport or market an equivalent quantity of sugar processed by him in excess of his allotment established in paragraph (a) of this section. The sugar or liquid sugar held under this paragraph shall be subject to all other provisions of this section as if it had been processed by the allottee who acquired it for the purpose authorized by this paragraph.

(Sec. 403, 61 Stat. 932; 7 U. S. C. Sup. 1153. Interprets or applies sec. 205, 61 Stat. 926; 7 U. S. C. Sup. 1115)

Done at Washington, D. C., this 4th day of March 1954. Witness my hand and the seal of the Department of Agriculture.

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

[Docket No. AO–176–A10]

PART 974—MILK IN THE COLUMBUS, OHIO, MARKETING AREA

ORDER AMENDING ORDER, AS AMENDED

§ 974.0 *Findings and determinations.* The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order and of each of the previously issued amendments thereto; and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determina-

tions may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon certain proposed amendments to the tentative marketing agreement and to the order, as amended, regulating the handling of milk in the Columbus, Ohio, marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended, and as hereby further amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The parity prices of milk: as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supply and demand for milk in the marketing area, and the minimum prices specified in the order, as amended, and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held.

(b) *Additional findings.* It is hereby found and determined that good cause exists for making this amendatory order effective April 1, 1954. Such action is necessary in the public interest in order to reflect current marketing conditions and to insure the orderly marketing of available milk supplies. Accordingly, any further delay in the effective date of this order amending the order, as amended, will seriously impair the orderly marketing of milk in the Columbus, Ohio, marketing area. The provisions of the said amendatory order are well known to handlers and producers, the public hearing having been held on June 8, 9, and 15, 1953 and a final decision on the amendment provisions having been issued February 15, 1954. Reasonable time under the circumstances has been afforded persons affected to prepare for its effective date. Therefore, it would be contrary to the public interest to delay the effective date of this amendatory order for 30 days after its publication in the FEDERAL REGISTER. (See sec. 4 (c), Administrative Procedure Act, Pub. Law 404, 79th Cong., 60 Stat. 237).

(c) *Determination.* It is hereby determined that handlers (excluding cooperative associations of producers who are not engaged in processing, distributing or shipping milk covered by this order, as amended, and as hereby further amended, which is marketed within the Columbus, Ohio, marketing area) of more than 50 percent of the milk which is marketed within the said marketing area, refused or failed to sign the proposed marketing agreement regulating the handling of milk in the said marketing area, and it is hereby further determined that:

(1) The refusal or failure of such handlers to sign said proposed marketing agreement tends to prevent the effectuation of the declared policy of the act;

(2) The issuance of this order amending the order, as amended, is the only practical means, pursuant to the declared policy of the act, of advancing the interests of producers of milk which is produced for sale in the said marketing area; and

(3) The issuance of this order amending the order, as amended, is approved or favored by at least two-thirds of the producers who, during the determined representative period (December 1953), were engaged in the production of milk for sale in the said marketing area.

Order relative to handling. It is therefore ordered, that on and after the effective date hereof the handling of milk in the Columbus, Ohio, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended, and the aforesaid order, as amended, is hereby further amended as follows:

1. Amend § 974.22 (l) (1) by changing the reference "§§ 974.51, 974.52 and 974.53" appearing therein to read "§§ 974.51 through 974.54".

2. Amend § 974.22 (k) by changing the terms "Class I milk, Class II milk, and Class III milk" appearing therein to read "Class I milk, Class II milk, Class III milk, and Class IV milk."

3. Amend § 974.41 (a) (3) by changing the terms "Class II milk or Class III milk" appearing therein to read "Class II milk, Class III milk, or Class IV milk."

4. Amend § 974.41 (b) (1) and (2) to read as follows:

(1) Disposed of in fluid form for consumption as sweet or sour cream or any mixture of cream and milk (or skim milk), including eggnog, containing more than 6 percent of butterfat;

(2) Used to produce aerated products containing milk, cream, or any combination thereof (such as "Reddi-Wip", "Instant Whip", etc.); and

5. Delete that portion of § 974.41 (c) preceding subparagraph (2) thereof and substitute therefor the following:

(c) Class III milk shall be all skim milk and butterfat used to produce frozen cream, condensed milk and condensed skim milk (except evaporated milk or skim milk in hermetically sealed cans), ice cream, ice cream mix, ice cream novelties, ice sherberts, or imitation ice cream.

(d) Class IV milk shall be all skim milk and butterfat specifically accounted for as:

(1) Having been used to produce any milk product other than as specified in paragraphs (a) (1) or (2), (b), or (c) of this section;

6. Amend § 974.43 (a) (3) by changing the terms "Class II milk or Class III milk" appearing therein to read "Class II milk, Class III milk, or Class IV milk".

7. Amend § 974.43 (b) (3) by changing the terms "Class I milk or Class III milk" appearing therein to read "Class I milk, Class III milk, or Class IV milk".

8. Amend § 974.44 by changing the terms "Class I milk, Class II milk and Class III milk" appearing therein to read "Class I milk, Class II milk, Class III milk, and Class IV milk".

9. Amend § 974.44 (d) (2) and (e) (3) by changing the terms "Class II milk or Class III milk" appearing therein to read "Class II milk, Class III milk, or Class IV milk".

10. Amend § 974.44 (h) to read as follows:

(h) Determine the total pounds of butterfat in Class III milk by computing the aggregate amount of butterfat used to produce each of the several items of Class III milk;

11. Delete § 974.44 (i) (2) and (3) and substitute therefor the following:

(2) Subtracting the result obtained in paragraph (h) of this section;

(j) Determine the total pounds of butterfat in Class IV milk by:

(1) Computing the aggregate amount of butterfat used to produce each of the several items of Class IV milk; and

(2) Adding actual plant shrinkage of butterfat referred to in § 974.41 (d) (3) and (4); and

(k) Determine the total pounds of skim milk in Class IV milk by:

(1) Computing the aggregate amount of skim milk and butterfat (in whatever form) used to produce each of the several items of Class IV milk;

(2) Subtracting the result obtained in paragraph (j) (1) of this section; and

(3) Adding actual plant shrinkage of skim milk referred to in § 974.41 (d) (3) and (4).

12. Amend § 974.45 by changing the terms "Class I milk, Class II milk and Class III milk" appearing therein to read "Class I milk, Class II milk, Class III milk, and Class IV milk".

13. Amend § 974.45 (a) to read as follows:

(a) Subtracting from Class IV milk (other than butterfat used in butter making) the actual plant shrinkage of skim milk and butterfat, respectively, allowed pursuant to § 974.41 (d) (3) and (4);

14. Amend § 974.45 (d) by changing the term "Class III milk" appearing therein to read "Class IV milk".

15. Amend § 974.45 (f) to read as follows:

(f) Subtracting from the remaining pounds of skim mik and butterfat in each class (not including plant shrinkage on producer milk in Class IV milk), the total pounds of skim milk and butterfat, respectively, received from other handlers (except those referred to in paragraph (c) of this section) and stated by the transferring handler and

receiver to have been used in such class, to the extent of the amounts of skim milk and butterfat remaining in such class after making the computation pursuant to paragraphs (b) and (c) of this section: *Provided*, That skim milk or butterfat allocated by such statements to Class II milk, Class III milk, or Class IV milk in excess of amounts subtracted above pursuant to this paragraph shall be subtracted from Class I milk; and

16. Amend §§ 974.51 and 974.52 by changing the reference "§ 974.54" appearing therein to read "§ 974.55".

17. Amend § 974.52 (b) by changing the reference "paragraph (b) of § 974.53" appearing therein to read "§ 974.54 (b)".

18. Insert immediately before paragraph (a) of § 974.53 the following:

(a) For each of the months of August through March the prices for skim milk and butterfat shall be those computed pursuant to § 974.52; and

(b) For each of the months of April through July the prices for skim milk and butterfat shall be computed as follows:

(1) Add 20 cents to the basic formula price;

(2) Multiply the price computed in subparagraph (1) of this paragraph by the percentage computed in § 974.51 (b) and then divide by 0.035, and the resulting amount shall be the Class III butterfat price per hundredweight: *Provided*, That in no event shall the price of Class III butterfat be less than the price computed pursuant to § 974.54 (b) prior to the proviso; and

(3) Subtract from the price computed pursuant to subparagraph (1) of this paragraph the amount computed pursuant to subparagraph (2) of this paragraph times 0.035, and divide the result by 0.965, and the resulting amount shall be the Class III skim milk price per hundredweight.

§ 974.54 *Class IV milk prices.* The respective minimum prices per hundredweight to be paid by each handler for skim milk and butterfat in producer milk received at his fluid milk plant and classified as Class IV milk shall be as follows, as computed by the market administrator:

19. Renumber § 974.54 as § 974.55.

20. Amend § 974.60 by changing the terms "Class II and Class III prices" appearing in the last proviso thereof to read "Class III and Class IV prices"; and by changing the terms "Class I milk or Class II milk" appearing in the last proviso thereof to read "Class I milk, Class II milk or Class III milk".

21. Amend § 974.63 (e) to read as follows:

(e) Deducting for each of the months of April, May, June, and July an amount computed by multiplying the hundredweight of milk which was received from producers during each such month by 35 cents;

22. Amend § 974.91 to read as follows:

§ 974.91 *Producer-handlers.* Sections 974.50 through 974.62 and 974.70 through 974.78 shall not apply to a handler who handles only milk from his own farm production or received from other handlers.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Issued at Washington, D. C., this 5th day of March 1954 to be effective on and after April 1, 1954.

[SEAL] TRUE D. MORSE,
Acting Secretary of Agriculture.

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

PART 1—PRACTICE AND PROCEDURE

OWNERSHIP REPORTS, BROADCAST LICENSEES AND PERMITTEES

In the matter of amendment of § 1.343 of the Commission's rules and regulations and FCC Form 303.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 3d day of March 1954;

The Commission has before it for consideration § 1.343 of its rules and regulations relating to the filing of ownership reports by licensees of broadcast stations. In an order effective February 1, 1954, the Commission amended § 1.343 to relax the rule to provide for the filing of an ownership report together with the application for renewal of license in lieu of the filing of an annual ownership report.

The Commission was of the view that the filing of an ownership report every three years at the time of the application for renewal of license together with the supplemental ownership report required to be flied under § 1.343 (b) would provide the Commission with sufficient data concerning the ownership of broadcast facilities and that the filing of an annual ownership report was, therefore, unnecessary. It now appears, however, that the rule as revised operates to require owners of multiple broadcast facilities to file unnecessary and repetitious data with the Commission. For such multiple licensees must file an ownership report with each application for renewal of each station license.

We are of the view that the rules should be further revised so as to eliminate such unnecessary and repetitious filings by the owners of multiple broadcast facilities. We also note that the rule as revised requires that the ownership data be submitted "as of the date of filing." It appears that in many instances it is difficult, if not impossible, to comply with this requirement. Accordingly, we are revising the rule to provide that the data required to be furnished in the ownership report shall be submited as of a date not more than 30 days prior to the filing of the report. Finally, it is necessary to make minor editorial changes in FCC Form 303 to reflect the rule as revised herein.

The amendments adopted herein are procedural in nature and prior notice of rule making is therefore not required. The amendments adopted herein represent a relaxation of the requirements of

the present rule and may therefore be made effective immediately.

In view of the foregoing: *It is ordered*, That effective immediately, § 1.343 of the Commission's rules and regulations is amended by deleting that portion of paragraph (a) which begins "the licensee of each broadcast station • • •" and ends "• • • as of the date of filing:" and substituting therefor the following:

(a) The licensee of each broadcast station shall file an Ownership Report (FCC Form 323) at the time the application for renewal of station license is required to be filed: *Provided, however*, That licensees owning more than one Standard, FM or Television broadcast station shall file the Ownership Report together with the first application for renewal of station license filed on or after February 1, 1954, and at three-year intervals thereafter. Ownership Reports shall give the following information as of a date not more than 30 days prior to the filing of the Ownership Report:

It is further ordered, That effective immediately, paragraph 4 of section 1 of FCC Form 303 is amended to read as follows:

4. Is the applicant's Ownership Report filed with this application? (See § 1.343 (a) of Commission's rules.) Yes ☐ No ☐.
If answer is "No", give date of filing of last Ownership Report and call letters, station location and file number of renewal application with which it was filed.

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interprets or applies sec. 303, 48 Stat. 1082, as amended; 47 U. S. C. 303)

Released: March 4, 1954.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[F. R. Doc. 54-1708; Filed, Mar. 9, 1954; 8:53 a. m.]

PART 3—RADIO BROADCAST SERVICES

STATUTE MILE FIGURE

In the matter of amendment of Part 3 of the Commission's rules and regulations to effect certain editorial changes therein.

The Commission desires to make a change in Part 3, Radio Broadcast Services (Revised to June 30, 1953), to correct a typographical error contained in Table III of Appendix II to Subpart E.

The amendment adopted herein is editorial in nature, and, therefore, prior publication of notice of proposed rule making under the provisions of section 4 of the Administrative Procedure Act is unnecessary, and the amendment may become effective immediately.

The amendment adopted herein is issued pursuant to authority contained in sections 4 (i), 5 (d) (1) and 303 (r) of the Communications Act of 1934, as amended, and paragraph F-6 of the Commission's order defining the functions and establishing the organizational structure of the Office of the Secretary, dated February 14, 1952, as amended.

It is ordered, This 4th day of March 1954, that, effective immediately, Part 3 of the Commission's rules and regulations is revised as set forth below:

Table III of Appendix II to Subpart E is amended as follows: Change the statute mile figure for 40° 2' to read "53.037" instead of "53.137".

Released: March 4, 1954.

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interprets or applies sec. 5, 48 Stat. 1082, as amended, sec. 5, 66 Stat. 713; 47 U. S. C. 303, 155)

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

PART 7—STATIONS ON LAND IN THE MARITIME SERVICE

PART 8—STATIONS ON SHIPBOARD IN THE MARITIME SERVICE

PART 12—AMATEUR RADIO SERVICES

MISCELLANEOUS AMENDMENTS

In the matter of amendment of Parts 7, 8, and 12 of the Commission's rules and regulations. Modification of Part 7 Appendix 1, Part 8 Appendix 1 and Part 12 Appendix 1, with reference to Regional Managers and District Field office areas.

At a session of the Federal Communications Commission, held at its offices in Washington, D. C., on the 1st day of March 1954;

The Commission having under consideration possible reduction in the number of Regional offices, reorganization of the areas embraced by its San Francisco Regional office and its Denver District office and the desirability of designating regions numerically rather than by the geographical system; and

It appearing, that the Houston, Texas, Regional office should be eliminated by including the State of New Mexico within the area embraced by the San Francisco Regional office and the States of Texas, Oklahoma, Arkansas, Louisiana and Mississippi within the area embraced by the Atlanta Regional office; and

It further appearing, that the State of New Mexico which has heretofore been embraced by the Commission's District office No. 10 at Dallas, Texas should be included in the area embraced by the Commission's District office No. 15 at Denver, Colorado.

It is ordered, Pursuant to sections 4 (i) and 303 (r) of the Communications Act of 1934, as amended, that Parts 7, 8 and 12 of the Commission's rules are hereby amended effective April 1, 1954, as set forth below.

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interprets or applies sec. 303, 48 Stat. 1082, as amended; 47 U. S. C. 303)

Released: March 4, 1954.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

1. Amend Part 7, Appendix 1, by deleting "New Mexico all counties" from the listing opposite Radio District No. 10 (Dallas, Texas) and adding "New Mexico all counties" to the listing opposite Radio District No. 15 (Denver, Colorado).

2. Amend Part 7, Appendix 1, by deleting subheading "The offices of the Regional Managers of the Field Engineering and Monitoring Division, Bureau of Engineering, are located at the following addresses:" and the listings thereunder and substitute the following: "The offices of the Regional Managers of the Field Engineering and Monitoring Bureau are located at the following addresses:"

Region No. 1, 954 Federal Building, 641 Washington Street, New York 14, N. Y.—To include: Districts Nos. 1, 2, 3, 4, 5, and 24.

Region No. 2, 411 Federal Annex, Atlanta, Ga.—To include: Districts Nos. 6, 7, 8, 9, 10, and 22.

Region No. 3, 323-A Customhouse, San Francisco 26, Calif.—To include: Districts Nos. 11, 12, and 15.

Region No. 4, 802 Federal Office Building, Seattle 4, Wash.—To include: Districts Nos. 13 and 14.

Region No. 5, P. O. Box 1142, Lanikai, Oahu, T. H.—To include: District No. 21.

Region No. 6, P. O. Box 644, (Rm. 52 U. S. P. O. and Courthouse), Anchorage, Alaska—To include: District No. 23.

Region No. 7, 832 U. S. Courthouse, Chicago 4, Illinois—To include: Districts Nos. 16, 17, and 18.

Region No. 8, 1029 New Federal Building, Detroit 26, Michigan—To include: Districts Nos. 19 and 20.

3. Amend Part 8, Appendix 1, by deleting all reference to "New Mexico, all counties" opposite Radio District No. 10 (Dallas, Texas) and adding "New Mexico all counties" to the listing opposite Radio District No. 15 (Denver, Colorado).

4. Amend Part 8, Appendix 1, by deleting the subheading "The offices of the Regional Managers of the Field Engineering and Monitoring Division, Bureau of Engineering, are located at the following addresses:" and the listings thereunder and substitute the following: "The offices of the Regional Managers of the Field Engineering and Monitoring Bureau are located at the following addresses:"

Region No. 1, 954 Federal Building, 641 Washington Street, New York 14, N. Y.—To include: Districts Nos. 1, 2, 3, 4, 5, and 24.

Region No. 2, 411 Federal Annex, Atlanta, Ga.—To include: Districts Nos. 6, 7, 8, 9, 10, and 22.

Region No. 3, 323-A Customhouse, San Francisco 26, Calif.—To include: Districts Nos. 11, 12, and 15.

Region No. 4,802 Federal Office Bldg., Seattle 4, Washington—To include: Districts Nos. 13 and 14.

Region No. 5, P. O. Box 1142, Lanikai, Oahu, T. H.—To include: District No. 21.

Region No. 6, P. O. Box 644, (Room 52 U. S. P. O. and Courthouse), Anchorage, Alaska—To include: District No. 23.

Region No. 7, 832 U. S. Courthouse, Chicago 4, Ill.—To include: Districts Nos. 16, 17, and 18.

Region No. 8, 1029 New Federal Building, Detroit 26, Mich.—To include: Districts Nos. 19 and 20.

5. Amend Part 12, Appendix 1, by deleting under "Radio Districts" all references to New Mexico opposite Radio District No. 10 (Dallas, Texas) and adding "New Mexico all counties" opposite Radio District No. 15 (Denver, Colorado).

PART 8—STATIONS ON SHIPBOARD IN THE MARITIME SERVICE

POSTPONEMENT OF EFFECTIVE DATE OF AVAILABILITY OF FREQUENCY

In the matter of amendment of § 8.351 (a) of the Commission's rules postponing the effective date of the availability of the frequency 2830 kc to the Maritime Mobile Radio Telephone Service.

At a meeting of the Federal Communications Commission held at its offices in Washington, D. C., on the 3d day of March 1954;

The Commission, having before it a petition filed February 18, 1954 by Aeronautical Radio, Inc., requesting that the Commission postpone the availability on March 15, 1954 of the frequency 2830 kc in the maritime mobile service because of the possibility, based upon their experience with the use of 2738 kc by ship radiotelephone stations, that second harmonic radiations from ship transmitters operating on 2830 kc will result in interference to operations on the aeronautical mobile frequency 5656.5 kc;

It appearing, that the said petition raises serious questions which can not be resolved prior to March 15, 1954; and

It further appearing, that in view of the foregoing the public interest would be served by postponing the March 15, 1954 effective date for the availability of 2830 kc and although the Commission will give the highest priority to the resolution of the questions raised, it is not feasible at this time to name a date certain for said availability; and

It further appearing, that notice of proposed rule making as required by section 4 of the Administrative Procedure Act is impractical because of the time element involved;

It is ordered, That pursuant to the provisions of sections 4 (i) and 303 (f) of the Communications Act of 1934, as amended, § 8.351 (a) of the Commission's rule is amended, effective immediately, by adding footnote designator 8 following the frequency 2830 listed therein, said footnote to read as follows:

[8] Not available until a date to be determined.

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interprets or applies sec. 303, 48 Stat. 1082, as amended, 47 U. S. C. 303)

Released: March 4, 1954

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 24]

U. S. STANDARDS FOR GRADES OF BUTTER

NOTICE OF PROPOSED RULE MAKING

Correction

In Federal Register Document 54-1656, appearing at page 1323 of the issue for Tuesday, March 9, 1954, the following changes should be made:

1. In the table in § 24.4 the footnote reference "2" following the item "Woody" should be deleted.

2. In the second sentence of subparagraph (2) of § 24.7 (a) the word "food" should read "feed".

[7 CFR Part 995]

[Docket No. AO-197-A2]

HANDLING OF MILK IN LIMA, OHIO, MARKETING AREA

NOTICE OF RECOMMENDED DECISION AND OPPORTUNITY TO FILE WRITTEN EXCEPTIONS WITH RESPECT TO PROPOSED AMENDMENTS TO TENTATIVE MARKETING AGREEMENT AND TO ORDER, AS AMENDED

MARCH 5, 1954.

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of the filing with the Hearing Clerk of the recommended decision of the Deputy Administrator, Agricultural Marketing Service, United States Department of Agriculture, with respect to a proposed marketing agreement and a proposed order, amending the order, as amended, regulating the handling of milk in the Lima, Ohio, marketing area. Interested parties may file written exceptions to this decision with the Hearing Clerk, United States Department of Agriculture, Washington 25, D. C., not later than the close of business the 15th day after publication of this decision in the FEDERAL REGISTER. Exceptions should be filed in quadruplicate.

Preliminary statement. The hearing, on the record of which the proposed amendments, as hereinafter set forth, to the tentative marketing agreement and to the order, as amended, were formulated, was conducted at Lima, Ohio, on August 17-19, 1953, pursuant to notice thereof which was issued on July 23, 1953 (18 F. R. 4407).

The material issues of record were concerned with the following:

(1) Extending the marketing area to include all of Allen County, instead of only the city of Lima, and to include Hancock County, and the city of Findlay, its principal center of population;

(2) Modifying the definition of a producer-handler;

(3) Including a cheese pricing formula as one of the basic formula prices;

(4) Increasing the Class I differentials;

(5) Modifying the provisions applicable to milk received from sources other than producers;

(6) Reclassifying and raising the price of milk used in ice cream and cottage cheese;

(7) Stating class prices in terms of an amount per hundredweight of milk of a basic butterfat content, instead of quoting separate prices for the butterfat and skim milk components;

(8) Modifying the pooling provisions to provide for an adjustment of prices paid to producers that would be based upon the respective utilization of milk in the Lima and the Findlay portions of the marketing area;

(9) Adopting a modified form of the base-rating plan for encouraging a more uniform seasonal pattern of production;

(10) Modifying the determination of the rate of partial payments to producers for milk delivered during the first 15 days of the month; and

(11) Modifying the provision relating to payments to cooperative associations for services performed on behalf of producer-members.

Findings and conclusions. The following findings and conclusions on the issues decided herein are hereby made upon the basis of the record of the hearing:

(1) *Marketing area.* The marketing area should be expanded by including the city of Findlay, Ohio. However, the territory in Allen County which is outside of the corporate limits of Lima and that in Hancock County which is outside of the corporate limits of Findlay should not be included.

Findlay is located 32 miles northeast of Lima. The city had a 1950 population of 24,000, as compared with a population in Lima of 50,000. The need for extending Federal regulation to Findlay arises primarily from pricing problems. Handlers in Findlay pay for milk purchased from producers at a flat price rather than at prices determined in accordance with the classified use of milk.

Under this method of pricing producers are unable to ascertain the quantities of milk used by the handlers for fluid milk purposes or the quantities of daily and seasonal excess which must be converted into manufactured dairy products. In the absence of this information they cannot determine the appropriate level of price for the milk they sell to handlers. Under a classified price plan all handlers are charged the same Class I price for all milk utilized

in bottled form, such price being higher than prices paid for milk for manufacture by an amount sufficient to compensate producers for the added costs involved in meeting the higher sanitary standards, providing a year-around supply, and transporting the milk for the longer distances which usually characterize a city milk suply. Class II milk, not needed for fluid purposes, is priced at the manufacturing level.

The absence of a classified price plan also results in differences in the cost of milk for each use as between handlers in the Findlay area. If, for example, all handlers paid the same flat price to producers, a handler who sold a larger than average proportion of his milk in bottled form would have a competitive advantage in the sale of his product over the other handlers. However, the Findlay handlers have not paid the same flat prices in recent months. Without consulting the officials of the producers' association one of the major handlers in Findlay has paid an average of the blend prices under the Toledo and Lima orders, whereas the other also averages in the minimum order price payable to producers at the Cleveland pool plant located in Findlay.

The difference in handlers' costs is an obvious problem in the areas where handlers under the Lima order are directly competitive with Findlay handlers. The Lima handlers, of course, purchase their milk under a classified price plan and are obligated to pay the full Class I price on all sales of fluid milk.

These variations in price plans and in net prices paid to producers as between the Findlay handlers themselves and as between the Findlay and Lima handlers have created dissatisfaction among producers and have further implications. A condition of unequal costs among the handlers, in accordance with use, may cause them to attempt to economize by reducing prices to producers. This in turn would tend to stimulate successive price reductions by competitors. This development is contrary to the interests of producers and over a period of time may jeopardize an adequate supply of milk.

Extending the order to the Findlay handlers will price milk to each handler strictly in accordance with the use each individual handler makes of the milk. Such utilization will be subject to audit by the market administrator. Under an order the butterfat tests and weight of producer milk delivered by any shippers who are not members of a cooperative association already furnishing such service will be checked by the market administrator. Also publication of complete data on supplies and utilization will promote stability in the market through the availability of accurate information to all interested parties and to the public at large.

The need for an order in Findlay could conceivably be met either by establishing a separate order for that territory or by combining it with Lima. Despite the distance between the two cities, milk marketing conditions are sufficiently interrelated to make it desirable to combine them in a single marketing area.

The supply interrelationships are close in several respects. The Lima and Findlay milksheds are virtually co-extensive; only a comparatively small portion of the Findlay supply area, to the east of Findlay and in Seneca County is outside of the procurement area of Lima. Another common element of supply is that a large proportion of the producers supplying milk to each market are members of the Northwestern Cooperative Sales Association. A third similarity is that the supply area for the Toledo, Ohio market overlaps the northern portions of both the Findlay and Lima milksheds, and the bulk of the Toledo shippers are also members of the Northwestern Cooperative Sales Association. Finally, both the Lima and Findlay milksheds are integral parts of the Cleveland milkshed. Cleveland draws its supplies from the entire northern portion of Ohio, the northeast portion of Indiana, and southeastern Michigan. The Belle-Vernon Milk Company of Cleveland operates supply plants both in Lima and in Findlay. A portion of the milk is bottled and distributed locally from the Lima plant though that at Findlay is strictly a supply plant for Cleveland and no sales are made locally. Producers shipping to these Cleveland plants in Lima and Findlay are, of course, interspersed among producers shipping to the local handlers in Lima and Findlay and in each case the number of Cleveland shippers is a substantial proportion of the total shippers.

There is also considerable competition between Lima and Findlay distributors. One of the major Lima handlers distributes milk in and around Findlay. Handlers from both markets compete extensively with each other in territories outside of the two cities and one handler from each market competes with the other in sales territory extending over much of northwestern Ohio.

The health regulations applicable to milk sold in both Lima and Findlay are substantially equal. Both ordinances are patterned after the United States Public Health Service's model for Grade A milk. A demonstration of the similarity is the fact, previously mentioned, that a Lima handler distributes milk in Findlay. It follows that, insofar as health department regulations and procedures are concerned, the two cities may properly be considered as a single marketing area.

In June, 1952 producers and handlers in Lima supported the inclusion of all of Allen County in the marketing area. All milk sold in the County for Class I purposes would be subject to the order. In the current proceeding, the Lima handlers incorporated their previous testimony to support the inclusion of Allen County at the present time. However, it is clear from evidence at the hearing that a Grade A milk ordinance is still not in effect in Allen County except in the City of Lima. Until the health requirements applicable to the milk sold in Allen County are substantially as high as those applicable to milk sold within Lima, the pricing provisions of the order are not applicable.

Much the same situation prevails in Hancock County in regard to health regulations. There is no effective Grade A ordinance in Hancock County outside the city of Findlay and the price structure which is suitable for encouraging a supply of Grade A milk is not applicable to the production of non Grade A milk. The territory outside of Findlay should not, therefore, be included in the marketing area.

(2) *Producer-handler.* Handlers proposed that the definition of producer-handler be limited to a handler who obtained his entire supply from his own production.

The order now provides only that a producer-handler not receive any milk from other producers. He is permitted, however, to purchase supplemental supplies of milk either from regulated handlers or from plants which are not regulated under the order.

It was maintained that this provision would allow a producer-handler to purchase non Grade A milk from manufacturing plants at lower prices than handlers are required to pay for Grade A milk for Class I purposes, thereby allowing the producer-handler a competitive advantage. However, the health regulations requiring that only Grade A milk be sold in the marketing area are as fully applicable to that sold by handlers qualifying under the order as producer-handlers as to other handlers. It is concluded that no change should be made in the definition of a producer-handler.

(3) *Basic formula price.* Considerable attention was given at the hearing to a proposal by producers that a basic formula price representing the value of milk used for cheese making be included as one of the basic formula prices. However, in view of the recommended adoption of the Cleveland Class I price less a location differential, there is no need for separate basic formula price computations for the Lima marketing area and they should be deleted.

(4) *Class I price.* The Class I price should be equal to the Class I price under Order No. 75 regulating the handling of milk in the Cleveland, Ohio, marketing area, less the average of the location adjustments to handlers applicable at Lima and Findlay, Ohio.

Milk marketing conditions in Lima and Findlay are closely related to those prevailing in the Cleveland market. Several elements which these markets have in common were described in the preceding section on marketing area.

Supply conditions in Lima and Findlay are particularly closely related to those in Cleveland. The volume of milk received at the Cleveland pool plant in Lima is three-fourths as large as that received at the local distributing plants in Lima. In Findlay the volume received at the Cleveland pool plant is as large as the total locally used supply. The producers delivering to the Cleveland pool plants are, of course, interspersed with those delivering to the local handlers. In addition the Cleveland milkshed completely envelops the Lima and Findlay supply area.

Distribution of milk in Lima and Findlay is also in direct competition with Cleveland. The operator of the Cleveland pool plant in Lima also distributes milk in and around Lima from such

plant, in direct competition with the other Lima handlers. One other Cleveland handler also distributes milk in Lima and in other territory in northwestern Ohio in direct competition with Lima handlers. This milk is processed and delivered from the handler's plant located in the city of Cleveland. The extent of competition between the Lima and Findlay handlers has already been described.

The Class I location differential under the Cleveland order is 22 cents at Findlay and 28 cents at Lima. Such differential applies to milk shipped into Cleveland from supply plants in Lima and Findlay and also applies to the local Class I sales of milk by the Cleveland pool plant located in Lima. The same differentials apply to payments to producers at the Cleveland pool plants. It is, therefore, appropriate that the average of these differentials be applied to milk which is utilized locally for Class I purposes. By adopting the Cleveland Class I price less the location differential as the local price, the local handlers will be on a uniform competitive basis with each other and on a substantially uniform basis with the Cleveland handler whose plant is located in Lima. Blend prices payable to producers will not necessarily be uniform as between the Cleveland and local shippers; rather the blend prices will reflect any differences which may prevail between the local markets and Cleveland in the level of Class II and Class III prices and in the proportion of milk which is utilized for Class I purpose.

The stated Class I differentials in Cleveland, less a location adjustment of 25 cents are at an annual average of $1.31 per hundredweight. The annual average Class I differential under the present order in Lima is $1.225. However, the Cleveland differential is subject to a supply-demand adjustment. Supplies in the Cleveland market had been larger than normal in relation to sales in each month from March 1952 to the date of the hearing and would have resulted in negative supply-demand adjustments throughout the period of a magnitude which would have more than offset the 8½ cent difference.

In any event the change in pricing is not designed either to raise or lower price levels but rather to integrate pricing in Lima and Findlay with that prevailing in Cleveland.

Cleveland pricing will provide greater seasonal variation. The recommended Class I price differentials, exclusive of the operation of the supply-demand adjustment, will be 75 cents in April, May and June, $1.20 in February, March, and July, and $1.65 in August through January compared with prices of 85 cents, $1.15, and $1.45 in corresponding months under the present Lima order.

A single Class I price should be applied in Lima and Findlay in lieu of a 6-cent difference in prices proposed by producers. The Lima and Findlay handlers are so directly competitive that no Class I price differential between them is justified.

(5) *Other source milk.* In the Lima marketing area there are several sources of milk received by handlers other than the regular shippers which are defined as "producers" under the order. Substantial quantities of other source milk come from other Federally regulated marketing areas. As previously mentioned, milk is distributed in the Lima area from the Cleveland pool plant located in that city. Another example consists of the distribution of milk in Lima by a Cleveland handler who supplies such milk from his Cleveland plant. Also, it was testified at the hearing that sizeable quantities of milk in two-quart containers of milk packaged in Toledo are sold by a Findlay handler. Such milk will have been already classified and priced under the other order and poses no significant problem under this order. The adoption of Cleveland pricing in Lima removes any possibility of difference between the Cleveland and Lima orders. In the case of Toledo, the order provides that any milk sold in another federally regulated marketing area, such as Lima, shall be priced at the other Federal order price in the event such price is in excess of the prices provided under the Toledo order.

Other source milk may, of course, be received from sources which are not under Federal regulation. Handlers in both Lima and Findlay purchase manufacturing grades of milk and cream for ice cream and other Class II uses. Such purchases do not, however, constitute any problem in the actual or potential displacement of Class I sales of producer milk since such milk is not eligible for sale as bottled milk. The principal category of other source milk which is purchased by handlers for Class I purposes consists of milk packaged in two-quart containers. Handlers who do not have two-quart bottling facilities in their Lima and Findlay plants obtain such milk from sources which do not qualify as fluid milk plants under the Lima order. The order presently provides that such other source milk be allocated to each handler's Class II utilization, thereby giving producer milk the priority on Class I utilization. It follows that so long as each handler's Class II utilization exceeds the quantities of milk in two-quart containers sold as Class I in the marketing area, the other source milk will not displace producer milk in Class I. Any supplemental milk which might be purchased by a handler in bulk form is subject to the same allocation provisions. These allocation provisions of the order appear to have been adequate to prevent milk from unregulated sources from being assigned to Class I to displace producer milk. The local handlers have maintained adequate supplies of milk from the regularly inspected producers. It appears from the record that a similar situation exists in Findlay.

(6) *Class II price.* Producers originally proposed that butterfat and skim milk used in the manufacture of ice cream and cottage cheese be classified separately and priced on the basis of market prices for butter and non-fat dry milk solids. At the hearing this proposal was modified to leave the classification system unchanged but raise the price of all Class II milk by 10 cents per hundredweight in the months of August through March. The Class II price is determined by averaging the prices paid for milk of 3.5 percent butterfat content at five local milk manufacturing plants.

The recommended increase in prices was based mainly on a contention that premiums in excess of the stated prices are commonly paid to shippers at the local manufacturing plants. However, actual data with respect to such premiums were too few to be representative of the entire group of plants and did not cover a sufficient period of time to permit an analysis of the conditions under which premiums are most likely to prevail.

The point was also made that most Class II milk in the Lima market is utilized in the manufacture of ice cream and cottage cheese and that skim milk and cream so utilized commands a higher price than milk for general manufacturing purposes. Data were presented to show that cottage cheese and ice cream are not always the principal outlet for Class II milk. In all of the first 7 months of 1953 the quantities of producer skim milk classified as Class II were substantially in excess of the total quantities of skim milk utilized by the regulated handlers for ice cream and cottage cheese. Producer butterfat was also in excess of the quantities used in these two products during the period January through April but not in the months of May, June, and July. A review of similar data for the 41-month period from the inception of the order in August 1949 through December 1952 shows that producer skim milk was in excess of ice cream and cottage cheese requirements only during six months and that butterfat was in excess only within 14 months. However, it is problematical whether the quantities of producer milk classified as Class II will again decline to the point where the skim milk and butterfat can be utilized principally in ice cream and cottage cheese.

It is concluded that the Class II price should not be changed.

(7) *Method of stating class prices.* A proposal to state class prices in terms of a hundredweight of milk of basic butterfat content, with differentials for each one-tenth of a percent that actual butterfat test varied from the base test was included in the hearing notice. The order now provides that class prices be announced per hundred pounds of the butterfat and skim milk components. However, no evidence was offered in support of the proposal.

(8) *Pooling.* The order should be amended to provide for the distribution of returns to producers on the basis of individual-handler pools instead of a marketwide pool.

The producers originally proposed that handlers be identified with either the Findlay or Lima portion of the marketing area and that payments to producers be adjusted in accordance with the average utilization of the group of handlers to whom they ship. The proposal was based upon partial data indicating that the handlers in Findlay have a higher proportion of Class I sales than those in Lima.

However, the possibility of achieving essentially the same result by individual-handler pooling throughout the extended marketing area was also discussed at the hearing and strongly endorsed by producers. They cited their satisfactory experience with individual-handler pooling under the Toledo order and their original support for the same type of pooling at the promulgation hearing in Lima as grounds for such endorsement.

Under this method of distributing returns to producers each handler's obligations are the same as under a marketwide pool. Each handler pays for milk at Class prices in accordance with the quantities utilized in each Class. However, the producers supplying each handler are paid the blend price resulting from that handler's utilization instead of being paid the blend price equal to the average utilization of all handlers in the market.

Handlers in the Findlay portion of the marketing area, not heretofore subject to an order, have been purchasing milk under procedures more nearly analogous to individual-handler than to marketwide pooling to the extent that they have had to compete directly with each other in the purchase of milk without sharing any differences in utilization through the mechanism of a marketwide pool and equalization fund. It was testified that in Lima none of the handlers have made such substantial changes in their operations under a marketwide pool as to create undue difficulty in adjusting their purchasing of milk from producers to a system of individual-handler pooling.

(9) *Seasonal variation in production.* Producers proposed that a modified form of the base-rating plan be adopted to encourage more even production throughout all seasons of the year. It would apply only during May and June of each year. In these months a producer who delivered more than twice as much milk per day as during the preceding October, November, and December would be paid for such excess at the Class II price. In successive years the excess production in May and June would be computed at 180 percent, 160 percent, and 140 percent of production in the previous fall.

The order now relies upon seasonal variation in the stated Class I price differential and basic formula prices to encourage level production. The stated Class I differential ranges from 85 cents in 3 spring months to $1.45 in 6 late summer and fall months. Adoption of Cleveland pricing for Lima would provide a greater seasonal variation, namely from 75 cents to $1.65.

Where primary reliance is placed on a base-rating plan, there is usually no seasonal variation in the Class I differential. Any lower price in the spring months, when the base plan is designed to exert its greatest effect, would reduce the difference between the base and excess prices, thereby reducing the price reward for the producer who achieved a high base the previous fall, while correspondingly reducing the price penalty on the uneven, low-base producer. Another shortcoming of the proposal is that no rules are provided for producers who failed to deliver throughout the October-December period, for producers who joined the market in the spring, or for changes in partnership status.

It is concluded that the base-rating proposal should not be adopted.

(10) *Partial payments.* The order now provides that each handler shall pay producers for milk received during the first 15 days of the delivery month at a rate equal to the uniform price during the preceding month. This payment is designed to serve as an advance to producers, the final payment for the deliveries during the entire month being made on or before the 18th of the following month.

The rate at which advance payments are computed under the order has occasionally caused difficulty. These problems are particularly likely to arise during the spring months when Class I prices decline seasonally. In such circumstances a partial payment based upon the previous month's prices accounts for considerably more than half of the total amount due for the month. In occasional instances, when a producer's deliveries during the second half of the month are substantially less than deliveries during the first 15 days, a producer may actually receive a greater partial payment than the total amount due him for the entire month.

The partial payments should be so computed as to make them more accurately reflect prices during the delivery month. Producers proposed that the rate of partial payment be 75 cents less than the proceeding month's uniform price. This rate would be further subject to adjustment by any changes in the Class I price differential. For example, the stated Class I differential herein recommended for April is 45 cents less than that prevailing during March. Exclusive of any possible effects of the supply-demand adjustment, therefore, the rate of advance payment in April would be $1.20 ($0.75 and $0.45) per hundredweight below the uniform price for March. It was further proposed that the rate be rounded off to the nearest 10 cents in order to facilitate computations.

It is concluded that the above technique will provide an equitable rate of partial payments and should be adopted.

(11) *Cooperative associations.* The order now provides that under certain circumstances handlers shall make such deductions from the payments due to producer-members of a cooperative association "as may be authorized by the membership agreement or contract between such cooperative association and such producers" and pay the funds so deducted to the cooperative association. An association must fulfill the several requirements contained in the definition of a cooperative association under the order and, for this particular purpose, must also provide for its members certain minimum marketing services as determined by the market administrator. However, the deductions here involved are the deductions incidental to membership status. Hence they are usually of a sufficient amount to support all the activities of the association and are not limited to those necessary to the performance of the more limited marketing service functions performed by the market administrator for nonmember producers. In cases where the membership contract or agreement or other conditions of membership provides for deductions, the deductions authorized in accordance therewith have been considered by the Secretary as having been appropriately authorized by the individual producers.

It was proposed by the producers' association that the order language be changed by deleting the phrase "as may be authorized by the membership agreement or contract between such cooperative association and such producers" and substituting therefor the phrase "as may be properly authorized by such cooperative association". It was testified that handlers under the Toledo, Ohio milk marketing order had questioned whether the membership contract between this same association and the producer members was sufficient authorization by the producers for such deductions to be made under that order. It was further testified that all Lima handlers are making deductions at the rate specified by the association and remitting such deductions to the association.

Within the limitations, if any, of the state statute under which a cooperative association is organized, producers are at liberty to determine for themselves, through the adoption of by-laws and their amendment from time to time or through the provisions of a membership contract, or both, what contributions are to be made by members to support their organization and how such amounts may be changed. By accepting membership, new members accept previously established requirements and these new members also become participants in the making of subsequent changes. Should directors or officers exceed their authority under such instruments of organization, an adequate remedy lies within the organization itself rather than with a third party. On the other hand, the authority to require handlers to make such deductions and pay them over to the association resides in the act and not in the contracts or arrangements between the cooperative and its member producer.

There is one potential problem which was not specifically dealt with in the producers' proposal. This relates to possible errors in the list of producer-member names submitted to the handler. If, as a result of change in status, lack of sufficient identification, or otherwise, a handler pays to the association a deduction subsequently found to be owing to a non-member producer, the association should reimburse the handler the amount erroneously paid to it.

It is concluded that the order should be revised to specify that action taken by cooperative association, in accordance with stated conditions, constitutes appropriate authorization for deductions on behalf of its producer-members.

General findings. (a) The proposed marketing agreement and the order as hereby proposed to be amended and all of the terms and conditions thereof will tend to effectuate the declared policy of the act;

(b) The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply of and demand for milk in the marketing area, and the minimum prices specified in the proposed marketing agreement and the order as hereby proposed to be amended are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(c) The proposed order as hereby proposed to be amended will regulate the handling of milk in the same manner as, and will be applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held.

Rulings on proposed findings and conclusions. Briefs were filed on behalf of producers and certain handlers. The briefs contained proposed findings of fact, conclusions and argument with respect to the proposals discussed at the hearing. Every point covered in the briefs was carefully considered along with the evidence in the record in making the findings and reaching the conclusions hereinbefore set forth. To the extent that such suggested findings and conclusions contained in the briefs are inconsistent with the findings and conclusions contained herein the request to make such findings or to reach such conclusions are denied on the basis of the facts found and stated in connection with the conclusions in this decision.

Recommended marketing agreement and amendments to the order. The following amendments to the order, as amended, are recommended as the detailed and appropriate means by which the foregoing conclusions may be carried out. The recommended marketing agreement is not included in this decision because the regulatory provisions thereof would be identical with those contained in the order, as amended, and as hereby proposed to be further amended.

1. Change § 995.5 to read as follows:

§ 995.5 *Lima, Ohio, marketing area.* "Lima, Ohio, marketing area" called the "marketing area" in this subpart means the territory within the corporate limits of Lima, in the County of Allen, and of Findlay, in the County of Hancock, both in the State of Ohio.

2. In § 995.6 delete the phrase "Lima, Ohio, Board of Health" and substitute therefor the phrase "Board of Health of Lima or of Findlay, Ohio,".

3. In § 995.22 paragraph (f), delete "§ 995.73".

4. In § 995.45 insert after the phrase "in producer milk" the phrase "received by each handler".

5. Delete § 995.50.

6. Change § 995.51 to read as follows:

§ 995.51 *Class I price.* The minimum prices per hundredweight to be paid by each handler for skim milk and butterfat in producer milk received at his fluid milk plant during the month, which is classified as Class I milk, shall be determined by the market administrator as follows:

(a) Ascertain the Class I minimum price for milk of 3.5 percent butterfat content for the month as determined pursuant to the order, as amended, regulating the handling of milk in the Cleveland, Ohio marketing area (Order No. 75) and as adjusted by the average of the location adjustment rates on Class I milk which would be applicable pursuant to Order No. 75 at pool plants located at Lima and at Findlay.

(b) Divide the amount determined in subparagraph (1) of this paragraph by the sum of the amounts determined pursuant to subparagraphs (1) and (2) of this paragraph, and multiply by 100.

(1) From the simple average of the daily wholesale selling prices (using the midpoint of any price range as one price) of Grade A (92-score) bulk creamery butter per pound at Chicago as reported by the U. S. D. A. during the month, subtract 3 cents, add 20 percent of the resulting amount, and then multiply by 3.6.

(2) From the simple average of the weighted averages of carlot prices per pound of spray and roller process nonfat dry milk solids in barrels for human consumption f. o. b. manufacturing plants in the Chicago area as published for each month by the U. S. D. A. deduct 5.5 cents, and multiply the result by 8.2.

(c) Multiply the price determined in paragraph (a) of this section by the percent determined in paragraph (b) of this section and then divide by 0.035. The resulting amount shall be the Class I butterfat price per hundredweight.

(d) From the price determined in paragraph (a) of this section subtract the amount computed in paragraph (c) of this section times 0.035, and divide the remainder by 0.965. The resulting amount shall be the Class I skim milk price per hundredweight.

7. Change the heading "Determination of Uniform Price" and §§ 995.60, 995.61, and 995.62 to read as follows:

HANDLER'S OBLIGATION AND UNIFORM PRICE

§ 995.60 *Value of producer milk.* The value of producer milk received by each handler during the month shall be the sum of money computed by the market administrator by multiplying the hundredweight of skim milk and butterfat in each class by the applicable class prices and adding together the resulting amounts, and adding or subtracting, as the case may be, the amount necessary to correct errors in classification for previous months as disclosed by audit of the market administrator: *Provided*, That, if a handler after the subtraction of other source milk and receipts from other handlers, has disposed of skim milk or butterfat in excess of the skim milk or butterfat which on the basis of his reports for the month, pursuant to § 995.30, has been credited to his producers as having been received from them, there shall be added to the value of his producer milk a further amount computed by multiplying the pounds in each class as subtracted pursuant to §§ 995.45 (d) and 995.46 by the applicable class price.

§ 995.61 *Computation of uniform price.* For each month the market administrator shall compute for each handler a "uniform price" per hundredweight of producer milk received by such handler by:

(a) Subtracting from the value of milk computed for such handler pursuant to § 995.60, if the weighted average butterfat test of all producer milk represented by such value is greater than 3.5 percent or adding, if the weighted average butterfat test of such milk is less than 3.5 percent, an amount computed by multiplying the total pounds of butterfat represented by the difference of such weighted average butterfat test from 3.5 percent, by the butterfat differential computed pursuant to § 995.75 multiplied by 10;

(b) Adding or subtracting, as the case may be, the amount necessary to correct errors in classification for previous months as disclosed by audit of the market administrator;

(c) Adjusting the resulting amount by the sum of money used in adjusting the uniform price, pursuant to paragraph (e) of this section for the previous month to the nearest cent;

(d) Dividing the result by the total hundredweight of producer milk represented by the amounts computed pursuant to § 995.60; and,

(e) Adjusting the resulting figure to the nearest cent.

§ 995.62 *Notification.* On or before the 12th day after the end of each month, the market administrator shall mail to each handler, at his last known address, a statement showing for such month:

(a) The amount and value of his producer milk in each class;

(b) The uniform price for such handler computed pursuant to § 995.61, and the butterfat differential computed pursuant to § 995.75; and,

(c) The amounts to be paid by such handler pursuant to §§ 995.76 and 995.77.

8. In § 995.70 insert after the phrase "not less than the uniform price" the phrase "for such handler".

9. Amend § 995.71 to read as follows:

§ 995.71 *Partial payments.* On or before the last day of each month each handler shall pay to each producer, or to a cooperative association authorized to collect payment, for the milk received from such producer or caused to be delivered to such handler by such cooperative association during the first fifteen days of each month at a rate computed as follows:

(a) Deduct 75 cents from the uniform price for such handler for the preceding month.

(b) Add or subtract any amount by which the Class I price differential for the current month is greater than or less than, respectively, the differential for the preceding month.

(c) Round off the result to the nearest multiple of 10 cents.

Provided, That in the event any producer discontinues shipping to such handler during any month, such partial payments need not be made and full payment for all milk received from such producer during such month shall be

made pursuant to the provisions of § 995.70.

10. Delete §§ 995.72, 995.73, and 995.74.

11. In § 995.75 insert after the phrase "the uniform price" the phrase "for each handler".

12. Change § 995.77 paragraph (b) to read as follows:

(b) Each cooperative association which is actually performing the services described in paragraph (a) of this section, as determined by the market administrator, may file with a handler a claim for authorized deductions from the payments otherwise due to its producer members for milk delivered to such handler. Such claim shall contain a list of the producers for which such deductions apply, an agreement to indemnify the handler in the making of the deductions, and a certification that the Association has an unterminated membership contract with each producer. In making payments to producers for milk received during the month, each handler shall make deductions in accordance with the Association's claim and shall pay the amount deducted to the Association within 18 days after the end of the month.

13. In § 995.78 change the phrase "pursuant to §§ 995.73, 995.74, 995.76, 995.77, or 995.80" to read "pursuant to §§ 995.76 or 995.77".

14. Change § 995.80 to read as follows:

§ 995.80 *Milk subject to other Federal orders.* Milk received by a handler the handling of which is subject to the pricing and payment provisions of any other Federal milk marketing order issued pursuant to the act shall not be subject to the pricing and payment provisions of this subpart.

Filed at Washington, D. C. this 5th day of March 1954.

[SEAL] ROY W. LENNARTSON,
Deputy Administrator.

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR Parts 2, 3, 4]

[Docket No. 10832]

FM BROADCAST STATIONS; SPECIFIED NON-BROADCAST ACTIVITIES ON SIMPLEX AND/OR MULTIPLEX BASIS

ORDER AND NOTICE OF EXTENSION OF TIME FOR FILING COMMENTS; ERRATA

In the matter of amendment of Parts 2, 3 and 4 of the Commission's rules and regulations and the Standards of Good Engineering Practice Concerning FM Broadcast Stations to permit FM Broadcast Stations to engage in specified non-broadcast activities on a simplex and or multiplex basis; Docket No. 10832.

The dates set out in paragraph 6 of the order and notice of extension of time for filing comments, issued February 26, 1954, are incorrect. As corrected, this paragraph reads:

6. Notice is hereby given that the time for filing comments in the above-entitled matter is extended to March 13, 1954. Replies to such comments may be filed on or before March 23, 1954.

Released: March 1, 1954.

[SEAL] MARY JANE MORRIS,
Secretary.

[47 CFR Part 11]

[Docket No. 10946]

INDUSTRIAL RADIO SERVICES

LOW POWER INDUSTRIAL RADIO SERVICE; SPECIAL RESTRICTIONS

In the matter of amendment of Part 11 Industrial Radio Service, to make changes in the Low Power Industrial Radio Service; Docket No. 10946.

1. Notice is hereby given of proposed rule making in the above-entitled matter.

2. The Commission proposes to amend its rules governing the Low Power Industrial Radio Service (Supart L of Part 11, Industrial Radio Services) to provide that transmitters operated as Base Stations shall not be used for communication with vehicles while such vehicles are on public streets or highways.

3. The Low Power Industrial Radio Service was established primarily for use by those industrial and commercial activities having a requirement for short range communication systems operated on their own property, and persons having a requirement for short-range vehicle-to-vehicle communications or for intermittent use of hand-carried and pack-carried communications equipment at "on-the-job" locations. The proposed amendment is for the purpose of protecting such uses from other types of operations which tend to create excessive interference thereto.

4. The proposed amendment is set forth below. It is issued under authority of sections 4 (i), 303 (b) and 303 (r) of the Communications Act of 1934, as amended.

5. Furthermore, it is proposed that the limited number of licensees who may be using Low Power Industrial facilities at permanent locations primarily for the purpose of dispatching vehicles over public streets and highways, be given five years from the date of final action in this proceeding within which to amortize their investment in equipment. All grants made during the pendency of this proceeding will be made subject to such modification without hearing as may be necessary to effect compliance with the rules as finalized.

6. Any interested person who is of the opinion that the proposed amendments should not be adopted or should not be adopted in the form set forth herein may file with the Commission on or before April 5, 1954 a written statement or brief setting forth his comments. Comments in support of the proposed amendment may also be filed on or before the same date. Comments or briefs in reply to the original comments may be filed within 10 days from the last day for filing said original comments or briefs. The Commission will consider all such comments that are submitted before taking action in this matter, and if any comments appear to warrant the holding of a hearing or oral argument, notice of the time and place of such hearing or oral argument will be given.

7. In accordance with the provisions of § 1.764 of the Commission's rules and regulations, an original and 14 copies of all statements, briefs, or comments shall be furnished the Commission.

Adopted: March 3, 1954.

Released: March 4, 1954.

FEDERAL COMMUNICATIONS COMMISSION,

[SEAL] MARY JANE MORRIS,
Secretary.

Amend § 11.554 *Special restrictions* by adding a new paragraph (i), as follows:

(i) When a transmitter licensed in this Service is used as a Base Station, it shall not be used for communication with vehicles while such vehicles are on public streets or highways.

NOTICES

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[Doc. 17, Region II]

CALIFORNIA

AIR-NAVIGATION SITE WITHDRAWAL NO. 200, REVOKED

FEBRUARY 26, 1954.

Pursuant to authority contained in section 4 of the act of May 24, 1928 (45 Stat. 728; 49 U. S. C. 214), and in accordance with section 2.22 (a), of Delegation Order No. 427, of the Director, Bureau of Land Management, approved August 16, 1950 (15 F. R. 5641), it is ordered as follows:

Departmental Order No. 200, dated March 27, 1943, withdrawing the W½ Section 27 and the NW¼ Section 34, T. 24 S., R. 43 E., M. D. M., California, containing 480 acres, for use by the Civil Aeronautics Administration of the Department of Commerce in maintenance of air-navigation facilities, is hereby revoked, and the lands are hereby restored to disposition under the public land laws, subject to valid existing rights and provisions of existing withdrawals.

The lands are desert in character and relatively flat, located four miles north of the American Potash and Chemical Corporation Town of Trona, California, and situated just above the old shore line of a desert playa known as Searles Lake. Owing to poor soils and lack of water for irrigation, the lands are unsuitable for agricultural purposes, and because of their poor climate, remote location and lack of water for domestic use, they are valueless for home, cabin, or business site purposes.

However, due to their proximity to a small industrial area, coupled with the fact that they contain an aviation landing strip and appurtenant air-navigation facilities, make the lands chiefly valuable for airport purposes. While any application that is filed will be considered on its merits, it is unlikely that any part of the lands will be classified for any use other than for airport purposes.

This order shall not become effective to change the status of the above-described lands until 10:00 a. m., P. s. t., on the 35th day after the date of this order. At that time the lands shall become subject to application, petition, location or selection, subject to valid existing rights, the provisions of existing withdrawals, the requirements of applicable law, and the 90-day preference-right filing period for veterans and others entitled to preference under the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279–284), as amended.

Information showing the period during which, and the conditions under which veterans and others may file applications on the lands, may be obtained on request from the Manager of the Land Office, 1512 Post Office Building, Los Angeles, California.

J. H. FAVORITE,
Acting Regional Administrator.

[Docket DA-417, Oregon]

OREGON

RESTORATION ORDER UNDER FEDERAL POWER ACT

MARCH 2, 1954.

Pursuant to determination DA-417, Oregon, issued by the Federal Power Commission January 29, 1954, and in accordance with Order No. 427, section 2.22 (a) (4) of the Director, Bureau of Land Management, approved August 16, 1950, 15 F. R. 5641, it is ordered as follows:

Subject to valid existing rights and the provisions of existing withdrawals the lands hereinafter described within the Mt. Hood National Forest, insofar as they are withdrawn and reserved for power purposes, are hereby restored, subject to the provisions of section 24 of the Federal Power Act of June 10, 1920 (41 Stat. 1075; 16 U. S. C. sec. 818), as amended.

WILLAMETTE MERIDIAN, OREGON

Section 15, W½NW¼SW¼, SE¼NW¼SW¼, SW¼SW¼;
Section 16, SW¼NE¼NE¼, S½NW¼NE¼, W½SE¼NE¼, SW¼NE¼, S½S½;
Section 17, S½NE¼NE¼, SE¼NW¼NE¼, SE¼NE¼, E½SW¼NE¼, SW¼SW¼NE¼, S½S½NW¼, S½;
Section 18, E½NE¼SE¼, SW¼NE¼SE¼, SE¼NW¼SE¼, S½SE¼;
Section 19, N½NE¼, N½SE¼NE¼, SE¼SE¼NE¼, NE¼SW¼NE¼;
Section 20, N½, N½N½SE¼, N½NE¼SW¼;
Section 21, N½, W½SE¼, W½NE¼SE¼, NW¼SE¼SE¼, E½SW¼, NW¼SW¼, NE¼SW¼SW¼;
Section 22, NW¼NW¼.

T. 4 S., R. 6½ E.,
Section 12, S½ lot 4;
Section 13, lots 1, 2, 3, N½ lot 4, E½NW¼NE¼, SW¼NW¼NE¼, SW¼NE¼, SE¼NW¼, S½SW¼NW¼, W½SE¼, SW¼;
Section 14, E½E½SE¼.

T. 3 S., R. 9 E.,
Section 19, W½ and SE ¼ of lot 4, S½N½SE¼, S½SE¼, SE¼SE¼SW¼;
Section 20, SW¼NE¼SE¼, S½NW¼SE¼, S½N½SW¼, S½S½;
Section 29, N½, N½N½SE¼, SW¼NW¼SE¼, N½SW¼, N½SE¼SW¼, SW¼SW¼;
Section 30, E¼ of Lots 1, 2, 3, NE¼ lot 4, E½, E½W½;
Section 31, NE¼, NE¼NW¼, NE¼SE¼NE¼;
Section 32, NW¼NW¼NW¼.

T. 4 S., R. 9 E.,
Section 6, SW¼SE¼, SE¼SW¼;
Section 7, E½ of lots 1 and 2, lots 3, 4, W½NE¼NE¼, SE¼NE¼, W½NE¼, SE¼, E½W½;
Section 8, W½W½SW¼;
Section 18, lots 1, 2, 3, N½ lot 4, N½NE¼, W½SE¼NE¼, W½NE¼, E½NW¼, NW¼NW¼SE¼, NE¼SW¼.

The areas described aggregate 5,619.55 acres.

The above described lands within the boundaries of the Mt. Hood National Forest remain unaffected by the restoration as far as entry or disposal under the public land laws are concerned, location and entry under the mining laws excepted.

The Federal Power Commission under DA-417 also vacated reservation made pursuant to applications for Project No. 529 and the withdrawal affecting application for Project No. 1294 and released the following described lands from Water Power Designation No. 14 and Power Site Reserve Nos. 660, 663, and 730:

T. 1 S., R. 4 E.,
Section 28, SE¼NE¼, NE¼NW¼.

T. 2 S., R. 6 E.,
Section 17, SE¼SW¼;
Section 19, SW¼NE¼;
Section 23, SW¼NE¼, NW¼, NE¼SW¼, W½SW¼;
Section 25, E½SE¼, SW¼SE¼, SW¼;

T. 2 S., R. 7 E.,
Section 19, NW¼SW¼;
Section 30, E½NE¼;
Section 31, NW¼NW¼;
Section 33, SW¼NE¼.

The areas described aggregate 920 acres.

The NW¼, SW¼NE¼, NE¼SW¼, W½SW¼, section 23; NE¼SE¼, section 25, T. 2 S., R. 6 E., and the E½NE¼, section 30; NW¼NW¼, section 31; SW¼NE¼, section 33, T. 2 S., R. 7 E., have been patented and are privately owned lands and are not subject to classification and disposal under any of the public land laws.

The SE¼NE¼, NE¼SW¼, section 23, T. 1 S., R. 4 E.; the SE¼SW¼, section 17; SW¼NE¼, section 19; SE¼SE¼, SW¼SE¼, SW¼, section 25, T. 2 S., R. 6 E., and the NW¼SW¼, section 19, T. 2 S., R. 7 E., are revested Oregon & California Railroad grant lands, are classified as recreational in character, and chiefly valuable for the production of timber.

Subject to valid existing rights and the provisions of existing laws, the above described revested Oregon & California Railroad grant lands are hereby restored to entry, location, or selection under public land laws. While any application that is filed for any of the described revested lands will be considered on its merits, it is unlikely that any part of the restored lands will be classified for any use or purpose than that herein indicated. No application for any of the lands may be allowed under the homestead, desert land, or any other nonmineral public land law unless the lands have already been classified as valuable or suitable for such type of application, or shall be so classified upon consideration of an application.

The public lands described shall be subject to application by the State of Oregon for a period of 90 days from date of publication of this order in the FEDERAL REGISTER for right-of-way for public highways or as a source of materials for construction and maintenance of such highways.

This order shall not otherwise affect the status of the lands until 10:00 a. m. on the 91st day after the date of publication of this order in the FEDERAL REGISTER. At that time the revested lands described shall become subject to application, petition, location, and selection, subject to valid existing rights, the provisions of existing withdrawals, the requirements of applicable laws, and the 90-day preference filing period for veterans and others entitled to preference under the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279–284) as amended.

Information showing the periods during which and the conditions under which veterans and others may file applications for these lands may be obtained on request in the Land Office, Portland, Oregon.

J. G. FRIEDLY,
Acting Regional Administrator.

[F. R. Doc. 54-1684; Filed, Mar. 9, 1954; 8:49 a. m.]

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

PENNSYLVANIA STOCK YARDS, PHILADELPHIA, PA.

DEPOSTING OF STOCKYARD

It has been ascertained that the Pennsylvania Stock Yards, 36th Street and Gray's Ferry Avenue, Philadelphia, Pennsylvania, originally posted on July 9, 1931, as being subject to the Packers and Stockyards Act, 1921, as amended (7 U. S. C. 181 et seq.), no longer comes within the definition of a stockyard under that act for the reason that it no longer meets the area requirements. Accordingly, notice is given to the owner thereof and to the public that such livestock market is no longer subject to the provisions of the act.

Notice of public rule making has not preceded promulgation of the foregoing rule since it is found that the giving of such notice would prevent the due and timely administration of the Packers and Stockyards Act and would, therefore, be impractical. There is no legal warrant or justification for not depositing promptly a livestock market which no longer meets the area requirements of the act and is, therefore, no longer a stockyard within the definition contained in the act.

The foregoing is in the nature of a rule granting an exemption or relieving a restriction and, therefore, may be made effective in less than 30 days after its publication in the FEDERAL REGISTER. This notice shall become effective upon publication in the FEDERAL REGISTER.

(42 Stat. 159, as amended and supplemented; 7 U. S. C. 181 et seq.).

Done at Washington, D. C., this 4th day of March 1954.

[SEAL] H. E. REED,
Director, Livestock Division, Agricultural Marketing Service.

[F. R. Doc. 54-1672; Filed, Mar. 9, 1954; 8:47 a. m.]

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[Order 36]

PORT OF NEW ORLEANS, LA.

APPLICATION OF BOARD OF COMMISSIONERS TO RE-LOCATE BOUNDARIES OF FOREIGN-TRADE ZONE NO. 2

Pursuant to the authority granted in the Foreign-Trade Zones Act of June 18, 1934, as amended (48 Stat. 998–1003; 19 U. S. C. 81a–81u), the Foreign-Trade Zones Board has adopted the following order which is promulgated for the information and guidance of all concerned:

Whereas, the Board of Commissioners of the Port of New Orleans, as grantee of Foreign-Trade Zone No. 2, filed an application dated November 16, 1953, requesting that, in connection with the extensive development of the Public Commodity Warehouse, in a part of which the existing zone is now located, and for the more economic utilization of the facilities of the terminal, the boundaries of the zone be re-established to exclude the water area, the wharf apron and marginal tracks, together with the lower sections of Wharfhouse Sections 5 and 6, and to include Building 17 and adjacent land areas; and

Whereas, the Board of Commissioners of the Port of New Orleans states that this alteration of boundaries and the addition of Building 17 will provide for a more economic utilization of the facilities of the zone; and

Whereas, particularly the inclusion of said Building is necessary to accommodate certain new uses and operations of the zone to the benefit of foreign trade in the region.

Now, therefore, the Foreign-Trade Zones Board, after full consideration and a finding that the proposal is in the public interest, hereby orders:

That the boundaries of Foreign-Trade Zone No. 2 be, and they hereby are re-established, to exclude the water area, the wharf apron and marginal tracks, together with the lower sections of Wharfhouse Sections 5 and 6, and to include Building 17 and adjacent upland in zone area, in conformity with revised Exhibit 10 (b), dated November 2, 1953, made a part of the application, provided that the grantee segregates such area in a manner that will comply with the requirements of the Collector of Customs at New Orleans, Louisiana.

It is found that compliance with the notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (5 U. S. C. 1003) is unnecessary in connection with the issuance of this order, because its application is restricted to one foreign-trade zone, and is of a nature that it imposes no burden on the parties of interest. The effective date of this order is, therefore, upon publication in the FEDERAL REGISTER.

Signed at Washington, D. C., this 4th day of March 1954.

FOREIGN-TRADE ZONES BOARD,
[SEAL] SINCLAIR WEEKS,
Secretary of Commerce, Chairman and Executive Officer, Foreign-Trade Zones Board.

Attest:

THOS. E. LYONS,
Executive Secretary, Foreign-Trade Zones Board.

FEDERAL COMMUNICATIONS COMMISSION

REGIONAL MANAGERS AND DISTRICT FIELD OFFICE AREAS

REORGANIZATION

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 1st day of March 1954;

The Commission having under consideration possible reduction in the number of Regional offices and reorganization of the areas embraced by its San Francisco Regional Office and its Denver District Office; and

It appearing, that the Houston, Texas Regional Office should be eliminated by including the state of New Mexico within the area embraced by the San Francisco Regional Office and the states of Texas, Oklahoma, Arkansas, Louisiana, and Mississippi within the area embraced by the Atlanta Regional Office; and

It further appearing, that the state of New Mexico which has heretofore been embraced by the Commission's District Office No. 10 at Dallas, Texas, should be included in the area embraced by the Commission's District Office No. 15 at Denver, Colorado; and

It further appearing, that a numerical designation of regions would be preferable and more readily understood than that which has been employed.

It is ordered, Pursuant to section 4 (i) and 303 (r) of the Communications Act of 1934, as amended, that Part 0 of the Commission's rules is hereby amended effective April 1, 1954, as shown below.

Released: March 4, 1954.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

1. Amend section 0.40 by deleting the entry "New Mexico all counties" from the listing of Radio District No. 10 (Dallas, Texas).

2. Amend section 0.40 by adding an entry "New Mexico all counties" under Radio District No. 15 (Denver, Colorado) (add between Nebraska and counties and South Dakota and counties).

3. Amend section 0.40 by deleting the subheading "The offices of the Regional Managers of the Field Engineering and Monitoring Division, Bureau of Engineering, are located at the following addresses:" and the listings thereunder and substitute the following: "The offices of the Regional Managers of the Field Engineering and Monitoring Bureau are located at the following addresses:"

Region No. 1, 954 Federal Building, 641 Washington Street, New York 14, N. Y.—To include: Districts Nos. 1, 2, 3, 4, 5, and 24.

Region No. 2, 411 Federal Annex, Atlanta, Ga.—To include: Districts Nos. 6, 7, 8, 9, 10, and 22.

Region No. 3, 323-A Customhouse, San Francisco 26, Calif.—To include: Districts Nos. 11, 12, and 15.

Region No. 4, 802 Federal Office Building, Seattle 4, Wash.—To include: Districts Nos. 13 and 14.

Region No. 5, P. O. Box 1142, Lanikai, Oahu, T. H.—To include: District No. 21.

Region No. 6, P. O. Box 644 (Rm. 52 U. S. P. O. and Courthouse), Anchorage, Alaska—To include: District No. 23

Region No. 7, 832 U. S. Courthouse, Chicago 4, Ill.—To include: Districts Nos. 16, 17, and 18.

Region No. 8, 1029 New Federal Building, Detroit 26, Mich.—To include: Districts Nos. 19 and 20.

[F. R. Doc. 54-1685; Filed, Mar. 9, 1954; 8:49 a. m.]

[Docket No. 8777]

MACKAY RADIO AND TELEGRAPH CO., INC.

ORDER DESIGNATING APPLICATIONS FOR FURTHER HEARING

In the matter of Mackay Radio and Telegraph Company, Inc., applications for radiotelegraph circuits between the United States and Finland, Portugal, Surinam, and The Netherlands; Docket No. 8777.

At a session of the Federal Communications Commission held at its offices in Washington, D. C. on the 1st day of March 1954, the Commission having under consideration:

(a) The record of the proceedings herein;

(b) Its decision herein released February 23, 1951;

(c) The decision of the United States Supreme Court issued on June 8, 1953, (Federal Communications Commission v. RCA Communications, Inc. 346 U. S. 86);

(d) The order of the Court of Appeals for the District of Columbia Circuit herein dated July 30, 1953, remanding the case to the Commission "for such disposition as is open under the opinion of the Supreme Court in this case";

(e) The petition of Mackay Radio and Telegraph Company, dated August 3, 1953, for Reconsideration and Supplement of the Commission's Decision upon Remand from the United States Supreme Court;

(f) The answer of RCA Communications, Inc. to the above Petition of Mackay Radio and Telegraph Company, dated August 13, 1953;

(g) The reply of Mackay Radio and Telegraph Company to the answer of RCA Communications, Inc., dated August 21, 1953;

(h) The transcript of oral argument held herein on February 8, 1954;

It appearing, that, after considering all of the evidence of record, and the other pleadings set forth above in light of the aforementioned decision and mandate and after reviewing the oral argument herein, the Commission is of the opinion that it would serve the public interest and be helpful to the Commission to have available current data in the matter before arriving at a decision herein particularly in view of the fact that the resolution of the issues herein involves important decisions with respect to matters of both policy and fact and since more than five years have elapsed from the time the record herein was closed;

It is ordered, That further hearings shall be held herein for the following purposes:

(a) To obtain current data regarding the operating practices employed by and the facilities presently available to each respondent carrier to provide telegraph service between the United States, on the one hand, and overseas and foreign points, particularly Portugal and The Netherlands, on the other hand;

(b) To obtain current data regarding the use of frequencies by each respondent carrier to provide telegraph service to Portugal and The Netherlands;

(c) To obtain current data with respect to each new communications service instituted between the United States, on the one hand, and Portugal and The Netherlands, on the other hand, by each respondent carrier since the close of the record herein in 1948 together with the revenues derived therefrom;

(d) To obtain data with respect to the volume of message traffic (in words and messages) and the types of non-message communication service as well as the revenues resulting from each such service provided between the United States, on the one hand, and Portugal and The Netherlands, on the other hand, by each respondent carrier for each of the years from 1947 through 1953, inclusive;

(e) To obtain data with respect to the costs properly attributable to and the net operating revenues resulting from message telegraph service and each type of non-message communication service provided by each respondent carrier between the United States, on the one hand, and Portugal and The Netherlands, on the other hand, for each of the years 1947 through 1953, inclusive;

(f) To obtain data with respect to the total volume of message traffic (in words and messages) and the types of non-message communication service as well as the revenues resulting from each such service provided by each respondent carrier between the United States and all foreign and overseas points for each of the years from 1947 through 1953 inclusive;

(g) To obtain current financial data for each respondent carrier including an annual income statement and a year-end balance sheet for each of the years 1947 through 1953, inclusive;

(h) To obtain data with respect to the volume of international airmail and telephone traffic between the United States, on the one hand, and Portugal and The Netherlands on the other hand, for each of the years 1947 through 1953 inclusive to the extent available;

(i) To obtain such other revenue and cost data as are pertinent to a proper decision herein in the light of the aforementioned Supreme Court decision, provided, however, that any party respondent proposing to submit such data shall indicate the nature and extent thereof at the pre-hearing conference provided for herein;

It is further ordered, That Mackay Radio and Telegraph Company, the applicant herein, All America Cables and Radio, Inc., The Commercial Cable Company, RCA Communications, Inc., and The Western Union Telegraph Company are named parties respondent herein;

It is further ordered, That there shall be a pre-hearing conference at a time and place to be fixed by the Hearing Examiner for the purpose of considering what actions may be taken or agreements reached to expedite the further hearing herein;

It is further ordered, That the hearings shall be held in these proceedings at the offices of the commission at Washington, D. C., to begin at 10:00 a. m., on the 5th day of April 1954, and that Annie Neal Huntting is assigned to preside at such hearings;

It is further ordered, That, since due and timely execution of the Commission's functions imperatively and unavoidably require it, the Hearing Examiner shall certify the record to the Commission without preparing either a Recommended or Initial Decision herein.

Released: March 3, 1954.

FEDERAL COMMUNICATIONS COMMISSION,[1]
[SEAL] MARY JANE MORRIS,
Secretary.

[F. R. Doc. 54-1686; Filed, Mar. 9, 1954; 8:50 a. m.]

[Docket Nos. 8809, 10788, 10789, 10790, 10917]

ST. LOUIS TELECAST, INC., ET AL.

ORDER DESIGNATING APPLICATION FOR CONSOLIDATED HEARING ON STATED ISSUES

In re applications of St. Louis Telecast, Inc., St. Louis, Missouri, Docket No. 8809, File No. BPCT-294; St. Louis Amusement Company, St. Louis, Missouri, Docket No. 10788, File No. BPCT-745; Columbia Broadcasting System, Inc., St. Louis, Missouri, Docket No. 10789, File No. BPCT-1565; 220 Television, Inc., St. Louis, Missouri, Docket No. 10790, File No. BPCT-1778; Broadcast House, Inc., East St. Louis, Illinois, Docket No. 10917, File No. BPCT-1835; for construction permits for new television stations.

At a session of the Federal Communications Commission held at its offices in Washington, D. C. on the 3d day of March 1954:

The Commission having under consideration the above-entitled application of Broadcast House, Inc., requesting a construction permit for a new television broadcast station to operate on Channel 11 in East St. Louis, Illinois; and

It appearing, that the other above-entitled applications, each requesting a construction permit for a new television broadcast station to operate on Channel 11 in St. Louis, Missouri, were designated for hearing on specified issues by order of the Commission on December 2, 1953; and

It further appearing, that on December 17, 1953, the Commission denied the "Petition for Reconsideration And Acceptance For Filing" submitted by Broadcast House, Inc., requesting that the Commission reconsider its action of November 25, 1953, wherein it declined to accept for filing and hearing the above-entitled application tendered by Broadcast House, Inc., on November 3, 1953; and

It further appearing, that there is presently pending in the United States Court of Appeals for the District of Columbia Circuit an appeal (No. 12040) entitled "Broadcast House, Inc., Appellant, vs. Federal Communications Commission, Appellee, 220 Television, Inc., Intervenor, Columbia Broadcasting System, Inc., Intervenor", in which proceeding an order was filed on January 8, 1954 by said Court directing that the Commission and its agents and examiners be restrained during the pendency of said appeal from conducting any hearing or other proceeding or taking any final action relative to the granting to any applicant therefor of a license to operate on, or a permit to construct facilities for operation on Channel 11 assigned to St. Louis, Missouri: *Provided, however*, That a motion to vacate said order would be entertained by the Court upon adoption by the Commission of any one of the following alternative courses of action:

(1) Issue an order permitting Broadcast House, Incorporated, to enter as an applicant the comparative hearing to be held for determination of the appropriate licensee or permittee for television Channel 11 assigned to St. Louis, Missouri, but requiring that the question as to the standing of Broadcast House, Incorporated, as an applicant be heard upon a specification of issues by the Commission pursuant to the terms of section 309 (b) of the Communications Act of 1934, as amended, and be decided by appropriate order of the Commission either as a preliminary matter before the comparative hearing itself proceeds on the merits or as a part of the final deci-

[1] Commissioners Lee and Webster dissenting in opinion.

sion and order to be entered at the termination of said comparative hearing;

(2) Issue an order permitting the full participation of Broadcast House, Incorporated, as an applicant in the comparative hearing to be held for determination of the appropriate licensee or permittee for television Channel 11 assigned to St. Louis, Missouri, the ultimate status of Broadcast House, Incorporated, in such proceeding to be subject however to the decision of this Court in this appeal;

and it further appearing, that pursuant to section 309 (b) of the Communications Act of 1934, as amended, Broadcast House, Inc., was notified by Commission letter of February 1, 1954, that the Commission had determined that it would be in the public interest to adopt the second of the two procedures provided for in alternative "(1)" above; that the application of Broadcast House, Inc., was mutually exclusive with the other above-entitled applications herein; that since operation on Channel 11 as proposed by it and the other above-entitled applicants would result in mutually destructive interference, all of the applications could not be granted; that its application would be designated for consolidated hearing with the other above-entitled applications to determine the question of its standing as an applicant and, pending a decision thereon, to determine which proposal would, on a comparative basis, best serve the public interest; and that its application raised certain questions concerning its legal, technical and other qualifications to construct and operate its proposed television station, which questions would be the subject of inquiry by the Commission at the above hearing; and

It further appearing, that, subject to a final determination by the Commission of the issue stated below, and upon due consideration of the above-entitled application of Broadcast House, Inc., the amendment filed thereto and the reply to the above letter, the Commission finds that under section 309 (b) of the Communications Act of 1934, as amended, a hearing is mandatory and that Broadcast House, Inc., is legally, financially and technically qualified to construct, own and operate a television broadcast station;

It is ordered, That the Commission's action of December 17, 1953, returning the above-entitled application of Broadcast House, Inc., for a construction permit for Channel 11 at East St. Louis, Illinois, is vacated and set aside; and

It is further ordered, That pursuant to section 309 (b) of the Communications Act of 1934, as amended, the above-entitled application of Broadcast House, Inc., is designated for hearing in a consolidated proceeding with the other above-entitled applications upon the issues heretofore specified in the consolidated proceeding upon such applications and upon the following additional issues: To determine, in the light of the fact that Broadcast House, Inc., is the permittee of a television station operating on Channel 36 at St. Louis, Missouri, whether, under the provisions of the Communications Act of 1934, as amended, the Commission's rules and regulations, and its policies adopted thereunder, its above-entitled application is entitled to comparative consideration with the other applications in this proceeding.

It is further ordered, That this order shall become effective upon the vacating of the stay ordered in the above appeal proceedings.

Released: March 3, 1954.

CHARLIE KULLMAN

ORDER TO SHOW CAUSE

In the matter of Charlie Kullman, Aransas Pass, Texas; order to show cause why the license for Radiotelephone Station WB-9777 should not be revoked; Docket No. 10918.

There being under consideration the matter of certain alleged violations of the Commission's rules in connection with the operation of Station WB-9777 licensed to Charlie Kullman, Aransas Pass, Texas, aboard the vessel "Hustler".

It appearing, that notices of violations of the Commission's rules in connection with the operation of the station were given the licensee as follows:

(a) Notice dated October 29, 1953, specifying that at 1513 GMT on October 27, 1953, the transmitter of radio station WB-9777 radiated a strong second harmonic which was a potential source of interference to the aeronautical radio service on 5476 kc and a violation of § 8.108 of the Commission's rules.

(b) At 1513 GMT on October 27, 1953, the operator aboard the vessel "Hustler", while engaged in radio communication with another vessel failed to properly identify his radio station by transmitting the call sign WB-9777 as required by § 8.364 (a) of the Commission's rules.

It further appearing, that, despite further notices calling attention to the foregoing notice of violations and the failure to reply thereto in accordance with § 8.601 (a) of the Commission's rules, no explanation or other response has been received from the licensee:

It is ordered, This 26th day of February 1954, pursuant to the provisions of section 312 (c) of the Communications Act of 1934, as amended, that the said Charlie Kullman, Aransas Pass, Texas, show cause why the aforementioned license should not be revoked and appear and give evidence in respect thereto at a hearing[1] to be held before this Commission at Washington, D. C., on the 3d day of May, 1954;

It is further ordered, That the Secretary send a copy of this order by registered mail—return receipt requested to the said Charlie Kullman, P. O. Box 243, Aransas Pass, Texas.

Released: March 2, 1954.

[Docket No. 10919]

JOSEPH COREA, JR.

ORDER TO SHOW CAUSE

In the matter of Joseph Corea, Jr., Provincetown, Massachusetts; order to show cause why the license for Radiotelephone Station WC-3467 should not be revoked; Docket No. 10919.

There being under consideration the matter of certain alleged violations of the Commission's rules in connection with the operation of Station WC-3467 licensed to Joseph Corea, Jr., Provincetown, Massachusetts, aboard the vessel "Papa Joe".

It appearing, that notices of violations of the Commission's rules in connection with the operation of the station were given the licensee as follows:

(a) Notice dated September 24, 1953 specifying that at 1642 GMT, on September 21, 1953, the operator aboard the vessel "Papa Joe", while engaged in radio communication with another vessel failed to properly identify his radio station by transmitting the call sign WC-3467 as required by § 8.364 (a) of the Commission's rules.

It further appearing, that, despite a further notice dated November 24, 1953, calling attention to the foregoing notice of violations and the failure to reply thereto in accordance with § 8.601 (a) of the Commission's rules, no explanation or other response has been received from the licensee:

It is ordered, This 26th day of February 1954, pursuant to the provisions of section 312 (c) of the Communications Act of 1934, as amended, that the said Joseph Corea, Jr., show cause why the aforementioned license should not be revoked and appear and give evidence in respect thereto at a hearing[1] to be held before this Commission at Washington, D. C., on the 3d day of May, 1954;

It is further ordered, That the Secretary send a copy of this order by registered mail—return receipt requested to the said Joseph Corea, Jr., 8 Cottage Street, Provincetown, Massachusetts.

Released: March 2, 1954.

[Docket No. 10920]

WRIGHT & HAWKINS, LTD.

ORDER TO SHOW CAUSE

In the matter of Wright & Hawkins, Ltd., Beaumont, Texas; order to show

[1] Section 1.402 of the Commission's rules provides that in order to have the opportunity to appear before the Commission at the time and place specified in the order to show cause, the licensee shall within thirty (30) days from the date of the receipt of this order submit a written statement informing the Commission whether said licensee will appear at this hearing and present evidence upon the matter specified, or whether the rights to such a hearing are waived. Waiver of the hearing may be accompanied by a statement setting forth the reasons why the licensee believes that an order of revocation should not be issued. A waiver unaccompanied by such a statement will be deemed to be an admission of the allegations specified in the order to show cause. Failure to respond to this order within the above-mentioned thirty (30) day period or failure to appear at the hearing will be deemed to be a waiver of the right to a hearing and an admission of the allegations specified in the order to show cause.

cause why the license for Radiotelephone Station WB–9374 should not be revoked; Docket No. 10920.

There being under consideration the matter of certain alleged violations of the Commission's rules in connection with the operation of Station WB–9374 licensed to Wright & Hawkins, Ltd., Beaumont, Texas, aboard the vessel "Lloyd H".

It appearing, that notices of violations of the Commission's rules in connection with the operation of the station were given the licensee as follows:

(a) Notice dated November 17, 1953, specifying that at 1838 GMT, on November 8, 1953, the transmitter of radio station WB–9374 radiated a strong second harmonic which was a potential source of interference to the aeronautical radio service on 5476 kc and a violation of § 8.108 of the Commission's rules.

It further appearing, that, despite further notices calling attention to the foregoing notice of violations and the failure to reply thereto in accordance with § 8.601 (a) of the Commission's rules, no explanation or other response has been received from the licensee:

It is ordered, This 26th day of February 1954, pursuant to the provisions of section 312 (c) of the Communications Act of 1934, as amended, that the said Wright & Hawkins, Ltd., Beaumont, Texas, show cause why the aforementioned license should not be revoked and appear and give evidence in respect thereto at a hearing [1] to be held before this Commission at Washington, D. C., on the 5th day of May 1954;

It is further ordered, That the Secretary send a copy of this order by registered mail—return receipt requested to the said Wright & Hawkins, Ltd., P. O. Box 848, Gulf States Road, Beaumont, Texas.

Released: March 2, 1954.

[F. R. Doc. 54–1696; Filed, Mar. 9, 1954; 8:51 a. m.]

[1] Section 1.402 of the Commission's rules provides that in order to have the opportunity to appear before the Commission at the time and place specified in the order to show cause, the licensee shall within thirty (30) days from the date of the receipt of this order submit a written statement informing the Commission whether said licensee will appear at this hearing and present evidence upon the matter specified, or whether the rights to such a hearing are waived. Waiver of the hearing may be accompanied by a statement setting forth the reasons why the licensee believes that an order of revocation should not be issued. A waiver unaccompanied by such a statement will be deemed to be an admission of the allegations specified in the order to show cause. Failure to respond to this order within the above-mentioned thirty (30) day period or failure to appear at the hearing will be deemed to be a waiver of the right to a hearing and an admission of the allegations specified in the order to show cause.

[Docket No. 10921]

TRAWLER BATAVIA, INC.

ORDER TO SHOW CAUSE

In the matter of Trawler Batavia, Inc., Portland, Maine; order to show cause why the license for Radiotelephone Station WE–3595 should not be revoked; Docket No. 10921.

There being under consideration the matter of certain alleged violations of the Commission's rules in connection with the operation of Station WE–3595 licensed to Trawler Batavia, Inc., Portland, Maine, aboard the vessel "Batavia".

It appearing, that notices of violations of the Commission's rules in connection with the operation of the station were given the licensee as follows:

(a) Notice dated October 28, 1953 specifying that at 1439 GMT, on September 29, 1953, the operator aboard the vessel "Batavia", while engaged in radio communication with another vessel failed to properly identify his radio station by transmitting the call sign WE–3595 as required by § 8.364 (a) of the Commission's rules.

It further appearing, that, despite further notices calling attention to the foregoing notice of violations and the failure to reply thereto in accordance with § 8.601 (a) of the Commission's rules, no explanation or other response has been received from the licensee:

It is ordered, This 26th day of February 1954, pursuant to the provisions of section 312 (c) of the Communications Act of 1934, as amended, that the said Trawler Batavia, Inc., Portland, Maine, show cause why the aforementioned license should not be revoked and appear and give evidence in respect thereto at a hearing [1] to be held before this Commission at Washington, D. C., on the 5th day of May 1954;

It is further ordered, That the Secretary send a copy of this order by registered mail—return receipt requested to the said Trawler Batavia, Inc., 83 Exchange Street, Portland, Maine.

Released: March 2, 1954.

[Docket No. 10922]

FELIX BRUNEY

ORDER TO SHOW CAUSE

In the matter of Felix Bruney, Aransas Pass, Texas; order to show cause why the license for radiotelephone Station WE–3796 should not be revoked; Docket No. 10922.

There being under consideration the matter of certain alleged violations of the Commission's rules in connection with the operation of Station WE–3796 licensed to Felix Bruney, Aransas Pass, Texas, aboard the vessel "Charles Schreiner".

It appearing, that notices of violations of the Commission's rules in connection with the operation of the station were given the licensee as follows:

(a) Notice dated September 16, 1953, specifying that at 1917 GMT on August 29, 1953, the operator aboard the vessel "Charles Schreiner", while engaged in radio communication with another vessel failed to properly identify his radio station by transmitting the call sign WE–3796 as required by § 8.364 (a) of the Commission's rules.

It further appearing, that, despite further notices calling attention to the foregoing notice of violations and the failure to reply thereto in accordance with § 8.601 (a) of the Commission's rules, no explanation or other response has been received from the licensee:

It is ordered, This 26th day of February 1954, pursuant to the provisions of section 312 (c) of the Communications Act of 1934, as amended, that the said Felix Bruney, Aransas Pass, Texas, show cause why the aforementioned license should not be revoked and appear and give evidence in respect thereto at a hearing [1] to be held before this Commission at Washington, D. C., on the 7th day of May 1954;

It is further ordered, That the Secretary send a copy of this order by registered mail—return receipt requested to the said Felix Bruney, P. O. Box 792, Aransas Pass, Texas.

Released: March 2, 1954.

[Docket No. 10926]

SPENTONBUSH FUEL TRANSPORTATION SERVICE, INC.

ORDER TO SHOW CAUSE

In the matter of Spentonbush Fuel Transportation Service, Inc., Brooklyn, New York; order to show cause why the license for Radiotelephone Station WE–5512 should not be revoked; Docket No. 10926.

There being under consideration the matter of certain alleged violations of the Commission's rules in connection with the operation of Station WE–5512 licensed to Spentonbush Fuel Transportation Service, Inc., Brooklyn, New York, aboard the vessel "J. A. Martin."

It appearing, that notices of violations of the Commission's rules in connection with the operation of the station were given the licensee as follows:

(a) Notice dated November 18, 1953 specifying that

At 9:32 a. m., e. s. t., on November 6, 1953, the transmitter of radio station WE–5512 radiated a strong second harmonic which was a potential source of interference to the aeronautical radio service on 5476 kc and a violation of § 8.108 of the Commission's rules.

It further appearing, that, despite a further notice, dated January 11, 1954, calling attention to the foregoing notice of violations and the failure to reply thereto in acordance with § 8.601 (a) of the Commission's rules, no explanation or other response has been received from the licensee:

It is ordered, This 26th day of February 1954, pursuant to the provisions of section 312 (c) of the Communications Act of 1934, as amended, that the said Spentonbush Fuel Transportation Service, Inc., Brooklyn, New York, show cause why the aforementioned license should not be revoked and appear and give evidence in respect thereto at a hearing [1] to be held before this Commission at Washington, D. C., on the 7th day of May 1954;

It is further ordered, That the Secretary send a copy of this order by registered mail—return receipt requested to the said Spentonbush Fuel Transportation Service, Inc., c/o Mr. Rossiter, Diesel Vessel Operators, Inc., 764 Court Street, Brooklyn 31, New York.

Released: March 2, 1954.

[Docket No. 10939]

ALTMAN PLASTIC CO.

ORDER ASSIGNING MATTER FOR HEARING

In the matter of cease and desist order to be directed to Harold Altman and Sol Altman, tr/as Altman Plastic Company, 464 Liberty Avenue, Brooklyn 7, New York; Docket No. 10939.

The Commission having under consideration the issuance of an order pursuant to section 312 (b) of the Communications Act of 1934, as amended to Harold Altman and Sol Altman, tr/as Altman Plastic Company (hereinafter referred to as Altman Plastic Company) to cease and desist from violating Part 18 of the Commission's rules by operating electronic heating equipment which (1) is the source of interference to authorized radio services, and (2) is not certified or licensed in accordance with the Commission's rules;

It appearing, that Altman Plastic Company operates in its plant at 464 Liberty Avenue, Brooklyn, N. Y., certain industrial heating equipment operating on approximately 30 Mc which is subject to the requirements of §§ 18.1, 18.2 (c), 18.3, 18.4, 18.21, 18.22, 18.23, 18.24 and 18.41 through 18.49 of the Commission's rules; and

It further appearing, that the aforementioned equipment causes interference to an authorized radio communication system operated by the United States Army in the vicinity of New York, N. Y. and to authorized radio communications operated by the CAA at La Guardia and International Airports, New York, N. Y.; and

It further appearing, that the aforementioned equipment has not been certified by a duly qualified engineer or the manufacturer of the equipment as required by § 18.22 of the Commission's rules, nor has the equipment been licensed pursuant to § 18.41 of the Commission's rules; and

It further appearing, that the above facts have been called to the attention of the Altman Plastic Company by the Commission both orally and in writing, and that the Company has been accorded an opportunity to demonstrate or achieve compliance with all lawful requirements but such demonstration has not been made and such compliance has not been accomplished;

It is ordered, This 26th day of February, 1954, pursuant to section 312 (c) of the Communications Act of 1934, as amended, and pursuant to the Commission's order of September 30, 1953, delegating authority to the Chief, Field Engineering and Monitoring Bureau to issue orders to show cause why cease and desist orders should not be issued with respect to Indutrial Scientific and Medical Equipment, that the Altman Plastic Company be and is hereby directed to show cause why there should not be issued an order commanding it to cease and desist from violating the provisions of Part 18 of the Commission's rules by operating industrial heating equipment without the certification or license required by Part 18 of the Commission's rules, and by operating such equipment in a manner which causes interference to authorized radio services; and

It is further ordered, That a hearing in this matter be held in New York, N. Y. at 10: 00 a. m., on the 7th day of April 1954, in order to determine whether said cease and desist order should be issued, and that Altman Plastic Company is herewith called upon to appear at this hearing and give evidence upon the matters specified herein; and

It is further ordered, Pursuant to § 1.402 of the rules, that said Altman Plastic Company is directed to file with the Commission within thirty days of the receipt of this order a written appearance in triplicate, stating that the Company will appear and present evidence on the matter specified in this order if the Company desires to avail itself of its opportunity to appear before the Commission. If said Altman Plastic Company does not desire to appear before the Commission and give evidence on the matter specified herein, it shall, within thirty days of the receipt of this order, file with the Commission, in triplicate, a written waiver of hearing. Such waiver may be accompanied by a statement of reasons why Altman Plastic Company believes that a cease and desist order should not be issued, and

It is further ordered, That failure of said Altman Plastic Company timely to respond to this order or failure to appear at the hearing designated herein will be deemed a waiver of hearing.

Released: March 1, 1954.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[F. R. Doc. 54–1700; Filed, Mar. 9, 1954; 8: 52 a. m.]

[1] Section 1.402 of the Commission's rules provides that in order to have the opportunity to appear before the Commission at the time and place specified in the order to show cause, the licensee shall within thirty (30) days from the date of the receipt of this order submit a written statement informing the Commission whether said licensee will appear at this hearing and present evidence upon the matter specified, or whether the rights to such a hearing are waived. Waiver of the hearing may be accompanied by a statement setting forth the reasons why the licensee believes that an order of revocation should not be issued. A waiver unaccompanied by such a statement will be deemed to be an admission of the allegations specified in the order to show cause. Failure to respond to this order within the above-mentioned thirty (30) day period or failure to appear at the hearing will be deemed to be a waiver of the right to a hearing and an admission of the allegations specified in the order to show cause.

[Docket No. 10941]

MILS PRODUCTS, INC.

ORDER ASSIGNING MATTER FOR HEARING

In the matter of cease and desist order to be directed to Mils Products, Incorporated, 1142 Broad Street, Newark, New Jersey; Docket No. 10941.

The Commission having under consideration the issuance of an order pursuant to section 312 (b) of the Communications Act of 1934, as amended, to Mils Products, Incorporated to cease and desist from violating Part 18 of the Commission's rules by operating electronic heating equipment which (1) is the source of interference to authorized radio services, and (2) is not certified or licensed in accordance with the Commission's rules;

It appearing, that Mils Products, Inc. operates in its plant at 1142 Broad Street, Newark, New Jersey, certain industrial heating equipment operating on approximately 30 Mc which is subject to the requirements of §§ 18.1, 18.2 (c), 18.3, 18.4, 18.21, 18.22, 18.23, 18.24 and 18.41 through 18.49 of the Commission's rules; and

It further appearing, that the aforementioned equipment causes interference to an authorized radio communication system operated by the United States Army in the vicinity of New York, N. Y.; and

It further appearing, that the aforementioned equipment has not been certified by a duly qualified engineer or the manufacturer of the equipment as required by § 18.22 of the Commission's rules, nor has the equipment been licensed pursuant to § 18.41 of the Commission's rules; and

It further appearing, that the above facts have been called to the attention of the Mils Products, Inc. by the Commission both orally and in writing, and that the Company has been accorded an opportunity to demonstrate or achieve compliance with all lawful requirements but such demonstration has not been made and such compliance has not been accomplished;

It is ordered, This 26th day of February 1954, pursuant to section 312 (c) of the Communications Act of 1934, as amended, and pursuant to the Commission's order of September 30, 1953, delegating authority to the Chief, Field Engineering and Monitoring Bureau to issue orders to show cause why cease and desist orders should not be issued with respect to Industrial, Scientific and Medical Equipment, that Mils Products, Inc. be and is hereby directed to show cause why there should not be issued an order commanding it to cease and desist from violating the provisions of Part 18 of the Commission's rules by operating industrial heating equipment without the certification or license required by Part 18 of the Commission's rules, and by operating such equipment in a manner which causes interference to authorized radio services; and

It is further ordered, That a hearing in this matter be held in New York, N. Y. at 10:00 a. m. on the 12th day of April 1954, in order to determine whether said cease and desist order should be issued, and that Mils Products, Inc. is herewith called upon to appear at this hearing and give evidence upon the matters specified herein; and

It is further ordered, Pursuant to § 1.402 of the rules, that said Mils Products, Inc. is directed to file with the Commission within thirty days of the receipt of this order a written appearance in triplicate, stating that the Company will appear and present evidence on the matter specified in this order if the Company desires to avail itself of its opportunity to appear before the Commission. If said Mils Products, Inc. does not desire to appear before the Commission and give evidence on the matter specified herein, it shall, within thirty days of the receipt of this order, file with the Commission, in triplicate, a written waiver of hearing. Such waiver may be accompanied by a statement of reasons why Mils Products, Inc. believes that a cease and desist order should not be issued, and

It is further ordered, That failure of said Mils Products, Inc. timely to respond to this order or failure to appear at the hearing designated herein will be deemed a waiver of hearing.

Released: March 1, 1954.

[Docket No. 10942]

JOELL MANUFACTURING CO.

ORDER ASSIGNING MATTER FOR HEARING

In the matter of cease and desist order to be directed to Murray Menschiks, tr/as Joell Manufacturing Company, 2516 Atlantic Avenue, Brooklyn 7, New York; Docket No. 10942.

The Commission having under consideration the issuance of an order pursuant to section 312 (b) of the Communications Act of 1934, as amended, to Murray Menschiks tr/as Joell Manufacturing Company (hereinafter referred to as Joell Manufacturing Company) to cease and desist from violating Part 18 of the Commission's rules by operating electronic heating equipment which (1) is the source of interference to authorized radio services, and (2) is not certified or licensed in accordance with the Commission's rules;

It appearing, that Joell Manufacturing Company operates in its plant at 2516 Atlantic Avenue, Brooklyn 7, New York, certain industrial heating equipment operating on approximately 30 Mc which is subject to the requirements of §§ 18.1, 18.2 (c), 18.3, 18.4, 18.21, 18.22, 18.23, 18.24 and 18.41 through 18.49 of the Commission's rules; and

It further appearing, that the aforementioned equipment causes interference to an authorized radio communication system operated by the United States Army in the vicinity of New York, N. Y.; and

It further appearing, that the aforementioned equipment has not been certified by a duly qualified engineer or the manufacturer of the equipment as required by § 18.22 of the Commission's rules, nor has the equipment been licensed pursuant to § 18.41 of the Commission's rules; and

It further appearing, that the above facts have been called to the attention of the Joell Manufacturing Company by the Commission both orally and in writing, and that the Company has been accorded an opportunity to demonstrate or achieve compliance with all lawful requirements but such demonstration has not been made and such compliance has not been accomplished;

It is ordered, This 26th day of February 1954, pursuant to section 312 (c) of the Communications Act of 1934, as amended, and pursuant to the Commission's order of September 30, 1953, delegating authority to the Chief, Field Engineering and Monitoring Bureau to issue orders to show cause why cease and desist orders should not be issued with respect to Industrial, Scientific and Medical Equipment, that the Joell Manufacturing Company be and is hereby directed to show cause why there should not be issued an order commanding it to cease and desist from violating the provisions of Part 18 of the Commission's rules by operating industrial heating equipment without the certification or license required by Part 18 of the Commission's rules and by operating such equipment in a manner which causes interference to authorized radio services; and

It is further ordered, That a hearing in this matter be held in New York, N. Y., at 10:00 a. m., on the 14th day of April 1954, in order to determine whether said cease and desist order should be issued, and that Joell Manufacturing Company is herewith called upon to appear at this hearing and give evidence upon the matters specified herein; and

It is further ordered, Pursuant to § 1.402 of the rules, that said Joell Manufacturing Company is directed to file with the Commission within thirty days of the receipt of this order a written appearance in triplicate, stating that the Company will appear and present evidence on the matter specified in this order if the Company desires to avail itself of its opportunity to appear before the Commission. If said Joell Manufacturing Company does not desire to appear before the Commission and give evidence on the matter specified herein, it shall, within thirty days of the receipt of this order, file with the Commission, in triplicate, a written waiver of hearing. Such waiver may be accompanied by a statement of reasons why Joell Manufacturing Company believes that a cease and desist order should not be issued, and

It is further ordered, That failure of said Joell Manufacturing Company timely to respond to this order or failure to appear at the hearing designated herein will be deemed a waiver of hearing.

Released: March 1, 1954.

KLEIN PRODUCTS CO., INC.

ORDER ASSIGNING MATTER FOR HEARING

In the matter of cease and desist order to be directed to Klein Products Company, Inc., 47 Great Jones Street, New York 12, New York; Docket No. 10943.

The Commission having under consideration the issuance of an order pursuant to section 312 (b) of the Communications Act of 1934, as amended, to Klein Products Company, Incorporated (hereinafter referred to as Klein Products) to cease and desist from violating Part 18 of the Commission's rules by operating electronic heating equipment which (1) is the source of interference to authorized radio services, and (2) is not certified or licensed in accordance with the Commission's rules;

It appearing, that Klein Products operates in its plant at 47 Great Jones Street, New York 12, New York, certain industrial heating equipment operating on approximately 30 Mc which is subject to the requirements of §§ 18.1, 18.2 (c), 18.3, 18.4, 18.21, 18.22, 18.23, 18.24 and 18.41 through 18.49 of the Commission's rules; and

It further appearing, that the aforementioned equipment causes interference to an authorized radio communication system operated by the United States Army in the vicinity of New York, N. Y.; and

It further appearing, that the aforementioned equipment has not been certified by a duly qualified engineer or the manufacturer of the equipment as required by § 18.22 of the Commission's rules, nor has the equipment been licensed pursuant to § 18.41 of the Commission's rules; and

It further appearing, that the above facts have been called to the attention of Klein Products by the Commission both orally and in writing, and that the Company has been accorded an opportunity to demonstrate or achieve compliance with all lawful requirements but such demonstration has not been made and such compliance has not been accomplished;

It is ordered, This 26th day of February 1954, pursuant to section 312 (c) of the Communications Act of 1934, as amended, and pursuant to the Commission's order of September 30, 1953, delegating authority to the Chief, Field Engineering and Monitoring Bureau to issue orders to show cause why cease and desist orders should not be issued with respect to Industrial, Scientific and Medical Equipment, that Klein Products be and is hereby directed to show cause why there should not be issued an order commanding it to cease and desist from violating the provisions of Part 18 of the Commission's rules by operating industrial heating equipment without the certification or license required by Part 18 of the Commission's rules, and by operating such equipment in a manner which causes interference to authorized radio services; and

It is further ordered, That a hearing in this matter be held in New York, N. Y. at 10:00 a. m., on the 16th day of April 1954, in order to determine whether said cease and desist order should be issued, and that Klein Products is herewith called upon to appear at this hearing and give evidence upon the matters specified herein; and

It is further ordered, Pursuant to § 1.402 of the rules, that said Klein Products is directed to file with the Commission within thirty days of the receipt of this order a written appearance in triplicate, stating that the Company will appear and present evidence on the matter specified in this order if the Company desires to avail itself of its opportunity to appear before the Commission. If said Klein Products does not desire to appear before the Commission and give evidence on the matter specified herein, it shall, within thirty days of the receipt of this order, file with the Commission, in triplicate, a written waiver of hearing. Such waiver may be accompanied by a statement of reasons why Klein Products believes that a cease and desist order should not be issued, and

It is further ordered, That failure of said Klein Products timely to respond to this order or failure to appear at the hearing designated herein will be deemed a waiver of hearing.

[Docket No. 10944]

PORT HURON BROADCASTING CO. (WLEW)

ORDER DESIGNATING APPLICATION FOR HEARING ON STATED ISSUES

In re application of Harmon LeRoy Stevens, Herman LeRoy, Stevens and John F. Wismer d/b as Port Huron Broadcasting Company (WLEW), Bad Axe, Michigan; for construction permit; Docket No. 10944, File No. BP-8958.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 3d day of March 1954;

The Commission having under consideration the above-entitled application of Port Huron Broadcasting Company, licensee of Station WLEW (1540 kc, 250 w, daytime only) in Bad Axe, Michigan, for a construction permit to change frequency and operate both night and day; and

It appearing, that the applicant is legally, financially, technically and otherwise qualified to operate the proposed station, but that operating as proposed, Station WLEW would cause interference to and receive interference from Station WEXL, Royal Oak, Michigan (1340 kc, 250 w, U) and Station WBBC, Flint, Michigan (1330 kc, 1 kw, DA, U) and would fail to comply with the provisions of the Standards of Good Engineering Practice with respect to providing the recommended minimum of interference-free service to the area within the station's proposed normally protected daytime contour (0.5 mv/m); and

It further appearing, that pursuant to section 309 (b) of the Communications Act of 1934, as amended, the applicant was advised by letter dated January 13, 1954, of the aforementioned deficiencies and that the Commission was unable to conclude that a grant of the application would be in the public interest; and

It further appearing, that the Commission after consideration of the reply of the applicant requesting a hearing and the opposition of Station WEXL, Royal Oak, Michigan, is still of the opinion that a hearing is necessary;

It is ordered, That pursuant to section 309 (b) of the Communications Act, as amended, the said application is designated for hearing at a time and place to be specified in a subsequent order, upon the following issues:

1. To determine the areas and populations which may be expected to gain or lose primary service from the proposed operation of the station, and the availability of other primary service to such areas and populations.

2. To determine whether the proposed operation of Station WLEW would involve objectional interference with Station WEXL, Royal Oak, Michigan, and Station WBBC, Flint, Michigan, and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other primary service to such areas and populations.

3. To determine whether the installation and proposed operation of the station would be in compliance with the Commission's rules and Standards of Good Engineering Practice concerning Standard Broadcast Stations with particular reference to providing the recommended minimum of interference-free service to the area within the station's proposed normally protected daytime contour (0.5 mv/m).

It is further ordered, That Sparks Broadcasting Company, licensee of Station WEXL, Royal Oak, Michigan, and Booth Radio and Television Stations, Inc., licensee of Station WBBC, Flint, Michigan, are made parties to said hearing.

Released: March 5, 1954.

[Docket No. 10945]

CARTHAGE BROADCASTING CO.

ORDER DESIGNATING APPLICATION FOR HEARING ON STATED ISSUES

In re application of Lloyd C. McKenney & John J. Daly d/b as Carthage Broadcasting Company, Fort Scott, Kansas; for construction permit; Docket No. 10945, File No. BP-8948.

At a session of the Federal Communications Commission held at its offices in Washington, D. C. on the 4th day of March 1954;

The Commission having under consideration a pleading entitled "Petition for Reconsideration and Hearing" filed on February 18, 1954 "pursuant to the provisions of Sections 405 and 309 of the Communications Act of 1934" by William R. Tedrick, licensee of Station KWRT, Boonville, Missouri requesting the Commission to reconsider its action of January 27, 1954 in granting the above-entitled application of Carthage Broadcasting Company for construction permit for a new station at Fort Scott, Kansas to operate on 1370 kc, 500 watts, daytime only, and to designate said application for hearing with the petitioner made a party thereto;

It appearing, that the engineering affidavit, together with supporting field intensity measurements attached to the KWRT protest, indicates that the proposed Fort Scott operation will cause objectionable interference to KWRT and that the Commission's further study of the matter, including an analysis of the field intensity measurements submitted by the KWRT, also indicates that the proposed Fort Scott operation will cause objectionable interference to KWRT;

It is ordered, That pursuant to section 309 (c) of the Communications Act of 1934, as amended, the above-entitled application of Carthage Broadcasting Company is designated for hearing at the offices of the Commission in Washington, D. C. on April 6th, 1954 at 10:00 a. m., upon the following issues:

1. To determine the areas and populations which may be expected to gain

or lose primary service from the operation of the proposed station and the availability of other primary service to such areas and populations.

2. To determine whether the operation of the proposed Fort Scott station would involve objectionable interference with Station KWRT, Boonville, Missouri and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other primary service to such areas and populations.

It is further ordered, That the burden of proceeding with the introduction of evidence and the burden of proof is placed upon Carthage Broadcasting Company;

It is further ordered, That William R. Tedrick, licensee of Station KWRT, Boonville, Missouri, is made a party to the proceeding;

It is further ordered, That the above-described pleading of William R. Tedrick is granted;

It is further ordered, That the effective date of the Commission's action of January 27, 1954, in granting the above-entitled application of Carthage Broadcasting Company is stayed pending the conclusion of the aforementioned hearing.

Released: March 5, 1954.

[Docket Nos. G-1142, G-1508, G-2019, G-2074, G-2210, G-2220, G-2378]

UNITED GAS PIPE LINE CO.

ORDER RECONVENING HEARING

On July 20, 1953, the hearing in the consolidated proceedings at Docket Nos. G-1142, G-1508, G-2019, G-2074, and G-2210, was recessed by the Presiding Examiner subject to further order of the Commission, United Gas Pipe Line Company (United) having completed its direct case at Docket Nos. G-2019, G-2074, and G-2210 and having rested.

Subsequently, by orders issued July 31, 1953, and March 1, 1954, respectively, proceedings at Docket Nos. G-2220 and G-2378 were consolidated with the foregoing proceedings.

The Commission finds: It is necessary and appropriate to carry out the provisions of the Natural Gas Act, and it is in the public interest that the procedure hereinafter prescribed shall be followed at the hearing in order to conduct these proceedings with reasonable dispatch.

The Commission orders:

(A) The hearing in the above-entitled consolidated proceedings be reconvened on March 23, 1954, at 10:00 a. m., in a Hearing Room of the Federal Power Commission, Washington, D. C.

(B) In addition to the procedural requirements of the orders issued herein on November 26, 1952, and July 31, 1953, with respect to the order of presentation of evidence, United shall go forward and complete its direct case at Docket No. G-2378 before cross-examination is undertaken of United's presentations in the consolidated proceedings.

Adopted: March 3, 1954.

Issued: March 5, 1954.

[Docket No. E-6482]

PACIFIC GAS AND ELECTRIC CO.

ORDER DENYING MOTIONS TO ENLARGE RECORD WITHOUT HEARING AND SETTING FURTHER HEARING

Upon consideration of the motions and responses filed by Pacific Gas and Electric Company November 16, 1953, December 28, 1953, and March 1, 1954; by Sierra Pacific Power Company January 4, 1954, and February 18, 1954; and by Staff Counsel March 1, 1954, including the objections made to requests for enlarging the record without a further hearing, the Commission finds it appropriate in carrying out the provisions of the Federal Power Act, to order as hereinafter provided.

The Commission orders:

(A) The requests for receipt in evidence without further hearing of proffered exhibits in addition to the record made at the hearing which was concluded May 1, 1953, are hereby denied without prejudice to the reoffering thereof at the further hearing to be held as hereinafter provided for.

(B) The record in this proceeding be and the same is hereby reopened and a further hearing set to commence at 10 a. m., e. s. t., March 23, 1954, in the Commission's hearing room at 441 G Street NW., Washington, D. C., such further hearing to be limited to the receipt of evidence relating to the answering of the questions set forth in the Commission's order issued September 21, 1953.

Adopted: March 3, 1954.

Issued: March 5, 1954.

By the Commission.

[SEAL] LEON M. FUQUAY,
Secretary.

GENERAL SERVICES ADMINISTRATION

SECRETARY OF DEFENSE

DELEGATION OF AUTHORITY WITH RESPECT TO APPLICATION OF ARKANSAS-LOUISIANA GAS CO. FOR AUTHORITY TO INCREASE GAS RATES

1. Pursuant to the provisions of sections 201 (a) (4) and 205 (d) and (e) of the Federal Property and Administrative Services Act of 1949, 63 Stat. 377, as amended, authority to represent the interests of the executive agencies of the Federal Government in the matter of Application of Arkansas-Louisiana Gas Company for Authority to Increase Gas Rates, Docket No. 6445, before the Louisiana Public Service Commission, and Docket No. U-903, before the Arkansas Public Service Commission, is hereby delegated to the Secretary of Defense.

2. The Secretary of Defense is hereby authorized to redelegate any of the authority contained herein to any officer, official, or employee of the Department of Defense.

3. The authority conferred herein shall be exercised in accordance with the policies, procedures and controls prescribed by the General Services Administration, and shall further be exercised in cooperation with the responsible officers, officials, and employees of such Administration.

4. This delegation of authority shall be effective immediately.

Dated: March 5, 1954.

EDMUND F. MANSURE,
Administrator.

SECURITIES AND EXCHANGE COMMISSION

[File No. 1-2832]

HINDE & DAUCH PAPER CO.

NOTICE OF APPLICATION TO STRIKE FROM LISTING AND REGISTRATION, AND OF OPPORTUNITY FOR HEARING

MARCH 4, 1954.

The New York Stock Exchange, pursuant to section 12 (d) of the Securities Exchange Act of 1934 and Rule X-12D2-1 (b) promulgated thereunder, has made application to strike from listing and registration the Common Stock, $10 Par Value, of The Hinde & Dauch Paper Co.

The application alleges that the reasons for striking this security from listing and registration on this exchange are:

(1) As a result of acceptance by holders of 947,796 shares of the above security of an offer to exchange each of their shares for 1½ shares of $5 Par Value Common Stock of the West Virginia Pulp and Paper Company, there remained outstanding in the hands of the public on January 18, 1954, 4,962 shares of the above security in the hands of 62 shareholders other than West Virginia Pulp and Paper Company.

(2) Further dealings on applicant exchange in the above security are inadvisable in view of the small amount thereof outstanding in the hands of the public after deducting concentrated holdings by West Virginia Pulp and Paper Company, and in view of the inadequacy of the distribution of the issue when considered in the light of the small indicated aggregate market value of the issue outstanding in the hands of other than West Virginia Pulp and Paper Company.

Upon receipt of a request, prior to April 1, 1954, from any interested person for a hearing in regard to terms to be imposed upon the delisting of this security, the Commission will determine whether to set the matter down for hearing. Such request should state briefly the nature of the interest of the person requesting the hearing and the position he proposes to take at the hearing with respect to imposition of terms or conditions. In addition, any interested person may submit his views or any additional facts bearing on this application by means of a letter addressed to the Secretary of the Securities and Exchange Commission, Washington, D. C. If no one requests a hearing on this matter, this application will be determined by order of the Commission on the basis of the facts stated in the application, and other information contained in the official file of the Commission pertaining to this matter.

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant Secretary.

[File No. 70-3210]

COLUMBIA GAS SYSTEM, INC.

NOTICE AND ORDER FOR HEARING REGARDING ISSUANCE AND SALE OF SUBORDINATED DEBENTURES CONVERTIBLE INTO COMMON STOCK

MARCH 4, 1954.

The Columbia Gas System, Inc. ("Columbia"), a registered holding company, has filed a declaration with the Commission pursuant to the Public Utility Holding Company Act of 1935 ("act") designating sections 6 and 7 of the act and Rule U-50 promulgated thereunder as being applicable to the proposed transactions, which are summarized as follows:

Columbia proposes to offer to its stockholders the right to purchase $50,000,000 principal amount of Subordinated Debentures, convertible into shares of common stock, without par value, of Columbia on and after January 1, 1955 to and including December 31, 1958, except that only $25,000,000 principal amount would be accepted for conversion during the year 1955.

It is proposed that the offer will be made to stockholders of record on or about April 21, 1954, and will give such stockholders the right to subscribe, at 100 percent of principal amount, for Subordinated Debentures on the basis of $100 principal amount of such debentures for each thirty-six (36) shares of common stock held of record. The subscription rights will be evidenced by transferable Registered Warrants which will be issued to stockholders as soon as practicable after favorable Commission action in respect of the present proposal. The Subordinated Debentures will be issued only in multiples of $100 principal amount.

Columbia's offer to its stockholders is to be underwritten and Columbia proposes to publicly invite sealed bids on or about April 13, 1954, for the purchase of such principal amount of the Subordinated Debentures as are not disposed of pursuant to the stockholders offering. Columbia will notify the prospective bidders prior to the time specified for the opening of bids of the coupon rate and the price at which the Subordinated Debentures may be converted into common stock.

The Subordinated Debentures are to be issued under an indenture from Columbia to Chemical Bank & Trust Company, are to be dated as of May 10, 1954, are to mature May 10, 1964, and interest will be payable semi-annually on May 10, and November 10 of each year.

The Subordinated Debentures are to be subordinated to all Senior Indebtedness of Columbia in the event of any distribution of assets of Columbia upon any distribution, winding up, liquidation or reorganization of the company. Senior Indebtedness is defined in the indenture as:

(i) All debentures issued or to be issued and from time to time outstanding under the Indenture dated as of June 1, 1950, as from time to time supplemented or amended, between the Company and Guaranty Trust Company of New York, as Trustee; and

(ii) Any other indebtedness of the Company, other than indebtedness evidenced by the Debentures, unless by its terms it is provided that such indebtedness is not senior to the Debentures.

According to Columbia, the proposed issue and sale of $50,000,000 of Subordinated Debentures constitutes the first step in its overall financing program for 1954 involving the subsequent issue and sale of an additional $80,000,000 of Senior Debentures, the proceeds of which financings are to cover the cost of net construction expenditures of approximately $105,000,000 and to repay a $25,000,000 bank loan maturing on September 30, 1954.

Columbia states that the $80,000,000 of Senior Debentures must be sold later in 1954 and that such sales will probably be made in two issues of $40,000,000 each, the proceeds of the last issue to be used, in part, to repay the $25,000,000 bank loan. It is Columbia's present intention to file a declaration with the Commission regarding the issue and sale of $40,000,000 of Senior Debentures, or such lesser amount as may be issuable under existing indenture restrictions, early in June 1954. Columbia anticipates the filing of a further declaration with the Commission during 1954 regarding the borrowing of $35,000,000 from commercial banks on a short-term basis to provide funds for the purchasing of gas for current inventory purposes.

Columbia further states that it is faced with the problem of financing the largest construction program the System has yet experienced in any one year and attributes the necessity of an expenditure of in excess of $100,000,000 to the cost of constructing facilities to transport and distribute natural gas which one of Columbia's subsidiary companies is under contract to purchase. In this connection, it is stated that about 2½ years ago it became apparent that the Columbia System could not look to its present southwest suppliers of gas for the additional gas which would be required to meet the demands of the System's markets. Accordingly, a Columbia subsidiary, United Fuel Gas Company ("United"), began contracting for gas in southern Louisiana and also contracted with Gulf Interstate Gas Company ("Gulf"), a newly formed and nonaffiliated pipeline company, to transport such gas for it. After gas contracts, sufficient to insure average daily deliveries of 300 million cubic feet for a period of at least 20 years, had been obtained, a certificate was issued by the Federal Power Commission to Gulf for the construction of its pipeline. The line has now been partially completed and deliveries of gas to the Columbia System will begin in the fall of 1954. The line will have an initial capacity of 375 million cubic feet per day and when fully powered the capacity will be increased to 560 million cubic feet per day. Under its gas purchase and its Gulf contracts, United is obligated to take or pay for stipulated quantities of gas and to reimburse Gulf for its cost of service in connection with the operation of the latter's pipeline. According to Columbia, at the present time United, under these contracts, has assumed a minimum annual obligation of approximately 30 million dollars. Columbia further states that United's obligation as well as the necessity of making additional supplies of gas available to the System's markets makes it imperative that the facilities needed by the System to handle the gas to be delivered by Gulf be built and that the funds be provided to cover the cost of constructing such facilities.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a public hearing be held with respect to said declaration, and that said declaration should not be permitted to become effective except pursuant to further order of this Commission:

It is ordered, That a hearing on said declaration, pursuant to the applicable sections of the act and the rules thereunder, be held on March 22, 1954, at 10 a. m., at the offices of the Securities and Exchange Commission, 425 Second

Street NW., Washington 25, D. C. in such room as may be designated on that date by the hearing room clerk in Room 193. Any person desiring to be heard, or otherwise wishing to participate, in the proceedings shall file with the Secretary of the Commission on or before March 18, 1954, a written request relative thereto as provided by Rule XVII of the Commission's rules of practice.

It is further ordered, That Edward C. Johnson or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing in such matter. The officer so designated is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said act and to a hearing officer under the Commission's rules of practice.

The Division of Corporate Regulation of the Commission having advised the Commission that it has made a preliminary examination of the declaration and that, upon the basis thereof, the following matters and questions are presented for consideration, without prejudice to its specifying additional matters or questions upon further examination:

1. Whether the proposed issuance and sale of Subordinated Debentures, Registered Warrants and shares of common stock, in the event of conversion, are solely for necessary and urgent corporate purposes of Columbia.

2. Whether the issuance and sale of the type of a security enumerated in section 7 (c) (1) of the act (a common stock or a secured bond, etc.) in lieu of the proposed Subordinated Debentures would impose an unreasonable financial burden upon Columbia and are not necessary or appropriate in the public interest or for the protection of investors or consumers.

3. Whether adverse findings are required under the standards of section 7 (d) of the act in respect of the adaptability of the proposed securities to the security structure of Columbia and its subsidiary companies and in respect of the earning power of Columbia.

4. Whether financing by the issuance and sale of the proposed securities is necessary or appropriate to the economical and efficient operation of the business in which Columbia lawfully is engaged or has an interest.

5. Whether the fees, commissions, or other remuneration to be paid in connection with the issue, sale, or distribution of the proposed securities are reasonable.

6. Whether the terms and conditions of the issue or sale of the proposed securities are detrimental to the public interest or the interest of investors or consumers.

7. Whether the proposed accounting treatment of the transactions is proper and in conformity with sound accounting principles.

8. Generally, whether the proposed transactions are in all respects in the public interest and in the interest of investors and consumers and consistent with all applicable requirements of the act and rules and regulations thereunder, and if not, what modifications or terms and conditions should be required or imposed to meet such requirements.

It is further ordered, That particular attention be directed at said hearing to the foregoing matters and questions.

It is further ordered, That the Secretary of this Commission shall serve notice of the aforesaid hearing by mailing copies of this notice and order by registered mail to Columbia, Federal Power Commission, Guaranty Trust Company of New York, Trustee, Kentucky Public Service Commission, Maryland Public Service Commission, New York Public Service Commission, Ohio Public Utilities Commission, Pennsylvania Public Utility Commission, Virginia State Corporation Commission and West Virginia Public Service Commission, and that notice shall be given to all other persons by a general release of this Commission which shall be distributed to the press and mailed to persons on the mailing list of this Commission for releases under the act; and that further notice be given to all persons by publication of a copy of this notice and order in the FEDERAL REGISTER.

By the Commission.

[SEAL] NELLYE A. THORSEN, *Assistant Secretary.*

[File No. 70-3184]

WEST PENN ELECTRIC CO. AND POTOMAC EDISON CO.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE REGARDING TRANSFER BY REGISTERED HOLDING COMPANY TO PUBLIC-UTILITY SUBSIDIARY OF CAPITAL STOCK OF NON-UTILITY COMPANY

MARCH 4, 1954.

The West Penn Electric Company ("West Penn"), a registered holding company, and The Potomac Edison Company ("Potomac"), a public-utility subsidiary of West Penn, have filed a joint application-declaration, and an amendment thereto, pursuant to sections 9, 10, and 12 of the Public Utility Holding Company Act of 1935 ("act") and Rule U-45 thereunder regarding the following proposed transactions:

West Penn owns all of the outstanding capital stock of White Star Lines, Inc. ("White Star"), consisting of 2,100 shares of common stock of the par value of $100 per share. White Star, a Pennsylvania corporation, operates motor vehicles primarily for the transportation of passengers. White Star is directed and supervised from the office of Potomac in Hagerstown, Maryland, together with The Blue Ridge Transportation Company ("Blue Ridge"), a wholly-owned subsidiary of Potomac, and Penn Bus Company ("Penn Bus"), a 50 percent owned subsidiary of West Penn (the other 50 percent of its capital stock being owned by Pennsylvania Greyhound Lines, Inc., a non-affiliate), as a unified and coordinated bus system under the name of "Blue Ridge Lines".

West Penn proposes to transfer to Potomac, as and for a contribution to the capital of Potomac, and Potomac proposes to acquire, all of the outstanding capital stock of White Star. Applicant and declarant represent that the proposed transactions will result in further simplification of the West Penn holding-company system and will facilitate the sale of the properties of White Star, Blue Ridge and Penn Bus.

West Penn has advised the Commission that expenses to be incurred will be nominal, consisting principally of legal fees of $200 and stock transfer stamp taxes of $147.

Due notice having been given of the filing of said amended application-declaration, and a hearing thereon not having been requested of or ordered by the Commission; the Commission finding that the applicable provisions of the act and the rules promulgated thereunder are satisfied; and it appearing to the Commission that said amended application-declaration should be granted and permitted to become effective:

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of the act that the said amended application-declaration be, and the same hereby is, granted and permitted to become effective forthwith, subject to the terms and conditions contained in Rule U-24.

By the Commission.

INTERSTATE COMMERCE COMMISSION

[4th Sec. Application 28972]

SCRAP IRON FROM CHICAGO, ILL., TO HAMILTON, ONT.

APPLICATION FOR RELIEF

MARCH 4, 1954.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: H. R. Hinsch, Alternate Agent, for carriers parties to schedules listed below.

Commodities involved: Scrap iron and steel, carloads.

From: Chicago, Ill., and points taking same rates.

To: Hamilton, Ont.

Grounds for relief: Competition with rail carriers, competition with water carriers.

Schedules filed containing proposed rates:

	Supplement No.	I. C. C. No.
Baltimore and Ohio R. R.	32	2045
Chesapeake and Ohio Ry.	82	1999
Chicago, South Shore and South Bend R. R.	12	198
Elgin, Joliet and Eastern Ry.	7	224
Erie R. R.	6	A-7907
Grand Trunk Western R. R.	127	A-2989
New York Central R. R.	68	1389
New York, Chicago and St. Louis R. R.	50	6995
Pittsburgh and L. E. R. R.	142	3195
Wabash R. R.	25	7073

[1] Effective April 5, 1954.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

FEDERAL REGISTER

VOLUME 19 NUMBER 48

Washington, Thursday, March 11, 1954

TITLE 6—AGRICULTURAL CREDIT

Chapter III—Farmers Home Administration, Department of Agriculture

Subchapter B—Farm Ownership Loans

[FHA Instruction 401.2]

PART 311—BASIC REGULATIONS

SUBPART B—LOAN LIMITATIONS

Subpart B, Part 311, Title 6, Code of Federal Regulations (13 F. R. 9380, 16 F. R. 3399) is revised to provide for determinations by the Administrator of the Farmers Home Administration or his delegate of "average values" of farms; to eliminate the term "investment limit"; to remove limits on the amount a loan applicant may invest in a farm; and to renumber the sections in this subpart. As revised, said subpart reads as follows:

Sec.
311.21 General.
311.22 Average value.
311.23 Fair and reasonable value of farm.
311.24 Average value limitation.
311.25 Limit on amount of direct loan.
311.26 Limit on amount of insured loan.
311.27 Farm situated in more than one county.
311.28 Territorial subdivisions in Alaska, Puerto Rico, and the Virgin Islands.
311.29 Average values of farms.

AUTHORITY: §§ 311.21 to 311.29 issued under sec. 41 (1), 60 Stat. 1066; 7 U. S. C. 1015 (l). Statutory provisions interpreted or applied are cited to text in parentheses.

§ 311.21 *General.* No loan under title I of the Bankhead-Jones Farm Tenant Act, as amended, may be made or insured for the acquisition, enlargement, or improvement of a farm which has a value, as acquired, enlarged, or improved, in excess of the average value of efficient family-type farm-management units in the county, parish, or locality in which the farm is situated. Direct or insured Farm Ownership loans will be made only in counties, parishes, and localities for which such average values have been established (see § 311.29).

(Sec. 3 (a), 60 Stat. 1074; 7 U. S. C. 1003 (a))

§ 311.22 *Average value.* The term "average value" for a county, parish, or locality means the average value, as determined by the Secretary of Agriculture or by the Administrator of the Farmers Home Administration (or his delegate) for the purposes of title I of the Bankhead-Jones Farm Tenant Act, as amended, of efficient family-type farm-management units situated in the county, parish, or locality.

(Sec. 3 (a), 60 Stat. 1074; 7 U. S. C. 1003 (a))

§ 311.23 *Fair and reasonable value of farm.* The fair and reasonable value of a farm is determined by the County Committee in accordance with §§ 321.41 to 321.44 of this chapter and is the amount certified by the Committee (on Form FHA–491, "County Committee Certification," or on Form FHA–499, "Recertification by County Committee,") to be the fair and reasonable value of the farm, based upon its normal earning capacity, after contemplated improvements are made.

(Sec. 2 (b), 60 Stat. 1074; 7 U. S. C. 1002 (b))

§ 311.24 *Average value limitation.* No direct or insured loan (initial or subsequent) for the acquisition, enlargement, or development of any farm and no credit sale by the Farmers Home Administration of a farm on title I terms will be approved if the fair and reasonable value of the farm exceeds the applicable average value.

(Secs. 3 (a), 43 (b), 51, 60 Stat. 1074, 1067, 1070; 7 U. S. C. 1003 (a), 1017 (b), 1025)

§ 311.25 *Limit on amount of direct loan.* No direct loan (initial or subsequent) or transfer or credit sale of land on title I terms which will result in a direct Farm Ownership indebtedness in an amount which exceeds the fair and reasonable value of the farm will be approved.

(Secs. 3 (a), 43 (b), 44 (b), 51, 60 Stat. 1074, 1067, 1069, 1070; 7 U. S. C. 1003 (a), 1017 (b), 1018 (b), 1025)

§ 311.26 *Limit on amount of insured loan.* No insured Farm Enlargement or Farm Development loan and no insured Tenant Purchase loan where the applicant owns an undivided interest in the farm will be approved in an amount which exceeds 90 percent of the fair and reasonable value of the farm. An insured Tenant Purchase loan where the applicant does not own an undivided interest in the farm shall not be approved in an amount which exceeds 90 percent of the lesser of the fair and reasonable value of the farm or the sum of:

(a) The price of all land to be acquired by the applicant;

(b) The amount necessary for all planned construction and land development; and

(c) The amount of any necessary fees and expenses which are required to be paid by the applicant.

(Secs. 12 (c) (5), 44 (b), 60 Stat. 1076, 1069; 7 U. S. C. 1005b (c) (5), 1018 (b))

§ 311.27 *Farm situated in more than one county.* For the purposes of this subpart, if a farm lies in more than one county, parish, or locality, it will be deemed to be located in the county, parish, or locality in which the residence building of the farm is located or is to be constructed.

(Sec. 44 (b), 60 Stat. 1069; 7 U. S. C. 1018 (b))

§ 311.28 *Territorial subdivisions in Alaska, Puerto Rico, and the Virgin Islands.* In Alaska, Puerto Rico, and the Virgin Islands, for the purposes of title I, title II, and the related provisions of title IV of the Bankhead-Jones Farm Tenant Act, as amended, each of the areas identified below is designated a subdivision to be deemed synonymous with the term "county," as the term is used in said titles. Each such subdivision consists of, and is coextensive with the geographical limits of, the area set forth opposite the name of the subdivision.

ALASKA

Name of Subdivision and Divisions or Precincts Comprising Subdivision

Anchorage: Recording Precincts of Anchorage, Kenai-Anchorage, Seward, Whittier.
Fairbanks: Fourth Division.
Homer: Recording Precincts of Seldovia, Kodiak, Kvichak, Iliamna, Bristol Bay.
Palmer: Recording Precincts of Palmer, Wasilla, Talkeetna, Chitna.

PUERTO RICO

Name of Subdivision and Municipalities Comprising Subdivision

Adjuntas: Adjuntas.
Aguadilla: Aguada, Aguadilla, Isabela, Moca.
Angeles: The Wards of Angeles, Caguanas, Roncador, Santa Isabel, and Santa Rosa in the municipality of Utuado.
Arecibo: Arecibo.
Arroyo: Arroyo, Guayama, Maunabo, Patillas, Salinas.
Barranquitas: Aibonito, Barranquitas.
Bayamon: Buyamon, Catano, Toa Alta, Toa Baja.
Caguas: Caguas, Curabo.
Camuy: Camuy, Hatillo, Quebradillas.
Canovanas: Canovanas, Rio Grande.
Carolina: Carolina, Trujillo Alto.
Cayey: Cayey, Cidra.
Ciales: Ciales, Morovis.
Comerio: Aguas Buenas, Comerio.
Corozal: Corozal, Naranjito.
Fajardo: Ceiba, Culebra, Fajardo, Luquillo, Vieques.
Humacao: Humacao, Naguabo.
Jayuya: Jayuya.
Juana Diaz: Coamo, Juana Diaz, Santa Isabel, Villalba.
Juncos: Juncos, Las Piedras.
Lares: Lares.
Manati: Barceloneta, Manati.
Mayaguez: Anasco, Hormigueros, Las Marias, Maricao, Mayaguez, Rincon.
Orocovis: Orocovis.
Ponce: Penuelas, Ponce.
Rio Piedras: Guaynabo, Rio Piedras, San Juan.
San German: Cabo Rojo, Lajas, San German, Sabana Grande.
San Lorenzo: San Lorenzo.
San Sebastian: San Sebastian.
Utuado: Utuado, except the Wards of Angeles, Caguanas, Roncador, Santa Isabel, and Santa Rosa.
Vega Baja: Dorado, Vega Alta, Vega Baja.
Yabucoa: Yabucoa.
Yauco: Guanica, Guayanilla, Yauco.

VIRGIN ISLANDS

Name of Subdivision and Area Comprising Subdivision

Christiansted: All of Saint John Island, all of Saint Thomas Island, and that portion of Saint Croix Island which is bounded on the north, south, and east by the sea, and is bounded on the west by the estates of Sweet Bottom, Fountain, River, Hermitage, Blue Mountain, Colquhoun, Mount Pleasant, and Bethlehem.
Frederiksted: That portion of Saint Croix Island which is not included in the area comprising Christiansted Subdivision.

(Sec. 54, 60 Stat. 1071, sec. 1 (b), 61 Stat. 493; 7 U. S. C. 1028)

§ 311.29 *Average values of farms.* For the purposes of title I of the Bankhead-Jones Farm Tenant Act, as amended, average values of efficient family-type farm-management units for the counties identified below are determined as follows:

NOTE: The tables[1] setting forth States, counties, and average values, as amended, heretofore published under § 311.30 of this chapter, are transferred to this § 311.29. All columns entitled "Investment limit" contained in said tables and the amounts set forth in said columns are hereby revoked.

PART 311—BASIC REGULATIONS

SUBPART B—LOAN LIMITATIONS

AVERAGE VALUES OF FARMS; ILLINOIS, INDIANA, MARYLAND, MONTANA, AND OHIO

For the purposes of title I of the Bankhead-Jones Farm Tenant Act, as amended, average values of efficient family-type farm-management units for the counties identified below are determined to be as herein set forth. The average values heretofore established for said counties, which appear in the tabulations of average values under § 311.29, Chapter III, Title 6 of the Code of Federal Regulations, are hereby superseded by the average values set forth below for said counties.

TITLE 7—AGRICULTURE

Chapter III—Agricultural Research Service, Department of Agriculture

[P. Q. 583, Amdt.]

Part 319—Foreign Quarantine Notices

Subpart—Fruits and Vegetables

Amendment of Administrative Instructions for Cold Treatments of Imported Vinifera Grapes and Certain Other Fruits

Pursuant to the authority conferred on him by § 319.56–2 of the regulations supplemental to the Fruit and Vegetable Quarantine (Notice of Quarantine No. 56, 7 CFR and Supp. 319.56) under section 5 of the Plant Quarantine Act of 1912 (7 U. S. C. 159), the Chief of the Plant Quarantine Branch hereby amends § 319.56–2d (a) (2) of administrative instructions now appearing as § 319.56–2d in Title 7, Code of Federal Regulations, to read as follows:

§ 319.56–2d *Administrative instructions for cold treatments of imported Vinifera grapes and certain other fruits*—(a) *Treatments authorized.* * * *

(2) *Refrigeration temperatures and periods.* Fruit cold treated because of the Mediterranean fruit fly shall be refrigerated for one of the following periods at or below the respective temperature designated:

10 days—32° F.
11 days—33° F.
12 days—34° F.
14 days—35° F.
16 days—36° F.

Fruit cold treated because of fruit flies of the genus Anastrepha shall be refrigerated for one of the following periods at or below the respective temperature designated:

11 days—32° F.
13 days—33° F.
15 days—34° F.
17 days—35° F.

Refrigeration temperatures and periods for fruit to be cold treated because of other species of fruit flies may be designated by the Chief of the Plant Quarantine Branch, if experimental data are available concerning applicable treatments of known effectiveness.

The purpose of this amendment is to provide a greater range of temperatures at which, and to reduce some of the periods during which, Vinifera grapes and other fresh fruits importable under permit under § 319.56–2 are to be held under refrigeration. Approval of these additional schedules is of considerable advantage to fruit importers, in that a greater range of treating periods has been provided in the case of fruit cold treated because of the Mediterranean fruit fly, and periods of treatment have been shortened in the case of fruit cold treated because of fruit flies of the genus Anastrepha. The amendment therefore relieves restrictions heretofore imposed. In order to be of maximum benefit to fruit importers, it should be made effective as soon as possible. Therefore, pursuant to section 4 (a) and (c) of the Administrative Procedure Act (5 U. S. C. 1003 (a), (c)), it is found upon good cause that notice and other public procedure with respect to this amendment are impracticable and contrary to the public interest, and good cause is found for the issuance hereof effective less than 30 days after publication in the Federal Register.

(Sec. 3, 33 Stat. 1270, sec. 9, 37 Stat. 318; 7 U. S. C. 143, 162. Interprets or applies sec. 5, 37 Stat. 316; 7 U. S. C. 159)

This amendment shall be effective March 11, 1954.

Done at Washington, D. C., this 25th day of February, 1954.

[SEAL] E. P. Reagan,
Chief,
Plant Quarantine Branch.

[F. R. Doc. 54-1737; Filed, Mar. 10, 1954; 8:49 a. m.]

TITLE 9—ANIMALS AND ANIMAL PRODUCTS

Chapter I—Agricultural Research Service, Department of Agriculture

Subchapter C—Interstate Transportation of Animals and Poultry

[B. A. I. Order 383, Revised, Amdt. 21]

Part 76—Hog Cholera, Swine Plague, and Other Communicable Swine Diseases

Subpart B—Vesicular Exanthema

Changes in Areas Quarantined and Amendment of Regulations

Pursuant to the provisions of sections 1 and 3 of the act of March 3, 1905, as amended (21 U. S. C. 123, 125), sections 1 and 2 of the act of February 2, 1903, as amended (21 U. S. C. 111, 120), and section 7 of the act of May 29, 1884, as amended (21 U. S. C. 117), the regulations restricting the interstate movement of swine and certain swine products because of vesicular exanthema (9 CFR, Part 76, Subpart B (18 F. R. 3636), as amended) are hereby amended by deleting §§ 76.27 and 76.27a and adding a new § 76.27 to read as follows:

§ 76.27 *Notice and quarantine.* Notice is hereby given that swine in the following areas in the specified States are affected with vesicular exanthema. Such areas are hereby quarantined because of said disease.

(a) *Arkansas:* Brodie Township in Pulaski County.

(b) *California:* The entire State of California.

(c) *Connecticut:* (1) The Town of Manchester in Hartford County.

(2) All of New Haven County except that part of the Town of Branford lying west, south, and east of Laurel Hill Road and north of Pond Lily Stream; that part of the Town of Branford lying west of Brushy Plains Road, north of Parish Farm Road, east of Todd's Hill Road, and south of Hosley Road; that part of the Town of Branford lying west of Farmington Avenue, east of Plant's Orchard, south of U. S. Route No. 1, and north of Burban Drive; that part of the Town of New Haven lying east of the Quinnipiac River and northwest of State Route No. 17; that part of the Town of New Haven lying east of Eastern Street and south of State Route No. 80; and that part of the Town of North Haven lying east of the Quinnipiac River, west of U. S. Route No. 5–A, and south of Waterman's Brook.

(d) *Maine:* (1) The Town of Lewiston in Androscoggin County.

(2) That area consisting of the Towns of Portland, South Portland, and Scarboro in Cumberland County, and the Towns of Biddeford, Kennebunk, and Alfred in York County.

(3) That area consisting of the Towns of Cumberland and Yarmouth in Cumberland County.

(4) That area consisting of the Towns of Chelsea and Hallowell in Kennebec County.

(e) *Massachusetts:* (1) Suffolk County.

(2) All of Bristol County except that part of the City of Fall River lying southeast of Blossom Road, southwest of Yellow Hill Road, and north of Indian Town Road; that part of the City of Fall River lying north of President Avenue, south of Driftwood Street, west of Meriden Street, and east of Highland Avenue; that part of the Town of Mansfield lying south of West Street, west of the New York, New Haven and Hartford Railroad, north of Pine and School Streets, and east of Tremont Street; that part of the Town of Norton lying northeast of Mansfield Avenue, southwest of Elm Street, northwest of State Route No. 123, and southeast of Reservoir Street; that part of the Town of Norton lying northeast of Elm Street, northwest of State Route No. 123, southeast of Cross Street, and southwest of North Washington Street; that part of the Town of North Dartmouth lying south of Hicksville Road, east of Cross Street, west of Bellen Street, and northeast of Cross Road and U. S. Route No. 6; that part of the Town of North Easton lying north of Rockland Street, west of Bay Road, and east of Massapoag Avenue; that part of the Town of North Easton lying north of Lincoln Street, east of Bay Street, south of Canton Street, and west of Main Street; that part of the Town of Raynham lying north of Mill Street, east of State Route No. 104, south of Gardner Street, and west of King Phillip Street; that part of the Town of South Dartmouth lying north of Russell Mills Road, south of Allen Street, west of Slocum Road, and east of Tucker Road; that part of the Town of South Dartmouth lying south of Roger Street; east of Dartmouth Street, north of Sol-E. Mar Street, and west of Clark's Cove; that part of the Town of South Easton lying south of Main Street, north of Central Street, east of Washington Street and State Route No. 138, and west of the New York, New Haven and Hartford Railroad; that part of the Town of Swansea lying north of Haile's Hill Road, south of Stevens Road, west of Sharpiot Road, and east of Box Street; the Myles Standish State School in the Town of Taunton lying east of State Route No. 140, south and west of Bassett Street, and north of the New York, New Haven and Hartford Railroad; that part of the City of Taunton lying south of Norton Avenue, west of Crane Avenue, north of the New York, New Haven and Hartford Railroad, and east of State Route No. 140; that part of the City of Taunton lying south of Thrasher Street, north of Longmeadow and Winter Streets and U. S. Route No. 44, east of School Street, and west of King Phillip Street; that part of the City of Taunton lying south of East Brittania, north of Thrasher Street, east of Washington Street and west of King Phillip Street; and that part of the Town of Kirby Road, north of Kirby Road, west of Drift Road and south of Old County Road.

(3) All of Essex County except that part of the Town of Andover lying north of Rattlesnake Hill Road, east of Woburn Street, west of Wood's Road, and south of Ballardvale Road; the Town of Ballardvale; the Town of Byfield; the Town of Essex; that part of the City of Danvers lying north of State Route No. 62, south of Nicholas Street, and west of U. S. Route No. 1; that part of the Town of Georgetown lying north of State Route No. 133, west of Bailey Lane, and south and east of Hampshire Lane; that part of the City of Gloucester lying north of State Route No. 121, south of Walker Street, and west of Lincoln Street; the Town of Groveland; that part of the City of Haverhill lying north of State Route No. 125, south and east of the Boston and Maine Railroad and the Merrimac River, and east of Main Street; that part of the City of Haverhill lying northeast of County Bridge Road and State Route No. 110; that part of the City of Haverhill lying west of the Boston and Maine Railroad, east of Hilldale Avenue, and north of State Route No. 97; the Town of Merrimac; that part of the Town of Methuen lying south of Brookdale Avenue, east of Jasper Street, west of State Route No. 110, and north of Steele Street; that part of the Town of Methuen lying south of Renfrew Street, east of Jasper Street, west of State Route No. 110, and North of Baremeadow Brook; that part of the Town of Methuen lying north of State Route No. 113, southeast of Baremeadow Brook, and west of State Route No. 110; that part of the Town of Methuen lying north of Walton Avenue, west of the Merrimac River, south of Pitman Street, and east of State Route No. 110; that part of the Town of Methuen lying east of Howe Street, south of Archibald Street, west of Washington Street, and north of Roosevelt Street; that part of the Town of Methuen lying north and east of Forest Street, south of Pelham Street, and west of State Route No. 113; that part of the Town of Methuen lying east of Washington Street, southwest of Drew Street, and north of State Route No. 113; that part of the Town of Middleton lying southwest of State Route No. 114 and northwest of Forest Street; that part of the Town of North Andover lying north of State Route No. 125, east of Baker Street, and west of State Route No. 133; that part of the Town of North Andover lying north of Salem Street, south of Winter Street, east of Dale and Bradford Streets, and west of Foster Street; that part of the City of Peabody lying northeast of Lake Street (rear), northwest of the Boston and Maine Railroad, and southwest of Lake Street; that part of the City of Peabody lying north of Goodale Street, south of the Middleton Town Foundry, west of U. S. Route No. 1, and east of Morris Brooks; that part of the City of Peabody lying east of Farm Avenue, south of Forest Street, and north and west of Goldthwaite Brook; that part of the City of Peabody lying north of Lowell Street and east, west, and south of Goodale Street; the City of Revere; the Town of Rockport; that part of the City of West Peabody lying east of the Boston and Maine Railroad, south of Lake Street (rear), and west of U. S. Route No. 1; and the Town of Wenham.

(4) All of Hampden County except that part of the Town of East Longmeadow lying north of Hampden Road, south of Springfield Road, east of State Route No. 83, and west of Carmoody Road; that part of the Town of East Longmeadow lying south of Springfield Road, north and west of Hampden Road, and east of State Route No. 83; that part of the Town of Hampden lying south of Carmoody Road, north of State Route No. 83, east of Hampden Road and west of Wilbraham Road; that part of the City of West Springfield lying south of U. S. Route No. 202 and State Route No. 10, north and east of U. S. Route No. 20, and west of the Connecticut River.

(5) All of Middlesex County except that part of the Town of Ashland lying east of Oak Street, south of Oregon Street, and northeast of Winter Street; that part of the Town of Bedford lying south and west of Spring Brook, north of Page Road, and east of Springs Road; that part of the Town of Bedford lying east of Crosby Road and the Shawsheen River, south of the Middlesex Turnpike, and north of State Route No. 62; that part of the Town of Billerica lying northeast of U. S. Route No. 3, and northwest of Andover Road; that part of the Town of Billerica lying south of Dudley Road and west of Concord Road; that part of the Town of Billerica lying east of Lexington Road and southwest of U. S. Route No. 3; that part of the Town of Billerica lying east of Treble Cove Road, north of State Route No. 4, west of the Concord River, and south of U. S. Route No. 3; that part of the Town of Boxboro lying south of State Route No. 111; that part of the Town of Burlington lying southwest of U. S. Route No. 3, southeast of Francis Wyman Road, and north of Bedford Street; that part of the Town of Burlington lying southeast of Dug Way, northeast of Winn Street, and northwest of Peach Orchard Road; the Town of Carlisle; the Town of Chelmsford; that part of the Town of Concord lying north of Main Street, southeast of Marlborough Road, and southwest of State Route No. 2; that part of the Town of Dracut lying east of Gumpas Avenue and west of Mammoth Road; that part of the Town of Dracut lying west and south

of Lakeview Avenue from the Lowell town line to the Tyngsboro town line; that part of the Town of Dracut lying south of Marsh Hill Road, north and west of State Route No. 113, and east of State Route No. 38; that part of the Town of Dracut lying south and east of Cross Street to State Routes No. 38 and No. 113, and north and west of Hildrith Street to Pelham Brook; that part of the Town of Framingham lying south and west of Indian Head Road, east of Prospect Street, and north of State Route No. 9; that part of the Town of Holliston lying South of Central Street, west of Pisk Street, and east of Norfolk Street; that part of the town of Holliston lying southeast of State Route No. 16, southwest of the New York Central Railroad, and north of Woodland and Lowland Streets; that part of the Town of Hopkinton lying east of Front Street, southeast of Mill Street, and northwest of Ash Street; that part of the Town of Hopkinton lying north of Main Street and east of Cedar Street; that part of the Town of Hudson lying west of Chapin Street, and northwest of Brigham Street and the Assabet River; that part of the Town of Hudson lying northwest of State Route No. 62 and northeast of Cox Street and Cemetery Road; that part of the Town of Lexington lying west of Westview Road and south of State Routes No. 4 and No. 25; that part of the Town of Lexington lying south of Moreland Avenue, west of Pleasant Street, east of Meadowbrook Avenue, and north of State Route No. 2; that part of the Town of Lincoln lying north of State Route No. 2, south of State Route No. 2A, east of Bedford Road, and west of Mill Street; that part of the Town of Marlboro lying south of Robin Hill Road, east of Millham Road, west of Bigelow Street, and north of Elm Street; that part of the Town of North Reading lying north of State Route No. 62 and east of State Route No. 28; that part of the Town of North Wilmington lying east of Andover and Woburn Streets and north of Park Street; the Town of Peppertil; the Town of Reading; the Town of Shirley; that part of the Town of Stow lying south of State Route No. 117, west of Athens Road, and north of Bolton Road; that part of the Town of Sudbury lying south of Lincoln Road, north and west of Water Street, and east of Concord Road; that part of the Town of Sudbury lying north of State Route No. 117, east of Dakin Road, and west of the Old Colony Railroad; that part of the Town of Sudbury lying south of Concord Road, north of Lincoln Road, west of Corner Road, and east of Old Marlboro Road; that part of the Town of Sudbury lying north of the Boston and Maine Railroad, east of Horse Pond Road, southeast of Peakham Road, and west of the Old Colony Railroad; that part of the Town of Tewksbury lying northwest of the Shawsheen River, northeast of State Route No. 38, and south of Salem Street; that part of the City of Waltham lying east of Wyman Street, south and west of Lincoln Street, and north of Winter Street; that part of the Town of Wayland lying north of Thompson Street, west of Rice Road, east of Loker Road, and south of Old Connecticut Path; that part of the Town of Westford lying south and west of State Route No. 25; that part of the Town of Weston lying south of U. S. Route No. 20, west of School Street, north of Chestnut and Wellesley Streets, and east of Golden Ball Road and Chestnut Street; that part of the Town of Weston lying north of U. S. Route No. 20; that part of the Town of Wilmington lying north of Salem Street, northwest of State Route No. 62, west of Ballardvale Street, southwest of the Salem and Lowell Branch of the Boston and Maine Railroad, and east of the Portland Division of the Western Branch of the Boston and Maine Railroad; that part of the Town of Wilmington lying northeast of State Route No. 38, west of the Wilmington Branch of the Boston and Maine Railroad, and south of Salem Street; that part of the Town of Wilmington lying east of the Wilmington Branch of the Boston and Maine Railroad, west of the Portland Branch of the Boston and Maine Railroad, and north of Salem Road; and that part of the Town of Wilmington lying east of Woburn Street, north of Concord Road, and south of Park Street.

(6) All of Norfolk County except that part of the Town of Bellingham lying north of Farm Street and west of Hartford Street; that part of the Town of Canton lying south of Randolph Street, east of York Street, north of Willow Street, and west of Old Randolph Street; that part of the Town of Dedham lying southeast of State Route No. 109 and northwest of U. S. Route No. 1; that part of the Town of Dover lying south of Powisset Street, east of Walpole Street, and north of Hartford Street; that part of the Town of Foxboro lying east of Central Street, south of Spring Street, and west of Belcher Street; that part of the Town of Holbrook lying south of State Route No. 139; that part of the Town of Norfolk lying west of Massapoag Avenue and south and east of Mansfield Street; the Town of Norwood; that part of the Town of Randolph lying east of High Street, north of Chestnut Street, west of Overlook Road, and south of Canton Street; that part of the Town of Sharon lying north of Main Street; that part of the Town of South Bellingham lying south and east of Pulaski Boulevard; the Town of South Walpole; the Town of Walpole; the Town of Wellesley; the Town of Westwood; that part of the Town of Wrentham lying north of State Route No. 11 and south of State Route No. 140; that part of the Town of Wrentham lying south and east of State Route No. 11 and west of U. S. Route 1-A; and the Town of Stoughton.

(7) All of Plymouth County except that part of the Town of Abington lying south of Randolph Street, north of Rockland Street, west of Bedford Street, and east of Hancock Street; that part of the Town of Bridgewater lying southwest of Winter Street, north of Auburn Street, and east of Beaver Street; that part of the City of Bridgewater lying north of Flagg Street, southwest of Conant Street, and southeast of Summer Street; that part of the Town of Brockton lying south of East Ashland Street, north of Court Street, and east of North Quincy Street; that part of the Town of Hanson lying north of Main Street, east of Washington Street, south of Holmes Street, and west of Philips Street; that part of the Town of Lakeville lying east of State Route No. 105, southwest of Baughn Street and north of the Assawompset Lake; that part of the Town of Mattapoisett lying south of Aucoot Road, west of Peasespoint Road, and east of Bowman Road; that part of the Town of Middleborough lying south of Smith Street, east of the New York, New Haven and Hartford Railroad, west of State Route No. 28, and north of Spruce Street; that part of the Town of Middleborough lying south of Plymouth Street, north of Centre Street, east of Vernon Street, and west of Pleasant Street; that part of the Town of Middleborough lying west of Pleasant Street, east of Vernon Street and the Poquoy River, north of Mill and Clay Streets, and south of Centre Street; that part of the Town of Rochester lying east of the Mattapoisett-Rochester Road and south of New Bedford Road and State Route No. 105; that part of the Town of Rochester lying south of State Route No. 105, north of Perry Hill Road, west of Herring Run River, and east of Cushman Road; that part of the Town of Rochester lying east of Vaughns Hill Road, south of Hartlet Road, west of Mandall Road, and north of Taunton Road; that part of the Town of Rockland lying south of Summer Street and east of Beach Street; that part of the Town of Rockland lying south of Forest Street, west of Union Street, and east of Weymouth Street; and that part of the City of West Bridgewater lying northeast of State Route No. 28 and southwest of Ash Street.

(8) All of Worcester County except the Town of Ashburnham; that part of the Town of Blackstone lying west of Mendon Street and north and east of Chestnut Street; that part of the Town of Blackstone lying north of Lincoln and Orchard Streets, south of Town Farm Road and Chestnut Street, and west of Meadow Street; the Town of Gardner; that part of the Town of Grafton lying east of State Routes No. 140 and No. 30; that part of the Town of Grafton lying north of Follett Street, south of Millbury Street, and west of Fitzpatric Street; that part of the Town of Mendon lying north of Bellingham Road and south and east of Hartford Avenue East; the Town of Milford; that part of the Town of Oxford lying south of State Route No. 12; that part of the Town of Sutton lying south of Boston Road, north of State Route CD-520, east of Singletary Avenue, and west of State Route No. 146; the Town of Templeton; and that part of the Town of Westboro lying north of State Route No. 9.

(f) *New Jersey:* (1) Atlantic, Bergen, Camden, Gloucester, Hudson, Hunterdon, and Morris Counties.

(2) That area consisting of Union, Monmouth, Ocean Counties and all of Middlesex County except that part of the City of New Brunswick lying east of U. S. Route No. 130, south of State Route No. 18, west of U. S. Route No. 1, and north of the North Brunswick Township line; and except that part of North Brunswick Township lying south of the New Brunswick City line, northeast of the Raritan River Railroad, and northwest of U. S. Route No. 1.

(3) That area in Lower Township in Cape May County lying east of U. S. Highway No. 9.

(4) That area in Dennis Township in Cape May County bounded by the Belleplain State Forest on the south and east and State Highway No. 550 on the north and west and State Highway Spur No. 550 on the west.

(5) All of Burlington County except Delran, Washington, Shamong, Tabernacle, and Bass River Townships, and except that part of North Hanover Township lying south of Old Monmouth Road.

(g) *New York:* (1) The Town of Poland in Chautauqua County.

(2) The Town of Poughkeepsie in Dutchess County.

(3) That area in the Town of Clarkstown lying north of State Route No. 59 in Rockland County.

(h) *Pennsylvania:* Bucks and Delaware Counties.

(i) *Rhode Island:* Bristol, Kent, and Providence Counties.

Effective date. The foregoing amendment shall become effective upon issuance.

The amendment excludes certain areas from the areas in which vesicular exanthema has been found to exist and in which a quarantine has been established. Hereafter, the restrictions pertaining to the interstate movement of swine and carcasses, parts and offal of swine from or through quarantined areas contained in 9 CFR, Part 76, Subpart B, as amended (18 F. R. 3636, as amended), no longer apply to such areas. However, the restrictions pertaining to such movement from non-quarantined areas contained in said Subpart B, as amended, apply thereto.

The amendment relieves certain restrictions presently imposed, and must be made effective immediately to be of maximum benefit to persons subject to such restrictions. The amendment also deletes §§ 76.27 and 76.27a and adds the new § 76.27 in order to conform the regulations to the delegation of authority by the Secretary of Agriculture to the Administrator of the Agricultural Research Service in connection with the reorganization of the Department of Agriculture. Accordingly, under section 4 of the Administrative Procedure Act (5 U. S. C. 1003), it is found upon good cause that notice and other public procedure with respect to the amendment are impracticable and contrary to the public interest and good cause is found for making it effective less than 30 days after publication in the FEDERAL REGISTER.

(Secs. 4, 5, 23 Stat. 32, as amended, sec. 2, 32 Stat. 792, as amended, secs. 1, 3, 33 Stat. 1264, as amended, 1265, as amended; 21 U. S. C. 120, 111, 123, 125. Interprets or applies sec. 7, 23 Stat. 32, as amended; 21 U. S. C. 117)

Done at Washington, D. C., this 5th day of March 1954.

[SEAL] M. R. CLARKSON,
Acting Administrator,
Agricultural Research Service.

[F. R. Doc. 54-1738; Filed, Mar. 10, 1954; 8:49 a. m.]

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

[Civil Air Regs., Amdt. 18-2]

PART 18—MAINTENANCE, REPAIR, AND ALTERATION OF AIRFRAMES, POWERPLANTS, PROPELLERS, AND APPLIANCES

APPROVAL OF REPAIRS AND ALTERATIONS TO PRODUCTS MANUFACTURED UNDER A TECHNICAL STANDARD ORDER

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 4th day of March 1954.

Currently effective § 18.11 (b) of Part 18 of the Civil Air Regulations permits an appropriately rated certificated repair station, a manufacturer, or an appropriately certificated air carrier to approve major alterations and repairs on airframes, powerplants, propellers, or appliances, if the repairs or alterations have been made in accordance with a manual, specification, or other technical data approved by the Administrator. This requirement permits, for example, an air carrier to approve repairs made to a product manufactured under a Technical Standard Order (TSO) in accordance with certain data, provided he has obtained approval of the data from the Administrator. In the case of such repairs, however, made in accordance with technical data furnished by the product manufacturer, the approval of the Administrator is required under § 18.11 (b). This latter procedure is not considered to be necessary so long as the repairs are accomplished in accordance with data furnished by the product manufacturer which he asserts meet the terms of the TSO. This amendment permits such approval of major repairs and alterations by an appropriately rated certificated repair station, a manufacturer, or an appropriately certificated air carrier.

Since this amendment is minor in nature and imposes no additional burden on any person, notice and public procedure hereon are unnecessary, and the amendment may be made effective without prior notice.

In consideration of the foregoing, the Civil Aeronautics Board hereby amends Part 18 (14 CFR Part 18, as amended) effective immediately:

By adding a new subparagraph to § 18.11 (b) to read as follows:

§ 18.11 *Persons authorized to approve maintenance, repair, and alterations.* * * *

(b) *Major repairs and major alterations.* * * *

(5) An appropriately rated certificated repair station, a manufacturer, or an appropriately certificated air carrier, if the product has been approved under the terms of a Technical Standard Order and the work is performed in accordance with data furnished by the product manufacturer which he asserts meet the terms of the Technical Standard Order.

(Sec. 205; 52 Stat. 984; 49 U. S. C. 425. Interpret or apply secs. 601, 605; 52 Stat. 1007, 1010; 49 U. S. C. 551, 555)

By the Civil Aeronautics Board.

[SEAL] M. C. MULLIGAN,
Secretary.

[F. R. Doc. 54-1732; Filed, Mar. 10, 1954; 8:48 a. m.]

[Reg. SR-402]

PART 42—IRREGULAR AIR CARRIER AND OFF-ROUTE RULES

SPECIAL CIVIL AIR REGULATION; CERTIFICATION AND OPERATION RULES FOR STAR ROUTE AIR CARRIERS

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 4th day of March 1954.

When the nature of the terrain in particular sections of the country is such as to make surface transportation impracticable, the Postmaster General has authority under the Experimental Air Mail Act of 1938, as amended, to award contracts for the transportation of all classes of mail by airplane. The routes for which these contracts are awarded are known as "star routes" and are generally in isolated areas and of comparatively short distance. In a few instances these routes are located completely within a state.

An "air carrier" under the Civil Aeronautics Act of 1938, as amended, is defined as anyone who engages in air transportation. "Air transportation" is defined as interstate, overseas, and foreign air transportation or the transportation of mail by aircraft. Thus, a "star route" operator, including one otherwise engaged exclusively in intrastate air transportation, is an "air carrier" within the meaning of the act.

While "star route" air carriers are exempted from certain areas of the Board's economic jurisdiction, they are subject to the Board's safety jurisdiction over air carriers. However, presently effective Parts 40 and 42 of the Civil Air Regulations apply to air carriers when engaged in interstate air transportation, but are not applicable to "star route" air carriers who are engaged only in intrastate transportation of mail. In view of the fact that the Civil Aeronautics Act requires each air carrier to have an air carrier operating certificate, it is necessary to make provision in the Civil Air Regulations for the issuance of this certificate to these "star route" air carriers.

This Special Civil Air Regulation provides air carrier certification and operation rules for all carriers engaged in carriage of mail pursuant to "star route" contracts. In view of the fact that these air carriers generally operate small planes and carry out relatively small operations, it appears desirable that they be certificated and comply with the provisions of Part 42 which are also applicable to air taxi operators. Thus, under this regulation, these air carriers are required to be certificated in accordance with Part 42 and to comply with the provisions of Part 42. Since it will require a certain amount of time to accomplish this certification, this regulation will become effective in ninety days.

Interested persons have been afforded an oportunity to participate in the making of this regulation, and due consideration has been given to all the relevant matter presented.

In consideration of the foregoing, the Civil Aeronautics Board hereby makes and promulgates the following Special Civil Air Regulation, effective June 2, 1954.

Persons engaged in the carriage of mail by aircraft pursuant to "star route" contracts awarded under the Experimental Air Mail Act of 1938, as amended, shall, for such operations, be certificated in accordance with and comply with the provisions of Part 42 of the Civil Air Regulations.

(Sec. 205; 52 Stat. 984; 49 U. S. C. 425. Interpret or apply secs. 601, 604; 52 Stat. 1007, 1010; 49 U. S. C. 551, 554)

By the Civil Aeronautics Board.

[SEAL] M. C. MULLIGAN,
Secretary.

[F. R. Doc. 54-1731; Filed, Mar. 10, 1954; 8:48 a. m.]

PART 45—COMMERCIAL OPERATOR CERTIFICATION AND OPERATION RULES

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 4th day of March 1954.

This revision of Part 45 of the Civil Air Regulations brings the references to current Parts 40 and 61, which are contained in §§ 45.3 and 45.4, into accord with revised Part 40 which is to become effective on April 1, 1954, and deletes certain rules which are no longer applicable.

On April 13, 1953, the Board adopted revised Part 40 which consolidates and replaces the certification and operating rules for scheduled air carriers currently contained in Parts 40 and 61. Section 45.3 currently states that an applicant for a commercial operator's certificate who carries or intends to carry passengers in large aircraft for compensation

or hire as a common carrier between any two points entirely within any State in excess of a certain frequency shall demonstrate that he is capable of conducting his operations in accordance with the provisions of Part 40 with the exception of certain sections. Section 45.4 currently states that persons subject to the provisions of Part 45 who conduct common carrier operations subject to this part in large aircraft carrying passengers between points entirely within a State in excess of a certain frequency shall comply with the requirements of Part 61 with the exception of certain sections. This revision changes the references to Parts 40 and 61 to conform to the appropriate sections of revised Part 40. Subparagraph (1) of § 45.2 (a) permitted operation without a commercial operator's certificate until April 1, 1950, if certain conditions were met. Since this date has long since passed, this paragraph is no longer applicable and is being deleted.

Since these changes are minor in nature and impose no additional burden on any person, notice and public procedure hereon are unnecessary.

In consideration of the foregoing, the Civil Aeronautics Board hereby revises Part 45 of the Civil Air Regulations (14 CFR Part 45, as amended) effective April 1, 1954, to read as follows:

Sec.
45.1 Applicability of part.
45.2 Certificate required.
45.3 Certification requirements.
45.4 Operating rules.
45.5 Certificate rules.

AUTHORITY: §§ 45.1 to 45.5 issued under sec. 205, 52 Stat. 984; 49 U. S. C. 425. Interpret or apply secs. 601, 607, 52 Stat. 1007, 1011, as amended; 49 U. S. C. 551, 557.

§ 45.1 *Applicability of part.* The provisions of this part shall be applicable to citizens of the United States engaging in the carriage in air commerce of goods or passengers for compensation or hire, unless such carriage is conducted under the provisions of an air carrier operating certificate issued by the Administrator. For the purpose of this part, student instruction, banner towing, crop dusting, seeding, and similar operations shall not be considered as the carriage of goods or persons for compensation or hire.[1]

§ 45.2 *Certificate required.* No person subject to the provisions of this part shall engage in air commerce using aircraft of more than 12,500 pounds maximum certificated take-off weight until he has obtained from the Administrator a commercial operator certificate: *Provided*, That no person holding an air carrier operating certificate shall be required to obtain or be eligible for any commercial operator certificate unless he holds only an air carrier operating certificate issued pursuant to Part 42 of this subchapter and carries or intends to carry passengers for compensation or hire as a common carrier between any two points within a State with the frequency set forth in § 45.3 (a).

§ 45.3 *Certification requirements.* A commercial operator certificate shall be issued to an applicant who demonstrates to the Administrator that he is capable of conducting his operations in accordance with the provisions of Part 42 of this subchapter, as heretofore or hereafter amended, or at an equivalent level of safety: *Provided*, That an applicant who carries or intends to carry passengers for compensation or hire as a common carrier between two points[2] entirely within any State with the frequency set forth in paragraph (a) of this section shall demonstrate that he is capable of conducting these operations in accordance with the requirements of Part 40 of this subchapter, as heretofore or hereafter amended, except §§ 40.1, 40.10, and 40.12 through 40.17, or with such other certification requirements as the Administrator finds will provide an appropriate level of safety for the operation.[3]

(a) Two flights, or one round trip, a week on the same day or days of the week for any eight or more weeks in any 90 consecutive days; or a total of 36 or more flights, or 18 or more round trips, in any 90 consecutive days.

§ 45.4 *Operating rules.* (a) Except as provided in paragraph (b) of this section, all persons subject to the provisions of this part shall, in the conduct of operations subject hereto, comply with the operating requirements of Part 42 of this subchapter, as heretofore or hereafter amended. Operating requirements shall be deemed to include requirements relating to aircraft and equipment, maintenance, flight crew, flight time limitations, flight operation, aircraft operating limitations, and related record-keeping and reporting requirements.

(b) Persons subject to the provisions of this part who conduct common carrier operations subject hereto in aircraft of more than 12,500 pounds maximum certificated take-off weight carrying passengers between points entirely within a State with the frequency described in § 45.3 (a) shall, in the conduct of all passenger operations between such points, comply with the requirements of Part 40 of this subchapter, as heretofore or hereafter amended, except §§ 40.1, 40.10, and 40.12 through 40.17, or with such other operating requirements as the Administrator finds will provide an appropriate level of safety for the operation.

§ 45.5 *Certificate rules.* The certificate rules prescribed in §§ 42.5 through 42.9 of this subchapter shall be applicable to commercial operator certificates, except that for those persons complying with the certification requirements of Part 40 of this subchapter, §§ 40.11, and 40.18 shall apply in lieu of § 42.5.

NOTE: The reporting requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

By the Civil Aeronautics Board.

[SEAL] M. C. MULLIGAN, *Secretary.*

[F. R. Doc. 54-1733; Filed, Mar. 10, 1954; 8:49 a. m.]

[1] Under circumstances where it is doubtful whether the operations are for "compensation or hire," the test to be applied is whether the air carriage is merely incidental to the operator's other business or is, in and of itself, a major enterprise for profit.

[2] The term "point" as used in this section shall have the same meaning as that established by § 291.1 (b) of this chapter. Section 291.1 (b) defines point to include "any airport or place where aircraft may be landed or taken off, including the area within a 25-mile radius of such airport or place."

[3] Note that an air carrier holding an air carrier operating certificate issued under the provisions of Part 42 of this subchapter may not conduct intrastate operations with the frequency specified in paragraph (a) of this section without first obtaining a commercial operator certificate.

TITLE 32—NATIONAL DEFENSE

Chapter XIV—The Renegotiation Board

Subchapter B—Renegotiation Board Regulations Under the 1951 Act

PART 1453—MANDATORY EXEMPTIONS FROM RENEGOTIATION

RAW MATERIALS

Section 1453.2 (b) *Raw materials* is amended by inserting the following immediately after the words "Vermiculite ore, crude, crushed and expanded" appearing in the list following subparagraph (3):

Wattle bark; wattle and chestnut tannin extract.

(Sec. 109, 65 Stat. 22; 50 U. S. C. App. Sup. 1219)

Dated: March 4, 1954.

PART 1480—CONTROL OF RENEGOTIATION RECORDS AND INFORMATION CONTAINED THEREIN

DISCLOSURE OF CONFIDENTIAL INFORMATION

This part is amended by deleting the last sentence of § 1480.1 and inserting in lieu thereof the following:

Nothing contained in this part will authorize the transmission or disclosure of any information or material classified as "Top Secret", or "Secret" or "Confidential" within the meanings assigned to those terms in Executive Order 10501, dated November 5, 1953 (18 F. R. 7049), or of any "restricted data" as that term is defined in the Atomic Energy Act of 1946, as amended. All officers and employees of the Board are subject to the provisions of section 1905, title 18, United States Code, which reads as follows:

SEC. 1905. *Disclosure of confidential information generally.* Whoever, being an officer or employee of the United States or of any department or agency thereof, publishes, divulges, discloses, or makes known in any manner or to any extent not authorized by law any information coming to him in the course of his employment or official duties or by reason of any examination or investigation made by, or return, report or record made to or filed with, such department or agency or officer or employee thereof, which information concerns or relates to the trade secrets, processes, operations, style of work, or apparatus, or to the identity, confidential statistical data, amount or source of any income, profits, losses, or expenditures of any person, firm, partnership, corporation, or association; or permits any income return or copy thereof or any book containing any abstract or particulars thereof to be seen or examined by any person except as provided by law; shall be fined not more than $1,000, or imprisoned not more than one year, or both; and shall be removed from office or employment.

(Sec. 109, 65 Stat. 22; 50 U. S. C. App. Sup. 1219)

Dated: March 4, 1954.

GEORGE C. MCCONNAUGHEY, *Chairman.*

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 941]

[Docket No. AO-101-A17]

MILK IN CHICAGO, ILLINOIS, MARKETING AREA

NOTICE OF HEARING ON PROPOSED AMENDMENTS TO TENTATIVELY APPROVED MARKETING AGREEMENT AND TO ORDER, AS AMENDED, REGULATING HANDLING

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of a public hearing to be held in the Hollywood Room, Morrison Hotel, Clark and Madison Streets, Chicago, Illinois, beginning at 10:00 a. m., c. s. t., on March 15, 1954.

The hearing is for the purpose of receiving evidence with respect to economic and marketing conditions which relate to the handling of milk for the Chicago, Illinois, marketing area and to the proposed amendments set forth herein below, or modifications thereof, to the tentative marketing agreement as heretofore approved by the Secretary of Agriculture and to the order, as amended, regulating the handling of milk in the said marketing area. Consideration will be given also to the question of whether such conditions require emergency action with respect to any or all amendments deemed necessary as the result of the hearing. The amendments proposed have not received the approval of the Secretary of Agriculture.

The following amendments have been proposed:

By the Pure Milk Association:

1. Add § 941.69 as follows:

§ 941.69 *Handling allowance credit.* For each handler who receives milk from producers during the delivery periods of April, May, and June 1954, a handling allowance credit shall be computed as follows:

(a) Determine the total pounds of producer milk classified as Class III (a) milk, Class III milk, and Class IV milk (other than shrinkage and inventory variation) during the current delivery period, and the same delivery period in 1953;

(b) If the total pounds of milk computed pursuant to paragraph (a) of this section for the current delivery period is greater than the amount so computed for the same delivery period during 1953, the difference less any increase in the pounds of Class III (a) milk and Class III milk combined shall be the pounds of milk subject to a handling allowance credit;

(c) Multiply the pounds of milk computed pursuant to paragraph (b) of this section by $0.30 per hundredweight. The result is the handling allowance credit.

2. Amend § 941.70 as follows:

a. Delete "and" in paragraph (c);

b. Replace the period at the end of paragraph (d) with a semicolon and add the word "and"; and

c. Add paragraph (e):

(e) Subtract for each of the months of April, May, and June, 1954, the handling allowance credit computed pursuant to § 941.69.

3. Amend § 941.40, paragraph (b), by the addition of "Grant County, Indiana, and Boone County, Indiana" to the area referred to therein as the "Surplus Milk Manufacturing Area."

By the Dairy Division, Agricultural Marketing Service:

4. Make such other changes as may be required to make the entire marketing agreement and order conform with any amendments thereto that may result from this hearing.

Copies of this notice of hearing and of the said order as amended, may be procured from the Market Administrator, 73 West Monroe Street, Chicago 3, Illinois, or from the Hearing Clerk, Room 1353, South Building, United States Department of Agriculture, Washington 25, D. C., or may be there inspected.

Dated: March 8, 1954, at Washington, D. C.

Commodity Stabilization Service

[7 CFR Part 729]

PEANUTS

NOTICE OF PROPOSED DETERMINATIONS WITH RESPECT TO THE SUPPLY OF THE SEVERAL TYPES OF PEANUTS FOR THE 1954-55 MARKETING YEAR

Pursuant to section 358 (c) of the Agricultural Adjustment Act of 1938, as amended (7 U. S. C. 1358 (c)), the Secretary of Agriculture is preparing to determine whether the supply of any type or types of peanuts for the 1954-55 marketing year will be insufficient to meet the estimated demand for cleaning and shelling purposes. Section 358 (c) of the act, as amended, reads in part as follows:

Notwithstanding any other provision of law, if the Secretary of Agriculture determines, on the basis of the average yield per acre of peanuts by types during the preceding five years, adjusted for trends in yields and abnormal conditions of production affecting yields in such five years, that the supply of any type or types of peanuts for any marketing year, beginning with the 1951-1952 marketing year, will be insufficient to meet the estimated demand for cleaning and shelling purposes at prices at which the Commodity Credit Corporation may sell for such purposes peanuts owned or controlled by it, the State allotments for those States producing such type or types of peanuts shall be increased to the extent determined by the Secretary to be required to meet such demand but the allotment for any State may not be increased under this provision above the 1947 harvested acreage of peanuts for such State. The total increase so determined shall be apportioned among such States for distribution among farms producing peanuts of such type or types on the basis of the average acreage of peanuts of such type or types in the three years immediately preceding the year for which the allotments are being determined. The ad-

ditional acreage so required shall be in addition to the national acreage allotment, the production from such acreage shall be in addition to the national marketing quota, and the increase in acreage allotted under this provision shall not be considered in establishing future State, county, or farm acreage allotments.

Prior to determining whether the supply of any type or types of peanuts for the 1954–55 marketing year will be insufficient to meet the estimated demand for cleaning and shelling purposes, consideration will be given to any data, views, and recommendations relating thereto, which are submitted in writing to the Director, Oils and Peanut Division, Commodity Stabilization Service, United States Department of Agriculture, Washington 25, D. C. All written submissions must be postmarked not later than 10 days after publication of this notice in the FEDERAL REGISTER.

Done at Washington, D. C., this 5th day of March, 1954.

[SEAL] J. A. McCONNELL,
Administrator.

INTERSTATE COMMERCE COMMISSION

[49 CFR Part 121]

SEPARATION OF OPERATING EXPENSES BETWEEN FREIGHT AND PASSENGER SERVICES

APPROVAL OF INCLUSION OF SWITCHING AND TERMINAL COMPANIES OF CLASS I STEAM RAILROADS

MARCH 8, 1954.

Having under consideration the provisions of the order of November 18, 1952, in the matter of rules governing the separation of operating expenses, taxes, equipment rents, and joint facility rents between freight service and passenger service on class I line-haul steam railroad companies (49 CFR 121.0 to 121.78), the Commission, by Division 1, has approved the inclusion of switching and terminal companies of class I steam railroads in the terms of such order.

Any interested person may on or before May 15, 1954, file with the Commission written views or arguments to be considered in this connection, and may request oral argument thereon. Unless otherwise decided after consideration of representations so received, an order will be entered making the modification.

[SEAL] G. W. LAIRD,
Secretary.

NOTICES

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[No. 24 (R-IV)]

COLORADO

ORDER PROVIDING FOR OPENING OF PUBLIC LANDS

FEBRUARY 26, 1954.

In an exchange of lands made under the provisions of section 8 of the act of June 28, 1934 (48 Stat. 1269), as amended June 26, 1936 (49 Stat. 1976, 43 U. S. C. 315g), the following described lands have been reconveyed to the United States:

SIXTH PRINCIPAL MERIDIAN

T. 8 N., R. 93 W.,
Sec. 16, S½SW¼.

The area described contains 80 acres.

This land has been classified as possibly suitable for the production of cultivated crops by dry-farm methods.

No applications for these lands may be allowed under the homestead, small tract, desert-land, or any other nonmineral public-land laws, unless the lands have already been classified as valuable or suitable for such type of application, or shall be so classified upon consideration of an application.

This order shall not otherwise become effective to change the status of such lands until 10:00 a. m., on the 35th day after the date of this order. At that time the said lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, and selection as follows:

(a) *Ninety-one day period for preference-right filings.* For a period of 91 days, commencing at the hour and on the day specified above, the public lands affected by this order shall be subject only to (1) application under the homestead or the desert-land laws or the Small Tract Act of June 1, 1938, 52 Stat. 609 (43 U. S. C. 682a), as amended, by qualified veterans of World War II and other qualified persons entitled to preference under the act of September 27, 1944, 58 Stat. 747 (43 U. S. C. 279–284), as amended, subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications under subdivision (1) of this paragraph shall be subject to applications and claims of the classes described in subdivision (2) of this paragraph. All applications filed under this paragraph either at or before 10:00 a. m. on the 35th day after the date of this order shall be treated as though filed simultaneously at that time. All applications filed under this paragraph after 10:00 a. m. on the said 35th day shall be considered in the order of filing.

(b) *Date for non-preference-right filings.* Commencing at 10:00 a. m. on the 126th day after the date of this order, any lands remaining unappropriated shall become subject to such application, petition, location, selection, or other appropriation by the public generally as may be authorized by the public-land laws. All such applications filed either at or before 10:00 a. m. on the 126th day after the date of this order, shall be treated as though filed simultaneously at the hour specified on such 126th day. All applications filed thereafter shall be considered in the order of filing.

A veteran shall accompany his application with a complete photostatic, or other copy (both sides), of his certificate of honorable discharge, or of an official document of his branch of the service which shows clearly his honorable discharge as defined in § 181.36 of Title 43 of the Code of Federal Regulations, or constitutes evidence of other facts upon which the claim for preference is based and which shows clearly the period of service. Other persons claiming credit for service of veterans must furnish like proof in support of their claims. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their their applications by duly corroborated statements in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the Land and Survey Office at Denver, Colorado, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Parts 166 to 170, inclusive, of Title 43 of the Code of Federal Regulations, and applications under the desert-land laws and the said Small Tract Act of June 1, 1938, shall be governed by the regulations contained in Parts 232 and 257, respectively of that title.

Inquiries concerning these lands shall be addressed to the Manager, Land and Survey Office, 437 Post Office Building, Denver, Colorado.

RALPH J. MITCHELL,
Acting Regional Administrator.

[F. R. Doc. 54-1716; Filed, Mar. 10, 1954; 8:45 a. m.]

UTAH

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

MARCH 2, 1954.

An application, serial number Utah 011099, for the withdrawal from prospecting, location, entry or purchase under the mining laws, of the lands described below was filed on January 15, 1954, by the Atomic Energy Commission. The purposes of the proposed withdrawal: For use by the Atomic Energy Commission.

For a period of 30 days from the date of publication of this notice, persons having cause to object to the proposed withdrawal may present their objections in writing to the Regional Administrator, Region IV, Bureau of Land Management, Department of the Interior at Salt Lake City, Utah, P. O. Box 659. In case any objection is filed and the nature of the opposition is such as to warrant it, a public hearing will be held at a convenient time and place, which will be announced, where opponents to the order may state their views and where proponents of the order can explain its purpose.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER, either in the form of a public land order or in the form of a Notice of Determination if the application is rejected. In either case, a separate notice will be sent to each interested party of record.

The lands involved in the application are:

SALT LAKE MERIDIAN

T. 32 S., R. 26 E.,
Sec. 26: Lots 1, 2, 3, and 4;
Sec. 27: E½NE¼, W½SW¼, SE¼SW¼, S½SE¼, NE¼SE¼;
Sec. 33: E½NE¼, SW¼NE¼, NE¼SE¼;
Sec. 34: N½, N½SW¼, SE¼SW¼, W½SE¼;
Sec. 35: Lots 1 and 2.
T. 33 S., R. 26 E.,
Sec. 3: NW¼, N½SW¼;
Sec. 4: S½NE¼, W½NW¼, S½.

RALPH J. MITCHELL,
Acting Regional Administrator.

[F. R. Doc. 54-1717; Filed, Mar. 10, 1954; 8:45 a. m.]

ALASKA

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

An application, serial number Fairbanks 010570, for the withdrawal from all forms of appropriation under the public land laws, of the lands described below was filed on July 30, 1953, by the Department of the Air Force. The purposes of the proposed withdrawal: Not stated.

For a period of 60 days from the date of publication of this notice, persons having cause to object to the proposed withdrawal may present their objections in writing to the Regional Administrator, Region VII, Bureau of Land Management, Department of the Interior at Anchorage, Alaska. In case any objection is filed and the nature of the opposition is such as to warrant it, a public hearing will be held at a convenient time and place, which will be announced, where opponents to the order may state their views and where proponents of the order can explain its purpose.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER, either in the form of a public land order or in the form of a Notice of Determination if the application is rejected. In either case, a separate notice will be sent to each interested party of record.

The lands involved in the application are:

T. 1 N., R. 1 E., F. M.,
Sec. 27: N½NW¼SW¼NW¼;

containing approximately 5 acres.

FRED J. WEILER,
Chief,
Division of Land Planning.

[F. R. Doc. 54-1718; Filed, Mar. 10, 1954; 8:45 a. m.]

[Misc. 5-11]

ARIZONA

ORDER PROVIDING FOR OPENING OF PUBLIC LANDS

MARCH 5, 1954.

In exchanges of lands made under the provisions of section 8 of the act of June 28, 1934 (48 Stat. 1269), as amended June 26, 1936 (49 Stat. 1976, 43 U. S. C. sec. 315g), the following described lands have been reconveyed to the United States:

GILA AND SALT RIVER MERIDIAN

T. 20 S., R. 20 E.,
Sec. 25, NE¼NE¼, S½NE¼, E½W½, SE¼;
Sec. 26, lot 1, NE¼SW¼, SW¼SW¼, SE¼;
Sec. 36
T. 21 S., R. 20 E.,
Sec. 12;
Sec. 13, NE¼.
T. 20 S., R. 21 E.,
Sec. 19, NE¼;
Sec. 20;
Sec. 21, W½;
Sec. 29, W½, NE¼;
Sec. 30.
T. 21 S., R. 21 E.,
Sec. 3, lots 6, 7, W½SE¼, SW¼;
Sec. 6, SE¼;
Sec. 7, NE¼;
Sec. 16.
T. 9 S., R. 28 E.,
Sec. 36, NW¼, NW¼NE¼.
T. 12 S., R. 29 E.,
Secs. 3, 10, 11, 12, 13, 14, 15, 16;
Sec. 5, W½, NE¼;
Sec. 6, E½SW¼, SE¼, lots 5, 6, 7;
Sec. 25, N½, N½S½, S½SW¼, SW¼SE¼;
Sec. 28, S½, NE¼, N½NW¼;
Sec. 30, N½.
T. 12 S., R. 30 E.,
Sec. 34, SE¼SW¼.

No application for these lands may be allowed under the homestead, small tract, desert-land or any other nonmineral public-land laws unless the lands have already been classified as valuable or suitable for such type of application, or shall be so classified upon consideration of an application. The lands in Ts. 20 and 21 S., Rs. 20 and 21 E. are in an area that the State of Arizona desires to use for National Guard activities. The lands in T. 12 S., Rs. 29 and 30 E. are in an area where considerable work has been done by the Federal Government in connection with soil and moisture conservation. It is unlikely that these areas will be classified for disposal under the homestead, desert-land, or small tract laws. Any application filed on lands described in this order will be considered on its merits.

This order shall not otherwise become effective to change the status of such lands until 10:00 a. m. on the 35th day after the date of this order. At that time the said lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, and selection as follows:

(a) *Ninety-one day period for preference-right filings.* For a period of 91 days, commencing at the hour and on the day specified above, the public lands affected by this order shall be subject only to (1) application under the homestead or the desert-land laws or the Small Tract Act of June 1, 1938, 52 Stat. 609 (43 U. S. C. 682a), as amended, by qualified veterans of World War II and other qualified persons entitled to preference under the act of September 27, 1944, 58 Stat. 747 (43 U. S. C. 279–284), as amended, subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications under subdivision (1) of this paragraph shall be subject to applications and claims of the classes described in subdivision (2) of this paragraph. All applications filed under this paragraph either at or before 10:00 a. m. on the 35th day after the date of this order shall be treated as though filed simultaneously at that time. All applications filed under this paragraph after 10:00 a. m. on the said 35th day shall be considered in the order of filing.

(b) *Date for non-preference-right filings.* Commencing at 10:00 a. m. on the 126th day after the date of this order, any lands remaining unappropriated shall become subject to such application, petition, location, selection, or other appropriation by the public generally as may be authorized by the public-land laws. All such applications filed either at or before 10:00 a. m. on the 126th day after the date of this order, shall be treated as though filed simultaneously at the hour specified on such 126th day. All applications filed thereafter shall be considered in the order of filing.

A veteran shall accompany his application with a complete photostatic, or other copy (both sides), of his certificate of honorable discharge, or of an official document of his branch of the service which shows clearly his honorable discharge as defined in § 181.36 of Title 43 of the Code of Federal Regulations, or constitutes evidence of other facts upon which the claim for preference is based and which shows clearly the period of service. Other persons claiming credit for service of veterans must furnish like proof in support of their claims. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated statements in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the Land and Survey Office, Phoenix, Arizona, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall

be governed by the regulations contained in Parts 166 to 170, inclusive, of Title 43 of the Code of Federal Regulations, and applications under the desert-land laws and the said Small Tract Act of June 1, 1938, shall be governed by the regulations contained in Parts 232 and 257, respectively, of that title.

Inquiries concerning these lands shall be addressed to the Manager, Land and Survey Office, Phoenix, Arizona.

E. R. SMITH,
Regional Administrator.

[Misc. No. 10]

IDAHO

ORDER PROVIDING FOR OPENING OF PUBLIC LANDS

MARCH 4, 1954.

Pursuant to exchanges made under the provisions of section 8 of the act of June 28, 1934 (48 Stat. 1269), as amended June 26, 1936 (49 Stat. 1976; 43 U. S. C. sec. 315g) the following described lands have been reconveyed to the United States:

BOISE MERIDIAN

T. 6 N., R. 25 E.,
Sec. 26, NW¼SE¼,
Sec. 33, W½NE¼NE¼.

The areas described aggregate 60 acres.

The lands described lie at an elevation of 5800 feet and the topography is gently rolling; the soil is silt loam intermingled with boulders; and the lands are within a reseeded project and are classified for retention in public ownership for the production of forage under the administration of the Bureau of Land Management.

While any application that is filed will be considered on its merits, it is unlikely that any part of the lands will be classified for any use or disposal other than that shown above.

No application for the lands may be allowed under the homestead, small tract, desert land, or any other nonmineral public land laws unless the lands have been classified as valuable or suitable for such type of classification or shall be so classified upon consideration of an application.

This order shall not otherwise become effective to change the status of such lands until 10:00 a. m. on the 35th day after the date of this order. At that time the said lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, and selection as follows:

(a) *Ninety-one day period for preference-right filings.* For a period of 91 days, commencing at the hour and on the day specified above, the public lands affected by this order shall be subject only to (1) application under the homestead or the desert-land laws or the Small Tract Act of June 1, 1938, 52 Stat. 609 (43 U. S. C. 682a), as amended, by qualified veterans of World War II and other qualified persons entitled to preference under the act of September 27, 1944, 58 Stat. 747 (43 U. S. C. 279–284), as amended, subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications under subdivision (1) of this paragraph shall be subject to applications and claims of the classes described in subdivision (2) of this paragraph. All applications filed under this paragraph either at or before 10:00 a. m., on the 35th day after the date of this order shall be treated as though filed simultaneously at that time. All applications filed under this paragraph after 10:00 a. m., on the said 35th day, shall be considered in the order of filing.

(b) *Date for non-preference-right filings.* Commencing at 10:00 a. m. on the 126th day after the date of this order, any lands remaining unappropriated shall become subject to such application, petition, location, selection, or other appropriation by the public generally as may be authorized by the public-land laws. All such applications filed either at or before 10:00 a. m. on the 126th day after the date of this order, shall be treated as though filed simultaneously at the hour specified on such 126th day. All applications filed thereafter shall be considered in the order of filing.

A veteran shall accompany his application with a complete photostatic, or other copy (both sides), of his certificate of honorable discharge, or of an official document of his branch of the service which shows clearly his honorable discharge as defined in § 181.36 of Title 43 of the Code of Federal Regulations, or constitutes evidence of other facts upon which the claim for preference is based and which shows clearly the period of service. Other persons claiming credit for service of veterans must furnish like proof in support of their claims. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated statements in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the Land Office, Boise, Idaho, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Parts 166 to 170, inclusive, of Title 43 of the Code of Federal Regulations, and applications under the desert-land laws and the said Small Tract Act of June 1, 1938, shall be governed by the regulations contained in Parts 232 and 257, respectively, of that title.

Inquiries concerning these lands shall be addressed to the Land Office, Boise, Idaho.

J. G. FRIEDLY,
Acting Regional Administrator.

FEDERAL POWER COMMISSION

[Docket No. G-2370]

EL PASO NATURAL GAS CO.

NOTICE OF APPLICATION

MARCH 5, 1954.

Take notice that El Paso Natural Gas Company (Applicant), a Delaware corporation having its principal place of business in El Paso, Texas, filed, on February 16, 1954, an application for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, authorizing the construction and operation of a 3½-inch pipeline approximately 8 miles in length, from a point of connection with Applicant's 26-inch and 30-inch lines in Cochise County, Arizona, to a point near the Town of Bowie, Arizona, together with metering and regulating equipment for the sale of natural gas to Arizona Public Service Company for resale at Bowie and the nearby farming community in Cochise County, Arizona.

Applicant estimates the cost of the proposed facilities at $75,855, and proposes to finance their construction out of its current working funds.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D. C., in accordance with the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 25th day of March 1954. The application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 54-1720; Filed, Mar. 10, 1954; 8:45 a. m.]

[Docket No. G-2371]

EL PASO NATURAL GAS CO.

NOTICE OF APPLICATION

MARCH 5, 1954.

Take notice that El Paso Natural Gas Company (Applicant), a Delaware corporation having its principal place of business in El Paso, Texas, filed, on February 17, 1954, an application for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, authorizing the construction and operation of natural gas pipeline and appurtenant facilities, consisting principally of the following facilities:

(1) A 16-inch O. D. pipeline, approximately 5.5 miles in length, from the proposed purification and dehydration plant to be located adjacent to the existing Monument Compressor Station located in Lea County, New Mexico, to a point of connection with the existing 24-inch O. D. Dumas pipeline;

(2) An 8⅝-inch O. D. loop line, approximately 6.5 miles in length, from the existing Monument plant in Lea County, New Mexico, parallel to the existing 8⅝-inch O. D. Hobbs pipeline;

(3) Additional compressor equipment of a capacity of 1,100 horsepower to the existing Hobbs Compressor Station located in Lea County, New Mexico;

(4) A compressor station of a capacity of 440 horsepower to be known as the Waddell Compressor Station to be located near the Gulf Oil Corporation's residue plant in Crane County, Texas;

(5) A purification and dehydration plant with an inlet designed capacity of up to 111,270 Mcf per day, to be located adjacent to the existing Monument Compressor Station, in Lea County, New Mexico, together with necessary piping and cylinder changes at the Monument Compressor Station to handle increased volumes of gas to be compressed at such location; and

(6) A 16-inch O. D. pipeline, approximately 1.3 miles in length from the existing high pressure system 16-inch trunk line to the proposed purification and dehydration plant to be located adjacent to the Monument Plant.

The proposed facilities would provide more flexibility in Applicant's operations in the Permian area and enable it to transport additional volumes of natural gas from the Hobbs-Monument areas of Lea County, New Mexico and from the Waddell (Sandhill) area in Pecos County, Texas, to points of connection with its presently authorized pipeline system.

Applicant estimates the cost of the proposed facilities at $3,295,589, and proposes to finance their construction out of its current working funds.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D. C., in accordance with the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 25th day of March 1954. The application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 54-1721; Filed, Mar. 10, 1954; 8:46 a. m.]

[Docket No. G-2372]

EL PASO NATURAL GAS CO.

NOTICE OF APPLICATION

MARCH 5, 1954.

Take notice that El Paso Natural Gas Company (Applicant), a Delaware corporation having its principal place of business in El Paso, Texas, filed on February 17, 1954, an application for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, authorizing the construction and operation of an 8⅝-inch pipeline approximately 8.2 miles in length, from the outlet side of the Denton Gasoline Plant in Lea County, New Mexico, to a point of connection with Applicant's existing 30-inch Permian-San Juan crossover line at approximately mile post 23.6, together with necessary metering facilities, for the purpose of transporting residue gas from the Denton Gasoline Plant to Applicant's existing pipeline system.

Applicant estimates the cost of the proposed facilities at $175,654 and proposes to finance their construction out of its current working funds.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D. C., in accordance with the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 25th day of March 1954. The application is on file with the Commission for public inspection.

[Docket No. G-2374]

PANHANDLE EASTERN PIPE LINE CO.

NOTICE OF APPLICATION

MARCH 5, 1954.

Take notice that Panhandle Eastern Pipe Line Company (Applicant), a Delaware corporation, address Kansas City, Missouri, filed on February 23, 1954, an application pursuant to section 7 (b) of the Natural Gas Act for an order permitting and approving abandonment of service rendered to Cities Service Company (Cities Service) by way of an exchange agreement with said company.

The service Applicant proposes to abandon consists of delivery of natural gas to Cities Service at a point in Johnson County, Missouri, known as the Knobnoster connection, where the so-called Carrollton lateral of Cities Service crosses the main pipeline system of Applicant. The deliveries of natural gas by Cities Service to Applicant under the exchange agreement are at points (1) in Johnson County, Missouri, at a connection on Cities Service's Sedalia lateral, sometimes referred to as the Windsor connection and (2) in Jackson County, Missouri, in the suburban area of Kansas City at a connection on Applicant's Louisburg lateral, sometimes referred to as the Bannister connection. Applicant's deliveries to Cities Service under the agreement have totalled 819,540 Mcf over the 12 months period ending January 1954, while the aggregate of Cities Service's deliveries to Applicant over the same period has been 855,988 Mcf.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 25th day of March 1954. The application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY,
Secretary.

GENERAL SERVICES ADMINISTRATION

Office of the Administrator

SECRETARY OF DEFENSE

DELEGATION OF AUTHORITY WITH RESPECT TO APPLICATION OF CALIFORNIA ELECTRIC POWER CO. FOR AUTHORITY TO INCREASE ELECTRIC POWER RATES

1. Pursuant to the provisions of sections 201 (a) (4) and 205 (d) and (e) of the Federal Property and Administrative Services Act of 1949, 63 Stat. 377, as amended, authority to represent the interests of the executive agencies of the Federal Government in the matter of Application of California Electric Power Company for Authority to Increase Electric Power Rates, Application No. 34958, before the California Public Utilities Commission, is hereby delegated to the Secretary of Defense.

2. The Secretary of Defense is hereby authorized to redelegate any of the authority contained herein to any officer, official or employee of the Department of Defense.

3. The authority conferred herein shall be exercised in accordance with the policies, procedures and controls prescribed by the General Services Administration, and shall further be exercised in cooperation with the responsible officers, officials and employees of such Administration.

4. This delegation of authority shall be effective immediately.

Dated: March 5, 1954.

EDMUND F. MANSURE,
Administrator.

INTERSTATE COMMERCE COMMISSION

[4th Sec. Application 28983]

GRAIN BETWEEN KANSAS CITY, MO., AND NEW ORLEANS, LA.

APPLICATION FOR RELIEF

MARCH 8, 1954.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: F. C. Kratzmeir, Agent, for the Gulf, Mobile and Ohio Railroad Company.

Commodities involved: Grain, grain products and related articles, carloads.

Between: Kansas City, Mo., and New Orleans, La.

Grounds for relief: Competition with rail carriers and circuitous routes.

Schedules filed containing proposed rates: F. C. Kratzmeir, Agent, I. C. C. No. 3940, supp. 33.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

[SEAL] GEORGE W. LAIRD,
Secretary.

[4th Sec. Application 28984]

COMMODITY RATES FROM CHICAGO, ILL., TO SOUTHERN TERRITORY

APPLICATION FOR RELIEF

MARCH 8, 1954.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: R. G. Raasch, Agent, for carriers parties to schedule listed below.

Involving: Commodity rates.

From: Chicago, Ill.

To: Points in southern territory.

Grounds for relief: Competition with rail carriers and circuitous routes.

Schedules filed containing proposed rates: R. G. Raasch, Agent, I. C. C. No. 776, supp. 26.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

TITLE 7—AGRICULTURE

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

PART 914—NAVEL ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

SUBPART—RULES AND REGULATIONS

Pursuant to the provisions of Marketing Agreement No. 117 and Order No. 14 (7 CFR Part 914; 18 F. R. 5638) regulating the handling of navel oranges grown in Arizona and designated part of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), the Navel Orange Administrative Committee, established under the aforesaid marketing agreement and order, has adopted rules and regulations, hereinafter set forth, to effectuate the provisions of the said marketing agreement and order.

It is hereby found and determined that the said rules and regulations are in accordance with the provisions of the

said marketing agreement and order and will tend to effectuate the declared policy of the act; and the said rules and regulations, which are in addition to the nomination procedure (§ 914.102; 18 F. R. 5645) issued on September 16, 1953, are hereby approved as follows:

DEFINITIONS

Sec.
914.100 Definitions.

GENERAL

914.101 Communications.

STORAGE OF ORANGES WITHIN PRODUCTION

914.105 Oranges stored within the production area.

PRORATE BASES AND ALLOTMENTS

914.110 Prorate bases and allotments.
914.111 Allotment loans.
914.112 Assignment of allotment certificate.
914.113 Early maturity allotments.
914.114 Short-life allotments.

EXEMPTION CERTIFICATES

914.120 Exemptions from size regulation.

ORANGES NOT SUBJECT TO REGULATION

914.130 Exemptions under § 914.67.
914.131 By-product oranges.
914.132 Oranges for export to Mexico.
914.133 Minimum quantities and types of shipments.
914.140 Weekly reports.
914.141 Manifest reports.

AUTHORITY: §§ 914.100 to 914.141 issued under sec. 5, 49 Stat. 753, as amended; 7 U. S. C. 608c.

DEFINITIONS

§ 914.100 *Definitions.* (a) "Rules and regulations" means the provisions of this subpart.

(b) "Order No. 14" means Marketing Agreement No. 117 and Order No. 14 (§§ 914.0 to 914.90, inclusive, 18 F. R. 5638) regulating the handling of navel oranges grown in Arizona and a designated part of California, as from time to time amended.

(c) Except as otherwise prescribed in this subpart, terms used in the rules and regulations shall have the same meaning as when used in §§ 914.0 to 914.90.

(d) "Commercial processing into by-products" is synonymous with "commercial processing into products, including juice" and means the processing of oranges on a commercial scale into products. The term includes the processing of oranges into juice only when such juice is extracted on a commercial scale for sale at the wholesale level.

GENERAL

§ 914.101 *Communications.* Unless otherwise prescribed in this subpart or in §§ 914.0 to 914.90 or required by the Navel Orange Administrative Committee, all reports, applications, submittals, requests, and communications in connection with this part shall be addressed as follows:

Navel Orange Administrative Committee, 111 West Seventh Street, Room 500, Los Angeles 14, Calif.

STORAGE OF ORANGES WITHIN PRODUCTION AREA

§ 914.105 *Oranges stored within the production area.* Any person who has oranges available for current shipment and controls such oranges within the meaning of § 914.53 may place such oranges in storage within the production area. Thereafter, such person shall, except with respect to oranges stored where prepared for market, report to the committee, on N. O. A. C. Form No. 17, not later than Monday noon of the next calendar week, all oranges so stored.

PRORATE BASES AND ALLOTMENTS

§ 914.110 *Prorate bases and allotments*—(a) *Application to be filed.* Each person who has oranges available for current shipment and desires to handle such oranges shall submit to the committee upon request, on N. O. A. C. Form No. 1, an application for a prorate base and allotments. Such application shall contain the information required pursuant to § 914.53 (b) and (c) and a certification to the United States Department of Agriculture and the Navel Orange Administrative Committee as to its truthfulness. In addition, such application shall be supported by a list of growers, on N. O. A. C. Form 1-A, whose oranges the applicant controls, showing for each listed grower's oranges, the name and address of the grower and the location, acreage and estimated yield of each grove or portion thereof.

(b) *Control of oranges.* In order to control oranges within the meaning of § 914.53 (c) (1) or (3) the applicant must have executed the requisite bona fide written agreement with a grower, which shall contain all of the basic requirements of a legal contract, including, but not being limited to, the requirements of this paragraph.

(1) The agreement shall be supported by legal consideration, such as mutual promises, which may be enforced by either party in an action at law.

(2) The agreement shall be certain as to its parties, the quantity of oranges involved, and the amount to be received for the fruit. The agreement will be deemed sufficiently definite (i) as to the quantity of fruit if it specifies all the oranges of a described acreage, and (ii) as to the amount to be received for the fruit if it specifies a definite amount or sets forth a definite method of determining the amount to be paid.

(3) The agreement shall have been entered into by both parties in good faith. The purpose of the agreement must be to give absolute control of the oranges to the applicant; and any such agreement which (i) has as its primary purpose the giving of the prorate base and allotment to the applicant, or (ii) is subject to some other written or oral agreement or understanding altering its terms, or (iii) is subject to an oral or written agreement or understanding that neither of the parties will enforce the agreement, or (iv) contains a statement which permits termination thereof without legal liability, will be considered evidence of lack of good faith.

(4) The agreement shall give the applicant control of the oranges for such period of time as may be necessary to handle the oranges.

(c) *Loss of control of oranges.* If a person loses control of oranges and has handled a quantity thereof less than the quantity that could have been handled under allotments issued thereon, the quantity of oranges available for current shipment by such person shall be adjusted by deducting therefrom a quantity of oranges equivalent to the quantity upon which allotments were issued, but which were not utilized thereon. The quantity so determined shall be deducted during a period of 3 consecutive weeks in Prorate District 1, 4 consecutive weeks in Prorate District 2, 3 consecutive weeks in Prorate District 3, and 2 consecutive weeks in Prorate District 4 (or during the remainder of the applicable marketing season for the respective prorate district if of shorter duration than the period designated for such district): *Provided*, That, insofar as practicable, such deduction for any weekly period shall not exceed the amount which would decrease by one-half the allotment, other than short-life allotment, that otherwise would be issued to such person for such weekly period in the absence of such deduction, and, if necessary to effect this requirement, the applicable period specified in this section for making such deductions may be extended.

(d) *Adjustment of prorate bases.* (1) The prorate bases of handlers shall be adjusted to correct errors, omissions, or inaccuracies, as provided in Order No. 14, during a period of 3 consecutive weeks in Prorate District 1, 4 consecutive weeks in Prorate District 2, 3 consecutive weeks in Prorate District 3, and 2 consecutive weeks in Prorate District 4 (or during the remainder of the applicable marketing season for the respective district if of shorter duration than the period designated for such district): *Provided*, That, insofar as practicable, such deduction for any weekly period shall not exceed the amount which would decrease by one-half the allotment, other than short-life allotment, that otherwise would be issued to such person for such weekly period in the absence of such deduction, and, if necessary to effect this requirement, the applicable period specified in this section for making such deductions may be extended.

(2) When a handler has moved all of the oranges under his control in a particular district and has received allotment sufficient to repay all loans of allotments received by him under the provisions of § 914.57, such handler shall receive no further allotment for such oranges unless, during the same marketing season, he subsequently gains control of oranges, in the same district, which he desires to handle and promptly submits a report thereon to the committee in accordance with § 914.53 (d).

§ 914.111 *Allotment loans.* Loan transactions shall be subject to the following:

(a) *Payback date.* Each allotment loan agreement entered into by a handler must provide for a definite payback date during the actual shipping period of the lending handler.

(b) *Loans to handlers who receive short-life allotments.* Each loan agreement entered into by a handler to whom short-life allotments have been issued shall provide for the repayment of the loan at or prior to the time when such handler will have been issued total allot-

ment equal to the average to be issued to all handlers in the same prorate district.

(3) *All oranges moved prior to payback date.* If prior to the payback date specified in any of his loan agreements the borrowing handler has moved all his oranges, the loans shall thereupon become immediately repayable, and thereafter allotments shall continue to be issued to the borrowing handler until all his outstanding loan obligations have been met.

§ 914.112 *Assignment of allotment certificates.* In connection with all handling of oranges other than shipments by rail car, each handler at the time of handling of each lot of oranges shall issue to the purchaser or consignee an assignment of allotment certificate covering each quantity of oranges so handled. Such assignment of allotment certificate shall be on N. O. A. C. Form 8 and shall contain the following information: (a) Current weekly regulation period; (b) name and address of purchaser or consignee; (c) quantity of oranges in terms of the number of standard packed boxes of oranges; (d) prorate district in which such oranges were produced; (e) name and address of the person to whom such oranges were delivered; (f) the license number of the truck transporting such oranges from handler's place of business; (g) the size of the oranges; (h) the date of issue; and (i) the name of the person or firm issuing the assignment of allotment certificate. Such assignment shall also contain a certification to the United States Department of Agriculture and to the committee as to the truthfulness of the information shown thereon.

§ 914.113 *Early maturity allotments*—(a) *Applications to be filed.* On or before 12 o'clock noon of the day preceding the regular weekly meeting of the committee, any handler controlling early maturity oranges who desires to receive allotment therefor for use during the following week must file with the committee, at any of its designated offices, an application on N. O. A. C. Form No. 9, showing the name and address of the applicant, the location of the early maturity oranges for which he desires allotment, by whom and to what extent tests of such oranges have been made to determine their maturity, the total quantity of such early maturity oranges available for shipment during the week for which the committee may make recommendations for regulation at the aforesaid meeting, the number of boxes of allotment desired, and such other information as the committee may from time to time request. An application for early maturity allotment shall not exceed the total quantity of early maturity oranges the applicant has available for shipment.

§ 914.114 *Short-life allotments*—(a) *Qualification for short-life allotment.* A handler shall be considered to have short-life oranges when he has oranges which historically are known to lack keeping qualities which will permit him to handle, during the normal marketing period for the oranges grown in the prorate district, the same proportion of his oranges as the average which will be handled by all handlers.

(b) *Application to be filed.* Each handler controlling short-life oranges who desires to obtain short-life allotments shall file with the committee, at the time of filing of his application for a Prorate Base and Allotments, an application for such allotment on N. O. A. C. Form No. 10. The application shall contain the following information: Name and address of applicant; location of each grove having short-life oranges; a record covering a period of at least the ten immediately preceding years showing the marketing period of the oranges covered by the application; a suggested shortened marketing season showing the final date when the short-life oranges covered by the application would be marketed; and a showing satisfactory to the committee why the oranges controlled by the applicant cannot be marketed during the normal marketing period for the applicable district through appropriate adjustment within the handler's packinghouse.

EXEMPTION CERTIFICATES

§ 914.120 *Exemptions from size regulation*—(a) *Application to be filed.* Each grower, entitled to be exempted from the provisions of any size regulation established by the Secretary, may file with the committee an application for an exemption certificate on N. O. A. C. Form No. 11. Such application must be received by the committee not later than Friday preceding the regular weekly meeting of the committee at which action is to be taken thereon and shall contain the following information: (1) Name and address of applicant; (2) location of oranges which the grower wishes covered by the exemption certificate; (3) the estimated sizes of the oranges contained in the applicant's groves and the percentage of each; (4) the size tests or other facts upon which such estimates are based, showing the number of oranges per tree tested and the total number of oranges tested per acre; (5) the number of boxes of oranges which applicant estimates will be needed to be exempted from size regulation to permit applicant to have handled the equivalent of the average that may be handled on behalf of all growers in the same prorate district; (6) the name of each packinghouse through which the applicant's oranges are to be handled.

(b) *Final dates for filing applications.* The committee may provide final dates for the filing of applications for exemptions from size regulations in each prorate district: *Provided*, That at least two weeks' advance notice shall be given to all handlers of the final date for each prorate district.

(c) *Investigation by Field Department.* Immediately upon receiving an application for an exemption certificate, the committee shall refer such application to its Field Department for investigation. The Field Department shall conduct an investigation and shall report its findings to the committee at its next regular meeting.

(d) *Determination by the committee.* If the committee determines that the information submitted in the application for an exemption certificate is inadequate, it may require the submission of additional information, including additional size tests. Based on all available information, the committee may authorize the issuance of a size exemption certificate, N. O. A. C. Form No. 12, which will permit the applicants to have as large a proportion of his oranges handled as the average proportion that will be handled for all other producers in the same prorate district. The percentage relation of a grower's restricted sizes to his total tree crop shall be used in determining the extent to which such grower is entitled to exemption from size regulation.

(e) *Exemption certificate.* If volume regulation is in effect at the time exemption certificates are issued, such exemption certificates may be used only to the extent that allotment has been issued under volume regulations for the oranges covered thereby. Exemption may be granted by issuing one or more exemption certificates and the initial certificate may be restricted to 75 percent of the estimated quantity to which a grower is entitled. Upon authorization of the committee, the manager shall issue to growers who have applied therefor, exemption certificates which shall contain the following information: (1) Name and address of person to whom issued; (2) location of grove or groves; (3) quantity of oranges of each size permitted to be handled without regard of existing size regulation; and (4) period covered by the exemption certificate. The exemption certificate shall be issued in quadruplicate, one copy to be retained by the committee, and three copies to be issued to the grower. The grower is to retain the original copy and endorse and turn over to the packinghouse, through which the oranges are to be handled, the remaining two copies. The packinghouse shall sign and immediately mail one copy to the committee, retaining one copy for filing purposes. Exemption certificates issued under this paragraph may be used only for the handling of the oranges covered by the certificate. Each certificate shall be valid at any time during which the size regulation remains in effect and, subject to the handler's allotment under volume regulation, the total quantity of the oranges covered thereby, or any part thereof, may be shipped at one time.

ORANGES NOT SUBJECT TO REGULATION

§ 914.130 *Exemptions under § 914.67.* (a) The exemptions authorized by § 914.67 apply in any prorate district during any week for which the Secretary has not fixed the quantity of oranges which may be handled in such district. However, during any week for which the Secretary fixes the quantity of oranges which may be handled in such district, the exemptions apply only to such persons as are notified by the committee of the respective allotment computed for them and who directly handle the oranges for one of the specified purposes.

(b) With respect to any such person who packs oranges and straps and stencils or otherwise marks the container thereof for export purposes and forwards the oranges to the destination for export, such person shall be deemed to have handled the oranges for export within the meaning of the exemption.

§ 914.131 *By-product oranges*—(a) *Notice to committee.* No person shall handle oranges for commercial processing into by-products unless (1) such oranges are, or have been, handled pursuant to an allotment therefor; (2) prior to each such handling, such person notifies the committee of the proposed handling and furnishes the committee with a statement executed by the intended processor of the oranges that the oranges will be used for the stated purpose only; or (3) the processor is an approved by-product manufacturer, as prescribed in paragraph (b) of this section.

(b) *Approved by-product manufacturers.* Any person who desires to buy, as an approved by-product manufacturer, oranges for commercial processing into by-products shall, prior thereto, submit to the committee an application on N. O. A. C. Form No. 14 which shall contain the following information: (1) Name and address of applicant; (2) proposed type of by-product to be made or derived from oranges; (3) approximate quantity of oranges used each month; (4) a statement that the oranges obtained for conversion into by-products will be used for that purpose only and will not be resold or disposed of in fresh fruit channels; and (5) an agreement to submit such reports as are required by the committee. Such application will be referred to the committee's Compliance Department for investigation. The Compliance Department shall make an investigation of such applicant and shall report back to the committee at its next regular meeting. Based upon the report of the Compliance Department, and other available information, the committee shall approve or disapprove the application and notify the applicant accordingly. If the application is approved, the applicant's name shall be placed upon the list of approved by-product manufacturers.

(c) *Certificate by by-product manufacturers.* Upon request, each approved by-product manufacturer shall submit to the committee, on forms prescribed by the committee, on or before the 10th day of each month, a report of the Navel oranges used during the preceding calendar month. Each report shall contain a certification to the United States Department of Agriculture and to the committee as to the truthfulness of the information shown therein.

(d) *Orange diversion report.* Each handler shall, with respect to each quantity of oranges he diverts for commercial processing into by-products or to charitable organizations, or eliminates from the channels of human consumption, report to the committee, on N. O. A. C. Form No. 15: (1) Name and address of the by-products plant or charitable organization to which the oranges were diverted; (2) the prorate district in which the oranges were produced; (3) the respective quantities of oranges in terms of the number of boxes (i) diverted to by-products, (ii) diverted to charitable organization, and (iii) eliminated; (4) net weight of such oranges; and (5) if oranges were eliminated, the place and means of elimination. This report shall be prepared in quadruplicate. One copy signed by the handler shall be submitted to the committee promptly upon the diversion or elimination of the oranges covered thereby, one copy shall be retained by the handler, and two copies shall be forwarded by the handler to the by-product manufacturer or charitable organization with the understanding that the by-product manufacturer or charitable organization will retain one copy thereof, inserting on the other copy the actual net weight or number of standard packed boxes of oranges received, and forward such copy to the committee.

§ 914.132 *Oranges for export to Mexico.* With respect to each export shipment of oranges to Mexico, the handler shall obtain from the purchaser, at time of delivery of such oranges, a certification on N. O. A. C. Form 16, to the United States Department of Agriculture and the Navel Orange Administrative Committee that such oranges are to be exported to Mexico and will not re-enter the Continental United States or be reshipped to Canada or Alaska. Such certificate shall State the date of shipment, the quantity of oranges included in such shipment, the truck license number or other identification of the carrier of such oranges, the purchaser's permit, identification, or border crossing number, the name of the packinghouse from whom the oranges were purchased, the destination of such oranges, and the signature and address of the purchaser. The certificate shall also be signed by the handler or his authorized representative and the original shall be forwarded by the handler to the committee at the close of each day's business. The duplicate and triplicate shall accompany such oranges and shall be surrendered to the Customs Inspector at the Mexican border. The quadruplicate shall be retained by the handler.

§ 914.133 *Minimum quantities and types of shipments.* (a) Any producer, other than a producer whose principal occupation is that of food distribution, who desires to sell oranges produced by him direct to consumers without regard to volume and size restrictions may file with the committee at the beginning of each marketing season an application for exemption on N. O. A. C. Form 18. Such application shall show: (1) The name and address of the producer; (2) the location at which the producer desires to sell oranges to consumers; (3) the estimated quantity of oranges which will be sold in this manner during the marketing year; and (4) evidence that his principal occupation is not that of food distribution. The producer shall be notified in writing of the action taken by the committee on his application. Upon approval of the application, the producer may sell oranges produced by him direct to a consumer without regard to the restrictions of volume or size prescribed pursuant to Order No. 14. This exemption shall not apply to sales of oranges made at a packinghouse.

(b) Such oranges as are prepared for market by the model packing plant at the National Orange Show, San Bernardino, California, may be handled by the National Orange Show pursuant to § 914.67 if the committee issues assignment of allotment certificates thereon.

§ 914.140 *Weekly reports.* Weekly reports on N. O. A. C. Form No. 4 shall be submitted by all handlers to the committee each Monday, and shall contain the information as is set forth in § 914.70, and shall include the name of the boat used in connection with export shipments.

§ 914.141 *Manifest reports.* Within 24 hours after shipment is made by a handler, he shall submit to the committee, on N. O. A. C. Form No. 3, a manifest report of all oranges so shipped. Such report shall show the rail car number or the serial number of the Certificate of Assignment of Allotment for each shipment, together with the quantity by sizes per standard packed box, or its equivalent, of each shipment made within the United States or to Canada, or to Alaska. If the shipment was made under a size regulation and was covered by an exemption certificate, the certificate number shall also be shown. All manifest reports shall be certified by the handler to the United States Department of Agriculture and to Navel Orange Administrative Committee as to the correctness of the information shown thereon.

It is hereby further found that it is impracticable and contrary to the public interest to postpone the effective date of this subpart until 30 days after publication in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that (1) shipments of Navel oranges are now being made and are currently regulated pursuant to §§ 914.51 through 914.67 of the said marketing agreement and order; (2) it is essential that the said rules and regulations be issued as soon as possible so as to enable the Navel Orange Administrative Committee effectively to perform its duties in accordance with the said marketing agreement and order; and (3) handlers have been notified of the adoption, and recommendation to the Secretary, by the said committee of the said rules and regulations.

Issued at Washington, D. C., this 9th day of March 1954, to be effective upon publication in the FEDERAL REGISTER.

[SEAL] ROY W. LENNARTSON,
Deputy Administrator.

[F. R. Doc. 54-1779; Filed, Mar. 11, 1954; 8:52 a. m.]

TITLE 38—PENSIONS, BONUSES, AND VETERANS' RELIEF

Chapter I—Veterans' Administration

PART 21—VOCATIONAL REHABILITATION AND EDUCATION

SUBPART B—EDUCATION AND TRAINING

MISCELLANEOUS AMENDMENTS

1. In § 21.201, paragraph (c) (3) is amended (entire content deleted), and the introduction of paragraph (h) (1)

is amended and paragraph (h) (2) is deleted, so that the amended material reads as follows:

§ 21.201 *Types of courses.* • • •
(c) *Combination course.* • • •
(3) *Institutional on-farm course.* (See § 21.201a.)
• • • • • •
(h) *Independent instructor course.* • • •

(1) An independent instructor course will be prescribed only when the course of vocational rehabilitation is not available through an established school, training on-the-job establishment, or sheltered workshop within a reasonable commuting distance from the veteran's home, and the handicap caused by the veteran's disability precludes requiring his going elsewhere for training.
• • • • • •
(2) [Deleted.]

2. A new § 21.201a is added as follows:

§ 21.201a *Institutional on-farm course.* For purposes of Part VII, Veterans Regulation 1 (a), as amended (38 U. S. C. ch. 12), an institutional on-farm course is one which is designed to restore employability by training a veteran to operate a farm over which he has control or to manage a farm as the employee of another. Such course shall be carefully planned and developed by the Veterans' Administration in collaboration with the instructor to suit the needs of the individual veteran with full consideration to the size and character of the farm on which the veteran is to receive the on-farm part of his course and to the need for making the veteran proficient in the type farming for which he is training—in planning, producing, marketing, farm mechanics, conservation of farm resources, conservation of food, farm financing, farm management, and the keeping of farm and home accounts. The course shall have the following constituents:

(a) Instruction which will satisfy the requirements of either of the following:

(1) Organized group instruction (classroom) in agricultural and related subjects of at least 200 hours per year (not less than 8 hours in any one month and sufficiently more in other months to aggregate the required 200 hours per year) at an agricultural school or other educational agency, plus individual instruction in accord with either of the following:

(i) Where the farm is under the veteran's own control 100 hours of individual instruction per year, not less than 50 hours of which shall be on such farm with at least two visits by the instructor to such farm each month.

(ii) Where the veteran is to be trained to manage a farm of another, not less than 50 hours of individual instruction per year with at least one visit by the instructor to such farm each month.

(2) On-farm instruction of at least 200 hours per year (not less than 10 hours in any one month and sufficiently more in other months to aggregate the required 200 hours per year) given by a fully qualified individual instructor either by contract with an educational agency or directly with the individual instructor, subject to the following:

(i) It has been definitely found that there is not available within reasonable commuting distance of the veteran's farm organized group instruction (classroom) or that the major portion of such organized group instruction (classroom) as is available does not have direct relation to the veteran's farming operation and the records are clearly and fully documented accordingly, and

(ii) Such instruction is limited to situations where the veteran is being trained to operate a farm over which he has control, and

(iii) Such instruction will be given as individual instruction with at least one visit by the instructor to the farm per week except that, where there are two or more veterans with similar farming operations within reasonable commuting distance of each other enrolled under the same individual instructor, 100 hours (not less than 5 hours per month) of the required 200 hours of on-farm instruction will be given as group on-farm instruction on one of the veterans' farms. The remaining 100 hours of instruction will be given as individual instruction with at least one visit by the instructor to the farm each week.

(b) A plan for training developed by the Veterans' Administration in collaboration with the instructor which will satisfy either of the following requirements:

(1) Where the course is designed to train a veteran to operate a farm under his own control:

(i) A complete, written survey of the farm on which the veteran is to pursue training made by a Veterans' Administration training officer at the veteran's farm prior to induction of the veteran into training and showing for each of the farming enterprises on the farm and for all other factors thereon all characteristics which stand as favorable and unfavorable indications to the pursuit of satisfactory farming on that farm; and showing as further basis for approval or disapproval of the farm for purposes of training under Part VII, an evaluation of the practical potentialities of the farm.

(ii) An overall, long term farm and home plan based upon the survey of the farm showing all farm enterprises which are to be operated and showing for each enterprise the goal in terms of size and/or increased production to which the enterprise must be developed incident to the training and during the training period in order to afford the veteran training to employability as required by the law—not necessarily the maximum potential of each enterprise; showing also the projects and improved practices necessary and which are planned to accomplish the goal in each enterprise; and showing the improvements to be made in family living, i. e., food, shelter, etc.

(iii) An annual farm and home plan prepared before the beginning of each crop year of the prescribed course based upon the overall, long term farm and home plan and showing the veteran's assets and liabilities at the beginning of the crop year and, for each enterprise, the portion of the overall goal that is to be accomplished that crop year and the improvements including projects to be undertaken to accomplish each of the annual goals with the month that each improvement or project is to be started, and the planned expenses and income. The annual farm and home plan also will provide for posting the month that each improvement or project is satisfactorily completed and the actual expenses and income.

(iv) A detailed individual training program showing the kind and amount of instruction—classroom and individual, or on-farm group and individual, or individual—needed and planned for each farm enterprise and/or each assigned project to make the veteran able to accomplish the projects and improved practices in the farm and home plans and providing for recording under each enterprise the total time spent on those projects and the total time devoted to instruction—classroom, on-farm group, or individual as appropriate—and to related home study assignments.

(v) The individual instruction and on-farm group instruction shall be directly concerned with carrying out the overall and annual farm and home plans and the individual training program based thereon and shall consist of teaching the veteran the specific practices and methods appropriate to his particular farm; and teaching him the managerial aspects of farming appropriate to the efficient operation of his particular farm and which are necessary to carry out the veteran's farm and home plan, including the setting up and maintaining of farm and home accounts. It shall include also assigning home studies directly related to particular assigned jobs or projects, the successful accomplishment of which requires the technical information from such related study.

(vi) The major part of the classroom instruction shall have direct relation to the farming activities on the veteran's farm.

(vii) The individual instruction on the farm shall be given by the instructor who gives the organized group (classroom or on-farm) instruction. Where the course consists of individual instruction only, such instruction shall be given by the regularly assigned school instructor or the individual who contracts to furnish the course.

(viii) The operation of the farm shall be under the control of the veteran by ownership, lease, or other written tenure arrangement. Where the tenure arrangement is other than by ownership, the lease or other written agreement shall afford the veteran control of the farm at least until the completion of his course. Also, the lease or agreement must provide for capital improvements to be made which are necessary for carrying out the farm and home plan, with the veteran furnishing no greater portion of the costs thereof than the benefits accruing to him warrant. Furthermore, it must provide for the landlord to share the costs of improved practices put into effect in proportion to the returns he will receive from such practices. The veteran's control must be such that he actually will be free to carry out the teachings of his training program and to operate the farm according to a farm and home plan developed by the Veterans' Administration in collaboration with the instructor, the veteran, and, when appropriate and feasible, the landlord. If the Veterans' Administration finds that because of the limitations imposed by the conditions of tenure, the veteran is not free or will not be free to carry out the teachings of his training program and to operate the farm according to the farm and home plan, the veteran will be deemed not to have operational control of the farm as required by this subdivision. Ordinarily, training under Part VII, Veterans Regulation 1 (a), as amended, will be approved for only one veteran on a single farm. However, where the Veterans' Administration finds that conditions with respect to a particular farm are so highly favorable with regard to its size, character, productivity, and equipment as to assure the successful rehabilitation of a veteran in partnership with another person, such veteran may be placed in training under Part VII with one, but not more than one, other person on a single farm: *Provided*, That that person is a veteran who is, or immediately will be, in IOF training or has satisfactorily pursued IOF training under Part VII, Public Law 346, 78th Congress, as amended, or Public Law 550, 82d Congress: *And provided further*, That there be furnished documentary evidence that the two principals have entered into a bona fide partnership agreement which provides for equal authority between the partners in the management and operation of the farm. Any veteran placed into training under a partnership arrangement will be notified in writing that he will be allowed to remain in training only as long as the stated conditions and other applicable requirements of Veterans' Administration regulations continue to be met. (The foregoing does not prevent a veteran from pursuing IOF training under Part VII on a farm, the control of which he acquires by entering into an agreement, sometimes alluded to as a partnership, whereby the trainee clearly has sole management and operating control of the farm and the "partner" shares only in the returns from the farm.)

(ix) The farm at the time of induction of the veteran into training and throughout the period of training shall be of such size and character that, together with the instruction part of the course, it will occupy the full time of the veteran, will permit instruction in planning, management, and operation of most of the major farming enterprises in the veteran's farm and home plan and, at least by the end of the necessary minimum period of training, will assure him a reasonably satisfactory living under normal economic conditions.

(x) The farm must be equipped with the necessary buildings and equipment to enable the veteran satisfactorily to commence pursuit of the course of institutional on-farm training, and there must be present conditions which give reasonable promise that any additional items required for pursuit of the course, including livestock, will be available as they become necessary.

(xi) The duration of the prescribed course shall represent a reasonable estimate—subject to lengthening or shortening, as necessary, of how long it will take to accomplish the goals set out in the overall farm and home plan. The estimate will be arrived at by determining what portions of the overall goals can be started and completed in the year covered by the first annual farm and home plan; by determining what portions remain uncompleted at the end of the first year; and by determining in what part of what subsequent year the uncompleted portions of the overall goals can be completed.

(2) Where the course is designed to train the veteran to manage a farm as the employee of another:

(i) A complete written survey of the farm on which the veteran is to pursue training made by a Veterans' Administration training officer at the farm prior to induction of the veteran into training and showing the kind and size of each enterprise being conducted on the farm, the kind and amount of equipment being used, the number of employees, and such other factors which would indicate whether the farm facility is satisfactory or unsatisfactory for purposes of training under Part VII.

(ii) The employer-trainer shall have agreed to employ the veteran as manager of the farm on which he is being trained (provided the veteran's conduct and progress are satisfactory) or there shall be definite assurance that the veteran will be employed as manager of a specified comparable farm: *Provided however*, That:

(a) A veteran may be provided a brief period of training not to exceed 1 year as a trainee on a farm of another preparatory to entering training on a farm under his own control, if a course pursued on his own farm cannot be approved at the outset because the veteran lacks the necessary experience in the fundamentals of farming or the history of his past performance is such as to preclude good promise of success in training by the self-proprietorship method. In the first case, a foundation of training in the common farming operations may be provided with an experienced farmer for a brief period not to exceed 1 year, at the end of which period training on a farm under the veteran's control may be entered into contingent upon the successful completion of the training under the employer-trainer. Such a veteran's training program must be carefully developed and must include the arrangement described in this subdivision. In the second case, training may be provided with an experienced farmer for a brief period not to exceed 1 year, carefully observing the veteran throughout the period to determine whether the weaknesses earlier displayed have been satisfactorily overcome. If so, the veteran may be entered into training on a farm under his own control. In either case the plan to train the veteran must be carefully developed and must include the arrangement described in this subdivision.

(iii) The individual instruction on the farm shall be given by the veteran's school instructor.

(iv) The employer-trainer's farm shall be of a size and character which, together with the group instruction part of the course, will occupy the full time of the veteran and will permit instruction in all aspects of the management of a farm of the type for which the veteran is being trained.

(v) The employer-trainer shall agree to instruct the veteran in various aspects of farm management in accordance with the individual training program developed by the Veterans' Administration in collaboration with the instructor and employer-trainer. This program will show for each enterprise or other major heading the kind and amount of instruction—classroom and individual—needed and planned and the various skills and practices relating to the management of the farm which are to be learned by the veteran. Also, the training program will provide for recording the total time devoted to instruction—classroom and individual, the time devoted to each skill and practice, and the time devoted to home study assignments.

(vi) The employer-trainer's farm shall be equipped with the necessary supplies and equipment which will permit instruction in all aspects of the management and operation of a farm of the type on which the veteran is being trained.

(vii) The employer-trainer shall have agreed to pay the veteran for each successive period of training a salary or wage rate commensurate with the value of the veteran's productive labor and not less than that customarily paid to a non-veteran trainee in the same or similar training situation in the community.

3. In § 21.206, paragraph (a) (1) (i) is amended to read as follows:

§ 21.206 *Limitations on training in excess of 4 years.* • • •
(a) *Conditions for approval of training in excess of 4 years.* (1) • • •
(i) The veteran cannot be trained to employability in an occupation, consistent with the vocational handicap resulting from his disability and suitable in terms of his aptitudes, abilities, and interests, without exceeding 4 years of training time: *Provided*, That where more than one objective is determined to be suitable, the one requiring the shortest period of training is selected; or
• • • • • •

(Sec. 2, 46 Stat. 1016, sec. 7, 48 Stat. 9, sec. 2, 57 Stat. 43, as amended, sec. 400, 58 Stat. 287, as amended; 38 U. S. C. 11a, 701, 707, ch. 12 note. Interpret or apply secs. 3, 4, 57 Stat. 43, as amended, secs. 300, 1500–1504, 1506, 1507, 58 Stat. 286, 300, as amended; 38 U. S. C. 693g, 697–697d, 697f, g, ch. 12 note)

This regulation is effective March 12, 1954.

[SEAL] H. V. STIRLING,
Deputy Administrator.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 26]

WHEAT

OFFICIAL GRAIN STANDARDS OF THE UNITED STATES

Notice is hereby given that the United States Department of Agriculture has under consideration a proposed change in the official grain standards of the United States for wheat (7 CFR 26.101 et seq.) promulgated under the authority of the United States Grain Standards Act, as amended (39 Stat. 482; 54 Stat. 765; 7 U. S. C. 71 et seq.).

A representative group of wheat growers in the Pacific Northwest has requested that consideration be given to revising the wheat standards with respect to the percentages used in stating the quantity of smut dockage in wheat. The wording in this respect in the present standards reads as follows (§ 26.116 (a) (1)): "The percentage so calculated shall be stated in terms of half percent, whole percent, or whole and half percent, as the case may be. A fraction of a half percent shall be disregarded."

It is proposed that the above statement be revised to read as follows: "The percentage so calculated shall be stated in terms of half percent when smut dockage is present in a quantity equal to less than 1 percent, and in terms of whole percent when present in a quantity equal to 1 percent or more. A fraction of a half percent shall be disregarded when smut dockage is present in a quantity equal to less than 1 percent, and a fraction of a percent shall be disregarded when smut dockage is present in a quantity equal to 1 percent or more."

Pursuant to the provisions of section 4 of the Administrative Procedure Act (5 U. S. C. 1003), an informal public hearing will be held and written communications will be received in order that all interested persons may have opportunity to express their views on the proposal to amend the standards. The hearing will be held Friday, April 2, 1954, at 1:00 p. m., P. s. t., in the Veterans Administration Conference Room, 210 Lincoln Building, 5th and Oak Streets, Portland, Oregon, at which interested persons may submit their views and opinions, orally or in writing, with respect to the desirability of promulgating the proposed revision.

Interested persons may also submit written data, views, or arguments to the Director, Grain Division, Agricultural Marketing Service, United States Department of Agriculture, Washington 25, D. C., to be received by him not later than April 9, 1954.

Consideration will be given to all information obtained at the hearing, to written data, views, and arguments received by the Director, and to other information available in the U. S. Department of Agriculture, before a decision is made as to what revision, if any, shall be promulgated.

B. W. Whitlock, Grain Division, Agricultural Marketing Service, is hereby designated to conduct the hearing pursuant to this notice and in case he is unable to conduct the hearing any other officer of the Department designated by the Director, Grain Division, Agricultural Marketing Service, is hereby authorized to conduct the hearing.

Issued this 8th day of March 1954.

[SEAL] ROY W. LENNARTSON, *Deputy Administrator.*

[7 CFR Parts 904, 934, 947, 996, 999]

[Docket Nos. AO-14-A22, AO-83-A18, AO-203-A4, AO-204-A4, AO-113-A15]

HANDLING OF MILK IN GREATER BOSTON, MERRIMACK VALLEY (LOWELL-LAWRENCE), FALL RIVER, SPRINGFIELD, AND WORCESTER, MASSACHUSETTS, MARKETING AREAS

DECISION WITH RESPECT TO PROPOSED MARKETING AGREEMENTS AND PROPOSED ORDERS AMENDING ORDERS, AS NOW IN EFFECT, REGULATING HANDLING

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900), a public hearing was conducted at Worcester, Massachusetts, on September 30, 1953, and at Boston, Massachusetts, October 1 and 2, 1953, pursuant to a notice thereof which was published in the FEDERAL REGISTER (18 F. R. 5652) upon proposed amendments to the tentative marketing agreements and to the orders now in effect, regulating the handling of milk in the Greater Boston, Merrimac Valley (Lowell-Lawrence), Fall River, Springfield, and Worcester, Massachusetts, marketing areas.

Upon the basis of the evidence introduced at the hearing and the record thereof, the Deputy Administrator, Agricultural Marketing Service, on January 13, 1954, filed with the Hearing Clerk, United States Department of Agriculture, his recommended decisions and opportunity to file written exceptions thereto which were published in the FEDERAL REGISTER January 19, 1954 (19 F. R. 333).

The material issues considered at the hearing were concerned with the following:

1. The definition of "receiving plant."
2. The level and basis of pricing Class II milk.
3. The allocation and pricing of milk from other Federal order markets and from unregulated sources.
4. The nearby location differential areas.
5. Marketing service assessment under the Boston order.
6. Extension of the exempt milk definition.
7. A base excess price plan for the Fall River market.
8. Administrative changes.

Rulings. Within the periods reserved for exceptions, interested parties filed exceptions to certain of the findings, conclusions, and actions recommended by the Deputy Administrator. In arriving at the findings, conclusions, and regulatory provisions of this decision, each of such exceptions was carefully and fully considered in conjunction with the record evidence pertaining thereto. To the extent that the findings, conclusions, and actions decided upon herein are at variance with the exceptions, such exceptions are overruled.

Findings and conclusions. The following findings and conclusions on the material issues are based upon evidence contained in the record of the hearing:

1. *Definition of receiving station.* The present receiving plant definitions of the Greater Boston, Lowell-Lawrence, Worcester, and Springfield orders should be expanded to include a plant where milk is received in bulk from tank trucks which pick up such milk from the bulk farm tanks of individual dairy farmers. The present receiving plant is restricted by definition to a plant, where among other things, milk is received in cans direct from dairy farms.

At the present time considerable attention is being focused on the installation of bulk farm tanks into which the individual farmer places his milk, immediately after milking, for cooling and holding, and from which the hauler transfers the milk to a tank truck for delivery to the milk plant. This type of handling, commonly called "bulk tank pickup", is in its initial phases of development in the New England area and while it is a subject of great interest, it is impossible at this stage of development to envision its ultimate impact on the handling and processing operations of the fluid milk industry. Many problems, particularly with reference to hauling rates and diversions, will undoubtedly be precipitated as application of the method develops. At this time the form and extent of the problems which may arise are speculative and it is unwise to make anticipatory changes in the order language based on conjecture. Such a course of action could result in strangulation of the process or unduly promote it. It is concluded, therefore, that a decision on these matters should be deferred until a later date when experience will indicate the necessary order revisions. In the meantime, however, in order that producers of such milk disposed of to plants associated with the fluid milk operation of the Boston and three secondary markets may continue to be producers under the terms of their respective orders with the privilege of sharing in the equalization pools, and the plants may continue as pool plants, the receiving plant definition in each of these orders should be extended to include a plant where the commingled milk of individual dairy farmers is received in bulk tank trucks direct from the dairy farmers' farms.

Under a bulk tank type of pickup, milk of individual producers is commingled in the bulk tank truck at the time the milk is drawn from the farm tank. Once the milk leaves the farm tank it loses its individual identity. Hence any verification program with reference to weights and tests must begin at the farm tank itself. In order that the market administrator can effectively carry out his responsibilities in this regard he must be advised promptly whenever a producer installs a farm tank and initiates bulk tank shipments. The reporting provisions should, therefore, be amended to place the responsibility of notification on the individual handler to whom the producer disposes of his milk.

2. *Class II prices.* The provisions of the orders which establish floor prices for Class II milk should be amended to provide a floor at the level of prices being paid at all manufacturing plants in the United States on a month to month basis. Although the long time floor price feature presently contained in the several New England orders tends to maintain prices for Class II milk in the Boston area in line with the United States manufacturing milk price, it is possible for the month to month prices in the Boston area to become seriously out of line with the national average. These differences are largely a result of variable cream price quotations when very little cream is being purchased for the Boston market from sources outside the pool.

The record shows that in periods of several months' duration the Boston Class II price has dropped below the level of prices paid at manufacturing plants, even after allowance is made for the different seasonality of the two price series. The floor price factor based on a 12-month average has failed to reflect the divergence of the Boston Class II price at the time the price dropped below the manufacturing plant price to producers.

At the time the present floor price feature was considered for the Boston order in 1951, the series of United States manufacturing milk prices had been available only for a limited period, and there was some uncertainty concerning the short time relationship between this price series and the Boston price. We now have data for seven full years to compare the Class II price with this price series for manufacturing milk purchased at plants throughout the United States. With the data now available it is possible to calculate the normal difference in the seasonal pattern of the Boston Class II prices and the prices paid at manufacturing plants in the United States. By applying this normal seasonal adjustment factor to current prices it is possible to judge whether the level of the Class II price has fallen below the average of prices paid at these manufacturing plants.

The adoption of a floor price related to the current level of prices paid at manufacturing plants rather than a 12-month average should not affect the price level over a period of time. In periods of declining prices the current floor price would be lower than the 12-month average and in periods of rising prices the floor price based on a current relationship of prices would be higher. The floor price feature based on current prices would establish a minimum price for Class II milk in the Boston market in line with current prices for milk used in manufacturing in the country as a whole.

A floor pricing mechanism based on current conditions is needed also to establish Class II prices for New England markets in those periods when cream purchases are insufficient upon which to rely for pricing the large quantity of surplus milk available in the region.

Certain proponents of revisions in the floor price provisions relating to the Class II price asked that the floor be established at the level of price established for milk utilized to make salted butter and cheddar cheese during the period April through July. Others requested that the floor be established at the level of prices paid at a selected group of evaporated milk plants in the midwestern dairy region. Either of these proposals if adopted would raise the price of Class II milk primarily in the season of flush milk production without affecting the price materially in other periods of the year. The evidence in this record supports the need for a year around floor under the Class II price rather than a reduction in the seasonal variable by raising only the flush season prices. It would be possible to apply a seasonal adjustment factor to either the prices paid at plants which manufacture evaporated milk, butter and creamery by-products, or American cheese. However, the price series presently used to compute floor prices reflects the prices paid at all of these types of plants. The record fails to show any need for relating the floor price to prices paid at only certain types of manufacturing plants. It appears therefore, that the floor price should continue to be computed on the basis of the price series reflecting several types of milk manufacturing operations.

A comparison of the simple average of the difference between the prices for Class II milk under the Boston order and the United States manufacturing milk price, adusted by direct ratio to a 3.7 percent butterfat test, for the years 1949 through 1952 shows the Boston price deviated by months by the following amounts:

	Cents		Cents
January	+11	July	+6
February	+10	August	+15
March	−7	September	+12
April	−11	October	+14
May	−14	November	+15
June	−13	December	+15

This variable pattern of Class II prices encourages handlers to accept milk in excess of Class I requirements during the months when seasonally excessive supplies normally exist. On the other hand as supplies relative to Class I sales decline seasonally the Class II prices are normally higher than the United States average for manufacturing milk. This difference in the seasonal pattern of prices should be applied to the calculated allowance.

Although a simple comparison of these seasonal adjustment factors appears to indicate a higher Boston Class II price than the United States manufacturing milk prices, the seasonal pattern of prices in the Boston market results in a lower weighted average figure for all milk going into regular Class II uses as compared to a weighted average of all milk for manufacturing in United States plants, which is handled on a less seasonal basis. We do not have information in this record on which to establish the exact pattern of seasonal deliveries to manufacturing plants in the United States. It may be assumed that such deliveries would more nearly resemble the pattern of all deliveries by producers to Boston pool plants than the pattern of Class II milk. On that assumption, by weighting the seasonal adjustment factors recommended herein by the difference in the seasonal variation of the United States manufacturing milk volumes and the Boston Class II milk utilization, the recommended factors would have raised the annual price level approximately 2½ cents in 1952. Accordingly a factor of minus 3 cents should apply to this floor price formula.

A simple comparison of the Class II price with the United States average furthermore does not take into account the fact that the level of the annual return for Class II milk in recent years has been reduced from ½ cent to 2 cents per hundredweight as a result of the lower prices established for milk which is utilized in salted butter and cheddar type cheeses during certain months in the Boston market.

The proposed floor would have established slightly higher prices for Class II milk during seven of the nine months from October 1949 to June 1950. This was a period in which the cream purchases on which the Boston weighted average price is computed were relatively small. Cream purchases moved up substantially in the last half of 1950 and in those months the Boston Class II price exceeded the proposed floor. Cream purchases were low in 1951 until November and in that year the floor price would have established the Class II price at slightly higher levels in each month from January through September except April and June.

The most important change in the price in recent years would have resulted under the proposed formula during the period November 1952 through March 1953. The adjustments in each of those months would have increased the price 2.7 cents in November, 5.1 cents in December, 10.9 cents in January, 11.7 cents in February and 2 cents in March. This was a period in which cream receipts were exceptionally low for the period of the year. In both January and February there were less than 7,000 cans of cream purchased from nonpool sources by Boston cream buyers.

The recommended formula for establishing a floor price should be used also to determine the Class II price whenever the Boston weighted average cream price is not reported. As heretofore stated the floor price feature is needed particularly when cream purchases are below normal and it is reasonable therefore to use it directly when the market is too thin to warrant a quotation.

Exceptions were filed to the use of the proposed formula as a floor below which Class II prices could not drop although these exceptors conceded that the proposed formula appeared to be reasonable as an alternative when the Boston cream price is not published. Furthermore, each of the exceptors who took this view recommended that publication of the Boston cream price not be made when the receipts of cream are small and the number of buyers or sellers few. If the publication of the cream price is omitted more frequently the use of an alternative would of course be increased. Certain exceptions described the proposed floor feature as a gamble and made much of an alleged uncertainty which might result from the use of such a floor. Contrarily, the element of uncertainty concerning the value of milk used in the manufacture of dairy products would appear to be substantially reduced by the use of a price reported for the entire country and averaging prices paid by such a large number of plants. If any uncertainty remains under this pricing plan it is in the determinations of how much more than milk for manufactured dairy products is milk used for fluid cream and ice cream worth in the New England region. The Boston weighted average cream price has been used as a determinant of that added value and would continue to be used under the proposal for that purpose.

A group of cooperative association handlers urged the use of the Boston cream price whenever it is available on the grounds that such price under normal conditions would return a higher value to producers than the manufacturing milk price. Certainly if we are to regard normal as a period in which the market receipts and sales of Class I milk are balanced at the normal levels recognized in the Class I pricing plan this is true. The only period in the last five years in which the supply was approximately normal as measured by the Class I pricing formula was from October 1951 through October 1952. In that 13 month period the Boston Class II price based on the cream price averaged 14 cents higher than the manufacturing milk price. Since under the proposed price plan such premiums would be continued, producers would receive the higher prices when market cream purchases reflect the higher value.

The same cooperative representatives pointed to the importance of the Boston cream price as a pricing factor for sales at all levels of trade in cream. They asked that the cream price be used whenever possible to facilitate their practice of billing for cream sold on a relationship to the cream price. This difficulty is one which cream buyers and sellers must meet in the absence of a cream quotation. With large prospective supplies of milk in the region it is likely that the cream price will not be published for several months in 1954. During such months the trade will be forced to resort to some other basis of pricing.

If the cream price is published in any month in 1954, the generally large supplies of milk in the region would tend to depress the price and it is not likely that the proposed floor could exceed the cream formula price by any substantial amount. Furthermore, the proposed formula can be expected to be effective as an alternative during several months. It is concluded, therefore, that the floor price feature can be deferred until November 1, 1954, without unduly depressing Class II prices in the region. This period will permit handlers to become accustomed to the new pricing plan during those months in which it is used as an alternative.

In the absence of a cream quotation the butterfat differential should be computed by multiplying the average price for the period of 92 score butter sold wholesale at Chicago by .1.25 to determine a value per pound of butterfat. This factor will approximate the butterfat differential computed at present price levels on the cream price quotation.

The recommended changes in the Boston Class II price and butterfat differential should be adopted also in the similar provisions of the orders regulating the handling of milk in the Fall River, Lowell - Lawrence, Springfield and Worcester markets.

No other changes should be made at this time in these secondary market Class II prices. At the present time the secondary market city plant Class II prices are established at the Boston country plant level, plus the cost of shipping cream to the market. A producer cooperative association proposed that the secondary market Class II city plant prices be increased to the level of the Boston city plant price which is 38.1 cents above the 201–210 mile zone country plant price.

Since most of the milk supply in the secondary markets is received directly at the city plants the problem of disposing of surplus milk at city plants is essentially the same as that at Boston country plants. Butterfat is sold as fluid cream or is frozen and stored for later disposition while skim milk is primarily disposed of as nonfat dry milk powder in competition with products manufactured at Boston country plants or in other surplus production areas. Accordingly it is concluded that the Class II price for secondary market city plants should be maintained in its present relationship with Boston country plant prices.

A handler operating under the Fall River order proposed that in the computation of his uniform price the price actually received for Class II milk disposed of through a producers' association be used in lieu of the specified order price. He contended that he does not realize the full Class II price from the sale of such milk and, accordingly he should not be so charged. The evidence presented in connection with proposals involving the level of Class II price, and discussed elsewhere in this decision, support a strengthening of this price. Accordingly the proposal is denied.

3. *Classification and pricing of milk from nonproducer sources.* The assignment provisions of the Boston, Lowell-Lawrence, Springfield and Worcester orders should be amended to permit the assignment of receipts from New York order pool plants to Class I only to the extent of their classification and actual pricing as pool milk in Class I–A or I–B at the New York order plant. The assignment provisions of the New York order are so constructed that milk may be classified without actually being priced. As a result milk classified as I–A or I–B, but actually unpriced under the New York order passes through New York pool plants and into pool plants under the New England orders. Milk so handled replaces regular producer milk in Class I under the New England orders and may be obtained at considerable saving in cost to the handler.

Only that milk classified as I-A or I-B for which the market administrator is furnished documentary proof of actual pricing in such class should be assigned to Class I under the New England orders. Since proof of pricing can be furnished only by the handler subject to the New York order such receipts from New York order plants should be considered as receipts of outside milk on which the receiving handler must pay the difference between the Class I and the Class II price, unless he obtains from the New York handler satisfactory evidence of the fact that the milk has been priced under the New York order. If such proof is not furnished at the time of the transaction and the milk is treated as outside milk, a subsequent audit adjustment credit would be given the handler for the amount of reimbursement due when satisfactory proof of actual pricing as Class I-A or I-B under the New York order is furnished.

The provisions of the Boston order should be revised to permit sales of Class I milk direct to consumers in the Boston marketing area by Worcester handlers without payment to the Boston pool. The Boston and Worcester marketing areas are so near one to the other that there is considerable overlapping of retail routes of Boston handlers and Worcester handlers. Under the present provisions of the two orders Worcester handlers must pay to the Boston pool the difference between the Class I and Class II prices on all sales of Class I milk which they make within the Boston area while at the same time all Class I sales by Boston handlers in the Worcester market also accrue to the Boston pool. Boston producers thus receive the benefit of all Class I sales in the Boston market irrespective of plant or origin and at the same time receive credit for all Class I sales made by Boston handlers in the Worcester market.

Competition for consumer sales should not be discouraged by Federal regulation. If Worcester handlers extend their sales direct to consumers in the Boston area such sales are a part of the regular fluid market which Worcester producers may expect to supply. This does not extend to all dispositions of packaged Class I milk products since packaging of special products is sometimes accomplished in one plant for more than one market and would therefore not identify the area of a handler's regular business. The Worcester pool should therefore receive credit only for Class I sales direct to consumers in the Boston area.

No change should be made in the present Boston order assignment provision to permit the crediting of a Worcester handler with Class I sales resulting from packaged receipts from the Boston pool plant of the same handler. Proponents of a change asked that the Worcester market be credited with such sales up to the amount of bulk milk moved from the secondary market plant to the Boston plant of such handler. They contended that their proposal is merely an extension of the exempt milk provision as presently applied between Boston handlers and nonfederal unregulated plants.

While the transfer of milk between Worcester and Boston may have some aspects of the practices permitted under the exempt milk provision the situation is fundamentally different. Some Boston handlers who also operate Worcester pool plants regularly supply the Worcester requirements for special types and packages of milk from their Boston plant. Whenever their Worcester receipts exceed their requirements for other fluid sales not regularly supplied from Boston, such excess milk is transferred or diverted to the Boston plant. Accordingly, while receipts from Boston are continuing, regular operations, diversions to Boston are varying and intermittent, occurring usually as surplus milk accumulates in the Worcester market. The problem is one of determining what producers should receive credit for sales made by Boston handlers through their secondary market plant. A revision in the present scheme of allocation to credit such sales to secondary markets would represent a basic departure from the principles under which the present order relationships were established. Insufficient evidence was adduced in this hearing to consider such a fundamental revision at this time.

The present outside milk provisions of the Boston order should be revised to provide that compensatory payments on outside milk be computed at the difference between the zone Class I price and the lowest price for which such milk might logically be obtained at the plant of origin.

The present order provisions provide for a compensatory payment on outside milk received at Boston City plants computed on the basis of the difference between the Boston city plant Class I and Class II prices. The city plant Class II price is the 201–210 mile zone price plus the milk freight to Boston. Under the present scheme of pricing outside milk Boston handlers have been able to receive both unregulated milk and milk regulated under other Federal orders at their city plants at substantial savings in cost over the order prices for such milk. Milk regulated under the Worcester order has been regularly diverted to a Boston city plant and such milk is priced approximately 32 cents under the Boston city plant price. In the case of unregulated milk the primary source of supply has been nonpool milk from plants located in the State of Maine. As a result of a low price for surplus milk in local Maine markets certain Boston handlers have regularly shipped nonpool milk to Boston in increasing volumes. Although other provisions of the Boston order require an additional payment of approximately 13.9 cents on each hundredweight of milk so received, handlers have been able to secure a substantial competitive advantage as a result of the saving in cost of such milk used for fluid sales in the marketing area.

If outside milk is regularly received in the market because of a monetary advantage which accrues to the handler it is obvious that producers of such milk are deprived of the actual use value of their milk. As regular suppliers of the market they should enjoy the same pooling privilege as other producers under the order. Unless handlers are required to pay prices equivalent to actual order prices for outside milk it is likely that a greater and greater proportion of the market supply will come from such nonpool sources.

In the absence of any competitive or regulatory force which compels all handlers to pay producers for milk used in fluid outlets at a rate commensurate with its value for such use, the position of any handler who pays Class I prices is insecure, if not untenable, whenever cheaper milk is available to the market.

A classified pricing program under regulation cannot hope to be successful in the long run in insuring returns to producers at rates contemplated by the act if it is possible for some handlers to purchase outside milk at less than the Class I producer price and sell it for Class I use. Any handler who finds himself in a situation where his competitors pay less for fluid milk than he pays will be compelled to resort to the same methods, if possible. A price advantage in using outside milk is a compelling force in promoting its greater use and as a result it is probable that regular sources of regulated milk would eventually be abandoned by handlers, thus creating insecurity for themselves, producers, and consumers alike.

Sale of lower priced milk and consequent displacement of producer milk can occur under the order if plants distributing milk in the marketing area simply shift their purchases of milk to unregulated sources. By restricting or discontinuing purchases of milk from regulated sources, a handler could distribute such lower priced milk as Class I. Alternative supplies of milk for the purpose might be obtained from any unregulated source which was acceptable to the appropriate health authority in the marketing area. Such sources would not become regulated unless they met the pooling requirements for supply plants and the handler had not requested a nonpool plant status.

Producer milk might also be displaced to the extent that handlers not qualified under the performance standards of the order distributed milk directly to consumers in the marketing area. This would be possible to some extent, under the provisions of the order, since a distributing plant must sell certain minimum percentages of its milk in the marketing area in order to qualify for pooling.

It is concluded, therefore, that the compensation provisions of the order are necessary to insure against the displacement of producer milk for the purpose of cost advantage. This is essential to preserve uniformity of pricing to all handlers under the classified pricing program of the order. If intermittent supplies are not to be subject to the full regulation of the order, there is no choice as to what type of provision can be used for this purpose since minimum class prices may not be set under the order for handlers who do not participate in market-wide equalization. The only alternative is to levy a charge against unpriced milk to the extent necessary for the removal of any advantage there may be in using unregulated milk in Class I instead of regulated producer milk.

Several methods might be suggested for determining what rate of compensation payment would be appropriate. One of these is to ascertain the actual cost to the regulated handler of milk which he purchases from unregulated plants and charge as a compensation payment any amount by which the Class I price exceeded the cost of the unregulated milk used in Class I. Such a scheme is not sound from the standpoint of administrative feasibility and it would not necessarily remove the advantage in using unregulated milk even though it were feasible. Billing prices between dealers may not represent actual cost. In the case of a firm which owns or controls pool plants under the Boston order as well as unregulated plants, the rate of payment from one plant to another if any were made would have little or no significance. If such a provision were to be adopted, the billing rate might be deliberately set in each instance at a level which would avoid any payments without regard to the value of the milk.

A handler having no unregulated plants would no doubt find it possible to arrange a billing price on purchased milk which would avoid any compensatory payments. If a handler had the choice of paying money to the market-wide pool or to a person from whom he was buying milk, he would probably choose the latter. A kick-back arrangement or offsetting purchase and sale might readily be arranged, perhaps through a third party. Since the billing price for milk would be a selfserving figure for both parties to the transaction, it would be virtually impossible to ascertain that it represented true cost to the purchaser.

If the stated purchase price were a true cost, it would still not fulfill the purpose of removing the advantage to unregulated milk to base compensation payments on the difference between such price and the Class I price. The record discloses that sales of priced milk between regulated handlers ordinarily take place at the class price plus a handling charge. This handling charge may vary according to circumstances, but represents a payment to the receiver

of the milk to offset his purchasing and handling costs, such as receiving, weighing, testing and cooling the milk, paying the producers, profit margin, and so on. The cost of receiving the milk in bulk form is somewhat less than receiving it from producers. Thus, in order to remove the advantage to unregulated milk, it would be necessary to provide that the cost of bulk unregulated milk be somewhat more than the Class I price. It would be exceedingly difficult to determine what this excess rate should be.

Another method is to determine the price actually paid dairy farmers by the unregulated milk dealer who first received the milk, and base the compensation payment thereon. This method has several shortcomings. The various payment plans which might be and are used in paying farmers for milk would make the determination of pay rates to each farmer an extremely complicated task. For example, unregulated milk dealers may use varying rates of butterfat differentials, different types of base rating plans, various premium payments, and so on. These various schemes used by dealers for paying farmers could make it impossible to determine the actual rate of payment. Stated prices can be an illusion since actual cost of milk may be modified by items such as hauling subsidies or overcharges, and all kinds of supplies and services which might be overpriced or underpriced to the farmer. Whatever payment plan an unregulated milk dealer may use is a matter of his own choice. Determination of pay rates to farmers by unregulated dealers is handicapped also by the lack of verification of butterfat tests and weights. In the case of cooperatives, part of the proceeds from the sale of milk is often distributed at the end of a fiscal year.

Another possible method for determining the rate of compensation payments would be to base the rate of payment on the difference between blend prices prevailing in an area and the Class I price. This would presume that unregulated handlers will be forced by competition to pay farmers approximately average blend prices. While this may be true in many instances, it is not necessarily always true, and a payment based on the difference between such prices could not be expected to insure that unregulated milk would not be used to displace regulated milk for cost reasons at all times throughout the year. Unregulated plants, as well as regulated plants, have some surplus milk at all times and particularly during the seasons of flush production. As a result, prices paid farmers are, in fact, blend prices made up of returns from the sale of milk in Class I outlets, as well as sales to the surplus market. If an unregulated plant were in a position to sell its surplus milk for Class I use in the marketing area and maintain its own Class I outlets, it would have a competitive advantage over unregulated handlers who found it necessary to dispose of part of their milk as surplus.

In the absence of a compensation payment, the unregulated plant might sell its milk for Class I use in other markets at substantial handling charges whenever fluid milk tended to be in short supply, and then dispose of milk for Class I use in the regulated market to maintain its blend price during the season of flush production when Class I sales elsewhere were difficult to make. A plant which could thus keep its disposition of milk largely as Class I and avoid qualification as a pool plant would be in a position to pay its farmers at a higher rate than that received by producers under the order, or it could retain the extra money as profits. In either case, however, pool milk would be at a disadvantage relative to unregulated milk.

Since none of these suggestions presents an acceptable approach to the problem of compensation payments, it is necessary to resort to a different procedure. The only sound method of dealing with this problem seems to be one based on a recognition of the economics involved as they affect producers and handlers. This approach resolves itself primarily into a question of market values for milk.

Handlers under the order seeking to purchase unregulated milk will naturally resort to the lowest cost source from which suitable milk is available. In fixing the rate of compensation payment, it is necessary, therefore, to determine what the lowest cost source may be and to base the payment on the difference between the cost of such milk and the cost of milk for Class I use as priced under the order.

For the most part milk produced in the New England area and not regulated under Federal orders is regulated by the individual states. In general the alignment as between State and Federal minimum prices has been reasonably close, most of the states following the Boston order prices. It is concluded that fixing the compensatory payment rate at the difference between the Boston Class I and Class II prices in the mileage zone in which the originating plant is located would accomplish the desired pricing, except under the special circumstances discussed below.

In the case of the nearby area of Massachusetts, Rhode Island, and Connecticut, location with respect to centers of distribution has a direct and positive effect on prevailing prices with the result that the city plant prices established under Federal regulation represent prevailing prices at the point of origin. Consequently, it is concluded that for receipts of outside milk from within the State of Massachusetts and from nearby States of Rhode Island and Connecticut the compensatory payment rate should be the difference between the secondary market city plant Class I and Class II prices.

Outside milk receipts from points within the State of Maine must be accorded somewhat different treatment since on the basis of the record surplus prices are established under the Maine State Milk Commission lower than the surplus prices prevailing in other parts of New England. Maine has a very high potential as a continuing source of supply in substantial and increasing volume. Under the present pricing scheme in effect under the Maine State order the Class II or surplus price is based solely on the weighted average cream price at Boston and includes no value for skim. During the months of April, May and June the price for surplus in excess of 15 percent is established 35 cents below "cream value." Since milk would logically move from the cheapest available source it is from these prices which we must compute our compensatory payment. Accordingly, it is concluded that on all outside milk received at Boston plants direct from plants located within the State of Maine the compensatory payment should be the difference between the Class I price established under the Boston order for the zone in which the originating plant is located and the Boston order Class II price for such zone or, in the event the Maine State order surplus price is below the Boston order Class II price, the lowest price for Class II milk established for the month under the provisions of such Maine State order.

Such payments are necessary to sustain the classification and pricing of milk according to its use in the market. In the current economic circumstances they will remove any unfair competitive advantage of outside, unpriced milk in relation to priced milk and thereby will avoid displacement of producer milk. However, if experience proves that milk is available to handlers at any time of the year at prices lower than those anticipated, the rates of compensation payments should be reviewed on the base of such experience.

The implementation of the recommended method of computing compensatory payment charges requires some revision of the method of determining the quantities of Class I milk of producers which should be allocated to each of a handler's plants. Such changes are provided in the recommended amendment set forth in this decision.

4. *Location differential areas.* No change should be made at this time in the boundaries of the nearby differential areas as set forth under the provisions of the Boston, Springfield, Worcester and Lowell-Lawrence orders.

Springfield producers operating in Berkshire County proposed that the nearby differential area boundary which presently terminates at the Berkshire County line be extended to include the County of Berkshire. They contended that their exclusion from the area deprives them of an additional 46 cents per hundredweight which their neighbors across the county line enjoy. Producers in the easternmost tier of towns in Berkshire County are included in the intermediate area and receive a differential of 23 cents per hundredweight. Producers in the remainder of the county receive the basic blended price.

The record indicates that Berkshire producers have access to only limited outlets for their milk. With the exception of a New York order pool plant located at Great Barrington, there is no practical outlet for present Springfield producers in this area. As a result virtually all of the milk produced in the upper two thirds of the county, except that disposed of in limited local markets, moves to Springfield. There is no evidence that present prices have resulted in any shift of these producers away from the Springfield market.

The present scheme of pricing under the Springfield order is designed to provide prices generally in line with Boston and New York order prices at competing points. Blended prices which Springfield producers located in Berkshire County have actually received have consistently exceeded the Great Barrington plant prices. Any change in the pricing structure which would increase the disparity between Springfield and New York blend producer prices would tend to promote shifts of producers away from the New York market and would tend to disrupt the orderly marketing of milk in both the Springfield and New York markets.

One handler asserted that the areas to which the nearby location differentials apply under the Boston, Springfield, Lowell-Lawrence and Worcester orders should be revised. These differentials have been established on the records of previous hearings with respect to these several orders and no new evidence was presented on the record of this hearing which would alter the earlier conclusions.

5. *Marketing service under the Boston order.* Order provisions requiring that marketing services be rendered to producers who are not members of cooperative associations should not be incorporated into the Boston order at this time. Under the present order provisions a limited check testing program and market information program is carried on with administrative funds. Certain cooperative associations proposed that a marketing service assessment be established under the Boston order and a comprehensive marketing service program be initiated for nonmember producers.

The act is specific with reference to a marketing service deduction. The language is permissive rather than mandatory. Most of the Federal milk marketing orders now in effect do make provision for a marketing service program financed through a marketing service assessment. Each of the New England secondary market orders now has such a provision for a marketing service program.

The evidence on the record suggests the need for a more comprehensive marketing service program under the Boston order. However, evidence is incomplete concerning the scope of the program now in effect, the type of program desirable under the Boston order, and the extent of personnel and funds which would be necessary to carry it out. The question should be further explored at a future hearing with particular attention as to the details on type and extent of program needed and the estimated cost thereof. It is concluded that no action should be taken on this issue on the basis of this record.

The reporting provisions of the Boston order should be amended to require that a handler promptly report to a cooperative association of producers the date on which any member producer, for whom the handler has had prior notification of association membership, begins or terminates his deliveries of milk to such handler.

If an association of producers is to effectively consumate its marketing obligations under its membership contracts it is essential that it have up to date knowledge as to the plant to which the milk of its members is disposed of. In a market the size of Boston shifts of producers from one handler to another are a common occurrence. Unless some formal procedure for notification is followed, an association cannot effectively follow the disposition of its members' milk for purpose of checking weights and tests.

Furthermore, since the order presently provides that authorized deductions be made by the handler and turned over to the association it is desirable that a more effective procedure be devised for following producer changes as between handlers. A positive system for following producer changes gives a cooperative association greater assurance of collecting authorized operating revenues while, at the same time, providing member producers greater assurance of the performance of effective marketing services by their association.

Since information on "starts and stops" are now required to be reported to the market administrator the job of notifying the several cooperative associations of changing status of their producer members might be considerably simplified if it were made a permissive task of the market administrator on specific authorization by the handler. Accordingly it is provided that the handler may discharge his responsibility by authorizing the market administrator to furnish the several associations such information with reference to its membership.

6. *Definition of exempt milk.* No revision should be made in the Springfield order provisions which would alter the procedure for computing charges presently assessed against a handler doing only a minor portion of his business within the marketing area.

Under the present order provisions a handler's plant is required to pool if at least 10 percent of its total receipts of fluid milk products, other than cream, is disposed of as Class I milk within the marketing area. The operator of a plant not qualifying for pooling must either purchase pool milk in a volume equivalent to his sales of Class I milk in the marketing area, or pay on the volume of milk so disposed of, the difference between the Class I and Class II price.

A handler presently doing only a minor portion of his business in the marketing area asked that the order be amended to provide that a handler operating a nonpool plant and disposing of less than 10 percent of his Class I business, but not more than 200 quarts of milk daily, to consumers within the marketing area be exempted from any pool payment if he purchased an equivalent volume of milk from a dairy farmer located within the marketing area. He maintained that small handlers operating in the area immediately adjacent to the marketing area are severely penalized as a result of any minor sales made within the marketing area. They must either buy pool milk to cover the volume of such sales in which case they are charged premiums over the Class I price, or they must pay the difference between the Class I and Class II price in event they buy no pool milk. In either case their milk costs are in excess of the Class I price.

The problem of fringe area sales exists whenever marketing area boundaries are established. Handlers within the regulated area normally have some sales outside the area and outside handlers normally have or desire sales on routes extending into the area.

The present order provisions are written to assure producers regularly supplying the market priority in the Class I sales of the market, and an equal share in the distribution of the pool. A handler operating only nominally within the marketing area has the alternative of increasing his market area business to meet minimum pooling requirements, withdrawing entirely from the area of regulation, or buying pool milk to cover his market area Class I sales. If his within-area sales are sought as an outlet for milk surplus to his regular sales he should be required to make retribution to the pool. Since the pool does not share in his regular Class I sales, it is not reasonable that his excess milk should replace producer milk in Class I sales of the market.

7. *Base excess price plan for Fall River market.* The proposal for the inclusion of a base-rating plan in the Fall River order should not be adopted at this time. The proposal was made by a handler operating under the order with the view of promoting a more desirable pattern of milk production among his several producers. A base rating plan is a price plan employed in fluid milk markets to promote a pattern of production compatible with market requirements. A base rating plan does not affect the handlers' costs of milk but is a method of distributing monies as between producers. Such a plan should have general producer support to be considered. The record fails to show that producers were consulted or would support a base rating plan.

8. *Administrative changes.* Other order changes herein recommended for adoption are of an administrative nature, largely nonsubstantive in effect, and their adoption was not contested by either producers or handlers. These changes would correct the references to the New England Joint Tariff rates, delete volume and city plant location differentials as set forth under the Boston order, correlate the numbering scheme under the Boston and secondary market orders, provide a uniform monthly date for adjustment payments due to and from the market administrator, change the due date of market service assessments in the secondary markets to conform with the due date of other payments to the market administrator, and substitute the name "Merrimack Valley" in place of "Lowell-Lawrence" as the marketing area defined by Order No. 34.

The "other differentials" set forth in section 65 of the Boston order provide permissive deductions in the case of city plants located outside the marketing area and in the case of small country plants. No handlers have taken advan-

tage of these permissive differentials in recent years and very few handlers have operations which would permit them to qualify in any event. It is unlikely that competition would enable any handler to take advantage of this permission. The differential rates set forth were established early in the period of regulation in the market and there is no reason to expect that they would be appropriate at the present time. It is concluded therefore that the provision should be deleted.

Changing the name of the marketing area under order No. 34 to the "Merrimack Valley" provides a more appropriate name for the area now covered by the order. Ever since the addition of Haverhill as a part of the marketing area, considerable confusion has occurred locally because of the restricted nature of the name Lowell-Lawrence. "Merrimack Valley" is the name by which the area actually regulated is usually referred to and its use is more appropriate under the circumstances.

General findings. (a) The proposed marketing agreements and the orders, now in effect, and as hereby proposed to be amended, and all of the terms and conditions thereof will tend to effectuate the declared policy of the act;

(b) The proposed marketing agreements and the orders, now in effect, and as hereby proposed to be amended, regulate the handling of milk in the same manner as, and are applicable only to, persons in the respective classes of industrial and commercial activity specified in marketing agreements upon which a hearing has been held; and

(c) The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply and demand for milk in the respective marketing areas, and the minimum prices specified in the proposed marketing agreements and in the orders, now in effect, and as hereby proposed to be amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk in each of said marketing areas, respectively, and be in the public interest.

Marketing agreements and orders. Annexed hereto and made a part hereof are separate marketing agreements and orders amending the orders regulating the handling of milk in the Greater Boston, Merrimack Valley (Lowell-Lawrence), Springfield, Worcester, and Fall River, Massachusetts, marketing areas, which have been decided upon as the detailed and appropriate means of effectuating the foregoing conclusions. These documents shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

Order of the Secretary directing that referenda be conducted; determination of representative periods and designation of agents to conduct such referenda. Pursuant to section 8c (19) of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 608 (c) (19)), it is hereby directed that referenda be conducted among the producers (as defined in the orders, as amended, and as hereby proposed to be further amended, regulating the handling of milk in the Greater Boston, Merrimack Valley, Fall River, Springfield and Worcester marketing areas) who, during the determined representative periods, were engaged in the production of milk for sale in the respective marketing areas, specified in the aforesaid orders, as amended, and as hereby proposed to be further amended, to determine whether such producers favor the issuance of the orders amending the orders, as amended, which are a part of this decision.

The representative period for the conduct of these referenda are hereby determined to be:

Greater Boston, September 1953.
Merrimack Valley, November 1953.
Springfield, November 1953.
Worcester, November 1953.
Fall River, December 1953.

John J. Hogan is hereby designated as agent of the Secretary to conduct the referendum with respect to the Fall River order and Richard D. Aplin is hereby designated as agent of the Secretary to conduct the referenda on each of the other aforesaid orders. Such referenda shall be conducted in accordance with the procedure for the conduct of referenda to determine producer approval of milk marketing orders as published in the FEDERAL REGISTER on August 10, 1950 (15 F. R. 5177).

It is hereby ordered, That all of this decision, except the attached marketing agreements, be published in the FEDERAL REGISTER. The regulatory provisions of said marketing agreements are identical with those contained in the attached orders amending the orders, as amended, which will be published with the decision.

This decision filed at Washington, D. C., this 8th day of March 1954.

[SEAL] JOHN H. DAVIS,
Acting Secretary of Agriculture.

Order[1] Amending the Order, as Amended, Regulating the Handling of Milk in the Greater Boston, Massachusetts, Marketing Area

§ 904.0 *Findings and determinations*—(a) *Findings upon the basis of the hearing record.* Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon a proposed marketing agreement and a proposed amendment to the order, as amended, regulating the handling of milk in the Greater Boston, Massachusetts, marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended, and as hereby further amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The parity prices of milk produced for sale in the said marketing area, as determined pursuant to section 2 of the act, are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply and demand for milk in the marketing area, and the minimum prices specified in the order, as amended, and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held.

Order relative to handling. It is therefore ordered that on and after the effective date hereof, the handling of milk in the Greater Boston, Massachusetts, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and hereby further amended:

1. In §§ 904.2 (e) and 904.48 (b) (1), delete the words "Lowell-Lawrence" and substitute therefor the words "Merrimack Valley."

2. Delete § 904.3 (d) and substitute therefor the following:

(d) "Receiving plant" means any plant which is currently used for receiving, weighing or measuring, sampling, and cooling milk received there directly from dairy farmers' farms in cans, and for washing and sterilizing such cans; or which is currently used for receiving milk directly from dairy farmers' farms by tank truck; and at which are currently maintained weight sheets or other records of the individual farmers' deliveries.

3. Delete § 904.4 (f) (3) and substitute therefor the following:

(3) All Class I milk, after subtracting receipts of Class I milk from regulated plants, which is disposed of to consumers in the marketing area from an unregulated plant, except a Worcester regulated plant, without its intermediate movement to another plant.

4. Delete § 904.27 and substitute therefor the following:

§ 904.27 *Assignment of receipts from New York order pool plants.* Receipts from New York order pool plants shall be assigned to Class II milk, except as provided in § 904.28, and except that receipts during the months of August through March which are classified and priced in Class I–A or I–B under the New York order shall be assigned to Class I milk.

5. Delete § 904.29 (a) and substitute therefor the following:

[1] This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

(a) Subject to the provisions of §§ 904.47 and 904.65, all receipts of outside milk shall be considered as receipts of Class II milk, and shall be assigned to that class without regard to the specific use of such receipts.

6. Delete § 904.32 (a) and substitute therefor the following:

(a) Within 20 days after a producer moves from one farm to another, starts or resumes deliveries to any of a handler's pool plants, or starts delivering his milk to the handler's plant by tank truck, the handler shall file with the market administrator a report stating the producer's name and post office address, the date on which the change took place, and the farm and plant locations involved. The report shall also state, if known, the plant to which the producer had been delivering prior to starting or resuming deliveries.

7. In § 904.32 add a new paragraph (c) as follows:

(c) Each handler who is not an association of producers shall, upon request from any such association, promptly furnish it with information with respect to each of its producer members who starts, resumes, or stops deliveries to any of the handler's pool plants. Such information shall include the date on which the change took place, the producer member's post office address and farm location, and, if known, the plant to which he previously delivered, or the reason for his failure to continue deliveries. In lieu of his providing the information directly to the association, the handler may authorize the market administrator to furnish the association with such information, derived from the handler's reports and records.

8. Delete the title and first sentence of § 904.41 and substitute therefor the following:

§ 904.41 *Class II Price.* The Class II price per hundredweight at plants located in the 201–210 mile zone shall be determined for each month pursuant to this section.

* * * * *

9. Delete § 904.41 (a) and substitute therefor the following:

(a) Subject to § 904.43 (c), subtract 52.5 cents from the weighted average price per 40-quart can of 40 percent bottling quality cream, f. o. b. Boston, as reported by the United States Department of Agriculture for the month, divide the remainder by 33, multiply by 0.98, and multiply the result by 3.7.

10. Delete § 904.41 (c) and substitute therefor the following:

(c) Add the results obtained in paragraphs (a) and (b) of this section, and from the sum subtract the amount shown below for the applicable month. Subject to paragraph (d) of this section, the result is the Class II price per hundredweight for milk received from producers at plants located in the 201–210 railroad freight mileage zone.

Month:	Amount (cents)
January and February	67
March and April	79
May and June	85
July	79
August and September	73
October, November, and December	67

11. Delete § 904.41 (d) and substitute therefor the following:

(d) For each month in which no cream price, as described in paragraph (a) of this section, is reported, and for each month beginning with November 1954 in which the amount determined pursuant to this paragraph is greater, than the amount computed pursuant to paragraph (c) of this section, the amount determined pursuant to this paragraph shall be the Class II price per hundredweight of milk received from producers at plants located in the 201–210 railroad freight mileage zone.

(1) Divide the average price for milk for manufacturing purposes, f. o. b. plants United States as reported on a preliminary basis by the United States Department of Agriculture for the month by the average butterfat test of such milk and multiply by 3.7.

(2) Adjust the result obtained in subparagraph (1) by the amount shown below for the applicable month:

Month:	Amount (cents)
January	+8
February	+7
March	−10
April	−14
May	−17
June	−16
July	+3
August	+12
September	+9
October	+11
November	+12
December	+12

12. In the first sentence of § 904.43 change the reference "New England Joint Tariff—M No. 6" to "New England Joint Tariff—M No. 7."

13. In § 904.44 (b) insert a new sentence immediately following the first sentence as follows: "If the Class II price is determined pursuant to § 904.41 (d), subtract the amount determined pursuant to paragraph (a) of this section from the simple average of the daily prices, using the midpoint of any range as one price, for Grade A (92-score) butter at wholesale in the Chicago market, as reported for the month by the United States Department of Agriculture multiplied by 1.22."

14. Delete § 904.47 and substitute therefor the following:

§ 904.47 *Allocation of Class I milk to plants.* For the purpose of determining the respective quantities of Class I milk subject to the applicable zone prices, each pool handler's Class I milk during the month, after excluding receipts assigned to Class I pursuant to §§ 904.25 through 904.28, shall be allocated to plants as follows:

(a) His Class I milk first shall be allocated to receipts at his city plants of milk from producers' farms; and then to the receipts of outside milk at his city plants from unregulated plants located in Connecticut, Massachusetts, or Rhode Island.

(b) Thereafter, his Class I milk shall be allocated to other plants in the order of the nearness of the plants to Boston by railroad freight mileage distance. The quantity allocated to any of his pool plants shall be equal to its shipments of fluid milk products, other than cream, to the limit of its receipts from producers' farms. The quantity allocated to any unregulated plant shall be equal to its shipments of outside milk to the handler's regulated plants. However, shipments to plants located in the States of Maine, New Hampshire, Vermont, or New York, with respect to which utilization as Class II is established shall not be allocated to Class I milk.

(c) For the purpose of this section, a handler's receipts of outside milk from dairy farmers for other markets shall be considered as shipped from the unregulated plant to which such farmers ordinarily delivered.

15. In § 904.51 renumber the present paragraphs (e) and (f) as paragraph (d) and (e), respectively, and change in paragraphs (a) and (b) the reference "§ 904.66" to "§ 904.65."

16. Delete § 904.62 and substitute therefor the following:

§ 904.62 *Adjustments of errors in payments.* (a) Whenever verification by the market administrator of reports or payments of any handler discloses an error in payments made pursuant to §§ 904.61 (b) and 904.65, the market administrator shall promptly issue to the handler a charge bill or a credit, as the case may be, for the amount of the error. Adjustment charge bills issued during the period from the 16th day of the prior month through the 15th day of the current month shall be payable by the handler to the market administrator on or before the 23d day of the current month. Adjustment credits issued during such period shall be payable by the market administrator to the handler on or before the 25th day of the current month.

(b) Whenever verification by the market administrator of the payment to any producer for milk delivered to any handler discloses payment to such producer of an amount less than is required by § 904.61 (a), the handler shall make up such payment to the producer not later than the time of making final payment for the month in which such error is disclosed.

17. In § 904.63 delete all of the language beginning with the second sentence and substitute therefor the following: "If the cream price described above is not reported as indicated the butterfat differential shall be determined by multiplying by 1.25 the average of the daily prices, using the midpoint of any range as one price, for Grade A (92 score) butter at wholesale in the Chicago market as reported for the period betwen the 16th day of the preceding month and the 15th day, inclusive, of the current month by the United States Department of Agriculture, and then dividing by 10."

18. Delete §§ 904.65 and 904.66 and substitute therefor the following:

§ 904.65 *Payments on outside milk.* Within 23 days after the end of each month, each handler who handles outside milk shall make such payment thereon to producers, through the market administrator, as is required by the applicable provisions of this section.

(a) Each pool handler who receives outside milk which is allocated to Class I milk in accordance with § 904.47, and each buyer-handler or producer-handler whose receipts of outside milk are in excess of his total use of Class II milk after deducting receipts of cream, shall make payment on such allocated quantity or excess quantity as follows:

(1) On outside milk received at a regulated city plant from an unregulated plant located in Connecticut, Massachusetts, or Rhode Island, the payment shall be at the difference between the Class I price applicable to milk received from producers at city plants and the Class II price applicable to milk received from producers at plants located in the 201–210 freight mileage zone plus 5.8 cents.

(2) On outside milk received at any regulated plant from an unregulated plant located in Maine, the payment shall be at the difference between the price pursuant to § 904.40 applicable at the freight mileage zone of the unregulated plant and the lesser of either the simple average for the month of the lowest minimum semimonthly prices for Class II milk containing 3.7 percent butterfat which are established by the Maine Milk Commission for the market in which such unregulated plant is located or the price determined pursuant to § 904.41 applicable at the freight mileage zone of such plant.

(3) Except as provided in subparagraphs (1) and (2) of this paragraph, the payment on outside milk received at any regulated plant from an unregulated plant shall be at the difference between the price pursuant to § 904.40 and the price pursuant to § 904.41 applicable at the location or freight mileage zone of the unregulated plant.

(4) For the purposes of this paragraph, outside milk received from dairy farmers for other markets shall be considered as received from the unregulated plant to which they ordinarily delivered.

(b) Each handler who operates an unregulated plant from which outside milk is disposed of to consumers in the marketing area without intermediate movement to another plant shall make payment on the quantity so disposed of. The payment shall be at the difference between the price pursuant to § 904.40 and the price pursuant to § 904.41 applicable at the location or freight mileage zone of the handler's plant.

19. Renumber § 904.75 as § 904.66.

20. In § 904.67 change the reference "§ 904.66" to "§ 904.65".

21. In § 904.68 (e), delete the reference "§§ 904.65 and 904.75," and substitute therefor "§ 904.66".

22. Renumber §§ 904.77 and 904.78 as §§ 904.72 and 904.73, respectively.

23. In § 904.12 (c), change the reference "§ 904.77" to "§ 904.72".

Order[1] Amending the Order, as Amended, Regulating the Handling of Milk in the Merrimack Valley (Lowell-Lawrence), Massachusetts, Marketing Area

§ 934.0 *Findings and determinations—(a) Findings upon the basis of the hearing record.* Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon a proposed marketing agreement and a proposed amendment to the order, as amended, regulating the handling of milk in the Merrimack Valley (Lowell-Lawrence), Massachusetts, marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended, and as hereby further amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The parity prices of milk produced for sale in the said marketing area, as determined pursuant to section 2 of the act, are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply and demand for milk in the marketing area, and the minimum prices specified in the order, as amended, and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held.

Order relative to handling. It is therefore ordered that on and after the effective date hereof, the handling of milk in the Merrimack Valley (Lowell-Lawrence), Massachusetts, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and hereby further amended:

1. In § 934.1 (b) and (c), delete the words "Lowell-Lawrence, Massachusetts, marketing area" and substitute therefor the words "Merrimack Valley, Massachusetts marketing area".

2. Delete § 934.3 (b) and substitute therefor the following:

(b) "Receiving plant" means any plant which is currently used for receiving, weighing or measuring, sampling, and cooling milk received there directly from dairy farmers' farms in cans, and for washing and sterilizing such cans; or which is currently used for receiving milk directly from dairy farmers' farms by tank trucks; and at which are currently maintained weight sheets or other records of the individual farmers' deliveries.

3. In § 934.12 (b), change the reference "§ 934.71" to "§ 934.72".

4. Delete § 934.27 (c) and substitute therefor the following:

(c) Receipts from New York order pool plants shall be assigned to Class I milk if classified and priced in Classes I–A or I–B under the New York order.

5. Delete § 934.32 (a) and substitute therefor the following:

(a) Within 20 days after a producer moves from one farm to another, starts or resumes deliveries to any of a handler's pool plants, or starts delivering his milk to the handler's plant by tank truck, the handler shall file with the market administrator a report stating the producer's name and post office address, the date on which the change took place, and the farm and plant locations involved. The report shall also state, if known, the plant to which the producer had been delivering prior to starting or resuming deliveries.

6. Delete all of the language of § 934.40 following the words "plus 52 cents".

7. Delete § 934.41 and substitute therefor the following:

§ 934.41 *Class II price at city plants.* The Class II price per hundredweight at city plants shall be the Class II price determined for each month pursuant to § 904.41 of this subchapter plus 5.8 cents.

8. In § 934.42, change the heading of the table from "Differentials for Determination of Country Plant Prices" to "Differentials for Determination of Zone Prices".

9. Delete § 934.43 and substitute therefor the following:

§ 934.43 *Automatic changes in zone price differentials and other price factors.* In case the rail tariff for the transportation of milk or cream, as published in New England Joint Tariff M No. 7 and supplements thereto or revisions thereof, is increased or decreased, the zone price differentials set forth in the table in § 934.42 and the price factors specified in §§ 934.40 and 934.41 shall be correspondingly increased or decreased. Such adjustments shall become effective in the first complete month in which the changes in rail tariffs apply. Adjustments pursuant to paragraphs (a), (b), and (c) of this section shall be made to the nearest one-half cent per hundredweight, and adjustments pursuant to paragraph (d) shall be made to the nearest one-tenth cent per hundredweight.

(a) If the rail tariff for transporting milk in 40-quart cans in carlots of 200 or more cans is changed, the differentials set forth in column B of the table shall be adjusted to the extent of the change.

(b) If the rail tariff for transporting milk in carlots in tank cars for mileage distances of 201–210 miles is changed, the price factor of 52 cents specified in § 934.40 shall be adjusted to the extent of the change.

(c) If the rail tariff for transporting cream in 40-quart cans in carlots of 100–199 cans is changed, the differentials set forth in column C of the table shall be adjusted by the result obtained by dividing the tariff change by 9.05.

(d) If the rail tariff for transporting cream in 40-quart cans in carlots of 100–199 cans for mileage distances of 201–210 miles is changed, the price factor of 5.8 cents specified in § 934.41 shall be adjusted by the result obtained by multiplying the tariff change by 1.03 and then dividing by 9.05.

10. In § 934.48 (b) (1) delete the words "Lowell-Lawrence" and substitute therefor the words "Merrimack Valley".

11. In § 934.50 (g) delete the reference "§ 904.66 (b)" and substitute therefor "§ 904.65 (b)".

12. Delete § 934.62 and substitute therefor the following:

§ 934.62 *Adjustments of errors in payments.* (a) Whenever verification by the market administrator of reports or payments of any handler discloses an error in payments made pursuant to §§ 934.61 (b), 934.65, and 934.66, the market administrator shall promptly issue to the handler a charge bill or credit, as the case may be, for the amount of the error. Adjustment charge bills issued during the period from the 16th day of the prior month through the 15th day of the current month shall be payable by the handler to the market administrator on or before the 23d day of the current month. Adjustment credits issued during such period shall be payable by the market administrator to the handler on or before the 25th day of the current month.

(b) Whenever verification by the market administrator of the payment to any producer for milk delivered to any handler discloses payment to such producer of an amount less than is required by § 934.61 (a), the handler shall make up such payment to the producer not later than the time of making final payment for the month in which such error is disclosed.

13. In § 934.63 delete all of the language beginning with the second sentence and substitute therefor the following: "If the cream price described above is not reported as indicated the butterfat differential shall be determined by multiplying by 1.25 the average of the daily prices, using the midpoint of any range as one price, for Grade A (92 score) butter at wholesale in the Chicago market as reported for the period between the 16th day of the preceding month and the 15th day inclusive of the current month by the United States Department of Agriculture, and then dividing by 10."

14. In § 934.68 (e), delete the reference "§§ 934.69 and 934.70," and substitute therefor "§§ 934.70 and 934.71,".

15. In the first sentence of § 934.69 delete the words "25th day" and substitute therefor the words "23d day".

16. Renumber §§ 934.69 through 934.72 as §§ 934.70 through 934.73, respectively.

[1] This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

Order[1] Amending the Order, As Amended, Regulating the Handling of Milk in the Fall River, Massachusetts, Marketing Area

§ 947.0 *Findings and determinations.—(a) Findings upon the basis of the hearing record.* Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon a proposed marketing agreement and a proposed amendment to the order, as amended, regulating the handling of milk in the Fall River, Massachusetts, marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended, and as hereby further amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The parity prices of milk produced for sale in the said marketing area, as determined pursuant to section 2 of the act, are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply and demand for milk in the marketing area, and the minimum prices specified in the order, as amended, and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held.

Order relative to handling. It is therefore ordered that on and after the effective date hereof, the handling of milk in the Fall River, Massachusetts, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and hereby further amended:

1. In §§ 947.50 and 947.53 delete the reference "New England Joint Tariff M No. 6" and substitute therefor the reference "New England Joint Tariff M No. 7".

2. Delete § 947.51 and substitute therefor the following:

§ 947.51 *Class II prices.* Each handler shall pay producers or cooperative associations for Class II milk containing 3.7 percent butterfat delivered by them to plants located within 100 miles of the City Hall in Fall River, not less than the Class II price determined for the month pursuant to § 904.41 of this subchapter for Class II milk received from producers at plants located in the 201–210 freight mileage zone under such order, plus the amount of 5.8 cents: *Provided*, That the factor 5.8 cents shall be increased or decreased to the extent of any increase or decrease in the rail tariff for the transportation of cream in 40-quart cans in carlots of 100–199 cans, as published in New England Joint Tariff M No. 7 and supplements thereto or revisions thereof. The adjusted rate shall be computed by dividing such cream freight rate by 9.05, then multiplying by 1.03 and adjusting the result to the nearest one-tenth cent. Any such adjusted rate shall become effective in the first complete month in which such increase or decrease in the tariff applies.

3. In § 947.54 delete all of the language beginning with the second sentence and substitute therefor the following: "If the cream price described above is not reported as indicated the butterfat differential shall be determined by multiplying by 1.25 the average of the daily prices, using the midpoint of any range as one price, for Grade A (92-score) butter at wholesale in the Chicago market as reported for the period between the 16th day of the preceding month and the 15th day inclusive of the current month by the United States Department of Agriculture, and then dividing by 10."

4. In § 947.48 (b) (1) delete the words "Lowell-Lawrence" and substitute therefor the words "Merrimack Valley".

Order[1] Amending the Order, as Amended, Regulating the Handling of Milk in the Springfield, Massachusetts, Marketing Area

§ 996.0 *Findings and determinations—(a) Findings upon the basis of the hearing record.* Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon a proposed marketing agreement and a proposed amendment to the order, as amended, regulating the handling of milk in the Springfield, Massachusetts, marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended, and as hereby further amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The parity prices of milk produced for sale in the said marketing area, as determined pursuant to section 2 of the act, are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply and demand for milk in the marketing area, and the minimum prices specified in the order, as amended, and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

[1] This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held.

Order relative to handling. It is therefore ordered that on and after the effective date hereof, the handling of milk in the Springfield, Massachusetts, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and hereby further amended:

1. Delete § 996.3 (b) and substitute therefor the following:

(b) "Receiving plant" means any plant which is currently used for receiving, weighing or measuring, sampling, and cooling milk received there directly from dairy farmers' farms in cans, and for washing and sterilizing such cans; or which is currently used for receiving milk directly from dairy farmers' farms by tank truck; and at which are currently maintained weight sheets or other records of the individual farmers' deliveries.

2. Delete § 996.27 (c) and substitute therefor the following:

(c) Receipts from New York order pool plants shall be assigned to Class I if classified and priced in Classes I–A or I–B under the New York order.

3. Delete § 996.32 (a) and substitute therefor the following:

(a) Within 20 days after a producer moves from one farm to another, starts or resumes deliveries to any of a handler's pool plants, or starts delivering his milk to the handler's plant by tank truck, the handler shall file with the market administrator a report stating the producer's name and post office address, the date on which the change took place, and the farm and plant locations involved. The report shall also state, if known, the plant to which the producer had been delivering prior to starting or resuming deliveries.

4. Delete all of the language of § 996.40 following the words "plus 52 cents".

5. Delete § 996.41 and substitute therefor the following:

§ 996.41 *Class II price at city plants.* The Class II price per hundredweight at city plants shall be the Class II price determined for each month pursuant to § 904.41 of this subchapter plus 5.8 cents.

6. In §§ 996.2 (e), 996.4 (f) (2), 996.16 (c), (d), and (e), 996.20 (c), 996.27 (b), 996.48 (b) (1), and 996.66, delete the words "Lowell-Lawrence" and substitute therefor the words "Merrimack Valley".

7. Delete § 996.43 and substitute therefor the following:

§ 996.43 *Automatic changes in zone price differentials and other price factors.* In case the rail tariff for the transportation of milk or cream, as published in New England Joint Tariff M No. 7 and supplements thereto or revisions thereof, is increased or decreased, the zone price differentials set forth in the table in § 996.42 and the price factors specified in §§ 996.40 and 996.41 shall be correspondingly increased or decreased. Such adjustments shall become effective in the first complete month in which the changes in rail tariffs apply. Adjustments pursuant to paragraphs (a), (b), and (c) of this section shall be made to the nearest one-half cent per hundredweight, and adjustments pursuant to paragraph (d) of this section shall be made to the nearest one-tenth cent per hundredweight.

(a) If the rail tariff for transporting milk in 40-quart cans in carlots of 200 or more cans is changed, the differentials set forth in column B of the table shall be adjusted to the extent of the change.

(b) If the rail tariff for transporting milk in carlots in tank cars for mileage distances of 201–210 miles is changed, the price factor of 52 cents specified in § 996.40 shall be adjusted to the extent of the change.

(c) If the rail tariff for transporting cream in 40-quart cans in carlots of 100–199 cans is changed, the differentials set forth in column C of the table shall be adjusted by the result obtained by dividing the tariff change by 9.05.

(d) If the rail tariff for transporting cream in 40-quart cans in carlots of 100–199 cans for mileage distances of 201–210 miles is changed, the price factor of 5.8 cents specified in § 996.41 shall be adjusted by the result obtained by multiplying the tariff change by 1.03 and then dividing by 9.05.

8. Delete § 996.62 and substitute therefor the following:

§ 996.62 *Adjustments of errors in payments.* (a) Whenever verification by the market administrator of reports or payments of any handler discloses an error in payments made pursuant to §§ 996.61 (b), 996.65, and 996.66, the market administrator shall promptly issue to the handler a charge bill or a credit, as the case may be, for the amount of the error. Adjustment charge bills issued during the period from the 16th day of the prior month through the 15th day of the current month shall be payable by the handler to the market administrator on or before the 23d day of the current month. Adjustment credits issued during such period shall be payable by the market administrator to the handler on or before the 25th day of the current month.

(b) Whenever verification by the market administrator of the payment to any producer for milk delivered to any handler discloses payment to such producer of an amount less than is required by § 996.61 (a), the handler shall make up such payment to the producer not later than the time of making final payment for the month in which such error is disclosed.

9. In § 996.63 delete all of the language beginning with the second sentence and substitute therefor the following: "If the cream price described above is not reported as indicated the butterfat differential shall be determined by multiplying by 1.25 the average of the daily prices, using the midpoint of any range as one price, for Grade A (92-score) butter at wholesale in the Chicago market as reported for the period between the 16th day of the preceding month and the 15th day inclusive of the current month by the United States Department of Agriculture, and then dividing by 10."

10. In the first sentence of § 996.70 delete the words "25th day" and substitute therefor the words "23d day".

Order[1] *Amending the Order, as Amended, Regulating the Handling of Milk in the Worcester, Massachusetts, Marketing Area*

§ 999.0 *Findings and determinations—(a) Findings upon the basis of the hearing record.* Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon a proposed marketing agreement and a proposed amendment to the order, as amended, regulating the handling of milk in the Worcester, Massachusetts, marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended, and as hereby further amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The parity prices of milk produced for sale in the said marketing area, as determined pursuant to section 2 of the act, are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply and demand for milk in the marketing area, and the minimum prices specified in the order, as amended, and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held.

Order relative to handling. It is therefore ordered that on and after the effective date hereof, the handling of milk in the Worcester, Massachusetts, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and hereby further amended:

1. Delete § 999.3 (b) and substitute therefor the following:

(b) "Receiving plant" means any plant which is currently used for receiving, weighing or measuring, sampling, and cooling milk received there directly from dairy farmers' farms in cans, and for washing and sterilizing such cans; or which is currently used for receiving milk directly from dairy farmers' farms by tank truck; and at which are currently maintained weight sheets or other records of the individual farmers' deliveries.

2. In §§ 999.2 (e), 999.4 (f) (2), 999.16 (c), (d), and (e), 999.20 (c), 999.27 (b), 999.48 (b) (1), and 999.66, delete the words "Lowell-Lawrence" and substitute therefor the words "Merrimack Valley".

3. Delete § 99.27 (c) and substitute therefor the following:

(c) Receipts from New York order pool plants shall be assigned to Class I milk if classified and priced in Classes I–A or I–B under the New York order.

4. Delete § 999.32 (a) and substitute therefor the following:

(a) Within 20 days after a producer moves from one farm to another, starts or resumes deliveries to any of a handler's pool plants, or starts delivering his milk to the handler's plant by tank truck, the handler shall file with the market administrator a report stating the producer's name and post office address, the date on which the change took place, and the farm and plant locations involved. The report shall also state, if known, the plant to which the producer had been delivering prior to starting or resuming deliveries.

5. Delete all of the language of § 999.40 following the words "plus 52 cents".

6. Delete § 999.41 and substitute therefor the following:

§ 999.41 *Class II price at city plants.* The Class II price per hundredweight at city plants shall be the Class II price determined for each month pursuant to § 904.41 of the Boston order plus 5.8 cents.

7. Delete § 999.43 and substitute therefor the following:

§ 999.43 *Automatic changes in zone price differentials and other price factors.* In case the rail tariff for the transportation of milk or cream, as published in New England Joint Tariff M No. 7 and supplements thereto or revisions thereof, is increased or decreased, the zone price differentials set forth in the table in § 999.42 and the price factors specified in §§ 999 40 and 999.41 shall be correspondingly increased or decreased. Such adjustments shall become effective in the first complete month in which the changes in rail tariffs apply. Adjustments pursuant to paragraphs (a), (b), and (c) of this section shall be made to the nearest one-half cent per hundredweight and adjustments pursuant to paragraph (d) of this section shall be made to the nearest one-tenth cent per hundredweight.

(a) If the rail tariff for transporting milk in 40-quart cans in carlots of 200 or more cans is changed, the differentials set forth in column B of the table shall be adjusted to the extent of the change.

(b) If the rail tariff for transporting milk in carlots in tank cars for mileage distances of 201-210 miles is changed, the price factor of 52 cents specified in § 999.40 shall be adjusted to the extent of the change.

(c) If the rail tariff for transporting cream in 40-quart cans in carlots of 100-199 cans is changed, the differentials set forth in column C of the table shall be adjusted by the result obtained by dividing the tariff change by 9.05.

(d) If the rail tariff for transporting cream in 40-quart cans in carlots of 100-199 cans for mileage distances of 201-210 miles is changed, the price factor of 5.8 cents specified in § 999.41 shall be adjusted by the result obtained by multiplying the tariff change by 1.03 and then dividing by 9.05.

8. Delete § 999.50 (g).

9. Delete § 999 62 and substitute therefor the following:

§ 999.62 *Adjustments of errors in payments.* (a) Whenever verification by the market administrator of reports or payments of any handler discloses an error in payments made pursuant to §§ 999.61 (b), 999 65, and 999.66, the market administrator shall promptly issue to the handler a charge bill or a credit, as the case may be, for the amount of the error. Adjustment charge bills issued during the period from the 16th day of the prior month through the 15th day of the current month shall be payable by the handler to the market administrator on or before the 23d day of the current month. Adjustment credits issued during such period shall be payable by the market administrator to the handler on or before the 25th day of the current month.

(b) Whenever verification by the market administrator of the payment to any producer for milk delivered to any handler discloses payment to such producer of an amount less than is required by § 999.61 (a), the handler shall make up such payment to the producer not later than the time of making final payment for the month in which such error is disclosed.

10. In § 999.63 delete all of the language beginning with the second sentence and substitute therefor the following: "If the cream price described above is not reported as indicated the butterfat differential shall be determined by multiplying by 1.25 the average of the daily prices, using the midpoint of any range as one price, for Grade A (92-score) butter at wholesale in the Chicago market as reported for the period between the 16th day of the preceding month and the 15th day inclusive of the current month by the United States Department of Agriculture, and then dividing by 10."

11. In the first sentence of § 999.70 delete the words "25th day" and substitute therefor the word "23d day".

[F. R. Doc. 54-1761; Filed, Mar. 11, 1954; 8:49 a. m.]

[1] This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

[7 CFR Part 907]

[Docket No. AO 212-A7]

Handling of Milk in Milwaukee, Wisconsin, Marketing Area

Notice of Hearing on Proposed Amendments to Tentatively Approved Marketing Agreement and to Order, as Amended

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of a public hearing to be held in Room 322, Federal Building, 517 East Wisconsin Avenue, Milwaukee, Wisconsin, beginning at 10:00 a. m., c. s. t., March 16, 1954.

The hearing is for the purpose of receiving evidence with respect to economic and marketing conditions which relate to the handling of milk for the Milwaukee, Wisconsin, marketing area and to the proposed amendments set forth herein below, or modifications thereof, to the tentative marketing agreement as heretofore approved by the Secretary of Agriculture and to the order, as amended, regulating the handling of milk in the said marketing area. Consideration will be given also to the question of whether such conditions require emergency action with respect to any or all amendments deemed necessary as the result of the hearing. The amendments proposed have not received the approval of the Secretary of Agriculture.

The following amendments have been proposed:

By the Blochowiak Dairy; Borden Company; Gehl's Dairy; Layton Park Dairy; Wern Farms; Wilke Dairy; Hawthorn Mellody Farms Dairy; and Wm. H. Heinemann Creameries, Inc.:

1. Add paragraph (f) to § 907.51 as follows:

(f) *Handling allowance credit.* Subtract for each of the months of April, May and June 1954, a handling allowance credit computed as follows:

(1) Determine the total pounds of producer milk classified as Class III (a) milk, Class III milk, and Class IV milk (other than shrinkage and inventory variation) during the current delivery period, and the same delivery period in 1953;

(2) If the total pounds of milk computed pursuant to subparagraph (1) of this paragraph for the current delivery period is greater than the amount so computed for the same delivery period during 1953, the difference less any increase in the pounds of Class III (a) milk and Class III milk combined shall be the pounds of milk subject to a handling allowance credit;

(3) Multiply the pounds of milk computed pursuant to subparagraph (2) of this paragraph by $0.30 per hundredweight. The result is the handling allowance credit.

By Wm. H. Heinemann Creameries, Inc.:

2. Delete § 907.41 (d) (1) reading: "(1) Contained in butter, cheese (except cottage cheese) and livestock feed," and delete the following proviso from § 907.51 (c): "*Provided also,* That whenever the price for Class IV milk for the month is higher than the price computed pursuant to this paragraph, the price for Class III (a) milk shall be the latter price and the price for all other Class III milk shall be the same as the price for Class IV milk."

By the Dairy Division, Agricultural Marketing Service:

UNIVERSITY OF MICHIGAN LIBRARIES

3. Make such other changes as may be required to make the entire marketing agreement and order conform with any amendments thereto that may result from this hearing.

Copies of this notice of hearing and of the said order as amended, may be procured from the Market Administrator, 956 North Twelfth Street, Milwaukee 3, Wisconsin, or from the Hearing Clerk, Room 1353, South Building, United States Department of Agriculture, Washington 25, D. C., or may be there inspected.

Dated: March 9, 1954, at Washington, D. C.

[SEAL] ROY W. LENNARTSON,
Deputy Administrator.

NOTICES

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[Misc. 11]

IDAHO

ORDER PROVIDING FOR OPENING OF PUBLIC LANDS

MARCH 4, 1954.

Pursuant to exchanges made under the provisions of section 8 of the act of June 28, 1934 (48 Stat. 1269), as amended June 26, 1936 (49 Stat. 1976; 43 U. S. C. sec. 315g) the following described lands have been reconveyed to the United States:

BOISE MERIDIAN

T. 14 S., R. 16 E.,
Sec. 30, SE¼, E½SW¼.
Sec. 31, NE¼, E½SE¼, E½NW¼.
Sec. 32, W½W½, SE¼SW¼.
T. 12 S., R. 16 E.,
Sec. 23, W½NW¼.

The areas described aggregate 840 acres.

Based on available information, the lands described appear to be primarily grazing in character and are suitable for retention in public ownership for range management purposes under the administration of the Bureau of Land Management.

While any application that is filed will be considered on its merits, it is unlikely that any part of the lands will be classified for any use or disposal other than that shown above.

No application for the lands may be allowed under the homestead, small tract, desert land, or any other nonmineral public land laws unless the lands have been classified as valuable or suitable for such type of classification or shall be so classified upon consideration of an application.

This order shall not otherwise become effective to change the status of such lands until 10:00 a. m. on the 35th day after the date of this order. At that time the said lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, and selection as follows:

(a) *Ninety-one day period for preference-right filings.* For a period of 91 days, commencing at the hour and on the day specified above, the public lands affected by this order shall be subject only to (1) application under the homestead or the desert-land laws or the Small Tract Act of June 1, 1938, 52 Stat. 609 (43 U. S. C. 682a), as amended, by qualified veterans of World War II and other qualified persons entitled to preference under the act of September 27, 1944, 58 Stat. 747 (43 U. S. C. 279–284), as amended, subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications under subdivision (1) of this paragraph shall be subject to applications and claims of the classes described in subdivision (2) of this paragraph. All applications filed under this paragraph either at or before 10:00 a. m. on the 35th day after the date of this order shall be treated as though filed simultaneously at that time. All applications filed under this paragraph after 10:00 a. m. on the said 35th day shall be considered in the order of filing.

(b) *Date for non-preference-right filings.* Commencing at 10:00 a. m. on the 126th day after the date of this order, any lands remaining unappropriated shall become subject to such application, petition, location, selection, or other appropriation by the public generally as may be authorized by the public-land laws. All such applications filed either at or before 10:00 a. m. on the 126th day after the date of this order, shall be treated as though filed simultaneously at the hour specified on such 126th day. All applications filed thereafter shall be considered in the order of filing.

A veteran shall accompany his application with a complete photostatic, or other copy (both sides), of his certificate of honorable discharge, or of an official document of his branch of the service which shows clearly his honorable discharge as defined in § 181.36 of Title 43 of the Code of Federal Regulations, or constitutes evidence of other facts upon which the claim for preference is based and which shows clearly the period of service. Other persons claiming credit for service of veterans must furnish like proof in support of their claims. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated statements in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the Land Office, Boise, Idaho, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Parts 166 to 170, inclusive, of Title 43 of the Code of Federal Regulations, and applications under the desert-land laws and the said Small Tract Act of June 1, 1938, shall be governed by the regulations contained in Parts 232 and 257, respectively, of that title.

Inquiries concerning these lands shall be addressed to the Land Office, Boise, Idaho.

J. G. FRIEDLY,
Acting Regional Administrator.

[F. R. Doc. 54-1774; Filed, Mar. 11, 1954; 8:52 a. m.]

[Docket Nos. DA-96, 115]

WASHINGTON

RESTORATION ORDER UNDER FEDERAL POWER ACT

MARCH 4, 1954.

Pursuant to determinations DA-96 and 115, Washington, of the Federal Power Commission, and in accordance with Order No. 427, section 2.22 (a) (4) of the Director, Bureau of Land Management, approved August 16, 1950, 15 F. R. 5641, it is ordered as follows:

Subject to valid existing rights and the provisions of existing withdrawals the lands hereinafter described, insofar as they are withdrawn and reserved for power purposes, are hereby restored, subject to the provisions of section 24 of the Federal Power Act of June 10, 1920, (41 Stat. 1075; 16 U. S. C. section 818),

WILLAMETTE MERIDIAN, WASHINGTON

T. 28 N., R. 34 E.,
Sec. 28, Lot 8
Sec. 29, Lots 3 and 4
Sec. 32, Lots 1, 2, 3, 4, 6, 7, 8, 9, 10, 11, and 12
Sec. 33, Lots 9, 10, 13, 14, and 16

The areas described aggregate 345.15 acres.

The lands described lie at an elevation of 1290 feet on Franklin D. Roosevelt Lake, and the major portion of the lands are exceedingly rough and form a sharp break from a high plateau into the lake, and they are classified as primarily valuable for recreational purposes and suitable for State lieu selection.

While any application which is filed will be considered on its merits, it is unlikely that any part of the restored lands will be classified for any use or disposal other than that shown above. No application for the lands may be allowed under the homestead, small tract, desert land, or any other nonmineral public land law unless the lands have already been classified as valuable or suitable for such type of application, or shall be so classified upon consideration of an application.

The lands described shall be subject to application by the State of Washington for a period of 90 days from date of publication of this order in the FEDERAL REGISTER for right-of-way for public highways or as a source of materials for construction and maintenance of such highways, subject to section 24 of the Federal Power Act, as amended. This order shall not otherwise affect the status of the lands until 10:00 a. m. on the 91st day after the date of publication of this order in the FEDERAL REGISTER. At that time, the lands shall become subject to application, petition, location and selection, subject to valid existing rights, the provisions of existing withdrawals, the requirements of applicable laws and the 90-day preference filing period of veterans and others entitled to preference under the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279–284), as amended.

Information showing the periods during which and conditions under which veterans and others may file application for these lands may be obtained on request in the Land Office, Spokane, Washington.

J. G. FRIEDLY,
Acting Regional Administrator.

[F. R. Doc. 54-1773; Filed, Mar. 11, 1954; 8:51 a. m.]

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

DRIED PRUNES PRODUCED IN CALIFORNIA

PRUNE ADMINISTRATIVE COMMITTEE NOMINEES

Determination with respect to number of nominees which may be nominated by cooperative marketing associations and number of handler member nominees which may be nominated by large, medium and small independent handlers, respectively, as members of Prune Administrative Committee in 1954 election year.

It is provided in § 993.28 (a) (2) of Marketing Agreement No. 110, as amended, and Marketing Order No. 93, as amended, (19 F. R. 1301), regulating the handling of dried prunes produced in California, effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), that: (1) Prior to March 1 of each election year, the committee shall report to the Secretary the total tonnage of prunes handled by all handlers as the first handlers thereof and the total tonnage of prunes handled by cooperative marketing associations as the first handlers thereof during the crop year preceding such election year; (2) prior to March 15 of each election year, the Secretary shall determine and announce the number of producer member nominees and producer alternate member nominees which shall be nominated by cooperative marketing associations handling prunes on behalf of their members; and (3) such number of nominees shall bear, as far as practicable, the same percentage compared to the total of 14 producer members and their alternates as the prune tonnage handled by cooperative marketing associations as the first handlers thereof bears to the total tonnage handled by all handlers as the first handlers thereof during the crop year preceding such election year.

It is provided in § 993.28 (b) of said marketing agreement and order that: (1) Prior to March 15 of each election year the Secretary shall determine and announce the number of handler member nominees and handler alternate member nominees which shall be nominated by cooperative marketing associations handling prunes, on the same basis as his determination of the number of cooperative producer nominees, as set forth in paragraph (a) of such section; (2) at the same time he shall determine and announce, for those handlers who are not cooperative marketing associations (referred to as "independent handlers"), the number of handler member nominees and handler alternate member nominees to be nominated by large handlers, the number to be nominated by medium handlers, and the number to be nominated by small handlers; and (3) large handlers shall be deemed to be those who during the preceding crop year individually handled as the first handlers thereof, 17 or more percent of the total tonnage handled by independent handlers as the first handlers thereof; medium handlers, those who durifig the preceding crop year individually handled as the first handlers thereof, 8 or more percent but less than 17 percent of the total tonnage handled by independent handlers as the first handlers thereof; and small handlers, those who during the preceding crop year individually handled as the first handlers thereof, less than 8 percent of the total tonnage handled by independent handlers as the first handlers thereof.

It is further provided in said § 993.28 (b) that the Secretary shall, in his discretion and insofar as it is possible to do so, apportion 40 percent of the independent handler nominees to large handlers, 20 percent of the independent handler nominees to medium handlers, and 40 percent of the independent handler nominees to small handlers, but in the event that these proportions cannot be followed, there shall be at least one independent handler member nominee and handler alternate member nominee apportioned to each of the three classes of independent handlers, and the nominees for any remaining member positions, including the respective alternates, shall be apportioned to the size class or classes as determined at a general meeting of independent handlers which shall be called for that purpose by the committee, such determination to be made on the basis of a majority vote of all independent handlers who are present at such meeting and participate in the voting, and on the further basis of one vote for each such handler in each balloting.

Pursuant to the aforesaid provisions and on the basis of available information, it is hereby determined and announced that: (1) Cooperative marketing associations handling prunes on behalf of their members shall nominate, pursuant to § 993.28 (a) (2) of the aforesaid marketing agreement and order, five producer member nominees and five producer alternate member nominees and, pursuant to § 993.28 (b) of the aforesaid marketing agreement and order, three handler member nominees and three handler alternate member nominees; (2) each of the three respective classes of independent handlers, large, medium, and small, as defined in the aforesaid § 993.28 (b) shall nominate, pursuant to the provisions of that section, one handler member nominee and one handler alternate member nominee; and (3) independent handlers, in a meeting called for that purpose by the committee, shall determine, pursuant to the applicable provisions of the aforesaid § 993.28 (b), the size class to which one handler member nominee and one handler alternate member nominee shall be apportioned.

It is hereby found that it is impracticable and unnecessary to give preliminary notice, engage in public rule making and postpone the determination and announcement of the number of member and alternate member nominees to be nominated by cooperative marketing associations handling prunes on behalf of their members and the number of handler member nominees and handler alternate member nominees to be nominated by large, medium, and small independent handlers, respectively, until 30 days after publication thereof in the FEDERAL REGISTER because: (1) the determinations are the result of mathematical computations based upon the tonnages handled by all handlers and by each cooperative marketing association, as already reported to the Prune Administrative Committee by each individual handler; (2) these determinations and this announcement are required to be made by March 15, 1954; (3) the names of the nominees must be submitted to the Secretary of Agriculture before March 31, 1954; and (4) compliance with these determinations will not require any special preparation on the part of interested parties, and a reasonable time is permitted, in the circumstances, for such compliance.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 605c; 7 CFR 993.28 (a) and (b))

Done at Washington, D. C., this 9th day of March 1954.

[SEAL] ROY W. LENNARTSON,
Deputy Administrator.

DEPARTMENT OF LABOR

Wage and Hour and Public Contracts Divisions

EMPLOYMENT OF HANDICAPPED CLIENTS BY SHELTERED WORKSHOPS

ISSUANCE OF SPECIAL CERTIFICATES

Notice is hereby given that special certificates authorizing the employment of handicapped clients at hourly wage rates lower than the minimum wage rates applicable under section 6 of the Fair Labor Standards Act of 1938, as amended, and section 1 (b) of the Walsh-Healey Public Contracts Act, as amended, have been issued to the sheltered workshops hereinafter mentioned, under section 14 of the Fair Labor Standards Act of 1938,

GOVERNMENT DOCUMENTS LIBRARIES

as amended (sec. 14, 52 Stat. 1068; 29 U. S. C. 214, as amended, 63 Stat. 910), and Part 525 of the regulations issued thereunder, as amended (29 CFR Part 525), and under sections 4 and 6 of the Walsh-Healey Public Contracts Act (secs. 4, 6, 49 Stat. 2038; 41 U. S. C. 38, 40) and Article 1102 of the regulations issued pursuant thereto (41 CFR 201.1102).

The names and addresses of the sheltered workshops, wage rates and the effective and expiration dates of the certificates are set forth below. In each case, the wage rates are established at rates not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or at wage rates stipulated in the certificate, whichever is higher.

New Hampshire Association for the Blind, 155 North Main Street, Concord, N. H.; at a rate of not less than 5 cents per hour for a training period of 160 hours and 15 cents thereafter. Certificate is effective February 1, 1954, and expires January 31, 1955.

New York Guild for the Jewish Blind, 1880 Broadway, New York 23, N. Y.; at a rate of not less than 20 cents per hour. Certificate is effective March 1, 1954, and expires February 28, 1955.

Albany Association of the Blind, Inc., 19 Chestnut Street, Albany, N. Y.; at a rate of not less than 34 cents per hour. Certificate is effective February 19, 1954, and expires January 31, 1955.

Goodwill Industries of New Jersey, 288 Clark Street, Jersey City 4, N. J.; at a rate of not less than 50 cents per hour. Certificate is effective February 1, 1954, and expires January 31, 1955.

Goodwill Industries of New Jersey, 574 Jersey Avenue, Jersey City, N. J.; at a rate of not less than 50 cents per hour. Certificate is effective February 1, 1954, and expires January 31, 1955.

Altro Work Shops, Inc., 1021 Jennings Street, Bronx 60, N. Y.; at a rate of not less than 20 cents per hour. Certificate is effective February 4, 1954, and expires January 31, 1955.

Albany Association of the Blind, Inc., 208 State Street, Albany, N. Y.; at a rate of not less than 34 cents per hour. Certificate is effective February 5, 1954, and expires January 31, 1955.

The Industrial Home for the Blind, 520 Gates Avenue, Brooklyn, N. Y.; at a rate of not less than 10 cents per hour for a training period of 480 hours and 40 cents thereafter in the Broom Department; 40 cents per hour for a training period of 400 hours and 60 cents thereafter in the Brush Department; 10 cents per hour in the Homework Department; 10 cents per hour for a training period of 320 hours and 35 cents thereafter in the Mop Department; 10 cents per hour for a training period of 100 hours and 40 cents thereafter in the Part-Time Work Department; 30 cents per hour in the Work Research Department. Certificate is effective January 26, 1954, and expires May 31, 1954.

Northampton County Branch, Pennsylvania Association for the Blind, 129 East Broad Street, Bethlehem, Pa.; at a rate of not less than 10 cents per hour for a training period of 200 hours and 35 cents thereafter. Certificate is effective February 1, 1954, and expires January 31, 1955.

United Vocational Employment Service, 931 Penn Avenue, Pittsburgh, Pa.; at a rate of not less than 10 cents per hour for a training period of 160 hours and 25 cents thereafter. Certificate is effective March 1, 1954, and expires February 28, 1955.

Association of the Blind of South Caroline, P. O. Box 2, Columbia, S. C.; at a rate of not less than 57½ cents per hour. Certificate is effective March 1, 1954, and expires February 28, 1955.

Cincinnati Goodwill Industries & Rehabilitation Center, 514 East Pearl Street, Cincinnati 2, Ohio; at a rate of not less than 20 cents per hour for a training period of 160 hours and 30 cents thereafter in the contract shop; 20 cents per hour for a training period of 40 hours and 30 cents thereafter in the warehouse and other departments. Certificate is effective February 18, 1954, and expires January 31, 1955.

Cincinnati Association for the Blind, 1548 Central Parkway, Cincinnati, Ohio; at a rate of not less than 15 cents per hour for a training period of 120 hours and 40 cents thereafter in the broom and brush division; 15 cents per hour for a training period of 120 hours and 40 cents thereafter in the mop making division; 15 cents per hour for a training period of 120 hours and 20 cents thereafter in the contract shop. Certificate is effective February 1, 1954, and expires January 31, 1955.

Goodwill Industries of Akron, Inc., 119 North Howard Street, Akron, Ohio; at a rate of not less than 40 cents per hour for a training period of 40 hours and 45 cents thereafter in the sort belt department; 25 cents per hour for a training period of 40 hours and 45 cents thereafter in the baler and warehouse department; 25 cents per hour for a training period of 120 hours and 50 cents thereafter in the contract department. Certificate is effective February 1, 1954, and expires January 31, 1955.

Goodwill Industries of Dayton, Inc., 201 West Fifth Street, Dayton, Ohio; at a rate of not less than 15 cents per hour for a training period of 80 hours and 40 cents thereafter. Certificate is effective February 1, 1954, and expires January 31, 1955.

The Volunteers of America, 290 North Main Street, Mansfield, Ohio; at a rate of not less than 40 cents per hour for a training period of 40 hours and 70 cents thereafter in the warehouse; 40 cents per hour for a training period of 40 hours and 45 cents thereafter in other departments. Certificate is effective February 18, 1954, and expires January 31, 1955.

Wabash Valley Goodwill Industries, Inc., 120–122 North Fifth Street, Terre Haute, Ind.; at a rate of not less than 50 cents per hour for a training period of 160 hours and 75 cents thereafter. Certificate is effective March 1, 1954, and expires February 28, 1955.

Goodwill Industries, Inc., 316 Chapin Street, South Bend 25, Ind.; at a rate of not less than 50 cents per hour. Certificate is effective February 1, 1954, and expires January 31, 1955.

Evansville Goodwill Industries, 18 Locust Street, Evansville, Ind.; at a rate of not less than 60 cents per hour. Certificate is effective February 1, 1954, and expires January 31, 1955.

Arkansas Lighthouse for the Blind, 1706 East Ninth Street, Little Rock, Ark.; at a rate of not less than 25 cents per hour for a training period of 160 hours and 50 cents thereafter. Certificate is effective March 1, 1954, and expires February 28, 1955.

Daisy Ann Originals Manufacturing Company, 2710 Elm Street, Dallas, Tex.; at a rate of not less than 30 cents per hour for a training period of 160 hours and 50 cents thereafter. Certificate is effective February 1, 1954, and expires July 31, 1954.

San Mateo County Society for Crippled Children and Adults, Inc., P. O. Box 308, Burlingame, Calif.; at a rate of not less than 25 cents per hour. Certificate is effective March 1, 1954, and expires February 28, 1955.

Occupation Exchange, 1843 Empire Street, Burbank, Calif.; at a rate of not less than 25 cents per hour for a training period of 160 hours and 75 cents thereafter. Certificate is effective February 15, 1954, and expires February 14, 1955.

Oakland Center—California Industries for the Blind, 570 36th Street, Oakland, Calif.; at a rate of not less than 25 cents per hour for residents; 25 cents per hour for a training period of 160 hours and 50 cents thereafter for non-residents. Certificate is effective February 1, 1954, and expires January 31, 1955.

Volunteers of America, 2300 East 14th Street, Oakland 1, Calif.; at a rate of not less than 55 cents per hour for a training period of 160 hours and 65 cents thereafter. Certificate is effective January 25, 1954, and expires January 15, 1955.

Union Gospel Mission, 716½ First Avenue, Seattle 11, Wash.; at a rate of not less than 25 cents per hour for a training period of 160 hours and 50 cents thereafter. Certificate is effective February 6, 1954, and expires January 31, 1955.

Saint Vincent DePaul Society of Los Angeles, Inc., 717 South Burlington Avenue, Los Angeles 57, Calif.; at a rate of not less than 50 cents per hour for a training period of 160 hours and 75 cents thereafter. Certificate is effective February 16, 1954, and expires February 15, 1955.

Richmond Goodwill Industries, Inc., 1903 East Marshall Street, Richmond, Va.; at a rate of not less than 40 cents per hour. Certificate is effective March 1, 1954, and expires February 28, 1955.

The employment of handicapped clients in the above-mentioned sheltered workshops under these certificates is limited to the terms and conditions therein contained and is subject to the provisions of Part 525 of the regulations, as amended. These certificates have been issued on the applicants' representations that they are sheltered workshops as defined in the regulations and that special services are provided their handicapped clients. A sheltered workshop is defined as, "A charitable organization or institution conducted not for profit, but for the purpose of carrying out a recognized program of rehabilitation for individuals whose earning capacity is impaired by age or physical or mental deficiency or injury, and to provide such individuals with remunerative employment or other occupational rehabilitating activity of an educational or therapeutic nature."

These certificates may be cancelled in the manner provided by the regulations, as amended. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof within fifteen days after publication of this notice in the FEDERAL REGISTER.

Signed at Washington, D. C., this 2d day of March 1954.

JACOB I. BELLOW,
Assistant Chief of Field Operations.

PUGET SOUND POWER & LIGHT CO.

NOTICE OF APPLICATION FOR PRELIMINARY PERMIT

MARCH 8, 1954.

Public notice is hereby given that Puget Sound Power & Light Company, of Seattle, Washington, has filed application under the Federal Power Act (16 U. S. C. 791a–825r) for preliminary permit for proposed Project No. 2150 to be located on the Baker River in Whatcom County, Washington, and affecting lands of the United States within Mt. Baker National Forest. The proposed project would consist of a concrete dam at the Engletrout damsite, a short distance above the head of Lake Shannon reservoir; a reservoir about 9 miles long with water surface 704 feet above sea level; a tunnel about ¼ mile long and penstocks; a powerhouse having an installation of about 60,000 kilowatts; and appurtenant facilities. The project will operate as an integral part of applicant's power system and power generated will be distributed to customers throughout the system.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with rules of practice and procedure of the Commission (18 CFR 1.8 or 1.10) on or before April 21, 1954. The application is on file with the Commission for public inspection.

[SEAL] J. H. GUTRIDE,
Acting Secretary.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-3198]

ALABAMA POWER CO.

ORDER AUTHORIZING SALE OF PRINCIPAL AMOUNT OF FIRST MORTGAGE BONDS AT COMPETITIVE BIDDING

MARCH 8, 1954.

Alabama Power Company ("Alabama"), a public utility subsidiary of The Southern Company, a registered holding company, having filed an application and an amendment thereto pursuant to the Public Utility Holding Company Act of 1935 ("act"), particularly section 6 (b) of the act and Rule U-50 thereunder, with respect to the following proposed transaction:

Alabama proposes to issue and sell, subject to the competitive bidding requirements of Rule U-50, $17,000,000 principal amount of First Mortgage Bonds, __ percent Series due 1984. The new Bonds will be secured by a Supplemental Indenture to be dated as of March 1, 1954, between Alabama and Chemical Bank & Trust Company, Trustee. The interest rate and the price to be paid to Alabama will be determined by competitive bidding.

Alabama proposes to use the proceeds from the sale of the new bonds for the construction or acquisition of permanent improvements, extensions and additions to its property and for the payment of short-term bank loans in the amount of $4,790,000 incurred for such purpose.

The issue and sale of said bonds have been expressly authorized by the Public Service Commission of Alabama, in which State Alabama is organized and doing business.

The fees and expenses to be incurred in connection with the issue and sale of the bonds, except underwriting discounts and commissions, are estimated by Alabama as follows:

Alabama mortgage privilege tax	$25,500
Federal original issue tax	18,700
Filing fee, Securities and Exchange Commission	1,751
Listing on New York Stock Exchange	2,040
Charges of trustee (including counsel)	11,100
Cost of temporary and definitive bonds	9,000
Printing	20,000
Recording supplemental indenture	1,500
Fees of counsel:	
Winthrop, Stimson, Putnam & Roberts, counsel to company	10,000
Reid & Priest, counsel to the purchasers (fee to be paid by purchasers)	7,000
Fees of accountants	6,000
Fees of Southern Services, Inc	7,000
Miscellaneous	3,000
	122,591

Due notice having been given of the filing of the application, and a hearing not having been requested of or ordered by the Commission; and the Commission finding that the applicable provisions of the act and the rules promulgated thereunder are satisfied, and it appearing to the Commission that the fees and expenses, as estimated, are not unreasonable and that the application should be granted, effective forthwith:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of said act, that said application be, and the same hereby is, granted, effective forthwith, subject to the terms and conditions prescribed in Rules U-24 and U-50.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[File No. 30-82]

WEST PENN RAILWAYS CO.

NOTICE OF FILING FOR AN ORDER THAT APPLICANT HAS CEASED TO BE A HOLDING COMPANY

MARCH 8, 1954.

Notice is hereby given that West Penn Railways Company ("Railways"), a registered holding company, has filed an application under section 5 (d) of the Public Utility Holding Company Act of 1935 ("act"), requesting the Commission to declare by order that Railways has ceased to be a holding company.

Railways registered as a holding company under section 5 of the act by filing its Notification of Registration on Form U5A, dated March 2, 1937. At the time of such registration, Railways owned 866,000 shares of common stock of West Penn Power Company, a public utility company, such shares constituting 31.207 percent of the outstanding voting securities of West Penn Power Company.

Pursuant to a plan under section 11 (e) of the act, approved by order of the Commission dated July 28, 1949 and enforced by an order of the United States District Court for the Southern District of New York dated August 23, 1949, Railways was reorganized and, on August 25, 1949, distributed to its parent, The West Penn Electric Company, certain of its assets including said 866,000 shares of the outstanding common stock of West Penn Power Company. Railways does not now, directly or indirectly, own, control, or hold with power to vote any outstanding voting securities of a public-utility company or of a company which is a holding company.

Notice is further given that any interested person may, not later than March 19, 1954, request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after said date, the application, as filed, or as amended, may be granted.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[File No. 70-3196]

GENERAL PUBLIC UTILITIES CORP. ET AL.

ORDER GRANTING AND PERMITTING TO BECOME EFFECTIVE JOINT APPLICATION-DECLARATION REGARDING PROPOSED BANK BORROWINGS BY REGISTERED HOLDING COMPANY; ISSUANCE AND SALE OF COMMON STOCK BY PUBLIC-UTILITY COMPANY TO PARENT; AND AMENDMENT OF CHARTER BY PUBLIC-UTILITY COMPANY

MARCH 8, 1954.

In the matter of General Public Utilities Corporation, Associated Electric Company, Pennsylvania Electric Company; File No. 70-3196.

General Public Utilities Corporation ("GPU"), a registered holding company, Associated Electric Company ("Aelec"), a registered holding company and a subsidiary of GPU, and Pennsylvania Electric Company ("Penelec"), a public-utility subsidiary of Aelec, have filed a joint application-declaration, and amendments thereto, with this Commission pursuant to sections 6 (a), 6 (b), 7, 9 (a), 10, and 12 of the Public Utility Holding Company Act of 1935 ("act") and Rules U-45 and U-50 (a) (3) thereunder regarding the following proposed transactions:

GPU proposes to make borrowings and reborrowings from one or more commercial banks from time to time, but not later than December 31, 1954, provided, however, that no such borrowings or reborrowings will be made after GPU shall have completed its 1954 common stock financing program. The aggregate amount of such borrowings to be outstanding at any one time will not exceed $7,500,000. Each borrowing will bear interest at the then prime interest rate for commercial loans (such rate now being 3¼ percent) but not in excess of 3¾ percent per annum. Each borrowing will mature 10 months from the date it is effected, but will be prepayable without premium. GPU states that it will utilize the proceeds from such borrowings to make additional investments in the common stock of its subsidiaries and represents that it will sell additional shares of its own common stock, from time to time during 1954, in order to obtain the funds necessary to repay such borrowings.

GPU proposes to make cash capital contributions to Aelec from time to time, but not later than June 30, 1954, in an aggregate amount not to exceed $6,235,000. Aelec proposes to use such funds to purchase from Penelec, and Penelec proposes to issue and sell to Aelec a total of 311,750 additional shares of Penelec's common stock, par value $20 per share, at the aggregate par value thereof of $6,235,000. Penelec represents that the funds received by it from the sale of the additional shares of its common stock will constitute the common stock component of its 1954 financing program. Penelec states that the proceeds from the sale of its additional common stock will be applied by it toward the cost of its 1954 construction program, or to reimburse its treasury for expenditures heretofore made for construction.

Penelec also proposes, subject to obtaining the consent of the holders of its common stock, to amend its charter so as (1) to increase from $150,000,000 to $250,000,000 the amount of its indebtedness authorized by such charter to be outstanding at any one time and (2) to increase its authorized common stock from 3,000,000 shares par value $20 per share, to 3,100,000 shares, par value $20 per share.

Applicants-declarants represent that no Federal or State regulatory agency, other than this Commission, has jurisdiction over any of the proposed transactions except the sale by Penelec of additional shares of its common stock as to which the Pennsylvania Public Utility Commission has jurisdiction. The proposed sale by Penelec of additional shares of its common stock has been expressly authorized by the Pennsylvania commission.

The filing states that the expenses to be incurred in connection with the proposed transactions, other than the Federal issue taxes amounting to $6,858.50 and Pennsylvania Excise tax amounting to $28,000 on the sale of Penelec's common stock, are estimated at not to exceed $500 for each company.

Applicants-declarants request that the Commission's order herein be issued pursuant to Rule U-23 of the rules and regulations promulgated under the act, waive the 30-day waiting period and request that the Commission's order become effective upon issuance.

Due notice having been given of the filing of said joint application-declaration, and no hearing having been requested of or ordered by the Commission; and the Commission finding that the applicable provisions of the act and the rules thereunder are satisfied, and observing no basis for adverse findings; and deeming it appropriate in the public interest and the interests of investors and consumers to grant and permit said amended joint application-declaration to become effective forthwith:

It is hereby ordered, That said amended joint application-declaration be, and the same hereby is, granted and permitted to become effective forthwith, pursuant to Rule U-23, subject to the terms and conditions contained in Rule U-24.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F. R. Doc. 54-1755; Filed, Mar. 11, 1954; 8:47 a. m.]

[File No. 70-3199]

PENNSYLVANIA ELECTRIC CO.

ORDER REGARDING SALE OF FIRST MORTGAGE BONDS AT COMPETITIVE BIDDING

MARCH 8, 1954.

Pennsylvania Electric Company ("Penelec"), a public-utility subsidiary of Associated Electric Company and of General Public Utilities Corporation, both registered holding companies, having filed an application pursuant to section 6 (b) of the Public Utility Holding Company Act of 1935 ("act") and Rule U-50 promulgated thereunder regarding certain proposed transactions which are summarized as follows:

Penelec proposes to issue and sell for cash, after competitive bidding in accordance with the requirements of Rule U-50, $12,000,000 principal amount of additional First Mortgage Bonds ("New Bonds"). The New Bonds will be issued under the Mortgage and Deed of Trust, dated as of January 1, 1942, between Penelec and Bankers Trust Company, as Trustee, as heretofore amended and supplemented and as to be amended and supplemented by a further supplemental indenture to be dated March 1, 1954.

The net proceeds of the New Bonds will be used to retire $10,000,000 of notes heretofore issued under a credit agreement to finance construction, and the balance together with other corporate funds, will be used to finance further construction. The $10,000,000 so paid on outstanding notes out of the proceeds of the New Bonds will be reborrowed under said credit agreement on or before September 30, 1954, to mature on December 31, 1957. It is stated that Penelec's 1954–1956 construction program contemplates cash expenditures of $78,000,000.

The issuance and sale of said bonds have been expressly authorized by the Pennsylvania Public Utility Commission, the State Commission in which Penelec is organized and doing business.

The fees and expenses to be incurred in connection with the issuance and sale of the bonds, except underwriting discounts and commissions, are estimated by Penelec as follows:

Securities and Exchange Commission filing fee	$1,236
Federal issue tax	13,200
Printing registration statement, prospectus, exhibits, engraving and other incidental expenses	23,500
Legal fees (including $7,500 to Ballard, Spahr, Andrews & Ingersoll and $3,500 to Berlack, Israels & Liberman)	16,000
Accounting services	3,000
Indenture trustee fees and expenses	6,400
Fees for recording supplemental indenture	800
Miscellaneous	5,864
	70,000

The fee of Beekman & Bogue, counsel for the successful bidders, to be paid by the latter, is estimated at $7,000.

Penelec requests that the Commission's order become effective upon issuance.

Due notice having been given of the filing of the application, and a hearing not having been requested of or ordered by the Commission; and the Commission finding that the applicable provisions of the act and rules promulgated thereunder are satisfied, and it appearing to the Commission that the estimated fees and expenses are not unreasonable, provided they do not exceed the amounts estimated, and that the application should be granted.

It is ordered, Pursuant to Rule U-23 and the applicable provisions of said act, that said application be, and the same hereby is, granted forthwith, subject to the terms and conditions prescribed in Rules U-24 and U-50.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F. R. Doc. 54-1756; Filed, Mar. 11, 1954; 8:47 a. m.]

[File No. 70-3205]

NEW ENGLAND GAS AND ELECTRIC ASSN.

NOTICE OF PROPOSED AMENDMENT OF DECLARATION OF TRUST AND SOLICITATION OF SHAREHOLDERS IN CONNECTION THEREWITH

MARCH 8, 1954.

Notice is hereby given that New England Gas and Electric Association ("Association"), a registered holding company, has filed with this Commission a declaration pursuant to the Public Utility Holding Company Act of 1935 ("act"), designating sections 6 (a), 7, and 12 (e) of the act and Rules U-61 and U-62 promulgated thereunder as applicable to the proposed transactions, which are summarized as follows:

The management of the Association proposes that the first and last paragraphs of section 22 of the Association's Declaration of Trust be amended as follows:

Proposal No. 1. The proposed amendment of the first paragraph of section 22 would expand and clarify the power of the Trustees of the Association to issue authorized but unissued common shares without further vote of the preferred and common shares. In addition to the clarification of existing powers, the amendment would permit the investment of proceeds of the sale of Association common shares in debt securities, as well as in stock, of subsidiaries including Algonquin Gas Transmission Company.

The amendment would also permit the exchange of Association common shares for publicly held stock of any subsidiary of the Association, or for stock of any Massachusetts gas or electric company if as a result of such exchange the Association will own 51 percent or more of such stock.

In the opinion of Association's counsel, this amendment requires the consent of a majority of the outstanding common shares, and of a majority of the outstanding preferred shares, of the Association.

Proposal No. 2. The proposed amendment of the last paragraph of section 22 would amend the preemptive rights provision insofar as fractional shares are concerned. Under the proposed amendment the Trustees would have express power to eliminate subscription rights for fractional shares, provided each such holder is given (a) the cash equivalent of the fractional interests to which he would otherwise be entitled, or (b) sufficient subscription rights to enable said holder to subscribe for one whole share.

In the opinion of Association's counsel, this amendment requires the consent of two-thirds of the outstanding common

shares, and of a majority of the outstanding preferred shares, of the Association.

The management further proposes to submit these amendments to the shareholders of the Association at the annual meeting to be held on May 4, 1954, and to solicit proxies in favor of said amendments. On or about April 3, 1954, the Association will mail Notice of Annual Meeting of Shareholders, Proxy Statement, and Proxy to shareholders of record on March 30, 1954. Expenses of solicitation will be borne by the Association. It is estimated that expenditures other than ordinary expenditures in connection with preparing, assembling and mailing proxies and proxy statements will not exceed $1,000.

Notice is further given that any interested person may, not later than March 22, 1954, at 5:30 p. m., e. s. t., request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law, if any, raised by said declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after said date said declaration, as filed or as amended, may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[File No. 70-3206]

ARKANSAS LOUISIANA GAS CO.

NOTICE OF FILING REGARDING BORROWING OF NOT TO EXCEED $8,500,000 FROM A COMMERCIAL BANK

MARCH 8, 1954.

Notice is hereby given that Arkansas Louisiana Gas Company ("Arkansas"), a public utility subsidiary of Cities Service Company, a registered holding company, has filed a declaration with this Commission pursuant to sections 6 (a) and 7 of the Public Utility Holding Company Act of 1935 ("act"). All interested persons are referred to said declaration which is on file in the office of this Commission for a more detailed statement of the transaction therein proposed, which is summarized as follows:

Pursuant to a Credit Agreement to be entered into between Arkansas and Guaranty Trust Company of New York ("Guaranty") Arkansas proposes to borrow from Guaranty not to exceed in the aggregate $8,500,000 from time to time not later than November 1, 1954, in amounts of $100,000 or any multiple thereof. To evidence each such borrowing, Arkansas will issue and deliver to Guaranty a Promissory Note in the principal amount of such borrowing, maturing February 1, 1956, and bearing interest at the rate of 3¼ percent per annum payable on the first days of February, May, August, and November of each year.

Under the Credit Agreement, Arkansas will have the right, at any time prior to November 1, 1954, by three business days' notice in writing to Guaranty, to reduce the aggregate amount which Guaranty is obligated to lend to Arkansas to $5,000,000 or any amount between $5,000,000 and $8,500,000 which is a multiple of $100,000. As consideration for Guaranty's commitment, Arkansas will be obligated to pay Guaranty on November 1, 1954, a commitment fee equal to one-half of 1 percent per annum on the daily average unborrowed amount which Guaranty shall have been obligated to lend from the date of the Credit Agreement to November 1, 1954.

The proceeds of the loans are to be used for construction expenditures during 1954, which are estimated to aggregate $12,830,000. Certain of the facilities to be constructed will enable Arkansas to increase the amount of gas to be furnished to Arkansas Power and Light Company, one of its largest industrial customers; and upon completion and connection of such facilities, Arkansas Power and Light Company will advance $3,694,000 to Arkansas to be refunded by credits on the purchase price of gas thereafter furnished by Arkansas. The amount of the advance to be refunded subsequent to 1954 is expected to be $3,500,000. Approximately $4,330,000 of said construction expenditures will be obtained from depreciation and depletion accruals, and up to $8,500,000 from borrowings under the Credit Agreement.

Arkansas will have the privilege of prepaying the Notes at any time and from time to time without premium in amounts of $100,000 or multiples thereof, provided the funds therefor are derived only from (i) the issue and sale of additional bonds, (ii) payments of not to exceed $3,500,000 to be received by Arkansas from Arkansas Power and Light Company, or (iii) Arkansas' own operations in the normal course of business. If prepayment is made from funds derived from any other source, Arkansas will pay a premium calculated at the rate of ¼ of 1 percent per annum of the principal amount of the Note or Notes so prepaid from the date of such payment to the maturity date thereof.

Upon receipt of the aforesaid advance from Arkansas Power and Light Company, Arkansas proposes, to the extent then deemed appropriate, to reduce the amount which Guaranty shall be obligated to lend under the Credit Agreement to an amount between $5,000,000 and $8,500,000 which is a multiple of $100,000, as permitted by the Credit Agreement, and may also prepay without premium one or more of the Notes.

Fees and expenses are estimated at $6,750 which includes counsel fees of $5,000. It is stated that no State or Federal Commission other than this Commission has jurisdiction over the proposed transaction. It is requested that the Commission's order herein become effective upon issuance.

Notice is further given that any interested person may, not later than March 19, 1954, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues of fact or law, if any, raised by the said declaration which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after said date, said declaration, as filed or as amended, may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transaction as provided in Rule U-20 (a) and Rule U-100 thereof.

By the Commission.

[File No. 70-3209]

CENTRAL POWER AND LIGHT CO.

NOTICE OF FILING OF DECLARATION REGARDING THE ISSUANCE AND SALE OF NEW BONDS AND PARTIAL REDEMPTION OF OUTSTANDING BONDS

MARCH 8, 1954.

Notice is hereby given that Central Power and Light Company ("Central"), a public-utility subsidiary of Central and South West Corporation, a registered holding company, has filed a declaration with this Commission pursuant to the provisions of the Public Utility Holding Company Act of 1935 ("act") and the rules and regulations promulgated thereunder. Central has designated sections 6 (a), 7, and 12 (c) of the act and Rules U-42 and U-50 as applicable to the proposed transactions, which are summarized as follows:

Central proposes (a) to issue and sell, pursuant to the competitive bidding requirements of Rule U-50, $18,000,000 in principal amount of its First Mortgage Bonds ("New Bonds") Series F, ____ percent, to be dated April 1, 1954, and to mature April 1, 1984, and (b) to redeem in May 1954, at 105.68 percent of principal and accrued interest to the redemption date, the $8,000,000 in principal amount of its presently outstanding First Mortgage Bonds, Series E, 4⅛ percent, due May 1, 1983.

The New Bonds will be issued under and secured by an Indenture of Mortgage, dated November 1, 1943, between Central and The First National Bank of Chicago and Robert L. Grinnell, as Trustees, as amended by indentures supplemental thereto (the last supplemental indenture being dated May 1, 1953) and to be further amended by a proposed Supplemental Indenture to be dated April 1, 1954. The interest rate and the price to be paid Central for the New Bonds will be determined by the bidding, except that the invitation for bids will specify that the price (exclusive of accrued interest) to be paid the company shall not be less than 100 percent nor more than 102.750 of the principal amount thereof.

Central represents that the net proceeds (exclusive of accrued interest) to be received from the issuance and sale of the New Bonds will be used as follows: (a) Approximately $10,000,000 will be applied toward the payment of the cost of Central's construction program, estimated in the amount of $48,000,000 for the years 1954–1955, and (b) approximately $8,000,000, together with other company funds, will be used to redeem as aforesaid Central's presently outstanding First Mortgage Bonds, Series E, which redemption will require approximately $8,454,000, exclusive of accrued interest.

No State commission, and no Federal commission other than this Commission, has jurisdiction over the proposed transactions.

The fees and expenses to be incurred in connection with the proposed transactions are estimated in the amount of $57,000, exclusive of certain counsel fees which are covered by annual retainer.

Central requests that the Commission's order herein become effective upon issuance.

Notice is further given that any interested person may, not later than March 22, 1954, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request, the nature of his interest and the issues of fact or law raised by said filing which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after March 22, 1954, such declaration may be permitted to become effective, as provided in Rule U-23 of the rules and regulations promulgated under the act or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof.

By the Commission.

INTERSTATE COMMERCE COMMISSION

[4th Sec. Application 28985]

ACETONE AND RELATED ARTICLES FROM KINGS MILL, TEX., TO ILLINOIS AND WESTERN TRUNK-LINE TERRITORIES

APPLICATION FOR RELIEF

MARCH 9, 1954.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: F. C. Kratzmeir, Agent, for carriers parties to schedule listed below.

Commodities involved: Acetone, methanol, antifreeze preparations, alcohols, and related articles.

From: Kings Mill, Tex.

To: Points in Illinois and western trunk-line territories.

Grounds for relief: Rail competition, circuity, market competition, to maintain grouping, and additional origin.

Schedules filed containing proposed rates: F. C. Kratzmeir, Agent, I. C. C. No. 4064, supp. 17.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

[4th Sec. Application 28986]

COAL FROM EASTERN KENTUCKY AND TENNESSEE TO CHATTAHOOCHEE VALLEY RAILWAY STATIONS

APPLICATION FOR RELIEF

MARCH 9, 1954.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: R. E. Boyle, Jr., Agent for the Central of Georgia Railway Company, Chattahoochee Valley Railway Company, and Louisville and Nashville Railroad Company.

Commodities involved: Coal, in carloads.

From: Mines in eastern Kentucky and Tennessee.

To: Points in Alabama and West Point, Ga., on Chattahoochee Valley Railway.

Grounds for relief: Rail competition, circuity, market competition and to maintain grouping.

Schedules filed containing proposed rates: Louisville and Nashville Railroad Company, I. C. C. No. A-16745, supp. 41.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

[4th Sec. Application 28987]

LIQUEFIED CHLORINE GAS FROM ALA. TO CINCINNATI, OHIO, AND LOUISVILLE, KY.

APPLICATION FOR RELIEF

MARCH 9, 1954.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: R. E. Boyle, Jr., Agent, for carriers parties to schedule listed below.

Commodities involved: Liquefied chlorine gas, in tank-car loads.

From: Huntsville, Redstone Arsenal, and McIntosh, Ala.

To: Cincinnati, Ohio, and Louisville, Ky.

Grounds for relief: Competition with rail carriers, circuity, and market competition.

Schedules filed containing proposed rates: C. A. Spaninger, Agent, I. C. C. No. 1351, supp. 59.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

[4th Sec. Application 28986]

NEWSPRINT PAPER FROM COOSA PINES AND CHILDERSBURG, ALA., TO HOT SPRINGS, ARK., AND MONROE, LA.

APPLICATION FOR RELIEF

MARCH 9, 1954.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: F. C. Kratzmeir, Agent, for carriers parties to schedule listed below.

Commodities involved: Paper, newsprint, carloads.

From: Coosa Pines and Childersburg, Ala.

To: Hot Springs, Ark., and Monroe, La.

Grounds for relief: Competition with rail carriers, circuity, and to apply rates constructed on the basis of the short line distance formula.

Schedules filed containing proposed rates: F. C. Kratzmeir, Agent, I. C. C. No. 4063, supp. 35.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

[4th Sec. Application 28989]

SALT FROM TEXAS AND LOUISIANA TO NEW JERSEY, NEW HAMPSHIRE, AND PENNSYLVANIA

APPLICATION FOR RELIEF

MARCH 9, 1954.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: F. C. Kratzmeir, Agent, for carriers parties to schedule listed below.

Commodities involved: Salt, carloads.

From: Points in Texas and Louisiana.

To: Phillipsburg, N. J., Woodsville, N. H., and York, Pa.

Grounds for relief: Competition with rail carriers and circuitous routes.

Schedules filed containing proposed rates: F. C. Kratzmeir, Agent, I. C. C. No. 3668, supp. 58.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. SHALE CINDERS FROM KENLITE, KY., TO BROWNSTOWN AND TELL CITY, IND.

APPLICATION FOR RELIEF

MARCH 9, 1954.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: R. E. Boyle, Jr., Agent, for carriers parties to schedule listed below.

Commodities involved: Cinders, shale, carloads.

From: Kenlite, Ky.

To: Brownstown and Tell City, Ind.

Grounds for relief: Competition with rail carriers and circuitous routes.

Schedules filed containing proposed rates: C. A. Spaninger, Agent, I. C. C. No. 1315, supp. 47.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. TITLE 7—AGRICULTURE

Chapter III—Agricultural Research Service, Department of Agriculture

[P. Q. 592, Amdt.]

PART 301—DOMESTIC QUARANTINE NOTICES

SUBPART—HAWAIIAN FRUITS AND VEGETABLES

REMOVAL OF AVOCADOS AND BELL PEPPERS FROM LIST OF PRODUCTS THAT MAY BE FUMIGATED AND CERTIFIED FOR MOVEMENT FROM HAWAII

Pursuant to the authority conferred on him by § 301.13–4 (b) of the regulations supplemental to the Hawaiian Fruit and Vegetable Quarantine (Notice of Quarantine No. 13, 7 CFR 301.13, as amended) under section 8 of the Plant Quarantine Act of 1912, as amended (7 U. S. C. 161), the Chief of the Plant Quarantine Branch hereby amends the administrative instructions in § 301.13–4b (a) in Title 7, Code of Federal Regulations (B. E. P. Q. 592; 18 F. R. 947, 1431) by deleting from the list of products designated therein the words "avocado" and "bell pepper."

This amendment shall be effective on and after March 16, 1954.

(Sec. 9, 37 Stat. 318; 7 U. S. C. 162. Interprets or applies sec. 8, 37 Stat. 318, as amended; 7 U. S. C. 161)

This amendment removes avocados and bell peppers from the list of products that may be moved from Hawaii under certificate after fumigation with ethylene dibromide as heretofore prescribed in administrative instructions. Recent experience in the fumigation with ethylene dibromide of avocados and bell peppers in Hawaii at the rate prescribed in the administrative instructions has indicated that such treatment is not entirely satisfactory in eliminating insect pest risk. Further tests have been made to determine an increased dosage of the fumigant that would destroy insect infestations present. However, avocados and bell peppers have not proved tolerant to the increased dosages of ethylene dibromide that would be necessary to destroy all insects that may be present. Pending the development of additional information on fumigation tolerances of avocados and bell peppers and mortality of insects present, the authorization of movement of these products from Hawaii after fumigation and certification is being withdrawn, and such movement will generally be prohibited.

In order to prevent the possible spread of injurious insects to other parts of the United States in avocados and bell peppers from Hawaii, it is essential that this amendment be made effective as promptly as possible. Accordingly, pursuant to paragraphs 4 (a) and (c) of the Administrative Procedure Act (5 U. S. C. 1003 (a), (c)), it is found upon good cause that notice and public procedure with respect to this amendment are impracticable and contrary to the public interest, and good cause is found for the issuance of this amendment less than 30 days after publication in the FEDERAL REGISTER.

Done at Washington, D. C., this 1st day of March 1954.

[SEAL] E. P. REAGAN,
Chief,
Plant Quarantine Branch.

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

[Navel Orange Reg. 22]

PART 914—NAVEL ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

LIMITATION OF HANDLING

§ 914.322 *Navel Orange Regulation 22*—(a) *Findings.* (1) Pursuant to the marketing agreement and Order No. 14 (18 F. R. 5638), regulating the handling of navel oranges grown in Arizona and designated part of California, effective September 22, 1953, under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendation and information submitted by the Navel Orange Administrative Committee, established under the said marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such navel oranges, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions of this section effective as hereinafter set forth. The Navel Orange Administrative Committee held an open meeting on March 11, 1954, after giving due notice thereof, to consider supply and market conditions for navel oranges and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein was promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such navel oranges; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed on or before the effective date of this section.

(b) *Order.* (1) The quantity of navel oranges grown in Arizona and designated part of California which may be handled during the period beginning at 12:01 a. m., P. s. t., March 14, 1954, and ending at 12:01 a. m., P. s. t., March 21, 1954, is hereby fixed as follows:

(i) District 1: Unlimited movement;
(ii) District 2: 323,400 boxes;
(iii) District 3: Unlimited movement;
(iv) District 4: Unlimited movement.

(2) The prorate base of each handler who has made application therefor, as provided in the said marketing agreement and order, is hereby fixed in accordance with the prorate base schedule which is set forth below and made a part hereof by this reference.

(3) Navel oranges handled pursuant to the provisions of this section shall be subject to any size restrictions applicable thereto which have heretofore been issued on the handling of such oranges and which are effective during the period specified herein.

(4) As used in this section, "handled," "handler," "boxes," "prorate base," "District 1," "District 2," "District 3," and "District 4" shall have the same meaning as when used in said marketing agreement and order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 12th day of March 1954.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Division, Agricultural Marketing Service.

[Orange Reg. 253]

PART 933—ORANGES, GRAPEFRUIT, AND TANGERINES GROWN IN FLORIDA

LIMITATION OF SHIPMENTS

§ 933.672 *Orange Regulation 253*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 33, as amended (7 CFR Part 933), regulating the handling of oranges, grapefruit, and tangerines grown in the State of Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the committees established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of all oranges, except Temple oranges, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions of this section effective not later than March 15, 1954. Shipments of all oranges, except Temple oranges, grown in the State of Florida, are presently subject to regulation by grades and sizes, pursuant to the amended marketing agreement and order and will so continue until March 15; the recommendation and supporting information for continued regulation subsequent to March 14, 1954, was promptly submitted to the Department after an open meeting of the Growers Administrative Committee on March 9; such meeting was held to consider recommendations for regulation, after giving due notice of such meeting and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including the effective time of this section, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such oranges; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter set forth so as to provide for the continued regulation of the handling of all oranges, except Temple oranges; and compliance with this section will not require any special preparation on the part of the persons subject thereto which cannot be completed by the effective time of this section.

(b) *Order.* (1) During the period beginning at 12:01 a. m., e. s. t., March 15, 1954, and ending at 12:01 a. m., e. s. t., March 29, 1954, no handler shall ship:

(i) Any oranges, except Temple oranges, grown in the State of Florida, which do not grade at least U. S. No. 1 Russet; or

(ii) Any oranges, except Temple oranges, grown in the State of Florida, which are of a size smaller than a size that will pack 288 oranges, packed in accordance with the requirements of a standard pack, in a standard nailed box.

(2) As used in this section, the terms "handler," "ship," and "Growers Administrative Committee" shall each have the same meaning as when used in said amended marketing agreement and order; and the terms "U. S. No. 1 Russet," "standard pack," and "standard nailed box," shall have the same meaning as when used in the revised United States Standards for Florida Oranges (§§ 51.1140–51.1186 of this title).

Shipments of Temple oranges, grown in the State of Florida, are subject to the provisions of Orange Regulation 244 (§ 933.647 of this title; 18 F. R. 7380).

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 10th day of March 1954.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Division, Agricultural Marketing Service.

[Grapefruit Reg. 197]

PART 933—ORANGES, GRAPEFRUIT, AND TANGERINES GROWN IN FLORIDA

LIMITATION OF SHIPMENTS

§ 933.673 *Grapefruit Regulation 197*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 33, as amended (7 CFR Part 933), regulating the handling of oranges, grapefruit, and tangerines grown in the State of Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the committees established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of grapefruit, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions of this section effective not later than March 15, 1954. Shipments of grapefruit, grown in the State of Florida, are presently subject to regulation by grades and sizes, pursuant to the amended marketing agreement and order, and will so continue until March 15, 1954; the recommendation and supporting information for continued regulation subsequent to March 14, 1954, was promptly submitted to the Department after an open meeting of the Growers Administrative Committee on March 9; such meeting was held to consider recommendations for regulation, after giving due notice of such meeting, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including the effective time of this section, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such grapefruit; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter set forth so as to provide for the continued regulation of the handling of grapefruit; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed by the effective time of this section.

(b) *Order.* (1) During the period beginning at 12:01 a. m., e. s. t., March 15, 1954, and ending at 12:01 a. m., e. s. t., March 29, 1954, no handler shall ship:

(i) Any white seeded grapefruit, grown in the State of Florida, which do not grade at least U S. No. 1 Russet;

(ii) Any white seedless grapefruit, grown in the State of Florida, which do not grade at least U. S. No. 2 Russet;

(iii) Any white seeded grapefruit, grown in the State of Florida, which are of a size smaller than a size that will pack 70 grapefruit, packed in accordance with the requirements of a standard pack, in a standard nailed box;

(iv) Any white seedless grapefruit, grown in Regulation Area I, that grade U. S. No. 2 Russet, U. S. No. 2 or U. S. No. 2 Bright, (*a*) which are of a size smaller than a size that will pack 96 grapefruit, packed in accordance with the requirements of a standard pack, in a standard nailed box; or (*b*) which are of a size larger than a size that will pack 70 grapefruit, packed in accordance with the requirements of a standard pack, in a standard nailed box;

(v) Any white seedless grapefruit, grown in Regulation Area I, that grade U. S. No. 1 Russet, U. S. No. 1, U. S. No. 1 Bronze, U. S. No. 1 Golden, U. S. No. 1 Bright or U. S. Fancy, which are of a size smaller than a size that will pack 96 grapefruit, packed in accordance with the requirements of a standard pack, in a standard nailed box.

(vi) Any white seedless grapefruit, grown in Regulation Area II, which are of a size smaller than a size that will pack 96 grapefruit, packed in accordance with the requirements of a standard pack, in a standard nailed box; or

(vii) Any pink grapefruit, grown in the State of Florida, which do not grade at least U. S. No. 2 Russet.

(2) As used in this section "handler," "ship," "Growers Administrative Committee," "Regulation Area I," and "Regulation Area II" shall have the same meaning as when used in said amended marketing agreement and order; and "U. S. No. 1 Russet," "U. S. No. 1," "U. S. No. 1 Bronze," "U. S. No. 1 Golden," "U. S. No. 1 Bright," "U. S. Fancy," "U. S. No. 2," "U. S. No. 2 Bright," U. S. No. 2 Russet," "standard pack," and "standard nailed box" shall have the same meaning as when used in the revised United States Standards for Florida Grapefruit (§§ 51.750–51.790 of this title).

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 10th day of March 1954.

[Tangerine Reg. 148]

PART 933—ORANGES, GRAPEFRUIT, AND TANGERINES GROWN IN FLORIDA

LIMITATION OF SHIPMENTS

§ 933.674 *Tangerine Regulation 148*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 33, as amended (7 CFR Part 933), regulating the handling of oranges, grapefruit, and tangerines grown in the State of Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the committees established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of tangerines, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions of this section effective not later than March 15, 1954. Shipments of tangerines, grown in the State of Florida, are presently subject to regulation by grades and sizes, pursuant to the amended marketing agreement and order, and, unless sooner terminated, will so continue until July 31, 1954; the recommendation and supporting information for continued regulation subsequent to March 14, and in the manner herein provided, was promptly submitted to the Department after an open meeting of the Growers Administrative Committee on March 9; such meeting was held to consider recommendations for regulation, after giving due notice of such meeting, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including the effective time of this section, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such tangerines; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter set forth so as to provide for the continued regulation of the handling of tangerines; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed on or before the effective time of this section.

(b) *Order.* (1) Tangerine Regulation 147 (7 CFR 933.667; 19 F. R. 745) is hereby terminated at 12:01 a. m., e. s. t., March 15, 1954.

(2) During the period beginning at 12:01 a. m., e. s. t., March 15, 1954, and ending at 12:01 a. m., e. s. t., July 31, 1954, no handler shall ship:

(i) Any tangerines, grown in the State of Florida, that do not grade at least U. S. No. 2 Russet; or

(ii) Any tangerines, grown in the State of Florida, that are of a size smaller than the size that will pack 294 tangerines, packed in accordance with the requirements of a standard pack, in a half-standard box (inside dimensions 9½ x 9½ x 19⅛ inches; capacity 1,726 cubic inches).

(3) As used in this section, "handler," "ship," and "Growers Administrative Committee" shall have the same meaning as when used in said amended marketing agreement and order; and the terms "U. S. No. 2 Russet" and "standard pack" shall have the same meaning as when used in the revised United States Standards for Florida Tangerines (§§ 51.1810–51.1836 of this title).

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 10th day of March 1954.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Division, Agricultural Marketing Service.

[F. R. Doc. 54-1814; Filed, Mar. 12, 1954; 8:51 a. m.]

PART 942—MILK IN NEW ORLEANS, LOUISIANA, MARKETING AREA

CORRECTION TO ORDER AMENDING ORDER, AS AMENDED

In F. R. Doc. 54-1495, which appeared in the FEDERAL REGISTER March 3, 1954, the following correction is made:

At the end of § 942.51 (b) add the following: "and divide by 0.96."

Issued at Washington, D. C., this 10th day of March 1954.

[SEAL] JOHN H. DAVIS,
Assistant Secretary of Agriculture.

[F. R. Doc. 54-1817; Filed, Mar. 12, 1954; 8:51 a. m.]

[Lemon Reg. 528]

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 953.635 *Lemon Regulation 528*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR Part 953; 18 F. R. 6767), regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions of this section effective as hereinafter set forth. Shipments of lemons, grown in the State of California or in the State of Arizona, are currently subject to regulation pursuant to said amended marketing agreement and order; the recommendation and supporting information for regulation during the period specified in this section was promptly submitted to the Department after an open meeting of the Lemon Administrative Committee on March 10, 1954, such meeting was held, after giving due notice thereof to consider recommendations for regulation, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter specified; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed by the effective time of this section.

(b) *Order.* (1) The quantity of lemons grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., March 14, 1954, and ending at 12:01 a. m., P. s. t., March 21, 1954, is hereby fixed as follows:

(i) District 1: 25 carloads;
(ii) District 2: 275 carloads;
(iii) District 3: Unlimited movement.

(2) The prorate base of each handler who has made application therefor, as provided in the said amended marketing agreement and order, is hereby fixed in accordance with the prorate base schedule which is attached to Lemon Regulation 527 (19 F. R. 1266) and made a part of this section by this reference.

(3) As used in this section, "handled," "handler," "carloads," "prorate base," "District 1," "District 2," and "District 3," shall have the same meaning as when used in the said amended marketing agreement and order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 11th day of March 1954.

[SEAL] FLOYD F. HEDLUND,
Acting Director, Fruit and Vegetable Division, Agricultural Marketing Service.

Subchapter B—Loans, Purchases, and Other Operations

[1954 C. C. C. Flaxseed Bulletin 1]

PART 421—GRAINS AND RELATED COMMODITIES

SUBPART—1954 TEXAS FLAXSEED PURCHASE PROGRAM

Correction

In Federal Register Document 54-1411, published at page 1105 of the issue for Saturday, February 27, 1954, the following changes should be made:

1. In the table under § 421.679 (a) the basic purchase rate for Bexar County, Tex., should read "2.88".

2. In the second line of paragraph (d) of § 421.679 the word "required" should read "acquired".

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter XVIII—National Shipping Authority, Maritime Administration, Department of Commerce

[NSA Order No. 47 (AGE-4, Amdt. 5)]

AGE-4—COMPENSATION PAYABLE TO AGENTS, GENERAL AGENTS AND BERTH AGENTS

COMPENSATION OF GENERAL AGENTS FOR HUSBANDING SERVICES, ETC.

Subparagraph (3), paragraph (a) of section 2, *Compensation of General Agents for husbanding services, etc.* of NSA Order 47 (AGE-4) published in the FEDERAL REGISTER issue of September 29, 1951 (16 F. R. 9983) as amended by Amendment 1 (16 F. R. 12019) and Amendment 4 (18 F. R. 2174) is hereby amended by deleting the word "Atlantic", appearing before the words "Coast Director".

(Sec. 204, 49 Stat. 1987, as amended; 46 U. S. C. 1114)

Approved: March 5, 1954.

[SEAL] C. H. MCGUIRE,
Director, National Shipping Authority and Government Aid.

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

Subchapter A—Civil Air Regulations

[Supp. 7]

PART 40—SCHEDULED INTERSTATE AIR CARRIER CERTIFICATION AND OPERATION RULES

DISPATCH OF AIRCRAFT EQUIPPED WITH ONE VHF AND ONE LOW FREQUENCY RADIO RECEIVER

The purpose of this supplement is to outline the alternate airport requirements which apply when aircraft equipped with one VHF and one low frequency radio receiver are dispatched under IFR or over-the-top during weather conditions requiring an alternate airport.

The following interpretations are hereby adopted:

§ 40.232-1 *Dispatch of aircraft equipped with one VHF and one low frequency radio receiver (CAA interpretations which apply to § 40.232 (c)).* When an aircraft equipped with one VHF radio navigation receiver and one low frequency radio navigation receiver is dispatched under conditions requiring an alternate airport for departure or destination, such alternate airport must be:

(a) An alternate airport served by both low frequency and VOR (or VAR) radio navigation facilities each of which has an approved instrument approach procedure established for such airport, or

(b) An alternate airport served by a VOR (or VAR) radio navigation facility, provided another alternate airport is specified which is served by a low frequency radio navigation facility and an approved instrument approach procedure is established at each such airport, or

(c) An alternate airport for which the weather reports and forecasts, or a combination thereof, indicate that the weather conditions will remain at or above the weather minimums prescribed in § 40.390 (c) until such time as the flight would arrive at such alternate airport.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interprets or applies secs. 601, 604, 52 Stat. 1007, 1010, as amended; 49 U. S. C. 551, 554)

This supplement shall become effective April 1, 1954.

[SEAL] F. B. LEE,
Administrator of Civil Aeronautics.

[F. R. Doc. 54-1811; Filed, Mar. 12, 1954; 8:50 a. m.]

Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 69]

PART 609—STANDARD INSTRUMENT APPROACH PROCEDURES

PROCEDURE ALTERATIONS

The standard instrument approach procedure alterations appearing hereinafter are adopted to become effective when indicated in order to promote safety of the flying public. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to the public interest, and therefore is not required.

Part 609 is amended as follows:

1. The low frequency range procedures prescribed in § 609.6 are amended to read in part:

L/F STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, and courses are magnetic. Distances are in statute miles unless otherwise indicated. Elevations and altitudes are in feet, MSL. Ceilings are in feet above airport elevation. If no L/F instrument approach is contained in the basic part, all operations conducted in accordance with a different procedure authorized by the Administrator for Civil Aeronautics for such airport. Initial approaches shall be made over specified routes. Minimum altitude(s) shall correspond with those established for en route operation in the particular area or as set forth below.

City and State; airport name, elevation, facility class and identification; procedure No.; effective date	Initial approach to facility from—	Course and distance	Minimum alt. rule (ft.)	Procedure turn (—) side of final approach course (outbound and inbound), altitudes, limiting distances	If visual contact not established at authorized landing minimums after passing (within distance specified, or if landing not accomplished

4. The ground controlled approach procedures prescribed in § 609.13 are amended to read in part:

GCA STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, and courses are magnetic. Distances are in statute miles unless otherwise indicated. Elevations and altitudes are in feet, MSL. Ceilings are in feet above airport elevation. If a GCA instrument approach is conducted at the below named airport, it shall be in accordance with the following instrument procedure, unless an approach is conducted in accordance with a different procedure authorized by the Administrator for Civil Aeronautics for such airport. Initial approaches shall be made over specified routes. Minimum altitude(s) shall correspond with those established for en route operation in the particular area or as set forth below. Positive identification must be established with the ground controller. From initial contact with GCA to final authorized landing minimums, the instructions of the GCA controller are mandatory except when (A) visual reference with ground is established on final approach at or before descent to the authorized landing minimums, or (B) at pilot's discretion if it appears desirable to discontinue the approach.

City and State; airport name, elevation; effective date	Radar terminal area, maneuvering altitudes by sectors and limiting distances	Ceiling and visibility minimums: Runway No.	Condition	Precision approach (PAR): 75 m. p. h. or less	Precision approach (PAR): More than 75 m. p. h. [Amdt. 70]

PART 609—STANDARD INSTRUMENT APPROACH PROCEDURES

PROCEDURE ALTERATIONS

The standard instrument approach procedure alterations appearing hereinafter are adopted to become effective when indicated in order to promote safety of the flying public. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to the public interest, and therefore is not required.

Part 609 is amended as follows:

1. The low frequency range procedures prescribed in § 609.6 are amended to read in part:

LFR STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, and courses are magnetic. Distances are in statute miles unless otherwise indicated. Elevations and altitudes are in feet, MSL. Ceilings are in feet above airport elevation.
If an LFR instrument approach is conducted at the below named airport, it shall be in accordance with the following instrument approach procedure, unless an approach is conducted in accordance with a different procedure authorized by the Administrator for Civil Aeronautics for such airport. Initial approaches shall be made over specified routes. Minimum altitude(s) shall correspond with those established for en route operation in the particular area or as set forth below.

City and State; airport name, elevation; facility, class and identification, procedure No., effective date	Initial approach to facility from—	Course and distance	Minimum altitude (ft.)	Procedure turn (—) side of final approach course (outbound and inbound), altitudes; limiting distances	Minimum altitude over facility on final approach course (ft.)	Course and distance, facility to airport	Ceiling and visibility minimums: Condition	Type aircraft: 75 m. p. h. or less	Type aircraft: More than 75 m. p. h.	If visual contact not established at authorized landing minimums after passing facility within distance specified, or if landing not accomplished

VOR STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, and courses are magnetic. Distances are in statute miles unless otherwise indicated. Elevations and altitudes are in feet, MSL. Ceilings are in feet above airport elevation. If a VOR instrument approach is conducted at the below named airport, it shall be in accordance with the following instrument approach procedure, unless an approach is conducted in accordance with a different procedure authorized by the Administrator for Civil Aeronautics for such airport. Initial approaches shall be made over specified routes. Minimum altitude(s) shall correspond with those established for en route operation in the particular area or as set forth below.

TITLE 17—COMMODITY AND SECURITIES EXCHANGES

Chapter II—Securities and Exchange Commission

PART 240—GENERAL RULES AND REGULATIONS UNDER THE SECURITIES EXCHANGE ACT OF 1934

DECLARING EFFECTIVE AMENDED EXCHANGE DISTRIBUTION PLAN OF THE AMERICAN STOCK EXCHANGE

The Securities and Exchange Commission has declared effective for a period of six months, expiring at the close of business on August 27, 1954, an amended Exchange Distribution Plan filed by the American Stock Exchange. This amended Plan is substantially the same as the Exchange Distribution Plan previously declared effective until February 26, 1954.

The amended Plan, as did the previous Plan, permits members, member firms and member corporations (hereinafter referred to as participating members) to make a distribution of a block of securities at the market on the Exchange when the regular market on the Exchange cannot otherwise absorb the block of securities within a reasonable time and at a reasonable price or prices. The Plan contains certain anti-manipulative controls and also requires participating members to make certain disclosures to persons whose orders are solicited. The amended Plan differs from the Plan previously declared effective in the two following minor respects: (1) The provision prohibiting participating members and others from bidding for or purchasing the security during the distribution has been modified to permit the purchases required solely in connection with the "crossing" of orders on the floor of the Exchange (this "crossing" procedure was provided for under the Plan before it was amended) and (2) there is a specific provision in the amended Plan that transactions effected when orders are "crossed" on the floor shall be printed on the ticker tape.

The text of the Commission's action follows:

The Securities and Exchange Commission acting pursuant to the provisions of the Securities Exchange Act of 1934, particularly sections 10 (b) and 23 (a) thereof and § 240.10b-2 (d) (Rule X-10B-2 (d)) thereunder, deeming it necessary for the exercise of the functions vested in it, and having due regard for the public interest and for the protection of investors, does hereby declare effective the amended Exchange Distribution Plan of the American Stock Exchange until the close of business on August 27, 1954, on condition that if at any time it appears to the Commission necessary or appropriate in the public interest or for the protection of investors so to do the Commission may suspend or terminate the effectiveness of said Plan by sending at least ten days' written notice to the American Stock Exchange.

The Commission for good cause finds that the notice and public procedure specified in paragraphs 4 (a) and (b) of the Administrative Procedure Act are unnecessary since the amended Exchange Distribution Plan is substantially the same as that heretofore declared effective for such Exchange; and the

Commission further finds, in accordance with the provisions of section 4 (c) of the Administrative Procedure Act, that paragraph (d) of § 240.10b–2 and this action have the effect of granting exemption and relieving restriction, and that, therefore, this action may be and is hereby declared effective March 4, 1954.

(Sec. 23, 48 Stat. 901, as amended; 15 U. S. C. 78w)

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

MARCH 4, 1954.

TITLE 19—CUSTOMS DUTIES

Chapter I—Bureau of Customs, Department of the Treasury

[T. D. 53447]

PART 3—DOCUMENTATION OF VESSELS

CHANGE OF NAME OF DOCUMENTED VESSEL

In accordance with a recent employee suggestion, it has been concluded that it would be advantageous to the service to adopt and provide for the use of a form of application for change of name of a vessel documented as a vessel of the United States. Accordingly, paragraphs (b), (c), and (d), § 3.51 of the Customs Regulations, are amended as follows:

§ 3.51 *Change of name of documented vessel.* • • •

(b) Each application for change of name shall be executed on customs Form 1323 by the owner or owners of the vessel, addressed to the collector and shall be submitted in triplicate to the deputy collector at the vessel's home port.

(c) The following papers shall be obtained by the applicant and submitted with the application: (1) If the vessel is not subject to inspection, a certificate of seaworthiness issued by an officer in charge, marine inspection, United States Coast Guard; (2) a certificate of ownership on customs Form 1330 issued by the deputy collector at the vessel's home port; (3) the consent of the mortgagee or other beneficiary under each lien, mortgage, or other encumbrance of record at the vessel's home port; and (4) a certified copy of any approval of the Maritime Administration required by subsection O (a) of the Ship Mortgage Act, 1920.[46]

(d) If the application is approved by the collector or assistant collector, he shall note his approval in the appropriate space provided on customs Form 1323, a copy of which shall be delivered to the applicant by the deputy collector at the vessel's home port. If the application is disapproved, the collector or assistant collector shall notify the deputy collector at the vessel's home port of that fact in writing.

(R. S. 161, secs. 2, 3, 23 Stat. 118, as amended, 119, as amended; 5 U. S. C. 22, 46 U. S. C. 2, 3. Interprets or applies R. S. 4179, secs. 1–3, 41 Stat. 436, as amended, 437, as amended; 46 U. S. C. 50–53)

[SEAL] D. B. STRUBINGER, *Acting Commissioner of Customs.*

Approved: MARCH 8, 1954.

H. CHAPMAN ROSE, *Acting Secretary of the Treasury.*

[T. D. 53449]

PART 4—VESSELS IN FOREIGN AND DOMESTIC TRADES

NOTICE OF WAIVER OF CERTAIN NAVIGATION LAWS

MARCH 8, 1954.

Upon the written request of the Secretary of Defense, who deems such action necessary in the interest of national defense, and by virtue of the authority vested in me by the Act of December 27, 1950 (64 Stat. 1120), and the order of the Acting Secretary of the Treasury dated January 23, 1951 (16 F. R. 731; T. D. 52672), I hereby waive compliance with the navigation laws relating to clearances of vessels to the extent necessary to permit:

(1) The clearance for an unnamed destination of any vessel owned by, Government-allocated to, or chartered by the Military Sea Transportation Service of the Department of Defense, other than those used on berth-term (shipping contract or Government bill-of-lading) arrangements, which is certified by the Commander of the Military Sea Transportation Service or his duly authorized representative as (a) in ballast or laden only with Department of Defense cargo, or (b) having on board passengers, each of whom is either a member of the Armed Forces or a civilian noncombatant employed by, serving with, or accompanying the Armed Forces of the United States;

(2) The clearance of any vessel with Department of Defense cargo on the basis of a manifest which describes that cargo only as "_____ (Approximate quantity) of Department of Defense cargo."

(Sec. 1, 64 Stat. 1120; 46 U. S. C. prec. sec. 1)

This waiver shall be effective on and after April 15, 1954.

[SEAL] C. A. EMERICK, *Acting Commissioner of Customs.*

[F. R. Doc. 54–1805; Filed, Mar. 12, 1954; 8:51 a. m.]

[T. D. 53448]

PART 4—VESSELS IN FOREIGN AND DOMESTIC TRADES

PART 10—ARTICLES CONDITIONALLY FREE, SUBJECT TO A REDUCED RATE, ETC.

INWARD FOREIGN MANIFESTS; VESSEL SUPPLIES

MARCH 9, 1954.

In order to simplify customs requirements, reduce work, and thereby conserve manpower, the Customs Regulations are hereby amended as follows:

1. Section 4.7 (b) is amended by deleting ", one copy to the discharging inspector, when required," from the first sentence.

(R. S. 161, 251, secs. 2, 3, 23 Stat. 118, as amended, 119, as amended, sec. 624, 46 Stat. 759; 5 U. S. C. 22, 19 U. S. C. 66, 1624, 46 U. S. C. 2, 3. Interprets or applies sec. 431, 46 Stat. 710; 19 U. S. C. 1431)

2. Section 10.61 (b) is amended by substituting "a declaration" for "an affidavit" in the first sentence and by changing the initial letter in the word in the last sentence to lower case and inserting at the beginning of the sentence: "Except when the procedure prescribed by § 10.62 is followed,".

3. A new § 10.62 is added to read:

§ 10.62 *Bunker oil.* (a) When fuel oil is withdrawn under section 309, Tariff Act of 1930, as amended, or section 3451, Internal Revenue Code, for delivery by barge or lighter to the vessel on which it is to be used, sealing of the transporting vessel, the issuance of a lighterage ticket or other document to cover the transportation for delivery, and immediate customs supervision of the transfer of the oil from the delivering vessel to the vessel on which it is to be used may be dispensed with if the person making the withdrawal undertakes to file with the customs warehouse officer in charge of the bonded tank from which the oil is to be withdrawn the following:

(1) A legible receipt signed by the master or person in charge of the delivering vessel, showing—

(i) The respective quantities of (*a*) bonded fuel oil and (*b*) domestic fuel oil on the delivering vessel at the time the oil covered by the current withdrawal is laden on such vessel;

(ii) The quantity of oil laden on the delivering vessel from the bonded tank under the withdrawal;

(iii) The date the oil was laden on his vessel; and

(iv) The quantity of the oil remaining on his vessel after delivery to the vessel on which the oil is to be used.

(2) A legible copy of the receipt given to the master or person in charge of the delivering vessel by the receiving officer of the vessel on which the oil is to be used, showing—

(i) The number of the warehouse entry covering the oil;

(ii) The number of the vessel supply withdrawal covering the oil;

(iii) The number or other identification of the sales order for the oil;

(iv) The identification number of the delivering vessel;

(v) The name and location of the vessel to which the oil was delivered for use;

(vi) The quantity of oil delivered to such vessel;

(vii) The date of delivery to such vessel; and

(viii) The signature and title of the officer receiving the oil on such vessel.

(b) When the procedure prescribed in paragraph (a) of this section is followed, representatives of the Commissioner of Customs will from time to time verify various withdrawals against all pertinent records, including financial records, of the withdrawers, deliverers, and receivers of the oil.

(R. S. 161, 251, sec. 624, 46 Stat. 759, 5 U. S. C. 22, 19 U. S. C. 66, 1624. Interpret or apply sec. 309 (a), 46 Stat. 690, as amended; 19 U. S. C. 1309 (a))

[SEAL] D. B. STRUBINGER, *Acting Commissioner of Customs.*

Approved: March 8, 1954.

H. CHAPMAN ROSE, *Acting Secretary of the Treasury.*

[F. R. Doc. 54–1807; Filed, Mar. 12, 1954; 8:49 a. m.]

[T. D. 53446]

PART 16—LIQUIDATION OF DUTIES

COUNTERVAILING DUTIES; WOOL TOPS FROM URUGUAY

The Bureau has received information concerning the export of wool tops to the United States from Uruguay which satisfies the Bureau that such exports which are registered by the Contralor de Exportaciones e Importaciones of Uruguay on or after January 23, 1954, receive bounties or grants within the meaning of section 303 of the Tariff Act of 1930 (19 U. S. C. 1303) in a lesser amount than was announced in T. D. 53257 (18 F. R. 2653).

In accordance with section 303, it is hereby estimated and determined that the net amount of such bounty or grant with respect to wool tops registered as stated above is 6 percent of the sum of the invoice value of the wool tops per se and any dutiable charges applicable to such tops. Until further notice, upon the entry for consumption or withdrawal from warehouse for consumption of dutiable wool tops, imported directly or indirectly from Uruguay, there shall be collected, in addition to any other duties estimated or determined to be due, countervailing duties in the amount of 6 percent of the invoice value of the tops per se, plus the dutiable charges applicable thereto, if satisfactory proof is furnished that such wool tops were registered by the Contralor de Exportaciones e Importaciones of Uruguay on or after January 23, 1954. In all other respects T. D. 53257 shall remain in full force and effect.

Section 16.24 (a) of the Customs Regulations (19 CFR 16.24 (a)), as amended, is further amended by adding the number of this Treasury Decision immediately below "53257" and inserting opposite such new number in the "Action" column "New rate".

(R. S. 251, sec. 624, 46 Stat. 759; 19 U. S. C. 66, 1624. Interprets or applies sec. 303, 46 Stat. 687; 19 U. S. C. 1303)

[SEAL] C. A. EMERICK, *Acting Commissioner of Customs.*

Approved: March 5, 1954.

H. CHAPMAN ROSE, *Acting Secretary of the Treasury.*

No. 50——3

TITLE 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

PART 146a—CERTIFICATION OF PENICILLIN AND PENICILLIN-CONTAINING DRUGS

PART 146b—CERTIFICATION OF STREPTOMYCIN (OR DIHYDROSTREPTOMYCIN) AND STREPTOMYCIN- (OR DIHYDROSTREPTOMYCIN-) CONTAINING DRUGS

PART 146e—CERTIFICATION OF BACITRACIN AND BACITRACIN-CONTAINING DRUGS

MISCELLANEOUS AMENDMENTS

By virtue of the authority vested in the Secretary by the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 507, 59 Stat. 463, as amended by 61 Stat. 11, 63 Stat. 409, 67 Stat. 389; sec. 701, 52 Stat. 1055; 21 U. S. C. 357, 371; 67 Stat. 18), the regulations for certification of batches of antibiotic and antibiotic-containing drugs (21 CFR, Parts 146a, 146b, 146e; 18 F. R. 2784, 6773, 7294, 7673, 8477; 19 F. R. 671, 1141) are amended as indicated below:

1. In § 146a.31 *Penicillin dental cones* • • •, paragraph (c) *Labeling* is amended by changing the figure "18" in subparagraph (1) (iv) to read "36".

2. Section 146a.45 *Procaine penicillin in oil* is amended as follows:

a. Paragraph (a) *Standards of identity* • • • is amended by deleting the period at the end of the fifth sentence and adding the words "or subcutaneous injection in fowl.", and by inserting in the sixth sentence, after the word "cattle", the words "or subcutaneous injection in fowl,".

b. Paragraph (b) *Packaging* is amended by changing the first sentence to read as follows: "The immediate container of procaine penicillin in oil shall be of colorless transparent glass (unless it is packaged to contain a single dose), so closed as to be a tight container as defined by the U. S. P., shall be sterile at the time of filling and closing, and shall be so sealed that its contents cannot be used without destroying such seal, except if it is labeled solely for udder instillations of cattle or subcutaneous injection in fowl it may be packaged in plastic or collapsible tubes which shall be well-closed containers as defined by the U. S. P."

c. Subparagraph (1) (iv) of paragraph (c) *Labeling* is amended by inserting after the word "cattle" the words "or subcutaneous injection in fowl,".

d. Paragraph (c) (3) (ii) is amended to read:

(3) • • •

(ii) If it does not contain adrenocorticotropic hormone, adequate directions and warnings for the veterinary use of such drug by the laity, including a statement, if it is intended for subcutaneous injection in fowl, that it should be injected in the neck immediately behind the head.

e. Subparagraph (2) (i) and (ii) of paragraph (d) *Request for certification* • • • is amended by inserting after the word "cattle" the words "or subcutaneous injection in fowl", at both places at which it occurs.

3. Section 146a.57 *Procaine penicillin and streptomycin in oil* • • • is amended as follows:

a. Paragraph (a) is amended to read:

(a) Procaine penicillin and streptomycin in oil and procaine penicillin and dihydrostreptomycin in oil conform to all requirements and to all procedures prescribed by § 146a.45 for procaine penicillin in oil for udder instillations of cattle or subcutaneous injection in fowl, except that:

• • • • • •

b. Paragraph (a) (3) is amended by changing the first sentence to read as follows: "In lieu of the labeling prescribed for procaine penicillin in oil by § 146a.45 (c) (1) (ii) and (iv), each package shall bear on the outside wrapper or container and the immediate container the number of units of penicillin and the number of milligrams of streptomycin or dihydrostreptomycin per milliliter or prescribed dose; if it contains one or more of the active ingredients specified in subparagraph (2) of this paragraph, the name and quantity of each; the statement "For udder instillations of cattle only" or the statement "For subcutaneous injection in fowl only"; and if it is a multiple-dose container, the statement "Shake well."

c. Paragraph (a) (4) is amended by deleting the period at the end of the first sentence and adding the following words: "or in each prescribed dose."

4. In § 146b.106 *Streptomycin sulfate solution* • • •, paragraph (c) *Labeling*, subparagraph (1) (iii) is amended by changing the words "18 months or 24 months" to read: "18 months or 24 months or 36 months".

5. Section 146e.411 *Bacitracin-neomycin ointment* is amended as follows:

a. In paragraph (a), subparagraphs (2) and (3) are renumbered as (3) and (4), respectively.

b. A new subparagraph (2), reading as follows, is inserted between subparagraph (1) and renumbered subparagraph (3):

(2) It may contain hydrocortisone acetate.

(Sec. 701, 52 Stat. 1055; 21 U. S. C. 371)

Notice and public procedure are not necessary prerequisites to the promulgation of this order, and I so find, since it was drawn in collaboration with interested members of the affected industry and since it would be against public interest to delay providing for the amendments set forth above.

This order shall become effective upon publication in the FEDERAL REGISTER, since both the public and the affected industry will benefit by the earliest effective date, and I so find.

Dated: March 9, 1954.

[SEAL] OVETA CULP HOBBY, *Secretary.*

[F. R. Doc. 54–1800; Filed, Mar. 12, 1954; 8:49 a. m.]

TITLE 46—SHIPPING

Chapter I—Coast Guard, Department of the Treasury

[CGFR 54-12]

MISCELLANEOUS EDITORIAL AMENDMENTS

The miscellaneous editorial amendments contained in this document clarify the requirements and bring them up to date. The amendments to 46 CFR 2.01–5 and 2.75–10 revise and bring up to date procedures followed in connection with vessel inspections. The amendments to 46 CFR 24.01–10 (c), 25.35–1, and 25.40–1 clarify the requirements for carburetor backfire flame arresters and ventilation for uninspected pleasure vessels. These changes contain the determination that the regulations in Part 25 do not interpret or apply the provisions of section 2 of the act of October 9, 1940, as amended (46 U. S. C. 463a). The amendment to 46 CFR 137.09–50 (a) removes the mandatory requirement that the witness must identify the person charged. The purpose of this change is to prevent the miscarriage of justice by preventing a witness to testify who cannot identify the person charged. The requirements in this section set forth in chronological sequence the procedural steps incident to the orderly presentation of evidence through witnesses. The revision will permit a witness to testify without requiring the witness to identify the person charged.

It is hereby found that compliance with the notice of proposed rule making, public rule making procedure thereon, and effective date requirements of the Administrative Procedure Act (5 U. S. C. 1003), is not necessary because the amendments set forth in this document either clarify the requirements, or are procedural rules published for the benefit of the public.

By virtue of the authority vested in me as Commandant, United States Coast Guard, by Treasury Department Order No. 120, dated July 31, 1950 (15 F. R. 6521), to promulgate regulations in accordance with the statutes cited with the regulations below, the following amendments to the regulations are prescribed which shall become effective on and after the date of publication of this document in the FEDERAL REGISTER:

Subchapter A—Procedure Applicable to the Public

PART 2—VESSEL INSPECTIONS

SUBPART 2.01—INSPECTING AND CERTIFICATING OF VESSELS

Section 2.01–5 is amended to read as follows:

§ 2.01–5 *Certificate of inspection*—(a) *Issuance of certificates.* Upon completion of the inspection of a vessel and on condition that the vessel and her equipment are approved by the inspectors, a certificate on one or more of the following Coast Guard forms will be issued by the Officer in Charge, Marine Inspection:

(1) CG–841—Certificate of Inspection.

(2) CG–854—Temporary Certificate of Inspection.

(3) CG–989—Certificate of Examination of Foreign Passenger Vessel of Country Having Inspection Laws, Approximating Those of the United States.

(4) CG–3463—Certificate for Foreign Vessel to Carry Persons in Addition to Crew.

(b) *Vessels issued certificates.* (1) All domestic vessels shall be issued a Temporary Certificate of Inspection (CG–854) and a Certificate of Inspection (CG–841).

(2) Foreign passenger vessels of countries signatory to the International Convention for the Safety of Life at Sea, 1948, shall be issued a Certificate of Examination.

(3) Foreign passenger vessels of countries which are nonsignatory to the International Convention for the Safety of Life at Sea, 1948 shall be issued a Temporary Certificate of Inspection (CG–854) and a Certificate of Inspection (CG–841).

(4) All foreign freight vessels carrying 12 or less passengers shall be issued a Certificate for Foreign Vessels to Carry Persons In Addition to Crew (CG–3463).

(c) *Description of certificates.* These certificates describe the vessel; the route which she may travel; the minimum manning requirements; the safety equipment and appliances required to be carried on board; the total number of persons which may be carried; the names of the operators and the owners. The duration of the certificates is for a period of 1 year after which they must be renewed by making application for inspection as provided for in § 2.01–1.

(d) *Amending certificates.* Where by reason of a change in the character of a vessel or in her route, equipment, etc., the vessel will not comply with the requirements of the certificate of inspection previously issued, a certificate amending such certificate may be issued at the discretion of the Officer in Charge, Marine Inspection, to whom request is made, on Coast Guard Form 858, Certificate Amending Certificate of Inspection by Changing Character of Vessel, Route, Equipment, Etc.

SUBPART 2.75—APPROVALS OF SAFETY, EQUIPMENT, MATERIALS AND INSTALLATIONS, AND QUALIFICATIONS FOR CONSTRUCTION PERSONNEL

Section 2.75–10 (d) is amended to read as follows:

§ 2.75–10 *Requirements and tests.*

* * *

(d) Affidavits and/or certifications stating that certain items will comply with the applicable rules and specifications are required from manufacturers as follows:

(1) For engineering material and appliances see Subpart 61.45 of Subchapter F (Marine Engineering) of this chapter.

(2) For standard buoyant cushion see § 160.007–7 of Subchapter Q (Specifications) of this chapter.

(R. S. 4405, as amended, 4462, as amended, 46 U. S. C. 375, 416. Interpret or apply E. O. 10402, 17 F. R. 9917; 3 CFR 1952 Supp.)

Subchapter C—Uninspected Vessels

PART 24—GENERAL PROVISIONS

SUBPART 24.01—AUTHORITY AND PURPOSE

Section 24.01–10 (c) is amended to read as follows:

§ 24.01–10 *Authority for regulations.*

* * *

(c) *Fire protection equipment.* (1) The regulations regarding fire protection equipment interpret or apply section 8 of the Motorboat Act of April 25, 1940, as amended (46 U. S. C. 526g).

(R. S. 4405, as amended, 4462, as amended, sec. 17, 54 Stat. 166, as amended; 46 U. S. C. 375, 416, 526p)

PART 25—REQUIREMENTS

NOTE: The authority for the regulations in this part is amended by deleting the statement that these regulations interpret or apply section 2, 54 Stat. 1028, as amended; 46 U. S. C. 463a.

SUBPART 25.35—CARBURETOR BACKFIRE FLAME ARRESTERS

Section 25.35–1 is amended to read as follows:

§ 25.35–1 *Must be approved.* (a) The carburetor of every gasoline engine installed in a motorboat or motor vessel after April 25, 1940, except outboard motors, shall be fitted with an approved device for arresting backfire, constructed in accordance with Subpart 162.015 of Subchapter Q (Specifications) of this chapter. Installations made before November 19, 1952, need not meet the detailed requirements of the specification and may be continued in use so long as they are in good condition.

SUBPART 25.40—VENTILATION

Section 25.40–1 is amended to read as follows:

§ 25.40–1 *Tanks and engine spaces.* (a) All motorboats or motor vessels the construction or decking over of which is commenced after April 25, 1940, and which use fuel having a flash point of 110 degrees F. or less shall have at least 2 ventilators fitted with cowls or their equivalent for the purpose of properly and efficiently ventilating the bilges of every engine and fuel tank compartment in order to remove any inflammable or explosive gases. Such motorboats or motor vessels so constructed as to have the greater portion of the bilges under the engines and fuel tanks open and exposed to the natural atmosphere at all times need not be required to be fitted with such ventilators.

(R. S. 4405, as amended, 4462, as amended, sec. 17, 54 Stat. 166, as amended; 46 U. S. C. 375, 416, 526p)

Subchapter K—Marine Investigations and Suspension and Revocation Proceedings

PART 137—SUSPENSION AND REVOCATION PROCEEDINGS

SUBPART 137.09—HEARINGS

Section 137.09–50 (a) is amended by adding the phrase "whenever practicable or possible" to the end of the fifth sentence thereof so that this sentence will read as follows:

§ 137.09–50 *Witnesses.* (a) * * * The witness shall be required to identify the person charged whenever practicable or possible. * * *

(R. S. 4405, as amended, secs. 1, 2, 49 Stat. 1544, sec. 5, 55 Stat. 244, 245, as amended; 46 U. S. C. 375, 367, 50 U. S. C. 1275. Interprets or applies R. S. 4450, as amended; 46 U. S. C. 239)

Dated: March 9, 1954.

[SEAL] MERLIN O'NEILL,
Vice Admiral, U. S. Coast Guard, Commandant.

Chapter II—Federal Maritime Board, Maritime Administration, Department of Commerce

Subchapter B—Regulations Affecting Maritime Carriers and Related Activities

[General Order 59, Revised, Amdt. 1]

PART 221—DOCUMENTATION, TRANSFER OR CHARTER OF VESSELS

APPROVAL OF CHARTERS OF CERTAIN VESSELS TO ALIENS

General Order 59, Revised (§ 221.7 *Approval of charters of certain vessels to aliens*), published in the FEDERAL REGISTER (16 F. R. 691) is hereby amended by deleting subparagraph (2) of paragraph (a) of § 221.7, so that said § 221.7, amended as aforesaid, shall read as follows:

§ 221.7 *Approval of charters of certain vessels to aliens.* (a) The Department of Commerce, Maritime Administration, hereby approves under sections 9 and 37 of the Shipping Act, 1916, as amended (52 Stat. 964; 40 Stat. 901; 46 U. S. C. 808 and 835) the charter to a person not a citizen of the United States of any vessel (including space in such vessel) documented under the laws of the United States, or the last documentation of which was under the laws of the United States, or owned in whole or in part by any person a citizen of the United States, or by a corporation organized under the laws of the United States or of any State, Territory, District or possession thereof, for a period not more than six (6) months, or for a voyage or voyages the duration of which will probably not exceed six (6) months, except:

(1) Demise or bareboat charters;

(2) For the carriage of cargoes of any kind to or from the Soviet Union, Latvia, Lithuania, Estonia, Poland, Czechoslovakia, Hungary, Rumania, Bulgaria, Albania, North Korea, the Soviet Zone of Germany, Manchuria, or Communist China;

(3) Extension or renewals of a charter approved by this section. The Maritime Administration will consider each request for such an extension or renewal on its merits.

(4) For use in the fisheries.

(b) A copy of any such charter, as executed, which is approved by this section shall be filed with the Secretary of the Maritime Administration as soon as may be practicable but in any event not later than twenty (20) days after the beginning of the charter period or within such further time as may be permitted by the Maritime Administration.

(Sec. 19, 41 Stat. 995, Sec. 204, 49 Stat. 1987 as amended; 46 U. S. C. 1114, 876. Interpret or apply Sec. 9, 39 Stat. 730, as amended, sec. 37, 40 Stat. 901, as amended; 46 U. S. C. 808, 835)

Effective date. This amendment shall be effective on the date of publication in the FEDERAL REGISTER.

Dated: March 5, 1954.

[SEAL] LOUIS S. ROTHSCHILD,
Maritime Administrator.

PROPOSED RULE MAKING

DEPARTMENT OF THE TREASURY

Bureau of Customs

[19 CFR Part 8]

LIABILITY FOR DUTIES; ENTRY OF IMPORTED MERCHANDISE

INVOICING AND LABELING OF CERTAIN COAL-TAR PRODUCTS

On July 8, 1953, notice was given in the FEDERAL REGISTER (18 F. R. 3969) that, pursuant to paragraph 28 (f), Tariff Act of 1930 (19 U. S. C. 1001, par. 28 (f)), the Bureau of Customs was considering amending § 8.13 (i) of the Customs Regulations (19 CFR 8.13 (i)) and Treasury Decision 39744 (44 Treas. Dec. 41) with reference to the information required to be furnished on invoices covering importations of any coal-tar color, dye, stain, color acid, color base, color lake, leuco-compound, indoxyl, or indoxyl compound.

In response to this notice numerous representations were received that the proposed regulations were unreasonable in certain respects. Accordingly, the matter was given further consideration and notice is hereby given, pursuant to section 4 of the Administrative Procedure Act (5 U. S. C. 1003) that, in order to facilitate the identification and examination of imported dyestuffs it is proposed to require information as to trade name, manufacturer's name, percentage of dyestuff, number of the dyestuff in a recognized index of dyestuffs, and, when necessary, information indicating method of application, chemical classification, and composition to be furnished with respect to each kind of coal-tar dyestuff in each importation of coal-tar dyestuffs. The information shall be furnished in quintuple, two copies to be attached to the original of the certified invoice and one copy attached to each of the other copies of the certified invoice. The information shall be furnished on separate sheets of paper presenting the information in the order and approximate position set forth in the sample form below. The information required by this regulation shall be given for shipments subsequent to (date to be announced) of any product covered by this regulation. However, for second and successive shipments to the same port of identical merchandise, of the same name and strength this form need not be executed, a reference to the date of first shipment subsequent to (date to be announced) being sufficient.

COAL-TAR DYES, COLORS, LAKES, COLOR ACIDS, COLOR BASES, LEUCO AND INDOXYL COMPOUNDS

1. Invoice name of product _____
2. Trade name of product _____
3. Name of manufacturer _____
4. Name(s) under which sold in country of production _____
5. Name of comparable American-made product with name of the U. S. manufacturer (if none or unknown, so state) _____
6. Percentage of active ingredient _____
7. Schultz number (if none, so state) _____
8. Colour index number (if none, so state) _____
9. U. S. standard number (if none, so state) _____

If no number is inserted in item 6, 7, or 8 the following additional information must be submitted:

10. Foreign prototype number (if none or unknown, so state) _____
11. Method of application (state whether acid, basic, direct, direct and developed, mordant, mordant acid, neutral, oil, oil and spirit, printing, spirit soluble, vat (soluble), vat (insoluble), or other (describe) and state nature of pre-treatment or after-treatment if any _____
12. Material to which applied (cotton, wool, silk, acetate, rayon, viscose, other (e. g.—polyamides, vinyls, acrylates, etc.)). Name the type or types of material for which the product is designed to be used _____
13. Chemical classification (acridine, aminoketone, anthraquinone, azine, azoic, azomethine, color acid, color base, color lake, cyanine, diazo, diphenylnaphthylmethane, esters of leuco indigoid, esters of leuco vat, fluorescent white, hydroxyketone, indamine, indigoid, indoaniline, indophenol, indoxyl, indoxyl compound, ketol, ketonimine, lactone, leuco compound, monoazo, nitro, nitroso, oxazine, phthalocyanine, polyazo, polymethine, quinoline, quinonoid, stilbene, sulfur or sulfide, tetrakisazo, thiazine, thiazole, thioindigoid, triphenylmethane, trisazo, xanthene, (rhodamine, rhodol, fluorone (3-isoxanthone type)), or other. Describe the class or classes to which the product belongs and the sub-class, if any.) _____
14. The scientific name or common name of the intermediate or intermediates used in the final stages of production of the finished product _____

Note: If the product consists of a mixture of two or more active ingredients the information required above shall be given for each active ingredient in the mixture, together with the proportions of each active ingredient in the mixture.

Prior to the final adoption of such regulations, consideration will be given to any data, views, or arguments pertaining thereto which are submitted in writing, in duplicate, to the Commissioner of Customs, Washington 25, D. C., within the period of 30 days from the date of publication of this notice in the

FEDERAL REGISTER. No hearings will be held.

[SEAL] D. B. STRUBINGER,
Acting Commissioner of Customs.

Approved: March 8, 1954.

H. CHAPMAN ROSE,
Acting Secretary of the Treasury.

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 915]

[Docket No. AO 246-RO 1]

HANDLING OF OLIVES GROWN IN CALIFORNIA OR ARIZONA

NOTICE OF REOPENING OF HEARING WITH RESPECT TO PROPOSED MARKETING AGREEMENT AND ORDER

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.), and in accordance with the applicable rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders (7 CFR 900; 19 F. R. 57), and the notice of the Secretary of Agriculture issued August 18, 1953 (18 F. R. 4997) with respect to the proposed marketing agreement and order regulating the handling of olives grown in California or Arizona, notice is hereby given of a public hearing to be held in the Venetian Room, Sacramento Hotel, Tenth and K Streets, Sacramento, California, beginning at 10:00 a. m., P. s. t., April 12, 1954.

The hearing is a continuation of the public hearing held at Stockton, California, May 6–14, 1953, on the aforesaid proposed marketing agreement and order. The reopened hearing will be held for the purpose of receiving additional evidence with respect to economic and marketing conditions relating to (1) the provisions of the proposed marketing agreement and order, as set forth in the notice of hearing dated April 14, 1953 (18 F. R. 2176), (2) the Notice of Recommended Decision and Opportunity to File Written Exceptions With Respect to the Proposed Marketing Agreement and Order dated July 20, 1953 (18 F. R. 4294), and (3) appropriate modifications of (1) and (2).

The reopened hearing is held also for the purpose of receiving evidence with respect to economic and marketing conditions relating to additional proposed amendments, as hereinafter set forth, to the aforesaid marketing agreement and order, or appropriate modifications thereof.

Neither the foregoing proposals and recommendations nor the following proposals have received the approval of the Secretary of Agriculture:

Proposal submitted by Olive Growers Committee for a Federal Marketing Order.

Add to the proposed marketing agreement and order the following provision: "Nothing in the agreement or order shall authorize, or be construed to authorize, the canning of any olives the canning of which is prohibited under any law of the State of California or any regulation or order issued thereunder."

Proposals submitted by C. C. Graber Company of Ontario, California, with respect to provisions in the recommended marketing agreement and order set forth in the aforesaid recommended decision:

1. Amend the definition of "Area" to read:

§ 915.4 *Area.* "Area" means that portion of the State of California lying and being north of San Luis Obisbo, Kern and San Bernardino Counties.

2. Revise § 915.27 *District* in conformity with the area proposed to be established under Proposal No. 1.

3. Amend the definition of "Canning olives" to read:

§ 915.9 *Canning olives.* "Canning olives" are olives acquired by a handler which he considers suitable for "canned olives" hereinafter defined.

4. Amend the definition of "Canned olives" to read:

§ 915.10 *Canned olives.* "Canned olives" means olives which have been placed in hermetically sealed containers and heat-sterilized under pressure, either whole or pitted and not divided into more than four parts exclusive of pits and which are not fully matured tree-ripened olives as hereinafter defined. Tree-ripened olives means olives which are fully matured and have attained a cherry-red color at the time of harvesting.

5. Amend the definition of "Handle" to read:

§ 915.16 *Handle.* "Handle" means (a) to size-grade olives, or (b) to can olives.

6. Delete §§ 915.58 (b), 915.59 (b), 915.59 (e) (2), and 915.61 (b).

7. Introduce additional testimony with respect to (a) estimated costs of operations; (b) anticipated rates of assessments; and (c) economic justification for the program.

Proposal submitted by Hemet Packing Company of Hemet, California:

Exclude from the proposed marketing agreement and order that portion of the State of California lying south of Tehachapi Pass.

Proposal submitted by Del Rosa Packing Company of Del Rosa, California:

Exclude from the proposed marketing agreement and order that portion of the State of California lying south of the Tehachapi Mountains, on a line from Santa Barbara on the west to a line east to Mojave and on east to the east line of San Bernardino County.

Copies of this notice of hearing may be obtained from the offices of the Hearing Clerk, United States Department of Agriculture, Room 1353, South Building, Washington, D. C., or the Field Representative, Fruit and Vegetable Division, Agricultural Marketing Service, 1000 Geary Street, San Francisco, California.

(48 Stat. 31, as amended; 7 U. S. C. 601 et seq.)

Done at Washington, D. C., this 10th day of March 1954.

[SEAL] ROY W. LENNARTSON,
Deputy Administrator.

NOTICES

DEPARTMENT OF LABOR

Wage and Hour Division

LEARNER EMPLOYMENT CERTIFICATES

ISSUANCE TO VARIOUS INDUSTRIES

Notice is hereby given that pursuant to section 14 of the Fair Labor Standards Act of 1938, as amended (52 Stat. 1068, as amended; 29 U. S. C. and Sup. 214) and Part 522 of the regulations issued thereunder (29 CFR Part 522), special certificates authorizing the employment of learners at hourly wage rates lower than the minimum wage rates applicable under section 6 of the act have been issued to the firms listed below. The employment of learners under these certificates is limited to the terms and conditions therein contained and is subject to the provisions of Part 522. The effective and expiration dates, occupations, wage rates, number or proportion of learners, and learning period for certificates issued under the general learner regulations (§§ 522.1 to 522.14) are as indicated below; conditions provided in certificates issued under special industry regulations are as established in these regulations.

Single Pants, Shirts and Allied Garments, Women's Apparel, Sportswear and Other Odd Outerwear, Rainwear, Robes and Leather and Sheep-Lined Garments Divisions of the Apparel Industry Learner Regulations (29 CFR 522.160 to 522.168, as amended June 2, 1952, 17 F. R. 3818).

Abbottstown Garment Co., Abbottstown, Pa., effective 4-1-54 to 3-31-55; 10 percent of the total number of factory production workers for normal labor turnover purposes (men's and boys' jackets).

Biflex Bishopville, Inc., Bishopville, S. C., effective 3-20-54 to 3-19-55; 10 percent of the total number of factory production workers for normal labor turnover purposes (brassieres, garter belts).

Blue Bell, Inc., Luray, Va., effective 4-1-54 to 3-31-55; 10 percent of the total number of factory production workers for normal labor turnover purposes (dungarees).

Blue Bell, Inc., Woodstock, Va., effective 3-6-54 to 3-5-55; 10 percent of the total number of factory production workers for normal labor turnover purposes (dungarees).

Blue Bell, Inc., Shenandoah, Va., effective 4-1-54 to 3-31-55; 10 percent of the total number of factory production workers for normal labor turnover purposes (dungarees).

Blue Bell, Inc., Ruckersville, Va., effective 3-6-54 to 3-5-55; 10 percent of the total number of factory production workers for normal labor turnover purposes (dungarees).

Blue Bell, Inc., Mt. Jackson, Va., effective 4-1-54 to 3-31-55; 10 percent of the total number of factory production workers for normal labor turnover purposes (dungarees).

Blue Bell, Inc., Elkton, Va., effective 4-1-54 to 3-31-55; 10 percent of the total number of factory production workers for normal labor turnover purposes (dungarees).

Blue Bell, Inc., Madison, Va., effective 4-1-54 to 3-31-55; 10 percent of the total number of factory production workers for normal labor turnover purposes (dungarees).

The Chaffee Manufacturing Co., Inc., Chaffee, Mo., effective 4-3-54 to 4-2-55; 10 percent of the total number of factory production workers for normal labor turnover purposes (men's and boys' trousers).

Danville Manufacturing Co., Inc., 328 Ferry Street, Danville, Pa., effective 3-2-54 to 9-1-55; 10 percent of the total number of factory production workers for normal labor turnover purposes (ladies' pajamas and nightgowns).

Dixie Lou Frocks, Inc., 120 South Water Street, Henderson, Ky., effective 3-4-54 to 3-3-55; 10 learners for normal labor turnover purposes (dresses, housecoats, etc.).

Dunhill Shirt Co., Glasgow, Mo., effective 3-5-54 to 3-4-55; 10 learners for normal labor turnover purposes (men's shirts).

Granby Manufacturing Co., Inc., Granby, Mo., effective 3-10-54 to 3-9-55; 10 learners for normal labor turnover purposes (trousers).

Jantus Manufacturing Co., 606 West 11th Street, Gary, Ind., effective 3-8-54 to 3-7-55; 10 percent of the total number of factory production workers for normal labor turnover purposes. Learners are not authorized to be employed at subminimum wage rates in the production of skirts and lined jackets (ladies' shorts, pedal pushers, etc.).

Jasper Brassiere Co., Inc., Bankhead Farmsteads Route 5, Jasper, Ala., effective 3-4-54 to 3-3-55; 10 percent of the total number of factory production workers for normal labor turnover purposes (brassieres).

Kane Manufacturing Co., Morgantown, Ky., effective 3-3-54 to 3-2-55; 10 percent of the total number of factory production workers for normal labor turnover purposes (sport jackets).

Kane Manufacturing Co., Morgantown, Ky., effective 3-3-54 to 9-2-54; 25 learners for plant expansion purposes (sport jackets).

Karen Sportswear, Shickshinny, Pa., effective 4-1-54 to 3-31-55; 5 learners for normal labor turnover purposes (dresses).

Loungeray Inc., Canal Street, Hollidaysburg, Pa., effective 3-5-54 to 3-4-55; 10 percent of the total number of factory production workers for normal labor turnover purposes (ladies' negligees and robes).

Manchester Pants Co., Manchester, Md., effective 3-13-54 to 3-12-55; 10 percent of the total number of factory production workers for normal labor turnover purposes (men's trousers).

Mt. Vernon Garment Co., Sixteenth and Herbert Streets, Mt. Vernon, Ill., effective 3-8-54 to 3-7-55; 10 percent of the total number of factory production workers for normal labor turnover purposes (dresses).

Nuremberg Dress Co., Nuremberg, Pa., effective 3-20-54 to 3-19-55; 10 learners for normal labor turnover purposes (dresses).

Perry Manufacturing Co., Box 349, Lowgap Road, Mt. Airy, N. C., effective 3-1-54 to 2-28-55; 10 percent of the total number of factory production workers for normal labor turnover purposes (ladies' shorts, halters, pedal pushers, etc.).

Rainfair, Inc., Wynn, Ark., effective 3-2-54 to 7-3-54; 35 additional learners for plant expansion purposes (dress pants) (supplemental certificate).

Rice-Stix Factory No. 26, Thayer, Mo.: effective 3-10-54 to 3-9-55; 10 percent of the total number of factory production workers for normal labor turnover purposes (dresses).

Rob Roy Co., Inc., Cambridge, Md., effective 3-19-54 to 3-18-55; 10 percent of the total number of factory production workers for normal labor turnover purposes (sport shirts).

Sunstate Slacks, Inc., 900 North Howard Avenue, Tampa, Fla., effective 3-8-54 to 3-7-55; 10 percent of the total number of factory production workers for normal labor turnover purposes (dress slacks).

I. Taitel & Son, 12 South Prettyman Street, Knox, Ind., effective 1-12-54 to 3-11-55; 10 learners for normal labor turnover purposes (work pants).

Tempest Shirt Manufacturing Co., Inc., 461 Cherry Street, Jesup, Ga., effective 3-5-54 to 3-4-55; 10 percent of the total number of factory production workers for normal labor turnover purposes (men's and boys' shirts).

The Turner Manufacturing Co., West Cedar Street, Goodlettsville, Tenn., effective 3-3-54 to 9-2-54; 50 learners for expansion purposes (shirts).

Sol Walter Contracting Co., 16 Burd Street, Nyack, N. Y., effective 3-5-54 to 3-4-55; 10 learners for normal labor turnover purposes (dresses).

Glove Industry Learner Regulations (29 CFR 522.220 to 522.231, as amended July 13, 1953, 18 F. R. 3292).

Good Luck Glove Co., Metropolis, Ill., effective 3-10-54 to 3-9-55; 10 percent of the total number of machine stitchers for normal labor turnover purposes (work gloves).

Hosiery Industry Learner Regulations (29 CFR 522.40 to 522.51, as amended November 19, 1951, 16 F. R. 10733).

Bland Hosiery Mills, Inc., Bland, Va., effective 3-5-54 to 3-4-55; 5 learners for normal labor turnover purposes.

Gulf Stream Products Corp., Green Cove, Fla., effective 3-5-54 to 3-4-55; 3 learners for normal labor turnover purposes.

Hansen Hosiery Mills, Inc., 178 South Coldbrook Avenue, Chambersburg, Pa., effective 3-10-54 to 3-9-55; 5 learners for normal labor turnover purposes.

Vermont Hosiery and Machinery Co., Northfield, Vt., effective 3-10-54 to 3-9-55; 5 learners for normal labor turnover purposes.

Knitted Wear Industry Learner Regulations (29 CFR 522.68 to 522.79, as amended January 21, 1952, 16 F. R. 12866).

Seamprufe, Inc., Holdenville, Okla., effective 3-6-54 to 3-6-55; 5 percent of the total number of factory production workers for normal labor turnover purposes (slips and lingerie).

Regulations Applicable to the Employment of Learners (29 CFR 522.1 to 522.14).

Mohawk Manufacturing Corp., 215 West San Antonio Street, El Paso, Tex., effective 3-5-54 to 9-4-54; 6 learners; sewing, lacing, beading, each 160 hours at 65 cents per hour (moccasins and handbags).

The following special learner certificates were issued to the school-operated industries listed below:

Hawaiian Mission Academy, 1438 Pensacola Street, Honolulu, T. H., effective 3-1-54 to 8-31-54; print shop—compositor, pressman, and related skilled and semiskilled occupations; 5 learners; 500 hours at 65 cents per hour, 500 hours at 70 cents per hour; clerical—typist, bookkeeper, related skilled and semiskilled occupations; 5 learners; 300 hours at 65 cents per hour, 300 hours at 70 cents per hour.

The following special learner certificate was issued in Puerto Rico to the company hereinafter named. The effective and expiration dates, the number of learners, the learner occupations, the length of the learning period and the learner wage rates are indicated, respectively.

V'Soske Shops, Inc., Bo. Pugnado Afuera, Vega Baja, P. R., effective 3-1-54 to 8-31-54; 10 learners; machine tufting, 120 hours at 30 cents an hour, 120 hours at 34 cents an hour, 120 hours at 38 cents an hour (wool rugs and carpets).

Each certificate has been issued upon the employer's representation that employment of learners at subminimum rates is necessary in order to prevent curtailment of opportunities for employment, and that experienced workers for the learner occupations are not available. The certificates may be cancelled in the manner provided in the regulations and as indicated in the certificates. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof within fifteen days after publication of this notice in the FEDERAL REGISTER, pursuant to the provisions of Part 522.

Signed at Washington, D. C., this 8th day of March 1954.

MILTON BROOKE,
Authorized Representative of the Administrator.

FEDERAL POWER COMMISSION

[Docket No. G-2377]

EL PASO NATURAL GAS CO.

NOTICE OF APPLICATION

MARCH 9, 1954.

Take notice that on February 25, 1954, El Paso Natural Gas Company (Applicant), a Delaware corporation having

its principal place of business at El Paso, Texas, filed an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing the construction and operation of a main line tap and a meter station to be located in Cochise County, Arizona.

The proposed facilities will be operated in conjunction with Applicant's existing facilities and will be utilized for the purpose of making deliveries of natural gas to Geronimo Natural Gas Company for resale in Cochise County.

The Applicant requests that its application be heard under the shortened procedure pursuant to § 1.32 (b) of the Commission's rules of practice and procedure.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 29th day of March 1954. The application is on file with the Commission for public inspection.

[SEAL] J. H. GUTRIDE,
Acting Secretary.

[F. R. Doc. 54-1796; Filed, Mar. 12, 1954; 8:48 a. m.]

[Docket No. G-2380]

EL PASO NATURAL GAS CO.

NOTICE OF APPLICATION

MARCH 9, 1954.

Take notice that El Paso Natural Gas Company (Applicant), a Delaware corporation having its principal place of business in El Paso, Texas, filed, on March 1, 1954, an application for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, authorizing the construction and operation of a 4½-inch pipeline approximately 7 miles in length, from a point of connection with Applicant's 16-inch lines in Hudspeth County, Texas, to a point near Dell City, Texas, together with metering and regulating equipment for the sale of natural gas to Newel R. Hays, doing business as Dell City Gas Company for resale at Dell City and the nearby farming community in Hudspeth County, Texas.

Applicant estimates the cost of the proposed facilities at $92,444, and proposes to finance their construction out of its current working funds.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D. C., in accordance with the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 27th day of March, 1954. The application is on file with the Commission for public inspection.

[SEAL] J. H. GUTRIDE,
Acting Secretary.

DEPARTMENT OF THE TREASURY

Fiscal Service, Bureau of Accounts

[Dept. Circ. 570, Rev. Apr. 20, 1943, 95th Supp.]

WESTERN NATIONAL INSURANCE CO.

SURETY COMPANIES ACCEPTABLE ON FEDERAL BONDS, REVOCATION OF AUTHORITY

MARCH 5, 1954.

The certificate of authority issued by the Secretary of the Treasury to Western National Insurance Company, San Francisco, California, under the provisions of the act of Congress approved July 30, 1947 (6 U. S. C. 6–13), to qualify as sole surety on recognizances, stipulations, bonds and undertakings permitted or required by the laws of the United States, has been revoked effective as of the close of business on December 31, 1953.

Fireman's Fund Insurance Company, a California corporation, holds a certificate of authority from the Secretary of the Treasury as an acceptable surety on bonds in favor of the United States, and under a merger effected on December 31, 1953, by the filing on that date with the Secretary of State of the State of California, of a certificate of ownership in accordance with the provisions of section 4124 of the California Corporations Code, merged into itself Western National Insurance Company and acquired all of the assets and assumed all of the liabilities of Western National Insurance Company. Further details as to this merger may be obtained from the Treasury Department, Bureau of Accounts, Surety Bonds Branch, Washington 25, D. C.

The merger of the two companies will not affect the underwriting limitation for the surviving corporation, Fireman's Fund Insurance Company, which will remain at $8,433,000.

[SEAL] M. B. FOLSOM,
Acting Secretary of the Treasury.

DEPARTMENT OF COMMERCE

Bureau of Foreign Commerce

[Case No. 174]

EMERY F. KEMENY ET AL.

ORDER REVOKING LICENSES, DENYING EXPORT PRIVILEGES, AND BARRING PRACTISE BEFORE THE BUREAU OF FOREIGN COMMERCE

In the matter of: Emery F. Kemeny, Andre Gabor, Kemeny Overseas Products Co., Inc., Wabash Products Corporation, 209 South LaSalle Street, Chicago 4, Illinois; Dorothy M. Marnocha, 5415 Connecticut Avenue NW., Washington, D. C.; Respondents.

An administrative compliance proceeding was instituted by the Director of the Investigation Staff of the Office of International Trade ("OIT"), now the Bureau of Foreign Commerce, on October 12, 1953, by the transmission of a charging letter issued against the above named individuals and corporations charging them with having violated the Export Control Act of 1949, as amended, and the regulations issued thereunder.

The charges are, in substance, that said respondents engaged in unethical activities contrary to the regulations in that respondents Emery F. Kemeny and Andre Gabor, principal officers and owners of Kemeny Overseas Products Co., Inc., and Wabash Products Corporation ("Kemeny"), interrelated companies dealing in primary and secondary tinplate for export, by and through respondent Dorothy M. Marnocha, Washington representative of the Kemeny respondents before OIT, gave to a then tinplate license officer of OIT, on July 7, 1951, the sum of $350.00 for a television set, and, on October 13, 1951, a sterling silver coffee service valued at $110.00, to induce such license officer to take action with respect to the issuance of export licenses and other aspects of the administration of the export control law and regulations.

The said charging letter contains a provision declaring the said respondents as temporarily ineligible to participate in validated license transactions, and suspending the validated license privileges of said respondents until determination of the compliance proceeding instituted by the letter.

By petition dated October 23, 1953, the Kemeny respondents moved to vacate or modify the temporary suspension in the charging letter, but such motion was denied after a hearing before the Compliance Commissioner on October 27, 1953, although said respondents were granted relief to the extent of being permitted to complete three exportations of validated license commodities abroad upon showing that the foreign customers for such commodities might suffer irreparable damages if the exportations were not authorized.

After receiving the charging letter respondent Marnocha submitted to the Bureau a letter dated October 22, 1953, purporting to be an answer to the charges applicable to her, in which she denies knowledge of or participation in the giving of gifts to the license officer as charged and asserts her innocence therein; she also waives oral hearing on the charges intimating that since she no longer is engaged in the export field that deprivation of export privileges is not a matter of concern to her.

Following the hearing on the motion to vacate the temporary suspension, the Kemeny respondents conferred, by and through their counsel, with officials of the Bureau and thereafter submitted to the Bureau, with the advice of and through such counsel, a statement dated January 21, 1954, proposing, for the purposes of the compliance proceeding only, not to contest the charges applicable to them, waiving all rights to a hearing thereon, and consenting to the entry of an order against them, the terms of which are set forth below.

A consolidated hearing on the charges against respondent Marnocha and on the consent proposal of the Kemeny respondents was duly held before the Compliance Commissioner on February 5, 1954, at Washington, D. C. Respondent

Marnocha did not appear nor was she represented by counsel. The Kemeny respondents were represented by counsel and respondent Emery F. Kemeny appeared in person; the Bureau was also represented by counsel.

After reviewing the evidence in support of the charges presented by counsel for the Bureau, the mitigating circumstances claimed by the Kemeny respondents, the answer to the charges by respondent Marnocha, and the entire record, the Compliance Commissioner filed his report containing his finding that the evidence received sustained the charges and that said respondents had violated the law and regulations as charged, and his recommendations that the proposal of the Kemeny respondents for the issuance of an order should be accepted and an order entered accordingly, and that respondent Marnocha be barred from practice before the Bureau and be denied other privileges until April 15, 1955, subject to restoration on and after October 12, 1954, upon such terms and conditions as may be required by the Bureau to assure her future compliance with the export control law and regulations.

The Compliance Commissioner points out in his report that in making his recommendations he has taken into consideration the absence of any record of prior export control violations by respondents, their subjection to suspension of validated license privileges since October 12, 1953, the cooperation given to the Investigation Staff by the Kemeny respondents in other investigations of the license officer which followed his dismissal from the Bureau, and other circumstances tending to be in mitigation of their acts.

The findings and recommendations of the Compliance Commissioner have been carefully considered, together with the charging letter, the answer of respondent Marnocha, the proposal for a consent order against the Kemeny respondents, the evidentiary material, and the entire record. It appears therefrom that the Compliance Commissioner's findings are in accordance with the evidence and that such recommendations are reasonable and should be adopted.

Now, therefore, it is ordered as follows:

(1) All outstanding validated export licenses held by or issued in the names of respondents Kemeny Overseas Products Co., Inc., Wabash Products Corporation, Emery F. Kemeny, Andre Gabor, and Dorothy M. Marnocha, or any of them, or any person, firm, corporation, or other business organization with which they, or any of them, are now related by ownership, control, position of responsibility, or other connection in the conduct of trade involving exports from the United States or services connected therewith, are revoked and shall be returned forthwith to the Bureau of Foreign Commerce for cancellation.

(2) In addition to the prohibitions and denials of privileges set forth below, and except as this order may hereafter be modified or amended in accordance with the provisions thereof or of the export control regulations, respondent Dorothy M. Marnocha is hereby excluded until April 15, 1955, from practice before the Bureau of Foreign Commerce, as defined in § 384.2 of the regulations; and respondents Kemeny Overseas Products Co., Inc., Wabash Products Corporation, Andre Gabor and Emery F. Kemeny, for themselves or by and through any party in their behalf, are hereby prohibited until April 15, 1955, from communicating in person or by telephone with any official or employee of the Department of Commerce in connection with any export control matter within the jurisdiction of the Bureau.

(3) Effective as of the date of issuance hereof, respondent Dorothy M. Marnocha is hereby denied and declared ineligible to exercise the privileges of participating directly or indirectly in any manner or capacity in the exportation of any commodity from the United States to any foreign destination, including Canada, until April 15, 1955.

(4) Effective as of the date of issuance hereof, respondents Emery F. Kemeny, Andre Gabor, Kemeny Overseas Products Co., Inc., and Wabash Products Corporation, their officers, directors, agents, and employees, are hereby denied and declared ineligible to exercise the privileges of participating directly or indirectly in any manner or capacity in the exportation of any commodity from the United States to any foreign destination pursuant to validated export licenses, and in the exportation under any general export license of any steel mill products coded TNPL, by § 399.3, Appendix C, of the Comprehensive Export Schedule, until April 15, 1955; *Provided, however,* That after April 14, 1954, the validated license privileges and the general license privileges which are herein denied to said respondents shall be restored to them without further order of the Bureau of Foreign Commerce, but no validated licenses which have been revoked and canceled under this order shall thereby be restored.

(5) With respect to respondent Dorothy M. Marnocha, and without limitation of the generality of the denial of export privileges contained in paragraph (3) above, participation in an exportation is deemed to include and prohibit said respondents' participation (a) as a party or as a representative of a party to any validated export license application, (b) in the applying, submitting, obtaining, or using of any validated or general export license or any application therefor, or other export control document, (c) in the receiving in any foreign country of any exportation from the United States, and (d) in the financing, forwarding, transporting, or servicing of exports from the United States, or the servicing of export control documents.

(6) With respect to respondents Kemeny Overseas Products Co., Inc., Wabash Products Corporation, Emery F. Kemeny and Andre Gabor, and each of them, and without limitation of the generality of the denial of export privileges contained in paragraph (4) above, participation in an exportation shall be deemed to include and prohibit (a) the filing of any validated export license application, (b) the obtaining or using any validated export license, or the using of any general license for the export of any steel mill product coded TNPL, and any export control documents relating thereto, (c) the receiving in any foreign country of any validated license exportation from the United States, and any steel mill product coded TNPL exported under any general license, and (d) the financing, forwarding, transporting, or other servicing of any such exportations from the United States.

(7) The denial of export privileges as contained in paragraphs (3) and (4) above shall extend not only to the respondents named therein, but also to any person, firm, corporation, or other business organization with which they, or any of them, may be now and hereafter related by ownership, control, position of responsibility, or other connection in the conduct of trade involving exports from the United States or services connected therewith.

(8) Commencing on October 12, 1954, and at anytime thereafter prior to the expiration date of this order, respondent Dorothy M. Marnocha shall have the privilege of applying in writing to the Bureau for restoration of the privileges denied to her by paragraphs (2) and (3) above, and the Bureau may, upon evidence satisfactory to it, restore all or part of such privileges to said respondent upon such terms and conditions as may be deemed necessary to assure compliance by said respondent with the export law and regulations in the future.

(9) In the event that any of the named respondents shall knowingly violate the terms of this order or any of the laws or regulations related to export control during the entire period of the order, the Bureau may summarily and without notice to the respondent or respondents responsible for such violation, at such time as it shall determine that such violation has occurred, issue a supplemental order which may deny to such respondent or respondents all export privileges for a period up to twelve months from the date of such supplemental order, and may revoke and cancel all outstanding validated export licenses as to which such respondent or respondents may be a party directly or indirectly, without thereby limiting the Bureau from taking such other and further action based on such violation as it shall deem warranted.

(10) No person, firm, corporation, or other business organization shall knowingly apply for or obtain any license, shipper's export declaration, bill of lading, or other export control document relating to any exportation from the United States, or finance, service, transport, forward, or receive any such exportations to or for the named respondents, or any of them, which are barred to said respondents, or any of them, by the terms of this order, or to or for any person, firm, corporation, or other business organization covered by and included in paragraph (7) above, without prior disclosure of such facts to, and specific authorization from, the Bureau.

(11) The temporary suspension of validated license privileges imposed upon the named respondents by the terms of

the charging letter dated and issued against them on October 12, 1953, is hereby vacated and declared of no effect, it being the purpose of this order to supersede and replace the said temporary suspension.

Dated: March 8, 1954.

JOHN C. BORTON,
Director,
Office of Export Supply.

SMALL BUSINESS ADMINISTRATION

[S. B. A. Pool Request 7]

REQUEST TO WYOMING VALLEY MANUFACTURERS POOL, INC., TO OPERATE AS A SMALL BUSINESS PRODUCTION POOL AND REQUEST TO CERTAIN COMPANIES TO PARTICIPATE IN THE OPERATIONS OF SUCH POOL

Pursuant to section 217 of the Small Business Act of 1953, the request to Wyoming Valley Manufacturers Pool, Inc., to operate as a small business production pool and the request to the companies hereinafter listed to participate in the operations of such pool, set forth below, were approved by the Attorney General after consultations with respect thereto between the Attorney General, the Chairman of the Federal Trade Commission, and the Administrator of the Small Business Administration. The voluntary program, in accordance with which the pool shall operate, has been approved by the Administrator of the Small Business Administration and found to be in the public interest as contributing to the national defense.

REQUEST TO WYOMING VALLEY MANUFACTURERS POOL, INC.

I hereby approve your proposed voluntary program to operate as a small business production pool and find it to be in the public interest as contributing to the national defense.

In my opinion, the operations of your organization as a small business production pool will assist in the accomplishment of our national defense. Therefore, in accordance with the provisions of section 217 of the Small Business Act of 1953, you are hereby requested to operate as such a pool in the manner set forth in the approved voluntary program.

While no obligation is imposed upon you, by virtue of this request, to operate as such a pool or to seek or obtain any Government contracts, if you wish to commence operations as a small business production pool you may do so upon notifying me in writing of your acceptance of this request. Immunity from prosecution under the Federal antitrust laws and the Federal Trade Commission Act will be given upon such acceptance, provided that such operations are within the limits set forth in the approved voluntary program.

The Attorney General has approved this request after consultations with respect thereto among his representatives, representatives of the Chairman of the Federal Trade Commission and my representatives, pursuant to section 217 of the Small Business Act of 1953.

Sincerely yours,

WENDELL B. BARNES,
Administrator.

REQUEST TO COMPANIES

The voluntary program of Wyoming Valley Manufacturers Pool, Inc., to operate as a small business production pool has been found to be in the public interest as contributing to the national defense and has therefore been approved.

Inasmuch as your concern is included among the prospective members of the pool, in my opinion your participation in its operations will assist in the accomplishment of our national defense program. Therefore, in accordance with the provisions of section 217 of the Small Business Act of 1953, you are hereby requested to participate in the operations of the pool in the manner set forth in its voluntary program.

While no obligation is imposed upon you, by virtue of this request, to participate in the operations of this pool, if you wish to participate you may do so by notifying me in writing of your acceptance of this request. Immunity from prosecution under the Federal antitrust laws and the Federal Trade Commission Act will be given upon such acceptance, provided that such operations are within the limits set forth in the approved voluntary program.

The Attorney General has approved this request after consultations with respect thereto among his representatives, representatives of the Chairman of the Federal Trade Commission and my representatives, pursuant to section 217 of the Small Business Act of 1953.

Sincerely yours,

WENDELL B. BARNES,
Administrator.

The Wyoming Valley Manufacturers Pool, Inc., accepted the request set forth above to operate as a small business production pool.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-3186]

UTAH POWER & LIGHT CO. AND WESTERN COLORADO POWER CO.

ORDER AUTHORIZING SALE OF SECURITIES BY SUBSIDIARY TO PARENT HOLDING COMPANY

MARCH 9, 1954.

Utah Power & Light Company ("Utah"), a registered holding company, and its wholly owned electric utility subsidiary, The Western Colorado Power Company ("Colorado"), having filed with this Commission a joint application-declaration and an amendment thereto designating sections 6 (b), 10 and 12 (f) of the Public Utility Holding Company Act of 1935 ("act") and Rule U-45 thereunder as applicable to the proposed transactions, as follows:

Applicants-declarants propose that Colorado will (a) refinance $1,000,000 principal amount of 11-month notes issued and delivered to Utah during the year 1953, by issuing and delivering to Utah its note in the principal amount of $1,000,000 bearing interest payable semi-annually at the rate of 4½ percent per annum and maturing July 1, 1963, upon receipt of which note Utah will cancel and return said 11-month notes to Colorado; (b) during the period ending March 31, 1955, issue and sell to Utah up to, but not more than, 20,000 shares of Colorado's common stock at the par value of $20 per share, payable in cash; (c) during the period ending March 31, 1955, borrow from Utah up to, but not more than, $1,000,000, to be evidenced by Colorado's promissory note or notes executed from time to time as such borrowings are made, such notes to bear interest at the rate of 4 percent per annum, payable quarterly, and to mature not more than 11 months from the dates thereof. It is stated that at the end of the period, March 31, 1955, the ratio of the amount of notes to the amount of stock issued will not exceed ten of notes to four of stock.

Colorado proposes to use the funds so received to finance its current construction program. The company estimates that it will require, in addition to $350,000 of its own cash, approximately $1,400,000 to complete its 1954 construction program and to carry the program forward into 1955.

The issuance and sale by Colorado of its note maturing July 1, 1963, and additional shares of its common stock, proposed in items (a) and (b) above, have been expressly authorized by the Public Utilities Commission of Colorado, in

which State said utility company is organized and doing business; but it is represented that said Commission does not have jurisdiction over the short-term notes proposed in item (c) above.

Applicants-declarants request that the Commission's order herein be made effective forthwith upon issuance.

Due notice having been given of the filing of the application-declaration, and a hearing not having been requested of or ordered by the Commisison; and the Commission deeming it appropriate to consider the application filed pursuant to section 6 (b) of the act with respect to the issuance and sale of the short-term notes by Colorado as a declaration under section 7 of the act; and the Commission finding that the applicable provisions of the act and the rules promulgated thereunder with respect to all the proposed transactions are satisfied and that no adverse findings are necessary, and deeming it appropriate in the public interest and in the interest of investors and consumers that said application-declaration, as amended, be granted and permitted to become effective forthwith:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that said application-declaration, as amended, be, and hereby is, granted and permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

INTERSTATE COMMERCE COMMISSION

[4th Sec. Application 28992]

PULPBOARD AND FIBREBOARD FROM THE SOUTH TO ILLINOIS AND INDIANA

APPLICATION FOR RELIEF

MARCH 9, 1954.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: The St. Louis-San Francisco Railway Company for itself and on behalf of carriers parties to Agent C. A. Spaningers tariff I. C. C. No. 1349, pursuant to fourth-section order No. 16101.

Commodities involved: Pulpboard and fibreboard carloads.

From: Points in southern territory.

To: Chicago, Ill., and other points in Illinois and Indiana.

Grounds for relief: Competition with rail carriers, circuitous routes and operation through higher-rated territory.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

[SEAL] GEORGE W. LAIRD,
Secretary.

Filed by: F. C. Kratzmeir, Agent, for carriers parties to schedule listed below.

Commodities involved: Superphosphate (acid phosphate) other than ammoniated, in bulk, carloads.

From: Houston, Tex.

To: Hutchinson and Topeka, Kans.

Grounds for relief: Rail competition, circuity, and to apply rates constructed on the basis of the short line distance formula.

Schedules filed containing proposed rates: F. C. Kratzmeir, Agent, I. C. C. No. 3967, supp. 318.

Any interested person desiring the Commission to hold a hearing upon such

application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

FEDERAL REGISTER

VOLUME 19 NUMBER 51

Washington, Tuesday, March 16, 1954

TITLE 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

[Docket 5965]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

ANCHOR SERUM CO.

Subpart—*Dealing on exclusive and tying basis:* § 3.670 *Dealing on exclusive and tying basis.* In connection with the offer for sale, sale, or distribution of anti-hog-cholera serum or hog-cholera virus in commerce: (1) Selling or making a contract or agreement for the sale of any such products on the condition, agreement, or understanding that the purchaser of said products shall purchase all of his (its) requirements from respondent or that otherwise requires that the purchaser thereof shall not use or deal in or sell the goods, wares, and merchandise of a competitor or competitors of the respondent; and (2) enforcing or continuing in operation or effect any condition, agreement, or understanding in, or in connection with, any existing sales contract, which condition, agreement, or understanding is to the effect that the purchaser of said products shall purchase all of his (its) requirements from respondent or which otherwise requires that the purchaser thereof shall not use or deal in the goods, wares, and merchandise of a competitor or competitors of the respondent; prohibited.

(Sec. 6, 38 Stat. 722; 15 U. S. C. 46. Interprets or applies sec. 3, 38 Stat. 731; 15 U. S. C. 14) [Cease and desist order, Anchor Serum Company, South Saint Joseph, Mo., Docket 5965, Feb. 16, 1954]

Pursuant to the provisions of an act of Congress entitled "An Act to supplement existing laws against unlawful restraints and monopolies, and for other purposes," approved October 15, 1914 (the Clayton Act), the Federal Trade Commission, on March 14, 1952, issued and subsequently served its complaint in this proceeding upon Anchor Serum Company, a corporation, charging it with violation of the provisions of section 3 of the said Clayton Act. After the issuance of said complaint and the filing of respondent's answer thereto, hearings were held at which testimony and other evidence in support of and in opposition to the allegations of the complaint were introduced before a hearing examiner of the Commission theretofore duly designated by it and said testimony and other evidence were duly recorded in the office of the Commission. Thereafter, the proceeding regularly came on for final consideration by said hearing examiner upon the complaint, answer thereto, testimony and other evidence, and proposed findings as to the facts and conclusions presented by counsel (oral argument not having been requested); and said hearing examiner, on April 10, 1953, filed his initial decision herein.

Within the time permitted by the Commission's rules of practice, respondent filed an appeal from said initial decision, and the Commission after duly considering said appeal and briefs of counsel in support thereof and in opposition thereto, and the record herein, issued its order granting in part and denying in part the said appeal.

Thereafter, this matter regularly came on for final consideration by the Commission upon the entire record herein, and the Commission, being now fully advised in the premises, makes the following findings as to the facts,[1] conclusion drawn therefrom,[1] and order, the same to be in lieu of the initial decision of the hearing examiner.

It is ordered, That the respondent, Anchor Serum Company, a corporation, and its officers, agents, representatives, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, or distribution of anti-hog cholera serum or hog cholera virus in commerce, as "commerce" is defined in the Clayton Act, do forthwith cease and desist from:

1. Selling or making a contract or agreement for the sale of any such products on the condition, agreement, or understanding that the purchaser of said products shall purchase all of his (its) requirements from respondent or that otherwise requires that the purchaser thereof shall not use or deal in or sell the goods, wares, and merchandise of a competitor or competitors of the respondent.

TITLE 14—CIVIL AVIATION

Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 71]

PART 609—STANDARD INSTRUMENT APPROACH PROCEDURES

PROCEDURE ALTERATIONS

The standard instrument approach procedure alterations appearing hereinafter are adopted to become effective when indicated in order to promote safety of the flying public. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to the public interest, and therefore is not required.

Part 609 is amended as follows:

1. The low frequency range procedures prescribed in § 609.6 are amended to read in part:

LFR STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, and courses are magnetic. Distances are in statute miles unless otherwise indicated. Elevations and altitudes are in feet, MSL. Ceilings are in feet above airport elevation.
If an LFR instrument approach is established at the below named airport, it shall be in accordance with the following instrument approach procedure, unless an approach is conducted in accordance with a different procedure authorized by the Administrator for Civil Aeronautics for such airport. Initial approaches shall be made over specified routes. Minimum altitude(s) shall correspond with those established for en route operation in the particular area or as set forth below.

4. The ground controlled approach procedures prescribed in § 609.13 are amended to read in part:

GCA STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, and courses are magnetic. Distances are in statute miles unless otherwise indicated. Elevations and altitudes are in feet, MSL. Ceilings are in feet above airport elevation.
If a GCA instrument approach is conducted at the below named airport, it shall be in accordance with the following instrument procedure, unless an approach is conducted in accordance with a different procedure authorized by the Administrator for Civil Aeronautics for such airport. Initial approaches shall be made over specified routes. Minimum altitude(s) shall correspond with those established for en route operation in the particular area or as set forth below. Positive identification must be established with the ground controller. From initial contact with GCA to final authorized landing minimums, the instructions of the GCA controller are mandatory except when (A) visual reference with ground is established on final approach at or before descent to the authorized landing minimums, or (B) at pilot's discretion if it appears desirable to discontinue the approach.

City and State; airport name, elevation; effective date	Radar terminal area; maneuvering altitudes by sectors and limiting distances	Ceiling and visibility minimums: Runway No.	Condition	Precision approach (PAR): 75 m. p. h. or less	Precision approach (PAR): More than 75 m. p. h.	Surveillance approach (ASR): 75 m. p. h. or less	Surveillance approach (ASR): More than 75 m. p. h.	Except when the ground controller may direct otherwise prior to final approach, a missed approach procedure shall be executed as provided below when (a) communication on final approach is lost for more than 5 seconds, (b) directed by ground controller, (c) visual reference is not established upon descent to the authorized landing minimums, or (d) landing is not accomplished

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter I—Office of Defense Mobilization

[Defense Mobilization Order VI-4]

DMO VI-4—PROTECTIVE CONSTRUCTION FOR INDUSTRIAL FACILITIES AND AVAILABILITY OF TAX AMORTIZATION INCENTIVE

By virtue of the authority vested in me by the Defense Production Act of 1950, as amended, Executive Order 10438 and Executive Order 10480, it is hereby ordered:

1. *Protective construction.* Protective construction, appropriate to the type of facility and its location, shall be encouraged for facilities important to the industrial mobilization base which are not or cannot be located at safe distances from probable targets.

2. *Definition.* Protective construction is that extraordinary construction, above and below ground, designed to resist weapons effects, including structural strengthening of buildings, installation of damage-resistant materials, compartmentation, special shelters for personnel and equipment, and protection for plant services and utility systems.

3. *Accelerated tax amortization.* Capital expenditures for protective construction may be fully amortized over a five-year period under the provisions of section 124A of the Internal Revenue Code provided:

a. Such expenditures are not deductible as a business expense under section 23 (a) (1) of the Internal Revenue Code;

b. The proposed protective construction meets the technical standards established by the Federal Civil Defense Administration and is so certified by an architect or engineers and the local Civil Defense Director; and

c. The proposed protective construction is for facilities (1) which produce or will produce a material or service for which the Office of Defense Mobilization has established a general or special expansion goal, regardless of whether said goal is open or closed; and (2) which are located in target areas as defined by the Federal Civil Defense Administration, or close to installations which the Office of Defense Mobilization, after consultation with the Department of Defense, identifies as special targets.

4. *Application for accelerated tax amortization.* a. Applications for accelerated tax amortization of the cost of protective construction shall be made by filing standard form ODMF-2, "Application for a Necessity Certificate" or, if the protective construction pertains to a facility already covered by a Necessity Certificate, by filing an amended Appendix A to form ODMF-2.

b. The application will be accompanied by (1) a certification by an architect or engineer that the proposed protective construction is in general conformity with the latest standards and criteria for protective construction published by the Federal Civil Defense Administration, and that the estimated cost thereof is attributable solely to protective construction; and (2) a certification by the local Civil Defense Director that the proposed protective construction complies with the standards established by the Federal Civil Defense Administration.

c. Application forms may be obtained from the field offices of the U. S. Department of Commerce and the Small Business Administration.

5. This order is effective immediately.

OFFICE OF DEFENSE MOBILIZATION,
ARTHUR S. FLEMMING,
Director.

[F. R. Doc. 54-1868; Filed, Mar. 12, 1954; 2:39 p. m.]

TITLE 39—POSTAL SERVICE

Chapter I—Post Office Department

PART 127—INTERNATIONAL POSTAL SERVICE: POSTAGE RATES, SERVICE AVAILABLE AND INSTRUCTIONS FOR MAILING

MISCELLANEOUS AMENDMENTS

In Part 127, International Postal Service: Postage Rates, Service Available and Instructions for Mailing, 39 CFR Part 127, make the following changes:

a. In § 127.136 *Restricted delivery by senders* make the following changes in the list appearing in paragraph (a):

1. Delete "Poland" and its endorsement.

2. Insert the following in alphabetical order:

Philippines (Republic of the).	"To be delivered to Addressee only."
Saudi Arabia	"A remettre personnelle-ment."
Spain	"A remettre en main propre" or "A entregar en propia mano."

b. In § 127.210 *Austria* make the following changes:

1. Amend paragraph (b) (5) to read as follows:

(5) *Prohibitions.* Certain plants and plant products are prohibited from importation or are admitted under restrictions. Interested patrons may be informed that information can be obtained from the Bureau of Entomology and Plant Quarantine, Department of Agriculture, Washington 25, D. C., or from one of the offices of that Bureau located at principal ports of entry.

2. In paragraph (b) (6), add subdivision (iv) to read as follows:

(iv) It is understood that addressees may be required to obtain permission from the authorities in Austria for the importation of the following: Medicines, meat products (except in individual gift parcels), arms.

c. In § 127.286 *Kenya and Uganda* amend paragraph (a) (5) to read as follows:

(5) *Air mail service.* Postage rates: Letters, letter packages and post cards, 25 cents per half ounce. Air letter sheets, 10 cents each. Other Postal Union articles 65 cents for the first 2 ounces and 45 cents for each additional 2 ounces. (See § 127.20.)

d. In § 127.332 *Poland* make the following changes:

1. Add the following to paragraph (b) (5):

(vi) Senders should be cautioned that the contents of gift parcels will invariably be subject to very rates of customs duty in Poland, and are not delivered unless this duty is paid by the addressees. In addition, many items require import permits to be obtained by the addressees from the Polish authorities. Senders presenting parcels for mailing on which they would not be willing to pay return postage if delivery is not effected in Poland should be asked to complete Forms 2922 and 2966 to show that their parcels are to be treated as abandoned if undeliverable as addressed.

(vii) Patrons desiring information as to the amount of duty chargeable on any particular items should be referred to the Bureau of Foreign Commerce, Department of Commerce, Washington 25, D. C., or to any field office of that Department.

2. Amend subdivision (i) of paragraph (b) (7) to read as follows:

(i) See subparagraph (5) of this paragraph for restrictions on gift parcels.

e. In § 127.363 *Tanganyika Territory* amend paragraph (a) (5) to read as follows:

(5) *Air mail service.* Postage rates: Letters, letter packages and post cards, 25 cents per half ounce. Air letter sheets, 10 cents each. Other Postal Union articles 65 cents for the first 2 ounces and 45 cents for each additional 2 ounces. (See § 127.20.)

f. In § 127.383 *Zanzibar and Pemba* amend paragraph (a) (5) to read as follows:

(5) *Air mail service.* Postage rates: Letters, letter packages and post cards, 25 cents per half ounce. Air letter sheets, 10 cents each. Other Postal Union articles 65 cents for the first 2 ounces and 45 cents for each additional 2 ounces. (See § 127.20.)

(R. S. 161, 396, 398; secs. 304, 309, 42 Stat. 24, 25, 48 Stat. 943; 5 U. S. C. 22, 369, 372)

[SEAL] ABE MCGREGOR GOFF,
Solicitor.

TITLE 47—TELECOMMUNICATION

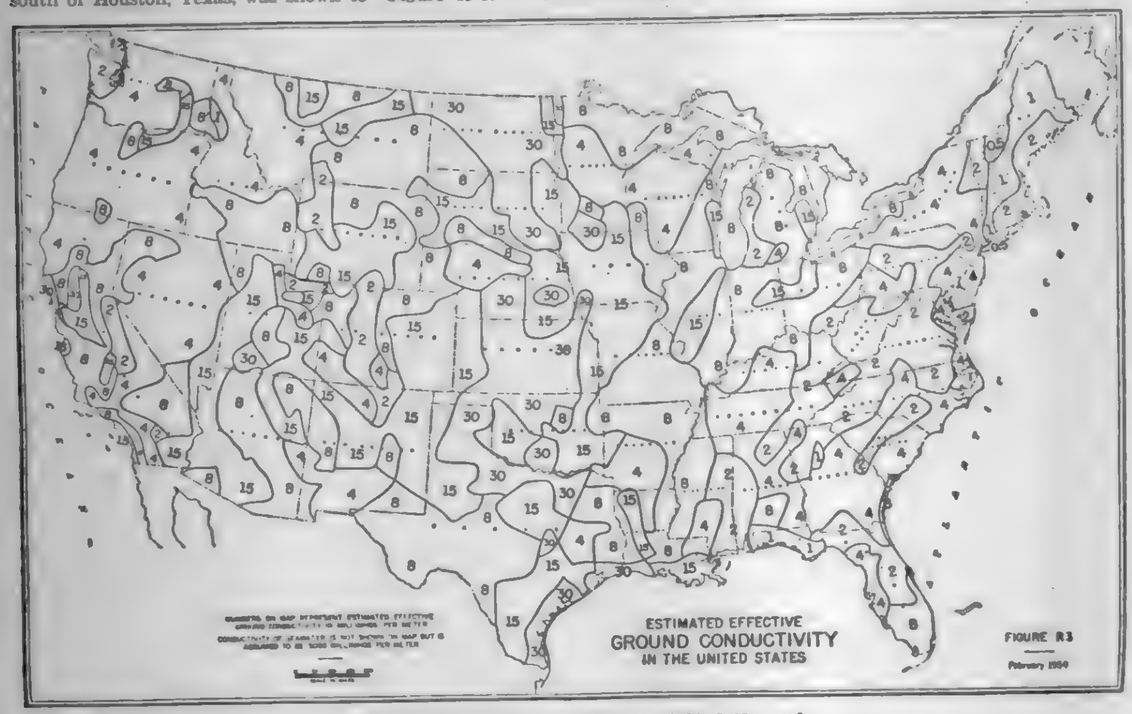
Chapter I—Federal Communications Commission

[Docket No. 10604]

PART 3—RADIO BROADCAST SERVICES

ESTIMATED GROUND CONDUCTIVITY IN UNITED STATES

In the matter of amendment of Part 3, Radio Broadcast Services, of the Commission's rules and regulations and the Standards of Good Engineering Practice Concerning Standard Broadcast Stations.



The Commission on February 25, 1954 (19 F. R. 1247), issued a Report and Order (FCC 54-263) in the above matter.

It has been found that an error was made in drafting the Figure R3—Estimated Ground Conductivity in the United States—in that a small area south of Houston, Texas, was shown to have a conductivity 4 mmhos/meter. This area should be shown as having a conductivity of 30 mmhos/m and accordingly the line of demarcation between it and the adjacent area having a value of 30 mmhos/m should be removed.

There is attached a corrected copy of Figure R-3. The conductivity is correctly shown on Figure M-3, available from the Superintendent of Documents.

Released: March 8, 1954.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[F. R. Doc. 54-1775; Filed, Mar. 15, 1954; 8:45 a. m.]

[Docket No. 10377]

PART 7—STATIONS ON LAND IN THE MARITIME SERVICE

PART 8—STATIONS ON SHIPBOARD IN THE MARITIME SERVICE

FREQUENCIES FOR TELEPHONY

In the matter of amendment of Parts 7 and 8 of the Commission's rules to delete authority for operation by coast stations, ship stations, and aircraft stations on currently assignable frequencies for telephony within the band 4000 kc to 18000 kc and to include authority for operation by such stations on other frequencies for telephony within the same band; Docket No. 10377.

At a session of the Federal Communications Commmission held at its offices in Washington, D. C. on the 10th day of March 1954;

The Commission having under consideration that portion of its proposal in the above entitled matter embodied in its third further notice of proposed rule making which relates to dates of availability and deletion of certain of the high seas frequencies; and

It appearing, that in accordance with the requirements of section 4 (a) of the Administrative Procedure Act, notice of proposed rule making in this matter, which made provision for the submission of written comments by interested parties, was duly published in the FEDERAL REGISTER on December 16, 1953 (18 F. R. 8248) and that the period for the filing of comments has now expired; and

It further appearing that although not objecting to the proposed amendments, Aeronautical Radio, Inc. noted the proximity of the new ship frequency 8212.6 kc to the aeronautical frequency 8220 kc; and

It further appearing that mutual harmful interference between the two frequencies is not likely to occur and that as soon as possible a substitue frequency for 8220 kc will be made available; and

It further appearing that the public interest, convenience, and necessity will be served by the amendments herein ordered, the authority for which is contained in section 303 (c), (f) and (r) of the Communications, Act of 1934, as amended;

It is ordered, That, effective April 12, 1954, Parts 7 and 8 of the Commission's rules are amended as set forth below.

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interprets or applies sec. 303, 48 Stat. 1082, as amended; 47 U. S. C. 303)

Released: March 11, 1954.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

a. Part 7 of the Commission's rules is amended in the following particulars:

1. Section 7.304 (a) is amended by deleting from the table of frequencies the frequency 4287.5 kc and by adding thereto the frequencies 4427.6 and 17302.1 kc.

2. Section 7.306 (a) (2) is amended by adding to the table of "Additional working carrier frequencies in this band" under the respective column headings the following:

Coast station transmitting frequency (kilocycles)	Coast station location in the vicinity of—	Coast station receiving carrier frequency (kilocycles)
17,302.1	Hawaii	16,471.9

3. Section 7.306 (b) is amended by revising the table of frequencies as follows: In the second column opposite the item concerning Miami, Florida, and under the heading "*Coast Station Transmitting Carrier Frequency*" delete 4287.5 and in lieu thereof insert 4427.6.

b. Part 8 of the Commission's rules is amended in the following particulars:

1. Section 8.351 (a) is amended by adding the frequency 8212.6 kc to the table of frequencies.

2. Section 8.354 (a) (1) is amended by revising the table of frequencies as follows: In the third column opposite the item concerning Miami, Florida, and under the heading "*Associated Coast Station Carrier Frequency*", delete 4287.5 and in lieu thereof insert 4427.6.

3. Section 8.355 (a) (1) is amended by adding the frequency 8212.6 kc to the table of frequencies.

[Docket No. 10750]

PART 16—LAND TRANSPORTATION RADIO SERVICES

TAXICAB RADIO SERVICE; SPECIAL LIMITATIONS

In the matter of amendment of Part 16, rules governing Land Transportation Radio Services, to make changes in the rules governing Taxicab Radio Service; Docket No. 10750.

At a session of the Federal Communications Commission held in its offices in Washington, D. C., on the 10th day of March 1954:

The Commission having under consideration the matter of amending the rules governing the Taxicab Radio Service to provide for the use, in vehicles operated by supervisory personnel, of frequencies normally available only to Base Stations; and

It appearing that on November 13, 1953, the Commission issued a notice of proposed rule making in the above entitled matter (18 F. R. 7366), making Base Station frequencies available to mobile taxicab supervisory personnel, under certain circumstances, and also revising the marking requirements for radio-equipped vehicles operated by such personnel in order that such vehicles would not be required to bear markings identical to those used on passenger carrying vehicles; and

It further appearing that written comment favoring adoption of the amendment, as proposed, was received from the American Taxicab Association, Inc.; and

It further appearing that no comment expressing opposition was received by the Commission in connection with this proceeding; and

It further appearing that the demonstrated need for Base Station frequency usage, in the manner proposed, would serve the public interest and convenience by permitting greater flexibility in taxicab operations; and

It further appearing that the changes herein ordered impose no new burden on applicants or licensees, relax existing requirements, and may therefor be made effective immediately:

It is ordered, That, pursuant to authority contained in sections 4 (i), 303 (c) and 303 (r) of the Communications Act of 1934, as amended, Part 16 of the Commission's rules is hereby amended, effective immediately, as set forth below.

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interprets or applies sec. 303, 48 Stat. 1082, as amended; 47 U. S. C. 303)

Released: March 11, 1954.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

Delete the present title and text of § 16.403 *Limitation on installation of mobile units*, and substitute the following:

§ 16.403 *Special limitations.* (a) All mobile units authorized in the Taxicab Radio Service shall be permanently installed in motor vehicles, and such installation shall be made only in vehicles used (1) for the carriage of passengers for hire, (2) by supervisory personnel in the discharge of their official duties, or (3) for the towing or repair of disabled motor vehicles of the licensee.

(b) Use of Mobile Station facilities by supervisory personnel shall be limited as follows:

(1) Communications addressed to other mobile units shall relate directly to safety of life or property, routing or rerouting of taxicabs to avoid hazards or abnormal traffic conditions, or enforcement of public laws and company instructions; and

(2) Communications addressed to the licensee's Base Station shall relate directly to safety of life or property or supervisory control of motor vehicles of the licensee.

(c) Each radio-equipped vehicle which is used by supervisory personnel in the discharge of their official duties shall be conspicuously and permanently marked with the name under which the licensee conducts his taxicab business.

(d) Mobile units installed in vehicles used by supervisory personnel in the discharge of their official duties may be authorized, upon application, to operate on Base Station frequencies.

TITLE 49—TRANSPORTATION

Chapter I—Interstate Commerce Commission

Subchapter B—Carriers by Motor Vehicle

PART 168—APPLICATIONS FOR CERTIFICATES AND PERMITS

FORM BMC 78

In the matter of applications under sections 206, 207, 209, and 210, Interstate Commerce Act.

At a session of the Interstate Commerce Commission, Division 5, held at its office in Washington, D. C., on the 9th day of March A. D. 1954.

The matter of applications designated Form BMC 78 (49 CFR 7.78), prescribed by order entered January 15, 1951, being under consideration:

It is ordered, That Part 168 be, and it is hereby, amended as follows:

§ 168.1 *Applications*—(a) *Form.* Applications for motor carrier certificates and permits to continue, institute, change, or extend motor carrier operations, or to engage in dual operations, in interstate or foreign commerce under the Interstate Commerce Act, shall be in the form and contain the information called for in the form of application designated as BMC 78 (§ 7.78 of this chapter.)

(b) *Filing and service.* The verified original of each such application shall be filed with this Commission, one true copy thereof shall be furnished the District Director or Supervisor of the Bureau of Motor Carriers located in the district wherein applicant is domiciled, and one true copy shall be delivered, in person or by registered or receipted mail, to the Board, Commission, or official (or Governor if there is no Board, Commission or official) having authority to regulate the business of transportation by motor vehicles, of each State in or through which applicant operates or proposes to operate. If the authority sought is for the transportation of passengers, a notice of the filing of such application, Form BMC 15 (Revised) (§ 7.15 of this chapter), must also be delivered, in person or by registered or receipted mail, to each motor carrier and each carrier by rail or water, known to the applicant, with whose service the operations described in such application are or will be directly competitive. If the authority sought is for the transportation of property, applicant is not required to give notice to competitors since notice of such filing will be by publication in the FEDERAL REGISTER.

(49 Stat. 546, as amended; 49 U. S. C. 304)

It is further ordered, That except as hereby amended, the order herein dated January 15, 1951, shall remain in full force and effect.

And it is further ordered, That this order shall become effective on the 22d day of March 1954.

By the Commission, Division 5.

[SEAL] GEORGE W. LAIRD,
Secretary.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 983]

TYPE 62 SHADE-GROWN CIGAR-LEAF TOBACCO GROWN IN DESIGNATED PRODUCTION AREA OF FLORIDA AND GEORGIA

PROPOSED EXPENSES AND RATE OF ASSESSMENT FOR THE FISCAL PERIOD BEGINNING FEBRUARY 1, 1954

Consideration is being given to the following proposals submitted by the

Control Committee, established under Marketing Agreement No. 112 and Order No. 83 (7 CFR Part 983), regulating the handling of Type 62 shade-grown cigar-leaf tobacco grown in the designated area of Florida and Georgia, effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), as the agency to administer the terms and provisions thereof: (1) That the Secretary of Agriculture find that expenses in the amount of $5,300 are reasonable and are likely to be incured by the Control Committee (established under the foregoing marketing agreement and order) for its maintenance and functioning during the fiscal period beginning February 1, 1954, and ending January 31, 1955, inclusive, and (2) that the Secretary fix the rate of assessment, which each handler shall pay during the aforesaid fiscal period in accordance with the applicable provisions of the said marketing agreement and order as the respective handler's pro rata share of the aforesaid expenses, at $1.25 per 1,000 pounds of tobacco handled by such handler as the first handler thereof during the fiscal period beginning February 1, 1954, and ending January 31, 1955, inclusive.

The terms used herein shall have the same meaning as when used in said marketing agreement and order.

All persons who desire to submit written data, views, or arguments in connection with the aforesaid proposals may file the same with the Director, Tobacco Division, Agricultural Marketing Service, Room 4741, South Building, United States Department of Agriculture, Washington 25, D. C., not later than the close of business on the 10th day after the publication of this notice in the FEDERAL REGISTER. All documents should be filed in quadruplicate.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Issued at Washington, D. C., this 10th day of March 1954.

[SEAL] STEPHEN E. WRATHER,
Director, Tobacco Division.
Agricultural Marketing Service.

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR Parts 2, 3]

[Docket No. 10848]

CLASS B FM BROADCAST STATIONS

REVISED TENTATIVE ALLOCATION PLAN

In the matter of amendment of the Revised Tentative Allocation Plan for Class B FM Broadcast Stations; Docket No. 10848.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 10th day of March 1954;

The Commission having under consideration a proposal to amend the Revised Tentative Allocation Plan for Class B FM Broadcast Stations; and

It appearing that notice of proposed rule making (FCC 54-143) setting forth the above amendment was issued by the Commission on February 5, 1954 and was duly published in the FEDERAL REGISTER (19 F. R. 840), which notice provided that interested parties might file statements or briefs with respect to the said amendment on or before March 5, 1954; and

It further appearing that no comments were received either favoring or opposing the adoption of the proposed reallocation;

It further appearing that the immediate adoption of the proposed reallocation would facilitate consideration of a pending application requesting a Class B assignment in Paris, Tennessee;

It further appearing that authority for the adoption of the proposed amendment is contained in sections 4 (i), 301, 303 (c), (d), (f), and (r), and 307 (b) of the Communications Act of 1934, as amended;

It is ordered, That effective immediately, the Revised Tentative Allocation Plan for Class B FM Broadcast Stations is amended as follows:

General area	Channels	
	Delete	Add
Paris, Tenn		250
Memphis, Tenn	250	

Released: March 11, 1954.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[F. R. Doc. 54-1838; Filed, Mar. 15, 1954; 8:49 a. m.]

[47 CFR Part 12]

[Docket No. 10927]

AMATEUR RADIO SERVICE

EXTENSION OF TIME FOR FILING COMMENTS

In the matter of petitions of the American Radio Relay League for amendment of Part 12, rules governing amateur radio service; Docket No. 10927.

A notice of proposed rule making in the above-designated proceeding, released on February 23, 1954, afforded an opportunity to interested parties to file on or before May 17, 1954, written statements or briefs setting forth their comments, and provided that comments or briefs in reply to the original comments could be filed within fifteen (15) days from the last day for filing the said original comments.

The Commission has received a request filed by the American Radio Relay League, Inc. for an 11-day extension because it needs additional time to formulate policy concerning its comments at an annual meeting of its board of directors to be held May 14, 1954.

It appears that the request of the American Radio Relay League, Inc. is reasonable, and

Therefore, it is ordered, This 9th day of March 1954, that the date for filing written statements or briefs setting forth comments of the interested parties in this proceeding is extended until May 28, 1954, and the date for filing comments or briefs in reply to the original comments is extended to June 14, 1954.

Released: March 10, 1954.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

NOTICES

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

MONTANA

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

MARCH 5, 1954.

An application, serial number Montana 012561, for the withdrawal from all forms of appropriation under the public land laws, including the mining laws, but not the mineral-leasing laws, of the lands described below was filed on February 8, 1954, by Department of the Interior, Fish and Wildlife Service. The purposes of the proposed withdrawal: For wildlife purposes in connection with the Dodson Waterfowl Management Area.

For a period of 30 days from the date of publication of this notice, persons having cause to object to the proposed withdrawal may present their objections in writing to the Regional Administrator, Region III, Bureau of Land Management, Department of the Interior at Billings, Montana. In case any objection is filed and the nature of the opposition is such as to warrant it, a public hearing will be held at a convenient time and place, which will be announced, where opponents to the order may state their views and where proponents of the order can explain its purpose.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER, either in the form of a public land order or in the form of a Notice of Determination if the application is rejected. In either case, a separate notice will be sent to each interested party of record.

The lands involved in the application are:

MONTANA PRINCIPAL MERIDIAN

T. 31 N., R. 26 E.,
Sec. 23: SW¼NW¼, NE¼SW¼, NW¼SE¼.

The area described aggregates 120 acres.

W. B. WALLACE,
Regional Administrator.

Bureau of Reclamation

[No. 49]

PAYETTE DIVISION, BOISE PROJECT, IDAHO

PUBLIC NOTICE OF TERMS GOVERNING DELIVERY OF WATER FOR 1954 IRRIGATION SEASON

MARCH 2, 1954.

1. On February 27 and March 9, 1948, Public Notices Nos. 38 and 39 were issued, one announcing the availability of water under the contract of October 3, 1927, between the United States and the Black Canyon Irrigation District, as amended by the contract of July 15, 1936, to the lands comprising the gravity areas of the Payette Division; the other announcing the rental charge, in addition to the construction charge against the land covered by Public Notice No. 38, for all lands to which water would be delivered for 1948. On September 14, 1949, Public Notice No. 41 was issued opening land to entry and announcing that water would be furnished therefor for the irrigation season of 1950. On March 25, 1949, Public Notice No. 42 was issued announcing terms governing delivery of water for the 1949 irrigation season, on February 24, 1950, Public Notice No. 44 was issued announcing terms governing delivery of water for the 1950 irrigation season, on March 5, 1951, Public Notice No. 46 was issued announcing terms governing delivery of water for the 1951 irrigation season, on April 11, 1952, Public Notice No. 47 was issued announcing terms governing delivery of water for the 1952 irrigation season and on March 30, 1953, Public Notice No. 48 was issued announcing terms governing delivery of water for the 1953 irrigation season. These notices were issued having regard for the provisions of the Federal Reclamation Laws (act of June 17, 1902, 32 Stat. 388, and acts amendatory thereof or supplementary thereto) prohibiting the delivery of water upon the completion of any new project or new division of a project until a contract approved by the Secretary of the Interior had been made with an irrigation district providing for payment by the district of all the costs of constructing and operating and maintaining the irrigation works.

2. Public Notices Nos. 42, 44, 46, 47 and 48 were issued for the purpose of providing a temporary arrangement for furnishing water to the lands of the District during the 1949, 1950, 1951, 1952 and 1953 irrigation seasons. It is unlikely that an amendatory repayment contract will be entered into between the United States and the District prior to the beginning of the irrigation season of 1954. Exercising my general supervisory authority over the works of the Payette Division, I have determined that, notwithstanding the inadequacy of the existing repayment contract and outside the provisions of the contract, water will be furnished for the 1954 irrigation season only on a temporary rental basis as follows:

(a) For lands served by gravity canals in the Payette Division, the minimum water charge for the 1954 irrigation season for water delivered to or for the farms by Government forces will be $5.60 per irrigable acre, said payment to be made by each landowner for his total irrigable area. Included in said water rental charge for lands served by gravity canals is a construction charge component of $1.60. If the total cost of operating and maintaining the works of the Payette Division, including the charge for power for irrigation pumping for the year 1954 is less than, or equals, the amount paid by the District on the basis of $4.00 per irrigable acre, such construction component of $1.60 may be credited on the instalment that would have been due for 1953 under the contract of October 3, 1927, as amended, and Public Notice No. 38. The said minimum water rental charge per irrigable acre shall be payable whether or not water is used and will entitle the water user to three acre-feet of water per irrigable acre for the 1954 irrigation season. Of the said minimum charge, the landowners shall pay to the District and the District shall pay to the United States $4.00 per irrigable acre in advance of the delivery of water, and $1.60 per irrigable acre one-half on or before December 31, 1954 and one-half on or before July 1, 1955. Additional water, if available, will be furnished for the 1954 irrigation season at the rate of $1.10 per acre-foot of excess. Payment for all excess water shall be payable by each landowner to the District on or before December 20, 1954. Payments by the District to the United States for such excess water shall be made on or before December 31, 1954. The minimum charge on account of lands which do not receive water for the irrigation season of 1954 shall be payable by the District to the United States on or before December 31, 1954, and the District shall make the necessary assessments therefor against the lands involved.

(b) For the rental of water during the irrigation season of 1954 for lands under the pump system of the Payette Division, there will be a minimum charge of $4.00 per irrigable acre, such payment to be made by each landowner for his total irrigable area. The said minimum charge shall be payable whether or not water is used and will entutle the water user to three acre-feet per irrigable acre for the 1954 irrigation season. The landowner shall pay to the District and the District shall pay to the United States the full minimum charge of $4.00 per irrigable acre in advance of the delivery of water. Additional water, if available, will be furnished for the 1954 irrigation season at the rate of $1.10 per acre-foot of excess. Payment for all excess water shall be payable by each landowner to the District on or before December 20, 1954. Payment by the District to the United States for excess water shall be made on or before December 31, 1954. The minimum charge on account of lands which do not receive water for the irrigation season of 1954 shall be payable by the District to the United States on or before December 31, 1954, and the District shall make the necessary assessments therefor against the lands involved.

3. The foregoing arrangements are a temporary expedient for the 1954 irrigation season only. The District's board of directors and the Bureau of Reclamation have reached agreement on a long-range repayment plan which is embodied in an amendatory repayment contract draft. The present arrangements are made with the understanding that all reasonable effort will be made by the District's board of directors to present the amendatory contract to the District's electors at the earliest possible date.

4. Water for Payette Division lands will be delivered and measured by Government forces at the nearest available measuring device to the individual farm.

5. Any charge, or any part thereof, required to be paid to the United States under this notice, and which remains unpaid after it shall become due and payable, shall be subject to, and there shall be paid a penalty at the rate of one-half percent per month from the date of delinquency.

6. Individual landowners in the Payette Division will make their applications for water and the payments required by this public notice direct to the Black Canyon Irrigation District Office, Notus, Idaho. Applications by the irrigation district for water and payments by the District to the United States on the basis of this public notice will be received at the office of the Bureau of Reclamation, Box 937, Boise, Idaho.

FRED G. AANDAHL,
Assistant Secretary of the Interior.

Office of the Secretary

[Order 2285, Amdt. 1]

OREGON

ORDER ESTABLISHING SIUSLAW MASTER UNIT, AND APPURTENANT MARKETING AREA, AND PRESCRIBING ANNUAL PRODUCTIVE CAPACITY OF REVESTED OREGON AND CALIFORNIA RAILROAD LANDS WITHIN SUCH UNIT

MARCH 9, 1954.

Order 2285 which among other matters established the boundaries of the Siuslaw Master Unit and prescribed the annual productive capacity of such unit, and Order 2380 which among other matters established the boundaries of the Alsea-Rickreall Master Unit contemplated that the northern boundary of the former and the southern boundary of the latter would be a common boundary extending westward from the Willamette River in Sec. 8, T. 15 S., R. 4 W., W. M. to the west line of Sec. 19, T. 15 S., R. 8 W., W. M. In the period between the promulgation of the two orders, incomplete field investigations revealed that a certain area of land in ranges 7 and 8 West, Township 15 South might well be placed in either master unit, and such land was not included in any master unit.

Recently, investigations upon the ground have been completed, and it is now possible to determine the master unit location for such lands. I find it

to be in the public interest that such omitted land be included within one or the other of the two units and that based upon such ground examination, other minor adjustments be made in the common boundary between the two master units. This adjustment, together with recently completed inventory data, will require a consequent adjustment in the determination of the annual productive capacity of the revested Oregon and California Railroad grant lands within the Siuslaw Master Unit. Accordingly, pursuant to the authority vested in me by section 1 of the act of August 28, 1937 (50 Stat. 874), I hereby amend sections 1 and 3 of Order 2285 to read as follows:

1. The Siuslaw Master Unit is hereby established, the boundaries of which shall be as follows:

Beginning in Sec. 17, T. 15 S., R. 8 W., W. M., Oregon, at the summit of Taylor Butte, thence along the lines of legal subdivisions, southwesterly, 7½ miles, around the headwaters of Deadwood Creek; southerly, 9½ miles, to the Siuslaw River; southeasterly, 8½ miles, around the headwaters of the drainage into the Siuslaw River, to the line between Lane and Douglas Counties, sections 1, 2, 11, and 12, T. 19 S., R. 9 W.; southeasterly, 33½ miles, around the headwaters of the drainage into the Siuslaw, on and adjacent to the boundary line between Lane and Douglas Counties to the ¼ section corner between sections 26 and 35, T. 21 S., R. 4 W.; northeasterly and westerly, 15 miles, around the headwaters of the drainage into the Siuslaw River, northerly, 24 miles, around the headwaters of Wolf Creek, Noti Creek, and Long Creek to the line between Lane and Benton counties in Sec. 12, T. 15 S., R. 6 W., W. M.; westerly from the east line of said Sec. 12, along the Lane-Benton county line, 7½ miles, to the center line of Sec. 11, T. 15 S., R. 7 W., W. M.; thence along legal subdivisions north, ¼ mile; west, 1¼ miles; north ¼ mile, west 1¼ miles; south, ¼ mile; west, ½ mile; south, ¼ mile; west, ½ mile; south, approximately ¼ mile; west, ½ mile; south, approximately ¼ mile; thence along logging setting boundaries, southerly approximately ⅜ mile; southeasterly, approximately ½ mile; southwesterly approximately 2 miles; southeasterly, approximately ¾ mile to the east section line of Sec. 25, T. 15 S., R. 8 W., W. M.; thence along legal subdivisions, south approximately ¾ mile to the northeast corner of Sec. 36, T. 15 S., R. 8 W.; west, ½ mile; south, ¾ mile; west, ⅜ mile; northerly, ½ mile; west, ¾ mile; north, ¼ mile; west, 1 mile to the northwest corner of Sec. 34, T. 15 S., R. 8 W., W. M.; north, 1½ miles; west, ⅜ mile; north, ⅛ mile; west, ¼ mile; north, ¾ mile; west to the summit of Taylor Butte, the place of beginning; all as shown in more detail on maps dated September 27, 1951, on file in the Bureau of Land Management, Department of the Interior, Washington, D. C., and Portland, Eugene, Salem, Roseburg, Medford, and Coos Bay, Oregon.

3. The annual productive capacity of the revested Oregon and California Railroad grant lands within the Siuslaw Master Unit shall be 57,000,000 feet board measure.

Any part or all of this order may be hereafter amended if such action shall be found to be in the public interest.

DOUGLAS MCKAY,
Secretary of the Interior.

[F. R. Doc. 54-1820; Filed, Mar. 15, 1954; 8:45 a. m.]

[Order 2380, Amdt. 1]

OREGON

ORDER ESTABLISHING ALSEA-RICKREALL MASTER UNIT, AND APPURTENANT MARKETING AREA, AND PRESENTING ANNUAL PRODUCTIVE CAPACITY OF REVESTED OREGON AND CALIFORNIA RAILROAD LANDS WITHIN SUCH UNIT

MARCH 9, 1954.

Order 2380 which among other matters established the boundaries of the Alsea-Rickreall Master Unit and prescribed the annual productive capacity of such unit, and Order 2285 which among other matters established the boundaries of the Siuslaw Master Unit contemplated that the southern boundary of the former and the northern boundary of the latter would be a common boundary extending westward from the Willamette River in Sec. 8, T. 15 S., R. 4 W., W. M. to the west line of Sec. 19, T. 15 S., R. 8 W., W. M. In the period between the promulgation of the two orders, incomplete field investigations revealed that a cetrain area of land in ranges 7 and 8 West, Township 15 South might well be placed in either master unit, and such land was not included in any master unit.

Recently, investigations upon the ground have been completed, and it is now possible to determine the master unit location for such lands. I find it to be in the public interest that such omitted land be included within one or the other of the two units and that based upon such ground examination, other minor adjustments be made in the common boundary between the two master units. Accordingly, pursuant to the authority vested in me by Section 1 of the act of August 28, 1937 (50 Stat. 874), I hereby amend section 1 of Order 2380 to read as follows:

1. The Alsea-Rickreall Master Unit is hereby established, the boundaries of which shall be as follows:

Beginning at the NE corner of Sec. 24, T. 6 S., R. 6 W., W. M., Oregon, thence following lines of legal subdivisions west 4 miles; southerly 4 miles; westerly 18 miles to the NW corner Sec. 14, T. 7 S., R. 9 W.; southeasterly 11 miles to the NE corner Sec. 16, T. 8 S., R. 8 W.; south 10 miles; west 3 miles; southerly 33 miles to the SW corner Sec. 13, T. 15 S., R. 9 W.; east 1 mile; south ¼ mile to the boundary of the Siuslaw Master Unit at the southeast corner of NE¼NE¼, Sec. 24, T. 15 S., R. 9 W.; thence following said Siuslaw Master Unit boundary east ½ mile; north ¼ mile; east ½ mile; north ½ mile; east 1 mile; south ¾ mile; east ¼ mile; south ⅛ mile; east ¾ mile; south 1½ miles; east 1 mile; south ⅛ mile; east ¾ mile; southerly ½ mile; east ⅝ mile; north ¾ mile; east ½ mile; north approximately ¾ mile along the east section line of Sec. 25, T. 15 S., R. 8 W.; northwesterly approximately ¾ mile; northeasterly approximately 2 miles; northwesterly approximately ½ mile; northerly approximately ¾ mile; north approximately ¼ mile; east ½ mile; north approximately ½ mile; east ½ mile; north ¼ mile, east ½ mile; north ¼ mile; east 1¼ miles; south ¼ mile; east 1½ miles; south ⅛ mile along the center line of Sec. 11, T. 15 S., R. 7 W. to the line between Benton and Lane Counties; east along Benton-Lane county line to the Willamette River in Sec. 8, T. 15 S., R. 4 W.; northerly along said river to the Polk-Benton county line at north boundary of Sec. 11, T. 10 S., R. 4 W.; west 10½ miles to the SW corner Sec. 6, T. 10 S., R. 5 W.; north 22 miles to place of beginning, as shown in detail on maps dated September 27, 1951 on file in the Bureau of Land Management, Department of the Interior, Washington, D. C., and Portland, Salem, Eugene, Roseburg, Coos Bay, and Medford, Oregon.

Any part or all of this order may be hereafter amended if such action shall be found to be in the public interest.

DOUGLAS MCKAY,
Secretary of the Interior.

DEPARTMENT OF AGRICULTURE

Office of the Secretary

SOUTH CAROLINA

DESIGNATION OF AREA FOR PRODUCTION EMERGENCY LOANS

For the purpose of making loans pursuant to section 2 (a) of Public Law 38, 81st Congress, it is found that in Clarendon County, South Carolina, a production disaster has caused a need for agricultural credit not readily available from commercial banks, cooperative lending agencies, or other responsible sources.

After December 31, 1954, loans under section 2 (a) of Public Law 38, 81st Congress, will not be made in Clarendon County, South Carolina, except to borrowers who previously received such assistance.

Done at Washington, D. C., this 10th day of March 1954.

TRUE D. MORSE,
Acting Secretary.

[Docket Nos. 8906, 8908, 10947, 10948]

INDIANAPOLIS BROADCASTING, INC., ET AL.

ORDER DESIGNATING APPLICATIONS FOR CONSOLIDATED HEARING ON STATED ISSUES

In re applications of Indianapolis Broadcasting, Incorporated, Indianapolis, Indiana, Docket No. 8906, File No. BPCT-281; WIBC, Inc., Indianapolis, Indiana, Docket No. 8908, File No. BPCT-328; Mid-West T. V. Corporation, Indianapolis, Indiana, Docket No. 10947, File No. BPCT-1599; Crosley Broadcasting Corporation, Indianapolis, Indiana, Docket No. 10948, File No. BPCT-1837; for construction permits for new television stations.

At a session of the Federal Communications Commission held at its offices in Washington, D. C. on the 10th day of March 1954;

The Commission having under consideration the above-entitled applications, each requesting a construction permit for a new television broadcast station to operate on Channel 13 in Indianapolis, Indiana; and

It appearing, that the above-entitled applications are mutually exclusive in that operation by more than one applicant would result in mutually destructive interference; and

It further appearing, that pursuant to section 309 (b) of the Communications Act of 1934, as amended, the above-named applicants were advised by letters of the fact that their applications were mutually exclusive, of the necessity for a hearing and of all objections to their applications; and were given an opportunity to reply; and

It further appearing, that upon due consideration of the above-entitled applications, the amendments filed thereto, and the replies to the above letters, the Commission finds that under section 309 (b) of the Communications Act of 1934, as amended, a hearing is mandatory; and that each of the above-named applicants is legally, financially and technically qualified to construct, own and operate a television broadcast station;

It is ordered, That pursuant to section 309 (b) of the Communications Act of 1934, as amended, the above-entitled applications are designated for hearing in a consolidated proceeding to commence at 10:00 a. m. on the 9th day of April 1954 in Washington, D. C. to determine on a comparative basis which of the operations proposed in the above-entitled applications would best serve the public interest, convenience and necessity in the light of the record made with respect to the significant differences among the applications as to:

(1) The background and experience of each of the above-named applicants having a bearing on its ability to own and operate the proposed television station.

(2) The proposals of each of the above-named applicants with respect to the management and operation of the proposed station.

(3) The programming service proposed in each of the above-entitled applications.

It is further ordered, That the issues in the above-entitled proceeding may be enlarged by the Examiner, on his own motion or on petition properly filed by a party to the proceeding and upon sufficient allegations of fact in support thereof, by the addition of the following issue: To determine whether the funds available to the applicant will give reasonable assurance that the proposals set forth in the application will be effectuated.

Released: March 11, 1954.

[Docket No. 10949]

RCA COMMUNICATIONS, INC., ET AL.

ORDER ASSIGNING MATTER FOR HEARING

In the matter of RCA Communications, Inc.; proposed amendment of Tariff F. C. C. No. 58 to permit aviation companies to qualify as authorized users without being directly connected to a leased radio channel; Docket No. 10949.

At a session of the Federal Communications Commission held at its offices in Washington, D. C. on the 10th day of March 1954;

The Commission having under consideration:

(a) Definition (4) of 3d Revised Page No. 4 of RCA Communications, Inc. (RCAC) Tariff F. C. C. No. 58, filed on February 9, 1954, to become effective on March 11, 1954, whereby the provision relating to "authorized users" would be amended to permit companies in the overseas aviation service to be served via the office of the "customer", another "authorized user" or by printer on his premises directly connected to the radio channel instead of limiting the "authorized user" to one served by printer on his premises directly connected to the radio channel;

(b) A letter dated February 24, 1954, from The Western Union Telegraph Company (Western Union) wherein various objections are raised to the proposed tariff provisions of RCAC and wherein it is requested that the Commission enter into an investigation on its own motion to determine whether the proposed provisions are just and reasonable under the Communications Act of 1934, as amended;

(c) A letter dated March 3, 1954, from RCAC in response to the aforementioned letter from Western Union wherein it is requested that the Commission reject Western Union's request and that it not suspend the proposed tariff because in the opinion of RCAC the proposed tariff is just and reasonable and otherwise lawful;

(d) The tariffs of the American Telephone and Telegraph Company, All America Cables and Radio, Inc., the Commercial Cable Company, Mackay Radio and Telegraph Company and Western Union which contain rules and regulations governing the terms or conditions under which leased line service is furnished;

It appearing, that the tariffs of all companies referred to in subparagraph (d) above, in so far as they provide for "authorized users", require that "authorized users" be directly connected to the leased channel;

It further appearing, that questions are presented as to the justness and reasonableness under section 201 of the Communications Act of 1934, as amended, of the practices and regulations provided for in the proposed tariff schedule of RCAC;

It further appearing, that questions are presented whether the proposed tariff schedule of RCAC makes any unjust or unreasonable discrimination in charges, practices, classifications, regulations, facilities or services for or in connection with like communication service directly or indirectly by any means or device, or makes or gives any undue or unreasonable preference or advantage to companies engaged in the overseas aviation service in violation of the provisions of section 202 of the Communications Act of 1934, as amended;

It is ordered, That, pursuant to the provisions of sections 201, 202, 204 and 403 of the Communications Act of 1934, as amended, a public hearing shall be held herein to determine:

(a) Whether the practices and regulations in the proposed tariff schedule which would permit service to authorized users engaged in the overseas aviation service are just, reasonable, and lawful practices and regulations;

(b) Whether the provisions of the proposed tariff schedule which would limit authorized users who may receive service without being directly connected to the radio channel to those engaged in providing international aviation service result in undue, unjust or unreasonable discrimination or preference;

It is further ordered, That, pursuant to section 204 of the Communications Act of 1934, as amended, the above described revised tariff schedule of RCAC is hereby suspended until June 10, 1954, unless otherwise ordered by the Commission, and that during said period of suspension no changes shall be made in said tariff schedule or in the tariff schedule sought to be altered thereby unless authorized by special permission of the Commission;

It is further ordered, That the American Telephone and Telegraph Company, All America Cables and Radio, Inc., the Commercial Cable Company, Mackay Radio and Telegraph Company, RCA Communications, Inc., and the Western Union Telegraph Company are named parties respondent herein;

It is further ordered, That the hearings herein shall be held in the offices of the Commission in Washington, D. C., beginning at 10:00 o'clock a. m. on the 26th day of April 1954;

It is further ordered, That the hearing examiner to be named herein shall certify the record to the Commission without preparing either an initial or a recommended decision herein;

It is further ordered, That a copy of this order shall be filed in the offices of the Commission with the tariff schedule herein suspended, and that copies of this order shall be served upon all the parties respondent herein.

Released: March 11, 1954.

FEDERAL POWER COMMISSION

[Docket Nos. G-2143, G-2310, G-2316, G-2321, G-2330, G-2331, G-2367]

NEW YORK STATE NATURAL GAS CORP. ET AL.

ORDER FURTHER CONSOLIDATING PROCEEDINGS, FIXING DATE OF HEARING AND SPECIFYING PROCEDURE

In the matters of New York State Natural Gas Corporation, Docket No. G-2143; Iroquois Gas Corporation and Tennessee Gas Transmission Company, Docket No. G-2310; Tennessee Gas Transmission Company, Docket No. G-2316; West Tennessee Public Utility District of Weakley, Carroll, and Benton Counties, Tennessee, Docket No. G-2321; New York State Natural Gas Corporation and Tennessee Gas Transmission Company, Docket No. G-2330; Tennessee Gas Transmission Company, Docket No. G-2331; Transcontinental Gas Pipe Line Corporation, Docket No. G-2367.

By order of the Commission issued February 16, 1954, the proceedings in Docket Nos. G-2310, G-2316, G-2321, G-2330, and G-2331 were consolidated for purposes of hearing, a public hearing was ordered commencing on March 15, 1954, concerning the matters involved and the issues presented by the applications in said proceedings, and the order or presentation of evidence by the several Applicants was specified.

The records of the Commission show that on March 31, 1953, New York State Natural Gas Corporation (New York Natural) filed an application in Docket No. G-2143 for a certificate of public convenience and necessity, pursuant to section 7 (c) of the Natural Gas Act, authorizing the operation of certain natural gas underground storage facilities, known as the Harrison Storage Pool, and the construction of certain facilities necessary to the operation of said project. Pursuant to the request of New York Natural, the Commission, on August 7, 1953, granted temporary authorization to utilize the then existing pipelines and wells for the purpose of injecting gas into the Harrison Storage Pool until December 1, 1953. Said temporary authorization has not been extended beyond December 1, 1953, nor has the proceeding in Docket No. G-2143 been disposed of by final order of the Commission. The applications in Docket Nos. G-2143 and G-2330 appear to involve either the same or common questions of fact.

On February 10, 1954, Transcontinental Gas Pipe Line Corporation (Transcontinental), a Delaware corporation with its principal place of business in Houston, Texas, filed an application in Docket No. G-2367, as supplemented on February 23, 1954, for a certificate of public convenience and necessity, pursuant to section 7 (c) of the Natural Gas Act, authorizing the construction and operation of certain natural gas facilities proposed to be used for the sale and delivery of approximately 93,490 Mcf additional firm quantities of natural gas per day to its existing customers in the New York-New Jersey metropolitan area. The service proposed by Transcontinental is substantially the same as that proposed by Tennessee Gas Transmission Company in its application in Docket No. G-2331. Due notice of the filing of the application in Docket No. G-2367 has been given, including publication in the FEDERAL REGISTER on March 3, 1954 (19 F. R. 1190-91).

The operations, as described in the applications in Docket Nos. G-2143 and G-2330 are interrelated.

The operations, as described in the applications in Docket Nos. G-2331 and G-2367 involve common questions of fact.

The Commission finds:

(1) Good cause exists and it is in the public interest to consolidate all the proceedings listed in the heading hereof for the purpose of hearing.

(2) Good cause exists and it is in the public interest that the hearing in Docket No. G-2143 commence prior to and in connection with the hearing in Docket No. G-2330, and that the hearing in Docket No. G-2367 commence following the termination of all direct and cross and other examination of witnesses appearing on behalf of Applicants in the hearing in Docket No. G-2310 and those other dockets heretofore ordered to be consolidated and heard by order of the Commission issued February 16, 1954.

(3) It is necessary and appropriate in carrying out the provisions of the Natural Gas Act and it is in the public interest that the procedure heretofore prescribed in paragraph (C) of the order issued February 16, 1954, with respect to the presentation of evidence be revised as hereinafter ordered.

The Commission orders:

(A) The aforesaid proceedings in Docket Nos. G-2143 and G-2367 be and the same hereby are consolidated with the heretofore consolidated proceedings in Docket Nos. G-2310, G-2316, G-2330, and G-2331 for purposes of hearing.

(B) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7, 15, and 16 of the Natural Gas Act, and the Commission's general rules and regulations, including rules of practice and procedure (18 CFR Chapter I), a public hearing shall be held commencing on March 15, 1954, at 10 a. m., e. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved and the issues presented in the proceeding at Docket No. G-2143.

(C) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7, 15, and 16 of the Natural Gas Act, and the Commission's general rules and regulations, including rules of practice and procedure (18 CFR Chapter I), a public hearing shall be held in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved and the issues presented in the proceeding at Docket No. G-2367, said hearing to commence following the termination of all direct and cross and other examination of witnesses appearing on behalf of Applicants in these consolidated proceedings, but not before March 22, 1954, and at such time as the Presiding Examiner shall fix.

(D) The procedure specified by paragraph (C) of said order of February 16, 1954, is no longer appropriate and evidence presented by the Applicants in these proceedings shall be in the following order:

Docket No. G-2310
Docket No. G-2143
Docket No. G-2330
Docket No. G-2316
Docket No. G-2331
Docket No. G-2321
Docket No. G-2367

(E) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of said rules of practice and procedure.

Adopted: March 9, 1954.

Issued: March 10, 1954.

By the Commission.

[SEAL] J. H. GUTRIDE,
Acting Secretary.

FEDERAL TRADE COMMISSION

[File No. 21-454]

WATERPROOF PAPER INDUSTRY (ASPHALTIC TYPE)

NOTICE OF HEARING AND OF OPPORTUNITY TO PRESENT VIEWS, SUGGESTIONS, OR OBJECTIONS

Opportunity is hereby extended by the Federal Trade Commission to any and all persons, partnerships, corporations, associations, or other parties, including farm, labor, and consumer groups, affected by or having an interest in the proposed trade practice rules for the Waterproof Paper Industry (Asphaltic Type), to present to the Commission such pertinent information, suggestions, or objections as they may desire to submit, and to be heard in the premises. For this purpose copies of the proposed rules may be obtained upon request to the Commission. Such views, information, suggestions, or objections may be submitted by letter, memorandum, brief, or other communication, to be filed with the Commission not later than April 2, 1954. Opportunity to be heard orally will be afforded at the hearing beginning at 10 a. m., e. s. t., April 2, 1954, in Room 332, Federal Trade Commission Building, Pennsylvania Avenue at Sixth Street NW., Washington 25, D. C., to any person who desires to appear and be heard. After due consideration of all matters presented in writing or orally, the Commission will proceed to final action on the proposed rules.

The industry for which these rules are proposed is composed of persons, firms, corporations and organizations engaged in the manufacture, sale, offering for sale, or distribution of laminated paper products, the bond being asphalt or an asphaltic compound, or a sheet infused or coated with asphalt or an asphaltic compound.

Issued: March 11, 1954.

By direction of the Commission.

[SEAL] ALEX. AKERMAN, JR., *Secretary.*

SECURITIES AND EXCHANGE COMMISSION

[File No. 812-849]

INVESTORS DIVERSIFIED SERVICES, INC.

NOTICE OF FILING OF APPLICATION FOR EXEMPTION OF PROPOSED STOCK SPLIT OF NON-VOTING COMMON STOCK

MARCH 9, 1954.

Notice is hereby given that Investors Diversified Services, Inc. ("IDS"), a registered face-amount certificate investment company, has filed an application pursuant to section 6 (c) of the Investment Company Act of 1940 for an order exempting from the provisions of section 18 (j) (1) of the act, the change of 175,836.37 shares of non-voting Class "A" Common Stock with a par value of $5 per share into 879,181.85 shares of non-voting Class "A" Common Stock with a par value of $1 per share in connection with a contemplated 5 for 1 split of all of the existing capital stock of IDS.

IDS has outstanding 175,836.37 shares of $5 par value non-voting Class "A" Common Stock and 114,908.16 shares of $5 par value voting Common Stock. The number of shares of non-voting stock and voting stock outstanding represent 60.5 percent and 39.5 percent, respectively, of the aggregate number of shares of capital stock outstanding. If the contemplated stock split is consummated, IDS would have outstanding 879,181.85 shares of $1 par value non-voting Class "A" Common Stock, and 574,540.80 shares of $1 par value voting Common Stock. Except for the difference in voting rights of the two classes of shares, they rank equally in all respects. The application states that the change of 114,908.16 shares of voting Common Stock into 574,540.80 shares of voting Common Stock is not subject to any restriction of the act. No Commission action is requested with respect to the contemplated split of such voting stock.

Section 18 (j) (1) of the act prohibits, among other things, any registered face-amount certificate investment company from issuing, except in accordance with such rules, regulations or orders as the Commission may prescribe in the public interest or as necessary or appropriate for the protection of investors, any equity security other than a common stock having at least equal voting rights with any outstanding security of such company and having a par value and being without preference as to dividends or distributions. Section 6 (c) of the act authorizes the Commission by order upon application conditionally or unconditionally to exempt any transaction from any provision or provisions of the act or of any rule or regulation thereunder, if and to the extent that the Commission finds that such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the act.

IDS points out in its application that the contemplated stock split will not change the proportionate amounts of voting and non-voting stock outstanding or the relative interest of each holder of non-voting stock in the company. IDS believes that the comparatively high price at which its shares are currently selling and have been selling, coupled with a limited number of stockholders, have resulted in undue price fluctuation and in lack of market ability. IDS states that it believes that the contemplated stock split will create a broader, more stable and readier market for its stock and will facilitate dealing by the public holders thereof.

Notice is further given that any interested person may, not later than March 25, 1954, at 5:30 p. m., submit to the Commission in writing any facts bearing upon the desirability of a hearing on the matter and may request that a hearing be held, such request stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after said date, the application may be disposed of as provided in Rule N-5 of the rules and regulations promulgated under the act.

By the Commission.

[File No. 1-933]

GALLAHER DRUG CO.

NOTICE OF APPLICATION TO STRIKE FROM LISTING AND REGISTRATION, AND OF OPPORTUNITY FOR HEARING

MARCH 9, 1954.

The Cincinnati Stock Exchange, pursuant to section 12 (d) of the Securities Exchange Act of 1934, and Rule X-12D2-1 (b) promulgated thereunder, has made application to strike from listing and registration the Common Stock, No Par Value, of the Gallaher Drug Company.

The application alleges that the reasons for striking this security from listing and registration on this exchange are:

(1) There have been no transactions in the above security on applicant exchange since 1949.

(2) All the outstanding shares of the above security are owned by 45 shareholders.

(3) The above security is too closely held and too inactive to be suitable for trading on applicant exchange.

Upon receipt of a request, prior to April 5, 1954, from any interested person for a hearing in regard to terms to be imposed upon the delisting of this security, the Commission will determine whether to set the matter down for hearing. Such request should state briefly the nature of the interest of the person requesting the hearing and the position he proposes to take at the hearing with respect to imposition of terms or conditions. In addition, any interested person may submit his views or any additional facts bearing on this application by means of a letter addressed to the Secretary of the Securities and Exchange Commission, Washington, D. C. If no one requests a hearing on this matter, this application will be determined by order of the Commission on the basis of the facts stated in the application, and other information contained in the official file of the Commission pertaining to this matter.

By the Commission.

[File No. 70-3213]

NORTHERN PENNSYLVANIA POWER CO.

NOTICE OF REQUEST FOR AUTHORITY TO ISSUE SHORT-TERM NOTES IN EXCESS OF FIVE PERCENT LIMITATION

MARCH 10, 1954.

Notice is hereby given that Northern Pennsylvania Power Company ("Applicant"), an electric utility subsidiary of General Public Utilities Corporation, a registered holding company, has filed an application pursuant to the Public Utility Holding Company Act of 1935 ("act"), designating section 6 (b) of the act as applicable to the proposed transaction, which is summarized as follows:

Applicant proposes to issue and sell to one or more commercial banks its unsecured promissory notes in an aggregate principal amount outstanding at any one time (including notes issued to refund the unsecured promissory notes of the company now outstanding in the aggregate principal amount of $1,100,000) of not to exceed $2,000,000. Such notes will be issued from time to time but no such note will be issued later than December 31, 1954. Each such note will mature not more than nine months after the issue thereof. The prime interest rate for commercial borrowing at the date of this application is 3¼ percent per annum. The interest rate to be borne by each note issued pursuant to this application will be the interest rate which is the prime interest rate for commercial borrowing at the time of the issue of such note.

Proceeds of the notes will be used for construction purposes or to repay notes issued for such purposes or to reimburse the company's treasury for construction expenditures.

It is stated that no State or Federal Commission, other than this Commission, has jurisdiction over the proposed transaction.

Applicant's expenses, including legal fees, are estimated at $100.

It is requested that the Commission's Order be made effective upon issuance.

Notice is further given that any interested person may, not later than March 23, 1954 at 5:30 p. m., e. s. t., request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law, if any, raised by said application which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25 D. C. At any time after said date said application, as filed or as amended, may be granted as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transaction as provided in Rule U-20 (a) and Rule U-100 thereof.

By the Commission.

No. 51——3

[File No. 70-3207]

GEORGIA POWER CO.

NOTICE OF PROPOSED ISSUE OF PRINCIPAL AMOUNT OF FIRST MORTGAGE BONDS

MARCH 10, 1954.

Notice is hereby given that Georgia Power Company ("Company"), a public utility subsidiary of the Southern Company, a registered holding company, has filed with this Commission an application pursuant to the Public Utility Holding Company Act of 1935 ("act"), designating section 6 (b) of the act and Rule U-50 thereunder as applicable to the proposed transaction, which is summarized as follows:

The Company proposes to issue and sell, subject to the competitive bidding requirements of Rule U-50, $11,000,000 principal amount of First Mortgage Bonds, __ percent Series due 1984. The interest rate (which shall be a multiple of ⅛ of 1 percent and the price to be paid to the Company (which shall be not less than 100 percent nor more than 102¾ percent of the principal amount, exclusive of accrued interest from April 1, 1954 to date of payment and delivery) will be determined by competitive bidding. The new Bonds will be secured by the Mortgage and Deed of Trust executed by the Company to the New York Trust Company, Trustee, dated as of March 1, 1941, as heretofore supplemented and as further supplemented by Supplemental Indenture to be dated as of April 1, 1954.

The Company proposes to use the net proceeds from the sale of the new Bonds, together with other available funds, for the construction or acquisition of permanent improvements, extensions, and additions to its property. The Company estimates that its 1954 construction program will require expenditures of approximately $33,000,000.

The estimated fees and expenses to be paid in connection with the issue and sale of the new Bonds will be supplied by amendment.

The issue and sale of said Bonds have been expressly authorized by the Public Service Commission of Georgia, in which State the Company is organized and doing business.

The Company requests that the order of the Commission herein be made effective upon issuance.

Notice is further given that any interested person may, not later than March 26, 1954 at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such mater, stating the nature of his interest, the reasons for such request, and the issues of fact or law, if any, raised by said application which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after said date, said application, as filed or as amended, may be granted as provided by Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transaction as provided in Rule U-20 (a) and Rule U-100 thereof.

By the Commission.

[File No. 70-3211]

AMERICAN GAS AND ELECTRIC CO.

NOTICE OF FILING REGARDING ISSUANCE OF COMMON STOCK BY REGISTERED HOLDING COMPANY IN EXCHANGE FOR COMMON STOCK OF NON-AFFILIATED PUBLIC-UTILITY COMPANY

MARCH 10, 1954.

Notice is hereby given that American Gas and Electric Company ("American Gas"), a registered holding company, has filed an application-declaration with this Commission under the Public Utility Holding Company Act of 1935 ("act") regarding its proposal to issue and exchange shares of its common stock for the outstanding common stock of Flat Top Power Company ("Flat Top"), a non-affiliated public-utility company. Applicant-declarant has designated sections 6, 7, 9, and 10 and Rule U-50 (a) (4) thereunder as applicable to the proposed transactions:

All interested persons are referred to said application-declaration which is on file in the offices of the Commission for a statement of the transactions and facts contained therein, which are summarized as follows:

American Gas proposes to issue 3½ shares of its authorized but unissued $5 par value common stock in exchange for each of the 1,900 outstanding shares of common stock, par value $50 per share, of Flat Top. No fractional shares of American Gas common stock will be issued but an appropriate adjustment will be made in lieu thereof. American Gas reserves the right to reject any acceptance unless the exchange is acceptable to the holders of all 1,900 shares of Flat Top stock outstanding. American Gas states that it has been advised that the 1,900 shares of common stock constitute Flat Top's only outstanding security and that all stockholders of Flat Top have agreed to make the exchange on the basis set forth above.

Flat Top, a West Virginia corporation, operates an electric power distribution system in the communities of Northfork, Kyle and Clark, near Welch, West Virginia. It owns about six miles of distribution line and serves approximately 800 customers. All of its electric power requirements are purchased from Appalachian Electric Power Company, an operating electric utility subsidiary of American Gas.

American Gas represents that negotiation of the proposed exchange was carried out at arm's-length and that no finder's fees or commissions are to be paid in connection therewith.

American Gas states that the territory served by Flat Top is surrounded by the territory served by the American

Gas system and that Flat Top can immediately become a part of the American Gas integrated system. American Gas states that consummation of the proposed exchange will benefit investors and consumers since Flat Top can be more efficiently and economically operated as part of the American Gas system and will be able to render improved service to its present consumers and assure prospective consumers of adequate power.

American Gas states that no State or Federal regulatory agency, other than this Commission, has jurisdiction over any part of the proposed transactions.

American Gas requests that the Commission's order herein be issued pursuant to Rule U-23, waives the 30-day waiting period, and requests that said order become effective upon issuance.

Notice is further given that any interested person may, not later than March 25, 1954, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on this matter, stating the nature of his interest, the reason or reasons for such request, and the issues of fact or law raised by said application-declaration which he proposes to controvert, or he may request to be advised if the Commission should order a hearing thereon. Any such request should be adressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after said date such application-declaration, as filed or as amended, may be granted and permitted to become effective.

By the Commission.

INTERSTATE COMMERCE COMMISSION

[4th Sec. Application 29001]

LIQUID WOOD PRESERVATIVES FROM SOUTHERN TERRITORY TO PACIFIC COAST TERRITORY

APPLICATION FOR RELIEF

MARCH 11, 1954.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: W. J. Prueter, Agent, for carriers parties to schedule listed below.

Commodities involved: Wood preservatives, liquid (with chlorinated phenol base or petroleum base), carloads and less-than-carloads.

From: Points in southern territory.

To: Pacific coast territory.

Grounds for relief: Competition with rail carriers, circuity, and to maintain grouping.

Schedules filed containing proposed rates: W. J. Prueter, Agent, I. C. C. No. 1559, supp. 18.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

[4th Sec. Application 29002]

BROME SEED AND CRESTED WHEAT GRASS FROM COLORADO, IDAHO, UTAH, AND OREGON TO WESTERN TRUNK-LINE AND ILLINOIS TERRITORIES

APPLICATION FOR RELIEF

MARCH 11, 1954.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: W. J. Prueter, Agent, for carriers parties to his tariff I. C. C. No. A-3881.

Commodities involved: Brome seed and crested wheat grass, carloads.

From: Points in Colorado, Idaho, Utah and Oregon.

To: Points in western trunk-line and Illinois territories.

Grounds for relief: Competition with rail carriers, circuitous routes and additional related commodities.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

[4th Sec. Application 29003]

LIQUEFIED PETROLEUM GAS FROM SPECIFIED ORIGINS IN TEXAS TO BROWNSVILLE AND LAREDO, TEX.

APPLICATION FOR RELIEF

MARCH 11, 1954.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: Lee Douglas, Agent for Texas and New Orleans Railroad Company and the Texas Mexican Railway Company.

Commodities involved: Liquefied petroleum gas, in tank-car loads.

From: Specified origins in Texas.

To: Brownsville and Laredo, Texas.

Grounds for relief: Competition with rail carriers and circuitous routes.

Schedules filed containing proposed rates: Lee Douglas, Agent, I. C. C. No. 825, supp. 26.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

[4th Sec. Application 29004]

SODA ASH FROM BATON ROUGE, LA., TO BOYLSTON, ALA.

APPLICATION FOR RELIEF

MARCH 11, 1954.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: R. E. Boyle, Jr., Agent, for carriers parties to schedule listed below.

Commodities involved: Soda ash, carloads.

From: Baton Rouge, La.

To: Boylston, Ala.

Grounds for relief: Competition with rail carriers, circuitous routes and additional route.

Schedules filed containing proposed rates: C. A. Spaninger, Agent, I. C. C. 1400, supp. 14.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

TITLE 7—AGRICULTURE

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

[Lemon Reg. 527, Amdt. 1]

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

Findings. (1) Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR Part 953; 18 F. R. 6767), regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice and engage in public rule-making procedure, and postpone the effective date of this amendment until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient, and this amendment relieves restriction on the handling of lemons grown in the State of California or in the State of Arizona.

Order, as amended. The provisions in paragraph (b) (1) (ii) of § 953.634 (Lemon Regulation 527, 19 F. R. 1266) are hereby amended to read as follows:

(ii) District 2, 275 carloads.

MISCELLANEOUS AMENDMENTS

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 11th day of March 1954.

Revised Part 40 was adopted by the Civil Aeronautics Board April 13, 1953, and is to become effective April 1, 1954. Since the adoption of this part, the Civil Aeronautics Administration has been engaged in the preparation of Civil Aeronautics Manual material and other administrative documents, the purpose of which is to establish policy and interpretation, and to promulgate those supplemental regulations, authority for which has been delegated to the Administrator. The air carriers, on the other hand, have been engaged in the preparation of company manuals and other personnel training media in order to insure that the necessary administrative changes will have been accomplished in sufficient time and that the personnel to be affected by the provisions of this part will have been fully familiarized with respect to their details. In the course of these activities, detailed reexamination of the provisions of revised Part 40 was inevitable. Certain errors of a typographical or clerical nature were discovered. Certain ambiguities heretofore unnoticed were recognized. Some unintended restrictions were discovered to result from inadvertent construction of certain regulations. In still other instances relief has been requested from certain provisions which, although intended by the Board to become applicable, had not previously been recognized as creating undue hardship upon the persons affected.

One of the proposed changes which concerned the flight checking of flight engineers was published as a notice of proposed rule making in the FEDERAL REGISTER (18 F. R. 5436) on September 9, 1953. The remaining proposed changes were consolidated into a notice of proposed rule making and published on November 19, 1953, in the FEDERAL REGISTER (18 F. R. 7324). As a result of the comment received it has not been deemed necessary to implement all the proposed changes, but only those set forth herein. The following discussion, however, concerns only the more important matters involved.

The Board's attention has been called to the fact that § 40.34 has been construed by some persons so as to impose an absolute condition upon air carrier communications. The provision for "reliable and rapid communications" required by this section was intended to be subject to a determination by the Administrator that reliability and rapidity are reasonably assured in the light of the current state of the aeronautical and communications arts. Since some difficulty has been experienced in the interpretation of this requirement, the words "under normal operating conditions" are being added to protect against unreasonable restrictiveness in its enforcement.

The Board contemplated that some time would be required after the effective date of revised Part 40 for compliance with certain requirements necessitating modification of aircraft. Inasmuch as the effective date of revised Part 40 has been extended from October 1, 1953, to April 1, 1954, an extension of the compliance date of certain sections appears desirable. Moreover, the Board has been advised that requirements for certain new equipment and instruments imposed by revised Part 40 may in certain instances require extensive fleet modifications. In some instances the instruments and equipment involved will require several months for procurement. Since it is considered desirable that air carriers be permitted to schedule necessary modifications consistent with normal maintenance schedules, additional time should be provided to permit compliance with such requirements. Also, the requirement for duplicate sources of power and power distribution systems in Part 40 is new. This requirement parallels current requirements of the airworthiness parts of the Civil Air Regulations relating to transport category airplanes. The Board's attention has been drawn to the fact, however, that certain existing aircraft types do not now meet these provisions and in order to insure compliance must be subject to considerable engineering study and probable subsequent modification. Requirements for duplicate sources of energy for certain flight instruments, on the other hand, have been contained in the operating parts of the Civil Air Regulations for a considerable period of time. It would appear, therefore, that additional time should be allowed for compliance with the provisions applicable to required instruments and equipment other than flight instruments. In view of the foregoing, this amendment extends the date for compliance with §§ 40.172 (k) and 40.173 (d) until January 1, 1955, with § 40.173 (b) (3) until November 1, 1954, with § 40.175 (e) until July 1, 1955, for other than flight instruments, and with § 40.175 (d) until December 1, 1954.

The nontransport category performance operating limitations of revised Part 40 contain no landing distance requirement specifically applicable to alternate airports. The Board has been advised that the absence of a landing distance requirement directed specifically to alternate airports has given rise to a question as to whether the landing distance at alternate airports was intended to be the same as that for airports of intended destination. The Board did not intend that the requirement concerning runway margins in the nontransport category performance limitation be any more stringent than that contained in the transport category performance limitations. This intent is clarified by inserting a new § 40.94 prescribing the same landing distance limitations at alternate airports for the nontransport category operating limitations as are presently prescribed for transport category airplanes.

The Board's attention has been drawn to the fact that § 40.176 implies major differences in cockpit procedures between certain aircraft of the same type operated by the same air carrier. It appears that a greater contribution to safety is made when cockpit check procedures are standardized to the extent practicable and that the language of this section appears to render such standardization more difficult. Therefore, the portion of the requirement tending to discourage standardization is deleted.

The Board's attention has been directed to the fact that the language of §§ 40.231 and 40.232 literally requires a duplication of equipment not intended by the Board. The various requirements of this section were intended to define functions to be served by the radio equipment carried aboard aircraft and duplication of equipment for each function was intended to be required only where a reference to duplication was explicitly made. For instance, a single piece of radio equipment may be used to fulfill several functions. Sections 40.231 and 40.232 are being amended, therefore, to clarify and emphasize the functional nature of the requirements and to avoid unintended duplications.

The Board's attention has been drawn to the fact that § 40.176 implies major differences in cockpit procedures between certain aircraft of the same type operated by the same air carrier. It appears that a greater contribution to safety is made when cockpit check procedures are standardized to the extent practicable and that the language of this section appears to render such standardization more difficult. Therefore, the portion of the requirement tending to discourage standardization is deleted.

The Board's attention has been directed to the fact that the language of §§ 40.231 and 40.232 literally requires a duplication of equipment not intended by the Board. The various requirements of this section were intended to define functions to be served by the radio equipment carried aboard aircraft and duplication of equipment for each function was intended to be required only where a reference to duplication was explicitly made. For instance, a single piece of radio equipment may be used to fulfill several functions. Sections 40.231 and 40.232 are being amended, therefore, to clarify and emphasize the functional nature of the requirements and to avoid unintended duplications.

The Board's attention has been called to the fact that certain existing labor contracts would be voided by the fact that the equivalent duty provision contained in current Part 61 does not exist in revised Part 40. Since it does not appear that safety will be compromised by continuing the flexibility currently provided in Part 61, and since such flexibility appears to be desirable under existing contractual arrangements between air carriers and certain mechanical employee groups, §§ 40.243 and 40.340 (b) (3) are being amended to include equivalent duty provisions similar to those currently in Part 61.

Since it is intended that an aircraft, the maximum certificated weight of which is exactly 12,500 pounds be regarded as a "small aircraft," § 40.261 (c) is amended to bring this section in accord with the definition of large aircraft elsewhere in the Civil Air Regulations.

Section 40.280 (b) states that there shall be provided for flight checking a sufficient number of check airmen holding the same airman certificates and ratings as are required for the airman being checked. Section 40.307 states that under certain conditions the air carrier or an authorized representative of the Administrator shall check a flight engineer prior to assignment to duty. This latter section creates some doubt as to whether the check includes

a flight check, thus requiring, under § 40.280 (b), an airman holding a flight engineer certificate to conduct the check. Section 40.280 (b) also is not clear as to whether it concerns any flight check or just those required by revised Part 40. To clarify the intent of these provisions, § 40.280 (b) is being amended to indicate [illegible] required only for [illegible] that are required, and § 40.307 is being amended so that when the checking of a flight engineer [illegible] flight [illegible] engineer has [illegible] pe airtrainer. [illegible] to pre- [illegible] for the [illegible] pt be as [illegible] n 40.30,1 (c) is being amended to clarify this intent.

[illegible] and [illegible] tween terminals into which he is scheduled to fly, (2) make one actual or one [illegible] uled to fly, and (3), if applicable, comply with the provisions of § 40.303 (d). The Board has received comment contending that the requirement for an actual entry or a simulated entry into each airport constitutes an undue administrative burden. It has been argued that the questionable contribution to safety which this requirement makes can scarcely justify the administrative burden it creates. In reexamining this requirement it appears that the clerical problem created is indeed a considerable one in that the compilation of a great number of additional records would be necessary and a continuous review of these records required in order to insure continued compliance. Therefore, the requirement in § 40.304 (a) for an actual entry or a simulated entry into each airport every 12 months is deleted.

The preamble of revised Part 40 makes clear that the Board intended in this part "to continue in effect the (weekly) limitation as contained in Part 61." Section 40.320 (a) (3), however, renders the thirty-hour limitation application on a "calendar week" basis rather than a "seven consecutive days" basis. Until such time as it is possible for the Board to complete certain separate [illegible] procedures in the matter o[illegible] limitations, the provisions contained in current Part 61 should be retained. Section 40.320 (a) (3) is bei[illegible] bring the wee[illegible] limitations into accord with the cu[illegible] requirements of Part 61.

[illegible] (b) provides that an [illegible] for those conditions will be [illegible] The [illegible] d en the malfunc- [illegible] 09 (c) is bein: [illegible] the door from [illegible] event of an acci- [illegible] mitted to be closed but remain un- [illegible] d. It appears from comment received, however, that the door may become jammed even though unlocked. In view of this, the proposed change has not b[illegible]

Section 40.178 (b) requires that certain markings be made on the exterior of the fuselage of an airplane which would assist in evacuation and rescue of passengers from the outside in the event of an accident. As originally adopted, this provision was to become effective on December 31, 1953, three months after the intended effective date of the part. When revised Part 40 was first extended for three months, it was proposed to extend the effective date of this provision to March 1, 1954. Comment received in response to this indicated that these provisions could be complied with by this date. In view of the extension of the effective date of this part to April 1, 1954, the proposed amendment is no longer necessary.

Section 40.304 requires an instrument approach to be made in accordance with the operations specification of the air carrier. In view of certain practices of air traffic control to clear aircraft for "contact" approaches under conditions of [illegible] ceiling and visibility, it was believed that there might be some doubt as to whether this practice would continue to apply to scheduled air transportation [illegible] result of comment received, how- [illegible] v to amend [illegible] not intend [illegible] that this se[illegible] tice of air t[illegible] [illegible] ons have been afforded [illegible] Civil Air R[illegible] 40, as amende[illegible] n "T[illegible] ne t[illegible] word [illegible] 2. I[illegible] [illegible] ces "communica- [illegible] 1 (a) (16) b[illegible] [illegible] fore the word [illegible] [illegible] stituting in lie[illegible] [illegible] 40.90 by deleting the reference "40.93" and substituting "40.91" in lieu thereof in each place where it [illegible] rs.

By adding a new § 40.94 to read [illegible]

§ 40.94 *Landing distance limitations; alternate airports.* No airport shall be designated as an alternate airport in a dispatch release unless the airplane at the weight anticipated at the time of arrival at such airport can comply with the requirements of § 40.93: *Provided*, That the airplane can be brought to rest within 70 percent of the effective length of the runway.

6. By amending § 40.172 (k) by deleting "December 31, 1953" and inserting "January 1, 1955" in lieu thereof.

7. By amending § 40.173 (b) (3) by adding "On and after November 1, 1954," at the beginning thereof.

8. By amending § 40.173 (d) by adding "On and after January 1, 1955," at the beginning thereof after the heading "crash ax".

9. By amending § 40.175 (c) by adding at the end thereof the following: "*And provided further*, That the provisions of this paragraph with respect to required instruments and equipment other than flight instruments shall not be mandatory prior to July 1, 1955."

10. By amending § 40.175 (d) by adding "On and after December 1, 1954," at the beginning thereof.

11. By amending § 40.176 by deleting the words "adapted to each operation in which the airplane is to be utilized" in the first sentence thereof.

12. By amending § 40.231 to read as follows:

§ 40.231 *Radio equipment for operations under VFR over routes navigated by pilotage.* (a) For operations conducted under VFR over routes on which navigation can be accomplished by pilotage, each airplane shall be equipped with such radio equipment as is necessary under normal operating conditions to fulfill the following functions:

(1) Communicate with at least one appropriate ground station (as specified in § 40.34) from any point on the route and other airplanes operated by the air carrier;

(2) Communicate with airport traffic control towers from any point in the control zone within which flights are intended; and

(3) Receive meteorological information from any point en route by either of two independent systems.

(b) For all operations at night conducted under VFR over routes on which navigation can be accomplished by pilotage, each airplane shall be equipped with such radio equipment as is necessary under normal operating conditions to fulfill the functions specified in paragraph (a) of this section and to receive radio navigation signals applicable to the route flown except that no marker beacon receiver or ILS receiver need be provided.

13. By amending § 40.232 (a) to read as follows:

§ 40.232 *Radio equipment for operations under VFR over routes not navigated by pilotage or for operations under IFR or over-the-top.* (a) For operations conducted under VFR over routes on which navigation cannot be accomplished by pilotage or for operations conducted under IFR or over-the-top each airplane shall be equipped with such radio equipment as is necessary under normal operating conditions to fulfill the functions specified in § 40.231 (a) and to receive satisfactorily by either of two independent systems, radio navigational signals from all primary en route and approach navigational facilities intended to be used, except that only one marker beacon receiver which provides visual and aural signals and one ILS receiver need be provided. Equipment provided to receive signals en route may be used to receive signals on approach, if it is capable of receiving both signals.

14. By amending § 40.243 by adding the words "or equivalent thereof within any one month" at the end thereof.

15. By amending § 40.261 (c) by deleting the words "12,500 pounds or more" and inserting in lieu thereof the words "more than 12,500 pounds".

16. By deleting the second sentence of § 40.280 (b) and inserting in lieu thereof the following: "There also shall be provided a sufficient number of check airmen to conduct the flight checks required by this part. Such check airmen shall hold the same airman certificates and ratings as are required for the airman being checked."

17. By amending § 40.282 (a) by deleting the words "all pilots" and substituting in lieu thereof the words "each pilot".

18. By amending § 40.303 (c) to read as follows:

§ 40.303 *Pilot route and airport qualification requirements.* * * *

(c) Each pilot shall make an entry as a member of the flight crew at each regular, provisional, and refueling airport into which he is scheduled to fly. Unless impracticable, such entry shall include a landing and take-off under day VFR to permit the qualifying pilot to observe the airport and surrounding terrain, including any obstructions to landing and take-off. The qualifying pilot shall occupy a seat in the pilot compartment and shall be accompanied by a pilot who is qualified at the airport.

19. By amending § 40.303 (d) by deleting the words "Where an en route operation" and inserting in lieu thereof the words "On routes on which navigation must be accomplished by pilotage and on which flight".

20. By amending § 40.304 (a) to read as follows:

§ 40.304 *Maintenance and reestablishment of pilot route and airport qualifications for particular trips.* (a) To maintain pilot route and airport qualifications, each pilot being utilized as pilot in command, within the preceding 12-month period, shall have made at least one trip as pilot or other member of the flight crew between terminals into which he is scheduled to fly and shall have complied with the provisions of § 40.303 (d), if applicable.

21. By amending § 40.304 by deleting the proviso at the end thereof.

22. By amending § 40.307 by adding a new sentence at the end thereof to read as follows: "This check shall include a check in flight: *Provided*, That in the case of a flight engineer who has been previously qualified in the type airplane, the check may be accomplished in a synthetic trainer in lieu of a check in flight."

23. By amending § 40.320 (a) (3) by deleting the word "week" and inserting in lieu thereof the words "seven consecutive days".

24. By amending § 40.340 (b) (3) by adding the words "or the equivalent thereof within any one month" at the end thereof.

25. By amending § 40.363 (b) (2) by deleting the word "feathered" and inserting in lieu thereof the word "inoperative".

26. By amending § 40.385 by deleting the word "aircraft" and inserting in lieu thereof the word "airplane".

27. By amending § 40.387 by deleting the word "aircraft" and inserting in lieu thereof the word "airplanes".

28. By amending § 40.388 (a) by deleting the proviso and inserting in lieu thereof the following: "*Provided*, That such alternate need not be selected if the ceiling and visibility respectively at the take-off airport are at least 300 feet and one mile, 400 feet and three-quarters mile, or 500 feet and one-half mile."

29. By amending § 40.389 (a) by deleting the proviso and substituting in lieu thereof the following: "*Provided*, That no alternate need be designated when, for the period two hours before to two hours after the estimated time of arrival, the ceiling at the airport to which the flight is dispatched is forecast to be at least 1,000 feet above the minimum initial approach altitude applicable to such airport and the visibility at such airport is forecast to be at least three miles."

30. By amending § 40.391 (a) by deleting the word "aircraft" and inserting in lieu thereof the word "airplane".

31. By amending § 40.393 (c) by deleting the word "flight" before the word "release" and inserting in lieu thereof the word "dispatch" and by deleting the word "aircraft" and inserting in lieu thereof the word "airplane".

32. By amending § 40.393 (d) by deleting the word "flight" and inserting in lieu thereof the word "dispatch" and by deleting the word "aircraft" and inserting in lieu thereof the word "airplane".

33. By amending § 40.406 (a) by deleting the word "aircraft" and inserting in lieu thereof the word "airplane".

34. By amending § 40.509 (c) by adding a sentence at the end thereof to read as follows: "Propeller featherings accomplished for training, demonstration, or flight check purposes need not be reported."

(Sec. 205, 52 Stat. 984; 49 U. S. C. 425. Interpret or apply secs. 601, 604, 52 Stat. 1007, 1010, as amended; 49 U. S. C. 551, 554)

By the Civil Aeronautics Board.

[SEAL] M. C. MULLIGAN, *Secretary.*

Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 27]

PART 600—DESIGNATION OF CIVIL AIRWAYS

ALTERATIONS

The civil airway alterations appearing hereinafter have been coordinated with the civil operators involved, the Army, the Navy, and the Air Force, through the Air Coordinating Committee, Airspace Subcommittee, and are adopted to become effective when indicated in order to promote safety of the flying public. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to public interest and therefore is not required.

Part 600 is amended as follows:

1. Section 600.214 is amended by changing caption to read: "*Red civil airway No. 14 (Lone Rock, Wis., to Louisville, Ky.)*," and by deleting the last portion which reads: "From the intersection

of a line bearing 354° True from the Godman AFB, Fort Knox, Ky., nondirectional radio beacon and the west course of the Louisville, Ky., radio range via the Godman AFB nondirectional radio beacon to the intersection of a line bearing 171° True from the Godman AFB nondirectional radio beacon and the northeast course of the Bowling Green, Ky., radio range, excluding the portion which overlaps danger areas."

2. Section 600.268 *Red civil airway No. 68 (Midland, Tex., to Shreveport, La.)* is amended by changing the last portion to read: "From the Duncanville, Tex., nondirectional radio beacon via the Tyler, Tex., radio range station to the Shreveport, La., radio range station."

3. Section 600.292 is added to read:

§ 600.292 *Red civil airway No. 92 (Sault Ste. Marie, Mich., to United States-Canadian Border).* That airspace over United States territory from the Sault Ste. Marie, Mich., radio range station to the Sudbury, Ontario, Canada, radio range station.

4. Section 600.6002 *VOR civil airway No. 2 (Seattle., Wash., to Boston, Mass.)* is amended between the Fargo, N. Dak., omnirange station and the Lone Rock, Wis., omnirange station to read: "Fargo, N. Dak., omnirange station, including a north alternate; Alexandria, Minn., omnirange station, including a north alternate; Minneapolis, Minn., omnirange station; La Crosse, Wis., omnirange station, including a north alternate from the Minneapolis, Minn., omnirange to the La Crosse, Wis., omnirange station and also a south alternate from the Alexandria, Minn., omnirange station via the intersection of the Alexandria omnirange 137° True radial and the Minneapolis-St. Paul International Airport ILS 301° True localizer course, the Minneapolis-St. Paul International Airport ILS localizer, the intersection of the Minneapolis-St. Paul International Airport ILS 121° True localizer course and the La Crosse omnirange 311° True radial to the La Crosse, Wis., omnirange station;".

5. Section 600.6003 *VOR civil airway No. 3 (Key West, Fla., to Bangor, Maine)* is amended after the Lumberton, N. C., omnirange station to read: "Lumberton, N. C., omnirange station; Raleigh, N. C., omnirange station, including an east alternate; Lawrenceville, Va., omnirange station; intersection of the Lawrenceville, omnirange 039° True and the Flat Rock, Va., omnirange 171° True radials to the Flat Rock, Va., omnirange station. From the point of intersection of the Herndon, Va., omnirange 089° True and the Washington, D. C., terminal omnirange 351° True radials via the intersection of the Herndon omnirange 045° True and the Martinsburg, W. Va., 100° True radials; intersection of the Herndon omnirange 045° True and the West Chester omnirange 253° True radials; West Chester, Pa., omnirange station; Wilton, Conn., omnirange station; Hartford, Conn., omnirange station; intersection of the Hartford omnirange 045° True and the Boston omnirange 256° True radials; Boston, Mass., omnirange station; Kennebunk, Maine, omnirange station; Augusta, Maine, omnirange station to the Bangor, Maine, omnirange station."

6. Section 600.6004 *VOR civil airway No. 4 (Seattle, Wash., to Washington, D. C.)* is amended between the Baker, Oreg., omnirange station and the Malad City, Idaho, omnirange station to read: "Baker, Oreg., omnirange station; Boise, Idaho, omnirange station; Twin Falls, Idaho, omnirange station; Burley, Idaho, omnirange station, including a north alternate from the Boise omnirange station to the Burley omnirange station via the intersection of the Boise omnirange 129° True and the Burley omnirange 292° True radials; Malad City, Idaho, omnirange station;".

7. Section 600.6010 *VOR civil airway No. 10 (Pueblo, Colo., to New York, N. Y.)* is amended between the Dodge City, Kans., omnirange station and the Emporia, Kans., omnirange station by deleting the portion which reads: "Hutchinson, Kans., omnirange station, including a south alternate and also a north alternate via the intersection of the Dodge City omnirange 060° True and the Hutchinson omnirange 296° True radials excluding the airspace between this north alternate and the main airway;" and substituting the following in lieu thereof: "Hutchinson, Kans., omnirange station including a south alternate and also a north alternate via the intersection of the Dodge City omnirange 060° True and the Hutchinson omnirange 296° True radials;".

8. Section 600.6077 *VOR civil airway No. 77 (San Angelo, Tex., to St. Joseph, Mo.)* is amended between the Abilene, Tex., omnirange station and the Ponca City, Okla., omnirange station to read: "Abilene, Tex., omnirange station; Wichita Falls omnirange station, including an east alternate; Oklahoma City, Okla., omnirange station, including an east alternate and also excluding those portions of this airway which overlap the Fort Sill danger area (D-208); Ponca City, Okla., omnirange station;".

9. Section 600.6082 is amended to read:

§ 600.6082 *VOR civil airway No. 82 (Minneapolis, Minn., to La Crosse, Wis.).* From the Minneapolis, Minn., omnirange station via the Rochester, Minn., omnirange station, including a south alternate via the intersection of the Minneapolis omnirange 179° True and the Rochester omnirange 318° True radials; to the La Crosse, Wis., omnirange station, including a south alternate.

10. Section 600.6134 is added to read:

§ 600.6134 *VOR civil airway No. 134 (Evergreen, Ala., to Atlanta, Ga.).* From the Evergreen, Ala., omnirange station via the Columbus, Ga., omnirange station to the Atlanta, Ga., omnirange station.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interpret or apply sec. 302, 52 Stat. 985, as amended; 49 U. S. C. 452)

This amendment shall become effective 0001 e. s. t. March 16, 1954.

[SEAL] F. B. LEE,
Administrator of Civil Aeronautics.

[F. R. Doc. 54-1892; Filed, Mar. 15, 1954; 1:22 p. m.]

[Amdt. 27]

PART 601—DESIGNATION OF CONTROL AREAS CONTROL ZONES, AND REPORTING POINTS

ALTERATIONS

The control area, control zone and reporting point alterations appearing hereinafter have been coordinated with the civil operators involved, the Army, the Navy, and the Air Force, through the Air Coordinating Committee, Airspace Subcommittee, and are adopted to become effective when indicated in order to promote safety of the flying public. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to public interest and therefore is not required.

Part 601 is amended as follows:

1. Section 601.214 is amended by changing caption to read: *"Red civil airway No. 14 control areas (Lone Rock, Wis., to Louisville, Ky.)."*

2. Section 601.292 is added to read:

§ 601.292 *Red civil airway No. 92 control areas (Sault Ste. Marie, Mich., to United States-Canadian Border).* All of Red civil airway No. 92.

3. Section 601.1102 *Control area extension (Minneapolis, Minn.)* is amended by adding the following portion to present control area extension: "and the airspace north of Minneapolis bounded on the northwest by VOR civil airway No. 13, on the east by Blue civil airway No. 9 and on the southwest by VOR civil airway No. 26.

4. Section 601.1199 is added to read:

§ 601.1199 *Control area extension (St. Cloud, Minn.).* That airspace within 5 miles either side of a line bearing 57° True from the St. Cloud Airport extending from the airport to a point 20 miles northeast.

5. Section 601.1288 *Control area extension (Sault Ste. Marie, Mich.)* is amended by adding the following portion to present control area extension: "and the airspace southeast of Sault Ste. Marie bounded on the northeast by Red civil airway No. 97 and the United States-Canadian Border, on the south by Lat. 46°09'00", and on the west by Blue civil airway No. 3."

6. Section 601.2304 *Fort Knox, Ky., control zone* is revoked.

7. Section 601.2288 is amended to read:

§ 601.2288 *Longview, Tex., control zone.* Within a 5-mile radius of Gregg County Airport, within 2 miles either side of a line bearing 188° True from the airport extending from the airport to a point 10 miles south, and within 2 miles either side of the 313° True radial of the Gregg County, Tex., omnirange extending from the omnirange station to a point 10 miles north.

8. Section 601.4108 *Amber civil airway No. 8 (Los Angeles, Calif., to The Dalles, Oreg.)* is amended by deleting the following reporting point: "The intersection of the west course of the Los Angeles, Calif., VHF radio range and the southeast course of the Camarillo, Calif., radio range;".

9. Section 601.4213 *Red civil airway No. 13 (Wheeling, W. Va., to Boston, Mass.)* is amended before "Wilkes-Barre, Pa., radio range station;" by adding the following reporting point: "Westover, Pa., nondirectional radio beacon;".

10. Section 601.4214 is amended by changing caption to read: *"Red civil airway No. 14 (Lone Rock, Wis., to Louisville, Ky.)."*

11. Section 601.4292 is added to read:

§ 601.4292 *Red civil airway No. 92 (Sault Ste. Marie, Mich., to United States-Canadian Border).* No reporting point designation.

12. Section 601.6010 is amended to read:

§ 601.6010 *VOR civil airway No. 10 control areas (Pueblo, Colo., to New York, N. Y.).* All of VOR civil airway No. 10 including north and south alternates, excluding the airspace between the north alternate from the Dodge City, Kans., omnirange station to the Hutchinson, Kans., omnirange station and the main airway.

13. Section 601.6134 is added to read:

§ 601.6134 *VOR civil airway No. 134 control areas (Evergreen, Ala., to Atlanta, Ga.).* All of VOR civil airway No. 134.

14. Section 601.7001 *Domestic VOR reporting points,* is amended by adding the following reporting points:

Paynesville Intersection: The intersection of the Pulaski, Va., omnirange 285° True and the Tri-City, Tenn., omnirange 012° True radials.

Adamsville Interesection: The intersection of the Columbus, Ohio, omnirange 062° True and the Mansfield, Ohio, omnirange 149° True radials.

Kokomo Intersection: The intersection of the Indianapolis, Ind., omnirange 021° True and the Lafayette, Ind., omnirange 079° True radials.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interpret or apply sec. 601, 52 Stat. 1007, as amended; 49 U. S. C. 551)

This amendment shall become effective 0001 E. S. T. March 16, 1954.

[SEAL] F. B. LEE,
Administrator of Civil Aeronautics.

TITLE 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

[Docket 6012]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

PAMCO, INC., ET AL.

Subpart—*Advertising falsely or misleadingly:* § 3.70 *Fictitious or misleading guarantees;* § 3.155 *Prices:* Exaggerated as regular and customary; § 3.235 *Source or origin:* Maker; place: *Imported products or parts as domestic.* Subpart—*Appropriating trade name or mark wrongfully:* § 3.295 *Appropriating trade name or mark wrongfully:* Product. Subpart—*Misbranding or mislabeling:* § 1.325 *Source or origin:* Maker or seller; place: *Imported product or parts as domestic.* Subpart—*Misrepresenting oneself and goods;* Goods: § 3.1745 *Source or origin:* Maker; place: *Imported product or parts as domestic.* Subpart—*Neglecting, unfairly or deceptively, to make material disclosure:* § 3.1860 *Imported product or parts as domestic.* Subpart—*Offering unfair, improper and deceptive inducements to purchase or deal:* § 3.1980 *Guarantee, in general.* Subpart—*Passing off:* § 3.2105 *Passing off.* Subpart—*Simulating competitor or another or product thereof:* § 3.2240 *Trade name of competitor or another;* § 3.2245 *Trade name of competitor's or other's product.* Subpart—*Using misleading name*—Goods: § 3.2345 *Source or origin:* Maker; place: *Foreign product or parts as domestic.* In connection with the offering for sale, sale, or distribution of sewing machine heads or sewing machines in commerce on the part of respondents Chissik and Foyer, their representatives, etc.: (1) Offering for sale, selling, or distributing foreign-made sewing machine heads, or sewing machines of which foreign-made heads are a part, without clearly and conspicuously disclosing on the heads the country of origin thereof, in such a manner that it cannot readily be hidden or obliterated; (2) using the word "Champion" or any simulation thereof as a brand or trade name to designate, describe, or refer to their sewing machines, or sewing machine heads; or representing, through the use of any other word or in any other manner, that the sewing machines or sewing machine heads are manufactured by anyone other than the actual manufacturer; (3) representing, directly or by implication, that certain amounts are the prices of their sewing machines when such amounts are in excess of the prices at which their said sewing machines are ordinarily sold in the usual and regular course of business; and (4) representing, directly or by implication, that their sewing machine heads or sewing machines are guaranteed, unless the nature and extent of the guarantee and the manner in which the seller will perform thereunder are clearly and conspicuously disclosed; prohibited.

(Sec. 6, 38 Stat. 722; 15 U. S. C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended; 15 U. S. C. 45) [Cease and desist order, Pamco, Inc.; and Max Chissik and Arthur Foyer, doing business as Sewing Machine Factors, San Francisco, Calif., Docket 6012, Feb. 17, 1954]

In the Matter of Pamco, Inc., a Corporation, and Arthur Foyer, Julius Foyer, Edward Sassoon and H. P. Haslehurst, Individually and as Officers of Said Corporation; and Max Chissik and Arthur Foyer, Copartners, Doing Business as Sewing Machine Factors

Pursuant to the provisions of the Federal Trade Commission Act, the Commission, on July 18, 1952, issued and subsequently served its complaint in this proceeding upon the respondents named in the caption hereof except Edward Sassoon and H. P. Haslehurst (upon whom service of the complaint was not made), charging them with the use of unfair methods of competition and unfair and deceptive acts and practices in commerce in violation of the provisions of said act. After the issuance of said complaint and the filing of respondents' answers thereto a hearing was held before a hearing examiner of the Commission theretofore duly designated by it, at which testimony and other evidence, including two written stipulations as to the facts entered into by and between counsel supporting the complaint and counsel for the respondents, in support of and in opposition to the allegations of the complaint were introduced. Such testimony and other evidence were duly recorded and filed in the office of the Commission, and the hearing examiner, on February 25, 1953, filed his initial decision.

Within the time permitted by the Commission's rules of practice, counsel supporting the complaint filed with the Commission an appeal from said initial decision and thereafter this proceeding came on for final consideration by the Commission upon the record, including briefs of counsel in support of and in opposition to the said appeal (oral argument not having been requested); and the Commission, having entered its order granting in part and denying in part said appeal and being now fully advised in the premises, finds that this proceeding is in the interest of the public and makes the following findings as to the facts,[1] conclusion drawn therefrom,[1] and order, the same to be in lieu of the initial decision of the hearing examiner.

It is ordered, That respondents Max Chissik and Arthur Foyer, individually and as copartners doing business as Sewing Machine Factors, or doing business under any other name, and their representatives, agents, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, or distribution of sewing machine heads or sewing machines in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Offering for sale, selling, or distributing foreign-made sewing machine heads, or sewing machines of which foreign-made heads are a part, without clearly and conspicuously disclosing on the heads the country of origin thereof, in such a manner that it cannot readily be hidden or obliterated.

2. Using the word "champion" or any simulation thereof as a brand or trade name to designate, describe, or refer to their sewing machines, or sewing machine heads; or representing, through the use of any other word or in any other manner, that the sewing machines or sewing machine heads are manufactured by anyone other than the actual manufacturer.

3. Representing, directly or by implication, that certain amounts are the prices of their sewing machines when such amounts are in excess of the prices at which their said sewing machines are ordinarily sold in the usual and regular course of business.

4. Representing, directly or by implication, that their sewing machine heads or sewing machines are guaranteed, un-

[1] Filed as part of the original document.

less the nature and extent of the guarantee and the manner in which the seller will perform thereunder are clearly and conspicuously disclosed.

It is further ordered, That the complaint be, and it hereby is, dismissed as to respondent Pamco, Inc., and its officers, and respondents Julius Foyer, Edward Sassoon, and H. P. Haslehurst, individually and as officers of said corporation.

It is further ordered, That respondents Max Chissik and Arthur Foyer shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with the order to cease and desist.

Issued: February 17, 1954.

By the Commission.

[SEAL] ALEX. AKERMAN, Jr., *Secretary.*

[F. R. Doc. 54-1856; Filed, Mar. 16, 1954; 8:46 a. m.]

TITLE 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

PART 141c—CHLORTETRACYCLINE (OR TETRACYCLINE) AND CHLORTETRACYCLINE- (OR TETRACYCLINE-) CONTAINING DRUGS; TESTS AND METHODS OF ASSAY

PART 146c—CERTIFICATION OF CHLORTETRACYCLINE (OR TETRACYCLINE) AND CHLORTETRACYCLINE- (OR TETRACYCLINE-) CONTAINING DRUGS

MISCELLANEOUS AMENDMENTS

By virtue of the authority vested in the Secretary by the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 507, 59 Stat. 463, as amended by 61 Stat. 11, 63 Stat. 409, 67 Stat. 389; sec. 701, 52 Stat. 1055; 21 U. S. C. 357, 371; 67 Stat. 18), the regulations for tests and methods of assay for antibiotic and antibiotic-containing drugs (21 CFR, Part 141c; 18 F. R. 5366, 7309; 19 F. R. 1141) and certification of batches of antibiotic and antibiotic-containing drugs (21 CFR, Part 146c; 18 F. R. 3533, 7311; 19 F. R. 673, 1141) are amended as indicated below:

1. Section 141c.205 is amended by changing the headnote and paragraph (a) to read:

§ 141c.205 *Chlortetracycline powder (chlortetracycline hydrochloride powder); tetracycline hydrochloride powder; tetracycline powder*—(a) *Potency.* Using a 3.0-gram sample or the entire contents of the immediate container for each determination, proceed as directed in § 141c.203 (a) if it is chlortetracycline powder or as directed in §141c.218 (a) if it is tetracycline hydrochloride powder or tetracycline powder. The average potency of the powder is satisfactory if it contains not less than 85 percent of the number of milligrams of chlortetracycline or tetracycline hydrochloride or tetracycline per gram or per immediate container that it is represented to contain.

2. Part 141c is amended by adding the following new section:

§ 141c.220 *Tetracycline*—(a) *Moisture.* Proceed as directed in § 141a.26 (c) of this chapter. Use the value obtained to calculate the weighed samples used in paragraphs (b), (c), and (f) of this section to the anhydrous compound.

(b) *Potency.* Proceed as directed in § 141c.218 (a), except in the preparation of the solution of the sample dissolve 40 milligrams (as the anhydrous compound) in 2.0 milliliters 0.1 *N* HCl and dilute with water to 1,000 micrograms per milliliter. Further dilute this stock solution with *M*/10 monopotassium phosphate buffer pH 4.5 to an estimated concentration of 0.24 microgram per milliliter.

(c) *Toxicity.* Proceed as directed in § 141b.103 of this chapter, using as a test dose 0.5 milliliter of an aqueous solution containing 2.0 milligrams per milliliter prepared by dissolving 40 milligrams (as the anhydrous compound) in 1.0 milliliter of 0.1 *N* HCl and diluting with the required amount of water.

(d) *pH.* Proceed as directed in § 141a.5 (b) of this chapter, using an aqueous suspension prepared by adding 10 milligrams per milliliter.

(e) *Crystallinity.* Proceed as directed in § 141a.5 (c) of this chapter.

(f) *Extinction coefficient.* Proceed as directed in § 141c.218 (e), except dissolve 40 milligrams (as the anhydrous compound) in 2.0 milliliters 0.1 *N* HCl and dilute to 250 milliliters with distilled water.

3. a. In § 146c.205, the headnote and paragraph (a) are amended to read:

§ 146c.205 *Chlortetracycline powder (chlortetracycline hydrochloride powder); tetracycline hydrochloride powder; tetracycline powder*—(a) *Standards of identity, strength, quality, and purity.* Chlortetracycline powder, tetracycline hydrochloride powder, and tetracycline powder are crystalline chlortetracycline hydrochloride, tetracycline hydrochloride, or tetracycline, with or without suitable and harmless buffer substances, preservatives, diluents, colorings, and flavorings. The content of chlortetracycline or tetracycline hydrochloride or tetracycline is not less than 15 milligrams per gram of powder. The moisture content of chlortetracycline powder or tetracycline hydrochloride powder is not more than 2 percent. The moisture content of tetracycline powder is not more than 7.5 percent. The chlortetracycline used conforms to the requirements of § 146c.201 (a), except § 146c.201 (a) (2), (4), and (5). The tetracycline hydrochloride used conforms to the requirements of § 146c.218 (a), except subparagraphs (2), (4), and (5) of that paragraph. The tetracycline used conforms to the requirements of § 146c.220 (a). Each other substance used, if its name is recognized in the U. S. P. or N. F., conforms to the standards prescribed therefor by such official compendium.

b. Section 146c.205 (c) (1) (ii) is amended to read:

(c) *Labeling.* • • •

(1) • • •

(ii) The number of milligrams of chlortetracycline or tetracycline hydrochloride or tetracycline (expressed in terms of equivalency of tetracycline hydrochloride) per gram; or if it is intended for use solely as an ingredient in the drinking water of animals and is conspicuously so labeled, the number of grams of drug per pound in the immediate container;

c. In § 146c.205, subparagraph (1) of paragraph (d) *Request for certification* • • • is amended by changing the words "the chlortetracycline or tetracycline used" to read "the chlortetracycline, tetracycline hydrochloride, or tetracycline used".

d. Paragraph (d) (2) (ii) and (3) (ii) of § 146c.205 is amended to read:

(2) • • •

(ii) The chlortetracycline, tetracycline hydrochloride, or tetracycline used in making the batch; potency, toxicity, moisture, pH, crystallinity, and extinction coefficient if it is tetracycline hydrochloride or tetracycline.

• • • • •

(3) • • •

(ii) The chlortetracycline, tetracycline hydrochloride, or tetracycline used in making the batch; 10 packages, each containing approximately equal portions of not less than 60 milligrams, packaged in accordance with the requirements of § 146c.201 (b).

4. Part 146c is amended by adding the following new section:

§ 146c.220 *Tetracycline*—(a) *Standards of identity, strength, quality, and purity.* Tetracycline is the hydrated or anhydrous crystalline compound of the deschloro derivative of a kind of chlortetracycline, or a mixture of two or more such compounds. It is so purified that:

(1) Its potency is not less than 975 micrograms per milligram on the anhydrous basis.

(2) It is nontoxic.

(3) Its moisture content is not more than 13 percent.

(4) Its pH in an aqueous suspension prepared by adding 10 milligrams per milliliter is not less than 3.0 and not more than 7.0.

(5) Its extinction coefficient $E\frac{1\%}{1\text{ cm.}}$ is 402±15 at 380 mμ calculated on the anhydrous basis.

(b) *Packaging.* In all cases the immediate containers shall be tight containers as defined by the U. S. P. and shall be of such composition as will not cause any change in the strength, quality, or purity of the contents beyond any limits therefor in applicable standards, except that minor changes so caused that are normal and unavoidable in good packaging, storage, and distribution practice shall be disregarded.

(c) *Labeling.* Each package of tetracycline shall bear on its outside wrapper or container and the immediate container, as hereinafter indicated, the following:

(1) The batch mark.

(2) The number of micrograms of tetracycline per milligram expressed in terms of its equivalency of tetracycline hydrochloride, and the total number of grams in the immediate container.

(3) The statement "Expiration date _____," the blank being filled in with the date which is 24 months after the month during which it was certified: *Provided, however,* That such expiration date may be omitted from the immediate container if such immediate container is packaged in an individual wrapper or container.

(4) The statement "For use only in the manufacture of nonparenteral drugs."

(5) The statement "Caution: Federal law prohibits dispensing without prescription."

(d) *Request for certification, check tests and assays; samples.* (1) In addition to complying with the requirements of § 146.2 of this chapter, a person who requests certification of a batch shall submit with his request a statement showing the batch mark, the number of packages of each size in the batch, and (unless it was previously submitted) the date on which the latest assay of the drug comprising the batch was completed. Such request shall be accompanied or followed by the results of tests and assays made by him on the batch for potency, toxicity, moisture, pH, crystallinity, and extinction coefficient.

(2) Such person shall submit with his request an accurately representative sample of the batch consisting of 10 packages, each containing approximately 60 milligrams taken from a different part of such batch and each packaged in accordance with the requirements of paragraph (b) of this section.

(3) In connection with contemplated requests for certification of batches of another drug in the manufacture of which tetracycline is to be used, the manufacturer of the batch that is to be so used may request the Commissioner to make check tests and assays on a sample of such batch taken as prescribed by subparagraph (2) of this paragraph. From the information required by subparagraph (1) of this paragraph may be omitted results of tests and assays not required for the batch when used in such other drug. The Commissioner shall report to such manufacturer the results of such check tests and assays as are so requested.

(e) *Fees.* The fee for the services rendered with respect to each batch under the regulations in this part shall be:

(1) $4.00 for each immediate container in the samples submitted in accordance with paragraph (d) (2) and (3) of this section.

(2) If the Commissioner considers that investigations other than examination of such immediate containers are necessary to determine whether or not such batch complies with the requirements of § 146.3 of this chapter for the issuance of a certificate, the cost of such investigations.

The fee prescribed by subparagraph (1) of this paragraph shall accompany the request for certification unless such fee is covered by an advance deposit maintained in accordance with § 146.8 (d) of this chapter.

(Sec. 701, 52 Stat. 1055; 21 U. S. C. 371)

Notice and public procedure are not necessary prerequisites to the promulgation of this order, and I so find, since it was drawn in collaboration with interested members of the affected industry and since it would be against public interest to delay providing for the amendments set forth above.

This order shall become effective upon publication in the FEDERAL REGISTER, since both the public and the affected industry will benefit by the earliest effective date, and I so find.

Dated: March 11, 1954.

[SEAL] OVETA CULP HOBBY, *Secretary.*

[F. R. Doc. 54-1871; Filed, Mar. 16, 1954; 8:48 a. m.]

PART 146—GENERAL REGULATIONS FOR THE CERTIFICATION OF ANTIBIOTIC- AND ANTIBIOTIC-CONTAINING DRUGS

PART 146a—CERTIFICATION OF PENICILLIN AND PENICILLIN-CONTAINING DRUGS

REDESIGNATION OF SECTION NUMBERS

Sections 146a.53, 146a.61, 146a.62, 146a.72, 146a.73, and 146a.83, now contained in part 146a, are redesignated as §§ 146.24, 146.25, 146.26, 146.27, 146.28, and 146.29, respectively, and removed to Part 146. No other change is made in the context of any of these sections.

Dated: March 11, 1954.

[SEAL] OVETA CULP HOBBY, *Secretary.*

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

PART 3—RADIO BROADCAST SERVICES

CLASS IV STATIONS ON REGIONAL CHANNELS

1. At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 11th day of March 1954.

2. The Commission has under consideration the desirability of making certain changes in Part 3 of its rules and regulations to delete certain obsolete provisions.

3. The Commission on December 18, 1952, adopted a Report and Order (FCC 52-1618) eliminating the assignment of Class IV stations on regional channels. However, the Commission provided that applications which were on file as of that date would be considered upon the basis of rules in existence prior to December 18, 1952.

4. All such applications have now been acted upon and there are no applications for Class IV operation on regional channels pending. Therefore, §§ 3.26 and 3.29 of the rules are being amended to delete the reference to applications which were on file prior to December 18, 1952.

5. The amendments adopted herein are editorial in nature, and, therefore, prior publication of notice of proposed rule making under the provisions of section 4 of the Administrative Procedure Act is unnecessary, and the amendments may become effective immediately.

6. The amendments adopted herein are issued pursuant to authority contained in sections 4 (i) and 303 (r) of the Communications Act of 1934, as amended.

7. *It is ordered*, That effective immediately, §§ 3.26 and 3.29 of the Commission's rules and regulations are amended as set forth below:

I. Section 3.26 is amended by the deletion of footnote 8.

II. Section 3.29 is amended to read as follows:

§ 3.29 *Class IV stations on regional channels.* No license will be granted for the operation of a Class IV station on a regional channel: *Provided, however,* That Class IV stations presently authorized to operate on regional channels will not be required to change frequency, or power but will not be protected against interference from Class III stations.

(Sec. 4, 48 Stat. 1066 as amended; 47 U. S. C. 154. Interpret or apply sec. 303, 48 Stat. 1082 as amended; 47 U. S. C. 303)

Released: March 12, 1954.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS, *Secretary.*

[F. R. Doc. 54-1879; Filed, Mar. 16, 1954; 8:50 a. m.]

[Docket No. 10712]

PART 12—AMATEUR RADIO SERVICE

OPERATOR EXAMINATIONS

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 10th day of March 1954;

The Commission having under consideration its notice of proposed rule making in the above entitled matter wherein it was proposed to amend §§ 12.44 (a) and 12.44 (c) of Part 12 to provide for the examination of candidates for Novice and Technician Class amateur operator licenses by mail only, and to amend §§ 12.21 (d), 12.44 (a) (1) and (b) of Part 12 to reduce, from 125 to 50 miles, the distance from Commission examination points beyond which resident applicants are eligible to take a Conditional Class amateur operator examination; and

It appearing, that the foregoing proposal and correction thereto was duly published in the FEDERAL REGISTER (18 F. R. 6438 and 18 F. R. 6547) on October 9 and 14, 1953, respectively, and that written comment was received from interested parties; and

It further appearing, that the Commission has considered all written comments received, the weight of which (a) favors the giving of Novice and Tech-

nician Class amateur operator examinations by mail only and (b) opposes the extent of change in eligibility to take a Conditional Class amateur operator examination whereby the residence distance from Commission examination points would be reduced from 125 to 50 miles; and

It further appearing, that the public interest would be served by amending the rules so that (a) Novice and Technician Class Amateur Operator examinations be given by mail only and (b) the residence distance from Commission examination points be reduced from 125 to 75 miles:

It is ordered, That under the authority contained in section 4 (i) and 303 (r) of the Communications Act of 1934, as amended, effective June 10, 1954, §§ 12.21 (d), 12.44 (a), (b), (c) of the Commission's rules are amended without further proceeding, in the particulars set forth below.

(Sec. 4, 48 Stat. 1066 as amended; 47 U. S. C. 154. Interpret or apply sec. 303; 48 Stat. 1082, as amended; 47 U. S. C. 303)

Released: March 11, 1954.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

Part 12—Amateur radio service is amended in the following particulars:

1. Amend § 12.21 (d) to read as follows:

(d) *Conditional class.* Any citizen of the United States whose actual residence and amateur station location are more than 75 miles airline distance from the nearest location at which examinations are held at intervals of not more than 3 months for General Class amateur operator license; or who is shown by physician's certificate to be unable to appear for examination because of protracted disability; or who is shown by certificate of the commanding officer to be in the armed forces of the United States at an Army, Navy, Air Force or Coast Guard station and, for that reason, to be unable to appear for examination at the time and place designated by the Commission.

2. Amend § 12.44 (a) to read as follows:

(a) The examinations for Extra and General Classes of amateur operator licenses will be conducted by an authorized Commission employee or representative at locations and at times specified by the Commission. The examinations for Conditional Class, as well as Technician and Novice Class licenses, will be conducted in accordance with the provisions of paragraph (c) of this section. The examinations for Conditional Class will be available only under one or more of the following conditions:

(1) If the applicant's actual residence and proposed amateur station location are more than 75 miles airline distance from the nearest location at which examinations are conducted by an authorized Commission employee or representative at intervals of not more than 3 months for amateur operator licenses; or

(2) If the applicant is shown by physician's certificate to be unable to appear for examination because of protracted disability; or

(3) If the applicant is shown by certificate of the commanding officer to be in the armed forces of the United States at an Army, Navy, Air Force, or Coast Guard station and, for that reason, to be unable to appear for examination at the time and place designated by the Commission.

3. Amend § 12.44 (b) to read as follows:

(b) A holder of a conditional, technician, or novice class license obtained on the basis of an examination under the provisions of paragraph (c) of this section is not required to be re-examined when changing residence and station location to within a regular examination area, nor when a new examination location is established within 75 miles of such licensee's residence and station location.

4. Amend § 12.44 (c) to read as follows:

(c) Each examination for Conditional Class license, or for Technician, or Novice Class license shall be conducted and supervised by not more than two volunteer examiners, whom the Commission may designate or permit the applicant to select (not more than one examiner for the code test and not more than one examiner for the complete written examination). In the event the examiner for the code test is selected by the applicant, such examiner shall be the holder of an Extra Class, Advanced Class, or General Class amateur operator license; or shall have held, within the 5 years prior to the date of the examination, a commercial radiotelegraph operator license issued by the Commission, or within that time shall have been employed in the service of the United States as the operator of a manually operated radiotelegraph station. The examiner for the written test shall be at least 21 years of age. Examinations for Conditional Class will be available only under special conditions set forth in paragraph (a) (1), (2), or (3) of this section.

[F. R. Doc. 54-1880; Filed, Mar. 16, 1954; 8:50 a. m.]

TITLE 49—TRANSPORTATION

Chapter I—Interstate Commerce Commission

Subchapter B—Carriers by Motor Vehicle

PART 180—CONTROL OR CONSOLIDATION OF MOTOR CARRIERS OR THEIR PROPERTIES

MISCELLANEOUS AMENDMENTS

At a session of the Interstate Commerce Commission, Division 4, held at its office in Washington, D. C., on the 10th day of March A. D. 1954.

The matter of applications designated Forms B. M. C.-44, B. M. C.-45, and B. M. C.-46 (§§ 7.44, 7.45, and 7.46), and notices of filing and protests relating thereto, prescribed by orders entered November 12, 1940 (5 F. R. 4698), and March 19, 1942 (7 F. R. 2601), as amended and supplemented by orders entered September 17, 1943 (8 F. R. 13193), December 11, 1945 (11 F. R. 746, 747), December 27, 1951 (17 F. R. 234), June 13, 1952 (17 F. R. 5952–5953), and July 1, 1953 (§§ 180.1, 180.50, 180.6, and 180.70), being under consideration:

It is ordered, That Part 180 be, and it is hereby, amended as follows:

In § 180.1 *Application for authority to merge properties or franchises*, retain paragraphs (a) and (c), and amend paragraph (b) so as to read as follows:

(b) The verified original of each such application and five copies thereof shall be filed with this Commission, one true copy thereof shall be furnished to each of the Directors of Districts of the Bureau of Motor Carriers in which the headquarters of applicants are located, and one true copy shall be delivered, in person or by registered or receipted mail, to the Board, Commission, or Official (or to the Governor where there is no Board, Commission, or Official) having authority to regulate the business of transportation by motor vehicle in each State in which the applicants operate. If the application pertains to the transportation of passengers, a notice of the filing of such application, Form B. M. C. 15A (Revised) (§ 7.15a of this chapter), must also be delivered, in person or by registered or receipted mail, to each motor carrier and each carrier by rail or water, known to the applicants, with whose service the operations described in the separately filed application under section 5 are or will be directly competitive. If the application pertains to the transportation of property, applicants are not required to give notice to competitors since notice of such filing will be by publication in the FEDERAL REGISTER.

In § 180.50 *Application for authority to acquire control*, retain paragraphs (a) and (c), and amend paragraph (b) so as to read as follows:

(b) The verified original of each such application and five copies thereof shall be filed with this Commission, one true copy thereof shall be furnished to each of the Directors of Districts of the Bureau of Motor Carriers in which the headquarters of applicants are located, and one true copy shall be delivered, in person or by registered or receipted mail, to the Board, Commission, or Official (or to the Governor where there is no Board, Commission, or Official) having authority to regulate the business of transportation by motor vehicle in each State in which the applicants operate. If the application pertains to the transportation of passengers, a notice of the filing of such application, Form B. M. C. 15A (Revised) (§ 7.15a of this chapter), must also be delivered, in person or by registered or receipted mail, to each motor carrier and each carrier by rail or water, known to the applicants, with whose service the operations described in the separately filed application under section 5 are or will be directly competitive. If the application pertains to the transportation of property, applicants are not required to give notice to competitors since notice of such filing will be by publication in the FEDERAL REGISTER.

In § 180.6 *Application for approval of temporary operation*, retain paragraphs (a) and (c) in their present form, and amend paragraph (b) so as to read as follows:

(b) The verified original of each such application and five copies thereof, shall be filed with this Commission, one true copy thereof shall be furnished to each of the Directors of Districts of the Bureau of Motor Carriers in which the headquarters of applicants are located, and one true copy shall be delivered, in person or by registered or receipted mail, to the Board, Commission, or Official (or to the Governor where there is no Board, Commission, or Official) having authority to regulate the business of transportation by motor vehicle in each State in which the applicants operate. If the application pertains to the transportation of passengers, a notice of the filing of such application, Form B. M. C. 15A (Revised) (§ 7.15a of this chapter), must also be delivered, in person or by registered or receipted mail, to each motor carrier and each carrier by rail or water, known to the applicants, with whose service the operations described in the separately filed application under section 5 are or will be directly competitive. If the application pertains to the transportation of property, applicants are not required to give notice to competitors since notice of such filing will be by publication in the FEDERAL REGISTER.

In § 180.70 *Protests against applications*, amend headnote to read *Protests against applications pertaining to the transportation of passengers*, and retain paragraphs (a), (b), (c), and (d) thereunder, in their present form.

It is further ordered, That except as hereby amended, the said orders of November 12, 1940, and March 19, 1942, as amended and supplemented by orders of September 17, 1943, December 11, 1945, December 27, 1951, June 13, 1952, and July 1, 1953, shall remain in full force and effect.

And it is further ordered, That this order shall become effective on the 22d day of March A. D. 1954.

(24 Stat. 383, as amended, 49 Stat. 546, as amended; 49 U. S. C. 12, 304. Interpret or apply secs. 1, 5, 24 Stat. 379, as amended, 380 as amended, 49 Stat. 544, as amended, 555, as amended; 49 U. S. C. 1, 5, 303, 312)

By the Commission, Division 4.

[SEAL] GEORGE W. LAIRD,
Secretary.

[F. R. Doc. 54-1864; Filed, Mar. 16, 1954; 8:47 a. m.]

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 968]

HANDLING OF MILK IN THE WICHITA, KANSAS, MARKETING AREA

DECISION WITH RESPECT TO PROPOSED MARKETING AGREEMENT AND PROPOSED ORDER AMENDING THE ORDER, AS AMENDED

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900), a public hearing was conducted at Wichita, Kansas, on October 7–9 and December 1–3, 1953, pursuant to notice thereof which was issued on November 20, 1953 (18 F. R. 5629 and 7547).

Upon the basis of the evidence introduced at the hearing and the record thereof the Deputy Administrator, Agricultural Marketing Service, on February 15, 1954, filed with the Hearing Clerk, United States Department of Agriculture, his recommended decision and opportunity to file written exceptions thereto. This decision was published in the FEDERAL REGISTER on February 18, 1954 (19 F. R. 948).

The material issues, findings and conclusions, and general findings of the recommended decision (19 F. R. 948; Doc. 54-1159) are hereby adopted by this decision as if set forth in full herein.

Ruling on exceptions. In arriving at the findings and conclusions included in this decision each of the exceptions received was carefully and fully considered in conjunction with the record evidence pertaining thereto. To the extent that the findings and conclusions herein are at variance with the exceptions, such exceptions are overruled.

Determination of representative period. The month of January 1954 is hereby determined to be the representative period for the purpose of ascertaining whether the issuance of an order amending the order, as amended, regulating the handling of milk in the Wichita, Kansas, marketing area in the manner set forth in the attached amending order is approved or favored by producers who during such period were engaged in the production of milk for sale in the marketing area specified in such marketing order, as amended.

Marketing agreement and order. Annexed hereto and made a part hereof are two documents entitled respectively "Marketing Agreement Regulating the Handling of Milk in the Wichita, Kansas, Marketing Area," and "Order Amending the Order, as Amended, Regulating the Handling of Milk in the Wichita, Kansas, Marketing Area," which have been decided upon as the detailed and appropriate means of effectuating the foregoing conclusions. These documents shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

It is hereby ordered, That all of this decision, except the attached marketing agreement, be published in the FEDERAL REGISTER. The regulatory provisions of said marketing agreement are identical with those contained in the order, as amended, and as hereby proposed to be further amended by the attached order which will be published with this decision.

This decision filed at Washington, D. C., this 12th day of March 1954.

[SEAL] JOHN H. DAVIS,
Assistant Secretary of Agriculture.

Order[1] Amending the Order, as Amended, Regulating the Handling of Milk in the Wichita, Kansas, Marketing Area

Sec.
968.0 Findings and determinations.

DEFINITIONS

968.1 Act.
968.2 Secretary
968.3 Wichita, Kansas, marketing area.
968.4 Person.
968.5 Approved dairy farmer.
968.6 Producer.
968.7 Approved plant.
968.8 Pool plant.
968.9 Handler.
968.10 Cooperative association.
968.11 Producer-handler.
968.12 Market administrator.
968.13 Producer milk.
968.14 Other source milk.
968.15 Route.
968.16 Base milk
968.17 Excess milk.

MARKET ADMINISTRATOR

968.20 Designation.
968.21 Powers.
968.22 Duties.

REPORTS, RECORDS AND FACILITIES

968.30 Periodic reports.
968.31 Payroll reports.
968.32 Reports of producer-handlers.
968.33 Records and facilities.
968.34 Retention of records.

CLASSIFICATION

968.40 Skim milk and butterfat to be classified.
968.41 Classes of utilization.
968.42 Shrinkage.
968.43 Responsibility of handlers and reclassification of milk.
968.44 Transfer.
968.45 Computation of the skim milk and butterfat in each class.
968.46 Allocation of skim milk and butterfat classified.

[1] This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

MINIMUM PRICES

Sec.
968.50 Basic formula price to be used in determining Class I prices.
968.51 Class prices.
968.52 Handler butterfat differential.

APPLICATION OF PROVISIONS

968.60 Producer-handlers.
968.61 Handlers subject to other orders.
968.62 Handler operating an approved plant which is not a pool plant.

DETERMINATION OF UNIFORM PRICE TO PRODUCERS

968.70 Net pool obligations of handlers operating pool plants.
968.71 Computation of uniform prices for base milk and excess milk.

PAYMENTS

968.80 Time and method of payment.
968.81 Producer butterfat differential.
968.82 Producer-settlement fund
968.83 Payments to the producer-settlement fund.
968.84 Payments out of the producer-settlement fund.
968.85 Adjustment of errors in payments.
968.86 Marketing services.
968.87 Expense of administration.
968.88 Termination of obligation.

BASE RATING

968.90 Determination of daily base.
968.91 Base rules.

EFFECTIVE TIME, SUSPENSION OR TERMINATION

968.100 Effective time.
968.101 Suspension or termination.
968.102 Continuing power and duty of the market administrator.
968.103 Liquidation after suspension or termination.

AGENTS

968.110 Agents.

AUTHORITY: §§ 968.1 to 968.110 issued under sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c.

§ 968.0 *Findings and determinations.* The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order and of each of the previously issued amendments thereto; and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of this hearing record.* Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon certain proposed amendments to the tentative marketing agreement and to the order, as amended, regulating the handling of milk in the Wichita, Kansas, marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended, and as hereby further amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The parity prices of milk determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supplies and demand for milk in the said marketing area, and the minimum prices specified in the order, as amended, and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest;

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as, and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held:

(4) All milk and milk products handled by handlers as defined in this order amending the order, as amended, are in the current of interstate commerce or directly burden, obstruct, or affect interstate commerce in milk and its products; and

(5) The necessary expenses of the market administrator for the maintenance and functioning of such agency will require the payment by each handler as his pro-rata share of such expense an amount not to exceed 4 cents per hundredweight with respect to all milk received from approved dairy farmers during the month, which amount shall be determined by the market administrator subject to review by the Secretary.

Order relative to handling. It is therefore ordered that on and after the effective date hereof the handling of milk in the Wichita, Kansas, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended, and the aforesaid order, as amended, is hereby further amended to read as follows:

DEFINITIONS

§ 968.1 *Act.* "Act" means Public Act No. 10, 73d Congress, as amended and as re-enacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended.

§ 968.2 *Secretary.* "Secretary" means the Secretary of Agriculture or any officer or employee of the United States who is authorized to exercise the powers and to perform the duties of the Secretary of Agriculture.

§ 968.3 *Wichita, Kansas, marketing area.* "Wichita, Kansas, marketing area" means all the territory within the corporate limits of the City of Wichita, Kansas, and the territory within Delano, Kechi, Minneha, Riverside, Waco, Gypsum, Park, Payne and Wichita Townships, and the City of Eastborough, all in Sedgwick County, Kansas.

§ 968.4 *Person.* "Person" means any individual, partnership, corporation, association, or any other business unit.

§ 968.5 *Approved dairy farmer.* "Approved dairy farmer" means any person who holds a currently valid permit or license issued by the Health Department of the City of Wichita or of Sedgwick County for the production of milk to be disposed of as Grade "A" milk, or produces milk acceptable to agencies of the United States Government for fluid consumption in its institutions or bases as Type II, No. 1, or Type III, No. 1 which is received at a plant supplying Class I milk to such an institution or base in the marketing area.

§ 968.6 *Producer.* "Producer" means any approved dairy farmer, other than a producer-handler, whose milk is received at a pool plant or is diverted from a pool plant by the handler who operates such pool plant, or by a cooperative association, to a plant which is not a pool plant for the account of such handler or cooperative association. "Producer" does not mean any approved dairy farmer with respect to milk received by a handler who is partially exempted from the provisions of this order pursuant to § 968.61.

§ 968.7 *Approved plant.* "Approved plant" means any plant (a) approved by the health authorities of the City of Wichita, Kansas, or of Sedgwick County, Kansas, for the handling of milk to be disposed of for fluid consumption as milk in the marketing area at which milk is received from approved dairy farmers, or (b) supplying to any agency of the United States Government located within the marketing area Class I milk products accepted as meeting the requirements of Type II, No. 1 or Type III, No. 1.

§ 968.8 *Pool plant.* "Pool plant" means any approved plant other than that of a producer-handler.

(a) During any of the months of March, April, May, or June within which such plant disposes of as Class I milk an amount equal to 40 percent or more of such plant's total receipts of milk from approved dairy farmers and disposes of as Class I milk on routes in the marketing area an amount equal to 20 percent or more of such plant's total receipts from approved dairy farmers;

(b) During any of the other months within which such plant disposes of as Class I milk an amount equal to 50 percent or more of such plant's total receipts of milk from approved dairy farmers and disposes of as Class I milk on routes in the marketing area an amount equal to 25 percent or more of such plant's total receipts from approved dairy farmers; and

(c) For the purpose of this definition, the following shall apply:

(1) Milk diverted from an approved plant for the account of the handler operating such approved plant shall be considered a receipt at the approved plant from which it was diverted; and

(2) Milk diverted from an approved plant to an unapproved plant for the account of a cooperative association which does not operate a plant shall be deemed to have been received by such cooperative association at a pool plant.

§ 968.9 *Handler.* "Handler" means:

(a) Any person in his capacity as the operator of an approved plant; and

(b) Any cooperative association with respect to the milk of any producer which such cooperative association causes to be diverted to an unapproved plant for the account of such cooperative association.

§ 968.10 *Cooperative association.* "Cooperative association" means any cooperative association of producers which the Secretary determines:

(a) To be qualified under the provisions of the act of Congress of February 18, 1922, as amended, known as the "Capper Volstead Act"; and

(b) To have and to be exercising full authority in the sale of milk of its members.

§ 968.11 *Producer-handler.* "Producer-handler" means any approved dairy farmer who operates an approved plant, but who receives no milk from other approved dairy farmers.

§ 968.12 *Market administrator.* "Market administrator" means the person designated pursuant to § 968.20 as the agency for the administration of this part.

§ 968.13 *Producer milk.* "Producer milk" means all skim milk and butterfat produced by a producer, which is received at a pool plant either directly from such producer or from other handlers.

§ 968.14 *Other source milk.* "Other source milk" means all skim milk and butterfat other than that contained in producer milk.

§ 968.15 *Route.* "Route" means any delivery (including delivery by a vendor or a sale from a plant or a plant store) of milk or any milk product classified as Class I milk pursuant to § 968.41 (a), other than a delivery to any milk processing plant.

§ 968.16 *Base milk.* "Base milk" means producer milk received by handlers from a producer which is not in excess of such producer's daily base determined pursuant to § 968.90 multiplied by the number of days during the month for which milk was received from such producer.

§ 968.17 *Excess milk.* "Excess milk" means producer milk received by handlers from a producer which is in excess of base milk received from such producer during the month.

MARKET ADMINISTRATOR

§ 968.20 *Designation.* The agency for the administration of this part shall be a market administrator who shall be a person selected by the Secretary. Such person shall be entitled to such compensation as may be determined by, and shall be subject to removal at, the discretion of the Secretary.

§ 968.21 *Powers.* The market administrator shall have the following powers with respect to this part:

(a) To administer its terms and provisions;

(b) To receive, investigate, and report to the Secretary complaints of violations;

(c) To make rules and regulations to effectuate its terms and provisions; and

(d) To recommend to the Secretary amendments thereto.

§ 968.22 *Duties.* The market administrator shall perform all duties necessary to administer the terms and provisions of this part, including but not limited to the following:

(a) Within 45 days following the date upon which he enters upon his duties execute and deliver to the Secretary a bond, conditioned upon the faithful performance of his duties, in the amount and with surety thereon satisfactory to the Secretary;

(b) Employ and fix the compensation of such persons as may be necessary to enable him to administer its terms and provisions;

(c) Obtain a bond in a reasonable amount and with reasonable surety thereon covering each employee who handles funds entrusted to the market administrator;

(d) Pay out of funds provided by § 968.87 the cost of his bond and of the bonds of his employees, his own compensation, and all other expenses (except those incurred under § 968.86) necessarily incurred by him in the maintenance and functioning of his office and in the performance of his duties.

(e) Keep such books and records as will clearly reflect the transactions provided for in this part and surrender the same to his successor or to such other person as the Secretary may designate;

(f) Submit his books and records to examination by the Secretary and furnish such information and reports as the Secretary may request;

(g) Verify all reports and payments by each handler by inspection of such handler's records and of the records of any other handler or person upon whose utilization the classification of skim milk or butterfat for such handler depends;

(h) Publicly disclose to handlers and producers, unless otherwise directed by the Secretary, the name of any person who within 10 days after the date upon which he is required to perform such acts, has not:

(1) Made reports pursuant to § 968.30 through § 968.32, or

(2) Made payments pursuant to § 968.80 through § 968.86.

(i) Publicly announce by posting in a conspicuous place in his office and by such other means as he deems appropriate the prices determined for each month as follows:

(1) On or before the 5th day of each month the minimum price for Class I milk computed pursuant to § 968.51 (a) and the Class I butterfat differential pursuant to § 968.52 both for the current month; and the minimum price for Class II milk computed pursuant to § 968.51 (b) and the Class II butterfat differential pursuant to § 968.52 both for the previous month;

(2) On or before the 10th day of each month the uniform price computed pursuant to § 968.71 and the butterfat differential computed pursuant to § 968.81 both for the previous month;

(j) Prepare and disseminate such statistics and information as he deems advisable and as do not reveal confidential information; and

(k) On or before the 12th day of each month report to each cooperative association, which so requests, the percentage utilization of milk received from producers in each class by each handler who in the previous month received milk from members of such cooperative association.

REPORTS, RECORDS AND FACILITIES

§ 968.30 *Periodic reports.* On or before the 7th day after the end of each month each handler, except a producer-handler, shall, with respect to milk or milk products which were received or produced by such handler during such month, report to the market administrator in the detail and form prescribed by the market administrator, as follows:

(a) The quantities of skim milk and butterfat contained in milk received from each producer or approved dairy farmer, and the number of days for which milk was received from each producer;

(b) The quantities of skim milk and butterfat contained in receipts of milk, and milk products from other handlers;

(c) The quantities of skim milk and butterfat contained in receipts of other source milk (except Class II products disposed of in the form in which received without further processing or packaging by the handler);

(d) The utilization of all skim milk and butterfat the receipt of which is required to be reported pursuant to this section;

(e) The pounds of skim milk and butterfat contained in all milk, skim milk, and cream and other Class I products on hand at the beginning and at the end of the month;

(f) Such other information with respect to the receipts and use of milk as the market administrator may request, including a separate statement of skim milk and butterfat disposed of as Class I milk on routes within the marketing area.

§ 968.31 *Payroll reports.* On or before the 20th day after the end of each month each handler shall submit to the market administrator his producer payroll for such month which shall show for each producer and each approved dairy farmer:

(a) His total deliveries of base milk and total deliveries of milk in excess of base milk;

(b) The average butterfat content of his milk; and

(c) The net amount of such handler's payments to such producer or approved dairy farmer with the prices, deductions, and charges involved.

§ 968.32 *Reports of producer-handlers.* Each producer-handler shall make reports to the market administrator at such time and in such manner as the market administrator shall require.

§ 968.33 *Records and facilities.* Each handler shall maintain and make available to the market administrator or to his representative during the usual hours of business such accounts and records of his operations and such facilities as are necessary for the market administrator to verify or establish the correct data with respect to:

(a) The receipts of producer milk and other source milk and the utilization of such receipts;

(b) The weights and tests for butterfat and other content of all milk, skim milk, cream and milk products handled;

(c) Payments to producers and cooperative associations; and

(d) The pounds of skim milk and butterfat contained in or represented by all milk, skim milk, cream and each milk product on hand at the beginning and at the end of each month.

§ 968.34 *Retention of records.* All books and records required under this part to be made available to the market administrator shall be retained by the handler for a period of three years to begin at the end of the calendar month to which such books and records pertain: *Provided*, That if, within such three-year periods, the market administrator notified the handler in writing that the retention of such books and records, or specified books and records, is necessary in connection with a proceeding under section 8c (15) (A) of the act or a court action specified in such notice, the handler shall retain such books and records, or specified books and records, until further written notification from the market administrator. In either case the market administrator shall give further written notification to the handler promptly, upon the termination of the litigation or when the records are no longer necessary in connection therewith.

CLASSIFICATION

§ 968.40 *Skim milk and butterfat to be classified.* All skim and butterfat received within the month by a handler which is required to be reported pursuant to § 968.30 shall be classified by the market administrator pursuant to the provisions contained in § 968.41 through § 968.46.

§ 968.41 *Classes of utilization.* Subject to conditions set forth in §§ 968.43 and 968.44, classes of utilization shall be:

(a) Class I milk shall be all skim milk (including reconstituted skim milk) and butterfat (1) disposed of in the form of milk, skim milk, buttermilk, flavored milk, flavored milk drinks, yogurt, cream, cultured sour cream, any mixture (except bulk ice cream mix) of cream and milk or skim milk, (2) used to produce concentrated (including frozen) milk, flavored milk or flavored milk drinks disposed of for fluid consumption neither sterilized nor in hermetically sealed cans, (3) skim milk and butterfat used in creaming cottage cheese disposed of as creamed cottage cheese, and (4) all other skim milk and butterfat not specifically accounted for as Class II milk.

(b) Class II milk shall be all skim milk and butterfat: (1) Used to produce butter, cheese (including skim milk used to produce cottage cheese curd, but not including skim milk or butterfat used in creaming cottage cheese disposed of as creamed cottage cheese) plain or sweetened condensed or evaporated milk, spray or roller process nonfat dry milk solids, powdered whole milk, ice cream, ice cream mix, frozen desserts, aerated cream, eggnog, casein or margarine; (2) in cream frozen and stored; (3) used for starter churning, wholesale baking and candy making; (4) disposed of as livestock feed; (5) in skim milk dumped after prior notification to and opportunity for verification by the market administrator; (6) in shrinkage up to 2 percent of producer receipts to be prorated pursuant to § 968.46; (7) in shrinkage of other source milk; and (8) in inventory at the end of the month as milk, skim milk, cream (except frozen) or any product specified in paragraph (a) of this section.

§ 968.42 *Shrinkage.* The market administrator shall prorate shrinkage of skim milk and butterfat classified in Class II milk between the receipts of skim milk and butterfat, respectively, in milk from producers and from other sources. For the purpose of prorating shrinkage of skim milk and butterfat, skim milk and butterfat in milk diverted directly from producers' farms to another handler shall be included as a receipt of the handler to whom such milk and butterfat was diverted, and excluded from receipts of the diverting handler.

§ 968.43 *Responsibility of handlers and reclassification of milk.* (a) All skim milk and butterfat shall be Class I milk unless the handler who first receives such skim milk or butterfat can prove to the market administrator that such skim milk or butterfat should be classified otherwise.

(b) Any skim milk or butterfat classified as Class II milk shall be reclassified if such skim milk or butterfat is later disposed of by such handler or another handler (whether in original or other form) as Class I milk. Any skim milk or butterfat which was classified as Class II in the previous month pursuant to § 968.41 (b) (8) shall be reclassified as Class I milk if it is subtracted in the current month from Class I pursuant to § 968.46 (a) (4), or the corresponding step of § 968.46 (b).

§ 968.44 *Transfers.* Skim milk and butterfat transferred or diverted from an approved plant shall be classified:

(a) At the class mutually indicated in writing to the market administrator by both handlers on or before the 7th day after the end of the month which such transaction occurred, otherwise as Class I milk, if transferred or diverted in the form of milk, skim milk or cream to the approved plant of another handler, subject in either event to the following conditions:

(1) The receiving handler has utilization in such class of an equivalent amount of skim milk and butterfat, respectively; and

(2) Such skim milk or butterfat shall be classified so as to allocate to producer milk the greatest possible total Class I utilization in the two plants.

(b) As Class I milk if transferred in the form of milk, skim milk, or cream to a producer-handler.

(c) As Class I milk if transferred or diverted in the form of milk, skim milk or cream to an unapproved plant located more than 250 miles from the approved plant by the shortest highway distance as determined by the market administrator, except that (1) cream so transferred may be classified as Class II milk if its utilization as Class II milk is established through the operation of another Federal order for another milk marketing area; or (2) cream so transferred with prior notice to the market administrator, and with each container labeled or tagged with a certificate of the transferor that such cream is sold as "Grade C cream for manufacturing only", may be classified as Class II milk, subject to such verification of alternative utilization as the market administrator may make.

(d) As Class I milk, if transferred or diverted in the form of milk, skim milk or cream to an unapproved plant distributing fluid milk or cream and located less than 250 miles from the pool plant from which transferred, unless the market administrator is permitted to audit the records of receipts and utilization at such unapproved plant, in which case the classification of all skim milk and butterfat received at such unapproved plant shall be determined and the skim milk and butterfat transferred from the approved plant shall be allocated to the highest use remaining after subtracting, in series beginning with Class I milk, receipts of skim milk and butterfat at such unapproved plant direct from dairy farmers who the market administrator determines constitute the regular source of supply for fluid usage of such unapproved plant in markets supplied by such plant.

(e) As Class II milk, if transferred or diverted in the form of milk, skim milk or cream to an unapproved plant, located not more than 250 miles from the approved plant, and which does not distribute fluid milk or cream, except that where such unapproved plant is operated by a person who is also a handler or an affiliate of a handler, (1) the market administrator shall be permitted to audit the records of receipts and utilization at such unapproved plant, and (2) to the extent that skim milk or butterfat is disposed of from such unapproved plant to any other milk plant in the form of milk, skim milk or cream, skim milk or butterfat so transferred or diverted to such unapproved plant shall be classified as if moved directly from the approved plant to such other milk plant.

(f) Skim milk or butterfat transferred to a nonpool plant from which fluid milk, skim milk or cream is transferred to a pool plant shall be subject to reclassification to the extent of the amount so transferred from such nonpool plant.

§ 968.45 *Computation of the skim milk and butterfat in each class.* For each month, the market administrator shall correct for mathematical and for other obvious errors the report of receipts and utilization submitted by each handler and shall compute the pounds of skim milk and butterfat in Class I milk and in Class II milk for such handler.

§ 968.46 *Allocation of skim milk and butterfat classified.* After making the computation pursuant to § 968.45 the market administrator shall determine the classification of milk received from producers as follows:

(a) Skim milk shall be allocated in the following manner:

(1) Subtract from the total pounds of skim milk in Class II the pounds of skim milk determined pursuant to § 968.41 (b) (6);

(2) Subtract from the remaining pounds of skim milk in each class the pounds of skim milk received from other pool plants in a form other than milk, skim milk or cream according to its classification pursuant to § 968.41;

(3) Subtract from the remaining pounds of skim milk, in series beginning with Class II, the pounds of skim milk in receipts of other source milk;

(4) Subtract from the remaining pounds of skim milk in series beginning with Class II, the pounds of skim milk in inventory at the beginning of the month in the form of milk, skim milk, cream (except frozen) or any product specified in § 968.41 (a);

(5) Subtract from the remaining pounds of skim milk in each class the skim milk received from other handlers in the form of milk, skim milk or cream according to its classification as determined pursuant to § 968.44 (a);

(6) Add to the remaining pounds of skim milk in Class II the pounds of skim milk subtracted pursuant to subparagraph (1) of this paragraph; and

(7) If the remaining pounds of skim milk in both classes exceed the pounds of skim milk received from producers, subtract such excess from the remaining pounds of skim milk in series beginning with Class II milk. Any amount so subtracted shall be called "overage."

(b) Butterfat shall be allocated in accordance with the same procedure outlined for skim milk in paragraph (a) of this section.

(c) Determine the weighted average butterfat content of the Class I and Class II milk computed pursuant to paragraphs (a) and (b) of this section.

§ 968.50 *Basic formula price to be used in determining Class I prices.* The basic formula price to be used in determining the price per hundredweight of Class I milk shall be the higher of the prices computed pursuant to paragraphs (a) and (b) of this section.

(a) The average of the basic or field prices per hundredweight reported to have been paid or to be paid for milk of 3.5 percent butterfat content received from farmers during the month at the following plants or places for which prices have been reported to the market administrator or to the Department divided by 3.5 and multiplied by 3.8:

Present Operator and Location

Borden Co., Mount Pleasant, Mich.
Carnation Co., Sparta, Mich.
Pet Milk Co., Hudson, Mich.
Pet Milk Co., Wayland, Mich.
Pet Milk Co., Coopersville, Mich.
Borden Co., Orfordville, Wis.
Borden Co., New London Wis.
Carnation Co., Chilton, Wis.
Carnation Co., Berlin, Wis.
Carnation Co., Richland Center, Wis.
Carnation Co., Oconomowoc, Wis.
Pet Milk Co., New Glarus, Wis.
Pet Milk Co., Belleville, Wis.
White House Milk Co., Manitowoc, Wis.
White House Milk Co., West Bend, Wis.

(b) The price per hundredweight computed by adding together the plus values pursuant to subparagraphs (1) and (2) of this paragraph:

(1) From the simple average as computed by the market administrator, of the daily wholesale selling prices (using the midpoint of any price range as one price) of Grade A (92-score) bulk creamery butter per pound at Chicago as reported by the United States Department of Agriculture during the month, subtract 3 cents, add 20 percent thereof and multiply by 3.8.

(2) From the simple average, as computed by the market administrator, of the weighted averages of carlot price per pound for nonfat dry milk solids, spray, and roller process, respectively, for human consumption, f. o. b. manufacturing plants in the Chicago area, as published for the period from the 26th day of the immediately preceding month through the 25th day of the current month by the United States Department of Agriculture, deduct 5.5 cents, multiply by 8.5, and then multiply by 0.962.

§ 968.51 *Class prices.* Subject to the provisions of § 968.52, the minimum prices per hundredweight to be paid by each handler for milk received at his plant from producers during the month shall be as follows:

(a) *Class I milk.* The basic formula price for the preceding month plus $1.65.

(b) *Class II milk.* The price per hundredweight shall be:

(1) For the months of March, April, May and June, the average of the prices reported to have been paid or to be paid for ungraded milk of 3.8 percent butterfat content received from farmers during the month at the following plants for which prices have been reported to the market administrator or the United States Department of Agriculture:

Present Operator and Location

Arkansas City Cooperative Milk Association, Arkansas City, Kans.
Bennett Creamery Co., Ottawa, Kans.
Page Milk Co., Coffeyville, Kans.
Pet Milk Co., Iola, Kans.

(2) For all other months, the higher of such price or the average price reported by the United States Department of Agriculture for the current month for milk for manufacturing purposes f. o. b. plant, United States, adjusted to a 3.8 percent butterfat basis by direct ratio.

§ 968.52 *Handler butterfat differential.* If the average butterfat test of Class I milk or Class II milk as calculated pursuant to § 968.46 is more or less than 3.8 percent, there shall be added to, or subtracted from, as the case may be, the price for such class of utilization for each one-tenth of one percent that such average butterfat test is above or below 3.8 percent, a butterfat differential computed by multiplying the simple average, as computed by the market administrator, of the daily wholesale selling price per pound (using the midpoint of any price range as one price) of Grade A (92-score) bulk creamery butter at Chicago as reported by the United States Department of Agriculture during the month specified below by the applicable factor listed, and rounding to the nearest one-tenth cent:

(a) *Class I milk.* Multiply such price for the preceding month by 0.120;

(b) *Class II milk.* Multiply such price for the current month by 0.115.

APPLICATION OF PROVISIONS

§ 968.60 *Producer-handlers.* Sections 968.40 through 968.46, 968.50 through 968.52, 968.61, 968.62, 968.70, 968.71 and 968.80 through 968.88 shall not apply to a producer-handler.

§ 968.61 *Handlers subject to other orders.* In the case of any handler who the Secretary determines disposes of a greater portion of his milk as Class I milk in another marketing area regulated by another milk marketing agreement or order issued pursuant to the act, the provisions of this order shall not apply except as follows:

(a) The handler shall, with respect to his total receipts of skim milk and butterfat, make reports to the market administrator at such time and in such manner as the market administrator may require and allow verification of such reports by the market administrator.

(b) If the price which such handler is required to pay under the other Federal order to which he is subject, for skim milk and butterfat which would be classified as Class I milk under this part is less than the price provided by this part, such handler shall pay to the market administrator for deposit into the producer-settlement fund with respect to all skim milk and butterfat disposed of (except to other handlers) as Class I milk within the marketing area, an amount equal to the difference between the value of such skim milk or butterfat as computed pursuant to this part and its value as determined pursuant to the other order to which he is subject. Such payments shall be made on or before the 12th day after the end of each delivery period.

§ 968.62 *Handler operating an approved plant which is not a pool plant.* Each handler who operates an approved plant which is not a pool plant during a month, shall in lieu of the payments required pursuant to § 968.80 through § 968.85, pay to the market administrator, for the producer-settlement fund, on or before the 25th day after the end of such month, the amount resulting from the computations of either paragraph (a) or paragraph (b) of this section, whichever is less.

(a) The product of the quantity of milk received by such handler which was disposed of in the marketing area on routes as Class I milk during the month multiplied by the difference between the price for Class I milk pursuant to § 968.51 and the price for Class II milk pursuant to § 968.51 (b).

(b) Any plus amount resulting from the following computation: From an amount equal to the net pool obligation which would be computed pursuant to § 968.70 for such handler for such month if such handler operated a pool plant deduct the gross payments made by such handler to approved dairy farmers for milk received during such month.

§ 968.70 *Net pool obligations of handlers operating pool plants.* The net pool

obligation for milk received during each month by each handler from producers at pool plants shall be a sum of money computed as follows:

(a) Multiply the pounds of milk in each class computed pursuant to § 968.46 (c) by the applicable respective class prices (adjusted pursuant to § 968.52) and add together the resulting amounts;

(b) Add an amount computed by multiplying the pounds of overage deducted from each class pursuant to § 968.46 (a) (7) by the applicable respective class prices;

(c) Add a reclassification charge computed at a rate equal to the difference between the Class I and Class II prices for the current month for skim milk and butterfat in inventory which is subtracted from Class I pursuant to § 968.46 (a) (4) and the corresponding step of § 968.46 (b) which is not in excess of the skim milk and butterfat, respectively, remaining in Class II milk in the previous month pursuant to § 968.46 (a) (5) and the corresponding step of § 968.46 (b).

(d) For any other source skim milk or butterfat subtracted from Class I milk pursuant to § 968.46 (a) (3) and (b), add an amount equal to the difference between the values of such skim milk and butterfat at the Class I price and at the Class II price, unless the handler can prove to the satisfaction of the market administrator that such other source skim milk and butterfat was used only to the extent that producer milk was not available either directly from producers or at the plant of another handler at the Class I price.

§ 968.71 *Computation of uniform prices for base milk and excess milk.* For each month, the market administrator shall compute the uniform prices per hundredweight for base milk and excess milk as follows:

(a) Combine into one total the values computed pursuant to § 968.70 for all handlers who made the reports prescribed in § 968.30 and who made the payments pursuant to § 968.80 and § 968.83 for the preceding month;

(b) Add an amount equal to not less than one-half of the unobligated cash balance in the producer-settlement fund;

(c) Subtract if the average butterfat content of the milk included in these computations is greater than 3.8 percent; or add if such average butterfat content is less than 3.8 percent an amount computed by multiplying the amount by which the average butterfat content of such milk varies from 3.8 percent by the butterfat differential computed pursuant to § 968.81 and multiplying the resulting figure by the total hundredweight of such milk;

(d) Compute the total value on a 3.8 percent butterfat basis of the excess milk included in these computations by multiplying the hundredweight of such milk not in excess of the total quantity of Class II milk included in these computations by the price of Class II milk of 3.8 percent butterfat content, multiplying the hundredweight of such milk in excess of the total hundredweight of such Class II milk by the price of Class I milk of 3.8 percent butterfat content and adding together the resulting amounts;

(e) Divide the total value of excess milk obtained in paragraph (d) of this section by the total hundredweight of such milk and adjust to the nearest cent. The resulting figure shall be the uniform price for excess milk of 3.8 percent butterfat content received from producers;

(f) Subtract the value of excess milk obtained in paragraph (d) of this section from the value of all milk obtained in paragraph (c) of this section and adjust by any amount involved in adjusting the uniform price of excess milk to the nearest cent;

(g) Divide the amount obtained in paragraph (f) of this section by the total hundredweight of base milk included in these computations;

(h) Subtract not less than 4 cents nor more than 5 cents from the amount computed pursuant to paragraph (g) of this section. The resulting figure shall be the uniform price for base milk of 3.8 percent butterfat content received from producers.

PAYMENTS

§ 968.80 *Time and method of payment.* Each handler operating a pool plant shall make payment as follows:

(a) On or before the 12th day after the end of the month during which the milk was received, to each producer for whom payment is not made pursuant to paragraph (c) of this section, at not less than the applicable uniform prices computed pursuant to § 968.71 (h) and (e) for such producers deliveries of base milk and excess milk, respectively, adjusted by the butterfat differential computed pursuant to § 968.81, and less the amount of the payment made pursuant to paragraph (b) of this section. If by such date, such handler has not received full payment pursuant to § 968.84 he may reduce his total payments uniformly to all producers by not more than the amount of the reduction in payment by the market administrator. He shall, however, complete such payments pursuant to this paragraph not later than the date for making such payments next following receipt of the balance from the market administrator.

(b) On or before the 27th day of each month, to each producer for whom payment is not made pursuant to paragraph (c) of this section, for milk received from him during the first 15 days of such month, at the approximate value of such milk.

(c) On or before the 11th day after the end of each month and on or before the 24th day of each month, in lieu of payments pursuant to paragraphs (a) and (b), respectively, of this section, to a cooperative association which so requests, for milk which it caused to be delivered to such handler from producers, and for which such association is determined by the market administrator to be authorized to collect payment, an amount equal to the sum of the individual payments otherwise payable to such producers. Such payments due on or before the 11th day after the end of the month shall be accompanied by a statement showing for each producer the items required to be reported pursuant to § 968.31, and payments due on or before the 24th day of the month shall be accompanied by a statement of the amount of money for each producer.

§ 968.81 *Producer butterfat differential.* In making payments pursuant to § 968.80 (a) there shall be added to or subtracted from the uniform prices per hundredweight for each one-tenth of one percent that the average butterfat content is above or below 3.8 percent an amount computed by multiplying by 0.12 the simple average, as computed by the market administrator, of the daily wholesale selling prices per pound (using the mid-point of any range as one price) of Grade A (92-score) bulk creamery butter at Chicago as reported by the United States Department of Agriculture during the month and rounding to the nearest one-tenth cent.

§ 968.82 *Producer-settlement fund.* The market administrator shall establish and maintain a separate fund known as the "producer-settlement fund" into which he shall deposit all payments made by handlers pursuant to §§ 968.83, 968.85, 968.61 and 968.62, and out of which he shall make all payments to handlers pursuant to §§ 968.84 and 968.85: *Provided*, That the market administrator shall offset any such payment due to any handler against payments due from such handler. Immediately after computing the uniform price for each month, the market administrator shall compute the amount by which each handler's net pool obligation is greater or less than the sum obtained by multiplying the hundredweight of milk of producers by the appropriate prices required to be paid producers by handlers pursuant to § 968.80 and adding together the resulting amounts, and shall enter such amount on each handler's account as such handler's pool debit or credit, as the case may be, and render such handler a transcript of his account.

§ 968.83 *Payments to the producer-settlement fund.* On or before the 12th day after the end of each month, each handler shall pay to the market administrator for payment to producers through the producer-settlement fund, the amount by which the net pool obligation of such handler is greater than the sum required to be paid producers by such handler pursuant to § 968.80.

§ 968.84 *Payments out of the producer-settlement fund.* (a) On or before the 12th day after the end of each month, the market administrator shall pay to each handler for payment to producers the amount by which the sum required to be paid producers by such handler pursuant to § 968.80 is greater than the net pool obligation of such handler.

(b) If the balance in the producer-settlement fund is insufficient to make all payments pursuant to this paragraph, the market administrator shall reduce uniformly such payments and shall complete such payments as soon as the necessary funds are available.

§ 968.85 *Adjustment of errors in payments.* (a) Whenever verification by the market administrator of reports or payments of any handler discloses error in payments to the producer-settlement fund made pursuant to § 968.83, the market administrator shall promptly bill such handler for any unpaid amount and such handler shall, within 5 days of such billing, make payment to the market administrator of the amount so billed. Whenever verification discloses that payment is due from the market administrator to any handler pursuant to § 968.84, the market administrator shall, within 5 days make payment to such handler. Whenever verification by the market administrator of the payment by a handler to any producer discloses payment to such producer of an amount which is less than is required by this part, the handler shall make up such payment to the producer not later than the time of making payment to producers next following the disclosure.

(b) Whenever verification by the market administrator of the payment by a handler to any producer discloses that solely through error in computation payment to such producer was in an amount more than was required to be paid pursuant to § 968.80, no handler shall be deemed to be in violation of § 968.80 if he reduces his payment to such producer next following discovery of such error by not more than such overpayment.

§ 968.86 *Marketing services.* (a) Except as set forth in paragraph (b) of this section, each handler shall deduct 4 cents per hundredweight, or such lesser amount as the Secretary may prescribe, from the payments made to each producer other than himself pursuant to § 968.80 (a) with respect to all milk of such producer received by such handler during the month and shall pay such deductions to the market administrator on or before the 12th day after the end of such month. Such moneys shall be used by the market administrator to verify weights, samples and tests of milk received from, and to provide market information to such producers. The market administrator may contract with a cooperative association or cooperative associations for the furnishing of the whole or any part of such services.

(b) In the case of producers for whom a cooperative association is actually performing, as determined by the Secretary, the services set forth in paragraph (a) of this section, each handler shall make such deductions from the payments to be made directly to producers pursuant to § 968.80 (a) as are authorized by such producers, and, on or before the 12th day after the end of each month, pay over such deductions to the association of which such producers are members. Such payment shall be accompanied by a statement showing for each producer for which such deduction is made the amount of such deduction, the total delivery of milk, and unless otherwise previously provided, the butterfat test.

§ 968.87 *Expense of administration.* As his pro rata share of the expense of the administration of this part, each handler with respect to all milk received from approved dairy farmers during the month, shall pay to the market administrator, on or before the 12th day after the end of such month, an amount not exceeding 4 cents per hundredweight, which amount shall be determined by the market administrator subject to review by the Secretary.

§ 968.88 *Termination of obligation.* The provisions of this section shall apply to any obligation under this part for the payment of money.

(a) The obligation of any handler to pay money required to be paid under the terms of this part shall, except as provided in paragraphs (b) and (c) of this section, terminate two years after the last day of the calendar month during which the market administrator receives the handler's utilization report on the milk involved in such obligation, unless within such two-year period the market administrator notifies the handler in writing that such money is due and payable. Service of such notice shall contain but need not be limited to, the following information:

(1) The amount of the obligation;

(2) The month(s) during which the milk, with respect to which the obligation exists, was received or handled; and

(3) If the obligation is payable to one or more producers or to an association of producers, the name of such producer(s) or association of producers, or if the obligation is payable to the market administrator, the account for which it is to be paid.

(b) If a handler fails or refuses, with respect to any obligation under this part, to make available to the market administrator or his representative all books and records required by this part to be made available, the market administrator may, within the two-year period provided for in paragraph (a) of this section, notify the handler in writing of such failure or refusal. If the market administrator so notifies a handler, the said two-year period with respect to such obligation shall not begin to run until the first day of the calendar month following the month during which all such books and records pertaining to such obligation are made available to the market administrator or his representatives.

(c) Notwithstanding the provisions of paragraphs (a) and (b) of this section, a handler's obligation under this part to pay money shall not be terminated with respect to any transaction involving fraud or willful concealment of a fact, material to the obligation, on the part of the handler against whom the obligation is sought to be imposed.

BASE RATING

§ 968.90 *Determination of daily base.* (a) Through December 31, 1954, the daily average base of each producer who regularly delivered milk to a handler during the months of August through November 1953 shall be that effective for January 1954. Effective January 1, 1955, the daily average base of each producer who regularly delivered milk to a handler for 60 days or more during August through November of the next preceding calendar year shall be computed by the market administrator by dividing the total pounds of milk received by a handler from such producer during such months by the number of days within the period during which such producer made regular deliveries of milk in such months, or 90, whichever is greater.

(b) The daily average base of each producer for whom no daily base may be established pursuant to paragraph (a) of this section shall be computed by the market administrator as follows:

(1) Multiply such producer's daily average deliveries of milk during the current month by the percentage that total deliveries of base milk in the current month by producers for whom daily bases are computed pursuant to paragraph (a) of this section are to total deliveries of milk in the current month by all producers; and

(2) Effective January 1, 1955, for the months of January through July only, divide the result obtained in subparagraph (1) of this paragraph by 2.

§ 968.91 *Base rules.* (a) Any producer who ceases to deliver milk to a handler for a period of more than 30 consecutive days shall forfeit his base. In the event such producer thereafter commences to deliver milk to a handler he shall be allotted a daily base computed in the manner provided in § 968.90 (b).

(b) A landlord who rents on a share basis shall be entitled to the entire daily base to the exclusion of the tenant if the landlord owns the entire herd. A tenant who rents on a share basis shall be entitled to the entire daily base to the exclusion of the landlord, if the tenant owns the entire herd. If the cattle are jointly owned by the tenant and landlord, the daily base shall be divided between the joint owners according to ownership of the cattle when such share basis is terminated.

(c) A producer, whether landlord or tenant, may retain his base when moving his entire herd of cows from one farm to another: *Provided*, That at the beginning of a tenant and landlord relationship the base of each landlord and tenant may be combined and may be divided when such relationship is terminated.

(d) Base may be transferred only under the following conditions: (1) In case of the death of a producer, his base may be transferred to a surviving member or members of his family who carry on the dairy operations, and (2) on the retirement of a producer, his base may be transferred to an immediate member of his family who carries on the dairy operations.

(e) The base of two producers may be combined in the case of forming a partnership, or may be divided in the case of the dissolution of a partnership.

(f) For the purposes of this section and § 968.90 only, the term "producer" shall include any person who has been a producer as defined in § 968.6 but whom the City of Wichita or Sedgwick County has suspended temporarily for failure to produce milk in conformity with the applicable health regulations of the City of Wichita or Sedgwick County, Kansas.

EFFECTIVE TIME, SUSPENSION, OR TERMINATION

§ 968.100 *Effective time.* The provisions of this part, or any amendment to this part, shall become effective at such time as the Secretary may declare and shall continue in force until suspended, or terminated, pursuant to § 968.101.

§ 968.101 *Suspension or termination.* Any or all of the provisions of this part, or any amendment to this part, may be suspended or terminated as to any or all handlers after such reasonable notice as the Secretary shall give and shall, in any event, terminate whenever the provisions of the act cease to be in effect.

§ 968.102 *Continuing power and duty of the market administrator.* (a) If, upon the suspension or termination of any or all provisions of this part there are any obligations arising under this part the final accrual or ascertainment of which requires further acts by any handler, by the market administrator, or by any other person, the power and duty to perform such further acts shall continue notwithstanding such suspension or termination: *Provided*, That any such market administrator shall, if the Secretary so directs, be performed by such other person, persons, or agency as the Secretary may designate.

(b) The market administrator, or such other person as the Secretary may designate, shall (1) continue in such capacity until removed, (2) from time to time account for all receipts and disbursements and when so directed by the Secretary deliver all funds on hand, together with the books and records of the market administrator, or such person, to such person as the Secretary shall direct, and (3) if so directed by the Secretary execute assignments or other instruments necessary or appropriate to vest in such person full title to all funds, property, and claims vested in the market administrator or such person pursuant thereto.

§ 968.103 *Liquidation after suspension or termination.* Upon the suspension or termination of any or all provisions of this part the market administrator, or such person as the Secretary may designate, shall, if so directed by the Secretary, liquidate the business of the market administrator's office and dispose of all funds and property then in his possession or under his control, together with claims for any funds which are unpaid or owing at the time of such suspension or termination. Any funds collected pursuant to the provisions of this part, over and above the amounts necessary to meet outstanding obligations and the expenses necessarily incurred by the market administrator or such person in liquidating such funds, shall be distributed to the contributing handlers and producers in an equitable manner.

AGENTS

§ 968.110 *Agents.* The Secretary may, by designation, in writing name any officer or employee of the United States to act as his agent or representative in connection with any of the provisions of this part.

[F. R. Doc. 54-1891; Filed, Mar. 16, 1954; 8:53 a. m.]

Agricultural Research Service

[9 CFR Part 102]

VIRUSES, SERUMS, TOXINS, AND ANALOGOUS PRODUCTS

SPECIAL LICENSES

On August 15, 1953, notice was published in the FEDERAL REGISTER (18 F. R. 4893) concerning a proposed amendment of § 102.7 of the regulations relating to viruses, serums, toxins, and analogous products (9 CFR 102.7) under the virus-serum-toxin provisions of the act of March 4, 1913 (21 U. S. C. 151–158). Numerous comments with respect to the proposed amendment were received from various members of the affected industry and other interested persons. After careful consideration of all comments received, it is now proposed to amend § 102.7 to read as follows:

§ 102.7 *Special licenses.* (a) Special licenses may be issued in particular cases for preparation of a biological product when, in the opinion of the Chief, the laboratory and other research data and other information available with respect to the product show that the product has value in the treatment of domestic animals but that the results of its use under a larger variety of conditions should be further evaluated prior to release under a regular license. A special license for such a product may include any or all of the following requirements as may be prescribed by the Chief to protect the livestock industry or other segments of the public:

(1) The product shall be prepared under Branch inspection and tested in such manner as may be administratively determined by the Chief.

(2) The applicant for a license shall currently file with the Chief a statement of all claims proposed to be made for the product at any time while the product is under special license, and the product shall be recommended for use only under such conditions as the Chief deems warranted by the laboratory and other research data and other information currently available concerning it.

(3) Where the nature of the product so requires for the protection of the public, the product shall be recommended for use only by trained personnel.

(4) No change shall be made in the composition or method of preparation of the product without prior approval of the Chief.

(5) The licensee shall distribute the product in any State or other jurisdiction only in accordance with the requirements of such State or other jurisdiction.

(6) The licensee shall request the handlers to whom he distributes the product to (i) keep complete records showing the name and address of each purchaser of the product and the name, serial number and quantity of the product sold to such purchaser; (ii) furnish to each veterinarian, animal owner, or other person using the product, a report form, approved by the Branch, which shall contain blank spaces for stating pertinent information concerning the results obtained from use of the product; and (iii) request users of the product to complete and return the report form to an official of the Department specified by the Chief.

(b) Special licenses may include such other requirements as the Chief may impose to protect the livestock industry and other segments of the public when the Chief finds that adequate protection thereof will not be afforded by the requirements set forth in paragraph (a) of this section.

(c) Notice of all requirements to be imposed under paragraph (a) or paragraph (b) of this section shall be given to the applicant for license for any product under the act as soon as possible after it is determined that such product may be licensed only under special license.

(d) Each applicant for a special license shall furnish all information required by other provisions of the regulations in this subchapter, and all provisions of such regulations in terms applicable to a product for which a special license has been or is to be issued shall apply to such product, except insofar as such provisions are inconsistent with any requirement under this section.

(e) Each applicant for a special license shall agree to distribute the product to be covered by the license only for such use as may be authorized under the license.

(f) Violation of any of the conditions of a special license shall constitute a violation of this section and may be grounds for suspension or revocation of the special license under § 102.51.

(g) Special licenses shall be converted to regular licenses as soon as field data and other available information justify the change.

In the preparation of the foregoing proposal thorough consideration has been given to the comments submitted with respect to the proposed amendment of the regulations set forth in the FEDERAL REGISTER of August 15, 1953 (18 F. R. 4893). Any interested person who wishes to submit additional comments on the new proposal may do so by filing them with the Chief, Animal Disease Eradication Branch, Agricultural Research Service, U. S. Department of Agriculture, Washington 25, D. C., not later than 30 days after publication of this notice in the FEDERAL REGISTER.

Done at Washington, D. C., this 10th day of March 1954.

[SEAL] M. R. CLARKSON,
Acting Administrator,
Agricultural Research Service.

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR Part 3]

[Docket No. 10953]

TELEVISION BROADCAST STATIONS

TABLE OF ASSIGNMENTS

In the matter of amendment of § 3.606 *Table of assignments*, rules governing television broadcast stations; Docket No. 10953

1. Notice is hereby given that the Commission has received a proposal for rule making in the above-entitled matter.

2. The Commission has before it a petition filed on February 11, 1954, by Sarkes Tarzian, Inc., Bloomington, Indiana, and now made part of this docket, requesting an amendment of § 3.606 *Table of assignments*, rules governing television broadcast stations as follows:

City	Channel No.	
	Add	Delete
Huntington, Ind.	21+	
Anderson, Ind.	23	61
Logansport, Ind.	25	51
[illegible]	38	2
[illegible], Ind.	45	38
South Bend, Ind.	*72	*46
[illegible], Ind.	75	18

3. The Commission on this date has adopted a memorandum opinion and order denying the request for the institution of rule making in so far as it has been proposed to amend channel assignments in Anderson, Logansport, Connersville, Madison, South Bend, and Lebanon. Accordingly, the petition for the institution of rule making is being granted only insofar as it requests the institution of rule-making proceedings to add Channel 21 to Huntington, Indiana.

4. In support of the requested amendment, petitioner urges that it expects to file applications for UHF stations in Huntington, Anderson, and Logansport, Indiana; that the proposed stations will stimulate the growth of UHF in the area; that they would provide the areas with educational and other types of programs; and that the assignments as proposed conform with the Commission's rules.

5. Authority for the adoption of the proposed amendments is contained in sections 4 (i), 301, 303 (c), (d), (f), and (r) and 307 (b) of the Communications Act of 1934, as amended.

6. Any interested party who is of the opinion that the amendment proposed by petitioner should not be adopted or should not be adopted in the form set forth herein may file with the Commission on or before April 9, 1954, a written statement or brief setting forth his comments. Comments in support of the proposed amendment may also be filed on or before the same date. Comments or briefs in reply to the original comments may be filed within 10 days from the last day for filing said original comments or briefs. No additional comments may be filed unless (1) specifically requested by the Commission or (2) good cause for the filing of such additional comments is established. The Commission will consider all such comments that are submitted before taking action in this matter, and if any comments appear to warrant the holding of a hearing or oral argument, notice of the time and place of such hearing or oral argument will be given.

7. In accordance with the provisions of § 1.764 of the Commission's rules and regulations, an original and 14 copies of all statements, briefs, or comments shall be furnished the Commission.

Adopted: March 11, 1954.

Released: March 12, 1954.

FEDERAL COMMUNICATIONS COMMISSION,[1]
[SEAL] MARY JANE MORRIS,
Secretary.

[Docket No. 10954]

TELEVISION BROADCAST STATIONS

TABLE OF ASSIGNMENTS

In the matter of amendment of § 3.606 *Table of assignments*, rules governing television broadcast stations; Docket No. 10954.

1. Notice is hereby given that the Commission has received a proposal for rule making in the above-entitled matter.

2. The Commission has before it a petition filed on February 9, 1954, by WGOV-TV, Inc., Valdosta, Georgia, and now made part of this docket, requesting an amendment of § 3.606 *Table of assignments*, rules governing television broadcast stations as follows:

City	Channel No.	
	Present	Proposed
Fitzgerald, Ga.	2-	51+

3. In support of its requested amendment, petitioner urges that it is the permittee of Station WGOV-TV on Channel 37 at Valdosta, Georgia; that efforts have been made to select a suitable site for this station; that such a site meeting the approval of zoning and aeronautical authorities has been selected; that this site is a few miles short of the required spacing to the assignment of Channel 23 at Fitzgerald, Georgia; and that the requested amendment would remove this conflict and conform to the Commission's rules.

4. Authority for the adoption of the proposed amendment is contained in sections 4 (i), 301, 303 (c), (d), (f), and (r) and 307 (b) of the Communications Act of 1934, as amended.

5. Any interested party who is of the opinion that the amendment proposed by petitioner should not be adopted or should not be adopted in the form set forth herein may file with the Commission on or before April 9, 1954 a written statement or brief setting forth his comments. Comments in support of the proposed amendment may also be filed on or before the same date. Comments or briefs in reply to the original comments may be filed within 10 days from the last day for filing said original comments or briefs. No additional comments may be filed unless (1) specifically requested by the Commission or (2) good cause for the filing of such additional comments is established. The Commission will consider all such comments that are submitted before taking action in this matter, and if any comments appear to warrant the holding of a hearing or oral argument, notice of the time and place of such hearing or oral argument will be given.

6. In accordance with the provisions of § 1.764 of the Commission's rules and regulations, an original and 14 copies of all statements, briefs, or comments shall be furnished the Commission.

Adopted: March 11, 1954.

Released: March 12, 1954.

[47 CFR Part 3]

[Docket No. 10952]

TELEVISION BROADCAST STATIONS

TRANSMITTER POWER AND HEIGHT REQUIREMENTS

In the matter of amendment of § 3.614, rules governing television broadcast stations; Docket No. 10952.

1. Notice is hereby given of proposed rule making in the above-entitled matter.

2. Section 3.614 (a) of the Commission's rules specifies the minimum visual effective radiated power for television broadcast stations. At the time of the adoption of this rule in the Sixth Report and Order, high power equipment for television stations was not available, especially for stations operating on Channels 14–83. Such equipment is presently becoming available and in order to assure the best possible technical service, the Commission proposes to amend the rule governing minimum powers and heights so as to require the use of a transmitter with a minimum rated power of 5 kilowatts for Channels 14–83. Stations which are presently authorized with transmitters below the proposed minimum rating will not be required to comply at this time. It is also proposed to cease the issuance of Special Temporary Authorizations for operation with lower powers than those specified in stations' construction permits, except upon a showing that the specified transmitting equipment is not available.

3. In view of the above, it is proposed to amend Part 3 as follows:

A. In § 3.614:

I. The heading of paragraph (a) is changed to read:

(a) *Minimum requirements for Channels 2–13.*

II. A new paragraph (b) is added to read as follows:

(b) *Minimum requirements for Channels 14–83.* Applications filed for television broadcast stations on Channels 14–83 will not be accepted for filing if they fail to specify a transmitter with at least a rated power of 7 dbk (5 kw).[*]

III. Redesignate present paragraphs (b) and (c) as (c) and (d).

B. Figure 1 of Appendix III to Subpart E is amended by the addition of the following to the title: "For Channels 2–13."

4. Authority for the issuance of the proposed amendment is contained in sections 303 (a), (b), (c), (d), (e), (f), (g), (r), and 4 (i) of the Communications Act of 1934, as amended.

5. Any interested person who is of the opinion that the proposed amendment should not be adopted, or should not be adopted in the form set forth herein, may file with the Commission on or before April 16, 1954, written data, views or arguments setting forth his comments. Comments in support of the proposed amendment may also be filed on or before the same date. Comments in reply to the original comments may be filed within 10 days from the last day for filing said original data, views or arguments. No additional comments may be filed unless (1) specifically requested by the Commission or (2) good cause for the filing of such additional comments is established. The Commission will consider all such comments prior to taking final action in this matter, and if comments are submitted warranting oral argument, notice of the time and place of such oral argument will be given.

6. In accordance with the provisions of § 1.784 of the Commission's rules and regulatons, an original and 14 copies of all statements, briefs, or comments shall be furnished the Commission.

Adopted: March 11, 1954.

Released: March 12, 1954.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

FREIGHT SCHEDULES AND FREIGHT RATE TARIFFS, SCHEDULES AND CLASSIFICATIONS

PUBLICATION OF RULES AND CHARGES FOR ACCESSORIAL SERVICES BY RAIL AND MOTOR CARRIERS

At a session of the Interstate Commerce Commission, Division 2, held at its office in Washington, D. C., on the 5th day of March A. D. 1954.

It appearing, that under date of January 22, 1954, Division 2, issued a notice of proposed rule making in the above proceeding, which provided that respondents and other interested parties may file, on or before April 12, 1954, with this Commission written statements containing data, views, or arguments concerning the proposed revised rules.

It further appearing, that the National Traffic Committee of the Trucking Industry requested an extension of time for filing views and arguments concerning these proposed rules.

It is ordered, That the respondents herein and other interested parties may file, on or before June 15, 1954, written statements containing data, views or arguments concerning the proposed revised rules. Such statements shall conform to the specifications provided in Rule 15 of this Commission's general rules of practice and an original and signed copy and 5 copies shall be furnished for the use of the Commission.

And it is further ordered, That notice to the respondents and to the general public shall be given by depositing a copy in the Office of the Secretary of the Commission for public inspection and by filing a copy with the Director, Division of the Federal Register.

By the Commission, Division 2.

FEDERAL COMMUNICATIONS COMMISSION

[Docket No. 10215]

ARTHUR WESTLUND

ORDER CONTINUING HEARING

In re application of Arthur Westlund, Walnut Creek, California, Docket No. 10215, File No. BP-8321; for construction permit.

The Commission having under consideration a petition filed on March 5, 1954, by counsel for Arthur Westlund, petitioner herein, and counsel for Finley Broadcasting Company, requesting a continuance for a period of ninety days of the hearing scheduled to begin in this proceeding on March 16, 1954; and

It appearing, that counsel for the Broadcast Bureau has consented to said postponement and that a grant of the postponement requested may enable the parties to resolve the matters in issue and thus avoid the necessity for a hearing;

It is ordered, This 10th day of March 1954, that the petition for continuance is granted and the hearing heretofore scheduled for March 16, 1954, is postponed until June 15, 1954, at 10 o'clock a. m., in the Commission's offices, Washington, D. C.

[Docket No. 10950]

ROBERT LEX EASLEY

ORDER DESIGNATING APPLICATION FOR HEARING ON STATED ISSUES

In the matter of Robert Lex Easley, 2950 S. Broadway, Albuquerque, New Mexico, Docket No. 10950; application for renewal of Radiotelephone First-Class Operator License, P-2-4503.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 10th day of March 1954;

The Commission having under consideration the application of Robert Lex Easley for renewal of his Radiotelephone First-Class Operator License, P-2-4503; and

It appearing, that Robert Lex Easley, in the District of Columbia, operated and caused to be operated a business and enterprise under the trade name of Consulting Radio Engineers and/or Mason & Dixon, Engineers, 945 Pennsylvania Avenue, Washington, D. C. which purported to be a legitimate, responsible and reputable business; and

It further appearing, that there is evidence that Robert Lex Easley has transmitted through the United States Mail, false and fraudulent correspondence and misrepresentations designed and intended to induce and procure a class of persons who could or might be induced to erect, construct, or support new radio broadcasting stations and induce that class of persons to contact and communicate with the applicant and to become customers and deliver to the applicant their money and property for the express purpose of obtaining for such persons, Radio Broadcasting Station Construction Permits, and providing complete service including all the required technical assistance for obtaining such permits; the installation of radio station equipment, engineering supervision and recruiting of a suitable staff; and

It further appearing, that certain persons hereinafter named, paid sums of money to the applicant to obtain such services as a result of the applicant's pretenses and misrepresentations; and

It further appearing, that the applicant did not intend to file and did not in fact file such applications;

It further appearing, that there is evidence that Robert Lex Easley, while employed by the State Highway Department of South Carolina as a radio engineer prior to October 18, 1947, without authority from the State of South Carolina, converted State material to his own use and the use of other persons in the construction of a privately owned radio station, and wilfully damaged or altered or permitted radio equipment to be damaged or altered; and

It further appearing, that the Commission is unable to determine from consideration of the application before it that a grant of renewal of a Radiotelephone First-Class Operator License to the said Robert Lex Easley would be in the public interest;

It is ordered, That the above-entitled application is hereby designated for hearing at 10:00 a. m., May 19, 1954, at the Commission's offices in Washington, D. C., on the following issues:

(1) To obtain full information with respect to representations made by Robert Lex Easley to Dallam R. Jackson; Tri-State Broadcasting Company, or representatives thereof, and full information with respect to all contracts and agreements which have been entered into between those persons in connection with the filing of applications before the F. C. C.

(2) To obtain full information with respect to representations made by Robert Lex Easley to Howard N. Lee; Horace Danley; the Opp Broadcasting Company, or representatives thereof, and full information with respect to all contracts and agreements which have been entered into between those persons in connection with the filing of applications before the F. C. C.

(3) To obtain full information with respect to Robert Lex Easley's use, disposition, damage or alteration of radio equipment and other property owned by the State of Carolina while he was employed as radio engineer by the Highway Department of that State prior to September 15, 1947.

(4) To determine in the light of evidence adduced in the foregoing issues, whether the applicant's character qualifications are such and his conduct as a radio operator has been such that it would be in the public interest to grant the applicant a renewal of his Radiotelephone First-Class Operator License.

Released: March 12, 1954.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[F. R. Doc. 54-1876; Filed, Mar. 16, 1954; 8:50 a. m.]

SCHEDULED TRANSMISSION AND RECEPTION OF MARINE WEATHER BULLETINS FOR GREAT LAKES REGION

EXTENSION OF TIME

MARCH 11, 1954.

The Federal Communications Commission, on December 21, 1953, announced a change in policy in reference to the use of certain radio channels for the scheduled transmission of Government weather information to ships navigating the Great Lakes, beginning with the 1954 season of navigation.

In its announcement, the Commission for reasons set forth therein informed all interested persons that, in granting authority for coast stations in the Great Lakes region to transmit by telephony (after March 15, 1954) marine weather information in accordance with an approved schedule, it would expect any person who might request approval of the use of any radio channel in the 2000–3000 kc band for this purpose, other than the channel utilizing the carrier frequency 2514 kc, to show, before February 15, 1954, why the desired service cannot be effectively provided in this band on the 2514 kc channel only.

Under date of February 1, 1954, the Commission was advised formally of the fact that, because of the widespread lack of equipment capable of receiving on the 2514 kc frequency on vessels of the Lake Carriers' Association, Cleveland, Ohio, and because of the short time available between the time of the Commission's related December 21, 1953 notice and March 15, 1954, in which to obtain such equipment, the matter had become the subject of a resolution adopted unanimously by the Dominion Marine Association (Toronto, Canada) and the Lake Carriers' Association at a joint meeting of the two Associations in January, 1954. This resolution, copies of which were forwarded to the Commission, proposes that:

(a) Canadian weather broadcasts be transmitted on 2514 kc as planned.

(b) United States weather broadcasts be transmitted on 2514 kc as of March 15, 1954, but that they also be transmitted on 2550 kc during the 1954 navigation season.

In consideration of this resolution and the associated request of the Lake Carriers' Association under date of February 1, 1954, together with representation by that Association that over two hundred of its vessels are not yet equipped to receive on 2514 kc and that it "will do everything possible to see that United States vessels are equipped to receive on Channel 39 (2514 kc) before 1955", the Commission will continue to authorize on a temporary basis until not later than March 15, 1955, the use of the 2550 kc frequency, in addition to the frequency 2514 kc in this band, by public coast stations for the scheduled transmission of Government weather information to ships navigating the Great Lakes.

Authorizations for this purpose for particular coast stations will be subject to an approved schedule as contemplated by § 7.185 of the Commission's rules.

Adopted: March 10, 1954.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

EXCESS INSURANCE COMPANY OF AMERICA

SURETY COMPANIES ACCEPTABLE ON FEDERAL BONDS, REVOCATION OF AUTHORITY

MARCH 11, 1954.

The certificate of authority issued by the Secretary of the Treasury to Excess Insurance Company of America, New York, New York, under the provisions of the act of Congress approved July 30, 1947 (6 U. S. C. 6–13), to qualify as sole surety on recognizances, stipulations, bonds and undertakings permitted or required by the laws of the United States, has been revoked effective as of the close of business on December 28, 1953.

American Motorists Insurance Company, an Illinois corporation, holds a certificate of authority from the Secretary of the Treasury as an acceptable surety on bonds in favor of the United States, and as the sole surviving corporation under an agreement of merger dated December 10, 1953, and effective December 28, 1953, approved by the Department of Insurance of the State of Illinois on December 15, 1953, and the Insurance Department of the State of New York on December 17, 1953, acquired all of the assets and assumed all of the liabilities of American Motorists Insurance Company and Excess Insurance Company of America. Further details as to this agreement of merger may be obtained from the Treasury Department, Bureau of Accounts, Surety Bonds Branch, Washington 25, D. C.

The underwriting limitations as of May 1, 1953, of American Motorists Insurance Company and Excess Insurance Company of America are $400,000 and $197,000, respectively. The merger of the two companies results in a combined underwriting limitation of $597,000 for the surviving corporation, American Motorists Insurance Company.

[SEAL] M. B. FOLSOM,
Acting Secretary of the Treasury.

FEDERAL POWER COMMISSION

[Docket No. G-2284]

CENTRAL KENTUCKY NATURAL GAS CO.

ORDER RESCINDING ORDER DENYING REQUEST FOR SHORTENED PROCEDURE AND RECONVENING HEARING

The Commission on January 22, 1954, issued an order denying the request of Central Kentucky Natural Gas Company (Applicant) that its application in the above-entitled proceeding be disposed of under the provisions of § 1.32 (b) of the Commission's rules of practice and procedure (18 CFR 1.32 (b)) and fixed February 23, 1954, as the date for an unabridged hearing upon said application.

In said order the Commission found that although no formal protests to said application had been filed, the Commis-

sion had received a letter from Kentucky Creosoting Company (Kentucky Creosoting) on December 24, 1953, in which it was alleged, among other things, that Kentucky Creosoting Company had refused to sign a service agreement with Applicant for the sale of natural gas which is the subject of said application. Said letter has been designated as an informal complaint by Kentucky Creosoting and assigned Docket No. IN–863 by the Commission.

The Commission on February 8, 1954, received a letter from Kentucky Creosoting wherein it alleges that certain alterations have been made in Applicant's facilities by mutual agreement, and it believes the supply pressure problems have been alleviated. Kentucky Creosoting requests permission to withdraw its letter designated Docket No. IN–863.

On February 10, 1954, Applicant filed a petition for reconsideration of the Commission's order issued on January 22, 1954 and requests that its application herein be disposed of under the shortened procedure provided by § 1.32 (b) of the Commission's rules of practice and procedure, in view of the changes in operations which have been effected and the requested withdrawal of Kentucky Creosoting's letter in Docket No. IN–863.

At the hearing on February 23, 1954, in response to a motion by counsel for Applicant, concurred in by Staff Counsel, the Presiding Examiner recessed said hearing subject to further order of the Commission, to enable the Commission to act upon Applicant's petition for reconsideration.

The Commission has reconsidered its order issued on January 22, 1954, and in the circumstances has concluded that this matter is appropriate for disposition pursuant to § 1.32 (b) of its rules of practice and procedure. The Commission is of opinion that the request of Kentucky Creosoting for withdrawal of its informal complaint in Docket IN–863 should be granted. No protest or petition to intervene in Docket No. G–2284 has been received.

The Commission finds:

(1) Good cause has been shown for rescinding the order of the Commission issued on January 22, 1954 denying Applicant's request for disposition of its application under the shortened procedure provided by § 1.32 (b) of the Commission's rules of practice and procedure.

(2) The request of Kentucky to withdraw its informal complaint should be granted.

(3) This proceeding is now a proper one for disposition under the provisions of § 1.32 (b) of the Commission's rules of practice and procedure.

The Commission orders:

(A) The request of Kentucky Creosoting Company to withdraw its informal complaint be and the same hereby is granted.

(B) The order of the Commission issued on January 22, 1954 so far as it denies the request of Central Kentucky Natural Gas Company that its application herein be disposed of pursuant to the provisions of § 1.32 (b) be and the same hereby is rescinded.

(C) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, the hearing heretofore commenced and recessed on February 23, 1954 be and the same hereby is ordered reconvened on April 2, 1954, at 9:30 a. m. in the Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., for the purpose of receiving evidence concerning the matters involved and the issues presented by the application herein: *Provided, however*, That the Commission may, after a non-contested hearing, forthwith dispose of the proceeding pursuant to the provisions of § 1.32 (b) of the Commission's rules of practice and procedure.

(D) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the said rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

Adopted: March 10, 1954.

Issued: March 11, 1954.

By the Commission.

[SEAL] LEON M. FUQUAY, *Secretary.*

[F. R. Doc. 54–1854; Filed, Mar. 16, 1954; 8:45 a. m.]

[Docket No. G–2335]

OLIN INTERSTATE CORP.

ORDER FIXING DATE OF ORAL ARGUMENT

Public hearings were concluded February 2, 1954, and the filing of briefs was completed on March 9, 1954, in the above-entitled proceeding, which involves the application filed on December 14, 1953, by Olin Interstate Corporation (Applicant) for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, authorizing the acquisition and operation of the facilities owned and operated by Interstate Natural Gas Company, Incorporated.

It appearing that this proceeding involves important issues, as reflected in the briefs heretofore filed by Applicant and Commission Staff Counsel, the Commission finds: It is appropriate in carrying out the provisions of the Natural Gas Act, and good cause exists, to hold oral argument, as hereinafter provided and ordered.

The Commission orders: Oral argument be held before the Commission, commencing on March 19, 1954, at 10:00 a. m., e. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved and the issues presented by this proceeding.

Adopted: March 10, 1954.

Issued: March 11, 1954.

By the Commission.

[F. R. Doc. 54–1853; Filed, Mar. 16, 1954; 8:45 a. m.]

[Docket No. G–2355]

NEW YORK STATE NATURAL GAS CORP.

ORDER FIXING DATE OF HEARING

The applicant in this proceeding has requested that its application for a certificate of public convenience and necessity to construct and operate certain facilities and to sell and deliver natural gas as described in its application be heard under the shortened procedure provided by § 1.32 (b) (18 CFR 1.32 (b)) of the Commission's rules of practice and procedure. The application was filed on January 18, 1954, pursuant to section 7 of the Natural Gas Act. No request to be heard, protest or petition has been filed subsequent to the giving of due notice of the filing of the application including publication in the FEDERAL REGISTER on February 18, 1954 (19 F. R. 964). This proceeding is, therefore, a proper one for disposition under the provisions of the aforesaid rule for non-contested proceedings.

The Commission orders:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing be held on April 1, 1954 at 9:30 a. m., e. s. t., in a hearing room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by the application: *Provided, however*, That the Commission may, after a non-contested hearing, forthwith dispose of the proceedings pursuant to the provisions of § 1.32 (b) of the Commission's rules of practice and procedure.

(B) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the said rules of practice and procedure.

Adopted: March 10, 1954.

Issued: March 11, 1954.

By the Commission.

NOTICE OF PROPOSED ISSUANCE AND SALE AT COMPETITIVE BIDDING OF DEBENTURES BY HOLDING COMPANY AND OF COMMON STOCKS AND NOTES BY SUBSIDIARY COMPANIES

MARCH 11, 1954

In the matter of National Fuel Gas Company, Iroquois Gas Corporation, United Natural Gas Company, Pennsylvania Gas Company, Republic Light, Heat and Power Company, Inc.; File No. 70–3208.

Notice is hereby given that National Fuel Gas Company ("National"), a registered holding company, and its gas utility-company subsidiaries Iroquois Gas Corporation ("Iroquois"), United Natural Gas Company ("United"), Pennsylvania Gas Company ("Pennsylvania"), and Republic Light, Heat and Power Company, Inc. ("Republic") have filed with this Commission a joint application-declaration, pursuant to the Public Utility Holding Company Act of 1935 ("act"), designating sections 6, 7, 9 (a), 10 and 12 (f) of the act and Rules U-43 and U-50 promulgated thereunder as applicable to the proposed transactions, which are summarized as follows:

It is stated that Iroquois, United, Pennsylvania and Republic have substantial construction programs during 1954 involving additional plant facilities needed to provide adequate service to the public, the total estimated cost of which is $11,364,250; that Republic has a bank loan of $1,500,000 maturing in 1954, the payment of which is contemplated; that Republic plans also to conduct a conversion program during 1954, involving alteration of its gas distribution plant and facilities to provide gas of higher thermal content and adjustment of the gas burning appliances in over 34,000 dwelling units at an estimated cost of approximately $720,000; and that, in order to provide the funds so required by these companies, the following transactions are proposed:

Transaction No. 1. National proposes to issue and sell, subject to the competitive bidding requirements of Rule U-50, $15,000,000 principal amount of its ____ percent Sinking Fund Debentures due 1979. The interest rate on the debentures (which shall be a multiple of ⅛ of 1 percent and the price (exclusive of accrued interest) to be paid for the Debentures (which shall be not less than 100 percent nor more than 102¾ percent of the principal amount) will be determined by the competitive bidding. The Debentures will be issued pursuant to the provisions of an Indenture between National and The Hanover Bank, Trustee, to be dated as of April 15, 1954.

National proposes to use the net proceeds from the sale of these Debentures to purchase the capital stocks of or to make loans to its said subsidiaries and to apply any balance of the net proceeds not so needed, which is estimated will approximate $2,500,000, to reduce its outstanding bank loans which aggregated $13,000,000 principal amount as at December 31, 1953.

Transaction No. 2. Iroquois proposes to issue and sell, and National proposes to buy, 45,000 shares of Iroquois' common capital stock, of a par value of $100 per share, for $4,500,000 cash.

Iroquois proposes to use the net proceeds from the sale of this stock, together with funds from current operations, to finance its 1954 construction program, estimated at $4,695,000, and to discharge short-term bank loans aggregating $1,000,000 made in connection with the company's 1953 construction program.

Iroquois has petitioned the New York Public Service Commission for approval of this transaction.

Transaction No. 3. United proposes to issue and sell, and National proposes to buy, 92,000 shares of United's no par common capital stock (having a stated value of $25 per share) for $2,300,000 cash.

United proposes to use the net proceeds from the sale of this stock, together with funds from current operations, to finance its 1954 construction program, estimated at $2,889,100.

United has applied to the Pennsylvania Public Utility Commission for permission to register a securities certificate with respect to the issuance and sale of its common stock as proposed.

Transaction No. 4. Pennsylvania proposes to issue and offer for sale to its stockholders, pursuant to their preemptive rights, on the basis of one share for each 12½ shares held on the record date (March 19, 1954), 46,080 shares without par value (having a stated value of $12.50 per share) of its common capital stock at a subscription price of $15 per share.

It is stated that National owns 356,931 shares (61.97 percent) of the common stock of Pennsylvania now outstanding; that National proposes to exercise its preemptive right and subscribe for 28,554 shares for a total purchase price of $428,310; that the remaining stockholders of Pennsylvania will be entitled to subscribe for 17,526 shares for a total purchase price of $262,890; that in addition to their primary subscription rights, all stockholders will be accorded a conditional purchase privilege, subject to allotment pro rata according to their primary subscription rights exercised, to subscribe for additional shares of the stock allocated for public subscription; that subscription rights and conditional purchase privileges will be evidenced by negotiable warrants expiring on April 26, 1954; that no fractional shares will be issued; that Warren National Bank, of Warren, Pennsylvania, will act as subscription agent and will assist, without charge to the subscribers for such services, in buying and selling rights in order that subscriptions may be made for full shares; that, according to the "Weekly Over-the-Counter List" published by The Wall Street Journal for February 23, 1954, the market prices for Pennsylvania's common stock were $15.50 bid and $17.00 asked.

National states that it intends to subscribe for 28,554 additional shares, and to exercise its conditional purchase privilege and purchase such shares as are allotted to it under such privilege. Pennsylvania has entered into an agreement with National whereby Pennsylvania agrees to sell to National, and National agrees to purchase, at the subscription price of $15 per share, the total number of additional shares not taken by other stockholders.

Pennsylvania proposes to apply the proceeds from the sale of said stock to finance its 1954 construction program, estimated at $2,108,650, and to increase its supply of gas in underground storage.

Pennsylvania has applied to the Pennsylvania Public Utility Commission for permission to register a securities certificate with respect to its issuance and sale of its common stock as proposed.

Transaction No. 5. Pennsylvania also proposes to issue and sell, and National proposes to buy, from time to time during 1954, promissory notes aggregating in principal amount not to exceed $1,500,000. Such notes will be unsecured and each will be in the principal amount of $125,000. The notes will mature at annual intervals beginning April 1, 1967. Each note will bear interest at a rate per annum equal to the interest rate applicable to National's 1954 Debenture issue, plus ⅛ of 1 percent, payable semi-annually on April 1 and October 1 of each year until paid in full. Pennsylvania will have the option of prepaying these notes in whole or in part, after payment in full of all notes presently outstanding which aggregated $5,400,000 as at December 31, 1953, and which are held by National.

Pennsylvania will use the proceeds from the sale of said notes, together with funds to become available through the sale of its common stock as aforesaid, to finance its 1954 construction program.

Pennsylvania has applied to the Pennsylvania Public Utility Commission for permission to register a securities certificate with respect to its issue and sale of its notes as proposed.

Transaction No. 6. Republic proposes to issue and sell, and National proposes to buy 30,000 shares of Republic's capital stock, of a par value of $100 per share, for $3,000,000 cash.

Republic proposes to apply the net proceeds from the sale of this stock (1) To repay bank loans due October 1, 1954, in the amount of $1,500,000, and (2) To finance, in part, its 1954 construction program, estimated at $1,671,500.

Republic has petitioned the New York Public Service Commission for permission to issue and sell its common stock as proposed.

Transaction No. 7. Republic proposes to issue and sell, and National proposes to buy, from time to time during 1954, promissory notes aggregating in principal amount not to exceed $720,000. Such notes will mature in the aggregate amount of $90,000 on May 15 of each year beginning with the year 1955, and will bear interest at a rate per annum equal to the coupon interest rate applicable to National's 1954 Debenture issue, plus ⅛ of 1 percent, payable semi-annually.

Republic proposes to use the net proceeds from the sale of these notes to pay the cost of its 1954 conversion program aforesaid.

Republic has petitioned the New York Public Service Commission for permission to issue and sell its promissory notes as proposed.

Notice is further given that any interested person may, not later than March 26, 1954 at 12:30 p. m., e. s. t., request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law, if any, raised by said application-declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after said date said application-declaration, as filed or as amended, may be granted and permitted to become effective as pro-

vided in Rule U-3 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof.

By the Commission.

[File No. 70-3217]

COLUMBIA GAS SYSTEM, INC.

NOTICE REGARDING PROPOSED EXTENSION OF SHORT-TERM NOTES

MARCH 11, 1954.

Notice is hereby given that The Columbia Gas System, Inc. ("Columbia"), a registered holding company, has filed a declaration with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("act"), and has designated sections 6 and 7 thereof as applicable to the proposed transaction which is summarized as follows:

By order dated May 21, 1953, the Commission permitted to become effective a declaration filed by Columbia regarding the borrowing of not in excess of $30,000,000 from certain designated banking institutions. (Holding Company Act Release No. 11931.) Pursuant thereto, Columbia issued short-term 3 percent notes, evidencing the bank borrowing, to be repaid in installments of $9,000,000 on February 26, 1954, $9,000,000 on March 31, 1954, and $12,000,000 on April 30, 1954.

Columbia paid the first installment of $9,000,000 on February 26, 1954, and has made arrangements with the lending banks to extend the maturity dates of the last two installments (aggregating $21,000,000) to May 31, 1954. Interest on the $9,000,000 installment due March 31, 1954, will accrue from March 31 to May 31, 1954, at the prime rate for short-term money as at March 31, 1954. Interest on the $12,000,000 installment due April 30, 1954, will accrue from April 30, 1954, to May 31, 1954, at the prime rate for short-term money as at April 30, 1954. Under the new arrangements Columbia has the option to prepay the $9,000,000 installment presently due on March 31, 1954, at any time after April 30, 1954.

According to Columbia, the original $30,000,000 of bank indebtedness was incurred for the purpose of obtaining funds to advance to its subsidiaries to finance their purchase of inventory gas. The proposed extension of the unpaid balance of the bank loans is considered an interim arrangement to enable Columbia to meet a portion of the cash requirements of its subsidiaries in connection with their 1954 construction program until funds are obtained by Columbia from the sale of securities which are the subject of a declaration filed with the Commission on March 2, 1954 (File No. 70-3210) which contemplates the issuance and sale on or before May 14, 1954, of $50,000,000 principal amount of Subordinated Debentures, the proceeds of which are to finance, in part, the cost of the system's overall construction requirements for 1954. The Commission has ordered that a public hearing be held on March 22, 1954, in connection with the proposed issuance and sale of Subordinated Debentures. (See Holding Company Act Release No. 12388.) Columbia estimates that the fees and expenses to be incurred in connection with the proposed extension of bank loans will not exceed $500.

Notice is further given that any interested person may, not later than March 26, 1954, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues of fact or law, if any, raised by the said declaration which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after that date, said declaration, as filed or as amended, may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transaction as provided in Rule U-20 (a) and Rule U-100 thereof.

By the Commission.

[4th Sec. Application 29936]

GRAIN, GRAIN PRODUCTS AND RELATED ARTICLES BETWEEN POINTS IN TEXAS INCLUDING ADJACENT POINTS

APPLICATION FOR RELIEF

MARCH 12, 1954.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: Lee Douglas, Agent for carriers parties to his tariff I. C. C. No. 764.

Commodities involved: Grain, grain products and related articles, carloads.

Between: Points in Texas including adjacent points.

Grounds for relief: Rail competition, to maintain grouping and operation through higher-rated territory.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

[SEAL] GEORGE W. LAIRD,
Secretary.

[4th Sec. Application 29007]

ROCK SALT FROM GRAND SALINE, TEX., TO POINTS IN TEXAS

APPLICATION FOR RELIEF

MARCH 12, 1954.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: Lee Douglas, Agent, for the Kansas City Southern Railway Company and the Texas and Pacific Railway Company.

Commodities involved: Rock salt, crushed or screened, but not otherwise processed, carloads.

From: Grand Saline, Tex.

To: Beaumont, Chaison, Nederland, Port Arthur, Port Neches, Ruliff, Smiths Bluff, West Port Arthur and Zummo, Texas.

Grounds for relief: Competition with rail carriers and market competition.

Schedules filed containing proposed rates: Lee Douglas, Agent, I. C. C. No. 807, supp. 40.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

TITLE 7—AGRICULTURE

Chapter III—Agricultural Research Service, Department of Agriculture

PART 301—DOMESTIC QUARANTINE NOTICES

SUBPART—HAWAIIAN FRUITS AND VEGETABLES

ADDITION OF FOXHEADS OR NIPPLE FRUITS TO LIST OF PRODUCTS WHICH MAY BE MOVED FROM HAWAII AFTER INSPECTION AND CERTIFICATION

Pursuant to the authority conferred by sections 8 and 9 of the Plant Quarantine Act of 1912, as amended (7 U. S. C. 161, 162), § 301.13–2 (b) of the regulations supplemental to the quarantine relating to the domestic movement of Hawaiian fruits and vegetables (7 CFR 301.13–2 (b), as amended) is hereby amended by inserting "Foxheads or Nipple fruits (Solanum mammosum)" after the term "Dropwort, water (Oenanthe stolonifera)" in the list of fruits and vegetables allowed movement from Hawaii throughout the year in compliance with the inspection and certification requirements of the regulations.

The purpose of this amendment is to authorize the movement from Hawaii throughout the year of untreated fruit of Solanum mammosum, commonly known as foxheads or nipple fruits. At present treatment is required as a condition of such movement. The amendment therefore relieves a restriction on the movement of such fruit. Extensive experimental work conducted in Hawaii has disclosed that such fruit is not a host of the oriental, melon, or Mediterranean fruit fly. Consequently, it has been determined that treatment is not necessary as a condition of the movement of the fruit and that inspection and certification procedures will give adequate protection. This fruit is used as a decorative material, and commercial growers and florists in Hawaii desire to ship it to mainland markets. In order to be of maximum benefit to persons subject to the present restrictions the amendment should be made effective as promptly as possible. Therefore, pursuant to paragraphs 4 (a) and (c) of the Administrative Procedure Act (5 U. S. C. 1003 (a) and (c)), it is found upon good cause that notice and other public procedure with respect to this amendment are impracticable and contrary to the public interest, and good cause is found for the issuance of the amendment effective less than 30 days after publication in the FEDERAL REGISTER.

(Secs. 1, 3, 33 Stat. 1269, 1270, sec. 9, 37 Stat. 318; 7 U. S. C. 141, 143, 162. Interprets or applies sec. 8, 37 Stat. 316, as amended; 7 U. S. C. 161)

This amendment shall be effective March 18, 1954.

Done at Washington, D. C., this 15th day of March 1954.

[SEAL] M. R. CLARKSON,
Acting Administrator,
Agricultural Research Service.

FEDERAL REGISTER

Published daily, except Sundays, Mondays, and days following official Federal holidays, by the Federal Register Division, National Archives and Records Service, General Services Administration, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U. S. C., ch. 8B), under regulations prescribed by the Administrative Committee of the Federal Register, approved by the President. Distribution is made only by the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

The regulatory material appearing herein is keyed to the Code of Federal Regulations, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended August 5, 1953.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $1.50 per month or $15.00 per year, payable in advance. The charge for individual copies (minimum 15¢) varies in proportion to the size of the issue. Remit check or money order, made payable to the Superintendent of Documents, directly to the Government Printing Office, Washington 25, D. C.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER.

[Amdt. 4]

PART 722—COTTON

MARKETING QUOTA REGULATIONS RELATING TO APPORTIONMENT OF NATIONAL ACREAGE ALLOTMENT FOR 1954 CROP OF UPLAND COTTON TO STATES, COUNTIES AND FARMS

Basis and purpose. The amendments set forth herein relate to the establishment of acreage allotments for new cotton farms and to the release and reapportionment of farm acreage allotments. The first amendment permits the establishment of allotments for new cotton farms which are comparable with minimum farm allotments determined for old cotton farms in the county in cases where the acreage determined by multiplying the adjusted cropland for the farm by the county cropland factor results in an acreage allotment limitation of less than 5 acres. The second amendment makes two changes in the provisions relating to the release and reapportionment of farm acreage allotments. It is provided that acreage released by the owner or operator of a new cotton farm will not be regarded as planted on such farm unless a part of such allotment is retained and cotton is planted on the farm in 1954. Under the other change, the county committee is authorized to refuse to accept the release of farm acreage allotment under specified conditions.

Farmers in the southern areas of the cotton-belt have begun planting their 1954 cotton crops and farmers in the other areas are making plans, preparing land and purchasing seed, fertilizer, and other supplies and equipment for the planting and production of cotton this year. In order that the additional provisions included in these amendments may be carried out promptly by the State and county Agricultural Stabilization and Conservation Committees, it is essential that the amendments set forth herein be made effective as soon as possible. Accordingly, it is hereby determined and found that compliance with the notice, public procedure, and effective date requirements of section 4 of the Administrative Procedure Act (5 U. S. C. 1003) is impracticable and contrary to the public interest, and the amendments contained herein shall be effective upon filing of this document with the Director, Division of the Federal Register.

The Marketing Quota Regulations Relating to Apportionment of the National Acreage Allotment for the 1954 Crop of Upland Cotton (18 F. R. 7527, 18 F. R. 7836, 19 F. R. 4, 19 F. R. 761) are hereby amended as follows:

1. Section 722.517 (d) (3) (iii) is amended to read as follows:

(iii) *Establishment of acreage allotments for new cotton farms.* If the applicant's farm is eligible for a cotton acreage allotment, such allotment shall be established by the committee on the basis of land, labor, and equipment available for the production of cotton; crop-rotation practices; the soil and other physical facilities affecting the production of cotton. The acreage allotment so determined for any such farm shall not exceed the smallest of (*a*) the acreage allotment established for old cotton farms in the county which are similar with respect to the foregoing factors, (*b*) the acreage allotment requested by the applicant, and (*c*) the result obtained by multiplying the adjusted cropland for the farm by the final county cropland factor: *Provided*, That in cases where the acreage limitation determined under item (*c*) of this subparagraph is less than 5 acres the acreage so determined may be increased so that it will be comparable with the cotton acreage allotments for comparable old cotton farms but not to exceed 5 acres. The acreage allotments for new cotton farms shall be subject to review and approval by the State committee.

2. Section 722.517 (k) is amended to read as follows:

(k) *Release and reapportionment of cotton acreage allotments.* Any part of any 1954 farm cotton acreage allotment on which cotton will not be planted in 1954 and which is voluntarily released to the county committee by the applicable closing date shall be deducted from the cotton acreage allotment for such farm and may be reapportioned by the county committee not later than the applicable closing date to other farms receiving farm acreage allotments for cotton in the same county in amounts determined by the county committee to be fair and reasonable on the basis of past acreages of cotton, land, labor, and equipment available for the production of cotton, crop-rotation practices, and soil and other physical facilities affecting the production of cotton. The State committee shall establish closing dates for purposes of the foregoing provisions for the entire State or for areas in the State if there is a substantial difference in planting dates for different areas in the State. The closing date so established for releasing farm acreage allotments shall be the date on which the planting of cotton normally becomes general on farms in the State or area, and the closing date so established for reapportionment of such released acreage to other farms in the same county shall be the latest date on which cotton can normally be planted on farms in the State or area with reasonable expectations of producing an average crop. If all of the allotted acreage voluntarily released is not needed in the county, the county committee may surrender the excess acreage to the State committee for reapportionment to counties as provided in § 722.516 (j). Any farm acreage allotment released for 1954 only shall, in determining future farm cotton acreage allotments, be regarded as having been planted on the farm releasing such allotments if cotton was planted on such farm in at least one of the years in the three-year farm base period, except that acreage released by the owner or operator of a new cotton farm will not be regarded as planted on such farm unless a part of such allotment is retained and cotton is planted on the farm in 1954. Any part of any farm acreage allotment may be permanently released in writing to the county committee by the owner and operator of the farm, and reapportioned as provided in this paragraph. In determining future farm cotton acreage allotments, the planting in 1954 of reapportioned acreage allotment shall not be considered. For the purpose of determining future State and county acreage allotments, reapportioned acreage will be credited to the State and to the county in which such acreage was planted. Notwithstanding the forgoing provisions of this paragraph, the county committee shall not accept a release of a farm acreage allotment permanently or for 1954 only if (1) such release is opposed by a person whom the county committee determines will subsequently have an interest in the farm as owner or operator, or (2) the county committee determines that the farm is being acquired for governmental or other public purposes.

(Sec. 375, 52 Stat. 66, as amended; 7 U. S. C. 1375. Interprets or applies secs. 301, 342-348, 361-368, 373-374, 388, 52 Stat. 38, as amended. Pub. Law 290, 83d Cong.; 7 U. S. C. 1301, 1342-1348, 1361-1368, 1373, 1374, 1388)

Done at Washington, D. C., this 15th day of March 1954. Witness my hand and the seal of the Department of Agriculture.

[Amdt. 1]

PART 728—WHEAT

SUBPART—WHEAT MARKETING QUOTAS FOR 1954 CROP

FARM ACREAGE ALLOTMENT; WHEAT ACREAGE

The amendments herein are based on the marketing quota provisions of the Agricultural Adjustment Act of 1938, as amended, applicable to wheat (7 U. S. C. 1331–1340) and are made for the purpose of amending paragraphs (q) and (r) (1) of § 728.451 of the wheat marketing quota regulations for the 1954 crop relating to the definitions of the terms "farm acreage allotment" and "wheat acreage."

Since wheat farmers are now planning their 1954 operations, it is imperative that they be notified as soon as possible of the changes in the wheat marketing quota regulations made by the amendments herein. Therefore, it is hereby determined that compliance with the provisions of the Administrative Procedure Act with respect to notice, public procedure thereon, and effective date is contrary to the public interest, and the amendments herein shall become effective upon the date of their publication in the FEDERAL REGISTER.

Section 728.451 of the 1954 wheat marketing quota regulations is hereby amended as follows:

1. Paragraph (q) is amended to read as follows:

(q) "Farm acreage allotment" means that wheat acreage allotment (including limitations with respect to any class or subclass of wheat) established for the

farm under §§ 728.410 to 728.424 (18 F. R. 3161), and any amendments thereto.

2. Paragraph (r) (1) is amended to read as follows:

(r) (1) "Wheat acreage" means (i) any acreage seeded to wheat, excluding any acreage (*a*) seeded to a wheat mixture in wheat mixture counties approved by the Director, or (*b*) which does not reach maturity because it is, while still green, turned under, pastured off, or cut for hay or silage, and (ii) any acreage of volunteer (self-seeded) wheat which reaches maturity.

(Sec. 375, 52 Stat. 66, as amended; 7 U. S. C. 1375. Interpret or apply sec. 334, 52 Stat. 53, as amended; 7 U. S. C. 1334; sec. 4, Pub. Law 290, 83d Cong.)

Done at Washington, D. C., this 15th day of March 1954. Witness my hand and the seal of the Department of Agriculture.

[SEAL] TRUE D. MORSE,
Acting Secretary of Agriculture.

[F. R. Doc. 54-1930; Filed, Mar. 17, 1954; 8:53 a. m.]

TITLE 9—ANIMALS AND ANIMAL PRODUCTS

Chapter I—Agricultural Research Service, Department of Agriculture

PART 27—IMPORTED PRODUCTS

MISCELLANEOUS AMENDMENTS

Pursuant to the authority conferred by paragraphs 306 (b) and (c) of the Tariff Act of 1930 (19 U. S. C. 1306 (b) and (c)), §§ 27.3 and 27.8 of the Meat Inspection Regulations (9 CFR 27.3 and 27.8, as amended) are hereby amended, respectively, as follows:

1. A new paragraph (f) is added to § 27.3 to read:

(f) No canned product shall be admitted into the United States unless it meets the following requirements:

(1) Canned product must be processed at such temperature and for such period of time as will assure keeping without refrigeration under usual conditions of storage and transportation, with the exception of canned product specified by the Chief of Branch which is processed without steam-pressure cooking in accordance with the methods approved by the Chief of Branch and which is labeled "Perishable, Keep Under Refrigeration" where such labeling is required by the Chief of Branch.

(2) Heat processed canned product shall show the external characteristics of sound cans, that is, the cans shall not be overfilled; they shall have concave sides, excepting the seam side, and all ends shall be concave; there shall be no bulging; the sides and ends shall conform to the product; and there shall be no slack or loose tin.

2. A new paragraph (q) is added to § 27.8 to read:

(q) Representative samples of canned shelf size (under 3 lbs.) product such as hams, shoulders, shoulder picnics, and pork loins shall be incubated by holding them for at least ten days at about 98° F. When deemed necessary by the Chief of Branch, incubation may be required for other types of canned product. The necessary incubation facilities shall be provided by the importers or their agents.

These amendments are intended to clarify the fact that certain requirements of the Meat Inspection Regulations are applicable to product offered for importation under the regulations. Application of these requirements to such product is deemed necessary for protection of the public health, and prospective importers should be informed of the applicability of such requirements as soon as possible to avoid undue hardship. Therefore, under section 4 of the Administrative Procedure Act (5 U. S. C. 1003), it is found upon good cause that notice and other rule-making procedure with respect to the amendments are impracticable, unnecessary and contrary to the public interest, and good cause is found for making the amendments effective less than 30 days after publication in the FEDERAL REGISTER.

(Ch. 2907, 34 Stat. 1264, sec. 306, 46 Stat. 689; 19 U. S. C. 1306, 21 U. S. C. 89)

The foregoing amendments shall be effective March 18, 1954.

Done at Washington, D. C., this 15th day of March 1954.

[SEAL] M. R. CLARKSON,
Acting Administrator,
Agricultural Research Service.

(Sec. 6, 38 Stat. 722; 15 U. S. C. 46. Interpret or apply sec. 5, 38 Stat. 719; 15 U. S. C. 45) [Cease and desist order, Clark R. Bellows, Jr., t. a. Institute of Applied Hypnology et al., New York, N. Y., Docket 6142, February 19, 1954]

In the Matter of Clark R. Bellows, Jr., an Individual, Trading Under the Name of Institute of Applied Hypnology, and Clark R. Bellows, Sr.

This proceeding was heard by Abner E. Lipscomb, hearing examiner, upon the complaint of the Commission and respondents' answer admitting all the material allegations of fact set forth therein and waiving all intervening procedure and further hearing as to said facts.

Thereafter the proceeding regularly came on for final consideration by said examiner, theretofore duly designated by the Commission, upon said complaint and said answer thereto, and said examiner, having duly considered the record in the matter and having found that the proceeding was in the interest of the public, made his initial decision comprising certain findings as to the facts,[1] conclusion drawn therefrom,[1] and order to cease and desist.

No appeal having been filed from said initial decision of said hearing examiner, as provided for in Rule XXII, nor any other action taken as thereby provided to prevent said initial decision becoming the decision of the Commission thirty days from service thereof upon the parties, said initial decision, including said order to cease and desist, accordingly, under the provisions of said Rule XXII became the decision of the Commission on February 19, 1954.

Said order to cease and desist is as follows:

It is ordered, That the respondent Clark R. Bellows, Jr., trading as Institute of Applied Hypnology, or trading under any other name, the respondent Clark R. Bellows, Sr., and their agents, representatives and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution in commerce, as "commerce" is defined in the Federal Trade Commission Act, of their courses of instruction in hypnotism, do forthwith cease and desist from:

1. Representing, directly or by implication:

(a) That any one of average intelligence can learn hypnotism by taking respondents' course of instruction by correspondence;

(b) That a person practicing hypnotism, as taught by respondents' course, will develop willpower, self-confidence, self-control, courage, poise, polish or personal force, or can overcome an inferiority complex;

(c) That a person practicing autosuggestion, as taught by respondents' course, is enabled to remake, rebuild or reconstruct his life;

(d) That by studying respondents' course one can become a mental giant;

(e) That respondents' course is not a mail order course or is an extension course applying resident training methods and principles;

(f) That there is a big demand for, or a scarcity of, hypnotists in this country;

(g) That persons completing respondents' course are qualified to treat diseases, habits or abnormal conditions of the human body by hypnotism or can cure or substantially benefit amnesia, complexes, constipation, contractures or paralyses resulting from gross lesion of the brain, dyspepsia, enuresis nocturnia, epilepsy, excesses, facial and other twitchings, hysterias, insomnia, masturbation, menstrual irregularities, morphia or other drug habits, nail-biting, neuralgia, neurasthenia, pains, stammering, stuttering or obesity;

2. Misrepresenting the money-making opportunities of persons completing respondents' course;

3. Using the word "Institute" in their trade name or otherwise representing that their business is other than a commercial enterprise operated for profit;

4. Using the words "faculty," "institution of learning" or similar words or phrases representing that their business is other than a commercial enterprise operated for profit;

5. Using the title "doctor" or any abbreviation thereof to designate any person identified with respondents' enterprises unless such title has been duly conferred by an accredited educational institution of higher learning.

By "Decision of the Commission and order to file report of compliance", Docket 6142, February 19, 1954, which announced and decreed fruition of said initial decision, report of compliance was required as follows:

It is ordered, that the respondents herein shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with the order to cease and desist.

Issued: February 19, 1954.

By the Commission.

[SEAL] ALEX. AKERMAN, JR.,
Secretary.

[F. R. Doc. 54-1906; Filed, Mar. 17, 1954; 8:48 a. m.]

[1] Filed as part of original document.

TITLE 17—COMMODITY AND SECURITIES EXCHANGES

Chapter II—Securities and Exchange Commission

PART 201—RULES OF PRACTICE

CHARGES FOR REPRODUCTIONS OF DOCUMENTS AND FOR CERTIFICATIONS

The Securities and Exchange Commission today announced an amendment to § 201.13 (j) (Rule XIII (j)) of its rules of practice providing a revised schedule of photocopy fees and a reduced fee for certifications (with seal).

Statement of purpose. This amendment is to conform the Commission's charges for reproductions of documents and certifications to the general policy set forth in Budget Bureau Circular A-28, dated January 23, 1954. It adopts the 50-cent fee for certification (with seal) and the minimum photocopy fees set forth in the circular.

Statutory basis. This amendment is pursuant to sections 6 (d) and 19 (a) of the Securities Act of 1933, sections 23 (a) and 24 (b) of the Securities Exchange Act of 1934, sections 20 (a) and 22 (a) of the Public Utility Holding Company Act of 1935, sections 307 (a) and 319 (a) of the Trust Indenture Act of 1939, sections 38 (a) and 45 (b) of the Investment Company Act of 1940, sections 210 (a) and 211 (a) of the Investment Advisers Act of 1940, and Title V of the Independent Offices Appropriation Act, 1952 (5 U. S. C. 140), as implemented by Budget Bureau Circular A-28.

Text of rule. Rule XIII (j) is amended to read as follows:

§ 201.13 *Filing papers; docket; computation of time; public information; confidential treatment.* • • •

(j) Matters of public record may be inspected in the Public Reference Room at the principal office of the Commission, and such material on file at regional offices of the Commission may be inspected at those offices during regular business hours. Copies of matters of public record will be sold to any person upon payment of 20 cents for the first reproduction of an original page where the reproduction does not exceed 9 x 12 inches, 30 cents where it is larger but does not exceed 12 x 18 inches, and 50 cents where it is larger but does not exceed 18 x 24 inches. Additional copies of these pages will be at the rate of 15 cents, 25 cents, and 45 cents per page, respectively. In the the absence of special circumstances, documents will be photocopied at a 25 percent reduction in size. In addition to any copying charge a charge of 50 cents will be made for each certification relating to Commission's records without additional charge for the seal of the Commission, which will be affixed in all instances. There will be a minimum charge of 50 cents for each order.

The foregoing action shall be effective March 15, 1954.

(Secs. 19, 23, 48 Stat. 85, 901, as amended, sec. 20, 49 Stat. 833, 53 Stat. 1173, secs. 38, 211, 54 Stat. 841, 855; 15 U. S. C. 77s, 77sss, 78u, 79t, 80a-37, 80b-11)

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

MARCH 8, 1954.

[F. R. Doc. 54-1904; Filed, Mar. 17, 1954; 8:47 a. m.]

PART 240—GENERAL RULES AND REGULATIONS UNDER THE SECURITIES EXCHANGE ACT OF 1934

TRADING IN GERMAN SECURITIES

The Securities and Exchange Commission has announced that it has amended its § 240.15c2-3 (Rule X-15C2-3) under the Securities Exchange Act of 1934. This rule was announced in Securities Exchange Act Release 4983 on January 11, 1954, in which release the Commission also discussed various other matters pertaining to the resumption of trading in German securities. The amendment was adopted to make it possible for brokers and dealers to trade in interest coupons detached from German bonds which have been duly validated by the Validation Board for German Dollars Bonds.

Rule X-15C2-3 makes it a "fraudulent, deceptive or manipulative act or practice", under section 15 (c) (2) of the act, for any broker or dealer to effect any transaction in a security required to be validated under any laws of the Federal Republic of Germany unless such security has been duly validated. Before the amendment, every such dollar security also had to have attached to it a document of the Validation Board for German Dollar Bonds certifying to its validation. Under the amended rule an interest coupon detached from a validated bond may be traded even though the coupon does not have its own validation certificate attached to it. The

Commission has been informed that it would be unduly expensive and administratively impractical to attempt to attach certificates to such coupons.

The need for the above amendment was indicated by an exchange offer made by the Federal Republic to the holders of Free State of Prussia Sinking Fund Bonds (the 6½ percent External Loan of 1926 due September 15, 1951, and the 6 percent External Loan of 1927 due October 15, 1952) under the terms of which certain of the coupons attached to such bonds were to be retained by the holders. The coupons bearing due dates from March 15, 1933 to and including October 15, 1936, are to be paid 20 years after they mature at the rate of 50 percent of the face amount thereof. The payment of coupons due on or after March 15, 1937 (and of interest from September 15, 1951 to October 1, 1952 on the Prussia Bonds of the External Loan of 1926) is to be the subject of negotiation after territories formerly belonging to the Free State of Prussia and now outside the territory of the Federal Republic are joined to the Federal Republic. In this connection, it should be mentioned that the unusual conditions precedent to the payment of the coupons due on or after March 15, 1937 would constitute a material fact within the meaning of the anti-fraud provisions contained in section 17 (a) of the Securities Act of 1933; and §§ 240.10b–5 and 240.15c1–2 (Rules X-10B–5 and X-15C1–2) adopted under sections 10 (b) and 15 (c) (1), respectively, of the Securities Exchange Act of 1934; and persons offering or selling such coupons, particularly brokers and dealers, who wish to avoid the possibility of violating such provisions should consider the need to disclose this information to persons to whom such coupons are offered.

It is also appropriate to point out here that the Commission has been informed that four different issues of certificates of deposit or participation issued against four German issues[1] which certificates are not now required to be validated, have been the subject of looting after the occupation of Germany in 1945 by the Soviet armed forces, and that an arrangement may be entered into between the United States and the Federal Republic of Germany, under which such certificates of deposit or participation may be made subject to validation. The Commission is also informed that such German debtors are taking the position that present or future holders of looted certificates should not participate in any payments, or in any exchange offers, which may be made by such debtors. While the Commission can express no opinion as to whether the position taken by such German debtors can or cannot be legally sustained, brokers, dealers or other persons who effect transactions in such securities should take all of the above factors into consideration, and should also consider the applicability of the anti-fraud provisions mentioned above in connection with any purchase or sale of such securities.

As Securities Exchange Act Release 4983 pointed out, registration of securities with the Validation Board for German dollar bonds began in September 1953. In January 1954 the Validation Board validated and released substantial amounts of four issues: Two issues of the Federal Republic and two issues of the Free State of Prussia. These issues and five new issues of the Federal Republic are now being traded. The Validation Board has now informed the Commission that varying amounts of some of the remaining issues required to be validated, including many corporate issues, have been validated and returned to the registrants who deposited such securities for validation; and these validation procedures are continuing.

In this connection, the Commission wishes to point out again that it has been continuously concerned with obtaining for investors recent information about the issuers of various German dollar securities. Such information is considered desirable in connection with the resumption of trading in such securities. In November 1952 the Commission initiated steps through the Government of the Federal Republic looking to the furnishing of current information by the German issuers. Such information about the Federal Republic is now available in a circular dated October 6, 1953 which relates to the exchange offer which it is making. Since information about the other German issuers had not been furnished, in November 1953 the Commission, after consultation with the Department of State, sent direct requests to 63 issuers of German dollar obligations and again requested the assistance of the Government of the Federal Republic. As a result of such efforts, 22 German issuers[2] have transmitted to the Commission copies (in the German language) of their annual reports, or similar information, but the remaining 41 issuers have failed to send any information. The information on hand is available for public inspection in the Commission's Washington Office and, where sufficient copies have been received, is also available for public inspection in the Commission's regional offices in New York, Chicago, and San Francisco. Reports received from other German issuers will likewise be made available for public inspection as rapidly as they are received.

The Commission considers it important to point out the absence of or the limited amount of information available, particularly about some of the German corporate issuers whose validated securities may be available for trading. In this connection, persons effecting transactions in these securities should also consider the applicability of the anti-fraud provisions mentioned above. These provisions would be particularly pertinent in the event that any person, whether or not a broker or dealer, should undertake to acquire any of the securities on behalf of the issuer thereof or any "insider", since such persons may have knowledge of material information necessary to make an informed judgment as to whether and at what price the transaction should be effected. The failure to disclose such information to the person from whom the securities are purchased may in some cases involve the violation of the Commission's Rule X-10B-5.

Statutory basis. Section 240.15c2–3 is amended pursuant to the provisions of the Securities Exchange Act of 1934, particularly sections 15 (c) (2) and 23 (a) thereof, the Commission deeming such action necessary and appropriate in the public interest and for the protection of investors and necessary for the execution of the functions vested in it under the act. The Commission finds that notice and public procedure pursuant to the provisions of section 4 (a) and (b) of the Administrative Procedure Act are impracticable and unnecessary since the amendment furthers the principal purposes and functions of the rule as originally adopted. The Commission further finds, in accordance with the provisions of section 4 (c) of the Administrative Procedure Act, that the amendment has the effect of relieving restriction and that it may be declared effective before the expiration of 30 days after the publication thereof.

Text of rule. Section 240.15c2–3 is amended to read as follows:

§ 240.15c2–3 *Prohibiting trading in German securities unless validated.* The term "fraudulent, deceptive, or manipulative act or practice," as used in section 15 (c) (2) of the act, is hereby defined to include any act of any broker or dealer designed to effect any transaction in, or to induce or attempt to induce the purchase or sale of, any security required to be validated under any applicable validation law of the Federal Republic of Germany unless (a) such security has been duly validated, and (b) if such security is a dollar security (other than an interest coupon detached from a bond which has been duly validated by the Validation Board for German Dollar Bonds) there is attached a document of the Validation Board for German Dollar Bonds certifying to the validation of such security.

Effective: March 9, 1954.

(Sec. 23, 48 Stat. 901, as amended; 15 U. S. C. 78w)

By the Commission.

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

[Circular 1869]

PART 69—MINERAL LANDS: GENERAL MINING REGULATIONS

LOCATION AND ENTRY OF MINERAL LANDS IN ALASKA; EVIDENCE OF TITLE

Section 69.7 is amended to read as follows:

§ 69.7 *Evidence of title.* (a) Each patent application must be supported by either a certificate of title or an abstract of title certified to by the legal custodian of the records of locations and transfers of mining claims or by an abstracter of titles. The certificate of title or certificate to an abstract of title must be by a person, association, or corporation authorized by the Territorial laws to execute such a certificate and acceptable to the Bureau of Land Management.

(b) A certificate of title must conform substantially to Form 4–1246.

(c) Each certificate of title or abstract of title must be accompanied by single copies of the certificate or notice of the original location of each claim, and of the certificates of amended or supplemental locations thereof, certified to by the legal custodian of the record of mining locations.

(d) A certificate to an abstract of title must state that the abstract is a full, true, and complete abstract of the location certificates or notices, and all amendments thereof, and of all deeds, instruments, or actions appearing of record purporting to convey or to affect the title to each claim.

(e) The application for patent will be received and filed if the certificate of title or an abstract is brought down to a day reasonably near the date of the presentation of the application and shows full title in the applicant, who must as soon as practicable thereafter file a supplemental certificate of title or an abstract brought down so as to include the date of the filing of the application. Publication will not be ordered until the showing as to title is thus completed and the manager is satisfied that full title was in the applicant on the day of the filing of the application.

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

[Docket No. 10492]

PART 3—RADIO BROADCAST SERVICES

STANDARDS OF GOOD ENGINEERING PRACTICE CONCERNING STANDARD BROADCAST STATIONS

In the matter of amendment of the Standards of Good Engineering Practice Concerning Standard Broadcast Stations; Docket No. 10492.

1. The Commission has under consideration its notice of proposed rule making, issued on May 8, 1953, proposing to delete the sections of the Standards providing that the intensity of skywave broadcast signals may be computed on the basis of individual measurements and prescribing the method of making such measurements. The provisions involved are section 1 (the first, second, and third paragraphs appearing after Table III, which specify, in part, that the existence or the absence of objectionable skywave interference may be established by skywave field intensity measurements) and Annex III and subsection C of section 2, which set out detailed procedures for the making and submission of such measurements. The latter subsection also provides that these measurements take precedence over results obtained by use of appropriate skywave curves contained in the Standards.

2. A written comment in favor of the proposal was submitted by American Broadcasting-Paramount Theatres, Inc. This comment pointed out that because of numerous factors, skywave transmission phenomena vary continuously and therefore, skywave measurements made over relatively short periods of time yield results which may be widely different from those obtained by use of the Standards' curves; that such measurements do not give more accurate results; and that broadcasting assignments which are relatively permanent cannot be constantly adjusted to varying interference conditions. It accordingly favors the adoption of the outstanding proposal in order to prevent the introduction of skywave measurements in all proceedings except a general rule-making one looking toward possible revision of Figures 1 and 1–A and the development of additional curves.

3. Comments in opposition were filed by WNEW, Inc., A. Earl Cullum, Jr., Pacific Coast Broadcasting Company (KXLA), National Broadcasting Company, Inc., Westinghouse Radio Stations, Inc., George P. Adair, Clear Channel Broadcasting Service, Storer Broadcasting Company, and the Association of Federal Communications Consulting Engineers.

4. The main argument advanced by these parties is that in many cases and particularly those involving directional antennas, application of the general curves will lead to erroneous conclusions. It is pointed out that the fields delivered in theoretical vertical nulls are many times the theoretical values, that electrical energy arrives at distant points by

way of several paths, and accordingly, that the use of the skywave curves to determine the extent of interference from directional antennas is unrealistic and unacceptable. The parties contend that correct conclusions can be drawn only through the application of data and information gathered from analysis of actual propagation conditions over the paths involved and that therefore, the provisions in the Standards permitting the consideration of skywave recordings should be retained. In more general terms, it is argued that no rule should be enacted "prohibiting the introduction of any relevant engineering facts in case by case consideration"; and that skywave field intensity measurements, properly taken, constitute relevant engineering facts. While conceding that the portions of the Standards here involved require revision, the parties urge that skywave measurements, taken under revised procedures, should be received in individual cases and weighed with the other evidence in the record.

5. We believe that examination of the cases in which introduction of skywave recordings has been attempted supplies desirable background and indeed, in our opinion, establishes the invalidity of the foregoing contentions. The provisions here involved, including the Commission's skywave curves, were adopted in their present form in 1939. In a 1940 proceeding, In re Application of Salt River Valley Broadcasting Company, Inc., 8 F. C. C. 26, the question was raised as to the appropriateness of utilizing skywave measurements to disprove data obtained by use of the curves. The Commission stated:

> The Commission's curves are careful actual measurement of a great number of signals in all portions of the country and over a long period of time. Their accuracy as reflecting the average situation has been confirmed many times and is now well established. Even more important, although based on averages, their applicability in specific cases has rarely been opposed, in view of the diverse conditions (e. g. seasons, sun spot cycles) taken into account in the figures on which they are based, which conditions are not reflected in a limited set of measurements. Enough has been said to indicate the basis for declining to accept results inconsistent with the curves unless scrupulous attention is given to employing accurate methods of measurement and to obtaining sufficient data upon which to base a conclusion * * * Under all the circumstances, as between the [skywave measurement] evidence and the average curve, the latter must be accepted.

6. This position was reiterated again in 1947 in In re Application of Capitol Broadcasting Corp., 3 Pike & Fischer, R. R. 1431, where the Commission asserted: "These [skywave] curves are periodically revised, using Commission and industry data, and therefore are very much more conducive to rational analysis of skywave interference problems than individual measurements could possibly be * * *" And in In re Application of North Jersey Broadcasting Company, Inc. (WPAT), 4 Pike & Fischer, R. R. 1247, the Commission emphasized that "* * * the best and most farsighted allocations practice demands that we adhere to the [skywave curves of the] Standards rather than to WPAT's [skywave] recordings * * *" The following quotation from the most recent case dealing with this matter, In re Application of Donze Enterprises, Inc. (KSGM) is particularly illuminating:

> The intensity of a radio signal received at a distant point by means of skywave transmission varies continuously over quite wide limits. The reasons for the variation have to do with the complex structure of the ionospheric medium which reflects the signals back to earth and to other factors. Predictions with respect to the behavior of these skywaves, the expected intensity etc., can generally be made only on a statistical basis involving probabilities rather than uncertainties. Some variations appear to follow cycles that extend over considerable periods of time. Accordingly skywave measurements taken over so short a period as 30 days cannot be depended upon as representative of average conditions. In particular, an extensive variation in skywave propagation is caused by various phenomena associated with sun spot activity. A complete sun spot cycle embraces approximately eleven years. It is accepted theory that periods of maximum skywave field coincide very closely with periods of minimum sun spot activity.
>
> * * * * *
>
> In contrast with petitioner's meager data the skywave propagation curves in Figure 1A of the Commission's Standards of Good Engineering Practice were compiled from a very large number of measurements made over considerable periods of time and for a considerable number of paths. Thus while not necessarily indicative of conditions existing at any particular place or over a particular path at any particular time, the curves are in our judgment a better basis for estimating long term probabilities than a limited number of measurements made over short periods.
>
> Since nighttime interference conditions vary with changes in sun spot activity it is necessary in the interest of consistency that allocation policy be predicated upon conditions existing at some chosen point in the sun spot cycle. The Commission has chosen a year of minimum spot activity as a basis for the allocation of stations involving nighttime interference problems. Petitioner in relying on measurements made during a year when sun spot activity was not at a minimum is in effect requesting a change in our basic allocation policy, an action which could appropriately be taken only in a rule-making proceeding.
>
> * * * * *
>
> The Commisison has consistently rejected skywave field intensity measurements of the type submitted by WSLX as a basis for allocation. In re Application of North Jersey Broadcasting Co., Inc. (WPAT), Paterson, New Jersey, File No. BP-4613, Docket No. 8285, 4 R. R. 1247 and In re Application of Capitol Broadcasting Corporation (WISH), File No. BP-4979, Docket No. 7671, 3 R. R. 1438. We adhere to the opinion expressed in the WPAT case, *supra*, that "measurements of this nature are not proper for consideration in connection with the processing of individual applications, whether for consideration by the staff without a hearing, or in a hearing on such application." We believe the place for a submission of such measurements to be in a general rule-making proceeding.

7. The question here presented is the propriety of employing skywave measurements in other than an appropriate rule-making proceeding. We have quoted extensively from the above opinions because they demonstrate the impropriety of using skywave measurements in the individual assignment proceeding.[1] No party has put forth any argument which impairs the validity of the conclusions reached in these cases nor have any satisfactory suggestions been made to correct the obvious deficiencies of skywave measurements when used in the licensing proceeding. It is to be emphasized that these cases have established a clear practice or policy and that the subject proposal represents merely a codification of that practice.

8. To recapitulate briefly the development of this matter, the skywave curves (figure 1), at the time of their adoption, were believed sufficient to afford an adequate statistical basis for describing the intensity of skywave broadcast signals, but it was expected that there might be substantial variation in individual cases. It was felt that this deficiency in the specific case could be obviated by permitting the taking of skywave recordings and accordingly, provision for such measurements was made in the Standards at the time of their promulgation. It was early recognized, however, that these measurement provisions could not accomplish their purpose because of inherent deficiencies: The deficiencies center on the limited size of the sample of data taken in such measurements and the inability to properly adjust or extrapolate such data so as to arrive at reasonably accurate results. As an example of this latter factor, it should be noted that the present skywave measurement provisions require certain manipulations to be performed so as to adjust the measurements for the effects of sunspot activity. At the time of the provisions' promulgation, we believed that skywave propagation at broadcast frequencies would fit a fairly simple cyclic pattern corresponding to sunspot activity. However, recordings which the Commission has since made and is continuing to make indicate the inadequacy of this simple theory in many instances: Deviations of annual hourly median values taken on the same stations over identical transmission paths at corresponding times in the sunspot cycle have been observed to approximate −6 decibels.[2] Without a valid conversion formula, the skywave recordings made in the individual case cannot be properly adjusted and thus, are inappropriate for use in broadcast station allocation. Accordingly, we conclude that in the present state of the art, the statistical approach represented by the skywave curves is the only satisfactory one.

9. We believe the foregoing discussion disposes of the main objection to the proposal.[3] We turn now to those specific objections which warrant discussion.

10. The argument is made that the proposal will prevent the employment of useful measuring techniques and in particular, certain skywave ratio measurements made at points distant from the antenna by switching the antenna system alternately from directional to nondirectional operation; it is contended that this technique has been very valuable in adjusting directional arrays and in determining the performance of directional antenna systems.

11. But the Standards do not now provide for the taking of skywave ratio measurements (Annex III and subsection C of section 2) and therefore, this proceeding does not affect the status of this measuring technique.[4] On the question of amending the Standards to recognize this technique, we believe that a thorough examination, from both an experimental and a theoretical viewpoint, is necessary before such a step could appropriately be taken. No party here has adduced the necessary data or supporting theory.

12. Some of the parties argue that the instant proposal should be modified to permit the taking of skywave measurements when the source of the radiation is a station in another country over whose path the transmission has never been measured and to which figures 1 and 1–A have not been shown to apply; otherwise, it is contended, the effect of the proposal will be to write out of the 1950 NARBA Agreement, so far as United States stations are concerned, the important protective provision which states that the extent of objectionable interference may be determined by actual field intensity measurements or recordings (Part III, E 1 (b)). A further argument with respect to the NARBA is that since the latitude effect upon skywave propagation utilized in Figure 1A of the Standards is not recognized in the NARBA (1950), skywave measurements provide the sole basis for the determination of the "presence, degree or absence" of objectionable interference (Part III E 1). The cited provision of the NARBA states that "1. The presence, degree, or absence of objectionable interference on the same or adjacent broadcasting channels shall be determined * * * (a) by reference to certain propagation curves or, * * * (b) by actual field intensity measurements or recordings."[5] The contentions made are patently incorrect: The NARBA is not involved in this proceeding and the question as to the adequacy of the propagation curves referred to in 1 (a) or whether actual measurements provided for under 1 (b) should be employed in situations arising under the Agreement is not governed or affected by the instant proposal; accordingly, the taking of measurements under 1 (b) is not precluded.

13. It is urged that the proposal be revised to permit the use of skywave recordings in "unique" cases such as those involving soil having a high conductivity because of salt water surroundings. In this connection, it is pointed out that the Commission's skywave curves are the result of averaging skywave measurements taken on stations none of which had an initial salt water path. We believe this argument to be without merit. First, we point out that several factors, including the effect of conductivity of significant points along the transmission path, have been taken into consideration in the promulgation of our skywave curves. It was felt, however, that the eeffcts of conductivity in this connection were a relatively unimportant factor.[6] The measurements taken in connection with the 1935 Allocation Survey, upon which the skywave curves are based, were recorded on about 500 transmission paths, none of which, concededly, involved salt water. However, the data was adjusted so as to remove the effects of earth losses about the transmitting antennas recorded. In any case, use of skywave recordings in such "unique" cases faces the same obstacles detailed in paragraphs 5–8, supra: Whatever slight improvement might be effected through such a refined consideration would be completely obscured by the obvious deficiencies of the presently authorized skywave measurement system.

14. It is contended that the Commission should not revise its Standards on a piecemeal basis but all proposed changes in the Standards should be consolidated and considered in a single proceeding. Along the same line, it is urged that this matter be referred to the Radio Propagation Advisory Committee.[7]

15. Little discussion is needed with respect to these suggestions. The changes here involved do not conflict with those in other rule-making proceedings and are appropriate for consideration without relation to other proposals now outstanding or contemplated. In any event, the suggestion of such a single over-all proceeding is not feasible in view of our present workload; and delay of needed revisions pending some indefinite future time clearly would not be in the public interest. We are similarly unable to concur in the suggestion that these matters be referred to the Radio Propagation Advisory Committee. As stated, we believe the skywave measuring technique presently contained in the Standards to be unsatisfactory. Since no party has suggested any satisfactory techniques to remedy their serious deficiencies, it follows that they should be deleted. The possibility of devising new techniques at some future time clearly should not delay such deletion. Further studies along this line which may be made by any group of experts will, of course, be welcomed and carefully examined.

16. In view of the foregoing, we adhere to the conclusion reached in the cited decisions that the use of the limited amount of data available in individual cases through the measurements provided for in the existing rules cannot be relied upon to refute the validity and applicability of the skywave curves contained in the Standards, and that skywave recordings should be submitted only in a general rulemaking proceeding. As the art develops, such proceedings may provide techniques which permit the proper evaluation of skywave data on a case-to-case basis. However, upon the basis of our experience and the comments received, we do not perceive any other types of individual measurements which can now be said to be practical to prescribe. Accordingly, we conclude that the outstanding proposal, which conforms the Standards to the Commission's long established policy, should be adopted.

17. Authority for this action is contained in section 303 of the Communications Act of 1934, as amended, and section 4 of the Administrative Procedure Act.

18. *It is ordered*, That effective April 19, 1954, the Standards of Good Engi-

---

[1] One party, KXLA, argues that if the proposed rule be adopted, there should be an exception for pending cases where hearing has taken place and evidence of skywave measurements been offered. In support of this contention, it points out that the Standards now authorize the use of such measurements in license proceedings; that it went to great effort and expense to obtain measurements in 1947 and 1949 when there was no challenge to the clear language of the Standards on the probative value of such measurements; and that there is a precedent in the "grandfathering" action of the Commission with respect to pending applications which contravened the then proposed rule to preclude further assignments of Class IV stations to regional channels (Docket 9991).

But the historical background and cases cited above show KXLA's argument to be without merit: As early as 1940, the Commission established as its policy the inadmissibility of skywave measurements to disprove data obtained by employment of the skywave curves. No equitable reason presents itself why KXLA should be given an exemption from that policy or from the proposal here under consideration.

[2] It should be noted, however, that in contrast to the median (or 50 percent) values, there is some indication that the 10 percent values may vary very little from year to year.

[3] That discussion also answers several of the more minor objections raised. Thus, the contention that skywave curves be used only for the paths on which the measurements were taken when the curves were promulgated and not for determining interference signals from directional antennas in null directions, merits no further consideration. Even assuming that there is room for improvement in the application of the curves to the described situation, nothing is accomplished by retention of the totally inadequate skywave recording provisions in our Standards.

[4] It should be noted that skywave ratio measurements and other similar techniques not recognized by the Standards have been employed in experimental programs carried on jointly by industry and government. Thus, during the period January–May 1949, a joint industry-government committee made skywave ratio measurement tests on certain broadcast stations (Project XC–44).

[5] Subsection 2 of this particular provision reads: "2. The field intensity measurements, or recordings shall be made with mutually acceptable apparatus, fully calibrated, and shall be carried out by technicians designed by the interested Governments. Such field intensity measurements shall be made in the manner, and for the periods of time, agreed upon by the Governments concerned. The Contracting Governments shall facilitate the making of the measurements by requiring the broadcasting stations involved to suspend operation or to operate in the manner such Governments deem necessary."

[6] This judgment was implicitly reaffirmed in 1946. At that time, the various factors influencing skywave propagation were reviewed by a joint industry-government committee (Committee III, Clear Channel proceeding, Docket 6741), which recognized as an additional parameter only the effect of latitude.

[7] It is also requested that the skywave curve figure 1–A be used in lieu of figure 1 with respect to clear channels; this obviously is not relevant to the question of deleting the skywave measurement provisions of the Standards and, accordingly, will not be treated here.

neering Practice Concerning Standard Broadcast Stations are amended as set forth below.

(Sec. 303, 48 Stat. 1082, as amended; 47 U. S. C. 303)

Adopted: March 11, 1954.

Released: March 12, 1954.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

Standards of Good Engineering Practice Concerning Standard Broadcast Stations:

1 Section 1 of these Standards is amended as follows:

a. Delete the first, second and third paragraphs appearing after Table III and substitute the following:

In case a directional antenna is employed, the interfering signal of a broadcasting station wil vary in different directions, being greater than the above values in certain directions and less in others, depending upon the design and adjustment of the directional antenna system. To determine the interference in any direction the measured or calculated radiated field (unabsorbed field intensity at 1 mile from the array) must be used in conjunction with the appropriate propagation curves.*

The existence or absence of objectionable groundwave interference from stations on the same or adjacent channels shall be determined by actual measurements made according to the method hereinafter described, or, in the absence of such measurements, by reference to the propagation curves of Appendix I. The existence or absence of objectionable interference due to skywave propagation shall be determined by reference to the appropriate propagation curves in figure 1 or figure 1–A.

In computing the fifty (50) percent skywave field intensity values and the ten (10) percent skywave field intensity values of a station on a clear channel, use shall be made of the appropriate graph set forth in Figure 1 entitled "Average Skywave Field Intensity" (corresponding to the second hour after sunset at the recording station). These graphs are drawn for a radiated field of 100 mv/m at 1 mile in the horizontal plane from a 0.311 wavelength antenna. In computing the ten (10) percent skywave field intensity of a regional channel station, use shall be made of the appropriate curve in figure 1–A entitled "10 percent Skywave Signal Range." This graph is drawn for a radiated field of 100 mv/m at 1 mile at the vertical angle pertinent to transmission by one reflection. This curve supersedes the ten (10) percent skywave curve of figure 1, only for regional and local channels at the present time.* Adoption of revised skywave curves for use on clear channels will await the outcome of the Clear Channel Hearing (Docket No. 6741).

b. Delete Annex III.

2. Section 2 of these Standards is is amended as follows:

a. Change parenthetical expression appearing in the fifth paragraph of subsection A from "(See § 3.16)" to "(See § 3.14)".

b. Delete first four paragraphs in subsection C and substitute the following:

In the determination of interference, groundwave field intensity measurements will take precedence over theoretical values provided such measurements are properly taken and presented. When measurements of groundwave signal intensity are presented, they shall be sufficiently complete in accordance with subsections A and B above to determine the field at 1 mile in the pertinent directions for that station.

TITLE 50—WILDLIFE

Chapter I—Fish and Wildlife Service, Department of the Interior

Subchapter B—Hunting and Possession of Wildlife

PART 6—MIGRATORY BIRDS AND CERTAIN GAME MAMMALS

ORDER FURTHER AMENDING ORDER PERMITTING KILLING OF WATERFOWL OR COOT IN AGRICULTURAL AREAS OF CALIFORNIA

Pursuant to the authority conferred upon me by the Acting Secretary of the Interior dated December 31, 1953 (19 F. R. 70), I have determined that widgeon are not likely to cause serious injury to agricultural crops in Imperial County, California, after March 21, 1954. Accordingly, the order permitting the killing of waterfowl or coot in agricultural areas of California, dated January 6, 1954 (19 F. R. 173), and the amendment thereto of January 12, 1954 (19 F. R. 354), are hereby so amended as to terminate, effective midnight March 21, 1954, the permission therein granted for the killing of widgeon in Imperial County, California.

In all other respects the said order of January 6, 1954, as amended January 12, 1954, shall remain in full force and effect.

(Sec. 3, 40 Stat. 755, as amended; 16 U.S.C. 704)

Dated: March 12, 1954.

ARNIE J. SUOMELA,
Acting Director.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 26]

BARLEY

OFFICIAL GRAIN STANDARDS OF THE UNITED STATES

Notice is hereby given that the United States Department of Agriculture has under consideration proposed changes in the official grain standards of the United States for barley (7 CFR 26.201 et seq.) promulgated under the authority of the United States Grain Standards Act, as amended (39 Stat. 482; 54 Stat. 765; 7 U. S. C. 71 et seq.).

A representative group of the malting industry in the Western States has requested that consideration be given to excluding from the special grades Choice Malting Two-rowed Western Barley and Malting Two-rowed Western Barley, any barley that is weevily, or that has been injured by heat or by mold; also that certain changes be made in these special grades in regard to limitations on seeds of wild brome grass, varietal types of barley other than Hannchen or Hanna, mellow kernels, thin barley, and skinned and broken kernels.

It is proposed that § 26.209 (c) and (e) of the official grain standards of the United States for barley be revised to read as follows:

(c) *Choice Malting Two-rowed Western Barley; definition.* Choice Malting Two-rowed Western Barley shall be Two-rowed Barley of the class Western Barley which consists of the Hannchen or Hanna varietal types; which contains not more than 3 percent of varietal types of barley other than Hannchen or Hanna; which meets the requirements for grade No. 1 except that the limitation on seeds of wild brome grass shall be disregarded; which has a test weight per bushel of 52 pounds or more; which contains 90 percent or more of mellow kernels; which is not semi-steely in mass; which contains not more than 5 percent of barley and other matter that will pass readily through a sieve 0.032 inch thick with perforations 0.086 by 0.750 ($5\frac{1}{2}$/64 x 3/4) inch; which contains not more than 5 percent of skinned and/or broken kernels; which does not contain barley injured by frost, by heat, or by mold; and shall not include barley of the special grades stained, smutty, garlicky, weevily, ergoty, or bleached.

* * * * *

(e) *Malting Two-rowed Western Barley; definition.* Malting Two-rowed Western Barley shall be Two-rowed Barley of the class Western Barley which consists of the Hannchen or Hanna varietal types; which contains not more than 5 percent of varietal types of barley other than Hannchen or Hanna; which meets the requirements for grade No. 1 except that the limitation on seeds of wild brome grass shall be disregarded; which has a test weight per bushel of 52 pounds or more; which contains 90 percent or more of mellow kernels; which is not semi-steely in mass; which contains not more than 5 percent of barley and other matter that will pass readily through a sieve 0.032 inch thick with perforations 0.086 by 0.750 ($5\frac{1}{2}$/64 x 3/4) inch; which contains not more than 5 percent of skinned and/or broken kernels; which does not contain barley injured by frost, by heat, or by mold; and shall not include barley of the special grades stained, smutty, garlicky, weevily, ergoty, or bleached.

* * * * *

*See Annex II for further discussion and solution of a typical directional antenna case.

*The Commission will not authorize a directive antenna for a Class IV station assigned a local channel.

the requirements for any of the grades No. 1 to No. 3, inclusive, except that the limitation on seeds of wild brome grass shall be disregarded; which does not meet the requirements for the special grade Choice Malting Two-rowed Western Barley; which has a test weight per bushel of 50 pounds or more; which contains 70 percent or more of mellow kernels; which is not semi-steely in mass; which contains not more than 10 percent of barley and other matter that will pass readily through a sieve 0.032 inch thick with perforations 0.086 x 0.750 ($5\frac{1}{2}$/64 x 3/4) inch; which contains not more than 10 percent of skinned and/or broken kernels; which does not contain barley injured by frost, by heat, or by mold; and shall not include barley of the special grades stained, blighted, smutty, garlicky, weevily, ergoty, or bleached: *Provided*, That Malting Two-rowed Western Barley of grade No. 1 shall contain not less than 80 percent of mellow kernels; and may contain not more than 3 percent of varietal types of barley other than Hannchen or Hanna, not more than 7 percent of barley and other matter that will pass readily through a sieve 0.032 inch thick with perforations 0.086 x 0.750 ($5\frac{1}{2}$/64 x 3/4) inch, and not more than 7 percent of skinned and/or broken kernels.

Pursuant to the provisions of section 4 of the Administrative Procedure Act (5 U. S. C. 1003), informal public hearings will be held and written communications will be reecived in order that all interested persons may have opportunity to express their views on the proposal to revise the standards. The informal public hearings will be held at Portland, Oregon, and Milwaukee, Wisconsin, at which interested persons may submit their views and opinions, orally or in writing, with respect to the desirability of promulgating the proposed revisions. The hearing will be held at Portland, Oregon, on Thursday, April 1, 1954, at 1.00 p. m., P. s. t., in the Veterans' Administration Conference Room, 210 Lincoln Building, Fifth and Oak Streets. The hearing will be held at Milwaukee, Wisconsin, on Friday, April 2, at 2:00 p. m., c. s. t., in the Directors Room of the Milwaukee Grain Exchange.

Interested persons may also submit written data, views, or arguments to the Director, Grain Division, Agricultural Marketing Service, United States Department of Agriculture, Washington 25, D. C., to be received by him not later than April 9, 1954.

Consideration will be given to all information obtained at the hearings, to written data, views, and arguments received by the Director not later than April 9, 1954, and to other information available in the United States Department of Agriculture before a decision is made as to what revision, if any, shall be promulgated.

B. W. Whitlock, Grain Division, Agricultural Marketing Service, is hereby designated to conduct the hearing to be held at Portland, Oregon, and H. P. English, Grain Division, Agricultural Marketing Service, is hereby designated to conduct the hearing to be held at Milwaukee, Wisconsin. In case either of these designees is unable to conduct the specified hearing, any other officer of the Department designated by the Director, Grain Division, Agricultural Marketing Service, is hereby authorized to conduct the hearing.

Issued this 15th day of March 1954.

[SEAL] ROY W. LENNARTSON,
Administrator.

Commodity Stabilization Service

[7 CFR Part 729]

PEANUTS

NOTICE OF INTENTION TO FORMULATE AND ISSUE REGULATIONS GOVERNING MARKETINGS, COLLECTION OF MARKETING PENALTIES, AND RECORDS AND REPORTS FOR 1954 CROP

Pursuant to the authority contained in the applicable provisions of the Agricultural Adjustment Act of 1938, as amended, (7 U. S. C. and Sup. 1301, 1358–1359, 1372–1375), the Secretary of Agriculture is preparing to formulate marketing quota regulations governing the issuance of marketing cards, the identification of peanuts, the collection and refund of penalties, and the records and reports incident thereto on the marketing of peanuts for the 1954–55 marketing year. It is proposed that the regulations will be substantially the same as the 1953-crop regulations (18 F. R. 3316).

Prior to issuance of such regulations, consideration will be given to any data, views, and recommendation relating thereto which are submitted in writing to the Director, Oils and Peanut Division, Commodity Stabilization Service, U. S. Department of Agriculture, Washington 25, D. C. All submissions must be postmarked not later than 15 days from the date of publication of this notice in the FEDERAL REGISTER.

Done at Washington, D. C. this 15th day of March 1954.

[SEAL] J. A. MCCONNELL,
Administrator.

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR Part 3]

[Docket No. 10951]

TELEVISION BROADCAST STATIONS

TABLE OF ASSIGNMENTS

In the matter of amendment of § 3.606 *Table of assignments*, rules governing television broadcast stations; Docket No. 10951.

1. Notice is hereby given that the Commission has received a proposal for rule making in the above-entitled matter.

2. The Commission has before it for consideration a petition filed on February 17, 1954 by West Virginia's Research Center, Inc., Salem, West Virginia, and now made part of this docket, requesting an amendment of § 3.606 *Table of assignments*, rules governing television broadcast stations so as to reserve for non-commercial use Channel 5, presently assigned to Weston, West Virginia for commercial use.

3. In support of the requested amendment petitioner urges that there does not appear to be any demand for the use of Channel 5 at Weston as a commercial assignment; that there is a need for an educational station in this area in view of the large population and the number of colleges and educational institutions in the general area; and that in the event the proposed amendment is adopted, an application will be filed for a construction permit for a non-commercial educational station as soon as possible.

4. Authority for the adoption of the proposed amendments is contained in sections 4 (i), 301, 303 (c), (d), (f), and (r) and 307 (b) of the Communications Act of 1934, as amended.

5. Any interested party who is of the opinion that the amendment proposed by petitioner should not be adopted or should not be adopted in the form set forth herein may file with the Commission on or before April 9, 1954, a written statement or brief setting his comments. Comments in support of the proposed amendment may also be filed on or before the same date. Comments or briefs in reply to the original comments may be filed within 10 days from the last day for filing said original comments or briefs. No additional comments may be filed unless (1) specifically requested by the Commission or (2) good cause for the filing of such additional comments is established. The Commission will consider all such comments that are submitted before taking action in this matter, and if any comments appear to warrant the holding of a hearing or oral argument, notice of the time and place of such hearing or oral argument will be given.

6. In accordance with the provisions of § 1.764 of the Commission's rules and regulations, an original and 14 copies of all statements, briefs, or comments shall be furnished the Commission.

Adopted: March 11, 1954.

Released: March 12, 1954.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

Correction

The following change should be made in F. R. Doc. 54-1808, appearing at page 1423 of the issue for Saturday, March 13, 1954:

In the paragraph following item 9 in the sample form, "item 6, 7, or 8" should read "item 7, 8, or 9".

NOTICES

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

COLORADO

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

MARCH 11, 1954.

An application, serial number Colorado 07783, for the withdrawal from all forms of appropriation under the public land laws, of the lands described below was filed on January 21, 1954, by the Atomic Energy Commission.

The purposes of the proposed withdrawal: For use of Atomic Energy Commission as site for ore sampling and purchasing plant for stockpiling of uranium ores.

For a period of 30 days from the date of publication of this notice, persons having cause to object to the proposed withdrawal may present their objections in writing to the Regional Administrator, Region IV, Bureau of Land Management, Department of the Interior at Salt Lake City, Utah, P. O. Box 659. In case any objection is filed and the nature of the opposition is such as to warrant it, a public hearing will be held at a convenient time and place, which will be announced, where opponents to the order may state their views and where proponents of the order can explain its purpose.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER, either in the form of a public land order or in the form of a Notice of Determination if the application is rejected. In either case, a separate notice will be sent to each interested party of record.

The lands involved in the application are:

NEW MEXICO PRINCIPAL MERIDIAN

T. 46 N., R. 17 W.,
Sec. 9: SW¼, S½SE¼.
Sec. 16: N½NE¼.

RALPH J. MITCHELL,
Acting Regional Administrator.

MONTANA

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

MARCH 10, 1954.

An application, serial number Montana 011811, for the withdrawal from all forms of appropriation under the public land laws, including the mining laws, but not the mineral-leasing laws, of the lands described below was filed on June 25, 1953, by Department of Agriculture, Forest Service.

The purposes of the proposed withdrawal: For use in connection with the Philipsburg Administrative Site.

For a period of thirty days from the date of publication of this notice, persons having cause to object to the proposed withdrawal may present their objections in writing to the Regional Administrator, Region III, Bureau of Land Management, Department of the Interior at Billings, Montana. In case any objection is filed and the nature of the opposition is such as to warrant it, a public hearing will be held at a convenient time and place, which will be announced, where opponents to the order may state their views and where proponents of the order can explain its purpose.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER, either in the form of a public land order or in the form of a Notice of Determination if the application is rejected. In either case, a separate notice will be sent to each interested party of record.

The lands involved in the application are:

MONTANA PRINCIPAL MERIDIAN

T. 7 N., R. 14 W.,
Sec. 36: Lots 3, 4 and 5.

The area described aggregates 77.38 acres.

W. B. WALLACE,
Regional Administrator.

[Montana 01250]

MONTANA

ORDER PROVIDING FOR OPENING OF PUBLIC LANDS

MARCH 10, 1954.

In an exchange of lands made under the provisions of section 8 of the act of June 28, 1934 (48 Stat. 1269), as amended June 26, 1936 (49 Stat. 1976, 43 U. S. C. sec. 315g), the following described lands have been reconveyed to the United States:

MONTANA PRINCIPAL MERIDIAN

T. 12 N., R. 20 E.
Sec. 14: S½S½,
23: N½, E½SW¼,
26: N½NW¼.

The areas described aggregate 640 acres.

The lands are rolling to mountainous in topography and are primarily suited for summer grazing and watershed purposes. Due to the topography, the land is not suitable for cultivation.

No applications for these lands may be allowed under the homestead, small tract, desert land, or any other nonmineral public land laws, unless the lands have already been classified as valuable or suitable for such type of application, or shall be so classified upon consideration of an application.

This order shall not otherwise become effective to change the status of such lands until 10:00 a. m., on the 35th day after the date of this order. At that time the said lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, and selection as follows:

(a) *Ninety-one day period for preference-right filings.* For a period of 91 days, commencing at the hour and on the day specified above, the public lands affected by this order shall be subject only to (1) application under the homestead or the desert-land laws or the Small Tract Act of June 1, 1938, 52 Stat. 609 (43 U. S. C. 682a), as amended, by qualified veterans of World War II and other qualified persons entitled to preference under the act of September 27, 1944, 58 Stat. 747 (43 U. S. C. 279–284), as amended, subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications under subdivision (1) of this paragraph shall be subject to applications and claims of the classes described in subdivision (2) of this paragraph. All applications filed under this paragraph either at or before 10:00 a. m. on the 35th day after the date of this order shall be treated as though filed simultaneously at that time. All applications filed under this paragraph after 10:00 a. m. on the said 35th day shall be considered in the order of filing.

(b) *Date for non-preference-right filings.* Commencing at 10:00 a. m. on the 126th day after the date of this order, any lands remaining unappropriated shall become subject to such application, petition, location, selection, or other appropriation by the public generally as may be authorized by the public-land laws. All such applications filed either at or before 10:00 a. m. on the 126th day after the date of this order, shall be treated as though filed simultaneously at the hour specified on such 126th day. All applications filed thereafter shall be considered in the order of filing.

A veteran shall accompany his application with a complete photostatic, or other copy (both sides), of his certificate of honorable discharge, or of an official document of his branch of the service which shows clearly his honorable discharge as defined in § 181.36 of Title 43 of the Code of Federal Regulations, or constitutes evidence of other facts upon which the claim for preference is based and which shows clearly the period of service. Other persons claiming credit for service of veterans must furnish like proof in support of their claims. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their their applications by duly corroborated statements in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the Land Office, Billings, Montana, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Parts 166 to 170, inclusive, of Title 43 of the Code of Federal Regulations, and applications under the desert-land laws and the said Small Tract Act of June 1, 1938, shall be governed by the regulations contained in Parts 232 and 257, respectively, of that title.

Inquiries concerning these lands shall be addressed to Manager, Land Office, Billings, Montana.

W. B. WALLACE,
Regional Administrator.

[F. R. Doc. 54-1898; Filed, Mar. 17, 1954; 8:46 a. m.]

MONTANA

RESTORATION ORDER UNDER FEDERAL POWER ACT; POWER SITE RESERVE NO. 449

MARCH 8, 1954.

Pursuant to determination DA-125, Montana, of the Federal Power Commission issued June 12, 1952, and in accordance with Order No. 427, section 2.22 (a) (4) of the Director, Bureau of Land Management, approved August 16, 1950 (15 F. R. 5639), it is ordered as follows:

Subject to valid existing rights and the provisions of existing withdrawals, the lands hereinafter described, so far as they are withdrawn and reserved for power purposes, are hereby restored to the status of public domain under the public land laws as provided by law, subject to the provisions of section 24 of the Federal Power Act of June 10, 1920 (41 Stat. 1075; 16 U. S. C. 818), as amended, and subject to the reservation and stipulation of the right of the United States, its permittees or licensees to use the land for power purposes;

(a) That no use shall be made by others which will in any way interfere or be inconsistent with the use of the land by the United States, its permittees or licensees for power purposes;

(b) That any structures, machinery or improvements placed thereon which shall be found to interfere with power development shall be removed or relocated as may be necessary to eliminate interference with such development without expense to the United States, its permittees or licensees;

(c) And that the United States, its permittees or licensees shall not be held liable for any damage to structures, machinery or improvements placed thereon resulting from construction, operation or maintenance of hydroelectric power facilities authorized by the United States.

MONTANA PRINCIPAL MERIDIAN

T. 5 S., R. 1 W.
Sec. 10: NE¼NW¼.

The area described aggregates 40 acres.

The State of Montana was apprised of the proposed restoration of these lands in order that they would be afforded a preference right as provided for by the act of May 28, 1948 (62 Stat. 275; 16 U. S. C. 1946 ed., Supp. III, Sec. 818), but they advised by letter that they do not care to exercise their preference right for right of way or as a material site involving the land. The State of Montana has indicated an interest in developing and administering part of the tract as a public recreational area.

There are 9.2 acres of the land within the Madison Reservoir. The remaining area is level benchland with one steep escarpment sloping to the lake, and the vegetative cover consists chiefly of native grass. The soil is shallow and rocky, which prohibits cultivation of the land. The land is not suitable for classification under the homestead or desert land laws. The land is primarily suited for public recreational purposes and grazing. It is unlikely that it will be classified for any other use, but applications that are filed will be considered upon their merits.

This order shall not become effective to change the status of the described lands until 10:00 a. m. on the 35th day after the date of this order. At that time the said lands shall be subject to application, petition, location and selection, subject to valid existing rights, the provisions of existing withdrawals, the requirements of applicable laws, and the 91-day preference right filing period for veterans and others entitled to preference under the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279–284), as amended.

Information showing the periods during which and the conditions under which veterans and others may file applications for these lands may be obtained on request from the Manager of the Land Office, Billings, Montana.

W. B. WALLACE,
Regional Administrator.

[Cheyenne 070278]

WYOMING

ORDER PROVIDING FOR OPENING OF PUBLIC LANDS

MARCH 10, 1954.

In an exchange of lands made under the provisions of section 8 of the act of June 28, 1934 (48 Stat. 1269), as amended June 26, 1936 (49 Stat. 1976, 43 U. S. C. sec. 315g), the following described lands have been reconveyed to the United States:

SIXTH PRINCIPAL MERIDIAN

T. 56 N., R. 101 W.,
Tract 40.
Tract 43
T. 57 N., R. 101 W.,
All Secs. 25, 27, 29, 33 and 35.

The areas described aggregate 3,633.42 acres.

The topography of the land is steeply rolling to rough, and the soils are poorly developed. The vegetative cover consists of a desert type, principally sagebrush, salt bush and short grass. The land is primarily suited for grazing purposes.

No applications for these lands may be allowed under the homestead, small tract, desert land, or any other nonmineral public land laws, unless the lands have already been classified as valuable or suitable for such type of application, or shall be so classified upon consideration of an application.

This order shall not otherwise become effective to change the status of such lands until 10:00 a. m. on the 35th day after the date of this order. At that time the said lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, and selection as follows:

(a) *Ninety-one day period for preference-right filings.* For a period of 91 days, commencing at the hour and on the day specified above, the public lands affected by this order shall be subject only to (1) application under the homestead or the desert-land laws or the Small Tract Act of June 1, 1938, 52 Stat. 609 (43 U. S. C. 682a), as amended, by qualified veterans of World War II and other qualified persons entitled to preference under the act of September 27, 1944, 58 Stat. 747 (43 U. S. C. 279–284), as amended, subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications under subdivision (1) of this paragraph shall be subject to applications and claims of the classes described in subdivision (2) of this paragraph. All applications filed under this paragraph either at or before 10:00 a. m. on the 35th day after the date of this order shall be treated as though filed simultaneously at that time. All applications filed under this paragraph after 10:00 a. m. on the said 35th day, shall be considered in the order of filing.

(b) *Date for non-preference-right filings.* Commencing at 10:00 a. m. on the 126th day after the date of this order, any lands remaining unappropriated shall become subject to such application, petition, location, selection, or other appropriation by the public generally as may be authorized by the public-land laws. All such applications filed either at or before 10:00 a. m. on the 126th day after the date of this order, shall be treated as though filed simultaneously at the hour specified on such 126th day. All applications filed thereafter shall be considered in the order of filing.

A veteran shall accompany his application with a complete photostatic, or other copy (both sides), of his certificate of honorable discharge, or of an official document of his branch of the service which shows clearly his honorable discharge as defined in § 181.36 of Title 43 of the Code of Federal Regulations, or constitutes evidence of other facts upon which the claim for preference is based and which shows clearly the period of service. Other persons claiming credit for service of veterans must furnish like proof in support of their claims. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated statements in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the Land Office, Billings, Montana, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Parts 166 to 170, inclusive, of Title 43 of the Code of Federal Regulations, and applications under the desert-land laws and the said Small Tract Act of June 1, 1938, shall be governed by the regulations contained in Parts 232 and 257, respectively, of that title.

Inquiries concerning these lands shall be addressed to the Manager, Land Office, Billings, Montana.

W. B. WALLACE,
Regional Administrator.

[Docket DA-394]

IDAHO

RESTORATION ORDER UNDER FEDERAL POWER ACT

MARCH 8, 1954.

Pursuant to determination DA-394, Idaho, of the Federal Power Commission and in accordance with Order No. 427 section 2.22 (a) (4) of the Director, Bureau of Land Management, approved August 16, 1950, 15 F. R. 5641, it is ordered as follows:

Subject to valid existing rights and the provisions of existing withdrawals the lands hereinafter described insofar as they are withdrawn for power purposes, are hereby restored, subject to the provisions of section 24 of the Federal Power Act of June 10, 1920 (41 Stat. 1075; 16 U. S. C. sec. 818) as amended, and subject to the stipulation that if and when the lands are required wholly or in part for purposes of power development, any structures, machinery, or improvements placed thereon which shall be found to interfere with such development shall be removed or relocated as may be necessary to eliminate interference with the power development without expense to the United States or its permittees or licensees.

BOISE MERIDIAN

T 3 N., R. 41 E.,
Sec. 8, Lot 1,
Sec. 9, Lot 1.

The areas described aggregate 49.54 acres.

The lands described lie at an elevation of 5000 feet along the Snake River; and the soil varies from a silt loam to lava outbreaks; and the topography is generally too rough for cultivation; and the lands are classified as primarily valuable for recreational purposes.

While any application which is filed will be considered on its merits, it is unlikely that any part of the restored lands will be classified for any use or disposal other than that shown above. No application for the lands may be allowed under the homestead, small tract, desert land, or any other nonmineral public land law unless the lands have already been classified as valuable or suitable for such type of application, or shall be so classified upon consideration of an application.

The lands described shall be subject to application by the State of Idaho for a period of 90 days from date of publication of this order in the FEDERAL REGISTER for right-of-way for public highways or as a source of materials for construction and maintenance of such highways, subject to section 24 of the Federal Power Act, as amended. This order shall not otherwise affect the status of the lands until 10:00 a. m. on the 91st day after the date of publication of this order in the FEDERAL REGISTER. At that time, the lands shall become subject to application, petition, location and selection, subject to valid existing rights, the provisions of existing withdrawals, the requirements of applicable laws and the 90-day preference filing period of veterans and others entitled to preference under the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279-284), as amended.

Information showing the periods during which and conditions under which veterans and others may file application for these lands may be obtained on request in the Land Office, Boise, Idaho.

T. M. TYRRELL,
Acting Regional Administrator.

Office of the Secretary

[Order 2750]

EVERGLADES NATIONAL PARK, FLORIDA

ORDER ENLARGING LANDS

MARCH 12, 1954.

Whereas Everglades National Park was established pursuant to the order of the Secretary of the Interior published in the FEDERAL REGISTER on June 27, 1947 (12 F. R. 4189), and

Whereas the Park boundaries were enlarged pursuant to the order of the Secretary of the Interior published in the FEDERAL REGISTER on March 1, 1950 (15 F. R. 1120), and

Whereas it has been determined that it is desirable to enlarge further said boundaries to include all lands within the area hereinafter described, and

Whereas title to a major portion of the lands within the said Park boundaries, as hereby extended, is vested in the United States; *It is ordered*, That:

1. Pursuant to the authority contained in the act of May 30, 1934 (48 Stat. 816; 16 U. S. C., 1946 ed., secs. 410-410c), and the act of December 6, 1944 (58 Stat. 794; 16 U. S. C., 1946 ed., sec. 410d), the Everglades National Park is hereby enlarged to include all land, water, and submerged land lying within the area described below, estimated to contain 271,000 acres:

TALLAHASSEE BASE AND MERIDIAN

Beginning at a point in the Gulf of Mexico approximately three (3) miles west of the mean highwater mark on the western shore of the State of Florida in Fractional Sec. 29, T. 56 S., R. 31 E., being the intersection of longitude 81° 17' W., with a line projected due west from the northwest corner of Fractional Sec. 28 in said township and range

Thence in a straight line to a point three (3) miles due west of the southwest corner of Fractional Sec. 31, T. 54 S., R. 30 E.;

Thence in a straight line to the southeast corner of the northwest quarter of the southwest quarter (NW¼SW¼) Sec. 31, T. 53 S., R. 30 E.;

Thence in a straight line to the northwest corner of Sec. 16, T. 53 S., R. 30 E.;

Thence easterly along the north lines of Secs. 16, 15, 14, and 13, T. 53 S., R. 30 E. to the northeast corner of said Sec. 13;

Thence southerly along the east lines of Secs. 13, 24, 25, and 36, T. 53 S., R. 30 E. to the southeast corner of said Sec. 36;

Thence easterly along the north lines of T. 54 S., R. 31 E., and T. 54 S., R. 32 E., to the southwest corner of the southeast quarter (SE¼) of Sec. 34, T. 53 S., R. 32 E.;

Thence northerly along the mid-section lines of Secs. 34, 27, 22, 15, and 10 to the south right-of-way line of U. S. Highway No. 41, also known as Tamiami Trail;

Thence southeasterly along the south right-of-way line of said Highway to its intersection with the north-south mid-section line of Sec. 14, T. 53 S., R. 32 E.;

Thence southerly along the mid-section lines of Secs. 14, 23, 26, and 35, T. 53 S., R. 32 E., to the southwest corner of the southeast quarter (SE¼) of said Sec. 35;

Thence easterly along the north lines of Secs. 2 and 1, T. 54 S., R. 32 E., to the northeast corner of said Sec. 1;

Thence southerly along the east lines of Secs. 1, 12, and 13, T. 53 S., R. 32 E., to a point 500 feet northerly from the southeast corner of said Sec. 13;

Thence easterly along a line 500 feet north of, and parallel to, the south lines of Secs. 18, 17, 16, 15, 14, and 13, T. 54 S., R. 33 E.; Secs. 18, 17, 16, 15, 14, and 13, T. 54 S., R. 34 E.; and Sec. 18, T. 54 S., R. 35 E.;

Thence southerly along the west line of Secs. 17, 20, 29, and 32, T. 54 S., R. 35 E. the west line of Secs. 5, 8, 17, 20, 29, and 32, T. 55 S., R. 35 E.; and the west line of Sec. 5, T. 56 S., R. 35 E., to the southwest corner of Sec. 5, or the northeast corner of Sec. 7, T. 56 S., R. 35 E.;

Thence westerly along the north line of Sec. 7, T. 56 S., R. 35 E.; the north line of Secs. 12, 11, 10, 9, 8, and 7, T. 56 S., R. 34 E.; the north line of Secs. 12, 11, 10, 9, 8, and 7 T. 56 S., R. 33 E.; the north line of Secs. 12, 11, 10, 9, 8, and 7, T. 56 S., R. 32 E., to the northwest corner of Sec. 7, T. 56 S., R. 32 E.;

Thence southerly along the west line of Sec. 7, T. 56 S., R. 32 E., to the southwest corner of said Sec. 7;

Thence westerly along the north line of Sec. 13, T. 56 S., R. 31 E., to the northwest corner of said Sec. 13;

Thence southerly along the west line of Sec. 13, T. 56 S., R. 31 E., to the southwest corner of said Sec. 13;

Thence westerly along the north line of Sec. 23, T. 56 S., R. 31 E., to the northwest corner of said Sec. 23;

Thence southerly along the west line of Sec. 23, T. 56 S., R. 31 E., to the southwest corner of said Sec. 23;

Thence westerly along the north lines of Sec. 27 and Fractional Sec. 28, T. 56 S., R. 31 E., to the northwest corner of said Fractional Sec. 28;

Thence continuing westerly to a point in the Gulf of Mexico approximately three (3) miles west of the mean highwater mark on the western shore of the State of Florida in Fractional Sec. 29, T. 56 S., R. 31 E., being the intersection with longitude 81° 17' W., the point of beginning.

The lands located within the area hereinbefore described have been surveyed, only in part, by the United States or the State of Florida. Therefore, all references herein to Sections, Townships, and Ranges and to lines thereof are predicated on the projected Sections, Townships, and Ranges as used and shown on a map, NP-EVE-7109, prepared by the United States Department of the Interior, National Park Service, Everglades Land Acquisition Office, Miami, Florida, revised August 10, 1949, entitled, "Base Map, Everglades National Park."

The above-mentioned map bears certification as of November 1, 1949, by the Chief Drainage Engineer, Engineer and Secretary of the Internal Improvement Fund, and the Commissioner of Agriculture of the State of Florida, and is on file in the records of the National Park Service, Department of the Interior, and in the records of the Internal Improvement Fund of the State of Florida, and copies thereof have been recorded in Dade, Monroe, and Collier Counties, Florida.

2. This order shall be published in the FEDERAL REGISTER.

DOUGLAS MCKAY,
Secretary of the Interior.

COMMISSION ON ORGANIZATION OF THE EXECUTIVE BRANCH OF THE GOVERNMENT

TASK FORCE ON WATER RESOURCES AND POWER

NOTICE OF PUBLIC HEARINGS

The Task Force on Water Resources and Power will hold public hearings as scheduled hereinafter. Time and place will be announced at least 10 days prior to the hearings and advice thereof will be announced through the press and also furnished all parties scheduled to appear and testify.

A resolution of the Commission on Organization of the Executive Branch of the Government adopted February 8, 1954 reads in pertinent part as follows:

Resolved that the Task Force on Water Resources and Power be directed to hold public hearings, at which may be heard all responsible individuals and representatives of groups wishing to present views on the issues under consideration by the Task Force; that verbatim transcripts of such hearings be made which shall be available to the Commission and may be made available for inspection by the public and the press; • • •.

Scope of hearings. The Task Force is concerned with the water resources and power functions of the Federal Government. These include improvements of rivers, harbors, and waterways for navigation; development of flood protection works; improvements for drainage, irrigation, land reclamation, water supply, pollution abatement, and recreation; and the generation, transmission and distribution of electric energy whether generated at hydro, steam thermal, or other plants.

There are set forth below the pertinent parts of the Congressional enactment (Pub. Law 108, 83d Cong., chapter 184) which governs the work of the Commission and thus defines the area of inquiry of the Task Force in the field of Water Resources and Power:

Sec. 9 (a). *Investigation.* The Commission shall study and investigate the present organization and methods of operation of all departments, bureaus, agencies, boards, commissions, offices, independent establishments and instrumentalities of the Government except the Judiciary and the Congress of the United States to determine what changes therein are necessary in their opinion to accomplish the purposes set forth in section 1 of this act.

Section 1 of the act reads as follows:

It is hereby declared to be the policy of Congress to promote economy, efficiency, and improved service in the transaction of the public business in the departments, bureaus, agencies, boards, commissions, offices, independent establishments, and instrumentalities of the executive branch of the Government by—

(1) Recommending methods and procedures for reducing expenditures to the lowest amount consistent with the efficient performance of essential services, activities, and functions;

(2) Eliminating duplication and overlapping of services, activities, and functions;

(3) Consolidating services, activities, and functions of a similar nature;

(4) Abolishing services, activities, and functions not necessary to the efficient conduct of government;

(5) Eliminating nonessential services, functions, and activities which are competitive with private enterprise;

(6) Defining responsibilities of officials; and

(7) Relocating agencies now responsible directly to the President in departments or other agencies.

Witnesses and presentation of statements. Responsible individuals and representatives of groups wishing to be heard should so advise the Task Force Administrator at the address given below, setting forth their name, address, and name and address of the organization, if any, they represent, the hearing location at which they desire to be heard, the amount of time they desire to be allotted, and otherwise comply with the procedure described in this notice. Any one individual will be scheduled to be heard at only one time during the course of the hearings. Only one representative of any one organization will be heard. His authority to appear as representative of the organization should be properly established in the advice to the Task Force Administrator.

The requirements of the Legislative Reorganization Act of 1946 relative to hearings held by standing committees of Congress will be observed. All those proposing to appear should file with the Task Force Administrator at his office in Washington forty-five copies of their proposed statements at least two weeks prior to the scheduled date, as shown below, for the location at which they propose to appear. Oral presentations will be limited to brief summaries of the written statements. The written statements in full will be made a part of the record of the hearings. Those appearing should be prepared to answer questions raised by their oral and written statements. Because of time limitations, persons will be required to restrict their statements to matters pertinent to the issues under consideration by the Task Force.

All statements submitted should be reproduced by printing, mimeographing or other processes which are clear and legible. If the statements submitted are not printed, the impression should be on only one side of the paper and double-spaced, except that quotations should preferably be single-spaced and indented. Statements, except exhibits, should be on strong, durable letter size paper, with a left-hand margin 1½ inches wide. Printed statements should be in a clear type (never smaller than small pica or 11-point type), adequately leaded.

Dates and location of hearings. The dates scheduled for hearings are as follows:

San Francisco, Calif., May 3, 1954
Denver, Colo., May 17, 1954.
Chattanooga, Tenn., June 1, 1954.
New York, N. Y., June 14, 1954.

Record. A verbatim transcript of hearings will be taken and a copy may be viewed by the press and the public at the office of the Administrator. Copies may be purchased from the reporter under arrangements therefor to be made directly between the purchaser and the reporter.

Office of the Task Force Administrator. The office of Mr. Charles D. Curran, Task Force Administrator, is at Room 3810, General Accounting Office Building, Washington 25, D. C.

BEN MOREELL,
Chairman.

MARCH 16, 1954.

FEDERAL POWER COMMISSION

[Docket Nos. G-2137, G-2366]

SOUTHERN TIER GAS CORP.

NOTICE OF CONTINUANCE OF HEARING

MARCH 10, 1954.

Upon consideration of the request of Southern Tier Gas Corporation, filed March 8, 1954, for postponement of the hearing now scheduled for March 29, 1954, and for extension of time for serving copies of its proposed testimony and exhibits to be offered at said hearing;

Notice is hereby given that the hearing now scheduled to commence on March 29, 1954, is hereby postponed to be held at 10:00 a. m., e. s. t., April 26, 1954, in the Commission's Hearing Room, 441 G Street NW., Washington, D. C., and that the time for serving copies of the proposed testimony and exhibits to be offered at said hearing is postponed from March 15, 1954, to April 12, 1954. Paragraphs (B) and (C) of the Commission's

order issued February 11, 1954, are amended accordingly.

[SEAL] J. H. GUTRIDE,
Acting Secretary.

[F. R. Doc. 54-1908; Filed, Mar. 17, 1954; 8:48 a. m.]

[Docket No. G-2379]

UNITED GAS PIPE LINE CO.

NOTICE OF APPLICATION

MARCH 12, 1954.

Take notice that United Gas Pipe Line Company (Applicant), a Delaware corporation having its principal place of business in Shreveport, Louisiana, filed on February 26, 1954, an application pursuant to section 7 (b) of the Natural Gas Act for an order authorizing the abandonment and removal of that portion of Applicant's existing 6-inch Longview-Palestine pipeline between Station 3206+59 near Neches and Station 3757+59 near Palestine in Anderson County, Texas. Applicant states that the section of the line proposed for removal has not been in use since February 23, 1953, and is no longer useful in its present location.

The Applicant requests that its application be heard under the shortened procedure pursuant to § 1.32 (b) of the Commission's rules of practice and procedure.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 31st day of March 1954. The application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 54-1909; Filed, Mar. 17, 1954; 8:48 a. m.]

[Docket No. G-2382]

MONTANA-DAKOTA UTILITIES

NOTICE OF APPLICATION

MARCH 12, 1954.

Take notice that Montana-Dakota Utilities Co. (Applicant), a Delaware corporation having its principal place of business in Minneapolis, Minnesota, filed, on March 2, 1954, an application for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, authorizing the construction and operation of natural gas facilities described as follows:

(1) Approximately 4.2 miles of 10¾-inch transmission line in Big Horn County, Wyoming, from a point on the 12-inch Worland-Cabin Creek line operated by Applicant and extending easterly to the Big Horn Processing Plant, together with a metering station adjacent to said processing plant; and

(2) A metering station adjacent to the said Worland-Cabin Creek line near Warren, Carbon County, Montana, for the sale and delivery of natural gas to the Montana Power Company.

Applicant also seeks authority to lease and operate a 2,640 horsepower compressor station to be constructed by Montana-Wyoming Gas Pipe Line Company (Montana-Wyoming) adjacent to the said Worland-Cabin Creek line near Hardin, Big Horn County, Montana.

The proposed facilities would enable Applicant (1) to take delivery of residue gas from the Big Horn Processing Plant, now under construction, (2) to sell and deliver 15 million cubic feet of gas per day to the Montana Power Company, and (3) to increase deliveries to Applicant's Cabin Creek Compressor Station by six to eight million cubic feet of gas per day under peak load conditions.

Applicant estimates the cost of its proposed facilities at $136,602 and proposes to finance their construction from working capital. The estimated cost of the compressor station to be constructed by Montana-Wyoming is $653,074 to be financed with a loan from Applicant.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D. C., in accordance with the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 31st day of March 1954. The application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY,
Secretary.

DEPARTMENT OF AGRICULTURE

Commodity Credit Corporation

SALES OF CERTAIN COMMODITIES AT FIXED PRICES

MARCH 1954 DOMESTIC AND EXPORT PRICE LISTS

Pursuant to the pricing policy of Commodity Credit Corporation issued March 22, 1950, as amended January 9, 1953 (15 F. R. 1593, 18 F. R. 176), and subject to the conditions stated therein, the following commodities are available for sale in the quantities and at the prices stated:

MARCH 1954 EXPORT PRICE LIST

Commodity and approximate quantity available (subject to prior sale)	Export price list
Cottonseed oil, refined, 920,000,000 pounds.[1]	Bid basis, f. o. b. tankcars or tankwagons at points of storage locations. Available New Orleans CSS Commodity office.
Cottonseed oil, crude, 15,000,000 pounds.[1]	Bid basis in store at port or f. o. b. tankcars or tankwagons at producers' mills. Available New Orleans CSS Commodity office.
Linseed oil, raw, 66,000,000 pounds.[1]	Bid basis f. o. b. tankcars at points of storage locations. Available Chicago, Dallas, New Orleans, Portland, and Minneapolis CSS Commodity offices.
Peanuts, shelled, bagged (for crushing).	Bid basis, f. a. s. vessel at specified ports, subject to terms and conditions of Bid OP 2-54. (Peanuts are also available as farmers' stock for export on bid basis, f. o. b. points of storage locations subject to the terms and conditions of Bid 4 Announcements CCC Peanut Forms 34 and 40). Available through the Oils and Peanut Divisions, CSS, USDA, Washington 25, D. C., and Dallas CSS Commodity office.
Large lima beans (1952 crop), 300,000 hundredweight.[1]	For U. S. No. 1, 35 cents per pounds f. a. s. Hueneme, Long Beach, Los Angeles, or San Francisco, Calif. (CCC option.) For U. S. No. 2, 25 cent discount. U. S. Extra No. 1., 10 cent premium. Subject terms GR 212, as amended. Available Portland CSS Commodity office.
Wheat, bulk	Sales made for export pursuant to Announcements GR 261 and 262
Corn, bulk, 50,000,000 bushels[1]	Market price on date of sale at point of delivery, provided delivery takes place within 15 days unless otherwise agreed upon.

[1] These same lots also are available from the domestic sales price list announced today.

MARCH 1954 DOMESTIC PRICE LIST

Commodity and approximate quantity available (subject to prior sale)	Domestic price list
Corn, bulk, 185,000,000 bushels (1948, 1949 crop), 50,000,000 bushels[1] (1950, 1951, and 1952 crops).	At points of production, basis in store, the market price but not less than the applicable 1953 county loan rate for No. 3 yellow. At points of production, basis in store, the market price but not less than the applicable 1953 county loan rate for No. 3 yellow, plus: (1) 25 cents per bushel if received by trucks, or (2) 21 cents per bushel if received by rail or barge. At other locations, the foregoing plus average paid-in freight. Examples of minimum price per bushel: Chicago, No. 3 yellow, $1.99; St. Louis, No. 3 yellow, $2.01; Minneapolis, No. 3 yellow, $1.90; Omaha, No. 3 yellow, $1.92; Kansas City, No. 3 yellow, $1.97. For other classes, grades, and quality, market differentials will apply.
Grain sorghum, bulk (for feed only), 23,000 hundredweight.	Market price for feed, basis in store. Small lots available Dallas, and Kansas City CSS Commodity offices.
Barley, bulk (for feed only) 212,000 bushels. (For malting use or use other than feed) 250,000 bushels.	Market price for feed basis in store. Market price but not less than applicable 1953 county loan rate for No. 2 barley, plus: (1) 27 cents per bushel if received by truck, or (2) 23 cents per bushel if received by rail or barge. For other classes, grades and quality, market differentials will apply. Example of minimum price per bushel: Minneapolis, No. 2 Barley, $1.67. Small lots available Chicago, Minneapolis, Kansas City and Portland CSS Commodity offices.
Rye, bulk (for feed only) 144,000 bushels.	Market price for feed only, basis in store. Small lots available Minneapolis, and Kansas City CSS Commodity offices.
Flaxseed, bulk (for crushing only) 181,000 bushels. Largely LCL lots.	Market price on date of sale, basis in store. Available Minneapolis CSS Commodity office. No stocks from the 1953 crop acquired by CCC will be sold at less than the 1953 support price during the period ending July 31, 1954.
Wool, shorn and pulled grease (including some scoured) 92,000,000 pounds.	The higher of (1) the market value, or (2) 108 percent of the price support appraisal value per pound plus an allowance for sales commission, Boston basis, adjusted for net freight on wool stored outside the Boston storage area. Sales will be made ex-warehouse where stored. Available Boston CSS Commodity office.

See footnotes at end of table.

MARCH 1954 DOMESTIC PRICE LIST—Continued

Commodity and approximate quantity available (subject to prior sale)	Domestic price list
Cottonseed oil, crude 15,000,000 pounds.[1]	Market price but not less than 15 cents per pound prime, Valley basis, f. o. b. tankcars or tankwagons at producers' mills subject to premiums or discounts comparable to Bulletin 3 of the 1953 crop cottonseed price support program. Available New Orleans CSS Commodity office. Price will not be reduced during period ending August 31, 1954.
Cottonseed oil, refined, 920,000,000 pounds.[1]	Market price but not less than the minimum crude price, with appropriate adjustments for refining, location and quality f. o. b. tankcars or tankwagons at points of storage locations. Available New Orleans CSS Commodity office. Price will not be reduced during period ending August 31, 1954.
Linseed oil, raw, 66,000,000 pounds.[1]	Market price on date of sale, but not less than equivalent of the 1953 price support for flaxseed. Price will not be reduced during period ending July 31, 1954. Available Chicago, Dallas, New Orleans, Portland, and Minneapolis CSS Commodity offices.
Seeds (bagged)	All sales are f. o. b. point of production, plus any paid-in freight as applicable basis current freight rate at time of sale. On all seeds except ladino: Offers will not be accepted for less than warehouse receipt lot or minimum weight carlot as prescribed by railroad carrier's regulation at point of storage.
Red clover seed (uncertified), 8,782 hundredweight.	$36.75 per 100 pounds. Available Portland, Chicago, Kansas City, Minneapolis, and New Orleans CSS Commodity offices.[2]
Red clover seed (certified); Cumberland, 1,016 hundredweight, Midland, 625 hundredweight.	$36.75 per 100 pounds. Available Portland, Kansas City, and Minneapolis CSS Commodity offices.[2]
Red clover seed (Kenland certified), 140 hundredweight.	$43 per 100 pounds. Available Portland CSS Commodity office.[2]
White clover seed, 903 hundredweight.	$53.50 per 100 pounds. Available New Orleans CSS Commodity office.[2]
Ladino clover seed (certified), 141,420 hundredweight.	$65 per 100 pounds, $60 in lots of 60,000 pounds or more. Available Portland, Minneapolis, and Kansas City CSS Commodity offices.
Crimson clover seed, 2,267 hundredweight.	$18 per 100 pounds. Available Portland and New Orleans CSS Commodity offices.
Biennial sweet clover seed, 15,502 hundredweight.	$9.45 per 100 pounds. Available Kansas City, Minneapolis, and Chicago CSS Commodity offices.[2]
Alsike clover seed, 19,271 hundredweight.	$27 per 100 pounds. Available Portland, Kansas City, Chicago, and Minneapolis CSS Commodity offices.[2]
Smooth bromegrass seed (uncertified), 34 hundredweight.	$15.75 per 100 pounds. Available Portland CSS Commodity office.[2]
Smooth bromegrass seed, Manchar certified, 345 hundredweight.	$22.50 per 100 pounds. Available Portland CSS Commodity office.[2]
Mountain bromegrass seed (Bromar certified), 1,831 hundredweight.	$21 per 100 pounds. Available Portland CSS Commodity office.[2]
Hairy vetch seed, 238,093 hundredweight.	1953 county support rates, ranging from $11.65 to $12.40 plus $1 per 100 pounds.
Birdsfoot trefoil seed, 1,116 hundredweight.	$78.75 per 100 pounds. Available Portland CSS Commodity office.[2]
Slender wheatgrass seed (uncertified), 1,222 hundredweight.	$16 per 100 pounds. Available Minneapolis CSS Commodity office.[2]
Primar slender wheatgrass seed, 272 hundredweight.	$31.50 per 100 pounds. Available Portland CSS Commodity office.[2]
Rough pea, 54 hundredweight	$6.80 per 100 pounds. Available New Orleans CSS Commodity office.
Alfalfa seed, northern, 194,522 hundredweight.	$37.50 per 100 pounds. Available Portland, Chicago, Minneapolis, and Kansas City CSS Commodity offices.[2]

OFFICE OF DEFENSE MOBILIZATION

BEEVILLE, TEXAS, AREA

FINDING AND DETERMINATION OF CRITICAL DEFENSE HOUSING AREAS UNDER THE DEFENSE HOUSING AND COMMUNITY FACILITIES AND SERVICES ACT OF 1951, AS AMENDED

Upon a review of specific data presented to me, I find that all of the conditions set forth in section 101 (b) of the Defense Housing and Community Facilities and Services Act of 1951, as amended, exist in the

Beeville, Texas, Area: The area consists of all of Bee County, including the City of Beeville.

Accordingly, pursuant to section 101 of the Defense Housing and Community Facilities and Services Act of 1951 and by virtue of the authority vested in me by Executive Order 10296 of October 2, 1951, I hereby determine that said area is a critical defense housing area.

Dated: March 16, 1954.

ARTHUR S. FLEMMING,
Director,
Office of Defense Mobilization.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-3201]

UTAH POWER & LIGHT CO.

ORDER AUTHORIZING ISSUE AND SALE AT COMPETITIVE BIDDING OF COMMON STOCK AND PRINCIPAL AMOUNT OF BONDS

MARCH 11, 1954.

Utah Power & Light Company ("Company"), a registered holding company which is also an operating utility company, having filed with this Commission a declaration and an amendment thereto pursuant to sections 7 and 12 of the Public Utility Holding Company Act of 1935 ("act") and Rules U-42 and U-50 thereunder with respect to the following proposed transactions:

The Company proposes to issue and sell, subject to the competitive bidding requirements of Rule U-50, (a) 200,000 shares of its Common Stock, without par or face value, and (b) $15,000,000 aggregate principal amount of First Mortgage Bonds, ... percent Series due 1984.

The interest rate on the Bonds (which shall be a multiple of ⅛ of 1 percent) and the price (exclusive of accrued interest) to be paid for the Bonds (which shall be not less than the principal amount thereof and not more than 102¾ percent of such principal amount), as well as the price to be paid for the Stock, will be fixed by proposals to be invited by the Company, which will reserve the right to reject any or all proposals at or after the opening thereof. The Bonds will be issued under a Mortgage and Deed of Trust dated as of December 1, 1943 from the Company to Guaranty Trust Company of New York and Arthur

E. Burke, trustees, as heretofore supplemented and as further supplemented by a Ninth Supplemental Indenture to be dated as of May 1, 1954. Such Bonds will also be entitled to the benefit of the Indenture dated as of December 1, 1943 between the Company's subsidiary The Western Colorado Power Company and the aforesaid trustees.

Stating that it may desire to acquire not more than 5,000 shares of its Common Stock by purchases on the New York Stock Exchange or otherwise, on the morning of the day on which the bids for the purchase of the Stock are to be opened, for the purpose of facilitating the distribution and offering of said 200,000 shares of Common Stock, the Company requests permission to conduct such limited stabilizing operation. Any shares so acquired are to be purchased from the Company by the underwriters in addition to said 200,000 shares.

According to present schedule, the Company expects to sell said Stock in the latter part of March 1954 and said Bonds about two months later.

The proceeds accruing from the sale of said securities will be applied on the Company's current construction program and to pay off bank loans aggregating $10,000,000 heretofore made in connection therewith.

The issuance and sale of the Common Stock and Bonds as proposed have been expressly authorized by the Public Service Commission of Wyoming and by the Idaho Public Utilities Commission, which commissions, in the opinion of the Company's counsel, are the only state regulatory commissions having jurisdiction in the premises.

The Company estimates its aggregate expenses in connection with the stock financing at $35,000, including attorney's fees of $3,250, and in connection with the bond financing at $65,000, including attorneys' fees of $6,250. The fees of independent counsel to the underwriters, which will be paid by the successful bidders, are estimated at $3,000 for the stock financing and $6,000 for the bond financing.

The Company requests that the Commission's order herein be permitted to become effective forthwith upon issuance.

Due notice having been given of the filing of the declaration, and a hearing not having been requested of or ordered by the Commission; and the Commission finding that the applicable provisions of the act and the rules promulgated thereunder are satisfied and that no adverse findings are necessary, and deeming it appropriate in the public interest and in the interest of investors and consumers that said declaration as amended be permitted to become effective forthwith:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that said declaration as amended be, and it hereby is, permitted to become effective forthwith, subject to the terms and conditions prescribed in Rules U-24 and U-50.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[File No. 70-3195]

INDIANA & MICHIGAN ELECTRIC CO. ET AL.

ORDER REGARDING MERGER OF TWO PUBLIC UTILITY SUBSIDIARIES OF A REGISTERED HOLDING COMPANY

In the matter of Indiana & Michigan Electric Company, Citizens Heat, Light and Power Company and American Gas and Electric Company; File No. 70-3195.

American Gas and Electric Company ("American Gas"), a registered holding company, and its public-utility subsidiaries, Indiana & Michigan Electric Company ("Indiana") and Citizens Heat, Light and Power Company ("Citizens") having filed a joint application-declaration with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("act"), particularly sections 6 (a), 7, 9, 10, 12 (d) and 12 (f) of the Act and Rules U-43, U-44, and U-45 of the rules and regulations promulgated thereunder regarding proposed transactions which are summarized as follows:

In general, the proposed transactions relate to a program involving the acquisition by Indiana of the assets of Citizens and the subsequent liquidation and dissolution of Citizens. It is proposed that the foregoing program will be effected through the consummation of the following transactions:

(1) Citizens will restate the provisions of its Articles of Incorporation to accept the provisions of the Indiana General Corporation Act of 1929 so as to clarify the legal steps to be taken to consummate the transfer of its assets to Indiana and its subsequent dissolution;

(2) Citizens will transfer all of its assets to Indiana and will cease rendering service to the public in Indiana;

(3) Indiana will acquire all of the assets of Citizens and will render service to the public in the area theretofore served by Citizens;

(4) Indiana will issue to Citizens 7,000 shares of Common Stock, without par value, of Indiana and will assume all liabilities, contingent or matured, of Citizens;

(5) Citizens will liquidate and dissolve and, in connection therewith, will transfer to American Gas the 7,000 shares of Common Stock, without par value, of Indiana theretofore received by Citizens; and

(6) American Gas will make a capital contribution to Indiana of the indebtedness of Citizens held by American Gas and assumed by Indiana in connection with the acquisition of the assets of Citizens.

Fees and expenses relating to the transactions are estimated as follows:

Fees and expenses of Counsel:	
Campbell, Livingston, Teeple & Dildine	$5,000.00
Burns, Hadsell & Mollison	1,250.00
Simpson Thacher & Bartlett	5,000.00
Federal issuance tax stamps re: issue of 7,000 shares of Indiana & Michigan Electric Co. common stock	840.00
Printing applications, articles of acceptance, etc	1,300.00
Fee payable to State of Indiana	161.00
Fee payable to State of Michigan	50.00
Travel, telephone, publication of notices, misc	500.00
Total	14,101.00

It is stated that the issuance by Indiana of its common stock to Citizens and the assumption by Indiana of the liabilities of Citizens have been authorized by an order of the Michigan Public Service Commission and that the sale by Citizens of its assets to Indiana, the acquisition thereof by Indiana, the issuance by Indiana, and acquisition by Citizens of the common stock of Indiana, the assumption by Indiana of the liabilities of Citizens and the transfer to American Gas of the common stock of Indiana have been authorized by an order of the Public Service Commission of Indiana. It is requested that the order of this Commission to be entered herein be made effective upon issuance.

Due notice having been given of the filing of said joint application-declaration, and a hearing not having been requested of or ordered by the Commission; and the Commission finding that the applicable provisions of the act and rules promulgated thereunder are satisfied and that no adverse findings are necessary, and deeming it appropriate in the public interest and in the interest of investors and consumers that said application-declaration as amended be granted and made effective forthwith:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that said application-declaration as amended be, and it hereby is, granted and permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24.

By the Commission.

INTERSTATE COMMERCE COMMISSION

[4th Sec. Application 29008]

OPEN HEARTH BASIC SLAG FROM ENSLEY, ALA., TO POINTS IN SOUTHERN TERRITORY

APPLICATION FOR RELIEF

MARCH 15, 1954.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: R. E. Boyle, Jr., Agent, for carriers parties to schedule listed below.

Commodities involved: Open hearth basic slag, ground, carloads.

From: Ensley, Ala.

To: Points in southern territory.

Grounds for relief: Rail competition, circuity, to maintain grouping, short or weak line carrier, and to apply rates constructed on the basis of the short line distance formula.

Schedules filed containing proposed rates: C. A. Spaninger, Agent, I. C. C. No. 1221, supp. 50.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

[No. 31474]

NEW JERSEY COMMUTATION FARES

NOTICE OF INVESTIGATION AND HEARING

At a general session of the Interstate Commerce Commission, held at its office in Washington, D. C., on the 9th day of March A. D. 1954.

It appearing, that in Commutation Fares in C. F. A. and T. L. Territories, 284 I. C. C. 129 and 288 I. C. C. 117, the Commission authorized carriers subject to the Interstate Commerce Act, parties thereto, to make certain increases in interstate commutation passenger fares; and that increases under such authorization have ben made;

It further appearing, that a petition, dated February 5, 1954, has been filed on behalf of the Erie Railroad Company, Lehigh Valley Railroad Company, The New Jersey & New York Railroad Company (Peter Duryee, Trustee), and The Pennsylvania Railroad Company, common carriers by railroad operating to, from, and between points in the State of New Jersey, in interstate and intrastate commerce, averring that the refusal of the Board of Public Utility Commissioners of the State of New Jersey to authorize or permit petitioners to increase their New Jersey intrastate commutation passenger fares to the basis approved by this Commission in 284 I. C. C. 129 and 288 I. C. C. 117, causes and results in undue and unreasonable advantage, preference and prejudice as between persons and localities in intrastate commerce, on the one hand, and interstate commerce on the other hand, and undue or unreasonable and unjust discrimination against interstate commerce, in violation of section 13 of the Interstate Commerce Act;

And it further appearing, that the said petition brings in issue passenger fares made or imposed by authority of the State of New Jersey, and that the State of New Jersey, and the Board of Public Utility Commissioners of that State filed a pleading dated February 26, 1954, containing an answer to the said petition, and asking that it be denied, or, in the alternative, that it be assigned for hearing; and for good cause appearing;

It is ordered, That in response to the said petition, an investigation be, and it is hereby, instituted to determine whether the said intrastate commutation passenger fares made or imposed by the State of New Jersey, cause any undue or unreasonable advantage, preference, or prejudice, as between persons or localities in intrastate commerce, on the one hand, and interstate commerce, on the other, or any undue, unreasonable or unjust discrimination against interstate commerce; and to determine what fares, if any, or what maximum or minimum, or maximum and minimum, fares shall be prescribed to remove the unlawful advantage, preference, prejudice, or discrimination, if any, that may be found to exist;

It is further ordered, That the Erie Railroad Company, Lehigh Valley Railroad Company, The New Jersey & New York Railroad Company (Peter Duryee, Trustee), and The Pennsylvania Railroad Company be, and they are hereby, made respondents to this proceeding, that a copy of this order be served upon said respondents; and that the State of New Jersey be notified of this proceeding by sending copies of this order by registered mail to the Governor of said State and to the Board of Public Utility Commissioners at Trenton, N. J.;

It is further ordered, That notice of this proceeding be given to the public by depositing a copy of this order in the office of the Secretary of the Commission at Washington, D. C., and by filing a copy with the Director, Division of the Federal Register, Washington, D. C.;

And it is further ordered, That this proceeding be assigned for hearing at such time and place as the Commission may hereafter designate.

By the Commission, Division 1.

FEDERAL REGISTER

VOLUME 19 NUMBER 54

Washington, Friday, March 19, 1954

TITLE 3—THE PRESIDENT

EXECUTIVE ORDER 10521

ADMINISTRATION OF SCIENTIFIC RESEARCH BY AGENCIES OF THE FEDERAL GOVERNMENT

WHEREAS the security and welfare of the United States depend increasingly upon the advancement of knowledge in the sciences; and

WHEREAS useful applications of science to defense, humanitarian, and other purposes in the Nation require a strong foundation in basic scientific knowledge and trained scientific manpower; and

WHEREAS the administration of Federal scientific research programs affecting institutions of learning must be consistent with the preservation of the strength, vitality, and independence of higher education in the United States; and

WHEREAS, in order to conserve fiscal and manpower resources, it is necessary that Federal scientific research programs be administered with all practicable efficiency and economy; and

WHEREAS the National Science Foundation has been established by law for the purpose, among others, of developing and encouraging the pursuit of an appropriate and effective national policy for the promotion of basic research and education in the sciences:

NOW, THEREFORE, by virtue of the authority vested in me as President of the United States, it is hereby ordered as follows:

SECTION 1. The National Science Foundation (hereinafter referred to as the Foundation) shall from time to time recommend to the President policies for the Federal Government which will strengthen the national scientific effort and furnish guidance toward defining the responsibilities of the Federal Government in the conduct and support of scientific research.

SEC. 2. The Foundation shall continue to make comprehensive studies and recommendations regarding the Nation's scientific research effort and its resources for scientific activities, including facilities and scientific personnel, and its foreseeable scientific needs, with particular attention to the extent of the Federal Government's activities and the resulting effects upon trained scientific personnel. In making such studies, the Foundation shall make full use of existing sources of information and research facilities within the Federal Government.

SEC. 3. The Foundation, in concert with each Federal agency concerned, shall review the scientific research programs and activities of the Federal Government in order, among other purposes, to formulate methods for strengthening the administration of such programs and activities by the responsible agencies, and to study areas of basic research where gaps or undesirable overlapping of support may exist, and shall recommend to the heads of agencies concerning the support given to basic research.

SEC. 4. As now or hereafter authorized or permitted by law, the Foundation shall be increasingly responsible for providing support by the Federal Government for general-purpose basic research through contracts and grants. The conduct and support by other Federal agencies of basic research in areas which are closely related to their missions is recognized as important and desirable, especially in response to current national needs, and shall continue.

SEC. 5. The Foundation, in consultation with educational institutions, the heads of Federal agencies, and the Commissioner of Education of the Department of Health, Education, and Welfare, shall study the effects upon educational institutions of Federal policies and administration of contracts and grants for scientific research and development, and shall recommend policies and procedures which will promote the attainment of general national research objectives and realization of the research needs of Federal agencies while safeguarding the strength and independence of the Nation's institutions of learning.

SEC. 6. The head of each Federal agency engaged in scientific research shall make certain that effective executive, organizational, and fiscal practices exist to ensure (a) that the Foundation is consulted on policies concerning the support of basic research, (b) that approved scientific research programs conducted by the agency are reviewed continuously in order to preserve priorities in research efforts and to adjust programs to meet changing conditions

Subchapter B—Loans, Purchases, and Other Operations

[1954 C. C. C. Wheat Bulletin A, Rev., Amdt. 1]

PART 421—GRAINS AND RELATED COMMODITIES

SUBPART—1954 WHEAT PRICE SUPPORT PROGRAM

DEFINITIONS

The following amendments to Wheat Bulletin A, Revised, are made in order to incorporate the changes in the definition of wheat acreage made by amendment to the regulations pertaining to farm acreage allotments for the 1954 crop of wheat. The amended definition of wheat acreage excludes in all counties any acreage seeded to wheat which is turned under, pastured off, or cut for hay or silage while still green.

Previously, such acreage was excluded only in certain designated counties and the determination as to whether the wheat acreage exceeded the farm acreage allotment in all other counties was based on planted acreage. Since any overplanted acreage may now be handled in such a manner, a producer who unknowingly overplanted and who is notified of the number of excess acres determined by measurement in time to follow such a practice, must do so in order to be eligible for price support on the wheat produced within his farm acreage allotment.

Section 421.428, (b) and (c) are hereby amended as follows:

§ 421.428 *Definitions.* • • •

(b) *Farm acreage allotment.* Means that wheat acreage allotment (including limitations with respect to any class or subclass of wheat) established for the farm under 7 CFR 728.410 to 728.424 (18 F. R. 3161), and any amendments thereto.

(c) *Wheat acreage.* (1) Wheat acreage means (i) any acreage seeded to wheat, excluding any acreage (*a*) seeded to a wheat mixture in wheat mixture counties approved by the Director of the Grain Division, CSS, or (*b*) which does not reach maturity because it is, while still green, turned under, pastured off, or cut for hay or silage, and (ii) any acreage of volunteer (self-seeded) wheat which reaches maturity.

(2) Acreage seeded to wheat will not be considered as an acreage of wheat for the farm to the extent that (i) it has been totally destroyed by any cause beyond the control of the producer and cannot be reseeded and (ii) an additional acreage of wheat subsequently seeded with prior approval of the county committee, or an acreage of volunteer wheat, with approval of the county committee, or both, is substituted for the destroyed acreage.

(Sec. 4, 62 Stat. 1070, as amended; 15 U. S. C. Sup. 714b. Interprets or applies sec. 5, 62 Stat. 1072, secs. 401, 408, 63 Stat. 1054; 15 U. S. C. Sup. 714c, 7 U. S. C. Sup. 1421, 1428)

Done at Washington, D. C., this 15th day of March 1954.

[SEAL] TRUE D. MORSE,
Acting Secretary of Agriculture.

TITLE 7—AGRICULTURE

Chapter VIII—Commodity Stabilization Service (Sugar), Department of Agriculture

Subchapter B—Sugar Requirements and Quotas

[Sugar Reg. 811, Amdt. 1]

PART 811—CONTINENTAL SUGAR REQUIREMENTS AND AREA QUOTAS

REQUIREMENTS AND QUOTAS FOR 1954

Basis and purpose. The purpose of Sugar Regulation 811 is to determine, pursuant to section 201 of the Sugar Act of 1948, as amended (hereinafter called the "act"), the amount of sugar needed to meet the requirements of consumers in the continental United States for the calendar year 1954, and to establish, pursuant to section 202 of the act, sugar quotas for the supplying areas in terms of short tons of sugar, raw value (formerly Part 813), equal to the quantity determined by the Secretary of Agriculture to be needed in 1954.

The act requires that the Secretary shall revise the determination of sugar requirements at such times during the calendar year as may be necessary. It now appears that an increase in the estimate of requirements for the calendar year 1954 is necessary. The purpose of

RESEARCH AND DEVELOPMENT

PRESIDENT'S DIRECTIVE

WHEREAS the Congress has declared that the national welfare requires that the Federal Government initiate and support scientific research in fields of importance to the nation; and

WHEREAS the Congress has established the National Science Foundation to promote the progress of science and to advance the national health, prosperity, and welfare; and

WHEREAS the Congress has directed the Foundation to initiate and support basic scientific research in the mathematical, physical, medical, biological, engineering, and other sciences; and

WHEREAS the Congress has directed the Foundation to evaluate the scientific research programs undertaken by agencies of the Federal Government, to plan a central clearinghouse for the collection and dissemination of scientific information, and to undertake such other activities as will effectively promote scientific research and development; and

WHEREAS the Congress has directed the Foundation to maintain a register of scientific and technical personnel and to undertake special studies of the relationship between the supply and demand for such personnel; and

WHEREAS the Congress has directed the Foundation to initiate and support specific scientific activities in connection with matters relating to the national defense; and

WHEREAS the Congress has directed the Foundation to initiate and support scientific research on the mathematical, physical, medical, biological, engineering, and other aspects of weather and the causes and effects of weather modification; and

WHEREAS the Congress has directed the Foundation to initiate and support a program of basic scientific research and education in the mathematical, physical, medical, biological, engineering, and other sciences, including the social sciences, in order to develop and maintain the full potential of the nation for scientific research; and

WHEREAS the Congress has directed the Foundation to foster the interchange of scientific information among scientists in the United States and foreign countries; and

WHEREAS the Congress has directed the Foundation to foster and support the development and use of computers and other scientific methods and technologies, primarily for research and education in the sciences; and

WHEREAS the Congress has directed the Foundation to grant scholarships and graduate fellowships in the mathematical, physical, medical, biological, engineering, and other sciences, including the social sciences, in order to increase the number of persons trained in science and technology and to support such other activities as will effectively promote the development and maintenance of scientific research and education; and

WHEREAS the Congress has directed the Foundation to appraise the impact upon the welfare of the nation, its full employment policies, and its competitive position in the world of discoveries in the sciences and technology and of various proposals for the improvement and coordination of the national research effort for the development of technology; and

WHEREAS the Congress has directed the Foundation to undertake such other activities as will effectively promote scientific research and development; and

WHEREAS the Congress has directed the Foundation to submit annually a report of its activities, its expenditures, and such recommendations for additional legislation as it deems necessary to carry out its purposes

this amendment is to make such determination conform to the requirements indicated on the basis of the factors specified in section 201 of the act and give effect to the revised determination.

After providing for quotas in specific amounts for domestic sugar producing areas and the Republic of the Philippines, section 202 of the act provides that the difference between the sum of such quotas and total requirements shall be prorated to foreign countries other than the Republic of the Philippines on the basis of stated percentages. Thus, the statute states specifically how quotas are to be revised when there is a change in sugar requirements. Furthermore, in order to make available the additional sugar authorized by this amendement to meet current demand at stable prices and thereby protect the interests of consumers, it is essential that this amendment be made effective immediately. Therefore, it is hereby determined and found that compliance with the notice, procedure and effective date requirements of the Administrative Procedure Act (60 Stat. 237; 5 U. S. C. 1001) is impracticable, unnecessary and contrary to the public interest. The amendments made herein shall become effective upon publication in the FEDERAL REGISTER.

Accordingly, §§ 811.60, 811.62, 811.64 (b) and 811.65 of Sugar Regulation 811 (18 F. R. 8257) are amended to read as hereinafter set forth.

1. Section 811.60 is amended to read:

§ 811.60 *Sugar requirements, 1954.* The amount of sugar needed to meet the requirements of consumers in the continental United States for the calendar year 1954 is hereby determined to be 8,200,000 short tons, raw value.

2. Section 811.62 is amended to read:

§ 811.62 *Basic quotas for other areas.* There are hereby established, pursuant to subsections (b) and (c) of section 202 of the act, for foreign countries for the calendar year 1954 the following quotas:

Area:	*Quotas in terms of short tons, raw value*
Republic of the Philippines	974,000
Cuba	2,670,720
Other foreign countries	111,280

3. Paragraph (b) of § 811.64 is amended to read:

§ 811.64 *Proration of quota for foreign countries other than Cuba and the Republic of the Philippines.* • • •

(b) *Basic prorations.* The 1954 quota for foreign countries other than Cuba and the Republic of the Philippines is hereby prorated, pursuant to subsection (c) of section 202 of the act, among such countries as follows:

Country:	*Proration in short tons, raw value*
Dominican Republic	27,634
El Salvador	4,140
Haiti	2,674
Mexico	11,458
Nicaragua	7,832
Peru	51,978
Unspecified countries	5,564
Total	111,280

4. Paragraph (b) of § 811.65 is amended to read:

§ 811.65 *Direct-consumption portion of quotas or prorations.* • • •

(b) *Other areas.* (1) Pursuant to subsections (d), (e) and (h) of section 207 of the act, the quotas established in § 811.62 for the following listed areas may be filled by direct-consumption sugar not in excess of the following amount for each such area:

Area:	*Direct-consumption sugar, short tons, raw value*
Republic of the Philippines	59,920
Cuba	375,000
Other foreign countries	37,835

(2) Notwithstanding the foregoing limitation, the following listed countries may enter within the limits of the prorations established in § 811.64 a minimum quantity of sugar for direct consumption equal to the quantities listed below for each such country:

Country:	*Direct-consumption sugar, pounds, raw value*
Canada	7,552
Colombia	857
Costa Rica	2,169
Dominican Republic	2,400,958
El Salvador	4,041,686
Haiti	376,163
Hong Kong	42,987
Mexico	1,287,589
Nicaragua	9,059,531
Peru	4,377,617
United Kingdom	144,490

BASIS AND CONSIDERATIONS

Sugar requirements. On December 14, 1953, it was determined that total sugar quotas of 8,000,000 short tons, raw value, would be required in 1954. It was anticipated that the 1954 consumption of sugar would approximate 8,400,000 tons. The allowance of 400,000 tons was made because of stockpiling during late 1953 and to establish stable prices at levels required by the Sugar Act.

It now appears that stockpiling attributable to sales by beet processors charged to the 1953 quota but physically delivered in 1954, and heavy buying in the eastern area resulting from fears of a strike by longshoremen, approached a total of 200,000 short tons, raw value. This heavy distribution late in the year reduced refiners' year-end stocks of quota sugar but adjustments in refiners' year-end stocks are not a market factor at this time. The net effect of the December action was, therefore, to withhold 200,000 tons for the purpose of supporting the market during the period when it tends to develop a seasonal weakness.

Ordinarily consumer demand is low in the winter and early spring months and rises to a peak during the summer. To date in 1954 approximately 100,000 tons less sugar has been distributed than in the corresponding period of 1953. It appears probable, therefore, that consumers are reducing their inventories and that the coming seasonal increase in the use of sugar will be substantially reflected in concurrent distribution. In terms of supply the harvesting season in the Caribbean area, reaching its peak in March or early April, tends to result in a heavy selling pressure early in the year.

The supply and demand factors prevailing during this time of the year frequently result in seasonal weakness in price. Although prices declined in late 1953, recently both spot prices for raw sugar and prices for refined sugar have increased and futures prices for raw sugar for the more distant months show premiums over those for nearby months. These market developments indicate that in establishing the total of the quotas an allowance is not now needed to assure a level of price consistent with the objectives of the Sugar Act. Accordingly, the total of the sugar quotas (sugar requirements) for 1954 is established at 8,200,000 short tons, raw value.

Quotas. To give effect to the increase in sugar requirements the quotas for Cuba and foreign countries other than Cuba and the Republic of the Philippines have been increased by the amendments made herein to §§ 811.62, 811.64 (b) and 811.65 (b). In § 811.65 (b) the designation "China and Hong Kong" has been changed to "Hong Kong" inasmuch as Hong Kong was the source of all entries upon which the quantity set opposite this designation is based. In the same paragraph the quantity for Mexico has been changed to correct the computation of this quantity from entries for direct consumption in the years 1948, 1949 and 1950.

(Sec. 403, 61 Stat. 932, as amended, 7 U. S. C. Sup. 1153. Interpret or apply secs. 202, 204, 207, 208, 209, 210 and 212, 61 Stat. 924, 925, 927, 928, as amended, 929; 7 U. S. C. Sup. 1112, 1114, 1117, 1118, 1120, 1122)

Done at Washington, D. C., this 16th day of March 1954. Witness my hand and the seal of the Department of Agriculture.

[SEAL] TRUE D. MORSE,
Acting Secretary of Agriculture.

[F. R. Doc. 54-1986; Filed, Mar. 18, 1954; 8:56 a. m.]

TITLE 14—CIVIL AVIATION

Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 60]

PART 610—MINIMUM EN ROUTE IFR ALTITUDES

MISCELLANEOUS AMENDMENTS

The minimum en route IFR altitudes appearing hereinafter have been coordinated with interested members of the industry in the regions concerned insofar as practicable. The altitudes are adopted without delay in order to provide for safety in air commerce. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to the public interest, and therefore is not required.

Part 610 is amended as follows:

1. Section 610.103 *Amber civil airway No. 3* is amended to read in part:

From—	To—	Minimum altitude
Pueblo, Colo. (LFR)	Colorado Springs, Colo. (ILS/LOM).	8,000
Colorado Springs, Colo. (ILS/LOM).	Denver, Colo. (LFR)	8,900

2. Section 610.214 *Red civil airway No. 14* is amended to eliminate:

From—	To—	Minimum altitude
Lanesville (INT), Ky	Godman AFB, Ky. (LF/RBN).	2,000
Godman AFB, Ky. (LF/RBN).	Upton (INT), Ky.	2,100

3. Section 610.284 *Red civil airway No. 84* is amended to read in part:

From—	To—	Minimum altitude
Meridian, Miss. (LFR)	Marion (INT), Ala.	2,000
Marion (INT), Ala.	Montgomery, Ala. (LFR) (Maxwell AFB).	1,500

4. Section 610.662 *Blue civil airway No. 62* is amended to read in part:

From—	To—	Minimum altitude
Flint, Mich. (LF/RBN)	Saginaw, Mich. (LF/RBN).	2,100

5. Section 610.1001 *Direct routes—United States* is amended by adding:

From—	To—	Minimum altitude
Bair (INT), Mo.[1]	Kansas City, Kans., ILS localizer (southbound).	2,500

[1] 4,500'—Minimum reception altitude.

6. Section 610.6003 *VOR civil airway No. 3* is amended to read in part:

From—	To—	Minimum altitude
Kensington (INT), Md.	Lisbon (INT), Md.	[1] 3,000
Lisbon (INT), Md.	Parkton (INT), Md.	[2] 3,000
Parkton (INT), Md.	West Chester, Pa. (VOR).	[2] 3,000

[1] 2,000'—Minimum terrain clearance altitude.
[2] 2,500'—Minimum terrain clearance altitude.

7. Section 610.6016 *VOR civil airway No. 16* is amended to read in part:

From—	To—	Minimum altitude
Montebello, Va. (VOR)	Gordonsville, Va. (VOR).[1]	6,000

[1] 3,000'—Minimum crossing altitude at Gordonsville (VOR), westbound.

8. Section 610.6018 *VOR civil airway No. 18* is amended to read in part:

From—	To—	Minimum altitude
Jackson, Miss. (LFR), dir. or S. alter.	Meridian, Miss. (LFR), dir. or S. alter.	2,000

9. Section 610.6039 *VOR civil airway No. 39* is amended to read in part:

From—	To—	Minimum altitude
Gordonsville, Va. (VOR).[1]	Herndon, Va. (VOR).	3,000

[1] 3,000'—Minimum crossing altitude at Gordonsville (VOR), northeast-bound.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interpret or apply sec. 601, 52 Stat. 1007, as amended; 49 U. S. C. 551)

These rules shall become effective March 23, 1954.

[SEAL] F. B. LEE,
Administrator of Civil Aeronautics.

Chapter VII—Department of the Air Force

Subchapter G—Personnel

PART 889—CIVILIAN PERSONNEL SECURITY PROGRAM

The caption of Part 889 is changed to read as set forth above. Regulations contained in §§ 889.1 to 889.11 (15 F. R. 658; 32 CFR Part 889) are revised as follows:

GENERAL PROVISIONS

Sec.
889.1 General policy statement.
889.2 Definitions.
889.3 Responsibilities.
889.4 Establishment of boards.

STANDARD AND CRITERIA

889.5 Standard.
889.6 Criteria for application of standard.

SENSITIVE POSITIONS AND INVESTIGATIONS FOR EMPLOYMENT

889.7 Designation of sensitive positions.
889.8 Investigative requirements for applicants.
889.9 Investigative requirements for employees.
889.10 Review of reports of investigation of applicants.
889.11 Referral of possible derogatory information.

PROCESSING OF CASES

889.12 Initial action by Director of Special Investigations.
889.13 Action by commanders.
889.14 Action by Central Security Board.
889.15 Proceedings by the hearing boards.
889.16 Conduct of hearings.
889.17 Hearing board findings and recommendations.
889.18 Security Review Board action.
889.19 Notice to employee.
889.20 Release of information.

RESIGNATIONS AND REIMBURSEMENT OF [illegible]

889.21 Resignation policy.
889.22 Reimbursement of employees.

AUTHORITY: §§ 889.1 to 889.22 issued under R. S. 161, sec. 202, 61 Stat. 500, as amended; 5 U. S. C. 22, 171a. Interpret or apply sec. 1, 64 Stat. 476, sec. 9A, 53 Stat. 1148, Pub. Law 179, 83d Cong.; 5 U. S. C. 22-1, 116; E. O. 10450, Apr. 27, 1953, 18 F. R. 2489.

DERIVATION: AFR 40-12.

§ 889.1 *General policy statement.* (a) No civilian will be employed for, assigned to, or retained in any position in the Air Force Establishment if such employment, assignment, or retention is not clearly consistent with the interests of the national security.

(b) Established national policies, founded upon statutes of the United States and Executive Orders of the President, require exclusion and removal from Federal employment of individuals who are unfit for employment for security reasons. Public Law 733, 81st Congress (sec. 1, 64 Stat. 476, 5 U. S. C. 22-1) authorizes the Secretary of the Air Force to suspend summarily without pay any civilian officer or employee when he deems such suspension necessary in the interest of national security, and to terminate the employment of such officer or employee if he determines such termi-

nation is necessary or advisable in the interest of national security. Section 9 (a) of the Hatch Act (sec. 9A, 53 Stat. 1148; 5 U. S. C. 118j) makes it unlawful for any employee whose compensation is paid from funds authorized or appropriated by Congress to have membership in any political party or organization which advocates the overthrow of our constitutional form of Government in the United States. That section also provides that any person violating its provisions shall be removed immediately from the position or office held by him, and thereafter no part of the funds appropriated by any act of Congress for such position shall be used to pay the compensation of such person. The current appropriation act applicable to the Air Force (Pub. Law 179, 83d Cong.) prohibits payment of funds appropriated by Congress to any employee who advocates or who is a member of an organization that advocates overthrow of the Government of the United States by force or violence. Executive Order 10450 (18 F. R. 2489) provides that the interests of the national security require that all persons privileged to be employed in the Air Force shall be reliable, trustworthy, of good conduct and character, and of complete and unswerving loyalty to the United States. Executive Order 10450 requires an effective program to insure that the employment or retention in employment of any civilian officer or employee is clearly consistent with the interests of the national security. It also provides that any person whose employment is suspended or terminated under the authority granted to heads of departments and agencies by or in accordance with Public Law 733, 81st Congress, or pursuant to Executive Order 9835 (12 F. R. 1935; 3 CFR, 1947 Supp.), or any other security or loyalty program relating to officers or employees of the Government, shall not be reinstated or restored to duty or reemployed in the same department or agency and shall not be reemployed in any other department or agency, unless the head of the department or agency concerned finds that such reinstatement, restoration, or reemployment is clearly consistent with the interests of the national security, which findings shall be made a part of the records of such department or agency; and that no person whose employment has been terminated under such authority may be employed thereafter by any other department or agency except after a determination by the Civil Service Commission that such person is eligible for such employment.

(c) It is the policy of the Air Force that every possible safeguard will be provided to insure that no employee of the Air Force is removed from his employment arbitrarily or without full consideration and review of his case. No employee having a permanent or indefinite appointment who has completed his probationary or trial period and who is a citizen of the United States will be removed from his employment without an opportunity for a full and impartial hearing. Other individuals covered by this part may be afforded such a hearing at the discretion of the Central Security Board. It will, however, be the policy of the Board to grant such a hearing in all such cases except where the national security would otherwise be immediately affected.

(d) Security determinations will be made pursuant to the standard and criteria set forth in §§ 889.5 and 889.6. Such determinations, however, cannot be made in the abstract nor can general rules be laid down which will resolve individual cases automatically. In each case consideration should be given first to whether an individual is a suitable Air Force employee in his regularly assigned position. Where it is determined that an individual is not disqualified on security grounds for employment by the Department in any capacity, consideration should be directed to his fitness to hold the particular position to which he is assigned. The habits, activities, attitudes, associations, trustworthiness, reliability, and discretion of the individual involved are all relevant to the question of whether, because of his access to Air Force installations, information or material by virtue of his employment in the position involved, he might, either intentionally or inadvertently, disclose to unauthorized persons classified security information or other information, the disclosure of which is prohibited by law, or otherwise act against the security interests of the United States. In making this determination, the nature of the regularly assigned or official position involved (as distinguished from any position to which an employee may have been temporarily detailed as an interim security measure, and the opportunity afforded to the occupant of such position to have access (authorized or unauthorized) to security information, or to act to the detriment of national security, must be evaluated together with the information available to the Air Force and a common-sense decision rendered as to the ultimate question in each case.

(e) The suspension and removal procedures provided for in this part are based on the authority granted by Public Law 733, 81st Congress, and their use will be limited to cases in which the interests of national security are involved. These procedures will be used to supplement, not to substitute for, applicable civilian personnel removal procedures which will be used as appropriate where national security is not a consideration.

§ 889.2 *Definitions*—(a) *Alien.* As used in this part, the term "alien" means any individual not a citizen of the United States.

(b) *Continental United States.* As used in this part, the term "Continental United States" means the forty-eight States and the District of Columbia.

(c) *National security.* As used in this part, the term "national security" relates to the protection and preservation of the military, economic, and productive strength of the United States, including the security of the Government in domestic and foreign affairs, against or from espionage, sabotage, and subversion, and any and all other illegal acts designed to weaken or destroy the United States.

(d) *United States.* As used in this part in a geographical sense, the term "United States" includes the Canal Zone and all territory and waters, continental or insular, subject to the jurisdiction of the United States.

§ 889.3 *Responsibilities.* In carrying out the objectives and requirements of the security program, the following responsibilities are assigned:

(a) Over-all supervision and responsibility for the program are vested in the Assistant Secretary of the Air Force (Management).

(b) The Deputy Chief of Staff, Personnel, through the Director of Civilian Personnel, is responsible for the general administration of the program and for the continuing appraisal of the adequacy of the program from the standpoint of effective personnel administration.

(c) The Inspector General, Department of the Air Force, is responsible for the continuing appraisal of the adequacy of the program from the standpoint of effective security protection.

(d) Each commander is responsible for taking the action necessary to carry out the policies prescribed in this part, for taking action, as prescribed in this part, for the processing of all security cases involving civilian officers and employees under his command and for providing appropriate support for Security Hearing Boards convened at his installation as prescribed in this part.

§ 889.4 *Establishment of boards.* (a) The Central Loyalty-Security Board, established in the Department of the Air Force, is redesignated the Central Security Board. It will make initial adjudications and prepare charges, when required, in all security cases referred to it in accordance with this part, or by the Secretary of the Air Force. The Board will be composed of at least three members appointed by order of the Secretary of the Air Force. One will be selected by the Deputy Inspector General, Headquarters USAF, from activities under his jurisdiction, one from the Office of the Director of Civilian Personnel, and one from either the Office of the General Counsel or the Office of The Judge Advocate General of the Air Force. One of the members will be appointed to serve as chairman. Any three members of the Board will constitute a quorum

(b) The Loyalty-Security Hearing Boards established at each Air Force activity outside the Continental United States, except those in Alaska, Canal Zone, Hawaii, Puerto Rico, and Virgin Islands, which maintains a central civilian personnel office are redesignated Security Hearing Boards. Each Board will hear and consider all security cases which are referred to it by the Central Security Board. Each Security Hearing Board will be composed of at least three members. Any three or more members of each Board will constitute a quorum, provided a majority of those present are civilians. The commander of the Air Force activity will nominate the members of the Board for confirmation and appointment by order of the Secretary of the Air Force, and will designate a chairman as required from among the members so appointed. The commander is responsible for taking the steps required on his part sufficiently far in advance so that a Board, appointed in accordance with the provisions of this part is available at all times.

(c) Other Security Hearing Boards to hear and consider cases involving civilian personnel of Air Force activities within the Continental Unitel States, Alaska, Canal Zone, Hawaii, Puerto Rico, and Virgin Islands, will be established by the Secretary of the Air Force in appropriate areas.

(d) The Security Review Board is established in the Office of the Secretary of the Air Force to review all security cases submitted to it in accordance with this part and make recommendations thereon to the Secretary. The Board will be composed of members appointed by the Secretary of the Air Force.

(e) The Director of Civilian Personnel will provide an Executive Secretary, Civilian Personnel Security Program, and a Secretariat. The Executive Secretary will perform such administrative duties as are directed by the Secretary of the Air Force, or by the Boards.

STANDARD AND CRITERIA

§ 889.5 *Standard.* The standard for the refusal of employment or the removal from employment in the interests of the national security shall be that, based on all the available information, it is determined that employment or retention in employment of the person concerned is not clearly consistent with the interests of the national security.

§ 889.6 *Criteria for application of standard.* (a) Information regarding an applicant for employment, or an employee, which may preclude a finding that his employment or retention is clearly consistent with the interests of the national security, shall relate, but shall not be limited, to the following:

(1) Depending on the relation of the employment to the national security:

(i) Any behavior, activities or associations which tend to show that the individual is not reliable or trustworthy.

(ii) Any deliberate misrepresentations, falsifications, or omission of material facts.

(iii) Any criminal, infamous, dishonest, immoral, or notoriously disgraceful conduct, habitual use of intoxicants to excess, drug addiction, or sexual perversion.

(iv) An adjudication of insanity, or treatment for serious mental or neurological disorder without satisfactory evidence of cure.

(v) Any facts which furnish reason to believe that the individual may be subjected to coercion, influence, or pressure which may cause him to act contrary to the best interests of the national security. Among matters which should be considered in this category would be the presence of a spouse, parent, brother, sister, or offspring in a nation, a satellite thereof, or an occupied area thereof, whose interests might be inimical to the United States.

(2) Commission of any act of sabotage, espionage, treason, or sedition, or attempts thereat or preparation therefor, or conspiring with, or aiding or abetting, another to commit or attempt to commit any act of sabotage, espionage, treason, or sedition.

(3) Establishing or continuing a sympathetic association with a saboteur, spy, traitor, seditionist, anarchist, or revolutionist, or with an espionage or other secret agent or representative of a foreign nation, or any representative of a foreign nation whose interests may be inimical to the interests of the United States, or with any person who advocates the use of force or violence to overthrow the Government of the United States or the alteration of the form of Government of the United States by unconstitutional means.

(4) Advocacy of use of force or violence to overthrow the Government of the United States, or of the alteration of the form of Government of the United States by unconstitutional means.

(5) Membership in, or affiliation or sympathetic association with, any foreign or domestic organization, association, movement, group, or combination of persons which is totalitarian, Fascist, Communist, or subversive, or which has adopted, or shows, a policy of advocating or approving the commission of acts of force or violence to deny other persons their rights under the Constitution of the United States, or which seeks to alter the form of Government of the United States by unconstitutional means.

(6) Intentional, unauthorized disclosure to any person of security information, or of other information disclosure of which is prohibited by law.

(7) Performing or attempting to perform his duties, or otherwise acting, so as to serve the interests of another government in preference to the interests of the United States.

(8) Refusal by the individual, upon the ground of constitutional privilege against self-incrimination, to testify before a Congressional committee regarding charges of his alleged disloyalty or other misconduct.

(9) Participation in the activities of an organization established as a front for an organization referred to in subparagraph (5) of this paragraph when his personal views were sympathetic to the subversive purposes of such organization.

(10) Participation in the activities of an organization with knowledge that it had been infiltrated by members of subversive groups under circumstances indicating that the individual was a part of or sympathetic to the infiltrating element or sympathetic to its purposes.

(11) Participation in the activities of an organization, referred to in subparagraph (5) of this paragraph, in a capacity where he should reasonably have had knowledge of the subversive aims or purposes of the organization.

(12) Sympathetic association with a member or members of an organization referred to in subparagraph (5) of this paragraph (ordinarily this will not include chance or occasional meetings, nor contacts limited to normal business or official relations).

(13) Currently maintaining a close continuing association with a person who has engaged in activities or associations of the type referred to in subparagraphs (2) through (11) of this paragraph. A close continuing association may be deemed to exist if the individual lives at the same premises as, frequently visits, or frequently communicates with such person.

(14) Close continuing association of the type described in subparagraph (13) of this paragraph, even though later separated by distance, if the circumstances indicate that renewal of the association is probable.

(15) Willful violation or disregard of security regulations.

(b) In regard to paragraph (a) (5) of this section, the Attorney General of the United States has advised the Civil Service Commission in substance that membership in, affiliation with, or sympathetic association with any organization designated by him pursuant to Executive Order 10450 is but one of the factors by which a department or agency shall reach its security determination. In regard to paragraphs (a) (9) and (10) of this section, the Attorney General has also advised in substance that mere membership, affiliation, or association with an organization not designated by him should not be considered a relevant factor in making the security determination unless the department or agency first obtains and makes available to the adjudicating authorities the Attorney General's views as to the nature of the organization. In evaluating memberships, affiliations, or associations with organizations, consideration will be given to the employee's statements of his reasons for joining and his knowledge of the purposes of the organization.

(c) The activities and associations listed in paragraph (a) of this section are of varying degrees of seriousness. Therefore, the ultimate determination of whether employment or retention in employment is clearly consistent with the interests of national security must be an overall common-sense one based on all available information.

SENSITIVE POSITIONS AND INVESTIGATIONS FOR EMPLOYMENT

§ 889.7 *Designation of sensitive positions.* (a) A "sensitive position" is any position within the Air Force the occupant of which could bring about, by virtue of the nature of the position, a material adverse effect on the national security.

(b) Sensitive positions will include the following:

(1) Any position which involves responsibility for the:

(i) Development or approval of war plans.

(ii) Development or approval of plans or particulars of future major or special operations of war.

(iii) Development or approval of critical and extremely important items of war.

(iv) Development or approval of policies and programs which affect the overall operations of the Department of Defense or the Department of the Air Force.

(2) Any position, the duties of which involve:

(i) Access to Top Secret security information or material.

(ii) Access to classified cryptographic systems or equipment.

(iii) Responsibility for granting personnel security clearances or otherwise passing upon persons officially against whom information exists which indicates that the employment of such persons may not be clearly consistent with the interests of the national security.

(3) Any position, duties of which:

(i) Involve access to Confidential or Secret security information or material.

(ii) Involve performance of functions in connection with the Department of the Air Force program for the information, education, and orientation of personnel, including the training of other individuals for the performance of such functions.

(iii) Involve responsibility for the development of public relations programs or authorizing the release of information to the public.

(iv) Require that an individual work within an office, shop, laboratory or other similar location where classified work is in progress or where important materiel is processed or stored, and the duties would actually afford the individual a real opportunity to commit acts of espionage or sabotage with respect to such work or materiel which in and of themselves would have a material adverse effect on the national security. (Note: The use in this paragraph of the term "national security" is intended to constitute a limitation on the number and types of positions to be designated as sensitive positions. Many Air Force activities do not have such sensitive positions. A position may be designated as a sensitive position under this paragraph only if the possible acts of espionage or sabotage would actually have a material adverse effect on the national security as defined in § 889.2.)

(c) Each commander of a unit down to and including a group or comparable unit is responsible for designating as sensitive positions such specific civilian positions within his headquarters, unit or other activity as fall within the provisions of paragraph (b) of this section. He will require that each position designated as sensitive be reviewed periodically and will cancel its designation as a sensitive position if the duties do not warrant its retention in that category.

§ 889.8 *Investigative requirements for applicants*—(a) *General.* The appointment of each civilian officer or employee in the Air Force will be made subject to investigation. However, certain investigative action will be completed prior to appointment as required in paragraph (f) of this section.

(b) *Minimum requirements.* As a minimum requirement, an investigation after employment will be made of each individual, except as otherwise indicated in paragraphs (d), (e) and (f) of this section, consisting of the following:

(1) A national agency check (including a check of the fingerprint files of the Federal Bureau of Investigation).

(2) Written inquiries to appropriate local law-enforcement agencies, former employers and supervisors, references, and schools attended by the person under investigation.

(c) *Background Investigation.* A Background Investigation, which is at least equal to a full field investigation as referred to in Executive Order 10450, is required for the following persons (for aliens outside the United States, see paragraph (e) of this section):

(1) United States citizens appointed to a sensitive position referred to in § 889.7 (b) (1) and (2).

(2) Aliens in the United States appointed to a sensitive position referred to in § 889.7 (b) (1), (2) and (3) (i).

(d) *Temporary and seasonal employees.* (1) The appointment of a United States citizen or an alien in the United States to a nonsensitive position in which he will serve in a temporary or seasonal status will be subject to an investigation consistent with the circumstances and the duties involved, as determined by the commander concerned, but normally not in excess of a check of references and local agencies. Persons referred to in this paragraph include "Consultants," "Purchase Hire" employees, "Force Account" employees, and any other individuals who will serve in a temporary or seasonal status for a period not in excess of three months. Persons appointed to a nonsensitive position to serve for a period in excess of three months will be subjected to the investigation referred to in paragraph (b) (1) and (2) of this section.

(2) A national agency check and written inquiry is required for United States citizens and aliens in the United States appointed to a sensitive position referred to in § 889.7 (b) (3), except as otherwise indicated in subparagraph (3) of this paragraph for aliens.

(3) A Background Investigation is required for United States citizens and aliens in the United States who are appointed to a sensitive position referred to in § 889.7 (b) (1) and (2). A Background Investigation is also required for aliens in the United States who are appointed to a sensitive position referred to in § 889.7 (b) (3) (i).

(e) *Aliens outside the United States*—(1) *Nonsensitive positions.* (i) Except as otherwise indicated in subdivision (ii) of this subparagraph, an investigation will be made of each alien employed in a nonsensitive position within an activity located outside the United States consisting of such of the following as may be feasible in the circumstances:

(*a*) A check of the national investigative agencies of the foreign Government.

(*b*) A check of appropriate local law enforcement agencies at the place or places where the individual resides or has resided for the past five years.

(*c*) A check of references, former employers, and supervisors.

(*d*) A check of schools attended by the person under investigation.

(ii) Aliens referred to in subdivision (i) of this subparagraph may be appointed to nonsensitive positions in which they will serve in a temporary or seasonal status for a period not in excess of three months subject to the same investigative requirements as are prescribed in paragraph (d) (1) of this section for persons employed in the United States.

(2) *Sensitive positions.* In no circumstance will an alien outside the United States be appointed to a sensitive position referred to in § 889.7 (b) (1) and (2). When appointment to any other sensitive position is specifically authorized, or appointment to a position involving access to information classified Restricted is authorized, as much of a Background Investigation as is feasible will be made of the individual involved in addition to a check of the national investigative agencies of the foreign Government.

(f) *Preappointment investigations*—(1) *Sensitive position (§ 889.7 (b) (2)).* A sensitive position referred to in § 889.7 (b) (1) will not be filled prior to completion of a Background Investigation of the applicant: *Provided*, That in case of emergency, as determined by the commander responsible for designating the position sensitive (or higher authority in the same chain of command), such position may be filled for a limited period by a person with respect to whom only a National Agency Check has been conducted pending completion of a Background Investigation, if the commander or other authority referred to above finds that such action is necessary in the interests of national defense, which finding will be made a part of the records of the appointing installation.

(2) *Sensitive position (§ 889.7 (b) (2) and (3)).* Except as otherwise required in subparagraph (3) of this paragraph for aliens outside the United States, a sensitive position referred to in § 889.7 (b) (2) and (3) will not be filled prior to completion with satisfactory results of a National Agency Check of the applicant, pending completion of written inquiries or a Background Investigation if one is required by paragraph (c) of this section: *Provided*, That in case of emergency, as determined by the commander responsible for designating the position sensitive (or higher authority in the same chain of command), such position may be filled for a limited period by a person with respect to whom a National Agency Check has not been completed if the commander or other authority referred to above finds that such action is necessary in the interests of national defense, which finding will be made a part of the records of the appointing installation.

(3) *Aliens outside the United States.* When appointment of an alien outside the United States to a sensitive position refered to in § 889.7 (b) (3) is authorized, such appointment will not be made in any circumstances prior to completion with satisfactory results of the investigation prescribed in paragraph (e) (1) (i) of this section, pending completion of a background-type investigation.

(g) *Extension of investigations.* Should there develop at any stage of an investigation information indicating that the employment of the person involved may not be clearly consistent with the interests of the national security, the investigation will be extended as necessary for making a determination as to whether appointment or retention of such person is clearly consistent with the interests of the national security. However, if an alien located outside the United States is involved, the investigation will be subject to such limitations as may be imposed by the foreign government concerned.

§ 889.9 *Investigative requirements for employees*—(a) *General.* Except as prescribed hereinafter, the initiation of investigations of employees currently occupying or reassigned to positions in the Air Force is not required under the provisions of this part.

(b) *United States citizens*—(1) *Sensitive positions (§ 889.7 (b) (1) and (2)).* (i) A background investigation with satisfactory results is required for a United States citizen currently occupying or reassigned to a sensitive position referred to in § 889.7 (b) (1) and (2). However, an incumbent of such a position may continue to occupy the position pending completion of a background investigation if one has not already been conducted. Employees to be reassigned to such a position will be subject to the applicable investigative requirements of § 889.8 (f) if a background investigation has not already been conducted except as authorized in subdivision (ii) of this subparagraph.

(ii) An employee eligible for a final or interim clearance for access to Top Secret security information under the provisions of Air Force Regulation 205–6 may be reassigned to a sensitive position referred to in § 889.7 (b) (2) pending completion of a background investigation if one has not already been conducted.

(2) *Sensitive position (§ 889.7 (b) (3)).* (i) A National Agency Check with satisfactory results is required for a United States citizen currently occupying or reassigned to a sensitive position referred to in § 889.7 (b) (3). However, an incumbent of such a position may continue to occupy the position pending completion of a National Agency Check if one has not already been conducted. Employees to be reassigned to such a position will be subject to the applicable investigative requirements of § 889.8 (f) (less written inquiries) if such requirements have had already been met, except as authorized in subdivision (ii) of this subparagraph.

(ii) An employee eligible for a final or interim clearance for access to Secret security information under the provisions of Air Force Regulation 205–6 may be reassigned to a sensitive position referred to in § 889.7 (b) (3) pending completion of investigative action required in § 889.8 (f) (less written inquiries).

(c) *Alien employees in the United States.* A background investigation with satisfactory results is required of an alien in the United States who is currently occupying or reassigned to a sensitive position referred to in § 889.7 (b) (1), (2), and (3) (i). A National Agency Check is required for such aliens who are currently occupying or are reassigned to other sensitive positions. However, an incumbent may continue to occupy the position referred to pending completion of the prescribed investigation if one has not already been conducted. If reassignment to a sensitive position is to be made, the pertinent provisions of § 889.8 will apply.

(d) *Alien employees outside the United States.* Alien employees outside the United States will be subject to the investigative requirements prescribed in § 889.8 for applicants. However, they may continue to occupy a position to which appointment is authorized pending completion of necessary investigations.

(e) *Additional investigation.* Such additional investigations as are required in accordance with paragraphs (b) (c) and (d) of this section will be requested as soon as practicable by commanders concerned.

§ 889.10 *Review of reports of investigation of applicants.* Commanders concerned will take action as prescribed in this section upon receipt of reports of investigation of applicants. (The provisions of §§ 889.12 to 889.20 apply with regard to reports of investigations which contain derogatory information relating to employees, including persons appointed to positions pending completion of investigative action.)

(a) *Nonderogatory reports.* If information relating to matter enumerated in § 889.6 (a) is not contained in the report, and sufficient investigative action has been completed to accord with the applicable provisions of § 889.8, the individual may be appointed to the position involved.

(b) *Derogatory reports.* (1) If derogatory information relating to the criteria stated in § 889.6 (a) is contained in the report, and the commander concerned is of the opinion that the employment of the applicant in the position involved would not be clearly consistent with the interests of the national security, the commander will not appoint the applicant to such position.

(2) If, notwithstanding the presence of such derogatory information in the report, the commander concerned is of the opinion that the employment of the individual in the position involved would be clearly consistent with the interests of the national security, the commander:

(i) May appoint the individual to the position if it is a nonsensitive position, provided that he is eligible for such appointment under the provisions of other applicable regulations;

(ii) Will not appoint the individual to the position if it is a sensitive position unless the case is processed in accordance with §§ 889.12 to 889.20.

(c) *Disposition of derogatory reports.* Irrespective of the action taken by the commander under this section, reports of investigation containing derogatory information relating to matter enumerated in § 889.6 (a) will be forwarded to the Executive Secretary, Central Security Board, together with a statement by the commander as to the action taken in the particular case. Where an individual has been appointed to a position under the provisions of this section, the commander will include in his statement the position title and organizational location and a detailed description of the duties which the employee is required to perform in the position.

§ 889.11 *Referral of possible derogatory information.* (a) Executive Order 10450 requires that whenever there is developed or received by any department or agency information indicating that the retention in employment of any officer or employee of the Government may not be clearly consistent with the interests of the national security, such information will be forwarded to the head of the employing department or agency or his representative. Such information as may become known to commanders within the Air Force will be furnished promptly to the appropriate Office of Special Investigations, which will be responsible for forwarding the information to the appropriate representative within the department or agency concerned.

(b) In cases referred to the Air Force, other than reports of investigation, the commander concerned will forward the information to the Office of Special Investigations for necessary investigative action. The reports of investigation will be forwarded to the commander concerned in accordance with § 89.12, and the case will be processed in accordance with all other applicable provisions of §§ 889.12 to 889.20.

PROCESSING OF CASES

§ 889.12 *Initial action by Director of Special Investigations.* Reports of investigation which contain information relating to matter enumerated in § 889.6 (a) will be delivered to the Director of Special Investigations, Office of The Inspector General, Department of the Air Force, who will transmit the complete file direct to the installation commander for action under this part. At the same time the Director of Special Investigations will forward a copy of the entire file concerning any employee to the Central Security Board. The Director of Special Investigations will recommend that the Central Security Board direct the immediate suspension of an employee before forwarding the file to the installation commander if, in his opinion, such suspension is necessary in the interest of national security.

§ 889.13 *Action by commanders.* (a) Upon receipt of an investigative file or other information of a derogatory nature reflecting upon an employee's fitness from a security standpoint, the commander will determine whether, in his opinion, the retention of the employee in his regularly assigned position is clearly consistent with the interests of the national security in the light of the standard and criteria set forth in §§ 889.5 and 889.6.

(b) If in the opinion of the commander, the employee's continued employment may not be clearly consistent with the interests of national security, the commander may, subject to the provisions of paragraphs (c) and (d) of this section and only when there is no other practicable method of protecting the security of the installation or of classified security information suspend the employment of the person involved in accordance with paragraph (e) of this section.

(c) Under no circumstances will an employee be suspended under authority provided in this part pending further investigation when the available information indicates that retention in a duty status during such investigation would not be likely to have a material adverse effect on the security of the activity or of classified security information or material, or on mere suspicion, or for disciplinary reasons which can be appropriately handled under some other authority. Interim action other than suspension will be used to the fullest practicable extent. Examples of action which may be appropriate are: temporary removal from the employee's position of those duties which involve access to classified security information, detail of the employee to another position or to other duties, or placing the employee on annual leave.

(d) To avoid unwarranted or premature suspensions and to insure the orderly processing of cases, the commander, wherever possible, will consult by telephone directly with the Executive Secretary before taking suspension action.

(e) Whenever the employee is suspended, notice of suspension will be given on SF 50, which will state under "Remarks" only, "Immediate suspension is necessary in the interest of national security under authority of Public Law 733, 81st Congress, pending adjudication of your case under AFR 40–12", and will be given to the employee in person. Information contained in the investigative file will not be disclosed to the employee. The employee will be furnished a copy of AFR 40-12, and will be advised that he will receive a statement of charges or other instructions from the Central Security Board.

§ 889.14 *Action by Central Security Board.* (a) The Central Security Board will review the case in the light of the standard and criteria set forth in §§ 889.5 and 889.6, and will determine whether the reported information warrants a finding favorable to the individual, further investigation, or further processing with a view to possible removal action. It may, in appropriate cases, recommend other administrative action such as initiation of removal proceedings under other applicable directives instead of under this part.

(b) The Central Security Board, either on its own motion, or on the recommendation of the Director of Special Investigations or the commander of the employing activity, may direct the suspension of an employee under Public Law 733, 81st Congress, if it deems such action necessary in the interest of national security. If suspension has already been effected, the Board will review such action to determine whether the employee should be restored to duty. In making its determination, the Board will take into consideration: (1) The necessity for providing maximum protection to the security of the employing activity or of classified security information or material, (2) the fact that an unwarranted or premature suspension may result in needless effort or embarrassment on the part of the employee of the Air Force, (3) those requirements of Public Law 733, 81st Congress, which provide that a suspended employee will be given a written statement, within 30 days after his suspension, of the charges against him which will be subject to amendment within 30 days thereafter, and which will be stated as specifically as security considerations permit, (4) the instruction in § 889.13 (c), that commanders take interim action other than suspension whenever practicable, (5) the responsibility of the Board to insure that the file and the reported information are as complete as is reasonably practicable before it directs suspension of the employee, issues charges, or takes its final action in the case.

(c) If the Central Security Board finds favorably to the employee, it will prepare its findings in accordance with § 889.17 (d) (2) and (3), and will recommend to the Secretary of the Air Force that action favorable to the employee be taken. Upon approval of such favorable finding, the commander of the employing activity will be so notified. Wherever appropriate, the notice will state that it constitutes the employee's personnel security clearance for access to the specific category of classified security information necessary for his regularly assigned position and to no other information. The commander will make an appropriate notation in the employee's official personnel folder based upon the instructions in the letter.

(d) If the Central Security Board determines that the reported information does not warrant a finding favorable to the individual, it may issue interrogatories to him, request further investigation, or prepare a notice of proposed removal action and statement of charges. The statement of charges will set forth the reasons for initiating the proposed removal action in as great detail as, in the opinion of the Board, security considerations permit in order to provide the employee with sufficient information to prepare his defense. The notice will inform the employee (1) of his right within 30 calendar days from the date of his receipt of the notice (plus an additional 30 days in the event amended charges are issued) to answer the charges in writing under oath or affirmation, together with such statements, affidavits, or other documentary evidence as he may desire to submit by way of defense, (2) of his right to an administrative hearing on the charges before a designated Security Hearing Board upon his request, if one is authorized by law or by the Central Security Board, and (3) when appropriate, of his right to appear before the Security Hearing Board personally, to be represented by counsel or a representative of his own choosing, if he desires, and to present evidence in his own behalf. The notice will state the work and pay status in which he will be carried during the notice period and until notification of the action in the case. The notice will also inform the employee that the proposed removal will not become effective in less than 30 calendar days from the date he receives the notice, and it will state the authority under which the notice is sent.

(e) The Central Security Board will forward the notice and statement of charges direct to the commander of the employing activity and will forward a copy of both, together with the complete file of the case to the designated Security Hearing Board. The Central Security Board normally will instruct the commander to suspend the employee without pay at the time he has the notice and statement of charges delivered to him. The commander will have the notice of proposed removal action and statement of charges delivered to the employee in person, and will obtain a signed receipt therefor; if personal delivery is not practicable, the notice will be sent to the employee by registered mail with a request for a return receipt signed "by addressee only." The signed receipt will be forwarded direct to the designated Security Hearing Board for inclusion in the complete file of the case.

§ 889.15 *Proceedings by the Hearing Board.* (a) Following delivery to the employee of the notice of proposed removal and statement of charges, the designated Security Hearing Board will proceed as follows with respect to cases referred to it:

(1) If the employee does not request a hearing within the time specified in the notice of proposed removal action, the entire file, including any answer to other material submitted by the employee, will be returned to the Executive Secretary for action in accordance with § 889.18.

(2) If the employee requests a hearing within the time specified, the Board will set a time and place for the hearing and will notify the employee thereof regardless of whether the employee submitted a formal reply in writing. The hearing will be held as soon as practicable allowing the employee a reasonable length of time to obtain witnesses if desired.

(b) Each individual case file referred to a Hearing Board will be studied, prior to the hearing, by each Board member who is to participate in the hearing and in the determination of the case. In this way, Board members will be able to conduct the hearing in an intelligent manner by being informed in advance of the facts giving rise to the case, and thereby become aware of those areas of doubt which will require exploration and explanation at the hearing. However, it must be borne in mind constantly when studying the file prior to the hearing that the investigative reports, statement of charges, and other information in the file may represent only one side of the case, and that the employee has not, as yet, introduced his entire defense. Board members should not form any premature conclusions as to the eventual determination of the case.

(c) When the employee requests the assistance of the Board in securing the attendance of witnesses, or when in the opinion of the Board the testimony of persons not confidential informants might be helpful, the Board may invite such witnesses or persons to appear and testify, may endeavor to take their depositions, or may ask them to answer written interrogatories or to submit written statements. All Boards are instructed to invite, in all cases whenever practicable, every witness who (1) is personally identified in the investigative file, (2) has given the investigative agency pertinent information adverse to the employee, and (3) has not expressly indicated his unwillingness to appear at the hearing and to testify in the employee's presence and to subject himself to cross-examination. Invitations should be extended in a suitable manner, a reasonable time in advance of the hearing, if possible, so as to afford witnesses an opportunity to attend. Invitations should state the time and place the hearing will be held and that the Board cannot pay witness fees or reimbursement for travel or other expenses. However, the Board will not be bound by the testimony of such witnesses by reason of having called them. Reasonable cross-examination of witnesses by the Board, by the employee, or by his counsel or representative, will be permitted. The refusal of such witnesses to cooperate with the Board will be taken into consideration in determining the probative value of any information attributed to them in the file.

§ 889.16 *Conduct of hearings.* (a) Hearings are designed to accomplish two major purposes: (1) To permit the employee to present evidence in his behalf and (2) to give the Board an oportunity to consider all available information and make searching inquiry to aid in reaching a fair and impartial determination. Accordingly, such hearings are not to be conducted with the formality of a court proceeding. Rather, the hearings will be conducted as administrative inquiries held for the purpose of affording the employee an opportunity to be heard and to permit the Board to inquire fully into the matters related to the particular case.

(b) Hearings will be conducted in an orderly manner, with dignity and decorum. They may be attended only by the members of the Board participating in the hearing, the employee and his counsel or representative, the legal advisor, other Government personnel authorized by the chairman, and such witnesses as the Government or the employee desires to introduce. The employee and his counsel or representative will be permitted to be present throughout the hearing. Usually a witness may be present only when he is actually testifying.

(c) The Board may consider any information either oral or written which, in the minds of reasonable men, is of probative value to determine the issue involved. Strict rules of evidence will not be followed, but reasonable bounds with respect to relevancy, materiality, and competency will be maintained. Every reasonable effort will be made to obtain the best information available. Hearsay matter may be admitted without regard to technical rules of admissibility and accorded such weight as the circumstances warrant.

(d) Whenever practicable, the Executive Secretary will arrange to have a legal advisor present at the hearing to represent the Assistant Secretary of the Air Force (Management), to furnish legal advice to the Board, and to assist it in making certain that the record is as complete and adequate as possible. The legal advisor may interrogate all witnesses who appear before the Board, including the employee if he chooses to testify. In the event the employee appears without counsel, the legal advisor will advise him of his rights and assist him with respect to procedure. No function performed by the legal advisor, however, will relieve the Board of its responsibility for insuring that the record is complete, that the employee is advised of his rights, and that all pertinent information both favorable and unfavorable to the employee, is considered. The legal advisor is in no sense a prosecutor and he will not conduct himself as such. In the discretion of the Board, the legal advisor may attend executive sessions of the Board but he will not attend the executive session at which the Board arrives at its final findings and recommendation.

(e) Hearings will be called to order by the chairman who will make an opening statement substantially as follows:

> The Security Hearing Board of (name of activity) appointed by order of the Secretary of the Air Force in accordance with Air Force Regulation 40–12, is now ready to proceed with the hearing in the case of (name employee). This is not a court of law and strict rules of evidence and court procedure are not followed. This is an administrative hearing held for the purpose of affording you an opportunity to be heard and to permit the Board to inquire fully into the matters related to your case. You have the right to participate in this hearing and to be represented by counsel or other representative and to present witnesses in your behalf. You can assist the Board in arriving at a fair and just determination in your case by giving full and frank answers to all questions the Board may have and by confining your attention to matters related to your case. The transcript to be made of this hearing will not include all material in the file of the case, in that it will not include reports of investigation. Neither will it contain classified security information, information concerning the identity of confidential informants, or information which will reveal the source of confidential information.

Wherever appropriate, after a careful review of the case in the light of paragraph (h) of this section, the Chairman will include the following sentence in the opening statement:

> However, you are hereby informed that security considerations in this case do not prohibit informing you fully of the relevant information against you and accordingly the substance of all the relevant information against you which has been referred to the Board for its consideration has been made available to you, or will be made available during the course of this hearing. You will be furnished a copy of the transcript to be made of this hearing if you request it.

(f) Following the opening statement, the Chairman will read the statement of charges (and interrogatories issued to the employee if any) and inform the employee that if he so desires he may make any statement he wishes and introduce any witnesses in his behalf. Statements by the employee and all testimony of witnesses must be made under oath or affirmation administered by the Chairman in the following manner:

> Do you, (name of employee or witness) solemnly (swear) (affirm) that the testimony you are about to give in the case now in hearing shall be the truth, the whole truth, and nothing but the truth (so help you God)?

(g) Subsequent to the employee's statement, if any, and the introduction of such witnesses as he may desire, the hearing will proceed as directed by the Board. The Board may recess the hearing at any time and meet in executive session. During an executive session the Board may call the reporter to review any portion of the record of the hearing and may obtain technical assistance as desired from such persons as the legal adviser or a security officer. No transcript of an executive session will be made as such session is not considered a part of the hearing.

(h) Boards are directed to conduct proceedings in such manner as to protect from disclosure classified security information or information tending to compromise investigative sources or methods. While the Board's questions should cover all grounds for proposed removal and should be designed to give employees the fullest possible opportunity consistent with security considerations to explain or refute derogatory information contained in the investigative reports, it is imperative that proposed lines of questioning be considered carefully in the light of security principles. (See § 889.20.) It is particularly important that security considerations be considered before the employee is notified, in accordance with paragraph (e) of this section, that he has been, or will be, informed of the substance of all the relevant information against him. In any case where doubt exists as to the propriety of a question or the advisability of revealing certain information, advice should be obtained, preferably in advance of the hearing. However, no information which does not appear in the statement of charges or which has been excluded from the hearing but which is relevant to the charges against the employee will be used as a basis for terminating his employment unless it has been excluded from the statement of charges and the hearing for valid security reasons, or unless it has been revealed to the employee during the adjudication process in such a manner that his ability to present a defense thereto has not been prejudiced.

(i) In each case, the Board should insure that the case file contains detailed information concerning the employee's regularly assigned position, and the opportunity afforded the occupant of the position to act to the detriment of the national security.

(j) Before the Board adjourns the hearing it should ask the employee or his counsel whether he desires additional time to secure and present evidence to the Board. Any period up to 30 days is permissible, but the employee should be urged to present his evidence as soon as possible. Usually the evidence will be in affidavit or documentary form.

(k) A verbatim stenographic transcript will be made of the hearing (prepared in quadriplicate) by qualified reporters and the transcript will be made

a permanent part of the record in each case. The transcript will include a copy of the statement of charges and interrogatories issued to the employee, if any. No other transcript will be made.

(l) The employee will be furnished a copy of the transcript without cost if he, or his counsel or representative, requests it. The Board will review the copy of the transcript to be given to the employee, before releasing it to him, to insure that it contains no classified security information. Advice on such matters should be requested from the appropriate Air Force security officer when deemed desirable. Deletions will be made only when required by security considerations, and a notation will be made on all copies retained by the Air Force of the portions which were deleted from the copy furnished the employee.

(m) If the employee or his counsel or representative desires to submit corrections in the transcript to the Board, he will note the corrections on a separate statement, designating the page and line. The statement of corrections must be filed within the time set by the Board. The Board will determine what corrections are allowable and will inform the employee thereof. It will enter upon the transcript by marginal notation the corrections which are allowed, and will enter on the statement filed by the employee, his counsel or representative, the corrections which are rejected. The statement filed by the employee, his counsel or representative, will be made a part of the original transcript so that it may be a permanent part of the complete file. The Board in its discretion may call upon the employee, his counsel or his representative, for a discussion of the corrections prior to its determination thereon. Corrections will be allowed solely for the purpose of conforming the transcript to the actual testimony, except as to matters deleted for security reasons as provided in paragraph (l) of this section.

§ 889.17 *Hearing Board findings and recommendations.* (a) As soon as practicable after the close of the hearing, the Hearing Board will meet in executive session for the purpose of arriving at its findings and recommendation. The Board will consider the complete file, including the original file, the transcript of testimony at the hearing, any brief submitted by the employee or by his counsel or representative, and all other relevant material.

(b) The Board will take into consideration the fact that the employee may have been handicapped in his defense by the nondisclosure to him of classified security information or by the lack of opportunity to cross-examine persons constituting sources of information, and will weigh derogatory information carefully in the light of its recency, relative seriousness, attendant circumstances, whether it was given under oath, whether it is relevant to the charges specified, whether the employee has had an opportunity to rebut it, and whether there is similar or supporting information.

(c) The Board will make its findings and recommendation in writing, which will be signed by all members of the Board voting for them. Dissenting opinions may be submitted.

(d) The findings will include:

(1) A finding with respect to each of the allegations set forth in the statement of charges and an analysis of the information and a detailed statement of the reasoning upon which each finding is based. Even though the Board finds that each of the allegations in the statement of charges is true, it need not recommend removal of the employee.

(2) Any other statement which may be helpful to the reviewing authorities.

(3) A finding in the following form:

> Based on all the available information, it is found that the employment or retention in employment of (name of employee) (is) (is not) clearly consistent with the interests of the national security.

This finding will be supported by an analysis of the information and a detailed statement of the reasoning upon which the finding is based.

(e) If the Board finds that the employee's employment is clearly consistent with the interests of the national security, it will recommend that he be restored to his regularly assigned position. If it finds adversely to the employee, it may find further, on the basis of the criteria set forth in § 889.6, that the employee's employment would be clearly consistent with the national security if he were reassigned from his regularly assigned position to a non-sensitive position, and the Board may recommend such reassignment, if it has determined, after consultation with the commander, that a suitable vacancy exists and that the commander concurs in the reassignment. Commanders should positively assure themselves that a suitable vacancy under applicable Civil Service Commission and civilian personnel directives in fact does exist within their area of responsibility prior to concurring in such reassignment. The commander's concurrence will be made a matter of record and included in the file. In other cases, the Board will recommend that the employee's employment be terminated.

(f) The Hearing Board will transmit the complete file directly to the Executive Secretary, Civilian Personnel Security Program. The complete file consists of all reports of investigation or other inquiry, all charges and interrogatories, all transcripts of hearings and exhibits, all memoranda analyzing the evidence or setting forth conclusions, findings, recommendations, determinations, decisions, or other action in the case, and all affidavits, supporting documents, correspondence or memoranda in connection with the investigation and processing of the case.

(g) Upon receipt of the case from the Hearing Board, the Executive Secretary will review the file for completeness and will transmit it to the Security Review Board.

§ 889.18 *Action by Security Review Board.* The Security Review Board will review the file to determine the regularity of the procedures followed, and to determine whether the information supports the findings and recommendation of the Hearing Board. It will consider any additional written evidence or brief submitted by the employee or his counsel or representative. It is authorized to take action necessary to correct any irregularities in the proceedings, and to obtain additional information pertinent to the resolution of issues in the case by remanding the case to the Hearing Board for further action, by requesting further investigation, by obtaining depositions, and otherwise. After the Security Review Board has made its findings and recommendation, it will submit the entire file to the Office of the Secretary of the Air Force for decision.

§ 899.19 *Notice to employee.* The Executive Secretary will notify the employee through the commander of the employing activity of the decision in the case. He will also notify the commander of the action to be taken in the case. Wherever appropriate, the notice will include personnel security clearance authority as prescribed in § 889.14 (c).

§ 889.20 *Release of information.* All Government personnel, including all members of the Boards, will comply with applicable directives pertaining to the safeguarding of classified security information and the handling of investigative reports. No classified security information or any information which might compromise investigative sources, investigative methods, or the identity of confidential informants will be disclosed to any officer or employee whose case is being considered in this program or to his counsel or representative, or to any other person not requiring such information in the performance of his official duties. No information concerning the status of any security case will be disclosed to any person outside the Department of the Air Force or to any other person not requiring the information in the course of his official military or other governmental duties unless approved by the Executive Secretary.

RESIGNATIONS AND REIMBURSEMENT OF EMPLOYEES

§ 889.21 *Resignation policy.* Any employee whose case is being processed under this part may resign at any time. However, if he resigns after he has been suspended, or after he has received an interrogatory or a letter of charges from the Central Security Board, or after he has been informed in some other way that proceedings under this part are pending against him, the SF 50 effecting the resignation will bear the notation, "Resigned while action pending to adjudicate security case under Public Law 733, 81st Congress." In all other cases, the SF 50 will contain only the routine data, and no mention will be made thereon of the pending security case. If the employee resigns, the entire case file will be forwarded without further action to the Central Security Board for appropriate disposition.

§ 889.22 *Reimbursement of employees.* The commander of the Air Force activity concerned usually will be instructed to pay to any employee whose employment is suspended or terminated pursuant to Public Law 733, 81st Congress, and who is later reinstated or restored to duty, compensation for the period of the suspension or termination in an amount equal to the difference between the amount such employee would normally have earned during the period of such suspension or termination at the rate he was receiving on the date of his suspension or termination and his interim net earnings. However, no employee will be compensated for any extension of the period of suspension or termination caused by the employee's voluntary action and not the result of action by the Air Force in suspending or terminating his employment.

[SEAL] K. E. THIEBAUD,
Colonel, U. S. Air Force,
Air Adjutant General.

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter I—Office of Defense Mobilization

[Defense Mobilization Order V-3]

DMO V-3—POLICY REGARDING SURPLUS MATERIALS ACQUIRED UNDER THE DEFENSE PRODUCTION ACT

1. Under Title III of the Defense Production Act the Government has undertaken to expand the supply of various strategic and critical materials in order to meet the needs of current defense and non-defense production, to provide materials for the national stockpile and to contribute to the mobilization base. To a large extent these objectives have been met or have proceeded sufficiently to permit the removal of virtually all controls over the use or distribution of materials in civilian markets. In the planning and operation of these materials expansion programs, the rate of expansion for particular materials has necessarily been guided by the need for developing quickly an adequate defense materials position. And this, in turn has required forecasts of factors affecting supply and consumption for several years in advance.

For the most part, the increased production from these expansion programs has been readily absorbed by the combined needs of Government and industry. In a few cases, however, the Government has acquired supplies of materials that are surplus to the immediate needs of both. The purpose of this order is to establish a policy for dealing with surplus materials that have been acquired under the Defense Production Act or may be acquired in the future.

2. It is the objective of the Office of Defense Mobilization to make certain that surplus materials acquired by the Government under expansion program contracts do not produce serious adverse market effects or otherwise create major problems for industry. To accomplish this objective, the policy of the Office of Defense Mobilization is declared to be:

a. Within the limits of those portions of the stockpile objectives not on hand or on order, surplus stockpile materials acquired under the expansion programs of the Defense Production Act will be set aside for procurement for the national stockpile.

In addition, stockpile materials acquired under Defense Production Act programs will be held and earmarked against those portions of stockpile objectives on order but not delivered until such delivery is made. At that time they will be handled in accordance with paragraphs b, c, and d below.

b. In each case where surplus materials are acquired by the Government under the Defense Production Act, full consideration will be given to the Defense Production Act Amendments of 1953. These amendments provide that materials acquired under expansion programs "which in the judgment of the President, are excess to the needs of programs under this act, shall be transferred to the national stockpile established pursuant to the act of June 7, 1939, as amended (50 U. S. C. 98–98h), when the President deems such action to be in the public interest."

c. Where the stockpile objective has been completed and it is determined that the public interest will not be served by transfer to the national stockpile of a surplus acquired under an expansion program, the surplus will be held by the Government for eventual disposal. However, such disposal will not be made, either in whole or in part, without clear indication that such action will not have a serious adverse effect upon market prices or create major market fears or uncertainties, and without the prior approval of the President or an official specifically designated by him.

d. Generally where the sale of surplus materials acquired under the Defense Production Act is undertaken and the quantity is substantial in relation to annual market consumption, such disposal will be made only after public announcement, well in advance of disposal, of (a) the total quantity to be sold, (b) the markets in which the material will be offered, (c) the minimum market price or prices that must prevail at the time of sale, and (d) the maximum amounts that will be offered for sale in each calendar quarter or other appropriate period.

3. This order will be effective immediately.

OFFICE OF DEFENSE MOBILIZATION,
ARTHUR S. FLEMMING,
Director.

TITLE 39—POSTAL SERVICE

Chapter I—Post Office Department

PART 74—INTERNATIONAL MONEY ORDER SERVICE

FEES

Section 74.4 *Fees* is amended to read as follows:

§ 74.4 *Fees.* Fees for money orders drawn on the international form for payment in foreign countries are as follows:

For orders from:	
$0.01 to $5	$0.20
$5.01 to $10	.30
$10.01 to $50	.50
$50.01 to $100	.70

(R. S. 161, 396, 4206; Sec. 1, 25 Stat. 654, Secs. 304, 309, 42 Stat. 24, 25; 5 U. S. C. 22, 369, 39 U. S. C. 712)

The foregoing amendment is effective April 1, 1954.

[SEAL] ABE MCGREGOR GOFF,
Solicitor.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 906]

HANDLING OF MILK IN TULSA-MUSKOGEE, OKLAHOMA, MARKETING AREA

DECISION WITH RESPECT TO PROPOSED MARKETING AGREEMENT AND PROPOSED ORDER AMENDING ORDER, AS AMENDED

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900), a public hearing was conducted at Tulsa, Oklahoma, on November 17–18, 1953, pursuant to notice thereof which was issued on November 13, 1953 (18 F. R. 7195).

Upon the basis of the evidence introduced at the hearing and the record thereof, the Deputy Administrator, Agricultural Marketing Service, on February 15, 1954, filed with the Hearing Clerk, United States Department of Agriculture, his recommended decision and opportunity to file written exceptions thereto was published in the FEDERAL REGISTER on February 18, 1954 (19 F. R. 945).

The material issues, findings and conclusions, and general findings of the recommended decision (19 F. R. 945; Doc. 54–1158) are hereby approved and adopted by this decision as if set forth in full herein.

Ruling on exceptions. Within the period reserved therefor, exceptions were filed to certain of the findings, conclusions and actions recommended by the Deputy Administrator. In arriving at the findings, conclusions, and regulatory provisions of this decision, such exceptions were carefully and fully considered

in conjunction with the record evidence pertaining thereto. To the extent that findings, conclusions and actions decided upon herein are at variance with any of the exceptions, such exceptions are overruled.

Determination of representative period. The month of January 1954 is hereby determined to be the representative period for the purpose of ascertaining whether the issuance of an order amending the order, as amended, regulating the handling of milk in the Tulsa-Muskogee, Oklahoma, marketing area in the manner set forth in the attached amending order is approved or favored by producers who, during such period, were engaged in the production of milk for sale in the marketing area specified in such amending order.

Marketing agreement and order. Annexed hereto and made a part hereof are two documents entitled respectively "Marketing Agreement Regulating the Handling of Milk in the Tulsa-Muskogee, Oklahoma, Marketing Area," and "Order Amending the Order, as Amended, Regulating the Handling of Milk in the Tulsa-Muskogee, Oklahoma, Marketing Area," which have been decided upon as the detailed and appropriate means of effectuating the foregoing conclusions. These documents shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

It is hereby ordered, That all of this decision, except the attached marketing agreement, be published in the FEDERAL REGISTER. The regulatory provisions of said marketing agreement are identical with those contained in the order, as amended, and as hereby proposed to be further amended by the attached order which will be published with this decision.

This decision filed at Washington, D. C., this 16th day of March 1954.

[SEAL] JOHN H. DAVIS,
Assistant Secretary.

Order[1] Amending the Order, as Amended, Regulating the Handling of Milk in the Tulsa-Muskogee, Oklahoma, Marketing Area

§ 906.0 *Findings and determinations.* The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order and of each of the previously issued amendments thereto; and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon certain proposed amendments to the tentative marketing agreement and to the order, as amended, regulating the handling of milk in the Tulsa-Muskogee, Oklahoma, marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended, and as hereby further amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply and demand for milk in the marketing area, and the minimum prices specified in the order, as amended, and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity, specified in a marketing agreement upon which a hearing has been held.

Order relative to handling. It is therefore ordered that on and after the effective date hereof the handling of milk in the Tulsa-Muskogee, Oklahoma, marketing area shall be in conformity to and in compliance with the following terms and conditions of the aforesaid order, as amended, and as hereby further amended, and the aforesaid order is hereby further amended as follows:

1. Delete § 906.80 (c) and substitute therefor the following:

(c) (1) Upon receipt of a written request from a cooperative association which the market administrator determines is authorized by its members to collect payment for their milk and receipt of a written promise to reimburse the handler the amount of any actual loss incurred by him because of any improper claim on the part of the cooperative, each handler shall (i) pay to the cooperative association on or before the 13th and 27th day of each month, in lieu of payments pursuant to paragraphs (a) and (b) respectively, of this section an amount equal to the gross sum due for all milk received from certified members, less amounts owing by each member-producer to the handler for supplies purchased from him on prior written order or as evidenced by a delivery ticket signed by the producer, (ii) submit to the cooperative association on or before the 10th day of each month written information which shows for each such member-producer (*a*) the total pounds of milk received during the preceding month, (*b*) the total pounds of butterfat contained in such milk, (*c*) the number of days on which milk was received, (*d*) for the months of April through June, the amount of base and excess milk received, and (*e*) the amounts withheld by the handler in payment for supplies sold, and (iii) submit to the cooperative association on or before the 25th day of each month written information which shows for each such member-producer the total pounds of milk received during the first 15 days of the current month. The foregoing payment and submission of information shall be made with respect to milk of each producer whom the cooperative association certifies is a member, which is received on and after the first day of the calendar month next following receipt of such certification through the last day of the month next preceding receipt of notice from the cooperative association of a termination of membership or until the original request is rescinded in writing by the association.

(2) A copy of each such request, promise to reimburse and certified list of members shall be filed simultaneously with the market administrator by the cooperative and shall be subject to verification at his discretion, through audit of the records of the cooperative association pertaining thereto. Exceptions, if any, to the accuracy of such certification by a producer claimed to be a member, or by a handler, shall be made by written notice to the market administrator and shall be subject to his determination.

[F. R. Doc. 54-1983; Filed, Mar. 18, 1954; 8:55 a. m.]

[1] This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

[7 CFR Part 914]

[Docket No. AO 245-A 1]

HANDLING OF NAVEL ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

DECISION WITH RESPECT TO PROPOSED AMENDMENTS TO MARKETING AGREEMENT AND ORDER

Pursuant to the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900; 19 F. R. 57), a public hearing was held on December 9, 1953, at Los Angeles California, after notice thereof published in the FEDERAL REGISTER (18 F. R. 7539), on proposed amendments to Marketing Agreement No. 117, and Order No. 14 (7 CFR Part 914; 18 F. R. 5638), hereinafter referred to as the "marketing agreement" and "order," respectively, regulating the handling of navel oranges grown in Arizona and designated part of California, to be made effective pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.).

On the basis of the evidence introduced at the hearing and the record thereof, the Deputy Administrator, Agricultural Marketing Service, on February 18, 1954, filed with the Hearing Clerk, United States Department of Agriculture, his recommended decision in this proceeding. The notice of the filing of such recommended decision, affording opportunity to file written exceptions thereto, was published in the FEDERAL REGISTER (F. R. Doc. 54-1239; 19 F. R. 1043). No exception to said recommended decision was filed.

The material issues, findings and conclusions, and the general findings of the recommended decision set forth in the FEDERAL REGISTER (F. R. Doc. 54-1239; 19 F. R. 1043) are hereby approved and adopted as the material issues, findings and conclusions, and general findings of this decision as if set forth in full herein.

Amendments to the marketing agreement and order. Annexed hereto and made a part hereof are two documents entitled, respectively, "Agreement Amending the Marketing Agreement Regulating the Handling of Navel Oranges Grown in Arizona and Designated Part of California" and "Order Amending the Order Regulating the Handling of Navel Oranges Grown in Arizona and Designated Part of California" which have been decided upon as the appropriate and detailed means of effecting the foregoing conclusions. The aforesaid amendments shall not become effective unless and until the requirements of § 900.14 of the aforesaid rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders have been met.

Determination of representative period. The period beginning November 1, 1953, and ending July 15, 1953, both dates inclusive, is hereby determined to be a representative period for ascertaining whether the issuance of the order amending the order regulating the handling of navel oranges grown in Arizona and designated part of California, is approved or favored by producers who, during such period, have been engaged in the production of navel oranges within such area.

It is hereby ordered, That all of this decision, except the attached agreement amending the marketing agreement, be published in the FEDERAL REGISTER. The regulatory provisions of the said agreement amending the marketing agreement are identical with those contained in the attached order which will be published with this decision.

Done at Washington, D. C., this 16th day of March 1954.

[SEAL] JOHN H. DAVIS,
Assistant Secretary.

Order[1] Amending the Order Regulating the Handling of Navel Oranges Grown in Arizona and Designated Part of California

§ 914.0 *Findings and determinations.* The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations made in connection with the issuance of this order; and all of said previous findings and determinations are hereby ratified and affirmed except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure effective thereunder (7 CFR Part 900; 19 F. R. 57), a public hearing was held on December 9, 1953, at Los Angeles, California, upon proposed amendments to Marketing Agreement No. 117 and Order No. 14 (7 CFR Part 914) regulating the handling of navel oranges grown in Arizona and designated part of California. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as hereby amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The said order, as hereby amended, regulates the handling of navel oranges grown in the designated production area in the same manner as, and is applicable only to persons in the respective classes of industrial and commercial activity, specified in the marketing agreement upon which hearings have been held;

(3) The said order, as hereby amended, is limited in its application to the smallest regional production area that is practicable, consistently with carrying out the declared policy of the act; and the issuance of several orders applicable to subdivisions of such production area would not effectively carry out the declared policy of the act;

(4) The said order, as hereby amended, prescribes such different terms, applicable to different parts of the production area, as are necessary to give due recognition to differences in the production and marketing of such oranges; and

(5) All handling of navel oranges, as defined herein, is in the current of interstate or foreign commerce or directly burdens, obstructs, or affects such commerce.

It is, therefore, ordered, That, on and after the effective date hereof, the handling of navel oranges grown in Arizona and designated part of California shall be in conformity to, and in compliance with, the terms and conditions of the aforesaid order, as hereby amended as follows:

1. Delete the first sentence in § 914.20 *Establishment and membership* and insert, in lieu thereof, the following: "There is hereby established a Navel Orange Administrative Committee consisting of eleven members; for each of whom there shall be an alternate member who shall have the same qualifications as the member for whom each is an alternate."

2. Revise the provisions of § 914.22 *Nominations* so that such section shall read as follows:

§ 914.22 *Nominations.* (a) The time and manner of nominating members and alternate members of the committee shall be prescribed by the Secretary.

(b) Any cooperative marketing organization, or the growers affiliated therewith, which handled more than 50 percent of the total volume of oranges during the fiscal year in which nominations for members and alternate members of the committee are submitted shall nominate three grower members, three alternate grower members, two handler members, and two alternate handler members of the committee.

(c) All cooperative marketing organizations which market oranges and which are not qualified under paragraph (b) of this section, or the growers affiliated therewith, shall nominate two grower members, two alternate grower members, one handler member, and one alternate handler member.

(d) All growers who are not affiliated with a cooperative marketing organization which markets oranges shall nominate one grower member, one alternate grower member, one handler member, and one alternate handler member.

(e) When voting for nominees, each grower shall be entitled to cast one vote which shall be cast on behalf of himself, his agents, subsidiaries, affiliates, and representatives. The votes of cooperative marketing organizations voting pursuant to paragraph (c) of this section shall be weighted in accordance with the volume of oranges handled during the fiscal year in which such nominations are made.

(f) The members of the committee selected by the Secretary pursuant to § 914.23 shall meet on a date designated by the Secretary and, by a concurring vote of at least six members, shall nominate a member and an alternate member of the committee, which persons shall not be growers or handlers, or employees, agents, or representatives of a grower or handler (other than a charitable or educational institution which is a grower or handler), or of a central marketing organization.

3. Revise the provisions of § 914.23 *Selection* so that such section shall read as follows:

§ 914.23 *Selection.* From the nominations made pursuant to § 914.22 (b) or from other qualified growers and handlers, the Secretary shall select three grower members of the committee and an alternate to each of such grower members; also two handler members of the committee and an alternate to each of such handler members. From the nominations made pursuant to § 914.22 (c) or from other qualified growers and handlers, the Secretary shall select two grower members of the committee and an alternate to each of such grower members; also one handler member of the committee and an alternate to such handler member. From the nominations made pursuant to § 914.22 (d) or from other qualified growers and handlers, the Secretary shall select one grower member of the committee and an alternate to such grower member; also one handler member of the committee and an alternate to such handler member. From the nominations made pursuant to § 914.22 (f) or from other qualified persons, the Secretary shall select one member of the committee and an alternate to such member.

[1] This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders have been met.

4. Immediately preceding the period at the end of the first sentence in § 914.26 *Vacancies* insert the following: "or from other qualified persons".

5. Delete the word "and" appearing at the end of paragraph (l) of § 914.29 *Duties* and insert the word "and" at the end of paragraph (m) of such section after changing the period to a semicolon.

6. Add after paragraph (m) of § 914.29 a new paragraph (n) as follows:

(n) with the approval of the Secretary, to reapportion the number of grower members or handler members on the Navel Orange Administrative Committee who are nominated pursuant to paragraphs (c) and (d) of § 914.22. Any such reapportionment shall be based, insofar as practicable, upon the proportionate amount of navel oranges handled by the respective types of marketing organizations: *Provided*, That each of the grower groups described in paragraphs (c) and (d) of § 914.22 shall be entitled to nominate at least one grower member and one handler member together with their respective alternates.

7. Delete paragraph (g) in § 914.53 *Prorate bases* and insert, in lieu thereof, the following:

(g) Each week during the marketing season when volume regulation is likely to be recommended, the committee shall compute, with respect to each prorate district, the total quantity of oranges available for current shipment by each person who has applied for a prorate base and for allotments. On the basis of such computation, the committee shall fix a prorate base for each person who is entitled thereto. Such prorate base shall represent the ratio between the total quantity of oranges available for current shipment in the particular prorate district by each applicant and the total quantity of oranges available for current shipment in such district by all such applicants. The committee shall notify the Secretary of the prorate base fixed for each person and shall notify each such person of the prorate base fixed for him.

8. Delete paragraph (h) in § 914.53.

9. Delete § 914.54 *Allotments* and insert, in lieu thereof, the following:

§ 914.54 *Allotments.* Whenever the Secretary has fixed the quantity of oranges which may be handled during any week in a prorate district, the committee shall calculate the quantity of oranges which may be handled by each such person during such week. The said quantity shall be the allotment of such person and shall be in an amount equivalent to the product of the prorate base of such person and the total quantity of oranges grown in such prorate district and fixed by the Secretary as the total quantity of oranges which may be handled during such week. The committee shall give reasonable notice to each person of the allotment computed for him pursuant to this part.

[F. R. Doc. 54-1984; Filed, Mar. 18, 1954; 8:55 a. m.]

[7 CFR Part 932]

[Docket No. AO-33-A21]

HANDLING OF MILK IN FORT WAYNE, INDIANA, MARKETING AREA

DECISION WITH RESPECT TO PROPOSED MARKETING AGREEMENT AND PROPOSED ORDER AMENDING ORDER, AS AMENDED

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900), a public hearing was conducted at Fort Wayne, Indiana, on February 15, 1954 pursuant to notice thereof which was issued on January 27, 1954 (19 F. R. 535).

The material issues of record related to almost all the substantive provisions of the order, including marketing area, classification and pricing, and the pooling and other features involving the distribution of returns to producers.

This decision will consider only the issues relating to proposals for the separate classification and pricing of milk utilized for the manufacture of butter. The proposals were identified as numbers 1, 2, 3, 4, 5 and 6 in the Notice of Hearing. A recommended decision with respect to all other issues will be issued at a later date.

Findings and conclusions. 1. During April, May, June and July, 1954, the butterfat differential on Class II milk utilized in the manufacture of butter should be computed at 1.08 times the market price of butter instead of at 1.15 times the butter price. However, if milk priced under another Federal order which allows a lower price on butterfat utilized in the manufacture of butter is received at a plant which receives milk priced under the Fort Wayne order, the combined utilization of butterfat as butter under the two orders will be limited to the quantity of butter produced at such plant.

From the available data it appears that the quantities of milk which will be in excess of fluid requirements and which must be converted into manufactured dairy products may be even larger during the flush production months of 1954 than in 1953. Increased milk production is a nationwide phenomenon; U. S. milk production on farms was at an annual rate of 126 billion pounds in November, 1953 and 130 billion in December as compared with a 1952 average of 115 billion and 1953 average of 120 billion.

In the Fort Wayne market there are also indications of increased receipts of milk. The data on total receipts and utilization in the market are affected by changes in the list of pool plants. However, receipts per day per producer allow valid comparisons with previous years. During October, November, and December, 1953 receipts per producer averaged 7.6 percent over those in the same months of 1952, which in turn were 13.6 percent above those of October-December 1951.

Another evidence of currently larger supplies which may be expected to result in larger supplies in the oncoming months of flush production is the declining proportion of the receipts of producer milk which are utilized for Class I purposes. In October, November, and December of 1952, the percentage of milk delivered by producers which was utilized for Class I purposes averaged 72 percent (as compared with a normal for the market of 86 percent) and the percentage dropped to an average of 46 in the following April-June of 1953 (as compared with a normal of 58 percent). In the last three months of 1953 the percent of receipts used in Class I was further reduced, to 67 percent, indicating a still larger excess of supplies over Class I needs for the flush months immediately ahead than in 1953.

A continuation of an adverse price situation is also in prospect. During all months of 1953, the prices paid by the local manufacturing plants were substantially lower than the butter and powder prices which determined the level of the Class II price. During April, May, June and July the local plant prices averaged 43.4 cents below the butter-powder formula. As a consequence, handlers who had to dispose of milk to manufacturing plants commonly received lower prices than those resulting from the Class II butter-powder formula, and sizeable transportation charges were incurred on some of the milk so disposed of. Even those handlers who process the Class II milk in their own plants must pay more for it than the prices paid for milk by the directly competitive non-handler plants. Local plant prices have continued below the level of the butter-powder formula and there is no indication that the relationship will change during the coming months of flush production.

The price relief should be applied to the butterfat utilized in the manufacture of butter. This follows from local experience that, at the comparative values of Class II butterfat and skim milk established by the butterfat differential, it is more difficult to obtain returns commensurate with the market prices of butter than of nonfat dry milk solids. In the case of butter the only means of achieving prices comparable with the Chicago market quotations is to store it locally, under refrigeration, until carload lots can be assembled for shipment to Chicago where commercial storage facilities are available. These additional costs result in local market prices being substantially below the terminal market quotations.

The reduced differential on Class II butterfat utilized in the manufacture of butter should apply during the months of April, May, June, and July. Both the date on quantities of milk utilized in Class II and on the percentages of producer milk in Class II show that the flush production season usually starts in April. The peak falls off quite slowly in this market; the percentage of Class II producer milk in July averaged only 3.7 below June during the past 3 years and actually averaged above the April percentages.

Producers proposed that the butterfat and the comparatively small proportion of skim milk contained in churning cream (30 to 40 percent butterfat) be priced on a separate and somewhat lower formula for 4.0 percent milk than the present Class II price with a butterfat differential of 1.10 times the price of 92 score butter at Chicago in lieu of the present differential of 1.15. However, the value of skim milk in 40 percent cream is small in proportion to the butterfat content and the same objective can be more expeditiously accomplished by lowering the butterfat differential to 1.08 instead of the proposed revision of the hundredweight price with a differential of 1.10. At the prices which prevailed during the calendar year, 1953, the price of 40 percent cream would have averaged the same as that proposed by the producers.

There are milk manufacturing plants in the area at which milk may be received from other Federal order markets in which credits are allowed on butterfat manufactured into butter. The credit should, of course, be allowed under the Fort Wayne order only to the extent that the volume of butter manufactured at the plant is in excess of that claimed to have been manufactured in order to qualify for a credit under the other order.

2. The due and timely execution of the function of the Secretary under the act imperatively and unavoidably requires the omission of a recommended decision by the Deputy Administrator, Agricultural Marketing Service, and the opportunity for exception thereto, on the above issue.

The conditions complained of are such that it is urgent that remedial action be taken as soon as possible. Delay beyond the minimum time required to make the attached order effective would defeat the purpose of such amendment. Accordingly, the time necessarily involved in the preparation, filing, and publication of a recommended decision, and exceptions thereto, would make such relief ineffective.

Rulings on proposed findings and conclusions. Briefs filed by interested parties contained suggested findings of fact, conclusions, and arguments with respect to the proposals discussed at the hearing. Every point covered in the briefs was carefully considered along with evidence in the record in making the findings and reaching the conclusions hereinbefore set forth. To the extent that the suggested findings and conclusions contained in the briefs are inconsistent with the findings and conclusions contained herein, the requests to make such findings or to reach such conclusions are denied on the basis of the facts found and stated in connection with the findings and conclusions in this decision.

General findings. (a) The proposed marketing agreement and the order, as hereby proposed to be amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(b) The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which effect market supply of and demand for milk in the marketing area, and the minimum prices specified in the proposed marketing agreement and in the order, as hereby proposed to be amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(c) The proposed marketing agreement and the order, as hereby proposed to be amended, will regulate the handling of milk in the same manner as, and will be applicable only to persons in the respective classes of industrial and commercial activity, specified in a marketing agreement upon which a hearing has been held.

Determination of representative period. The month of January 1954 is hereby determined to be the representative period for the purpose of ascertaining whether the issuance of an order amending the order regulating the handling of milk in the Fort Wayne, Indiana, marketing area in the manner set forth in the attached amending order is approved or favored by producers who during such period were engaged in the production of milk for sale in the marketing area specified in such order.

Marketing agreement and order. Annexed hereto and made a part hereof are two documents entitled "Marketing Agreement Regulating the Handling of Milk in the Fort Wayne, Indiana, Marketing Area" and "Order Amending the Order, as Amended, Regulating the Handling of Milk in the Fort Wayne, Indiana, Marketing Area," which have been decided upon as the detailed and appropriate means of effectuating the foregoing conclusions. These documents shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

It is hereby ordered, That all of this decision, except the attached marketing agreement, be published in the FEDERAL REGISTER. The Regulatory provisions of said marketing agreement are identical with those contained in the order, as amended, and as hereby proposed to be further amended by the attached order which will be published with this decision.

This decision filed at Washington, D. C., this 16th day of March 1954.

[SEAL] JOHN H. DAVIS,
Assistant Secretary.

Order[1] Amending the Order, as Amended, Regulating the Handling of Milk in the Fort Wayne, Indiana, Marketing Area

§ 932.0 *Findings and determinations.* The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order; and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon certain proposed amendments to the tentative marketing agreement and to the order regulating the handling of milk in the Fort Wayne, Indiana, marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended, and as hereby further amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply of and demand for milk in the marketing area, and the minimum prices specified in the order, as hereby amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as, and is applicable only to persons in the respective classes of industrial and commercial activity, specified in a marketing agreement upon which a hearing has been held.

Order relative to handling. It is therefore ordered, that on and after the effective date hereof the handling of milk in the Fort Wayne, Indiana, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended, and the aforesaid order is hereby amended as follows:

Amend § 932.53 (b) by adding the following: "*Provided*, That during April, May, June, and July, 1954, the differential on butterfat accounted for as manufactured into butter shall be computed by multiplying by 1.08 the average daily wholesale price per pound of 92 score butter in the Chicago market as reported by the Department during the delivery period and dividing the result by 10: *And, provided further*, That butterfat shall not be accounted for as manufactured into butter hereunder to the extent that such utilization is claimed under any other Federal order."

[F. R. Doc. 54-1982; Filed, Mar. 18, 1954; 8:54 a. m.]

[1] This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

[7 CFR Part 961]

[Docket No. AO-160-A-15-RO1]

HANDLING OF MILK IN PHILADELPHIA, PENNSYLVANIA, MARKETING AREA

NOTICE OF RECOMMENDED DECISION AND OPPORTUNITY TO FILE WRITTEN EXCEPTIONS WITH RESPECT TO PROPOSED AMENDMENT TO TENTATIVE MARKETING AGREEMENT, AND TO ORDER AS AMENDED

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of the filing with the Hearing Clerk of the recommended decision of the Deputy Administrator, Agricultural Marketing Service, United States Department of Agriculture, with respect to a proposed amendment to the tentative marketing agreement and to the order, as amended, regulating the handling of milk in the Philadelphia, Pennsylvania, marketing area. Interested parties may file written exceptions to this decision with the Hearing Clerk, United States Department of Agriculture, Washington 25, D. C., not later than the close of business the 3d day after publication of this decision in the FEDERAL REGISTER. Exceptions should be filed in quadruplicate.

Preliminary statement. The hearing, on the record of which the proposed amendment to the tentative marketing agreement and to the order, as amended, was formulated, was conducted at Philadelphia, Pennsylvania, on January 21, 1954, pursuant to notice thereof which was issued on January 11, 1954 (19 F. R. 273).

The material issues on the record of the hearing were:

(1) Whether the 10-cent seasonal reduction in the Class II price should apply in February and March 1954.

(2) Whether certain Class II products should be priced in certain periods in a separate subclass at a price lower than the regular Class II price.

(3) The need for abbreviated procedure to change the Class II price formula.

(4) Revision of the Class II formula on a more permanent basis.

Issues No. 1 and 3 were dealt with in the decision of the Secretary issued February 11, 1954 (19 F. R. 883). This recommended decision deals with the remaining issues.

Findings and conclusions. The following findings and conclusions on the material issues are based upon evidence contained in the record of the hearing:

Price subdivisions in Class II. For the months of April, May, and June, 1954, Class II milk should be priced in two subdivisions: the higher price subdivision should be priced on a formula without the usual 10-cent seasonal adjustment; the lower price subdivision, which would include milk dumped, used for animal feed, or manufactured into butter, cheddar cheese, baker's or any other cheese except cream or cottage cheese, evaporated milk, milk chocolate, nonfat dry milk, soup, candy, or bakery products, should be priced 20 cents less than the higher price subdivision. The pricing formula for the butterfat value during this period should be a value based on the New York price for Grade A (92-score) butter, or that based on cream prices in the Philadelphia market (excluding cream with special municipal qualification), whichever is higher.

In the decision of February 11, 1954, and amendment effective March 1, 1954 (19 F. R. 1081), modification of the Class II price provisions was applied only for the month of March this year. The situation referred to in that decision with respect to the problems of disposal of the increased volume of milk over fluid needs is expected to continue for the other months of seasonally high production this year. Since May has usually been the month of highest production, the burden of surplus may be expected to increase over the March level. Without further price adjustments, unwillingness of handlers to accept all producer milk, and the problem of diversion of such turned-back milk, as described in the previous decision, would be considerably accentuated during coming months.

Producers and handlers urged that certain kinds of utilization in Class II be designated as a subclass, with a price lower than the regular price. Such a subdivision of Class II was presented as a step to induce handlers to accept the larger volume of milk for manufacture in their own plants or shipment to manufacturing plants. In this conjunction, certain allowances also were proposed for handling, and in case of diversion, for transportation.

It may be expected that the marketing conditions during the 1954 flush production season in this market, with respect to excess milk over fluid needs, will be similar to conditions experienced in the flush season of 1953. In the April-June period of last year the Class II price formula reduced the price, in response to the increased supply of milk, to a level, on a 3.5 percent butterfat basis, about 6 percent below the estimated average level paid for manufacturing milk nationally (converted by direct ratio to the same test). The average price during that period also was lower than if it had been based on the butter price specified in the order.

The record does not substantiate a general reduction in producer returns on Class II milk during coming flush months, except insofar as caused by changes in market values of products, and some recognition of greater usage in lower valued products, which in this market will involve greater handling and transportation costs. A subdivision of Class II utilization for pricing purposes will provide such recognition.

Products in which milk diverted to non-handler manufacturing plants would generally be used would include: butter, cheese, evaporated milk, milk chocolate, nonfat dry milk, soup, candy, and bakery products. Milk dumped or disposed or for animal feed should not return more than the lowest utilization price. Utilization in these items should be designated as a subdivision of Class II for the months of April, May and June 1954. Cottage cheese and cream cheese are regularly manufactured in handler plants for their own trade, and should not be included in the proposed subclass.

A 20-cent per hundredweight minus differential should apply to milk used in the lower priced subdivision of Class II. Such a division of Class II, with the proposed price differential, would remove the basis for the 10-cent seasonal adjustment which is now provided in the order in recognition of the higher proportion of Class II utilization in such manufactured products, as named above, during the flush production season. The proposed pricing plan will relate the seasonal change in the Class II prices directly to that portion of the milk going into these manufactured products and most likely to incur extra handling and transportation costs.

Some possibility that the butterfat value based on the price of butter might be higher than the value based on cream prices has been mentioned. Butter is generally a marginal use for butterfat. Butter is one of the products which the Department offers to buy at a specific price under the price support program. Accordingly, it is appropriate that the butterfat value used in this special pricing for Class II milk be based upon cream or butter, whichever yields the higher value.

The proposed amendment, to be effective for April, May and June 1954, would make certain other changes in the mechanics of calculating the Class II price formula, although based on previous experience, such changes will have little effect on the level of the Class II price. These changes are made in the interest of similarity of prices for milk under this order and orders of the Pennsylvania Milk Control Commission.

One such change is use of the average of reported cream prices, not including cream with special municipal approval. Omission of Lower Merion Township approved cream from this calculation reduces the resulting average cream price. The effect of this change on the Class II price would be offset against some changes in the other direction. Deduction of $2.00 from the average cream price and division of the result by 8.50 would give a deduction of about 23.5 cents per hundredweight of milk, as compared to 26.5 cents in the calculation of the cream value under the regular Class II formula. Calculation of the skim milk value by deducting 5 cents per pound from the price of nonfat dry milk, and multiplying by 0.90 and 7.5, would also result in lesser deductions than those specified in calculation of the Class II skim milk value pursuant to § 961.40 (b) (2).

Similarity of Class II prices under the Federal and State orders for this period could not be achieved without equalization of the deductions of 7–13 cents allowed to handlers at plants 11 miles but less than 31 miles from the City Hall in Philadelphia, pursuant to § 961.84. Such deductions are not provided under the State order. This adjustment should be made by adding amounts equal to these deductions in the case of Class II milk at these plants.

The proposed amendment would establish a value for utilization in the lower priced subdivision of Class II, by deducting 20 cents per hundredweight of milk or 5 cents per pound of butterfat, whichever deduction is greater. This method of adjusting to the lower price avoids giving double credit if a handler disposes of milk in nonfat dry milk and butter, and yet allows the 20-cents credit if only the butterfat or only the skim milk is disposed of in the products named in the lower priced subdivision.

Priority for producer milk in the higher priced utilization in Class II, would be maintained by subtracting a handler's receipts of milk, skim milk, or butterfat, or equivalent of any concentrated product, from the quantity on which the handler's credit in this utilization would otherwise be computed.

Revision of class formula. No changes on a permanent basis should be made in the Class II price formula on the basis of this record.

General findings. (a) The proposed marketing agreement and the order, as amended, and as hereby proposed to be further amended, and all of the terms and conditions thereof will tend to effectuate the declared policy of the act;

(b) The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supply of and demand for milk, in the marketing area and the minimum prices specified in the proposed marketing agreement and the order, as amended, and as hereby proposed to be further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(c) The proposed order, as amended, and as hereby proposed to be further amended, will regulate the handling of milk in the same manner as, and will be applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held.

Rulings on proposed findings and conclusions. Briefs were filed which contained statements of fact, proposed findings and conclusions, and arguments with respect to the provisions of the proposed amendments. Every point covered in the briefs was carefully considered along with the evidence in the record in making the findings and reaching the conclusions hereinbefore set forth. To the extent that the findings and conclusions proposed in the briefs are inconsistent with the findings and conclusions contained herein, the request to make such findings or to reach such conclusions is denied on the basis of the facts found and stated in connection with the conclusions in this recommended decision.

Recommended marketing agreement and amendment to the order. The following order amending the order, as amended, regulating the handling of milk in the Philadelphia marketing area, is recommended as the detailed and appropriate means by which the foregoing conclusions may be carried out. The recommended marketing agreement is not included in this decision because the regulatory provisions thereof would be identical with those contained in the order, as amended, and as hereby proposed to be further amended.

1. In § 961.40 (b) delete the introductory words preceding subparagraph (1) and substitute:

(b) *Class II milk.* The price per hundredweight during each month shall be the sum of the values calculated by the market administrator pursuant to subparagraphs (1) and (2) of this paragraph, except as provided in subparagraph (3) of this paragraph.

2. In § 961.40 (b) add subparagraph (3) as follows:

(3) For the months of April, May and June 1954, the price per hundredweight shall be the sum of the amounts calculated by the market administrator pursuant to subdivisions (i) and (ii) of this subparagraph, subject to adjustments provided in subdivision (iii) and (iv) of this subparagraph.

(i) *Butterfat.* Add all market quotations (using the mid-point of any weekly range as one quotation) of prices per 40-quart can of fresh sweet cream of bottling quality, not including prices for cream carrying special municipal approvals, reported at Philadelphia for each week ending within the month by the United States Department of Agriculture, subtract $2.00 and divide by 8.50: *Provided,* That if an amount calculated as 4 times 120 percent of the average of the daily wholesale selling price for Grade A 92-score butter at New York as reported by the United States Department of Agriculture for the month for which payment is to be made, less 19 cents is greater than the butterfat value computed pursuant to this subdivision based on the cream price, the butterfat value computed on the basis of the butter price shall apply.

(ii) *Skim milk.* From the average of all the prices per pound for nonfat dry milk solids made by the roller process, sold as "other brands" for human consumption in bags or barrels by carlots (using mid-point of any range as one quotation), published during such month in "Producer's Price Current", subtract 5 cents, multiply by 0.90 and multiply by 7.5.

(iii) In the case of milk, skim milk, or butterfat, dumped, disposed of for animal feed, or manufactured by the handler or others into butter, Cheddar cheese, Baker's or any other cheese except cream or cottage cheese, evaporated milk, milk chocolate, nonfat dry milk solids, soup, candy or bakery products, less any milk, butterfat, or equivalent of concentrated milk product received from a nonproducer plant, the value shall be adjusted downward at a rate of 20 cents per hundredweight of milk or 5 cents per pound of butterfat, whichever results in the greater aggregate adjustment.

(iv) Add, in the case of Class II milk at plants entitled to additional deductions on all milk pursuant to § 961.84, the amount of such deductions.

Filed at Washington, D. C., this 16th day of March 1954.

[SEAL] ROY W. LENNARTSON,
Deputy Administrator.

[F. R. Doc. 54-1953; Filed, Mar. 18, 1954; 8:49 a. m.]

[7 CFR Part 975]

[Docket No. AO-179-A-12]

HANDLING OF MILK IN CLEVELAND, OHIO, MARKETING AREA

DECISION WITH RESPECT TO PROPOSED MARKETING AGREEMENT AND PROPOSED ORDER AMENDING ORDER, AS AMENDED

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900), a public hearing was conducted at Cleveland, Ohio, on February 18, 1954, pursuant to notice thereof which was issued on February 10, 1954 (19 F. R. 866).

The material issue of record related to the pricing of milk utilized for Class III purposes.

Findings and conclusions. 1. During April, May, and June 1954 the present Class III price should be reduced by the amount, if any, that prices paid to farmers for milk of manufacturing quality at a representative group of Ohio plants are below the present Class III price formula which is based upon market prices of butter and nonfat dry milk solids. The amount of the reduction, per hundredweight of 3.5 milk, should be divided equally between the value of the 3.5 pounds of butterfat and the 96.5 pounds of skim milk. This should be accomplished as an emergency action in order to provide affected parties with as much advance notice as possible of the pricing arrangements which will prevail during the months of April, May, and June, 1954.

From the available data it appears that the quantities of milk which will be in excess of fluid requirements and which must be converted into manufactured dairy products may be even larger during the flush production months of 1954 than in 1953. Increased milk production is a nationwide phenomenon; U. S. milk production on farms was at an annual rate of 126 billion pounds in November 1953 and 130 billion in December as compared with a 1952 average of 115 billion and 1953 average of 120 billion.

In the Cleveland market receipts of milk from the regular producers were equal to 129 percent of the total sales of fluid milk and cream in November 1953 and 139 in December. These ratios are even above the abnormally high percentages of 126 and 134 in November and December 1952 which led to record oversupplies in April, May, and June 1953. November is usually the month of shortest supply and receipts equal to 117 percent of sales are considered normal in the market. There is every prospect that the excess of production over fluid requirements in April–June, 1954, will be at least as large as in 1953. Handlers' own facilities will again be unable to accommodate all the Class III milk, and large quantities must be shipped to nonhandler manufacturing plants

A similar price situation is also in prospect. During most months of 1953 the prices paid by manufacturing plants were substantially lower than usual in relation to butter and powder prices.

As a consequence, handlers who had to dispose of milk to manufacturing plants commonly received lower prices than those resulting from the Class III butter-powder formula, and sizeable transportation charges were incurred on some of the milk so disposed of. Even those handlers who process the Class III milk in their own plants must pay more for it than the prices paid for milk by the directly competitive nonhandler plants. To alleviate the 1953 emergency condition a credit was granted during April, May, and June, 1953 on Class III skim milk, based upon prices paid at condenseries rather than the butter-powder formula. Local plant prices have remained substantially below the level of the butter-powder formula. If this situation changes to the extent that local plant prices rise to above the level of the butter-powder formula, no reduction in the Class III price will result.

The Federal order for the Lima, Ohio, milk marketing area utilizes local plant prices in determining the Class II price. The 5 plants specified therein, namely those of the Defiance Milk Products Co. at Defiance, Pet Milk Co. at Coldwater, Nestles Milk Products Co. (uninspected milk price) at Marysville, Fisher Dairy and Cheese Co. at Wapakoneta, and Swift and Co. at Lima, all in Ohio, are also representative of plants throughout the Cleveland milkshed. Their prices are made available regularly to the Lima market administrator and constitute an appropriate measure of the local plant price for use hereunder during April, May, and June, 1954.

Any amount by which the local plant price is below the regular Class III price (for use other than in butter) should be divided equally between the Class III butterfat and skim milk values. The differential per hundredweight of 3.5 percent milk should be multiplied by 14.28571 to convert it to an amount per hundredweight of butterfat (100÷3.5÷2) and by 0.51813 to convert to a hundredweight of skim milk (100÷96.5÷2).

2. The due and timely execution of the function of the Secretary under the act imperatively and unavoidably requires the omission of a recommended decision by the Deputy Administrator, Agricultural Marketing Service, and the opportunity for exception thereto, on the above issue.

The conditions complained of are such that it is urgent that remedial action be taken as soon as possible. Delay beyond the minimum time required to make the attached order effective would defeat the purpose of such amendment. Accordingly, the time necessarily involved in the preparation, filing, and publication of a recommended decision, and exceptions thereto, would make such relief ineffective.

Rulings on proposed findings and conclusions. No briefs were filed by interested parties within the time designated.

General findings. (a) The proposed marketing agreement and the order, as hereby proposed to be amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(b) The parity prices of milk as determined pursuant to 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply of and demand for milk in the marketing area, and the minimum prices specified in the proposed marketing agreement and in the order, as hereby proposed to be amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(c) The proposed marketing agreement and the order, as hereby proposed to be amended, will regulate the handling of milk in the same manner as, and will be applicable only to persons in the respective classes of industrial and commercial activity, specified in a marketing agreement upon which a hearing has been held.

Determination of representative period. The month of January, 1954 is hereby determined to be the representative period for the purpose of ascertaining whether the issuance of an order amending the order regulating the handling of milk in the Cleveland, Ohio, marketing area in the manner set forth in the attached amending order is approved or favored by producers who during such period were engaged in the production of milk for sale in the marketing area specified in such order.

Marketing agreement and order. Annexed hereto and made a part hereof are two documents entitled "Marketing Agreement Regulating the Handling of Milk in the Cleveland, Ohio, Marketing Area" and "Order Amending the Order, as Amended, Regulating the Handling of Milk in the Cleveland, Ohio, Marketing Area," which have been decided upon as the detailed and appropriate means of effectuating the foregoing conclusions. These documents shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

It is hereby ordered, That all of this decision, except the attached marketing agreement, be published in the FEDERAL REGISTER. The regulatory provisions of said marketing agreement are identical with those contained in the order, as amended, and as hereby proposed to be further amended by the attached order which will be published with this decision.

This decision filed at Washington, D. C., this 16th day of March 1954.

[SEAL] JOHN H. DAVIS,
Assistant Secretary.

Order[1] *Amending the Order, as Amended, Regulating the Handling of Milk in the Cleveland, Ohio, Marketing Area*

§ 975.0 *Findings and determinations.* The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order, as amended, and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held at Cleveland, Ohio, February 18, 1954, upon a proposed amendment to the tentative marketing agreement and to the order, as amended, regulating the handling of milk in the Cleveland, Ohio, marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended, and as hereby further amended, and all of the terms and conditions of said order, as amended, and as hereby further amended, will tend to effecuate the declared policy of the act;

(2) The parity prices of milk produced for sale in the said marketing area as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supply of and demand for such milk, and the minimum prices specified in the order, as amended, and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held.

Order relative to handling. It is therefore ordered, that on and after the effective date hereof, the handling of milk in the Cleveland, Ohio, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended, and the aforesaid order is hereby amended as follows:

Amend § 975.63 by adding a paragraph (c) as follows:

(c) If, during any of the months of April, May, or June, 1954, the average (computed to the nearest tenth of a cent) of the basic (or field) prices per hundredweight reported to the market administrator or to the Department of Agriculture to have been paid, or to be paid, for milk of 3.5 percent butterfat content received from farmers during the month at the plant of the Defiance Milk Products Co. at Defiance, Pet Milk Co. at Coldwater, Nestles Milk Products Co. (uninspected milk price) at Marysville, Fisher Dairy and Cheese Co. at Wapakoneta, and Swift and Co. at Lima, all in Ohio, is less than the price per hundredweight of milk of 3.5 percent butterfat content computed pursuant to paragraphs (a) and (b) of this section (exclusive of the proviso in paragraph (a) of this section), the prices per hundredweight of butterfat computed pursuant to paragraph (a) of this section shall be reduced by an amount obtained by multiplying such difference by 14.28571 and the price per hundredweight of skim milk computed pursuant to paragraph (b) of this section shall be reduced by an amount obtained by multiplying such difference by 0.51813.

[1] This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

ORDER OF SECRETARY DIRECTING THAT REFERENDUM BE CONDUCTED AMONG PRODUCERS SUPPLYING MILK TO CLEVELAND, OHIO, MARKETING AREA, AND DESIGNATION OF AGENT TO CONDUCT SUCH REFERENDUM

Pursuant to section 8c (19) of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 608c (19)), it is hereby directed that a referendum be conducted among the producers (as defined in the proposed order regulating the handling of milk in the Cleveland, Ohio, marketing area) who, during the month of January 1954 were engaged in the production of milk for sale in the marketing area specified in the aforesaid order to determine whether such producers favor the issuance of the order which is a part of the decision of the Secretary of Agriculture filed simultaneously herewith.

The month of January 1954 is hereby determined to be the representative period for the conduct of such referendum.

Howard G. Elsaman is hereby designated agent of the Secretary to conduct such referendum in accordance with the procedure for the conduct of referenda to determine producer approval of milk marketing orders as published in the FEDERAL REGISTER on August 10, 1950 (15 F. R. 5177), such referendum to be completed on or before the 10th day from the date this referendum order is issued.

CIVIL AERONAUTICS BOARD

[14 CFR Part 20]

[Draft Release No. 54-6]

SPECIAL CIVIL AIR REGULATION: ISSUANCE OF STUDENT GLIDER PILOT CERTIFICATES TO PERSONS THIRTEEN YEARS OF AGE RECEIVING INSTRUCTION AT MISSISSIPPI STATE COLLEGE GLIDER CLUB

NOTICE OF PROPOSED RULE MAKING

Pursuant to authority delegated by the Civil Aeronautics Board to the Bureau of Safety Regulation, notice is hereby given that the Bureau will propose to the Board a Special Civil Air Regulation to permit a student glider pilot certificate to be issued to certain persons who are thirteen years of age.

Interested persons may participate in the making of the proposed rule by submitting such written data, views, or arguments as they may desire. Communications should be submited in duplicate to the Civil Aeronautics Board, attention Bureau of Safety Regulation, Washington 25, D. C. In order to insure their consideration by the Board before taking further action on the proposed rule, communications must be received by April 20, 1954. Copies of such communications will be available after April 22, 1954, for examination by interested persons at the Docket Section of the Board, Room 5412, Department of Commerce Building, Washington, D. C.

Mr. August Raspet, Head of the Aerophysics Department, Mississippi State College, has requested a waiver of the age requirement for a student glider pilot certificate to permit its issuance to persons of thirteen years of age who are to receive glider training at the Mississippi State College Glider Club. This club, an organized extra curricular activity at Mississippi State College, has a definite glider training syllabus, and a glider instructor who has a commercial glider rating. The club has a single-place glider for training and keeps complete records of all flights. All students are under the personal supervision of the instructor.

As part of their training program, the club is investigating the potential of glider training as an indoctrination of young persons into the medium of flight. In order to carry this out, it is desirable that high school students, many of whom are thirteen years of age, be able to participate. Since the current minimum age requirement for a student glider pilot certificate is fourteen years of age, several high school students desiring training have been refused instruction. The Bureau believes that thirteen-year-old persons should be permitted to receive this training, since the knowledge gained through such a program would be beneficial in the future formulation and revision of Civil Air Regulations.

In view of the foregoing, notice is hereby given that it is proposed to promulgate a Special Civil Air Regulation as follows:

Contrary provisions of the Civil Air Regulations notwithstanding, the Administrator may issue or authorize the issuance of a student glider pilot certificate to a person of thirteen years of age who is to receive glider training at the Mississippi State College Glider Club: *Provided,* (1) That the training shall be conducted under the personal supervision of a holder of a commercial glider rating or flight instructor rating for gliders and (2) That the certificate shall bear the following limitation on its face, "Valid only for receiving glider instruction given by the Mississippi State College Glider Club."

It is proposed that this Special Civil Air Regulation be effective for one year.

This Special Civil Air Regulation is proposed under the authority of Title VI of the Civil Aeronautics Act of 1938, as amended. The proposal may be changed in the light of comments received in response to this notice of proposed rule making.

(Sec. 205 (a), 52 Stat. 984; 49 U. S. C. 425 (a). Interpret or apply secs. 601-610, 52 Stat. 1007-1012, as amended; 49 U. S. C. 551-560)

Dated March 15, 1954, at Washington, D. C.

By the Bureau of Safety Regulation.

[SEAL] JOHN M. CHAMBERLAIN,
Director.

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR Parts 2, 3]

CLASS B FM BROADCAST STATIONS

REVISED TENTATIVE ALLOCATION PLAN

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 11th day of March 1954;

The Commission having under consideration a proposal to amend its Revised Tentative Allocation Plan for Class B FM Broadcast Stations as follows:

General area	Channels	
	Delete	Add
Beaumont, Tex.	227	248
Lake Charles, La.	248	227

It appearing that the Enterprise Company, licensee of Station KRIC-FM, Beaumont, Texas, proposes to change the frequency assignment of Station KRIC-FM from Channel 258 to Channel 248 to eliminate the present condition of interference caused in the Beaumont area to reception of Station KGUL-TV operating television on Channel 11 in Galveston, Texas; and

It further appearing that the interference to the reception of television Station KGUL-TV, Galveston, Texas, in the Beaumont area is primarily internal to the television receivers; that the problem can and should be resolved by remedial measures at the source of the problem—improved designs of television receivers—rather than by manipulation of outstanding frequency assignments or changes in the television and FM and FM allocation plans; that the Commission has taken the position before and is still of the opinion that receiver manufacturers are under an obligation to the consumers purchasing their goods to employ the corrective measures in the manufacture of receiving sets necessary to insure against this and related interference problems and that it is improper to place further restrictions on the use of the very limited spectrum space because of the interference problems that can be entirely avoided by proper receiver design; and that in general, it will not be possible to correct this type of interference by modification of the FM allocation plan that the present limited use of FM broadcasting assignments makes possible in this case; and

It further appearing that the subject proposal to exchange a Lake Charles, Louisiana channel for a Beaumont,

Texas, channel is engineeringly feasible and will not affect the rights of other parties; and

It further appearing that authority for the adoption of the proposed amendment is contained in sections 4 (i), 301, 303 (c), (d), (f), and (r) and 307 (b) of the Communications Act of 1934, as amended; and

It further appearing that because the proposed change merely represents an interchange of channels between two cities without any appreciable affect on existing FM licensees or applicants, current or prospective, the notice and public procedure provisions of section 4 (a) of the Administrative Procedure Act is unnecessary and that the change should be made effective immediately so that the existing Galveston-Beaumont conflict described above can be eliminated without delay;

It is ordered, That effective immediately, the revised tentative allocation plan for Class B FM Broadcast Stations is amended as follows:

General area	Channels	
	Delete	Add
Beaumont, Tex.	227	218
Lake Charles, La.	248	227

Released: March 15, 1954.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

HOUSING AND HOME FINANCE AGENCY

Home Loan Bank Board

[24 CFR Part 163]

[No. 6989]

FEDERAL SAVINGS AND LOAN INSURANCE CORPORATION OPERATIONS

FEDERAL INSURANCE RESERVE ACCOUNT

MARCH 16, 1954.

Resolved that, pursuant to Part 108 of the general regulations of the Home Loan Bank Board (24 CFR Part 108) and § 167.1 of the rules and regulations for insurance of accounts (24 CFR 167.1), it is hereby proposed that the rules and regulations for insurance of accounts (24 CFR Ch. I, Subch. D) be amended in the following particulars:

(a) Amend the last sentence of § 163.11 *Setting up, designation, and purpose of Federal insurance reserve* (24 CFR 163.11) to read as follows: "The general reserves of Federal savings and loan associations operating under Charter K, Charter K (rev.) or Charter N are deemed to meet the requirements of this section."

(b) Amend § 163.12 (24 CFR 163.12) to read as follows:

§ 163.12 *Original credit to Federal insurance reserve account.* During the fiscal year in which a certificate of insurance is issued to an insured institution, such insured institution shall credit to its insurance reserve an amount at least equal to that fraction of 15 percent of its net income for the fiscal year which the unexpired portion of its fiscal year from the date of such certificate is to its full fiscal year, calculated to the nearest month, and thereafter shall credit its insurance reserve, during each of its fiscal years, as provided in §§ 163.13 and 163.14. The term "net income", as used in §§ 163.12, 163.13 and 163.14 shall mean, with respect to any insured institution, the net operating income of such insured institution for its fiscal year, prior to the declaration of any dividend and the payment of any interest on savings; the term "insurance reserve" shall mean the Federal insurance reserve account; and the term "free reserve and undivided profits accounts" shall mean all accounts evidencing actual net worth of an insured institution, including its insurance reserve.

(c) Amend § 163.13 (24 CFR 163.13) to read as follows:

§ 163.13 *Amount and maintenance of insurance reserve.* Each insured institution shall credit to its insurance reserve, during each of its fiscal years, an amount equal to at least 15 percent of its net income for such period until such insurance reserve equals at least 5 percent of all insured accounts and shall thereafter increase its free reserve and undivided profits accounts during each of its fiscal years by an amount equal to at least 15 percent of its net income for such period until such accounts equal at least 10 percent of all insured accounts; and thereafter, if such accounts shall at any time fall below such 10 percent, it shall resume such 15 percent credits until such accounts again are equal to at least 10 percent of all insured accounts. In any event, each insured institution shall build up its insurance reserve to the following minimum percentages of all insured accounts within the periods specified after the effective date of its insurance:

2 percent within 5 years;
3 percent within 10 years;
4 percent within 15 years;
5 percent within 20 years;

Provided That, if at the end of the fifth, tenth or fifteenth years after the effective date of insurance, the amount in such insurance reserve shall be less than herein required, such insured institution shall thereafter credit, during each fiscal year, an amount equal to at least 25 percent of its net income until its insurance reserve shall meet the minimum requirements of this section. If, upon the expiration of twenty years from the date its accounts were insured, the Federal insurance reserve account of any insured insttiution is less than 5 percent but not less than 3 percent of all insured accounts, such institution may earmark undivided profits in an amount which, when combined with the amount in its insurance reserve will equal 5 percent of all insured accounts; and thereafter such earmarked undivided profits shall be carried in an amount sufficient to maintain such 5 percent of all insured accounts requirement and such earmarked undivided profits shall be considered a part of the insurance reserve and be subject to all the limitations which apply thereto until such reserve account, exclusive of the funds so earmarked, equals 5 percent of all insured accounts. If for any reason, the insurance reserve, exclusive of earmarked undivided profits, of any institution that has been insured for at least twenty years is thereafter reduced to less than 5 percent of all insured accounts, such institution shall transfer to its insurance reserve, for each dividend period, at least 25 percent of its net income until its insurance reserve is again equal to at least the amount which would be the equivalent of 15 percent of its net earnings for each of its fiscal years since the effective date of insurance, but in no event less than 5 percent of all insured accounts. At any time an insured institution shall have in its insurance reserve or its free reserve and undivided profits accounts amounts in excess of the minimum amounts required hereunder, it may take a credit to the extent of such excess in computing additional required credits hereunder, to the extent that such action will not cause the insurance reserve or free reserve and undivided profits accounts to fall below any minimum amounts specified herein. The date of compliance with each time requirement in this section shall be not later than the close of the semi-annual period within which the respective insurance anniversary of the insured institution falls.

(d) Amend § 163.14 (24 CFR 163.14) to read as follows:

§ 163.14 *Charging of losses and payment of dividends.* No insured institution that has charged losses to its insurance reserve during any year shall declare any dividends or pay any interest on savings for such year unless the amount standing to the credit of such account, after deduction of all charges, is equal to at least the amounts required under § 163.13, or such declaration or payment has been approved in writing by the Corporation; *Provided*, That the Corporation hereby approves the declaration of dividends and the payment of interest on savings for any year when losses are charged or are chargeable to such reserve by any insured institution that has complied with the provisions of § 163.13.

Resolved further, that a hearing will be held on April 19, 1954 at 10 o'clock in the forenoon in Room 827, Federal Home Loan Bank Board Building, 101 Indiana Avenue NW., Washington, D. C., before the Home Loan Bank Board, a member thereof, or a Hearing Officer designated by the Board, for the purpose of receiving evidence, oral views and arguments on said proposed amendments of the rules and regulations for insurance of accounts, if written notice of intention to appear at said hearing is received by the Secretary to the Board at least five days before the date set for the hearing, the hearing will be dispensed with. Whether or not a hearing is held, written data, views or arguments on said proposed amendments which are received by the Secretary to the Home Loan Bank Board on or before April 19, 1954, or prior to the conclusion of the hearing, if held, will be considered by the Home Loan Bank Board in connection with its consideration of the proposed amendments of the said rules and regulations.

(Secs. 402, 403, 48 Stat. 1256, 1257; 12 U. S. C. 1725, 1726)

By the Home Loan Bank Board.

[SEAL] J. FRANCIS MOORE,
Secretary.

[F. R. Doc. 54-1960; Filed, Mar. 18, 1954; 8:51 a. m.]

[24 CFR Part 163]

[No. 6988]

FEDERAL SAVINGS AND LOAN INSURANCE CORPORATION, OPERATIONS

LIMITATIONS WITH RESPECT TO PROMOTIONAL OPERATIONS AND ADVERTISING

MARCH 16, 1954.

Resolved that, pursuant to Part 108 of the general regulations of the Home Loan Bank Board (24 CFR Part 108) and § 167.1 of the rules and regulations for insurance of accounts (24 CFR 167.1), it is hereby proposed that Part 163 of the rules and regulations for insurance of accounts (24 CFR Part 163) be amended in the following particulars:

(a) Amend § 163.24 (24 CFR 163.24) by adding the following sentence at the end thereof: "No insured institution shall give away, offer, promise, or obligate itself to give away for the opening of, or increasing the amount of, any account of an insurable type, any gift, premium, or other reward that has a monetary value in excess of $2.50, which value, in the case of merchandise, shall be determined by the price paid for such merchandise."

(b) Amend § 163.25 (24 CFR 163.25) by adding the following sentence at the end thereof: "No sales commission or other compensation shall be paid directly or indirectly by any insured institution to any salesman, broker, or sales agency, including any individual, partnership, corporation, or association, which advertises any dividend rate of such insured institution in any newspaper, magazine, radio or television broadcasting station or other public media, or which advertises in any manner whatsoever or makes any statement with respect to such insured institution, or the shares, investment certificates, deposits or savings accounts thereof, which the insured institution itself, by law, rules or regulations, is or may be prohibited from doing."

(c) Renumber present § 163.30 (24 CFR 163.30) as § 163.31 and adopt a new § 163.30 reading as follows:

§ 163.30 *Advertising returns paid to investors.* An insured institution may not advertise the rate of dividend, earnings or interest paid on its shares, investment certificates, deposits or savings accounts in any newspaper or magazine which is published, or over any radio or television broadcasting station or other public media which is located, beyond fifty miles from its principal office or outside the territory beyond such fifty mile area within which the institution was operating on June 27, 1934.

Resolved further, that a hearing will be held on April 19, 1954, at 10 o'clock in the forenoon in Room 827, Federal Home Loan Bank Board Building, 101 Indiana Avenue NW., Washington, D. C., before the Home Loan Bank Board, a member thereof, or a Hearing Officer designated by the Board, for the purpose of receiving evidence, oral views and arguments on said proposed amendments of the rules and regulations for insurance of accounts, if written notice of intention to appear at said hearing is received by the Secretary to the Home Loan Bank Board at least five days before said date. If no such written notice of intention to appear has been received by the Secretary to the Home Loan Bank Board on or before April 19, 1954, or prior to the conclusion of the hearing, if held, will be considered by the Home Loan Bank Board in connection with its consideration of the proposed amendments of the said rules and regulations.

(Sec. 402, 48 Stat. 1256; 12 U. S. C. 1725. Interpret or apply Sec. 403, 48 Stat. 1257, as amended; 12 U. S. C. 1726)

By the Home Loan Bank Board.

[SEAL] J. FRANCIS MOORE,
Secretary.

NOTICES

DEPARTMENT OF COMMERCE

Office of the Secretary

BUREAU OF FOREIGN COMMERCE

MISCELLANEOUS AMENDMENTS TO ESTABLISHMENT, ORGANIZATION AND FUNCTIONS

FEBRUARY 16, 1954.

Department Order No. 153 of October 12, 1953 (18 F. R. 6789), is amended as follows:

1. Section 2 (a) (1) is amended by deleting "Assistant Director for Foreign Service Operations" and substituting therefor "Foreign Service Operations Staff";

2. Sectinon 2 (a) (4) is amended by deleting "Executive Officer" and substituting therefor "Administrative Management Staff";

3. The first line of section 5 (b) is amended, in part, to read: "The Foreign Service Operations Staff, under the direction of an Assistant Director, shall * * *";

4. The first line of section 5 (e) is amended, in part, to read: "The Administrative Management Staff shall be under the direction of the Executive Officer who shall * * *"

[SEAL] SINCLAIR WEEKS,
Secretary of Commerce.

[F. R. Doc. 54-1957; Filed, Mar. 18, 1954; 8:50 a. m.]

AIR NAVIGATION DEVELOPMENT BOARD

ESTABLISHMENT, ORGANIZATION AND FUNCTIONS

JANUARY 6, 1954.

SECTION 1. *Purpose.* The purpose of this order is to provide information concerning the continuation, reorganization, powers and duties, and administration of the Air Navigation Development Board.

SEC. 2. *Continuation.* By virtue of a new charter of agreement co-signed by the Secretary of Commerce and the Secretary of Defense, effective January 6, 1954, the Air Navigation Development Board (hereinafter called the "Board") is continued for the purpose of guiding the development of a Common System of air navigation and air traffic control.

SEC. 3. *Reorganization.* (a) In accordance with the terms of the charter, the Secretaries of Commerce, Defense, the Army, the Navy, and the Air Force each shall designate a member of the Board and an alternate. Such membership shall consist entirely of personnel of policy stature. The Secretary of Defense, the Army, the Navy, the Air Force, and Commerce each shall provide a full-time officer or official of appropriate rank who shall act as the direct representative of the designated Board member of his department.

(b) The Secretaries of Defense and Commerce shall jointly select the Chairman of the Board either from the Board membership or from other sources.

(c) The Board shall have a full-time director and staff selected by the Board and appointed by the Secretary of Commerce with the concurrence and approval of the Secretary of Defense. The director shall be responsible to the Board for the supervision of its Common System Program and all related technical, administrative, and fiscal matters.

SEC. 4. *Powers and duties of the Board.* (a) The Board shall formulate, guide,

review, and coordinate a unified program of research and development projects for the Common System. With respect to program and funding:

(1) Each year the Board shall prepare a single comprehensive planned program of projects for the next fiscal year. This program shall include estimates of the planned funding requirements for each project;

(2) The Board then shall determine the portions of the total program to be budgeted for by the departments represented on the Board. The portion to be budgeted by the Department of Commerce shall include administrative funds required for the staff and operation of the Board;

(3) Each Board member shall seek budget coverage for that portion of the program assigned by the Board to his department;

(4) Upon review of its program, the Board shall make such revisions of the program and of the apportionment thereof among the departments as it may deem necessary to achieve optimum use of available resources, and as may be practicable within appropriation limitations; and

(5) Funds appropriated for the program and administratoin of the Board shall be expended only for that program and administration as determined by the Board.

(b) Under the direction of the Board, all Common System research and development projects shall be contracted for or performed by the Departments of the Army, the Navy, the Air Force, and Commerce.

(c) In formulating its program, the Board shall be guided by operational requirements received from each of the departments represented and from the Air Coordinating Committee. The Board shall integrate all these requirements to the maximum extent possible.

(d) The Board and its staff shall be authorized to receive, through approved channels, classified information concerning such techniques, facilities, and projects in the Military Departments as may be related to the fields of navigation and traffic control; and suitable provision shall be made for the safeguarding of such classified information in accordance with applicable Department of Defense security procedures and regulations.

(e) To the extent practicable, the Board should utilize the advice and assistance of Government and non-Government personnel concerned with the research and development, manufacture and use of aids to air navigation and air traffic control. The Board is encouraged to make maximum use of such groups as the Radio Technical Commission for Aeronautics.

SEC. 5. *Administration.* (a) The Board shall meet formally at quarterly intervals at the call of its Chairman, or at such other times as it may fix and shall establish such rules of organization, procedure and administration as it may deem necessary.

(b) The Department of Commerce, through the Civil Aeronautics Administration, shall provide all housekeeping services required by the Board and its staff. The Board may utilize the contractual and other facilities of the Administrator of Civil Aeronautics, and the Board staff shall be subject to all administrative policies and procedures of the Administration, except where specifically exempted therefrom in writing by the Administrator.

(c) The Department of Defense and Department of Commerce shall have equal responsibility and authority on the Board. In the event of failure of the Departments of Defense and Commerce to reach agreement on any matter before the Board, it shall be referred to the Secretaries of Defense and Commerce who will make a determination.

(d) The Board shall submit reports of progress and any other items of interest every six months to the Secretaries of Defense and Commerce.

SEC. 6. *Interim operations.* The members of the Board at the effective date of the new charter (January 6, 1954) shall exercise the powers and perform the duties authorized by the charter until the membership of the Board as provided in the charter is appointed and assumes control by formal resolution.

SEC. 7. *Effect on other orders.* This order supersedes Department Order 105 of January 19, 1949 (Subpart G of 16 F. R. 2975). Any other orders or parts of orders the provisions of which are inconsistent or in conflict with the provisions of this order are hereby amended or superseded accordingly.

SEC. 8. *Effective date.* This order is effective January 6, 1954.

[SEAL] SINCLAIR WEEKS,
Secretary of Commerce.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[Misc. 922418]

NEVADA

ORDER PROVIDING FOR OPENING OF PUBLIC LANDS RESTORED FROM NEWLANDS PROJECT

MARCH 15, 1954.

An order of the Bureau of Reclamation dated October 26, 1950, concurred in by the Assistant Director, Bureau of Land Management, December 18, 1950, revoked the Departmental Orders of July 2, and August 26, 1902, August 4, 1904, April 28, 1905, April 20, 1907, May 6, 1920, and November 6, 1925, so far as they withdrew under the provisions of the Reclamation Act of June 17, 1902 (32 Stat. 388), the following described land in connection with the Newlands Project, Nevada, and provided that such revocation should not affect the withdrawal of any other lands by said orders or affect any other order withdrawing or reserving the lands described:

MOUNT DIABLO MERIDIAN

T. 18 N., R. 29 E.,
Sec. 3, SW¼SW¼.
T. 19 N., R. 29 E.,
Sec. 23, SW¼SW¼.

The areas described aggregate 80 acres.

The soils are silt, loam and clay impregnated with alkali. The land is section 23 is situated about 3½ miles northeast of Fallon, Nevada, and is accessible only by secondary roads. The southeast corner is crossed by an irrigation canal and approximately five acres are suitable for residential purposes. The remainder is suitable only for grazing. The land in section 3 is located 3¼ miles southeast of Fallon, and has a potential value for irrigated farming or pasture. The southwest corner is crossed by a paved road and irrigation canal. Seven acres are suitable for residential purposes. Any application that is filed will be considered on its merits. The lands will not be subject to occupancy or disposition until they have been classified.

This order shall not otherwise become effective to change the status of the described lands until 10:00 a. m. on the 35th day after the date of this order. At that time the said lands shall become subject to application, petition, location and selection under the applicable public-land laws, subject to valid existing rights, the provisions of existing withdrawals, the requirements of applicable laws, and the 91-day preference right filing period for veterans and others entitled to preference under the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279–284), as amended.

Inquiries concerning the lands shall be addressed to the Manager, Land and Survey Office, Bureau of Land Management, Reno, Nevada.

EARL G. HARRINGTON,
Acting Assistant Director.

[F. R. Doc. 54-1934; Filed, Mar. 18, 1954; 8:45 a. m.]

[Docket DA-411]

OREGON

RESTORATION ORDER UNDER FEDERAL POWER ACT

MARCH 12, 1954.

Pursuant to determination DA-411, Oregon, of the Federal Power Commission and in accordance with Order No. 427, section 2.22 (a) (4) of the Director, Bureau of Land Management, approved August 16, 1950, 15 F. R. 5641, it is ordered as follows:

Subject to valid existing rights and the provisions of existing withdrawals the lands hereinafter described insofar as they are withdrawn for power purposes, are hereby restored, subject to the provisions of section 24 of the Federal Power Act of June 10, 1920 (41 Stat. 1075; 16 U. S. C. sec. 818) as amended.

WILLAMETTE MERIDIAN

T. 18 S., R. 41 E.,
Sec. 18, Lot 3,
Sec. 19, Lots 7, 8, and SE¼NE¼

The areas described aggregate 162.50 acres.

The lands described are located on Bully Creek approximately 1-mile west of Westfall, Oregon, at an elevation of approximately 2500 feet. The topography is rough and mountainous; the soil is sandy loam intermingled with rock; and the lands are classified as grazing in character and subject to disposition under the public sale law.

While any application which is filed will be considered on its merits, it is unlikely that any part of the restored lands will be classified for any use or disposal other than that shown above. No application for the lands may be allowed under the homestead, small tract, desert land, or any other nonmineral public land law unless the lands have already been classified as valuable or suitable for such type of application, or shall be so classified upon consideration of an application.

The lands described shall be subject to application by the State of Oregon for a period of 90 days from date of publication of this order in the FEDERAL REGISTER for right-of-way for public highways or as a source of materials for construction and maintenance of such highways, subject to section 24 of the Federal Power Act, as amended. This order shall not otherwise affect the status of the lands until 10:00 a. m. on the 91st day after the date of publication of this order in the FEDERAL REGISTER. At that time, the lands shall become subject to application, petition, location and selection, subject to valid existing rights, the provisions of existing withdrawals, the requirements of applicable laws and the 90-day preference filing period of veterans and others entitled to preference under the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279–284), as amended.

Information showing the periods during which and conditions under which veterans and others may file application for these lands may be obtained on request in the Land Office, Portland, Oregon.

JAMES F. DOYLE,
Acting Regional Administrator.

[F. R. Doc. 54-1935; Filed, Mar. 18, 1954; 8:46 a. m.]

Office of the Secretary

[Order No. 2749]

COMMISSIONER OF RECLAMATION

DELEGATION OF AUTHORITY WITH RESPECT TO EXCHANGE OF FARM UNITS

MARCH 12, 1954.

This order restates the authority of the Commissioner of Reclamation to exchange farm units, and revises his redelegation authority.

SECTION 1. *Delegation of authority.* The Commissioner of Reclamation may, subject to the requirements of the act of August 13, 1953 (67 Stat. 566), and regulations issued thereunder, approve the exchange or amendment of unpatented farm units and farm units of resident owners of private land on Federal irrigation projects, and perform all other acts necessary to effect their exchange or amendment.

SEC. 2. *Redelegation.* The Commissioner of Reclamation may, in writing, redelegate to officers and employees of the Bureau the authority granted in section 1, and he may authorize written redelegations of such authority.

SEC. 3. *Revocation.* Order No. 2740 (18 F. R. 7663) is revoked, but redelegations of authority made pursuant to Order No. 2740 which are still in force on the date of this order shall remain in effect until superseded or revoked.

DOUGLAS MCKAY,
Secretary of the Interior.

[F. R. Doc. 54-1936; Filed, Mar. 18, 1954; 8:46 a. m.]

DEPARTMENT OF AGRICULTURE

Office of the Secretary

CERTAIN STATES

DESIGNATION OF AREAS FOR PRODUCTION EMERGENCY LOANS AND ECONOMIC EMERGENCY LOANS

For the purpose of making production emergency loans pursuant to section 2 (a) of Public Law 38, 81st Congress, it has been determined that in each of the counties referred to below as a production disaster area, a production disaster has caused a need for agricultural credit not readily available from commercial banks, cooperative lending agencies or other responsible sources.

Pursuant to delegation of authority from the Administrator, Federal Civil Defense Administration (18 F. R. 4609) and for the purpose of making economic emergency loans pursuant to section 2 (b) of Public Law 38, 81st Congress, as amended by Public Law 115, 83d Congress, it has been determined that each of the counties referred to below as an economic disaster area, is within an area affected by a major disaster determined by the President pursuant to Public Law 875, 81st Congress. It has also been determined that an economic disaster exists in each of said counties that has caused a need for agricultural credit that cannot be met for a temporary period from commercial banks, cooperative lending agencies, the Farmers Home Administration under its regular loan programs, or other responsible sources. The dates of the respective designations and determinations by this Department are set forth under each State.

ARKANSAS

On November 18, 1953, all counties were designated as economic disaster areas.

All counties had been previously designated as production disaster areas, and on November 18, 1953, the period for making initial production emergency loans was extended to December 31, 1954.

FLORIDA

On October 29, 1953, the following counties were designated as both economic disaster and production disaster areas:

Brevard.	Highlands.
Broward.	Indian River.
Charlotte.	Lee.
Collier.	Martin.
Dade.	Okeechobee.
De Soto.	Palm Beach.
Glades.	St. Lucie.
Hardee.	Seminole.
Hendry.	

On December 28, 1953, Manatee County was designated as both an economic disaster and a production disaster area.

KANSAS

On December 15, 1953, all counties were designated as economic disaster areas.

All counties had been previously designated as production disaster areas, and on December 15, 1953, the period for making initial production emergency loans was extended to December 31, 1954.

KENTUCKY

On November 25, 1953, all counties were designated as economic disaster areas.

All counties had been previously designated as production disaster areas, and on November 25, 1953, the period for making initial production emergency loans was extended to December 31, 1954.

MISSISSIPPI

On November 24, 1953, the following counties were designated as economic disaster areas:

Benton.	Marshall.
Bolivar.	Panola.
Coahoma.	Quitman.
De Soto.	Tallahatchie.
Lafayette.	Tate.
Leflore.	Tunica.

The above named counties had been previously designated as production disaster areas, and on November 24, 1953, the period for making initial production emergency loans was extended to December 31, 1954.

MISSOURI

On October 19, 1953, all counties were designated as economic disaster areas.

On October 19, 1953, the following counties were designated as production disaster areas:

Adair.	Linn.
Andrew.	Livingston.
Atchison.	Macon.
Audrain.	Marion.
Buchanan.	Mercer.
Caldwell.	Monroe.
Callaway.	Montgomery.
Carroll.	Nodaway.
Chariton.	Pike.
Clark.	Platte.
Clay.	Putnam.
Clinton.	Ralls.
Daviess.	Randolph.
De Kalb.	Ray.
Gentry.	St. Charles.
Grundy.	Schuyler.
Harrison.	Scotland.
Holt.	Shelby.
Knox.	Sullivan.
Lewis.	Warren.
Lincoln.	Worth.

NEW MEXICO

On November 19, 1953, all counties were designated as economic disaster areas.

All counties had been previously designated as production disaster areas, and on November 19, 1953, the period for making initial production emergency loans was extended to December 31, 1954.

NORTH CAROLINA

On November 18, 1953, the following counties were designated as economic disaster areas:

Alamance.	Davie.
Bladen.	Durham.
Buncombe.	Forsyth.
Burke.	Franklin.
Caldwell.	Gaston.
Caswell.	Granville.
Chatham.	Guilford.
Cleveland.	Halifax.
Cumberland.	Harnett.
Davidson.	Hoke.

Iredell.	Rockingham.
Lee.	Rowan.
Lincoln.	Rutherford.
McDowell.	Sampson.
Mecklenburg.	Scotland.
Moore.	Stokes.
Nash.	Surry.
Orange.	Union.
Person.	Vance.
Polk.	Wake.
Randolph.	Warren.

All of the above named 42 counties had been previously designated as production disaster areas, and on November 18, 1953, the period for making production emergency loans was extended to December 31, 1954.

On December 4, 1953, the following counties were designated as economic disaster areas:

Alexander.	Montgomery.
Anson.	Richmond.

The above named 4 counties had been previously designated as production disaster areas, and on December 4, 1953, the period for making production emergency loans was extended to December 31, 1954.

OHIO

On December 3, 1953, the following counties were designated as production disaster

[illegible]	Jefferson.
Athens.	Knox.
Athens.	Lawrence.
[illegible]	Licking.
[illegible]	Meigs.
Butler.	Monroe.
Carroll.	Montgomery.
Clermont.	Morgan.
Clinton.	Muskingum.
Coshocton.	Noble.
Fairfield.	Perry.
Fayette.	Pickaway.
Gallia.	Pike.
Greene.	Preble.
Guernsey.	[illegible]
Hamilton.	Scioto.
[illegible]	Tuscarawas.
Highland.	Vinton.
Hocking.	Warren.
Holmes.	Washington.
Jackson.	

SOUTH CAROLINA

On January 18, 1954, the following counties were designated as production disaster areas:

Abbeville.	Greenville.
Allendale.	Jasper.
Anderson.	Kershaw.
Bamberg.	Lancaster.
Beaufort.	Laurens.
Calhoun.	Lexington.
Cherokee.	Marion.
Chester.	Marlboro.
Chesterfield.	Newberry.
Colleton.	Oconee.
Darlington.	Richland.
Dillon.	Saluda.
Dorchester.	Spartanburg.
Fairfield.	Union.
Florence.	Williamsburg.
Georgetown.	York.

[illegible]

On November 25, 1953, all counties were designated as economic disaster areas.

All counties had been previously designated as production disaster areas, and on November 25, 1953, the period for making initial production emergency loans was extended to December 31, 1954.

[illegible]

On November 30, 1953, all counties were designated as economic disaster areas.

All counties had been previously designated as production disaster areas, and on November 30, 1953, the period for making initial production emergency loans was extended to December 31, 1954.

VIRGINIA

On October 19, 1953, the following counties were designated as both economic disaster and production disaster areas:

Bedford.	Halifax.
Brunswick.	Henrico.
Buckingham.	Louisa.
Cumberland.	Lunenburg.
Franklin.	Mecklenburg.
Goochland.	Nottoway.
Greene.	Powhatan.
Greensville.	Spotsylvania.

On October 26, 1953, the following counties were designated as both economic disaster and production disaster areas:

Amelia.	Hanover.
Chesterfield.	James City.
Dinwiddie.	Prince George.
Fluvanna.	Sussex.

On November 9, 1953, Russell and Shenandoah counties were designated as both economic disaster and production disaster areas.

On December 14, 1953, Charles City and New Kent Counties were designated as both economic disaster and production disaster [illegible]

WEST VIRGINIA

On December 9, 1953, the following counties were designated as both economic disaster and production disaster areas:

Barbour.	Mineral.
Berkeley.	Monongalia.
Braxton.	Monroe.
Brooke.	Morgan.
Cabell	Nicholas.
Calhoun.	Ohio.
Clay.	Pendleton.
Doddridge.	[illegible]
Fayette.	Pocahontas.
Gilmer.	Preston.
Grant.	Putnam.
Greenbrier.	Raleigh.
Hampshire.	Randolph.
Hancock.	Ritchie.
Hardy.	Roane.
Harrison.	Summers.
Jackson.	Taylor.
Jefferson.	Tucker.
[illegible]	Tyler.
Lewis.	Upshur.
Lincoln.	Wayne.
[illegible]	Webster.
Marshall.	Wetzel.
[illegible]	Wirt.
Mercer.	Wood.

Loan termination date. After December 31, 1954, no economic emergency or production emergency loans will be made in any of the counties listed in this document, except to borrowers who previously received such assistance.

Done at Washington, D. C., this 15th day of March 1954.

[Docket No. G-1972]

NEW YORK STATE NATURAL GAS CORP.

NOTICE OF PETITION FOR MODIFICATION OF CERTIFICATE OF PUBLIC CONVENIENCE AND NECESSITY

MARCH 15, 1954.

Take notice that New York State Natural Gas Corporation (Petitioner), a New York corporation with its principal office in New York City, New York, filed on March 8, 1954, a petition pursuant to sections 7 and 16 of the Natural Gas Act for modification of the order of the Commission issued at Docket No. G-1972 on July 10, 1953, authorizing the construction and operation of facilities for the sale and delivery of natural gas to New York State Electric & Gas Corporation at De Ruyter, Madison County, New York, the Commission has authorized the sale and delivery of volumes not to exceed 500,000 Mcf annually and 4,000 Mcf on a maximum day for resale in Norwich and Oneonta, New York and vicinity.

The petition recites that New York State Electric & Gas Corporation has requested that Applicant sell and deliver an additional 400,000 Mcf of natural gas annually and an additional 1,000 Mcf on a maximum day in order that it may supply gas for industrial use on an interruptible basis; and that no additional facilities will be required.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 2d day of April 1954. The application is on file with the Commission for public inspection.

EL PASO NATURAL GAS CO.

ORDER FIXING DATE OF HEARING

This proceeding is a proper one for disposition under the provisions of § 1.32 (b) (18 CFR 1.32 (b)) of the Commission's rules of practice and procedure, Applicant having requested that its application, filed February 9, 1954, pursuant to section 7 of the Natural Gas Act, for authorization to construct and operate certain facilities as described in said application, be heard under the shortened procedure provided by the aforesaid rule for non-contested proceedings, and no request to be heard, protest or petition having been filed subsequent to the giving of due notice of the filing of the application including publication in the FEDERAL REGISTER on February 27, 1954 (19 F. R. 1131).

The Commission orders:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing be held on March 31, 1954, at 9:30 a. m., e. s. t., in the Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved and the issues presented by the application: *Provided, however,* That the Commission may, after a non-contested hearing, forthwith dispose of the proceedings pursuant to the provisions of § 1.32 (b) of the Commission's rules of practice and procedure.

(B) Interested State commissions may participate as provided by §§1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the said rules of practice and procedure.

Adopted: March 12, 1954.

Issued: March 15, 1954.

By the Commission.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 54-1937; Filed, Mar. 18, 1954; 8:46 a. m.]

[Docket No. G-2383]

CITIES SERVICE GAS CO.

NOTICE OF APPLICATION

MARCH 15, 1954.

Take notice that Cities Service Gas Company (Applicant), a Delaware corporation having its principal place of business in Oklahoma City, Oklahoma, filed on March 4, 1954, an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing the construction and operation of facilities subject to the jurisdiction of the Commission and described as follows:

(a) Construct a 26" gas pipeline approximately 24 miles in length to replace two 16" gas pipelines beginning at Applicant's Ottawa compressor station located in the Northwest Quarter (NW¼) of Section 32, Township 16 South, Range 20 East, Franklin County, Kansas, and extending northeasterly to the Southwest Quarter (SW¼) of Section 1, Township 14 South, Range 22 East, Johnson County, Kansas.

(b) Construct a 20" gas pipeline approximately nine miles in length to replace a 16" gas pipeline beginning in the Northeast Quarter (NE¼) of Section 28, Township 33 South, Range 25 East, Cherokee County, Kansas, and extending easterly to the Southeast Quarter (SE¼) of Section 15, Township 28 North, Range 33 West, Jasper County, Missouri.

Applicant proposes to construct and operate the described facilities for the purpose of providing an additional capacity of 46,531 Mcf on Applicant's system between Ottawa Station and Kansas City area on the peak day with 300# operating pressure at Ottawa Station.

The application recites that the proposed facilities will enable Applicant to meet increased firm demand and provide a small margin of safety over and above such demand which will be available for interruptible service if not required for firm service.

The estimated overall capital cost of the facilities is $1,860,500 of which $227,500 represents the cost of reclaiming the 16" lines and all of which will be paid for in part from an unsecured bank credit (Docket No. G-2149) arrangement, and in part out of treasury cash.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D. C., in accordance with the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 2d day of April 1954. The application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY,
Secretary.

[Docket Nos. ID-1057, ID-1160]

E. A. HENGST AND H. A. KAMMER

NOTICE OF ORDERS AUTHORIZING APPLICANTS TO HOLD CERTAIN POSITIONS

MARCH 15, 1954.

Notice is hereby given that on March 11, 1954, the Federal Power Commission issued its orders adopted March 10, 1954, authorizing applicants to hold certain positions pursuant to section 305 (b) of the Federal Power Act in the above-entitled matters.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 54-1942; Filed, Mar. 18, 1954; 8:47 a. m.]

FEDERAL COMMUNICATIONS COMMISSION

[Docket No. 10899]

BIL-TO LINE

ORDER CONTINUING HEARING

In the matter of cease and desist order to be directed to Leslie Heyden & W. M. Tergler, tr/as Bil-To Line, 333 Lake Street, Woodstock, Illinois; Docket No. 10899.

The Commission having before it (1) a petition filed March 10, 1954, by Karl A. Koch, the attorney for Leslie Hayden & W. M. Tergler, tr/as Bil-To Line, hereinafter referred to as Bil-To Line, requesting that he be admitted to the Bar of the Federal Communications Commission for the purpose of representing Bil-To Line in the above-entitled proceeding; and (2) a motion filed March 10, 1954, by Bil-To Line requesting that the above-entitled proceeding now scheduled to begin on March 17, 1954, be continued to April 21, 1954; and

It appearing that the said Karl A. Koch, attorney for Bil-To Line, is a regular practicing attorney and a member in good standing of the Bar of the Supreme Court of the State of Illinois, of the U. S. District Court for Northern District of Illinois and other courts and is, therefore, qualified to represent Bil-To Line in the above-entitled proceeding; and

It appearing that the motion for continuance of the proceeding arises out of the fact that Bil-To Line has taken and is taking steps designed to eliminate the interference which gave rise to the Commission's cease and desist order of February 5, 1954, directed to Bil-To Line in

that (1) it is in the process of shielding its electronic heating equipment, (2) has employed consulting engineers to aid in the completion of the shielding and other steps designed to eliminate the unauthorized emissions which were causing electrical interference to authorized radio services, and (3) that the steps referred to will be completed within 30 days; and

It appearing that the satisfactory completion within the time specified of the work referred to so as to eliminate electrical interference to authorized radio services and permit the operation of the industrial heating equipment of Bil-To Line without violating the provisions of Part 18 of the Commission's rules will eliminate the necessity of a hearing; and

It appearing that Commission counsel has consented to immediate action on both of the pleadings above-referred to, has consented to the requested continuance, but because of other commitments requests the date for further hearing be April 28, 1954;

It is ordered, This the 11th day of March 1954 that the petition for the admission of Karl A. Koch as an attorney to the Bar of the Federal Communications Commission for the purpose of representing Bil-To Line in the above-entitled proceeding be and the same is granted and the motion for continuance is granted and the hearing in the above-entitled proceeding is continued from March 17, 1954, to April 28, 1954.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

[Docket No. 10955]

HOWARD KING

ORDER TO SHOW CAUSE

In the matter of Howard King, Mayport, Florida, Docket No. 10955; order to show cause why the license for Radiotelephone Station WD-8910 should not be revoked.

There being under consideration the matter of certain alleged violations of the Commission's rules in connection with the operation of Station WD-8910, licensed to Howard King, Mayport, Florida, aboard the vessel David King.

It appearing, that notices of violations of the Commission's rules in connection with the operation of the station were given the licensee as follows:

(a) Notice dated December 2, 1953 specifying that at 2245 GMT on November 10, 1953, radio station WD-8910 was operated on the frequency 2214 kc, which was not authorized in the station license, contrary to the provisions of section 301 of the Communications Act of 1934, as amended.

It further appearing, that, despite further notices calling attention to the foregoing notice of violations and the failure to reply thereto in accordance with § 8.601 (a) of the Commission's rules, no explanation or other response has been received from the licensee;

It is ordered, This 12th day of March 1954, pursuant to the provisions of section 312 (c) of the Communications Act of 1934, as amended, that the said Howard King, Mayport, Florida, show cause why the aforementioned license should not be revoked and appear and give evidence in respect thereto at a hearing [1] to be held before this Commission at Washington, D. C., on the 18th day of May 1954;

It is further ordered, That the Secretary send a copy of this order by Registered Mail—Return Receipt Requested to the said Mr. Howard King, P. O. Box 22, Mayport, Florida.

Released: March 15, 1954.

[SEAL] MARY JANE MORRIS,
Secretary.

[F. R. Doc. 54-1967; Filed, Mar. 18, 1954; 8:52 a. m.]

[1] Section 1.402 of the Commission's rules provides that in order to have the opportunity to appear before the Commission at the time and place specified in the order to show cause, the licensee shall within thirty (30) days from the date of the receipt of this order submit a written statement informing the Commission whether said licensee will appear at this hearing and present evidence upon the matter specified, or whether the rights to such a hearing are waived. Waiver of the hearing may be accompanied by a statement setting forth the reasons why the licensee believes that an order of revocation should not be issued. A waiver unaccompanied by such a statement will be deemed to be an admission of the allegations specified in the order to show cause. Failure to respond to this order within the above-mentioned thirty (30) day period or failure to appear at the hearing will be deemed to be a waiver of the right to a hearing and an admission of the allegations specified in the order to show cause.

SECURITIES AND EXCHANGE COMMISSION

[File No. 1-1026]

MIAMI MANUFACTURING CO.

NOTICE OF APPLICATION TO STRIKE FROM LISTING AND REGISTRATION, AND OF OPPORTUNITY FOR HEARING

MARCH 15, 1954.

In the matter of Miami Manufacturing Company, Common Stock, No Par Value, File No. 1-1026.

The Cincinnati Stock Exchange, pursuant to section 12 (d) of the Securities Exchange Act of 1934 and Rule X-12D2-1 (b) promulgated thereunder, has made application to strike from listing and registration the Common Stock, No Par Value, of Miami Manufacturing Company.

The application alleges that the reasons for striking this security from listing and registration on this exchange are:

(1) The shareholders of the above issuer on January 23, 1954, approved a contract entered into with Wayne Works Inc. providing for the sale to the latter company of substantially all the assets of the issuer, including an option to purchase the land and buildings of the issuer.

(2) Since the issuer is in the process of liquidation, the above security is no longer suitable for trading on the applicant exchange.

Upon receipt of a request, prior to April 6, 1954, from any interested person for a hearing in regard to terms to be imposed upon the delisting of this security, the Commission will determine whether to set the matter down for hearing. Such request should state briefly the nature of the interest of the person requesting the hearing and the position he proposes to take at the hearing with respect to imposition of terms or conditions. In addition, any interested person may submit his views or any additional facts bearing on this application by means of a letter addressed to Secretary of the Securities and Exchange Commission, Washington, D. C. If no one requests a hearing on this matter, this application will be determined by order of the Commission on the basis of the facts stated in the application, and other information contained in the official file of the Commission pertaining to this matter.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[File Nos. 54-127, 59-3, 59-12, 70-1806]

ELECTRIC BOND AND SHARE CO.

ORDER WITH RESPECT TO FILING OF REPORTS CONCERNING FEES AND EXPENSES IN CONNECTION WITH SECTION 11 (E) PLANS AND OTHER PROCEEDINGS

MARCH 15, 1954.

The above-entitled proceedings all involve plans and proposals filed pursuant to section 11 (e) and other sections of the Public Utility Holding Company Act of 1935 ("act") to enable the system of Electric Bond and Share Company ("Bond and Share"), a registered holding company, to effectuate compliance with section 11 (b) of the act. In each of the proceedings various orders have heretofore been entered by the Commission reserving jurisdiction with respect to the fees and expenses paid or to be paid for services rendered in connection therewith and related proceedings.

Applications for allowances or approval of amounts already paid have been filed with the Commission, and in some instances with the companies, but no procedure with respect to the disposition of such applications has been fixed.

The Commission has decided it to be necessary or appropriate in the public interest or for the protection of investors or consumers that, as a first step in fixing the ultimate procedure to be followed and as an aid to the Commission in determining what fees and expenses it should ultimately approve, and order should be entered requiring that Bond and Share file with the Commission a report setting forth certain information.

It is therefore ordered, That on or before May 17, 1954, Bond and Share shall file with the Commission 10 copies of a report or reports which shall set forth:

(1) The amounts of fees and expenses claimed by the respective applicants for services rendered in connection with the above-entitled and related proceedings;

(2) The amounts of fees and expenses which Bond and Share has already paid or is prepared to pay without modification;

(3) The amounts of fees and expenses, if any, which Bond and Share is willing to pay and which the claimants after negotiation with the company involved have indicated a willingness to accept; and

(4) In cases where such negotiations have been unsuccessful, the amounts of fees and expenses which Bond and Share considers to be reasonable and which it is willing to pay.

It is further ordered, That any agreement as to amounts as contemplated by paragraph (3) above shall be subject to the provisions of the respective plans and to approval by the Commission and the exercise by the Commission of its full powers with respect to fees and expenses conferred by the act in connection with plans filed under section 11 (e) thereof.

It is further ordered, That with respect to the information required to be furnished by paragraph (4) above, such information shall be submitted directly to the Chairman of this Commission and be kept confidential unless and until a further order of this Commission shall require otherwise.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[File No. 70-3212]

UNITED GAS CORP. AND UNION PRODUCING CO.

NOTICE OF FILING REGARDING ISSUANCE OF PROMISSORY NOTES OF SUBSIDIARY TO PARENT

MARCH 15, 1954.

Notice is hereby given that United Gas Corporation ("United") and its nonutility subsidiary, Union Producing Company ("Union"), all the securities of which are owned by United, both of which companies are subsidiaries of Electric Bond and Share Company, a registered holding company, have filed with this Commission a joint application-declaration pursuant to the Public Utility Holding Company Act of 1935 ("act"), designating the last clause of the third sentence of section 6 (b) and sections 9, 10, and 12 and Rules U-43 (a) and U-50 (a) (3) of the act as applicable to the proposed transactions, which are summarized as follows:

United proposes to lend to Union and the latter proposes to borrow from United, not to exceed an aggregate amount of $5,000,000 during a period following the date of the entry of the Commission's order herein to the end of 1954 in such installments and at such times as funds may be required and requested from United. The proceeds from the loan will be used by Union to increase its working capital.

The proposed loan will be evidenced by unsecured promissory notes issued by Union to United or order, from time to time, payable on or before six years from the date of issue of such notes, bearing interest at the rate of 5 percent per annum, payable semi-annually on July 1 and January 1 of each year.

Union has presently issued and outstanding $17,000,000 principal amount of its promissory notes consisting of $7,000,000 principal amount of 3 Percent Notes, $4,000,000 principal amount of 4 Percent Notes, and $6,000,000 principal amount of 5 Percent Notes, all such notes being payable on or before six (6) years from dates of issue. All of said notes are owned by United, and $14,000,000 principal amount of such notes are pledged with the Guaranty Trust Company of New York, the Corporate Trustee, under United's Mortgage and Deed of Trust, dated as of October 1, 1944, in favor of Guaranty Trust Company of New York and Henry A. Theis (Herbert E. Twyeffort, Successor Trustee), Trustees, as supplemented. The additional promissory notes of Union to be acquired from time to time by United in connection with the transactions proposed herein, will, upon acquisition by United, be pledged with the Corporate Trustee under its Mortgage and Deed of Trust.

The application-declaration states that as a result of its accelerated leasing, developing and drilling program for the year 1954, it is presently estimated that Union will expend approximately $17,100,000 in connection with such program and increase its supply of casing and tubing by approximately $800,000; that it is estimated that the funds required for such program will be met by cash generated internally through appropriations to the depreciation and depletion and other reserves, and retained earnings, aggregating approximately $13,000,000, and that the remaining $5,000,000 has been estimated to be obtained from borrowings made by Union from United; and that the managements of the Companies feel it appropriate at this time to obtain authority for a loan in the aggregate not to exceed $5,000,000 to augment Union's working capital and enable it to carry out its leasing, development and drilling program as outlined above.

It is further stated that no legal fees will be incurred and that other expenses in connection with the foregoing transactions will be nominal.

It is requested that the Commission's order be made effective upon issuance.

Notice is further given that any interested person may, not later than March 29, 1954 at 5:30 p. m., e. s. t., request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law, if any, raised by said declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after said date said declaration, as filed or as amended, may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transaction as provided in Rule U-20 (a) and Rule U-100 thereof.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[F. R. Doc. 54-1951; Filed, Mar. 18, 1954; 8:49 a. m.]

[File No. 70-3215]

GENERAL PUBLIC UTILITIES CORP.

NOTICE OF CAPITAL CONTRIBUTION BY PARENT TO SUBSIDIARY

MARCH 15, 1954.

Notice is hereby given that General Public Utilities Corporation (GPU), a registered holding company, has filed with this Commission a declaration pursuant to the Public Utility Holding Company Act of 1935 ("the act"), designating section 12 (b) of the act and Rule U-45 thereunder as applicable to the proposed transactions, which are summarized as follows:

GPU proposes to make cash capital contributions in the aggregate amount of $350,000 to its public utility subsidiary, Northern Pennsylvania Power Company ("North Penn"). Each such contribution will, upon receipt by North Penn, be credited to the stated capital applicable to is Common Stock. Such capital contributions will be made by GPU from time to time, but not later than December 31, 1954, as North Penn requires funds for construction purposes or to reimburse its treasury for expenditures therefrom for construction purposes or to repay bank loans utilized for such purposes. Thus GPU will by these cash capital contributions assist North Penn with its construction program which is designed to insure that North Penn will continue to be in a position to meet the demands of its consuming public.

It is requested that the Commission's order be expedited and made effective forthwith upon issuance and it is stated that no state or federal commission, other than this Commission, has jurisdiction over the proposed transactions.

It is estimated that expenses in connection with the transactions will not exceed $300.

Notice is further given that any interested person may, not later than April 7, 1954 at 5:30 p. m., e. s. t., request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law, if any, raised by said declaration which he desires to controvert; or he may request that he be notified if the Commisison should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after said date said declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule-23 of the rules and regulations promulgated under the Act, or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[File No. 70-3216]

MIDDLE SOUTH UTILITIES, INC., AND ARKANSAS POWER & LIGHT CO.

NOTICE OF PROPOSED SALE OF SECURITIES BY SUBSIDIARY TO PARENT HOLDING COMPANY

MARCH 15, 1954.

Notice is hereby given that Middle South Utilities, Inc. ("Middle South"), a registered holding company, and its electric-utility subsidiary, Arkansas Power & Light Company ("Arkansas"), have filed with this Commission a joint application-declaration pursuant to the Public Utility Holding Company Act of 1935 ("act") designating sections 6 (b), 9 (a), 10 and 12 (f) of the act and Rules U-23 and U-43 thereunder as applicable to the proposed transactions, which are summarized as follows:

Arkansas has authorized 5,000,000 shares of Common Stock, of which 4,420,000 shares, having a par value of $12.50 per share, are outstanding. All of such outstanding shares are owned by Middle South. Arkansas proposes to issue and sell to Middle South, and Middle South proposes to acquire, an aggregate of 240,000 additional shares of Arkansas' said Common Stock, the purchase price to be the par value of such stock. The aggregate purchase price for such 240,000 shares of Common Stock will be $3,000,000 (the effect of such transaction being to increase the cash account of Arkansas by $3,000,000) and the cash so received by Arkansas will be employed by it primarily for the purpose of financing in part its business as a public utility, as indicated below.

Arkansas is now actively engaged in an extensive program for the acquisition and construction of new facilities and for the extension and improvement of its present facilities. The present and estimated future demands for service by Arkansas in its service area indicate that such program will require funds in excess of treasury funds available for the purpose. The $3,000,000 to be provided by the issuance and sale of said Common Stock will not provide all the funds needed to complete such program. Such additional funds as may be required will be raised through the sale of such other securities as may be appropriate, which will be the subject of further applications in connection with its financing program.

Arkansas has filed with the Arkansas Public Service Commission an application for approval of its issuance and delivery to Middle South of the 240,000 shares of its Common Stock.

Notice is further given that any interested person may, not later than March 29, 1954, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law, if any, raised by said application-declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after said date, said application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof.

By the Commission.

INTERSTATE COMMERCE COMMISSION

INSTALLATION OF BLOCK SIGNAL SYSTEMS, INTERLOCKING, TRAFFIC CONTROL SYSTEMS, AND AUTOMATIC TRAIN STOP, TRAIN CONTROL OR CAB SIGNAL SYSTEMS

INSTRUCTIONS GOVERNING APPLICATIONS FOR APPROVAL OF DISCONTINUANCE OR MATERIAL MODIFICATIONS

MARCH 15, 1954.

Instructions governing applications under section 25 of the Interstate Commerce Act for approval of discontinuance or material modifications of installations of block signal systems, interlocking, traffic control systems, and automatic train stop, train control or cab signal systems (section 25 (b)).

In filing applications with respect to the foregoing matters, the procedure outlined herein should be followed:

1. Applications should be submitted by the President, Vice President, General Manager, Receiver, Trustee or Chief Operating Officer, or other authorized officer.

2. A separate application should be filed for each project.

At a joint facility where changes are proposed in the automatic block signal system, interlocking, traffic control system, automatic train stop, train control or cab signal system on the tracks of more than one carrier or if more than one carrier would be affected by the relief from any provision of the rules, standards and instructions, a joint application signed by all carriers affected should be filed.

At a joint facility where only one carrier would be affected it is the responsibility of the carrier filing the application to notify the other carriers, and it should be stated in the application that such carriers have been so notified.

3. The original and one copy of each application, with supporting papers, should be filed.

4. An application may be submitted in the form of a letter setting forth the required information.

5. Except as provided in paragraph 6 of these instructions, applications should be filed to cover the following:

(A) To discontinue or to decrease the extent of block signal system, traffic control system, automatic train stop, train control or cab signal system, or of other similar appliances, methods and systems, or to discontinue the use of interlocking.

(B) To make material modifications in a block signal system, an interlocking, a traffic control system, or an automatic train stop, train control, or cab signal system:

(a) When the system or device in the installation under consideration is replaced by one of another type.

(b) By the installation, removal or relocation of automatic block signals, automatic train stop, train control or cab signal devices, or interlocking facilities in existing installations where such changes are not required to comply with an order of the Commission.

6. An application is not required to be filed to cover the following:

(a) Relocation or addition of a signal, except when the proposed location is to the left of the track governed.

(b) A modification which is required in order to comply with any section of the rules, standards and instructions, including relocation or removal of signals to provide adequate stopping distances for authorized speeds.

(c) Installation, relocation or removal of signals and/or interlocked switches, derails, movable-point frogs, or electric locks occasioned by extension, shortening or elimination of a passing siding, other track changes, or by a line relocation, not involving change in type of system.

(d) Removal of signals and/or interlocked switches, derails, movable-point frogs or electric locks associated with track being abandoned.

(e) Change of aspects of signals in order to provide adequate stopping distances for authorized speeds.

(f) Change of aspects of signals occasioned by removal of track.

(g) Closing of a manual block station or change in hours during which a manual block station and/or interlocking is attended.

(h) Substitution of other type of protection for crossing gates at railroad crossing at grade.

(i) Change in location of machine from which an interlocking or traffic control system is controlled, if no material modification is made in signal or track arrangement.

(j) To install devices supplementary to automatic block signal system, interlocking, traffic control system, automatic train stop, train control or cab signal system, which supplementary devices do not nullify or impair proper functioning of such systems.

7. Application for approval of discontinuance or material modifications of existing installations should show the following:

(a) The corporate name of each applicant.

(b) The manner in which each is involved.

(c) The location of the project, giving name of operating division and nearest station.

(d) Track or tracks involved.

(e) Brief description of existing equipment and of proposed change.

(f) Reason for proposed change.

(g) Whether necessary expenditure has been authorized.

(h) Action, if any, by state authorities.

(i) Approximate dates of beginning and completion of project.

(j) Changes in operating practices, temporary or permanent.

(k) Whether safety of operation will be affected, and if so, how.

(l) Whether proposed changes will conform to Commission's rules, standards and instructions.

(m) The information specified below, on a print or prints, to scale, or by indicated dimensions, using A. A. R. symbols, size 8" x 10½" or folded to 8" x 10½", namely, present and proposed arrangements of tracks and signal facilities, in color, name of carrier, operating division, place and state, and timetable directions of movements; if stopping distances are involved, curvature and grade, maximum authorized speeds of trains, and the length of the signal control circuits for each indication displayed.

8. Public notice of the filing of an application will be posted in the office of the Secretary of the Commission if the application is deemed of sufficient importance.

9. A protest against the granting of an application should set forth specifically the grounds upon which it is made, and contain a concise statement of the interest of protestant in the proceeding. The original and one copy of any protest should be filed with the Commission, and one copy should be furnished to each applicant.

10. Correspondence in reference to applications should be addressed to Director, Bureau of Safety, Interstate Commerce Commission, Washington 25, D. C.

[4th Sec. Application 29015]

FERTILIZERS FROM WOODSTOCK, TENN., TO OFFICIAL AND ILLINOIS TERRITORIES

APPLICATION FOR RELIEF

MARCH 15, 1954.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: R. E. Boyle, Jr., Agent, for carriers parties to schedule listed below.

Commodities involved: Fertilizer and fertilizer materials, carloads.

From: Woodstock, Tenn.

To: Points in Illinois and official territories.

Grounds for relief: Rail competition, circuity and to maintain grouping.

Schedules filed containing proposed rates: C. A. Spaninger, Agent, I. C. C. No. 1366, supp. 20.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

[4th Sec. Application 29016]

CALCIUM CHLORIDE BETWEEN POINTS IN OFFICIAL TERRITORY

APPLICATION FOR RELIEF

MARCH 16, 1954.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: H. R. Hinsch, Alternate Agent for carriers parties to schedules listed below.

Commodities involved: Calcium chloride, other than liquid, carloads and tank-car loads, and calcium chloride liquor, in tank-car loads.

Between: Points in official territory, excluding northern Illinois, southern Wisconsin and extended Zone "C" in Wisconsin.

Grounds for relief: Rail competition, circuity, competition with motor carriers, and to apply rates constructed on the basis of the short line distance formula.

Schedules filed containing proposed rates:

SUGAR FROM NEW ORLEANS, LA., DISTRICT TO FRANKLIN, N. C.

APPLICATION FOR RELIEF

MARCH 16, 1954.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: R. E. Boyle, Jr., Agent, for carriers parties to schedule listed below.

Commodities involved: Sugar, carloads.

From: New Orleans, Gramercy, Reserve and Three Oaks, La., and points taking same rates.

To: Franklin, N. C.

Grounds for relief: Competition with rail carriers, circuity, and market competition.

Schedules filed containing proposed rates: W. P. Emerson, Jr., Agent, I. C. C. No. 380, supp. 204.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

FEDERAL REGISTER

VOLUME 19 NUMBER 55

Washington, Saturday, March 20, 1954

TITLE 3—THE PRESIDENT

PROCLAMATION 3045

CHILD HEALTH DAY, 1954

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS the Congress, by joint resolution of May 18, 1928 (45 Stat. 617) authorized and requested the President of the United States to issue annually a proclamation setting apart May 1 as Child Health Day; and

WHEREAS children are our Nation's richest resource and our most welcome responsibility; and

WHEREAS home life that is satisfying physically, emotionally, and spiritually is essential to the development of healthy personality in children; and

WHEREAS Child Health Day is a suitable occasion for emphasizing the fundamental importance to our Nation of wholesome family life:

NOW, THEREFORE, I, DWIGHT D. EISENHOWER, President of the United States of America, do hereby designate the first day of May, 1954, as Child Health Day; and I urge all families to make this a day when parents and children join in family activity of work or play that will strengthen and enrich the union between them. I also invite all organizations and groups interested in child welfare to unite upon that day in observances designed to enhance family ties throughout the year.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

DONE at the City of Washington this 17th day of March in the year of our Lord nineteen hundred and [SEAL] fifty-four, and of the Independence of the United States of America the one hundred and seventy-eighth.

DWIGHT D. EISENHOWER

By the President:

JOHN FOSTER DULLES,
Secretary of State.

TITLE 7—AGRICULTURE

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

[Navel Orange Reg. 23]

PART 914—NAVEL ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

LIMITATION OF HANDLING

§ 914.323 *Navel Orange Regulation 23*—(a) *Findings.* (1) Pursuant to the marketing agreement and Order No. 14 (18 F. R. 5638), regulating the handling of navel oranges grown in Arizona and designated part of California, effective September 22, 1953, under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendation and information submitted by the Navel Orange Administrative Committee, established under the said marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such navel oranges, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions of this section effective as hereinafter set forth. The Navel Orange Administrative Committee held an open meeting on March 18, 1954, after giving due notice thereof, to consider supply and market conditions for navel oranges and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recom-

mendation and supporting information for regulation during the period specified herein was promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such navel oranges; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed on or before the effective date of this section.

(b) *Order.* (1) The quantity of navel oranges grown in Arizona and designated part of California which may be handled during the period beginning at 12:01 a. m., P. s. t., March 21, 1954, and ending at 12:01 a. m., P. s. t., March 28, 1954, is hereby fixed as follows:

(i) District 1: Unlimited movement;

(ii) District 2: 404,250 boxes;

(iii) District 3: Unlimited movement;

(iv) District 4: Unlimited movement.

(2) The prorate base of each handler who has made application therefor, as provided in the said marketing agreement and order, is hereby fixed in accordance with the prorate base schedule which is set forth below and made a part hereof by this reference.

(3) Navel oranges handled pursuant to the provisions of this section shall be subject to any size restrictions applicable thereto which have heretofore been issued on the handling of such oranges and which are effective during the period specified herein.

(4) As used in this section, "handled," "handler," "boxes," "prorate base," "District 1," "District 2," "District 3," and "District 4" shall have the same meaning as when used in said marketing agreement and order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 19th day of March 1954.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Division, Agricultural Marketing Service.
